In the article titled “Epidemiology of *Plasmodium* and Helminth Coinfection and Possible Reasons for Heterogeneity,” [1] there were errors in the citations of references in Supplementary Table 1, where citation [24] should be replaced with citation [13], and the citations from [26] to [63] should be changed to citations from [25] to [62]. Additionally, the study area in row 38 should be Gabon instead of Nigeria. The correct table is available at the Supplementary Material link.
