PURPOSE**

The purpose of this Agreement is to establish wages, hours and other conditions of employment, and to establish rules and procedures for the settlement of disputes and differences between the parties and to secure at all times a sufficiency of skilled journeymen and apprentices or other classifications which are covered by this Agreement; so that the Employer may have sufficient capable employees and the employees may have as much continuous employment as possible, thereby preventing waste and unnecessary expenses, annoyance or delay caused by strikes, lockout or other labor/management disputes. Both parties will continue in our combined efforts to improve productivity, efficiency, and quality workmanship in the Plumbing and Pipefitting Industry.

Since all employees are employed within a single multi-employer bargaining unit, only one eight-day grace period will be recognized for each employee during the term of this Agreement.

6.2 For purposes of this Section, membership in good standing means the tendering of an initiation fee, monthly dues, and working dues to Local 26. The amount of fees and dues, and the time of payment following the grace period, shall be established by Local 26.

Such dues shall be deducted from each paycheck and shall be remitted by the Employer, on a monthly basis, to the account of the Union at the same bank that serves as the depository of the fringe benefit funds. The monies deducted shall be reported on an approved Trust contribution reporting form. The Employer's obligation to make deductions from the wages of each Employee under this Section is conditioned upon receipt of a written authorization from the Employee.

Section 7 PROTECTION OF RIGHTS

7.1 Management Rights. The management of the Employer's business, including but not limited to the direction of the workforce, the right to hire, plan, direct, control, schedule work, to lay off employees for lack of work, and to terminate employees for just cause is the right and responsibility of the Employer, except as limited by the terms of this Agreement. Violations of this section shall be processed through the grievance and arbitration procedure and shall not be the subject of economic action.

8.2 Any work held to be under the jurisdiction of the United Association and covered by this Agreement, may be fabricated at the job site or at a location within the employer's free zone by UA members, and installed anywhere within the jurisdiction of the local union where the fabrication took place. Such fabrication and installation is to be performed by UA members under the terms of this Agreement or a supplemental addendum to this Agreement. In the event the employer establishes a fabrication shop outside the free zone, he shall pay travel pay and/or subsistence.

8.3 All pipe formations of every description involved in mechanical work at the option of the employer may be fabricated on the job site or in a UA shop within the territorial jurisdiction of the Washington State Association provided that if the employers shop is located outside the jurisdiction of Local 26 the employers home local reciprocates the same procedure to shops that are located within Local 26's jurisdiction. If the shop is located outside the jurisdiction of the local union, the employer must insure that all work related to the fabrications was performed with the benefit of a UA Agreement.

Section 9
NO STRIKES, WORK STOPPAGE, OR LOCKOUT

9.1 During the term of this agreement, each of the signatory parties agrees that there will be no strike, work stoppages or lockouts by members of the Union or by the employer provided, however, the Union may strike when an employer fails to pay wages in full and on time or the Union has been advised by the administrative office of the employee benefit funds in accordance with Section 13 that an employer is delinquent in the payment of employee benefits.

This no strike, no lockout commitment is based upon the agreement by both parties to be bound by the grievance and arbitration provisions of this agreement.

9.2 It shall not be a violation of this agreement or of the non-strike clause if members of the union refuse to cross a lawful primary picket line. Where such a picket line has been set up, every possible effort shall be made by the Business Manager to make arrangements which will permit the employees subject to this Agreement to continue to work. 11.3 In the event that a dispute is not settled between the Employer and the Union it shall be referred to the Joint Grievance Committee. The party filing the dispute shall notify the other party and MCA by fax. A Grievance Committee mutually agreed to by both parties composed of three (3) representatives of Local 26 selected by the Union that are not part of the staff and three (3) signatory contractor representatives selected by MCA shall meet within seven (7) working days following receipt of written notice. The Committee shall attempt to resolve the dispute to the satisfaction of the parties.

11.4 In the event a grievance is not settled by the Joint Grievance Committee to the satisfaction of both parties within five (5) working days after having first been considered by the Joint Grievance Committee, the Union or the Contractor may elect to submit such grievance to impartial arbitration by notifying the other party in writing. If the Union or Contractor does not notify the other party within five (5) working days after the grievance meeting, any subsequent request for arbitration shall be considered invalid. The Union and the Contractor may mutually agree to a permanent impartial arbitrator. If they have not agreed to a permanent arbitrator the Union and the Contractor shall thereupon select a disinterested person to act as an impartial arbitrator for such grievance. If the Union and the Contractor cannot agree upon such impartial arbitrator within five (5) working days after a grievance has been referred to impartial arbitration, then such impartial arbitrator shall be selected from a list of seven (7) arbitrators to be furnished by the Federal Mediation and Conciliation Service, said selection to be effected by the parties alternately striking names from such list and the person whose name remains on the list after six (6) having been stricken shall be the impartial arbitrator. Such selection of the impartial arbitrator shall be effected within five (5) days (excluding Saturdays, Sundays and Holidays) after receipt of the list from the Federal Mediation and Conciliation Service.

11.5 The decision or award of the impartial arbitrator shall be final and binding upon all parties. The impartial arbitrator shall have no authority to add to, subtract from or modify the terms of this agreement.

11.6 Each party to this agreement shall bear the expenses of preparing and presenting its own case. The fees and expenses of the arbitration shall be borne equally by the parties hereto. The party or parties ordering a transcript shall pay for stenographic records and transcripts.

11.7 Any time limits provided for in the grievance and arbitration procedure set forth in this Section may be waived or extended by mutual agreement between the Union and the Contractor.

Section 12 JURISDICTIONAL DISPUTES

12.1 For the purpose of avoiding jurisdictional disputes with other trades and crafts, the Union and Employer agree that, whenever possible the Employer shall attempt to bid and embrace in its bids and job contracts and specifications, all of the piping, fixtures, and all other appliances and appurtenances that are necessary to make a complete plumbing and/or pipefitting installation as herein defined as the jurisdiction of work of members of the United Association.

12.2 There will be no strikes, no work stoppages or slow downs or other interferences with the work because of jurisdictional disputes.

12.3 The parties hereto agree that all jurisdictional disputes over the division of work with crafts affiliated with the Building and Construction Trades Department, AFL-CIO will be settled in accordance with the procedural rules and regulations of the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry, effective June 1, 1984 or any successor plan. All signatory employers to this Agreement, agree to assign work and be bound to the terms and conditions of the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry, and the Union agrees that the work assignments made by the Employer shall be followed until the dispute is resolved in accordance with this Section.

Section 13 FRINGE BENEFIT CONTRIBUTIONS

13.1 The employer adopts and agrees to be bound to the Trust Agreements establishing the Northwest Plumbing & Pipefitting Industry Health, Welfare & Vacation Trust Fund, Washington State Plumbing & Pipefitting Industry Pension Trust Fund, the Western Washington UA Supplemental Pension Trust Fund, the Plumbers and Pipefitters National Pension Fund, the International Training Fund, the Local 26 JATC Educational Development Trust funds and the Mechanical Contracting Industry Improvement Fund.

13.2 The Employer and Local Union have entered into an agreement whereby the Employer will make contributions to the Western Washington Supplemental Pension Trust (the trust) on behalf of employees represented by Local 26. Section 4.3 of the Western Washington U.A. Supplemental Pension Plan provides that participating employees who have been employed by the same participating Employer for thirty (30) or more consecutive days may elect to have additional funds deducted from their hourly wages, on a pre-tax basis, and contributed to the Trust as an elective employee contribution. The Employer hereby agrees to honor and implement such payroll deduction elections and to pay the amounts withheld from the employee's wages to the Trust in accordance with the rules established by the Trust's Board of Trustees and the following.

13.3 The pre-tax, payroll deduction contributions covered by this Agreement shall be remitted to the Trust on or before the due date for making the Employer's contributions or, if earlier, the fifteenth (15th) business day of the month next following the month in which the payroll deductions were made.

13.4 In the event the Employer fails to remit the payroll deduction contributions within the time specified in the preceding paragraph, any funds subsequently paid to or collected by the Trust or any other Employee benefit trust fund to which the Employer is required to contribute shall be applied first to the delinquent payroll deduction contributions until all such contributions are paid, with any remainder then being applied to any other contributions due.

13.5 The Employer party to this agreement, agrees to contribute to the Plumbers and Pipefitters National Pension Fund and the International Training Fund for each hour an employee receives pay in accordance with the standard form of participation agreement attached to and made part of this agreement in the amount set forth under Section 17 - Economic Package.

13.6 Copies of the Washington State Plumbing & Pipefitting Industry Pension Plan, Health & Welfare and Vacation Plan, Western Washington UA Supplemental Pension Plan, and the Local 26 JATC Educational Development Trust, and this Agreement shall be forwarded by the Plumbers and Pipefitters Council to each of its constituent Local Unions which have members or represents employees, directly affected thereby, in accordance with Section 104 of the Labor/Management reform act of 1959.

13.7 It is recognized and acknowledged by all parties, including the participating Employers, that the regular and prompt payment of contributions is essential to the maintenance of an employee benefit plan and that it would be extremely difficult, if not impractical, to fix the actual expense and damage to the plan which would result from the failure of an individual employer to pay proper contributions within the time provided. Therefore, if any individual employer shall be delinquent in submitting his contributions or shall fail to pay contributions on behalf of all employees when such contributions are due, such employer shall be obligated for a surcharge in an amount no greater than twenty percent (20%) of the contributions not paid when due. Such amount shall become due and payable as liquidated damages, and not as a penalty, upon the day immediately following the due date for such contributions. The liquidated damages provided for herein shall apply to each separate month for which an employer is delinquent and shall be cumulative and charged to the Employer until paid in full. In addition to the above, in the event any employer fails to make any of the contributions required, such employer shall be required to pay in addition to the principle sum due and liquidated damages, interest thereon at the maximum rate allowed by law. In the event of a delinquency, an Employer shall be liable for and reimburse the Fund for reasonable attorney fees, cost of payroll audits and all other expenses incurred in connection with said delinquency, whether or not legal proceedings are initiated. It is recognized that the cost of legal services and the expense necessary for the collection of delinquent contributions or liquidated damages may have no relation to the actual dollar amount of the delinquent contributions or liquidated damages which may be relatively small in a particular case.

13.8 Contributions shall be transmitted to the Trust office through the last pay period of the preceding month on all hours reported as income paid to the employees covered by this agreement in the preceding month, in a manner described by the Joint Administration Board. Contributions to each of the funds shall be made subject to all applicable Federal and State laws governing employee pension and welfare benefit plans. The Board of Trustees of the Health & Welfare Fund and the Board of Trustees of the Pension Trust Administration shall make available to each participant or beneficiary covered there under, (1) a description of the plan and (2) an annual report in accordance with Section 8 of the Welfare and Pension plans disclosure act of 1958, as amended.

13.9 Each participating employer agrees that the jurisdiction and venue of any civil action for the collection of contributions due to any of the above mentioned funds by the Trustees against such Employer shall be laid in King County, State of Washington, or such other legally appropriate county as selected by the Board of Trustees. If employers conducting business in other states should become participants, it is agreed that the jurisdiction and venue of any civil action against such Employer for the collection of contributions due the Trust shall be in that jurisdiction selected by the Board of Trustees. In addition to the remedies set forth herein, the Union shall (notwithstanding any express or implied no strike clause in this Agreement) remove the employees from or strike and picket any Employer failing to make any payment of money required by this section. The employer shall be liable for earnings lost by his employees because of the strike, but such earnings shall not exceed two (2) eight (8) hour pay periods for each employee so affected.

13.10 The Employer contributions submitted to the Trust Office must be postmarked by the post office no later than the 15th of the month following the month in which the contributions are earned. Employers may hand deliver contributions to the Trust office by noon on the 20th of the month, however if the 20th of the month is a Saturday, Sunday or Holiday, then the contributions may be hand delivered before noon on the following regular workday.

13.11 Contributions to the Mechanical Contracting Industry Improvement Fund shall be paid by the Employers signatory to this agreement for all applicable hours worked and such payments to be made to the Trustees described in Section 13.1 who are hereby authorized to receive such funds as collection agent for transfer to the trustees of the said Industry Fund. The Fund is generally for the promotion and advancement of the mechanical contracting industry, to educate the public concerning desirable, safe and economic mechanical installations, to sponsor education research and develop activities to improve the industry, all as more particularly provided in the Agreement and Industry Fund Trust document creating the Fund. A Board of Trustees designated by the MCA of Western Washington shall manage the Industry Fund. The duties and plans of the Trustees are more fully defined in the Agreement and the Industry Fund Trust document governing its operation. No Journeyman or Apprentice shall have any vested right in the sums contributed by the Employer hereunder to the Industry Fund. Said Fund shall not be considered wages for purposes of overtime compensation, withholding taxes, social security taxes or for any other purpose.

Section 14 WORK RECOVERY / PREVAILING WAGE

14.1 The Business Manager shall have the authority to invoke work recovery measures, even though such measures may modify existing conditions of this agreement. If Local 26 approves the use of National Agreements that provide more favorable conditions for a specific project all signatory employers to this Agreement may utilize those conditions. In the event Local 26 grants to any employer terms or conditions more advantageous than those contained in this Agreement, then all signatory contractors may utilize those more favorable conditions.

14.2 Section 14 shall not apply to projects where all bidders are U.A. signatory.

14.3 Wages and fringes for all prevailing wage work for Federal, State, County and other public agencies shall be frozen for the duration of the projects, however the employer agrees to contribute any additional contributions requested in writing from the Health & Welfare Trustees to Local 26 and MCA that is required for the maintenance of current benefits. All other fringe benefits shall remain the same.

14.5 This section shall not apply to prevailing wage projects bid prior to the effective date of this agreement. (They will be completed under the provisions of the contract language that was adopted in the previous contract.)

14.6 Section 14 shall not apply to a project bid after the effective date of this agreement if a contractor accepts a Local 26 work recovery grant for that project.

**Section 15
SEPARABILITY**

It is the intent of both parties that all provisions of this Agreement are in compliance with applicable law, if any portion of this agreement is held to be illegal or in violation of any law by any court or agency of competent jurisdiction, such portion shall be immediately inoperative and either party shall have the right to reopen negotiations pertaining to such regulations and/or provisions by giving the other party written notice. If no agreement is reached within sixty (60) days of such notice, the parties shall submit to binding arbitration as described in Section 11.4. All other provisions shall continue in effect for the duration of the Agreement.

**Section 16
TERM OF AGREEMENT**

This Agreement shall be effective from June 1, 2002 through May 31, 2006 and shall continue from year to year thereafter unless either Local 26 or the Employer or its representative shall notify the other sixty (60) days or more prior to its expiration of their intention to negotiate, extend, supplement, or terminate this Agreement. The Employer waives the right, if any exists, to repudiate this Agreement during its term and during the term of any extension, modification, or amendment. The Employer and Local 26 agree to negotiate in good faith with respect to a successor agreement, in the event either gives notice to modify or terminate this Agreement.

Section 29 SUBSTANCE ABUSE

Local 26 and the Mechanical Contractors Association of Western Washington believe that substance abuse testing, treatment, and protection are as necessary in the skilled construction trades as they are in other high technology and safety-sensitive workplaces. Substance abuse testing and treatment measures are appropriate for all employer non-bargaining unit employees as well, including company executives and officers. MCAWW and Local 26 also recognize that broad mandates of such policies are being issued increasingly from both public and private purchasers of construction.

MCAWW and U.A. Local 26 regard worker safety, health and well being as integral to top quality work performance and successful project delivery. Therefore, in the mutual interests of contractors, Local 26, workers and their families, and the purchasers of construction services, MCAWW and U.A. Local 26 jointly subscribe to the following elements of substance abuse policies:

- public and/or private owner, customer, general contractor and signatory contractor substance abuse and testing mandates;
- prohibitions against the possession and use of alcohol and illegal substances at work;
- a prohibition against impairment at work;
- testing on the basis of pre-employment, reasonable suspicion, random, post-accident, annual, and return-to-work from treatment;
- stringent controls (such as computerized selection of individuals for unscheduled testing) against abuse in selecting individuals for testing;
- testing methods using non-invasive procedures; (no blood or hair samples)
- thresholds for positive results shall be consistent with state and federal law if applicable;
- treatment coverage (EAP's)
- those to be tested in the event of an accident, in addition to those directly involved, shall be by mutual agreement of the Foreman, Steward and Superintendent responsible for the work
- the employee shall be paid actual time required for testing.
- the reporting of results of the drug test shall be handled discreetly between the testing facility and Employer. The results shall be reported as follows:
 - A. Yes, the employee is within the limits described by the Employer.
 - B. No, the employee is not within the limits described by the Employer.
- employees that generate a positive test result from a "quick" or litmus test shall not be returned to the Hiring Hall or terminated until the results of the gas chromatography/mass spectrometry (CG/MS) are reported.
- in the event of a negative test result on the re-test, the Employer shall pay for the re-test and any lost wages
- the Employer and the testing facility agree that the detailed results of the described tests are to be held in the strictest CONFIDENCE between the Employer and the testing facility, unless due to contractual agreement the owner or general contractor is the program administrator, then any information given will not go beyond the negative or positive outcome of any test conducted. They further agree that the results of the above tests will not be provided to anyone without express written consent of the employee.
- the Employer and U.A. Local 26 agree that the grievance procedure contained in the Labor Agreement shall apply for dispute resolution relative to this policy.

Local 26 agrees to abide with alcohol and drug testing policies that conform to these guidelines.
