TOWN WARRANT, 1928

THE STATE OF NEW HAMPSHIRE

(L. S.) To the inhabitants of the Town of Unity, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, in said town on the 13th day of March next, at nine o'clock in the forenoon to act upon the following subjects:

1. To choose a town clerk for the ensuing year.
2. To hear the reports of the selectmen, and other town officers, and pass any vote in relation thereto.
3. To choose a member of the board of selectmen for the ensuing three years.
4. To choose a trustee of trust funds for the ensuing three years.
5. To choose a library trustee for the ensuing three years.
6. To choose all other necessary town officers for the ensuing year.
7. To raise such sums of money as may be necessary for repairing highways and determine the price to be paid per hour for labor.
8. To see if the town will vote to raise such sums as may be necessary to secure state aid for permanent highway improvement and state aid maintenance.
9. To see what sums the town will vote for snow removal, and raise and appropriate money therefor.
10. To see what sums the town will vote to raise for controlling the white pine blister rust in town.

11. To raise such sums as may be necessary for other necessary town charges.

12. To see if the town will vote authorizing the selectmen to borrow money in anticipation of taxes.

13. To transact any other business that may legally come before said meeting.

Given under our hand and seal this 25th day of February, 1928.

Charles A. Newton,
Albert L. Reed,
Willard H. Walker,

Selectmen of Unity.

A true copy of Warrant—Attest:

Charles A. Newton,
Albert L. Reed,
Willard H. Walker,

Selectmen of Unity.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Members of the School Board and Citizens:

I am submitting for your consideration, this, my fifth annual report. There has been a marked increase in enrollment at the County School this year. The additional pupils come from homes near the school. The crowded conditions at East Unity have been relieved this year by a decrease in enrollment, thereby rendering the school easier to administer by the teacher.

This year has seen a completion of the program for offering a standard of education fairly comparable to the conditions in all the schools of the school union, for preparing pupils for their high school work or for giving them a well rounded Elementary school education. I hope this condition has given the satisfaction to all those sending pupils to school that it has to me. Today the pupils in our schools are receiving instructions from the same kind of text books and the same kind of equipment as they would encounter in any school in the union. In order to get the same results, it became our duty to keep trained teachers in the school. We are left no option in the matter of employing trained teachers. The State is turning out each year more than enough graduates from its Normal school to supply the demand created by the vacancies occurring in all the Elementary Schools of the State. As a consequence, the State Board of Education is insisting that whenever vacancies occur, that we shall hire trained teachers for the positions. This will eventually become an established fact in every school in the State.

It has been gratifying to me to have the support of the School Board in completing a program of well rounded activities in our school, both scholastic and otherwise. This will help to place our graduates on an equal footing with pupils entering high school from other systems. Although this may seem to be rather insignificant, yet it is a point of very great importance. Such conditions also make available for all others not going to high school, superior educational advantages.

We often hear people say, "We did not have thus and so when I went to school." Yet, well read people whether they have pupils going to school or not, will always end the statement by saying, "Even though I did not enjoy these advantages, I want my children to have better opportunities and training than I ever had the opportunity to enjoy." Every person has to compete with the person of his generation. So, if we wish our children to enter upon the tasks of life unhandicapped we must provide conditions as near as is possible to those presented in other places. This you have been doing and have arrived very near the goal for which we have been striving. Now is the time when we must give our attention to keeping conditions as good as they now are unless we see opportunities for improvement which is not unlikely, as we do not stand still in any condition for we either go ahead or backward.

In past years I have analyzed the specific situation as to teachers but this year it will suffice to say that our schools are well organized and an ample supply of trained teachers are available. If we are getting satisfactory results with the present teachers it will become known. If in any situation the Board desires a change there will be ample opportunity to effect it. But in making changes it is always well to consider that change merely for the sake of itself is not always the best policy to pursue. Personally I believe so far as the educational program is concerned for which our schools exist, we will find that the program made at the end of the year will be satisfactory.

I have enjoyed working with the School Board for the improvement of our schools for the past four years and it has given me no less pleasure, the friendly attitude received from the citizens of Unity. Permit me at this time to express my gratitude to the citizens of Unity for the fine spirit of cooperation evinced toward me, and my work, since I entered upon my duties as your Superintendent of Schools in October, 1923.

Respectfully submitted,

True C. Morrill.

February 10, 1928.
