## From the Editor . . .

YOUR EDITOR SAYS before you receive another QUARTERLY, it will be necessary for you to cast your ballot on the Universities Bond Issue if you live in Illinois. Because of the importance of this referendum to the people of Illinois, you will find it presented at length in the ISNU NEWS LETTER. Welfare of the state demands that all citizens vote on the Bond Issue. Failure to vote on the referendum November 8 results in a "no" count on the Bond Issue, for a majority of all those voting in the election is required to carry the question.

ISNU alumni are urged not only to cast favorable ballots themselves but to encourage their neighbors to vote. For full information about the Universities Bond Issue, consult your October ISNU NEWS LETTER and then give it to your neighbors to read.

## Building Names Honors ISNU Women

These five former ISNU faculty women have been honored by having their names selected for University buildings. On the left are Miss Alma M. Hamilton and Dr. Jennie A. Whitten, for whom the new residence halls are named. Feeney Center, adjacent to the new residence halls, bears the name of Mrs. Mae Warren Feeney, pictured in the center. On her right is Miss Wezette A. Hayden. Hayden Auditorium in Metcalf School is named for her. On the far right is Dr. Rachael M. Cooper, whose death is reported elsewhere in the Quarterly. The health service wing of the special education building will be known as the Cooper Health Service.

Mike Curry, president of the 1960 senior class, speaks to his classmates, their parents, faculty members, alumni, and others attending the June 11 Commencement in the Outdoor Amphitheatre. Shown seated from the left: President Robert G. Bone, Vice-President Arthur H. Larsen, Board Member Clarence Ropp, Assistant to the President Eric H. Johnson.

## AROUND THE CAMPUS

As the magazine goes to press, classes have been underway for two weeks . . . University student organizations are holding their first meetings . . . Football is in the air (the first two games gave the Redbirds one win, one loss) . . . Homecoming committees are getting into full swing . . . Some 110 new faculty and non-academic members are becoming acquainted with ISNU.

The student enrollment, over 4,400, is at an all-time high in campus classes . . . Extension students still continue to register . . . TV class has begun.

Conferences have started with some 1,000 reading teachers holding meetings last Saturday—speech teachers—home economists—cheerleaders—elementary teachers planning to be on campus soon.

Discussions about the referendums facing voters in November as well as about political candidates hold attention of both faculty members and student groups.

Articles in 'Quarterly' Prompt Letter

June 30, 1960  
Two articles in the recent *Quarterly* caught my attention.

One was about a Barton Memorial. When I was a student at ISNU we had no men's residence halls but lived in private homes. I lived at 305 West Ash St. in the home of Mr. and Mrs. Fred Goff. One of their sons was "Pim" Goff, who later made the name famous in coaching. One or two doors from the Goffs was the home of Miss O. Lillian Barton. I remember her fondly. So I send this little contribution to add to her Memorial.

The other article, pages 3 and 4, gave pertinent facts about Arnold Collier, somewhere in Florida. I should like to have his present address.
