# Erratum to: Cardiac ischemia in patients with septic shock randomized to vasopressin or norepinephrine

Sangeeta Mehta<sup>1\*</sup>, John Granton<sup>2</sup>, Anthony C. Gordon<sup>3</sup>, Deborah J. Cook<sup>4</sup>, Stephen Lapinsky<sup>1</sup>, Gary Newton<sup>5</sup>, Kris Bandayrel<sup>1</sup>, Anjuli Little<sup>1</sup>, Chuin Siau<sup>6</sup>, Dieter Ayers<sup>7</sup>, Joel Singer<sup>7</sup>, Terry C. K. Lee<sup>7</sup>, Keith R. Walley<sup>8</sup>, Michelle Storms<sup>8</sup>, D. James Cooper<sup>9</sup>, Cheryl L. Holmes<sup>10</sup>, Paul Hebert<sup>11</sup>, Jeffrey Presneill<sup>12</sup>, James A. Russell<sup>8</sup> and for the Vasopressin and Septic Shock Trial (VASST) Investigators

## Erratum

Unfortunately this article [1] published without its additional files (Additional files 1, 2, 3, 4, 5, 6 and 7). Please see these listed below and attached as additional files to this erratum.

## Additional files

**Additional file 1:** Participating sites. (DOCX 13 kb)

**Additional file 2: Table S7.** Baseline characteristics and outcomes in vasopressin and norepinephrine-treated patients, grouped by serum troponin levels. (DOCX 17 kb)

**Additional file 3: Table S8.** Specific ECG diagnoses and patient outcomes. (DOCX 14 kb)

**Additional file 4: Table S9.** Outcomes related to ECG ischemia for all patients and for patients with troponin elevation. (DOCX 15 kb)

**Additional file 5: Figure S1.** Comparison of mean arterial pressure and heart rate in the norepinephrine group and vasopressin group. (DOCX 122 kb)

**Additional file 6: Figure S2.** Rates of total norepinephrine infusion (open-label and study drug) in the vasopressin treated group and the norepinephrine treated group. (DOCX 60 kb)

**Additional file 7: Figure S3.** Serum creatinine in the vasopressin treated group and the norepinephrine treated group. (DOCX 64 kb)

## Author details

<sup>1</sup>Department of Medicine and Interdepartmental Division of Critical Care Medicine, Mount Sinai Hospital, University of Toronto, Toronto, Ontario, Canada. <sup>2</sup>University Health Network-General Division, University of Toronto, Toronto, Ontario, Canada. <sup>3</sup>Intensive Care, Charing Cross Hospital, Imperial, College, London, UK. <sup>4</sup>Departments of Medicine, Clinical Epidemiology & Biostatistics, McMaster University, Hamilton, Ontario, Canada. <sup>5</sup>Department of Medicine and Division of Cardiology, Mount Sinai Hospital, University of Toronto, Toronto, Ontario, Canada. <sup>6</sup>Department of Respiratory Medicine, Changi General Hospital, Singapore, Singapore. <sup>7</sup>School of Population and Public Health, Centre for Health Evaluation and Outcome Sciences, and University of British Columbia, Vancouver, British Columbia, Canada. <sup>8</sup>Critical Care Research, Laboratories, Heart

and Lung Institute, St. Paul's Hospital, and University of British Columbia, Vancouver, British Columbia, Canada. <sup>9</sup>Alfred Hospital, Monash University, Melbourne, Australia. <sup>10</sup>Kelowna General Hospital, Kelowna, and University of British Columbia, Kelowna, British Columbia, Canada. <sup>11</sup>Ottawa Hospital-General Campus, and University of Ottawa, Ottawa, Ontario, Canada. <sup>12</sup>Mater Health Services, University of Queensland and Monash University, South Brisbane, Queensland, Australia.
