MARY HITCHCOCK MEMORIAL HOSPITAL

Mr. Dorrance R. Hayes
Overseer of the Poor
Plainfield, New Hampshire

Feb. 21, 1956

My. dear Mr. Hayes:

During the year January 1, 1955, through December 31, 1955, the Plainfield Free Bed Fund in the Mary Hitchcock Memorial Hospital, Hanover, New Hampshire, rendered 39 days' service to seven residents of the Town of Plainfield, New Hampshire.

The charges at the minimum hospital rates for services rendered to these patients amounted to \$758.66.

The portion of the hospital's income from free bed funds which is allotted to the Town of Plainfield was increased during 1955 from \$400 to \$900. As of December 31, 1954, there was an unused balance, which, when brought forward, resulted in an allotment of \$1265 for the year 1955.

Subtracting the services rendered from the total allotment, there is an unutilized balance of \$506.34, which will be brought forward to 1956.

We are attaching the usual summary, showing the various charges to this fund.

Please accept my personal, as well as official, thanks for the fine manner in which this fund was handled during 1955.

Sincerely yours,

W. L. Wilson,
Administrator

WARRANT**

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Plainfield, in the County of Sullivan, in said state, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in Meriden in said district on Saturday, March 10, 1956, at 2:30 o'clock in the afternoon, to act on the following subjects:

- Article 1. To choose a Moderator for the ensuing year.
- Article 2. To choose a Clerk for the ensuing year.
- Article 3. To choose a member of the School Board for the ensuing three years.
- Article 4. To choose a Treasurer for the ensuing year.
- Article 5. To choose auditors or other agents for the ensuing year.
- Article 6. To hear the reports of agents, auditors, committees and other officers heretofore chosen and to pass any vote relating thereto.
- Article 7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of said district and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund and state building aid, together with other in-

come; the School Board to certify to the selectmen the balance between the estimated revenues and the appropriation, which balance is to be raised by taxation by the district.

- Article 8. To see if the district will vote to elect its officers by an official ballot and to adopt the non-partisan ballot system, as provided in Sections 112 and 120, Chapter 34, of the Revised Laws, as requested by petition.
- Article 9. To see what action the School District Meeting will take regarding transportation for high school pupils, as requested by petition.
- Article 10. To transact any other business that may legally come before this meeting.

Given under our hands and seals this 15th day of February, Nineteen Hundred and Fifty-Six.

BUILDING COMMITTEE REPORT

January 16, 1956

The Building Committee held several meetings following the Annual District Meeting in order to work out the details of the building plans and arrange for the advertising for bids. The plans were approved by the State Office of Education and the state fire marshal's office. Four different contractors bid on the addition and R. J. Pierce from Brattleboro was the low bidder. The heating and plumbing work was awarded to the low bidder, John McNamara, and the lighting was done by Fred Dean. The necessity of legislative approval delayed the start of construction and, consequently, the work was late in being finished and school was nine days late in starting.

The committee believes that the addition has improved the appearance of the building from the outside and has made an excellent educational unit for the present number of children in the eastern end of the town. The PTA has arranged an efficient and attractive lunch area and their cooperation and help is appreciated.

Elsewhere in this report there is a financial statement of the cost of the addition.

The School Board members of the committee thank Mr. Ranson who drew the plans and the other members of the committee who generously gave of their time and ability to plan, direct and supervise the construction.

Respectfully submitted

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board
and Citizens of Plainfield:

The construction of the two room addition with the basement space at Meriden, as directed by the building committee, was a very satisfying educational step forward for the children of your community. I appreciate the co-operation given by all members of the building committee, the School Board, and the contractors who did the various types of work on the building. The children now have excellent facilities for their education.

The work of the teachers has been very gratifying this year. Each teacher has at least several years of experience or good training for teaching and these factors have helped to make good education possible for the pupils. Several of the teachers have taken extension courses during the year, in order to keep up with new helps in the field of instruction. Mrs. Ann LaCoss has done a great deal for the children through her physical examinations. The children to age 15 have had the opportunity to have the Polio inoculations.

The janitors and bus drivers have performed their tasks especially well and have kept the safety of the children in mind. The drivers' interest in having the pupils cross the road in front of the bus while the red lights are flashing was particularly commendable.

The lunch programs have fed many pupils and this has been a help for the health of the pupils. Many foods from the Federal Government have been received for the lunch programs and the government has reimbursed the programs by five cents for each lunch eaten by a child. This has enabled the programs to operate at a low cost for the meals. The PTA groups have been most conscientious in the operation of the lunch programs and deserve the appreciation of everyone.

The condition of both of the schools that are in operation is very good. The unused school buildings that

are owned by the District should, undoubtedly, be sold in order that no additional cost result from them. The busses being used in Meriden Village are in good condition. The bus in Plainfield should be traded for a 48 passenger by September, 1957.

The District for the current year received \$17,340.87 from the state for aid for the operation of the schools. The next year's amount will be some less because there are more pupils in the state and probably more districts will qualify for state money. There is a definite possibility that the state income will be sufficient to qualify for the state to pay 20 per cent of the bond payment. The actual amount will be figured on the bond payment for the current year and should give the district \$250.00 for 1956-57 and \$500.00 for the next year.

My appreciation and thanks are given to the School Board, district officers and the citizens who have helped to make the current year successful.

Respectfully submitted,

Hammond Young
