

ACES INTERNATIONAL LECTURE

Dr. Romain Murenzi, Senior Scholar, Center for Science Diplomacy, American Association for the Advancement of Science, former Minister of Education, Science, Technology and Scientific Research in Rwanda

Join Dr. Murenzi in this interactive discussion with the audience as he discusses the importance of leadership in visioning the future for post-conflict countries, and the role of science and technology to alleviate poverty and build post-conflict countries back again.

Post-Conflict Reconstruction Through Education, Science, Technology, and Innovation for Poverty Alleviation and Long Term Economic Growth
