Travel, meals, lodging and registration fees will be deemed appropriate expenses of the Board, to the limit of funds provided in the Budget for conferences, as well as the cost of the substitute teacher needed to relieve the participant. A teacher attending such a conference will be granted sufficient leave time to attend without loss of compensation or benefits.
- E. In order to encourage summer study and education awareness, the Board shall pay to any recipient of either Federal, State or County financed summer program relevant to his field, the difference between any stipend or grant the teacher may receive and the amount, limited to seventy-five percent (75%) of teacher prorated salary for a like number of days. The application procedures and reporting requirements shall be as provided in the Sabbatical Leave clauses. Successful completion of in-service courses will be applied toward salary advancement credit.
- F. All in-service course, with prior approval, and those taught by an Association member shall be credited as follows:

1. Horizontal salary schedule advancement effective August 28, 1996 (the date of the Memorandum of Agreement) will be predicated upon those numbers of credits (received for graduate level, in-service, etc. courses) assigned by the institution providing the course.

2. Two (2) in-service credits for every ten (10) hours of instruction by an Association member for that member or compensation at a per hour rate, chosen at the discretion of the teacher. If substantially the same course is taught a second time, the teacher will be paid.

3. A teacher wishing to institute such a course will submit a course outline to the Superintendent for approval.

G. Grades K-12 will have one additional day for a teacher's workshop to be used for teachers conference time, curriculum development or professional activities.

ARTICLE XXV

EVALUATION/ OBSERVATION

A. All monitoring of the work performance of the teaching staff shall be done openly with full knowledge of the teacher involved.

B. Probationary teachers will receive at least two (2) formal evaluations each semester. Tenured teachers will receive one (1) formal evaluation each year. In the event there is a need for more than one (1) observation, such observations should have written suggestions for improvement and shall be spaced at least one (1) month apart to allow the teacher time to implement such change.

C. Any evaluation will be considered formal when the teacher is notified at least five (5) days prior to the scheduled visit. A formal evaluation will include a pre-observation conference at a mutually agreed upon time when the teacher will provide an overview of the lesson anticipated so that the focus for the observation can be established. A post-observation conference will be held within five (5) days. The written evaluation will be prepared after the post- observation conference. An additional conference may be held after the written evaluation is received, if the teacher so requests.

D. All evaluations must be signed by the teacher. Signature does not necessarily mean concurrence with the evaluation.

E. It is understood that the intent and purpose of the evaluation process is to promote self-improvement by providing constructive criticism and assistance when necessary. It also provides an opportunity to observe exemplary techniques within the classroom so that these techniques and methods may be shared with others.
