Natalie,

There are 2 book chapters on your list from the title *Supporting fraternities and sororities in the contemporary era: Advancements in practice*, which was published by Myers Education Press (MEP). We've notified them of your request, but they would like you to email them directly to request permission for those chapters. Please email Chris Myers c.myers@myersedpress.com.

We will get back to you shortly with the chapter PDFs for the other 2 chapters from the Stylus Publishing titles *Facilitating the Integration of Learning* and *Educating About Religious Diversity and Interfaith Engagement*.

Thank you,
Jane Leathem

Jane,

Thank you for the information. Our Institutional Repository is normally open access, but we can restrict content so that it is only accessible on the W&M campus at the request of an author or publisher.

Natalie,

Is the repository open access or password protected for W&M faculty, staff, and students only?

We would request that you post a PDF of the final published version provided by Stylus that includes a watermark and copyright info.

I need the name of the contributor, the book titles, and chapter titles. Generally, we like to wait until the book has been published for a year before posting chapters in repositories, especially if they're open access. Please send me the information, and we'll get back to you.

Thank you,

Dear Stylus Publishing,

One of our faculty members at William & Mary contributes to your books, and we would like to add their book chapters into our online Institutional Repository. Is this possible for us to share their book chapters? And are we allowed to add a specific version (published, accepted manuscript, etc.)?

Thank you,
Natalie Rue
