**Longs Peak overlooking Bear Lake in Rocky Mountain National Park**

by David Wessling, Diagnostic Radiology.

I've recently picked up wildlife and landscape photography as a hobby. My wife and I frequent the National Parks and Rocky Mountain is so close that is easy to pack up and go! Being able to be out in nature, see these beautiful alpine lakes and capturing moments in time in addition to sharing these experiences with my wife and daughter are a huge source of wellness for me.
