It is not permitted to download or to forward/distribute the text or part of it without the consent of the author(s) and/or copyright holder(s), other than for strictly personal, individual use, unless the work is under an open content license (like Creative Commons).

Disclaimer/Complaints regulations

If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <https://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.

Curriculum Vitae

Rui Mang was born on 7 April 1968, in Beijing, China. In 1991, he graduated from the Department of Biochemistry of the Shanghai Jiao Tong University (Shanghai, China) and obtained the bachelor's degree. From 1991 till 1996, he worked in the Department of Biochemistry and Molecular Biology of the Peking Union Medical College (Beijing, China), under the supervision of Prof. Dr. Yufei Shen and Prof. Ninghua Wu. In 1995, he obtained the master's degree with the thesis on regulation of eukaryotic gene expression. From 1996 till 2000, he was a Ph.D. student at the Department of Human Retrovirology in the University of Amsterdam (Amsterdam, the Netherlands) under the guidance of Prof. Dr. Jaap Goudsmit and Dr. Tonja van der Kuyl. From January 2001, he has been working as a postdoc at the Amsterdam Institute of Viral Genomics (Amsterdam, the Netherlands).
