- ▶ Throughout the history of human existence the ability of the female form to bear offspring has remained a marvel of medicine and science prying the boundaries of our creator. This black and white silhouette of the female form with child gives us a positive and powerful statement. From this comes life, which fuels our mind and powers to help create, preserve, and maintain the health of the human form and fight disease.

ARTIST STATEMENT: ROBERT CONTRUCCI

Several thin, white, parallel diagonal lines are positioned on the right side of the slide, extending from the middle towards the bottom right corner.

Robert Contrucci, D.O. is a Board Certified Otolaryngologist serving the South Florida area since 1985. He is a Professor at Nova College of Osteopathic Medicine and Chairman of the Department of Otolaryngology. He is a Master Martial Artist with over 30 years of experience in the many aspects of the mental, spiritual and elemental aspects of life that he fuses with his medical philosophies. He is a fan of the incorporation of arts in healing.
