AIM AND SCOPE

The Spanish Journal of Agricultural Research publishes research articles, reviews and short communications. Research articles and short communications must report original work not previously published in any language, nor under consideration for publication elsewhere.

After peer review and approval by the editorial board, SJAR publishes papers reporting research findings dealing with twelve topics: agricultural economics; agricultural engineering; animal breeding, genetics and reproduction; animal health and welfare; animal production; environment and ecology; plant breeding, genetics and genetic resources; plant physiology; plant production; plant protection; soil science; and water management.

SJAR is indexed in **Science Citation Index Expanded** and **Scopus**. Additionally, in **Agricola**, **Agris**, **Biosis**, **CAB Abstracts**, **CABI full text databases**, **Current Contents Connect** (Agriculture/Agronomy), **Dialnet**, **FSTA** (Food Science and Technology Abstracts), **Georef**, **Global Health**, **ICYT**, **Pascal**.

SJAR is published quarterly (March, June, September and December) by the Spanish National Institute for Agricultural and Food Research and Technology (INIA). Autopista A-6, km 7.5. 28040 Madrid (Spain).
