Electrostatic

'If the name is told, the employment will be terminated.'

Therefore, I ask, how is Guinea Pig?

Haven't received any reply for ages.

Whereas, this has not been the promise.

It has been:

When the incoherence of time disappears

And moves to a long distance,

All myths must return

To the individual mensuration.

However, in the dejected Siberia,

There is no parabola.

Even Archimedes stands still!

How much Ionic it is then,

When life becomes electrostatic?

Reminds me of the gratifications model

And Gary Hall.

Isn't culture a machine?
