Bus drivers are required to comply with and drive according to the traffic laws of New York State and any regulations as set forth by the District.

Section 3

Each driver will be required to check his/her bus prior to each trip to make certain that the vehicle has a sufficient amount of fuel. The driver is to record the fuel and oil used, make out mileage slips and repair requests, and sweep the floor of the vehicle once daily. The District reserves the right to require bus drivers to perform these duties (i.e., oil, water, fuel) on a daily basis.

Section 4

ROUTE ASSIGNMENTS

After establishing such routes, the District shall notify all drivers, who are entitled to bid on them on a seniority basis, with the most senior driver receiving his/her assignment preference.

If a basic route is discontinued or combined once it has been bid, the affected driver(s) seniority shall be respected. The displaced driver(s) shall be allowed to replace the least senior driver(s) assigned to a basic route.

B. After the basic routes have been assigned pursuant to the seniority bidding process, all additional runs (except "handicapped") shall be put up to seniority bid, with the most senior driver receiving his/her preference. E. If basic routes are established or vacated during the course of the year after assignments have been made, notice of the basic route and its compensation (proposed or established) shall be posted on the garage lounge bulletin board for a period of five (5) working days with a copy given to the Divisional President simultaneous to its posting. Drivers shall be entitled to bid on the assignment so long as the basic route doesn't interfere with their other assignments. The most senior driver bidding shall receive his/her preference, except under the circumstances described below.

F. If a basic route is abolished during the course of the year, the driver of that route who suffers the loss shall be given the opportunity to resume that route, without bidding, should it be subsequently re-established later that year. In cases where there are more displaced drivers than routes available, seniority preference shall prevail.

In the event that a route is abolished or reduced, causing the employee to suffer a loss in their cost of participation in the district health insurance program, the district will continue its level of contribution to the employees health insurance premium in effect at the time the route was bid for the remainder of that school year.

Article XI (cont'd)

G. On a scheduled deviation from the school day (such as ½ day closing for a workshop or similar activity) drivers will be responsible for their regular assigned routes. Drivers will be expected to handle their regularly assigned run during inclement weather and any resulting early dismissals.

H. For the A.M. - P.M. schedule and the Noon run, the District will make every effort to establish routes which require a minimum of two (2) hours. Should scheduling not permit the full utilization of the minimum times noted above, the Driver will be assigned related duties.

I. For the detention (late) run, no driver will be compensated for less than one (1) hour's time.
