### THANKS

Maurice and Arne, I would like to thank you for putting me on the right track and for your insight and enthusiasm. Paul and Sam, I am most indebted to you for your continuing advice. Tine, my sister, you are wonderful. Leo, you helped me a lot. Iza, Maria, Madelaine, Angelo, Marta, Frank, Saskia, Hans, Jan, Bas, Sara, Filipa, Ruud, Pam, Theo, André and Annemarie, I feel lucky to have had your friendship and help.

Bas, I was the last person from the lab who had the chance to say goodbye to you at the airport in Brazil when you wanted to go to Bolivia. We had a short conversation regarding my thesis defence while drinking coffee. I delivered your congress abstract books to Amsterdam without knowing that you would not go home to use them. I will never forget this last moment that I spent with you.
