U.S. Senator John W. Warner

1986 Commencement Speaker

Honorary Doctor of Humane Letters Recipient

World peace through a strong defense characterizes the political philosophy of U.S. Senator John W. Warner. Senator Warner's keen sense of history guides him in his decisions concerning national security and foreign affairs. His commitment, leadership and actions have made him one of the nation's best known and most effective political leaders.

As the second-ranking majority member of the Armed Services Committee and chairman of its Subcommittee on Strategic and Theater Nuclear Forces, Senator Warner has helped this country maintain a strong position internationally.

As a member of the Energy and Natural Resources Committee and as chairman of its Subcommittee on Natural Resources Development and Production, the Senator has promoted measures intended to ensure the most efficient use of the world's energy resources while seeking to balance today's needs against the needs of future generations.

Senator Warner served the Department of Defense for five years as Under Secretary and Secretary of the Navy. He co-chaired our country's United Nations Educational, Scientific and Cultural Organization delegation in 1972 and was the representative of the Department of Defense at the Law of Sea Talks in Geneva from 1969 to 1972.

As the principal negotiator and signatory for the United States at the Incidents at Sea Conference with the Soviet Navy, Senator Warner was instrumental in helping to bring about the signing of the "Incidents at Sea Agreement," acclaimed as a successful cooperative measure of the United States and the Soviet Union.

After two years of service in the United States Navy, Senator Warner enrolled at Washington and Lee University where he earned a bachelor of science degree in basic engineering. He then enrolled at the University of Virginia Law School from which he received his law degree after an active tour of duty with the United States Marine Corps in Korea.

For his devotion to world peace, political leadership and service to his state and his country, Virginia Commonwealth University recognizes United States Senator John W. Warner with the Doctor of Humane Letters honorary degree.

Floyd D. Gottwald, Jr.

Honorary Doctor of Humane Letters Recipient

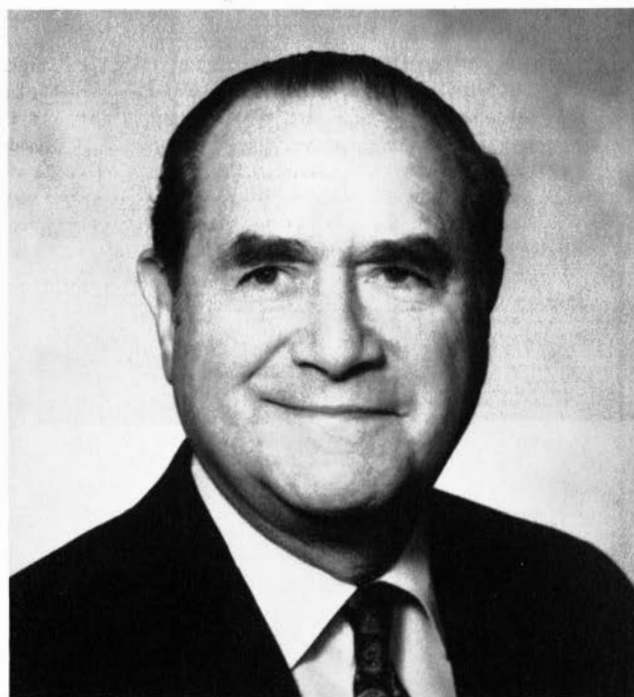

Strong commitment to the advancement of the city, the state and the nation distinguishes Floyd D. Gottwald, Jr. as a prominent business and community leader. His selfless dedication to Richmond is manifested in his support of the Metropolitan Richmond Chamber of Commerce and the United Way of Greater Richmond.

As chairman of the board, chief executive officer and chairman of the executive committee of Ethyl Corporation, Mr. Gottwald has helped this country maintain its strength in domestic and world markets. Mr. Gottwald holds prominent positions with organizations such as the National Association of Manufacturers, the American Petroleum Institute and the Chemical Manufacturers Association. He is also a member of the board of directors of the Federal Reserve Bank of Richmond, CSX Corporation and Reid-Provident Laboratories Inc. He has and continues to share his business expertise with others.

Mr. Gottwald has worked diligently to advance the cause of higher education. As a former college instructor, he is aware of the efforts of students, teachers and administrators to improve the quality of education. Mr. Gottwald has championed those efforts through his association with Virginia Commonwealth University as a member of the VCU Fund and as former director of the Council for Financial Aid to Education. He also serves as a trustee of the University of Richmond and VMI Foundation.

Mr. Gottwald received his bachelor of science degree in chemistry from Virginia Military Institute and his master of science degree in business administration from the University of Richmond. He joined Albermarle Paper Manufacturing Company as a chemist in 1943 and advanced to the positions of production manager, secretary, vice president and president. He was named executive vice president of Ethyl Corporation in 1962, at the time of the merger of the Albermarle Paper Corporation and Ethyl Corporation. Since 1964, he has served successively as vice chairman, chairman and chief executive officer, the position he has held since 1970.

For his outstanding achievement as a community and business leader and for his contributions to higher education, Virginia Commonwealth University honors Mr. Floyd D. Gottwald, Jr. with the Doctor of Humane Letters honorary degree.

Mr. and Mrs. Charles G. Thalhimer

1986 Presidential Medallion Recipients

Few have supported Virginia Commonwealth University as enthusiastically and generously as Mr. and Mrs. Charles G. Thalhimer.

As strong advocates of VCU, they have created the Scholar-in-Residence and the Executive-in-Residence programs in the School of Business. Sponsored by the Charles G. Thalhimer Family Foundation, these programs are designed to bring renowned representatives of the business world to VCU in support of the educational programs in the School of Business. Additionally, the Thalhimers Foundation has aided in the development of scholarships for outstanding business students. The Thalhimers have supported the VCU Department of Athletics through both their philanthropy and their presence.

Mr. Thalhimer serves on the advisory board of VCU's School of Business. However, his time and efforts are not restricted to VCU. His support of service organizations represents a clear concern and commitment for improving the quality of life in Richmond and the Commonwealth. Mr. Thalhimer serves on the Capital Funds board of the United Way of Greater Richmond and the boards of the Boys Clubs of Richmond and Maymont Foundation. Mr. Thalhimer is a member of the Board of Associates of the University of Richmond and is past president of the Richmond Jewish Community Council and the Virginia Retail Merchants Association. Among other state activities, he serves on the boards of the Virginia Museum of Fine Arts and the Virginia Council on Health and Medical Care.

After receiving his bachelor of arts degree from Washington and Lee University, Mr. Thalhimer served as a U.S. Merchant Marine until he joined Thalhimer Brothers Inc. in 1947. He was elected president in 1973 and became vice chairman in 1984.

Repeatedly, Mrs. Thalhimer has given of herself in support of the university helping to guide it through immense change and growth over the last 24 years. In 1962, she was appointed to the Board of Visitors of Richmond Professional Institute. After the merger of RPI and MCV, Mrs. Thalhimer served as a member of the VCU Board of Visitors until 1970 and then again from 1974 until 1985, one of the longest board tenures in the university's history. She currently serves on the VCU Fund board.

Mrs. Thalhimer has also extended her interests beyond VCU to the Richmond community. As a board member and former president of Maymont Foundation, she was instrumental in developing Maymont Park and transferring its administration to the city of Richmond. Currently, Mrs. Thalhimer serves on the board of the Carpenter Center for the Performing Arts. In the past, she has worked generously to advance the goals of community organizations including the United Givers Fund, the Richmond Jewish Community Council and the Young Women's Christian Association.

Mrs. Thalhimer earned her bachelor of arts degree from Adelphi College.

With sincere gratitude for their outstanding support of and service to the university, Virginia Commonwealth University proudly presents the 1986 Presidential Medallions to Mr. and Mrs. Charles G. Thalhimers.

The University Medallion

This year, Virginia Commonwealth University commissioned R. Daniel Booton to strike a University Medallion to be worn by the president on ceremonial occasions. It is being worn today for the first time. The University Medallion is an original, hand-carved design in 24-karat gold-leafed bronze created as a perpetual symbol of Virginia Commonwealth University.

The Medallion uses Egyptian hieroglyphs and mythological and real images which represent the university's contributions in teaching, research and service.

The Egyptian Building on the Medical College of Virginia Campus was selected as the centerpiece because of its significance as a historical and architectural landmark. The oldest medical building in the South, it is considered to be the best example of Egyptian Revival architecture in the United States.

The building is flanked on the left by Isis, goddess of medicine, the arts, the home and the community. On the right is Toth, shown in his guise as the Ibis scribe of the gods. He is the master of writing and god of wisdom, numbers, measures and time.

Above the building is the glyph for "A to Z" which represents knowledge and the role of the university. Isis offers the Ahnk, the symbol of life, while Toth, holding the scroll of wisdom, blesses Virginia Commonwealth University.

The central grouping is surrounded by Nut, goddess of the sky and Geb, god of the earth. The recumbent god forms maintains and valleys with its contorted body and thereby represents the earth sciences. Nut arches over the earth and symbolizes the cosmos and the physical sciences. The Eye of Ra, the sun, travels across her back and is shown at its zenith, representing Virginia Commonwealth University's rise to greatness.

ACADEMIC COSTUME

Academic costume worn today at American college exercises goes back in its essential features to the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical costumes, largely borrowed from the monastic dress of that day not just on special occasions, but as their regular costume.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect their tonsured heads. In the universities, this skull cap acquired a point on top, which gradually evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the mediaeval tassel.

The hood (the mediaeval *caputium*) was originally a head covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cow. At first it was worn by faculty and students alike, but in the early sixteenth century it was restricted to graduates, thus it became the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions.

The gown worn today is the mediaeval *roba* and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors, and masters could be distinguished by the simplicity or elaborateness of their gowns. The doctor's gown was often furred—this survives today in the ornamentation found on the doctoral gowns. Usually the gown is black, but some colleges have colored gowns.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer. Some of these are:

<i>Arts, Letters, and the Humanities</i>	<i>White</i>
<i>Business</i>	<i>Drab</i>
<i>Dentistry</i>	<i>Lilac</i>
<i>Education</i>	<i>Light Blue</i>
<i>Fine Arts, Architecture</i>	<i>Brown</i>
<i>Laws</i>	<i>Purple</i>
<i>Library Science</i>	<i>Lemon</i>
<i>Medicine</i>	<i>Green</i>
<i>Music</i>	<i>Pink</i>
<i>Nursing</i>	<i>Apricot</i>
<i>Pharmacy</i>	<i>Olive Green</i>
<i>Philosophy</i>	<i>Dark Blue</i>
<i>Public Health</i>	<i>Salmon</i>
<i>Science</i>	<i>Golden Yellow</i>
<i>Social Service</i>	<i>Citron</i>
<i>Theology</i>	<i>Scarlet</i>

THE UNIVERSITY

Virginia Commonwealth University is a comprehensive, state-aided university with over 20,000 students pursuing undergraduate, graduate, and professional studies on two campuses. VCU was created July 1, 1968 by an act of the Virginia General Assembly that merged Richmond Professional Institute with the Medical College of Virginia. Today, the two campuses blend the old and the new, with historic homes adapted into offices and classrooms amidst modern new high-rise buildings.

Approximately 175 fields of study are offered on the two campuses of the university. The Academic Campus, located in Richmond's historic fan district, houses the College of Humanities and Sciences, and the Schools of the Arts, Business, Community and Public Affairs, Education, Mass Communication, and Social Work. The Medical College of Virginia Campus, one and one-half miles east of the Academic Campus in Richmond's downtown business district, houses the Schools of Allied Health Professions, Basic Health Sciences, Dentistry, Medicine, Nursing, Pharmacy, and Graduate Studies.

Virginia Commonwealth University maintains a strong position as an integral force in the area's cultural, educational, and economic life. This ranges from offering more than 200 concerts a year in the Performing Arts Center, including concerts by the highly acclaimed VCU Jazz Orchestra, to developing a series of revitalization plans for targeted areas of the City of Richmond.

Ranked among the top 70 universities in terms of funded research, VCU also ranked fourth in terms of dollars spent for new construction in 1983, and seven major new facilities have opened during the past four years. The university is the site of one of the four largest teaching hospitals in the nation, and offers quality health care services to over 30,000 patients annually.

High quality academic instruction is provided by a 2,400 member faculty, 88% of whom hold terminal degrees, distinguished in both teaching and research. University Library Services supports the instructional programs with the James Cabell Branch Library on the Academic Campus and the Tompkins-McCaw Library on the Medical College of Virginia Campus. Library holdings exceed 707,734 volumes and are supplemented by special collections in the arts, sciences, humanities, and biomedical areas.

More than 60,000 alumni have taken advantage of VCU's programs of excellence, its prime location, its flexible class schedule, and the personal relationships formed with fellow students. The high caliber of its graduates and the faculty, representing the finest American and foreign institutions, enhance VCU's position among the important institutions of learning in the United States.
