

Volume Twelve  
SUBJECT INDEX

- ACNE  
    . . . vulgaris, 15
- CANCER  
    management of cutaneous malignancy—a review, 32
- CEREBRAL INFARCTION  
    the management of acute . . . , 144
- CEREBROSPINAL FLUID  
    recent techniques in . . . examination, 123
- CEREBROVASCULAR DISEASE  
    extracranial-intracranial vascular shunt procedures, 152  
    management of transient brain ischemia, 116  
    the management of acute cerebral infarction, 144
- CUTANEOUS DISEASE  
    see Skin
- DEMENTIA  
    management of the demented patient, 135
- DERMATITIS  
    atopic . . . , 5
- DIZZINESS  
    an approach to . . . , 110
- HISTOCHEMISTRY  
    new horizons in muscle disease, 165
- ISCHEMIA  
    management of transient brain . . . , 116
- MENTAL DISEASE  
    management of the demented patient, 135
- MUSCLE DISEASE  
    new horizons in . . . , 165
- NEUROLOGY  
    an approach to dizziness, 110  
    current management of parkinsonism, 93  
    episodic disorders of vision, 99  
    management of the demented patient, 135  
    management of transient brain ischemia, 116  
    new horizons in muscle disease, 165  
    recent techniques in cerebrospinal fluid examination, 123  
    the management of acute cerebral infarction, 144  
    uncommon disorders of the lower spinal region, 157
- NEUROSURGERY  
    extracranial-intracranial vascular shunt procedures, 152
- PALEOPATHOLOGY  
    morphological characteristics of the pre-columbian dentition: shovel-shaped incisors, carabelli's cusp, and protostylid, 54  
    paleoserologic studies: abo and histocompatibility antigens in mummified american indians, 67  
    primary generalized hyperostosis in ancient peru, 49  
    talon cusp: a clinically significant anomaly in a primary incisor from pre-columbian america, 64  
    the documentation of communicable diseases in peruvian mummies, 43  
    thyroid disease in a peruvian mummy, 52  
    treatment of head wounds in pre-columbian and colonial peru, 74
- PARKINSONISM  
    current management of . . . , 93
- PATHOLOGY  
    recent techniques in cerebrospinal fluid examination, 123
- SEROLOGY  
    paleoserologic studies: abo and histocompatibility antigens in mummified american indians, 67
- SJÖGREN SYNDROME  
    hyperviscosity syndrome: natural history in a patient with . . . , 81
- SKIN  
    acne vulgaris, 15  
    atopic dermatitis, 5  
    cutaneous manifestations of venereal disease, 27  
    management of cutaneous malignancy—a review, 32  
    oral manifestations of cutaneous disease, 7  
    pyodermas: diagnosis and treatment, 11  
    . . . signs of systemic disease, 21
- SPINAL DISEASE  
    uncommon disorders of the lower spinal region, 157
- TEETH  
    morphological characteristics of the pre-columbian dentition: shovel-shaped incisors, carabelli's cusp, and protostylid, 54  
    talon cusp: a clinically significant anomaly in a primary incisor from pre-columbian america, 64
- TRAUMA  
    treatment of head wounds in pre-columbian and colonial peru, 74
- VENEREAL DISEASE  
    cutaneous manifestations of . . . , 27
- VISUAL DISORDERS  
    episodic disorders of vision, 99
