

## The Young Housewife

*Williams, William Carlos, 1883-1963*

At ten A.M. the young housewife  
moves about in negligee behind  
the wooden walls of her husband's house.  
I pass solitary in my car.

Then again she comes to the curb  
to call the ice-man, fish-man, and stands  
shy, uncorseted, tucking in  
stray ends of hair, and I compare her  
to a fallen leaf.

The noiseless wheels of my car  
rush with a crackling sound over  
dried leaves as I bow and pass smiling.
