# Forest Fire Prevention Is Everybody's Business

---

New Hampshire faces a continuing challenge in its forest fire problem — 97 per cent of all our forest fires being man-caused and preventable — a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community. Carelessness and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning, improperly extinguished debris, camp and cook fires —all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort — The rules are simple.

1. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.
2. Be sure that all lighted material — cigars, cigarettes and matches — are completely out before discarding them. Use ash trays in automobiles.
3. Make certain that your debris, camp and cook fires are completely out before leaving them.
4. Insist that others be careful and comply with burning requirements.
5. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER — the fire you prevent might be the one which could burn YOUR property.

REMEMBER — FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS AND OUR MOST IMPORTANT UNDERTAKING.

# Report of the Police Chief

---

I hereby submit my report for the year 1957.

Your officers attended meetings of Police Schools held in both Swanzey and Keene.

During the past year your police department has been able to secure uniforms and some equipment through the generosity of the Richmond Fire Company.

We have investigated reports of suspicious individuals at the pond and other localities and 17 break-ins. During the summer we patrolled the Green Woods Road twice a week. We recovered a stolen boat and transported suspicious individuals over the state line.

During the school year an officer has stood duty at the Four Corners twice a day to protect our school children.

Officers have also stood duty at all bingo games, the Old Home Day picnic and dance, at the Corners on Halloween night, and at the scene of four accidents.

We collected the delinquent dog taxes and destroyed several undesirable animals.

We have delivered emergency messages to residences without telephones and to people out of town.

We have cooperated at various times with the police departments of Winchester and Keene as well as the State Police and the office of the sheriff.

Your police department has tried to serve you to the best of their ability, but we can serve you only to the extent of your cooperation.

PLEASE MAKE IT A PRACTICE TO REPORT AT ONCE TO YOUR OFFICERS ANY SUSPICIOUS INDIVIDUALS OR HAPPENINGS THAT YOU MAY SEE ANYWHERE WITHIN OUR TOWN.

Thank you for your cooperation.

Respectfully submitted,

ROY B. HEISE, Chief

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Richmond

I have the honor to submit my eleventh annual report.

### Enrollment Table, September, 1957

### POSSIBLE FUTURE FIRST GRADE ENROLLMENTS

(Data taken from School Census Cards)

1958	1959	1960	1961	1962
10	4	5	5	5

	Grade												
School Year	1	2	3	4	5	6	7	8	9	10	11	12	Total
1958-59	10	10	10	11	7	9	7	8	2	2	0	6	82
1959-60	4	10	10	10	11	7	9	7	8	2	2	0	80
1960-61	5	4	10	10	10	11	7	9	7	8	2	2	85
1961-62	5	5	4	10	10	10	11	7	9	7	8	2	88
1962-63	5	5	5	4	10	10	10	11	7	9	7	8	91

The conclusion reached in last year's report that enrollments in the first four grades would tax to capacity the facilities of the North Richmond School for this school year and for next year has proved to be correct. Thereafter, for the years 1959 through 1963, the above table indicates that the enrollments in the first four grades will be progressively 34, 29, 24 and 19. If the North Rich-

mond School continues to house the first four grades, the reduced numbers of pupils will be more adequately accommodated.

Richmond is still faced with the problem of how to plan wisely for the future. Advice from the State Department of Education showed the futility of spending the \$2,500 appropriated at the last annual meeting for improvement of the North Richmond School. To do the job thoroughly as it should be done would require a much more substantial sum.

A new two room school for Richmond would be an expensive undertaking. The school district's latest assessed valuation as equalized is \$748,027. The long-term borrowing capacity of the district would be 4.0% of this assessed valuation as equalized or \$29,921. With special permission granted after a state investigation this amount could be increased to 6.0% of the assessed valuation as equalized or \$44,882. The lower figure is too small for the cost of really adequate construction of a wooden two room building. It is conceivable that it could be built for the larger figure.

However, it is questionable if a new two room school is the ultimate answer to Richmond's problem. The maintenance of such a school would be entirely different from that of the present one room school. The expense of operation would be considerably more. Budgetwise, the cost would probably exceed that of sending all of Richmond's pupils to Swanzey and Winchester. Educationwise, there really is no comparison. The advantages to be gained in sending all the pupils to Swanzey and Winchester are far greater than those to be derived by a new school building in Richmond.

It would be to Richmond's advantage to conduct a comprehensive study of the possibility of the formation of a cooperative school district with the other towns in this supervisory union. This perhaps could be the most sensible approach to be followed. Most certainly all avenues should be explored before any substantial sum of money is spent on something which later would be found to be entirely inadequate for Richmond's needs.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the School Board and the patrons of our school for their cooperation.

Respectfully submitted,

CHESTER C. LEES
