Report of the Fire Chief

I hereby submit my report for the year ending December 31, 1950.

There were no serious fires during the past year.

There was only one chimney fire, one grass fire and one small forest fire.

We have purchased 500 feet of new hose, 6 new Indian back pumps, axes and bog hose.

Minor repairs have been made to the fire truck.

Attention is called to the fact that there is a fine for any fire without a permit even in the winter when there is no snow.

The telephone number is 342 at the box at the Four Corners, also the civilian defense signal is Red Signal—One 3-minute blast; White Signal—Three 1-minute blasts with 2-minute interval between each blast.

Respectfully submitted,

LEONARD B. ROBBINS,

Chief

LEONARD B. ROBBINS,

Auditor

July 22, 1950

Report of Superintendent of Schools

To the School Board and Citizens of Richmond:

I have the honor to submit my fourth annual report.

School Population: The present enrollment of Richmond pupils and their distribution among the various schools are shown in the following table:

School	Grade												Total	
	1	2	3	4	5	6	7	8	9	10	11	12		
North Richmond	5	2	2	6	8									23
Hinsdale						1	1		1					3
Symonds, Keene						1	1	1						3
Keene High School									3	3		1		7
Totals	5	2	2	6	8	2	2	1	4	3	0	1		36

From information supplied by the Richmond school census cards, the following table was prepared to indicate possible future first grade enrollments:

1951	1952	1953	1954	1955
11	5	12	3	12

In view of the fact that the citizens of Richmond have expressed serious interest in Richmond's school structure, it behooves them to consider carefully what the above figures mean in terms of future enrollments. Of particular concern to the people will probably be the possible total enrollments in the first eight grades. By combining the figures in the above two tables, a picture is obtained of these future enrollments. The figures derived from the census cards represent potential school children. They are children who are now living here in Richmond. If families move in or out of Richmond, the numbers can change. However, at present, at least, they will serve to indicate the school population for the next five years.

School Year	Grades								Total
	1	2	3	4	5	6	7	8	
1951-1952	11	5	2	2	6	8	2	2	38
1952-1953	5	11	5	2	2	6	8	2	41
1953-1954	12	5	11	5	2	2	6	8	51
1954-1955	3	12	5	11	5	2	2	6	46
1955-1956	12	3	12	5	11	5	2	2	52

It will be quite apparent to the citizens of Richmond that the above total enrollments are too large for a single one room school of eight grades. What then are the other possibilities!

1. Re-open the Four Corners School.
2. Continue the present arrangement of sending grades six, seven and eight to Keene.
3. Send all Richmond pupils, grades 1 through 12, to Keene.

After careful consideration of the above possibilities, the Richmond School Board has prepared a budget for the second arrangement. Number three, wherein all pupils would be sent to Keene, was discarded since it was thought that small children should not be sent so far from home. The first possibility does not offer the advantages of the second for the upper grades. Furthermore, the second choice is the least expensive of all three and is the only one which will also provide transportation for the senior high school pupils.

Buildings and Grounds: New windows were installed in the North Richmond School during the summer months. The floor was sanded and sealed. The outside door was hung to open outward instead of inward as formerly was the case. This is to allow rapid egress in the event of fire and to eliminate the possibility of pressure from behind preventing the inward opening of the door.

The wood shed has been repaired and shored by strengthening the supports. A new water reservoir was put in the stove. An iron railing was installed on the rear steps to reduce the possibility of accidents. Basketball backboards and hoops have been set up in the play area.

Miscellaneous: One of the most worthwhile projects ever undertaken in Supervisory Union No. 25, comprising the towns of Hinsdale, Richmond, Swanzey and Winchester, was completed this past spring. I refer to the topical fluoride treatment of the teeth of pupils in grades one through six. This treatment was given to 203 pupils in Hinsdale, 20 in Richmond, 232 in Swanzey and 255 in Winchester, a total of 710 pupils.

The treatments were all given at the Community Center Building in Winchester. When it is recalled that each child had

four separate sittings on different days, the magnitude of the task becomes apparent. Transportation alone was a considerable problem.

The cost of the project was borne by the federal government. If \$12 is considered a normal fee for the topical fluoride treatment, the total value of 710 treatments is \$8520.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, to the School Board and to the patrons of our school for their cooperation.

Respectfully submitted,

CHESTER C. LEES,

Superintendent of Schools
