Subsequently, by Dr. Horton of WSM, Nashville, as a number in the series of "The Teachers College of the Air," the cantata drew a number of flattering comments from musicians and folklores throughout the country. Cancer Drive Begins On April 22

Local Drive Under Supervision Of Mrs. J. W. Holbrook In Rowan County

Mental attitudes, how we think, play a great part in the pattern of our lives. The discouraged, apathetic person likely to be failure, while the alert and confident man is usually successful.

While this is true in every field of endeavor, it is particularly true as regards cancer. What we think about cancer is vitally significant. It is no exaggeration to say that our attitude towards the disease may determine the outcome of a personal experience with it. The attitude that cancer is a hopeless disease is outmoded, as physicians and research workers have made such progress against cancer that thousands of persons who die could and should be saved. Unfortunately, gloom and defeatist attitude is still general.

Three mistaken attitudes hinder cancer control. The first is the thought that cancer is incurable. The second is the belief that it is incurable, and the third is blind, paralyzing fear.

Last spring Gallup Poll made a survey of popular opinion to wards cancer throughout the nation which showed how prevalent are these false attitudes. (Continued On Page Two)

WEEKLY BIBLE STUDY

By B. H. KAZER.

Note: The readers of this column are invited to send in questions: Do the Scriptures teach that there will be no general judgement or several judgements?

Answer: The Scriptures plainly teach that there will be several judgements. The first judgement takes place when a man accepts Jesus as a personal Saviour. Then and there he is justified—that is, he is put in the position of one who had never sinned. Sin was judged on the Cross. Those who trust in His sacrifice to answer God's case against them have passed through the judgement of sin. No more will they ever be brought to judgement for sin. They may be chastened by God while in this world for disobedience, but they will never face the guillotine of sin in judgement any more. (John 5:24)

The second judgement is the judgement of the believer's works. This will take place when the Lord returns to earth. "Behold, I come quickly, and my reward is with me to give to every man according as his works shall be." (Also see 1 Cor. 3:13-15; 2 Timothy 4:1)

Another judgement is the judgement of the nations, which will take place on Christ's return to earth. (Matt. 25:31-46) This judgement will depend on how the nations have treated Christ's brethren, the Jews.

Another judgement is the judgement of the Great White Throne for those who have not had a part in the first resurrection. When Christ comes he will raise up his saints, but the rest of the dead live not for a thousand years (Rev. 20:15). At the end of the thousand years, which is the millennium, the rest of the dead will be raised and will appear before God for judgement. These will be the lost, and because their names are not written in the book of life, they shall go their way into eternal destruction. (Rev. 20:11-15)

Question: Does God temper the judgement of those who sin ignorantly?

Answer: Certainly God does not deal with those who sin ignorantly as he does with those who sin deliberately and willful take part in it. (1 Timothy 1:13) Compare Hebrews 10:26. But all those who have sinned, (Rom. 3:23) and therefore there is no hope for vegetables; any man outside the atoning work of Christ (Rom. 3:24-26). While judgement is tempered for those who sin ignorantly, still there will be for them Apple Judgement, and all sin must be punished and destroyed. The degree of punishment on account of sin has nothing to do with the condemnation. We suffer both for sin, but what determines whether or not we fall the victim to suffering or find freedom in Christ is our faith in Him. (John 3:18).

"His Girl Friday" At Mills Theatre Is Hilarious

One Of Outstanding Comedies Of Year To Be Presented Sunday

Once in a while a motion picture projects the elusive essence of light hearted gaiety against a suspenseful background of melodramatic action in such deft fashion that it is immediately Such a picture is Columbia's "His Girl Friday," which opens Sunday, April 21 at the Mills Theatre.
Gary Grant, Rosalind Russell and Ralph Bellamy provide a formidable triumvirate of falseth exacting laughter from hilarious situations, adding meaning to exacting and dramatic scenes. C. C. Cancer Drive Begins

(Continued From Page One)
The institute reported that one out of every five persons thinks cancer is contagious, that one of every three thinks the disease is incurable and that three out of four fear cancer more than the other four great killers, heart trouble, pneumonia, tuberculosis and typhoid.
So violent are the fears that thousands of men and women delay going to their doctors because they are terrified of being told they have cancer. A diagnosis of cancer is not a death warrant. If the diagnosis is made early enough, it is rather a passport to years of health and happiness.
The Woman's Field Army of the American Society for Control of Cancer with Mrs. J. W. Holbrook and Mrs. W. H. Vaughan as local chairmen, is again launching a peace time war of education to save lives from cancer, with its slogan "Early Cancer is Curable, Fight It With Knowledge." They are distributing literature which they are urging people to read and then point to enlighten and help them in their fight on this dread disease.

Club To Hear Haggan

The Morehead Woman's Club will have its regular program meeting Tuesday, April 23rd, at the Christian Church. Dinner will be served at 6:30. The program will be in charge of the Garden Department of which Miss Curralean Smith is chairman. Prof. H. C. Haggan will give a talk on "Some Phases of Home Floral Decorations." Special music will be by Prof. L. H. Horton.

"The Morehead Woman's Club will also stress home safety as part of the program at this meeting.

This subject is very timely as most of the households of the community are either thinking about or already doing their spring housecleaning, once the greatest percentage of fatal home accidents occur during the spring months due to faulty and dangerous ways of performing just common every day jobs about the home. It is the neglected trifles around the home, such as sagging steps, frayed extension cords, 40ys hot on stoves, and numerous other accident breeding errors that cause the alarming number of accidents in the home.

During 1938, home accidents resulted in 32,500 deaths in the U. S. and 5 times that many are

permanently disabled. More people are killed in homes than by automobiles. "Therefore, the safety committee of the Morehead Woman's Club will endeavor to help promote a greater interest in this community in Home Safety by a series of short talks at their next meeting, with the object in view of helping to prevent the 30,000 or more deaths each year, the 150,000 or more permanently maimed limbs and bodies of men, women and children, the millions of dollars home accidents cost American families and their immeasurable cost in heartbreak.

Members of the Safety Committee are as follows: Chairman, Mrs. Edward Ryan, Miss Margaret Penix, Miss Francis Penix, Miss Mary Adkins, Mrs. Wm. Hudgins, Mrs. Wm. Layne.

Mrs. Holbrook Is President "The Rowan County Woman's Club held its regular business meeting last Tuesday evening in the basement of the Methodist Church.
