Letter from the Director

Dear Learner:

Welcome to our Spring Catalog! The year 2020 has certainly been a challenging time for everyone. As the year comes to a close, I am optimistic that 2021 will usher in a time of healing and growth for our communities and our nation, as well as opportunities to gather and network as we have in the past. My hope is that everyone reading these pages will find something to help them renew and grow personally and professionally. Our team has worked hard this year to revise some of our most popular programs, as well as develop new ones, which can be experienced either online, in-person, and sometimes a combination of both. I invite you to explore this catalog to find what interests you. The Division of Continuing Education offers a wide variety of programs and services, including:

- Career Training Programs
- Conference Planning Services, Including Virtual Conferences
- Customized Training for Business, Industry, and Government Agencies
- Lifelong Learning Opportunities for the 50+ Population
- Professional Development Courses and Certificate Programs
- Space Rental and Event Coordination Services
- Youth Camps and Programs

Contact us at 912-478-5555 if you have questions or don't find what you need. We strive to meet all the continuing education needs for our region, so we welcome your suggestions and feedback. We look forward to partnering with you to accomplish more!

Sincerely,

Diane Badakhsh, Ed.D., LPC, CPP
Division of Continuing Education Director

EMOTIONAL INTELLIGENCE

Learn how to recognize, understand, and navigate positive interpersonal relationships in the workplace with this in-depth customized training course.

What does your team's dynamic look like? How does it impact your company's success?

Without proper communication and the emotional know-how to connect with colleagues, even the best team's plans can go awry. Projects may fall behind and productivity may begin to suffer. Sound familiar? This is where emotional intelligence becomes critical. When leaders and staff alike learn to develop self-awareness, self-regulation and an understanding of others, their team's potential skyrockets. Why? Because people are more likely to be engaged and stay motivated when they feel heard.

Let's Take a Look at the Problems:

- Employees are unable to communicate or work in teams effectively
- Trust among employees is diminished or nonexistent and significant conflict exists
- Managers fail to have the ability to lead their employees
- Performance is lacking and projects are not delivered on time

Here's How Our Trainings Can Help:

Your staff will learn:

- How to understand emotional intelligence and how to use that knowledge with others
- How stress can cause breakdowns in communication
- Helpful strategies for successful communication with groups of any size

Check out our other customized training topics:

Project Management • Customer Service • Team Building
 Conflict Management • Leadership Certificate • Communication Skills
 Lean Six Sigma • Cultural Competency and Awareness

Certified Internal Auditor with Microsoft Excel 2019 (Voucher Included)

Internal auditors have a complex job, but tools like Microsoft's Excel program make managing data easy. This online course will train you in the IIA's International Standards for the Professional Practice of Internal Auditing and teach you advanced techniques for using Microsoft Excel. You will be fully prepared to pass the IIA's Certified Internal Auditor exam and the Microsoft Office Specialist (MOS) Expert exam for Microsoft Excel 2019. Key topics include mandatory guidance under the IPPF, managing an internal audit project and concepts of internal control, risk, governance, and technology. Course hours: 370.

 **Fee:** \$1,295

Business Certificates

The Four Classes Below Begin February 1

Certificate in Workplace Communications

Good communication in the workplace is more important than ever. And critical to your career advancement and success. Come get a comprehensive and intensive preparation with skills and techniques you can put to use on Monday morning. Take back a workable conflict management model, along with successful and practical conflict management strategies. Then work with a pro to learn how to improve your negotiation skills for a win-win outcome, including helping others to get what they want, so you get what you want. Finally, find out more about yourself and others using personality profiles for better work performance. You will be learning from some of our more popular instructors, and taking away new how-to skills that work. Course hours: 56.

 **Fee:** \$595

Certificate in Accounting and Finance for Non Financial Managers

Every successful person in the workplace utilizes financial information to aid effective decision making. The Certificate in Accounting and Finance for Non-Financial Managers explains the financial concepts and accounting processes used in most businesses and will provide practical techniques that will increase your effectiveness and career. Course hours: 48.

 **Fee:** \$495

Certificate in Data Analysis

Data Analysis is quickly becoming one of the most sought-after skills in the workplace. Companies have vast amounts of data, but it is rare to have someone with the ability to analyze that data to see trends and make predictions. Add a whole new skill set to your portfolio, and make a big difference in the success of your organization by acquiring data analysis skills. Course hours: 48.

 **Fee:** \$495

Certificate in Customer Service

Customer service is now essential for business and all work organizations. With the increase of technology, human interaction with customers becomes all the more important. Whether it relates to retaining customers, serving your audience, or turning inquiries from potential customers into sales, good customer service is now one of the central factors in organizational success. Course hours: 32.

 **Fee:** \$245

Introduction to Business Analysis

Give yourself an employment advantage by developing analytical skills that are consistently in high demand. This course will teach you powerful quantitative methods that will have you making better, more informed, and more effective business decisions. Course hours: 24.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$115

High Speed Project Management

With accelerated schedules driving many technology projects today, the smart project manager must rapidly retool their skill set. This course offers a breakthrough model for dealing with the realities of managing projects at supersonic speeds. Learn to meet and win the challenges of truncated timelines, short-staffed project teams, skimpy budgets and crippling risks. Course hours: 24.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$115

Employment Law Fundamentals

Learn the basics of employment law so you can legally hire, evaluate and manage employees as a manager, supervisor, small business owner, human resource specialist, or corporate executive. This course will explain the difference between an employee and independent contractor: the basic types of employee benefits; effective hiring; evaluation, and termination procedures; methods to resolve employment disputes in and out of court; discrimination and union laws; and workplace safety rules. Course hours: 48.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$115

Marketing

Business and Marketing Writing

Using clear explanations, real-life examples, and an animated style, the course solidifies the relationship between business, marketing principles and written communications. You will learn how business and marketing objectives affect writing choices. You'll get practical writing instruction in grammar, clarity, structure and more. You'll understand issues unique to this discipline, such as buzzwords, working with a team and marketing ethics. This course will help you understand the power of writing - and use it to present a solid, cohesive message to your target audience. Course hours: 24.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$115

Achieving Top Search Engine Positions

The vast majority of Web traffic comes from search engines. That means the most important thing you can do to increase your website's traffic is to improve its search engine ranking. To do that, you have to understand both the art and science of search engine optimization (SEO). In this course, you'll gain the knowledge you need to boost your website's visibility. By the end of the course, you'll have mastered proven, step-by-step SEO strategies that you can implement right away. Course Hours: 24.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$115

Color Theory

Color plays an important role in visual communication, especially when designing websites. For web designers, understanding color theory is a key to creating a color palette for UI/UX projects. This self-paced course will teach you the fundamentals of color theory and how to apply this framework to your web design practice. Course hours: 14.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$79

Medical

Youth Mental Health First Aid Virtual Certificate Program

Designed primarily with adults who work with youth in mind, this six-hour training, recognized by the National Council on Behavioral Health, will help you understand and respond to varying signs of mental illness and substance use disorders in youth. Course hours: 6.

 **Dates:** Feb. 15 **Registration Deadline:** Feb. 8
Time: 8 a.m.-12 p.m. **Fee:** \$99

Certified Electronic Health Records Specialist (CEHRS)

Electronic health record specialists are critical in today's healthcare environment, where timely access to accurate patient records is vital to the safety and treatment of patients. This course teaches the skills required to become a certified electronic health record specialist (CEHRS) through the National Healthcareers Association (NHA), including charting, HIPAA compliance, electronic health record management and insurance and billing. You will be prepared to work on a health information management team, auditing records, compiling reports for patient tracking and coordinating the systems that keep our healthcare facilities operating. Course hours: 134.

  **Fee:** \$1,495

HIPAA Compliance

By the time you finish this course, you will be confident and capable of implementing HIPAA's Administrative Simplification rules, and the laws impacting it, in your own organization. If you are just starting your career in the healthcare field, you will have a priceless addition to your resume. Course hours: 24.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$115

Computers

VMware Certified Associate

This course features intensive hands-on training that focuses on installing, configuring, and managing VMware vSphere® 6.5. You will gain a solid understanding of how to administer a vSphere infrastructure for an organization of any size. Learn faster and retain more so you are fully prepared to install and support VMware and become prepared to take the VMware Certified Associate - Digital Business Transformation (VCA-DBT) - 1V0-701 exam for the VMware Certified Associate (VCA) credential. Course hours: 40.

  **Fee:** \$2,195

Advanced PC Security

When is hacking legal? When you use it to secure your own network. This course will teach you readily available hacking tools and techniques to audit your network so you can locate and close security holes. You will discover how to better protect your system against those who wish to gain unauthorized access. Course hours: 24.

 **Dates:** Jan. 13, Feb. 10 **Fee:** \$115

Cyber Security

Cisco CCNA Certification Training (Voucher Included)

This course will prepare you for the Cisco® CCNA 200-301 exam, the top associate-level certification for IT professionals. Most businesses today need daily operation on their systems, making networking a high demand skill set. Becoming a Cisco® Certified Networking Associate (CCNA) proves your knowledge of IT networking technology and boosts your career prospects. Course hours: 225.

  **Fee:** \$2,495

Certified Network Defender (CND) (Voucher Included)

This course prepares you for the EC-Council Certified Network Defender (CND) exam. You will gain key skills that network engineers need to protect, detect and respond to the threats on their networks. Course hours: 100.

  **Fee:** \$2,895

SSCP Systems Security Certified Practitioner

The world of IT security is fast-paced and exciting, with the potential for high earnings—but it can also be competitive. To stay ahead, you'll need a certification like the Systems Security Certified Practitioner (SSCP), a premier credential that is ideal for those wanting to begin or advance a career in computer networking or security. This online SSCP course will prepare you for this industry-recognized certification, as well as a career in the information technology sector. Course hours: 80.

   **Fee:** \$1,595

Certified Information Systems Auditor (CISA) (Voucher Included)

With cyberattacks on the rise, more organizations are investing in data protection and building out their cybersecurity teams. As an IT professional, earning your CISA certification could be the first step to leading IT security at your organization. This online CISA training course will teach you how to identify and evaluate the five Certified Information Systems Auditor certification domains: auditing, governance, implementation, management and protection. Course hours: 75.

   **Fee:** \$1,395

Certified Information Systems Security Professional (CISSP)

In today's online world, information security has become a critical part of virtually every organization—no matter the industry. The demand for information security professionals is expected to surge, as the forces of “good” and “bad” continue to battle for control and use of online information. You can join the side for “good” when you earn your Certified Information Systems Security Professional (CISSP) certification. Earning your CISSP is a must for cyber security professionals who want to get ahead in this important field. Course hours: 150.

   **Fee:** \$1,995

Certified Information Security Manager (CISM) (Voucher Included)

In the InfoSec world, security managers are the driving force behind an organization's cybersecurity policies. These key individuals typically started their IT careers in hands-on roles before earning their CISM certification and taking on managerial duties. If you're ready to earn your next IT certification, this online training course will fully prepare you for the ISACA Certified Information Security Manager (CISM) certification exam. Course hours: 75.

   **Fee:** \$1,395

Persuasive Communication

Persuasive communication is essential not only for selling the products or services of a business but for obtaining financing and running daily operations. This course will provide you with the opportunity to gain confidence and improve your communication skills. Even the most skilled communicator can always learn additional techniques for success. Course hours: 30.

 **Fee:** \$135

Are you looking for the next location for your summer camp? Let us help! We offer a range of services that can be tailored to your specific needs. Contact us today for your housing, registration and space rental needs! We look forward to seeing you next summer!

BLACKROCKET
Launch Your Creativity

BLACKROCKET

Black Rocket's tech program offers over 20 STEM courses that are sure to be a hit with your child. For more than 18 years this trusted program has been providing STEM camps all over the country and are offered both in-person and virtually. From ROBLOX Makers to Minecraft Modders, Python Programmers, and Battle Royale, there's certainly something for every student.

LEGO Robotics

Grades 1-3

Dream, design, build and program a LEGO robot! During this high-voltage week, our mini-engineers will build a robot and learn basic programming skills in a way that's specially tailored for them. The week will culminate with a maze challenge that they'll program their robots to complete. Show them it's possible to bring their imagination to life with this exciting half-day camp!

Grades 4-9

During this high-voltage week, students will learn how to make their robots walk, dance, grab, speak and follow their every command. With the help of our knowledgeable LEGO instructor, they'll be given a scenario and then supported as they work together to program their robots to complete each challenge. This day camp is the perfect blend of imagination, skill and teambuilding to keep your young engineer engaged this summer!

Our goal is to make continuing education available to you!

We want to ensure you have all the resources you need for financial assistance for Professional Development courses over \$500. Please note that courses offered by the Division of Continuing Education are not eligible for academic credit or financial aid through Georgia Southern University.

Sallie Mae

The Smart Option Student Loan is a private student loan which provides a low-interest option for eligible students to finance their education, including any type of Continuing Education or Career Training. The loan may be used to cover the total cost of education as well as certain other related expenses. Loans are available from \$1,000 and up.

Military Spouse Career Advancement Account Program (MyCAA)

Military spouses may be eligible for up to \$4,000 in scholarship funds from the Military Spouse Career Advancement Account program (MyCAA), through the Department of Defense.

Army Credentialing Assistance

Together with Tuition Assistance and Army Credentialing Assistance, soldiers may receive up to \$4,000 total per federal fiscal year to cover costs for eligible credentials.

Veteran Readiness and Employment

Visit the U.S. Department of Veterans Affairs' website to find information about this program and to see if you are eligible.

Vocational Rehab

The Workforce Innovation and Opportunity Act (WIOA) provides support to individuals who are unemployed, underemployed, or dislocated to develop training skills in order to gain meaningful employment. More information on eligible providers, training programs and how to apply can be found at on the Workforce Development website at www.careerdepot.org/workforce-development-board.

Meeting and Event Space for Every Occasion!

Statesboro Campus

Located just minutes from the heart of historic downtown Statesboro, Georgia Southern University's Statesboro campus offers several state-of-the-art venues for meetings, conferences and special events. These campus locations include classrooms, conference rooms, ballrooms, auditoriums, atriums and even outdoor spaces. Statesboro campus also offers high quality amenities such as Georgia Southern Blue Tie Catering services, easily accessible parking, audio-visual equipment (including Zoom-ready distance learning spaces), as well as free wi-fi access. Our dedicated and highly trained staff is available and ready to make your next meeting or event a success.

For more information, space availability and customized quotes please contact Margaret Lee-Jones at leejones@georgiasouthern.edu, or call 912-478-1753.

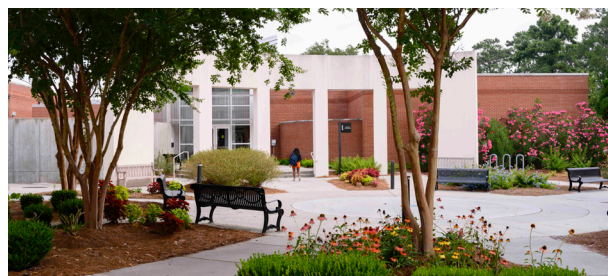

Armstrong Campus

The Division of Continuing Education has enhanced cleaning and event protocols to ensure a safe, socially distanced meeting/event that is compliant with all current CDC & GPH COVID event guidelines.

Amenities include: LCD projectors and screens, with built-in sound and adjustable lighting, free WiFi access, ample parking included in rental and full service catering available from Blue Tie Catering. All rates are based upon an 8 hour rental.

For more information, space availability and customized quotes please contact Helen Waters at events-armstrong@georgiasouthern.edu, or call 912-344-8883.
