THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Marlboro in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the High School in said Marlboro on Tuesday, the twelfth day of March next, polls to be open at one of the clock in the afternoon, business meeting to be held at seven-thirty in the evening, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to raise and appropriate the sum of \$2,248.48 to pay for the repairs of the road grader or act in any manner relating thereto.
4. To see if the town will vote to raise and appropriate a sum of money not to exceed \$8,000.00 to purchase a new truck and snowplow for use of the Highway Department or act in any manner relating thereto.
5. To see what sum of money the Town will raise for repairs and construction of sidewalks or act in any manner relating thereto.
6. To see if the Town will raise a sum of money for repairs, water storage, equipment, supplies and other expenses of the Fire Department.

7. To see what sum of money the Town will raise for Electric Lights.

7A. To see if the Town will vote to install a street light on Jewett Street, approximately 300 feet from the corner of Pleasant Street or act in any manner relating thereto.

8. To see if the Town will raise the sum of \$2,500.00 to aid the Community Nursing Association or act in any manner relating thereto.

9. To see what sum of money the Town will raise for Memorial Day.

10. To see what sum of money the Town will vote for the purchase of tar for highways or act in any manner thereto.

11. To see if the Town will vote to accept State Aid on Class V roads, raise and appropriate the sum of \$580.89, the State to give \$3,872.61.

12. Will the Town vote to authorize the Board of Selectmen to file an application with the United States Government for an interest-free advance of Federal Funds, as provided under Public Law 560, 83rd Congress, to finance the cost of a study of the sewerage and sewage disposal needs of the Town; to accept the advance if and when granted; such advance to be repaid when construction is undertaken; to furnish the United States Government such information, data and documents pertaining to the application for an advance as may be required and otherwise to act as the authorized representative of the Town in connection with the application.

13. To see if the Town will vote to raise and appropriate the sum of \$282.84 (six cents per \$1,000. of the Town's equalized valuation) to the Monadnock Region Association, an agency to advertise, promote, and preserve the natural advantages and resources of the Town in cooperation with the other 37 towns of the Monadnock Region.

14. To see if the Town will vote to raise the sum of \$2,200 to help maintain the Frost Free Library or act in any manner relating thereto.

15. To see if the Town will vote to raise and appropriate the sum of \$1,090 to repair the roof of the library building and repaint the main building or act in any manner relating thereto.

16. To see if the Town will vote to authorize the construction of a new fire station with selectmen's rooms combined, on the old town hall site, and that the selectmen be authorized to use the insurance money from the old town hall, now in the hands of the trustees of trust funds towards the cost of this construction; also authorize the selectmen to use the proceeds from the sale of the old fire station towards the cost of this building; also that the selectmen be authorized to issue serial notes for the balance or act in any manner relating thereto.

17. To see what sum of money the Town will vote to raise and appropriate to support the program sponsored by the Recreation Commission.

18. To see if the Town will vote to raise and appropriate, for hydrant service, the sum of \$3,125.00, this being \$125.00 per hydrant.

19. To see if the Town will raise and appropriate the sum of \$2,395.49, \$1,000 to be used to pay the water note at the Keene National Bank due December 15, 1963, the other \$1,395.49 to make up the deficit of the water works department for 1962 or act in any manner in relation thereto.

20. To see if the Town will raise and appropriate the sum of \$1,288.00 as its fair share of the operating cost of the Elliot Community Hospital.

21. To see if the Town will vote a sum of money to provide police protection for the school children while crossing Main St. or act in any manner in relation thereto.

22. To see if the Town will raise and appropriate a sum of money for installation of Christmas lights and decorations, or act in any manner relating thereto.

23. To see if the Town will vote to raise and appropriate the sum of \$50 for Civil Defense.

24. To see if the Town will vote to give the selectmen the authority to expend not to exceed \$500, if equipment is available for the use of the Town through Civil Defense.

25. To ratify, approve and confirm the action of our Fire Department in joining our Town to the Southwestern New Hampshire District Fire Mutual Aid System in 1958 and in agreeing that our Fire Department may give and receive outside aid as provided in RSA 154 as amended.

26. To see if the Town will vote to adopt proposed regulations relating to the use and control of land for trailer parks, trailer coaches and similar mobile residences or abodes of shelter in said town or act in any manner relating thereto.

27. To see if the Town will appropriate the sum of \$100 for the pine blister rust program.

28. To see if the Town will vote to adopt the provisions of games of beano or act in any manner relating thereto.

29. To see if the Town will vote to accept the sums for perpetual care of Cemetery lots received since January 1, 1962.

30. To see if the Town will authorize the Selectmen to borrow on the credit of the Town in anticipation of taxes.

31. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate acquired by the Town through Collectors' deeds.

32. To hear reports of Town Agents or Committees of

other officers heretofore chosen or appointed and pass any vote relating thereto.

33. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and sixty-three.

CHARLES T. RICHARDSON,
WALTER E. BUCKMINSTER,
ALFRED S. DESPRES,

Selectmen of Marlboro

A true copy of Warrant—Attest :

CHARLES T. RICHARDSON,
WALTER E. BUCKMINSTER,
ALFRED S. DESPRES,

Selectmen of Marlboro

FIRE WARDS REPORT

Ending December 31, 1962

The Marlboro Fire Department answered eight still alarms, four general alarms and four mutual aid calls, one to Harrisville, one to Dublin and two to Keene.

The new tone control system for the alarm has been installed. This system will be tested every day at noon. With this new Tone Control, we are not able to blow district calls.

The Department wants to remind the people, in case of fire or resuscitator call 352-1100. The fire Wards want to express their appreciation to the Marlboro Fire Company, the Mutual Aid System and all of the people of Marlboro for their fine cooperation which has made our job easier.

Fire Wards,

ROBERT CAPRON

LEROY DERBY

LLOYD FRECHETTE

ALEX GREENDA

ARTHUR P. LAURENDEAU

REPORT OF RECREATION COMMISSION

The usual program of activities was conducted during 1962 with the addition of an evening program for adults. This new feature was enthusiastically received and we hope to repeat it during March and April.

We were fortunate to have Robin Beauregard return as our playground director. He offers a varied program and works conscientiously. A new feature of the program was work in hand crafts conducted by Mrs. Hamilton. There was an increase in registration and regularity of attendance seemed to justify extending the period to six weeks. The group was transported to Harrisville once each week for swimming.

The bleachers and fences at the athletic field were repaired and painted and the surface of the field was maintained in good condition. The blacktop area was used for outdoor basketball during the summer. The trees which were set out for shade are growing well and we look forward to the time when the whole summer program can be held at the field. We still face the problem of lack of toilet facilities.

During the past summer the Commission helped to support Little League activity and gave the usual assistance to the Red Cross Swimming Program. Both of these activities are extremely successful and those who supervise them deserve the praise of all. Your Commission is still mindful of the need for swimming facilities and has explored one or two possibilities but at present costs appear prohibitive.

We look forward to the coming season when we hope we can provide more activities and perhaps reach a larger number of people with our program. We are grateful to all who have helped in any way to make the program a success. Your sug-

gestions for ways to improve our efforts will be cheerfully received.

Respectfully submitted,

OMER M. DUMONT,
 IRVIN H. GORDON,
 CAROL B. HAMILTON,
 RAYMOND J. HUOT,
 FRANK T. ROBINSON,

Commissioners

1962 MARLBORO SUMMER PLAYGROUND REPORT

The playground was again supervised by Robin Beauregard who was assisted by Mrs. George Hamilton. Mrs. Hamilton bolstered the summer program with her knowledge of arts and crafts.

The playground was open for six weeks, July 9, through August 17. A total of 81 children registered for the program, an increase of nine over the previous year.

Tournaments were held in such games as horseshoes, clock-golf, checkers, badminton, and ping-pong. The group went to Harrisville once a week for recreational swimming.

The concluding week was the highlight of playground. The group was taken on an all day climb of Mount Monadnock, and the final day was set aside for a peanut hunt, a bicycle parade, contests, and an exhibit of the arts and crafts made throughout the summer.

ROBIN BEAUREGARD,

Director

Report submitted by Irvin H. Gordon, Treasurer.

REPORT OF POLICE DEPARTMENT

For the Year of 1962

The yearly report of the Police Dept., released by the Chief of Police is as follows :

We had 68 accidents, 12 were hospitalized. In other accidents, property damage from these accidents totaled \$11,462 00. 12 arrests were made this year.

We worked nights checking breaking and entering and theft of money and goods. We worked nights with the Sheriff for two months at various times. There were 6 breaks this year.

We checked cars going through town, and the State Police were called in at these times.

There were many complaints of people having gas and tires stolen from their cars. We checked complaints of drunkenness, people buying beer for teenage youths, family problems, and children destroying property. We have some complaints that are still being investigated by the Sheriffs dept.

At this time I would like to say, that we are having trouble with dogs around school at school hours, and running over people's property. Owners must keep them at home, or there will be a law posted that all dogs will have to be chained the year around. 5 cars were towed off town roads. Any cars left on the town roads during the winter months will be towed away at the owners expense.

I wish to thank everyone that has been helpful to us during the year.

Respectfully submitted,

ERNEST THOIN,

Chief of Police

ANNUAL REPORT OF THE FROST FREE LIBRARY

To the president and trustees of the Frost Free Library the librarian submits the following report for the year October 1, 1961 to October 1, 1962.

The library was open 144 regular days.

The library was open 27 days for Story Time. Total attendance was 454. Mrs. Arthur Knight, our narrator, was assisted by Ann Grover, Jane Richards and Tessie Carroll who are active members in the local Future Teachers of America organization. We deeply appreciate their faithfulness and willingness to help us with this service for the young children.

Circulation of books, pamphlets and magazines :

Adult Fiction	1950
Adult Non-fiction	1416
Magazines and pamphlets	1466
Juvenile Fiction	3467
Juvenile Non-fiction	1008
Total Circulation	9307

We have received 165 books from the State Library in answer to special requests. We have also borrowed 110 books for special exhibits and four films used at Story Time.

We have loaned 1054 books to the school.

Books borrowed from the Bookmobile :

Adult Fiction	360
Adult Non-fiction	422
Juvenile Books	1063
Total	1845

There were 174 new books purchased this year—87 juvenile and young peoples books and 87 adult books. We wish to take this opportunity to thank those patrons who have so generously given books and magazines to our library. We wish also to thank the church groups for placing magazines of their faith on our shelves.

The Shieling book collection, which we have been sharing with Troy, Sullivan and Swanzey Center the past two years, has been divided. Our library will acquire 60 non-fiction books from this collection. We have a complete file of the 250 books and also a record of the titles each library has so that we will know who to contact in case a title is requested. This collection has proven to be of great value to our non-fiction section.

We are enjoying the new book shelves that are a part of the renovation plan which was drawn up by Mrs. Margery Hopkins, State Library Consultant. Mrs. Hopkins' plans are for a complete renovation of the inside of our building which would give space to shelve 10,000 books. We are now shelving 7,000. Her plans, however, did not call for toilet facilities within the present room. It is our hope that progress can be made on these plans as it is nearly impossible to keep the books in systematic order with the limited book shelf space and present equipment.

National Library Week was a delightful experience for us. As your librarian I wish to take this opportunity to thank Mr. Bernard Silk, our local chairman, his committee and the organizations they represented for their time and interest in promoting the objectives of National Library Week.

N. L. W. Committee:

Mr. Oscar Croteau, Lions Club
 Mrs. Shirley Martin, Catholic Womens Club
 Mrs. Ruth Hallenbeck, Federated Womens Club
 Mr. Freeland Yardley, Grange
 Miss Eleanor Labrie, High School Faculty
 Mrs. M. Leslie, Elementary School Faculty
 Dennis Beaudoin, Student Council
 Karen Seaver, Student Council

Mr. & Mrs. Carl Christopherson, P.T.A.
 Mrs. Jean Williams, Girl Scout Leader
 Carol Ann Symonds, Girls Scouts
 Cynthia Clark, Girl Scouts
 Mr. Sherman Lovering, Cub Scout Leader
 James Lovering, Cub Scout
 Mr. Robert Wilcox, American Legion
 Mrs. Jeanne Croteau, Library Trustees
 Mrs. Mabelle Page, Library Trustees

We are grateful too, to all who loaned pictures, products of our town's early industries and other articles of local interest. We are most grateful to Mr. Harry Bemis for serving as town historian. Mr. Bemis reminisced with the oldsters and told many a tale of our forefathers hardships to the youngsters. It is my hope, as was the committee's, that some time soon we could organize a local historical club whose interest would be to provide a place for these treasures which serve as precious links to our past.

Never have things folded together to make such an exciting and eventful week. The trustees took interest in the program by giving a tea to honor Miss Ruth Hemenway who has given 32 years service to the library.

There were special programs for all ages :

Kindergarten, first and second graders were thrilled with the puppet show which Cub Scout Den No. 2 put on at Story Time. Upper elementary pupils were honored to have Mrs. Elizabeth Yates McGreal, a noted author of this area, speak to them. Junior and Senior High School were privileged to hear Miss deBruyne, a Holland teacher who was attending K.T.C., Miss deBruyne's talk added international flavor to our program. The art program emphasized book character sketches. The teachers in many classes assigned reference work. The Future Teachers of America assisted in making the programs, as well as at Story Time. The P.T.A. sponsored a three day book fair which was most successful. The Student Council assisted in setting up and taking down the exhibits. The Scouts and their leaders very willingly took over the window displays.

It is the first time we have had so many people participating for this purpose. It was my pleasure to experience this togetherness for the benefit of our library and town. The poem written by Mr. Croteau so dramatically depicts our rich heritage and the willingness to work together.

Mr. and Mrs. Harry Bemis, to whom the poem is dedicated, are living examples of this.

In closing I would like to quote the last few stanzas of Mr. Croteau's poem.

How delighted and happy were our citizens here,
 When Rufus Frost, whose name we revere,
 Donated the library substantially made
 of huge stone slabs, Marlborough Granite facade.

Our Frost Free Library as now it is known,
 Caters to all citizens both young and old.
 It furnishes books, good reading for all,
 a free education for folks that will call.

Hark now Ye Citizen, and think on the past,
 don't let our heritage falter, just make it last,
 And if problems confront us, as surely they must
 remember the lesson taught, 'er they crumbled to dust.

'Twas only their wish to make Marlboro a Town,
 a good place to live in, where friendship abounds.
 Their voices long muffled, now quietly still
 as over their graves sites the whip-o-will in shadowy flight
 singing its song through the still lonely night.

Respectfully submitted,

MRS. CORINNE NASH,

Librarian

MARLBORO COMMUNITY NURSING ASSOCIATION

Annual Report of the Town and School Nurse For the Year 1962

During the past year there have been made a total of 704 calls. Of these 171 were at \$1.00, 515 were at .50c, 15 were free, and 3 were transportation to Keene clinics or Doctors' offices at the new rate of \$1.75.

A total of \$168.75 was collected and \$242 in back bills was collected, making a total of \$410.75, and leaving a total of \$169.25 to be collected.

In the schools 282 physicals were completed with the school physician. Defects noted were as follows.

Heart murmurs, functional	26	Mouth breathers	2
Heart murmurs, reportable	4	Excess wax in ears	9
Enlarged heart	1	Poor posture	5
Enlarged tonsils	8	Gingivitis	1
Dental caries	71	Bronchial hoarseness	1
Swollen glands	14		

The nurse has completed heights, weights and eye exams on 388 pupils.

26 notices for defective eyesight were sent to parents. May I take this opportunity to point out that any child in my schools are my concern. If a notice is sent home, it is merely to bring to the parents attention that the Dr. or nurse has noticed a certain defect that should be attended to or that a certain correction, such as glasses, are no longer correcting as well as our records show they have been doing. Certainly I am not calling any par-

ent to account, nor charging neglect—unless they are neglected, but to call attention to a condition which may not be noticed in the busy home life. I thank you for your past cooperation.

Respectfully submitted,

MARGARET A. FORD, R.N.

REPORT OF PLANNING BOARD

The work of the Planning Board has been varied, from a study of statutes to understand its duties, to attendance of hearings, R. A. D. meetings, and special buildings committee meetings, also investigations of land sites, interviewing physicians, studies on town needs, maps, and drawing up ordinance amendments. To accomplish the above, we have occasionally met several times a week, and an average of more than once a month. Even so, the surface has been only scratched of work that the Planning Board needs to do.

Immediate projects consisted of development of plans for a municipal building, study of the proposed highway plan and its effect upon the community, as far as, the water system, sewage disposal, and other public utilities. Work is in progress on a water system card file and updating the water system map with the Water Works Superintendent. We have tabled work on a Town map until the State completes its aerial photography maps of this section and they are available to us.

In conjunction with the Monadnock Lions Club, we have and are utilizing all resources to procure a full time general practitioner for the Town. Many hours have been spent interviewing persons to this end, and we shall continue to do so until we have a resident physician here.

In seeking information for our needs, we have found our State Representative and most State personnel valuable and cooperative, also most of our local officials. We do feel that as a Board, we should have been more frequently in on initial planning sessions pertaining to projects that would affect changes in town planning. We have been glad to give our time this past year for the benefit of improving our community and by a "willing to work", tenacious attitude feel that the Plan-

ning Board in the ensuing year will be a more valuable instrument of Town government.

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the town of Marlboro qualified to vote in district affairs:

You are hereby notified to meet at the High School in said district on the 7th day of March, 1963, at 3 p.m. in the afternoon to bring in your votes for the election of the following officials:

1. A moderator for the coming year.

A clerk for the ensuing year.

A member of the school board for the ensuing three years.

A treasurer for the ensuing year.

One auditor for the ensuing year.

You are hereby further notified to meet at the High School in said district on March 7, 1963, at 8 p.m. to act upon the following subjects: (Polls will open not later than 3 p.m. nor close earlier than 9 p.m.)

2. To determine and appoint the salaries of school board members and the truant officer, and to fix the compensation of any other officer or agents of the district.

3. To hear the reports of agents, auditors, committees or officers chosen, and to pass any vote relating thereto.

4. To choose agents, auditors and committees in relation to any subject embraced in this warrant.

5. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries

of school district officers, auditors and agents, for the payment of statutory obligations of the district, and to authorize the application against said appropriation of any sums as are estimated to be received from the state foundation aid fund, together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

6. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

7. To transact any other business which may legally come before this meeting.

Given under our hands at said Marlboro on the 18th day of February, 1963.

ALDEN J. BEAUREGARD,
ALPHONSE A. DESPRES,
WILLIS B. PRITCHARD,

School Board

A true copy of warrant—attest:

REPORT OF PRINCIPAL OF MARLBORO SCHOOLS

To Roger L. Sundstrom, Superintendent of Schools :

I am submitting herewith my twentieth annual report as Principal of the Marlboro Schools. In it I shall include information about our pupils, our plant, our program and curriculum, our staff and such other material as I believe will be of value to you and of interest to the citizens. I shall not attempt to follow the fiscal year but rather to report on what has occurred since my last report which was submitted one year ago.

Elem. Totals	105	96	201	111	104	215	—14
Grand totals	209	185	394	218	191	409	—15

The above figures show a total enrollment at the beginning of this school year of 394 as compared to a total of 409 in 1961. The decrease of 15 is due to the transfer of Roxbury pupils who are now in another district. The loss of the thirty pupils was partly overcome by the decision of Harrisville to send seventh and eighth grade pupils out of town to school. We have twelve of these pupils. In looking at specific areas it can be seen that the enrollment dropped by one pupil in grades 7-12 and by fourteen pupils in grades 1-6.

Program and Curriculum—Grades 7-12

In grades 7-12, in practically all required courses the grades are divided according to ability and interest. This procedure is practically a necessity in these days of emphasis upon achievement. Post secondary institutions have become much more demanding upon the high schools to teach more and more material. The change even in the last five years has been very great. In subject matter areas which are elective the grouping is automatic. We attempt to give the college bound youngster as many experiences in both breadth and depth of program as it is possible to do. By the same token we attempt to develop maturity and general insight into practical problems among those whose education will probably terminate upon graduation from high school.

We believe that the work of our staff is reasonably successful when we consider progress reports received from institutions which our students attend. Parents and pupils must realize that the work beyond high school is on a higher level and is consequently more difficult. A few pupils in the past have been concerned because in college they were being expected to do work they had not taken in high school. This is certainly to be expected and they have to adjust to it.

Probably the greatest difficulty experienced by the largest number is that of learning a study pattern which will produce results. High school is the place where this pattern should start to develop. This development demands much of the home. Pupils must have time and place to study without interruption. College bound students must be talking in terms of hours of study and not a few minutes now and then if they are doing

justice to their work and to the development of a satisfactory study pattern. Everything that has been written about the college bound student and the development of proper habits applies with equal emphasis to those who will go into employment instead of to college. The demands of industry for serious minded and well organized youth have kept pace with those of higher education. We must not settle for less than the best possible performance from our boys and girls. This is a joint responsibility which neither the home nor the school can handle alone successfully.

I shall discuss program and achievement in grades 1-6 in a later section of this report.

School Staff

At the close of the last school year, five of our full time teachers completed their work in the Marlboro Schools. In the elementary grades Mrs. Margaret Ramsay, third grade teacher, resigned and Mrs. Marjorie Lovering was employed to take her place. Mrs. Clara Keezer who taught grade six last year was replaced by Mr. James Enderson. Mr. Enderson is a 1962 graduate of Keene Teachers College and Mrs. Lovering, a former teacher, has recently taken several graduate level courses at KTC, working toward her advanced degree.

In grades 7-12 three changes occurred. Mrs. Jeanne Eaves who had taught Home Economics for several years resigned and Miss Elaine Vincent, KTC '62, succeeded her. Mr. George Hamilton, physical education teacher and athletic coach resigned and Mr. Phillip Nelson who was graduated from Plymouth Teachers College in June was employed to fill this position. Miss Barbara Rousseau resigned as teacher of commercial subjects and Miss Betsy David a 1962 graduate of Salem Teachers College was hired as her successor. Mr. William Panzeri, a 1962 graduate of Keene Teachers College, was employed as an additional teacher in English and Social Studies. This was made necessary by the approaching revision of minimum standards.

Mrs. Elva Rawding, remedial reading instructor, retired in the middle of the year because of ill health and because the Joplin Reading Program is now well established, no re-

placement was employed. Mrs. Alice Scott, art supervisor for several districts, did not return because of the area reorganization. Mr. Nelson assumed the art instruction in grades 7-12 and the art work in grades 1-6 is being done by the classroom teachers.

Since school started in September, Mrs. Jane Barry and Mr. Oscar Frazer of the high school staff have resigned to accept positions in a nearby city system. They have been replaced by Mrs. Astrid DiMeco and Mrs. Marjorie Nims respectively. Mrs. DiMeco received her training at the University of New Hampshire and Keene Teachers College while Mrs. Nims was graduated from Mt. Holyoke and has done research work in industry.

We are fortunate to retain staff members as well as we do. The turnover has been a little greater this year than usual but a number of circumstances contributed and it would appear that the staff changes for the coming year will be fewer. The staff is working well and has the interests of the boys and girls at heart. Many of the staff members spend a great deal of time in directing and assisting with the extra-curricular program.

School Plant

We are making every effort to maintain the physical plant in good condition and believe that it is being done economically. We are attempting to keep the rooms painted on a rotation basis and much of this is done by the custodian during vacation periods. He also makes many of the minor repairs. It seems wise to do this work a little at a time rather than to have major renovations periodically.

During the past summer a sprinkler system was installed in the basement of the elementary school and another fire escape was added at the rear of the building. Both of these items have met with the enthusiastic approval of the fire underwriters and the representative from the fire marshal's office. A study is currently underway by the insurance office which may result in some reduction of rates because of the sprinkler system.

We have problems of space and are currently using three areas in the elementary building for high school classes. This is somewhat of an inconvenience although the practice of pupils

going to more than one building for classes is not confined to our school as we well know.

In addition to the use of classrooms in the elementary building, junior and senior high pupils eat in the lunchroom and the school nurse has her office there.

The Year Ahead

In September 1963 the second change in high school standards in five years will be put into effect by the State Department of Education. We are practically meeting those new standards now but some changes will have to be made. We have to have a person qualified in library science and someone to conduct a formal guidance program. Our other need is for a second unit in general mathematics for non-college bound students. Present plans call for the employment of one new teacher to replace a present staff member who will be able to qualify in both guidance and library work. Because of the size of our school we do not have to have a full time librarian or a full time guidance person and one person will have enough time for both areas. The second unit of mathematics can be added with no difficulty so we will have no problems in retaining our rating as a Comprehensive High School as determined by the State Department of Education. We are also a member of the New England Association of Colleges and Secondary Schools which is the accrediting agency for this section of the country. Membership in this group is essential in order for our graduates to get full consideration at colleges to which they apply.

After 1963-64, What?

As mentioned above, we already have need for more space and indications are that if the present elementary enrollment continues to move upward as normally expected, we will have to make some change in either program of studies or time schedule unless we have more room by September 1964. To cut back the program to any appreciable extent will affect our comprehensive status and to solve the problem by double sessions will create many hardships on families with pupils at several grade levels in school. A look at the enrollment figures given earlier

shows that class size in general will be about forty pupils and that is more than present space will accommodate. Also with the constant expansion of our program we have difficulty in scheduling all of the classes due to lack of teaching stations.

Our most pressing needs are study hall space, another laboratory, a foreign language room, a larger library and storage space. The total problem deserves very careful study and money angles should be explored including keeping a sharp watch on developments at the state level.

The Elementary School

There are approximately 200 pupils in grades 1-6 and eight teachers handle the groups. At present we have two first grades and grades two and three are divided among three teachers. Grades four, five and six are straight one teacher situations. This seems to be the best way to assign the teachers but other arrangements might be applied if the pupil distribution warranted it.

The Joplin Reading Plan is being continued in grades four, five and six with good results. A similar plan in arithmetic has had consideration but it appears at this time that any revision in the arithmetic plan should be in the direction of introducing Modern Mathematics. This program needs to be started in the lower grades but teachers will need help in getting it started and possibly we should consider some sort of in-service training program.

During the past summer Mrs. Azalea Wilson and members of her family conducted a successful music school at which several younger pupils started to play instruments. With the start of this school year, Mrs. Wilson has been employed an extra half day per week to enable her to give more time to the elementary music program. Her efforts with the instrumental group have resulted in twenty-two pupils now being nearly ready to play as a unit. Our plan is to continue this program during the coming summer and to make it available to many more boys and girls.

Mrs. Alice Scott, who had served as art supervisor in schools of Union 38 for several years did not return because of the realignment of the districts and no practical way of

bringing art supervision on a part-time basis has yet been found. However, the regular classroom teachers have solved the problem by doing a fine job themselves and the situation may well rest that way for the present.

We are continuing the Outdoor Education program in spite of the fact that neighboring schools have found themselves unable to participate this year. Plans are made for our sixth grade to be at Camp Union in Greenfield for a week in April and a drive for raising funds to help defray expenses is being conducted. This program has been popular in the past and provides opportunity for correlation of conservation studies with several phases of the classroom work.

Pupil Activity

The social life at our school is rather extensive as classes, club groups, cheerleaders and Student Council sponsor dances and socials on practically a weekly basis. These are usually held on Friday nights and are supervised by staff members. In addition to the social activities, there are musical and dramatic productions, and athletic contests to round out this phase of the school program. Our senior classes make an annual trip to Washington and their fund raising activities provide quite an extensive program.

Interscholastic Participation

Our athletic teams have had fine records and have done well in state competition over the past few years. Since last year's report our basketball team was runner-up in the state tournament and the baseball team won its second consecutive state championship. Last fall the soccer team was eliminated in the preliminary round of the play-off after having had an undefeated season. Currently the basketball team is near the top of the state standings and chances appear favorable for it to give a good account of itself in the approaching competition. Our girls' sports teams are continuing to compete with some of our rival schools. Fewer schools sponsor sports teams in competition than was true a few years ago. We are probably approaching the time when we need to develop an intra-mural program for the girls.

The Graduates

The Class of 1962 numbered twenty-eight when it was graduated. Of that number, eleven are at four year colleges and five others are in some other form of post-secondary training. Six are in the Armed Forces, five are employed in the area and one is a housewife. At last count there was a total of forty-one graduates presently attending institutions of higher education. We are proud of these young people and of the caliber of work they are doing.

Conclusion

As I conclude this report I wish to restate my feeling of appreciation to the many people who have helped to make my work here pleasant. It has been a privilege to direct the work of these schools but without the cooperation of fine teaching staffs, understanding superintendents, hard working custodians, lunch workers and medical personnel, and school board members with pride in the community we could not have succeeded in many of our ventures. Our program has been loyally supported by the townspeople and many from neighboring communities.

May the future continue to provide educational opportunities for the boys and girls of Marlboro that will prepare them for life in the busy world they will enter.

Respectfully submitted,

IRVIN H. GORDON,

Principal

February 1, 1963

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of Marlboro:

I hereby submit my first annual report.

Young people in Marlboro, as elsewhere in New Hampshire and the nation, went back to school in September against a background of loud and often bitter debate over the future of its schools. The debates included such topics as cooperative school districts, new high school minimum standards, the Interim Commission study, teachers' salaries, new school construction, State and Federal Aid.

The battle over these questions in education is, on the surface, a political battle, with occasional dashes of other prejudices thrown in. But under the surface, in reality, it is an economic fight, one of the oldest and hardest fought in the country. It is simply, unglamorously, a matter of money. Money to be spent on education—on teachers and facilities and subject matter which will mean, it is hoped, better futures. Some of these questions must be answered at the local level, others at the state and national level.

As schools opened last fall, Marlboro found itself in a reorganized supervisory union. This supervisory union is officially known as the Hinsdale-Marlboro Supervisory Union No. 25 and includes, besides the school districts of Hinsdale and Marlboro, the school districts of Harrisville, Nelson and Winchester. Numerous problems need to be solved when school districts from two former supervisory unions merge. These problems become even more acute when, at the same time, a new state-wide financial accounting system is effected and there is also a change of superintendents, at least for some of the school districts involved.

The preceding has been an attempt to show in the most general terms the school situation as it applies to Marlboro at present. What is the future for the Marlboro schools? Long range planning is a precarious adventure if one attempts to predict what political decisions will be made on the state level affecting local school districts. Nevertheless, Marlboro will soon be faced with a space need at the High School. The elementary school, although satisfactorily serving many generations, will begin to become more inadequate as modern requirements become more mandatory. It appears, then, that Marlboro will have the following alternatives:

1. Add on to the high school and eventually build a new elementary school on a different site.

2. Add on to the high school and eventually convert the building to an elementary school with the high school students educated elsewhere, either in a cooperative arrangement or on a tuition basis.

3. Convert the high school to an elementary school and educate the junior and senior high school students elsewhere either in a cooperative arrangement or on a tuition basis.

During the coming school year, these alternatives need to be thoroughly studied in order that recommendations can be presented to the citizens of Marlboro for action.

The citizens of Marlboro want the best education possible for their children. The Marlboro School Board shares this wish and will, I am sure, make every effort to bring it about.

In conclusion, I wish to express my appreciation to the principal and teachers, pupils and parents, the School Planning Committee, the School Board and the patrons of our schools for their understanding and cooperation.

ROGER L. SUNDSTROM,
Superintendent of Schools

January 18, 1963
Winchester, N.H.

**MINUTES OF THE ANNUAL SCHOOL MEETING
OF THE MARLBORO SCHOOL DISTRICT HELD
MARCH 8, 1962**

Meeting called to order at 3:00 P.M., March 8, 1962 by Moderator Ralph A. Pierce and warrant read. The election officials were qualified. The moderator declared the meeting open under Article 1 calling for the election of a moderator, a clerk, a member of the School Board for three years, a member of the School Board for one year, a treasurer, and an auditor under the Non-Partisan Ballot System.

The meeting was further called to order at 8:00 P.M. by the moderator to act upon the following subjects. The moderator declared the meeting open for action on Articles 2 through 8 inclusive.

Article 2. Voted favorably on the motion of Harvey J. Gaseau that we accept the salaries of the School Board and other officers of the district as printed in the budget.

Article 3. Mr. Ralph A. Pierce read the report of the School Planning Board as follows: "After the Cooperative School was disposed of at a special school meeting December 7, 1960 the School Board appointed three citizens, Clayton Wilcox, Helen Knight, and Ralph A. Pierce to work with the Selectmen and School Board to investigate and propose needs to keep the school system comprehensive .

Mr. Gordon gave reports on projected enrollment trends and space utilization.

The committee voted to have the School Board contact Mr. Randlett and have him bring in plans for an addition to the present high school to take care of our future needs. This was on February 2, 1961.

The plans were presented May, 1961 and the plans con-

sisted of some alterations to the present building, an addition of shop and three classrooms, a utility space and toilet facilities.

The committee then waited for the redistricting of the school supervisory union.

Report for Meeting of January 4, 1962

1. Mr. Despres cancelled the request for a piece of property by the selectmen.

2. Mr. Farnum answered to the question of the powers of the State Board of Education, that under Chapter 186.5 the State Board shall have the same powers of management, supervision and direction over all public schools in this state as the directors of a business corporation have over its business, except as otherwise limited by law. Lawyers interpret this chapter that the State Board can make small schools join cooperative schools or pay tuition.

3. State board and Conant considers 500 or more pupils proper high school size with not less than 100 pupils in graduating class.

4. A new addition can be made on present high school without proposed area for a new school, but advisable to acquire new land adjoining present property.

5. New elementary building being built must have one acre of land per school room.

6. If present high school building is not adequate, the school district has three choices, build a new school at new location, join cooperative school, or pay tuition at a large school.

7. School that is unapproved, the school district loses state aid which at present amounts to about \$28,000.

8. Adjustments and additions have to be made this year after reports were sent to State Board to keep our present school comprehensive as of now.

9. To have a new school room approved the minimum floor space must be 800 square feet.

10. The State Board of Education will not guarantee their present or future standard for a period of more than two years.

11. All buildings, sites, additions or alterations have to be approved by the State Board of Education before said changes are made.

12. Comprehensive does not mean that our college course is not adequate but that breadth of the program such as preparations, teaching periods a day, shop, home economics, physical education and so forth to come up to state standards.

13. If the school enrollment develops to the estimated proportions it will either have to have two sessions or build an addition to our present school."

Mr. Pierce then stated that the School Planning Board would become inactive until school enrollment changes or to the call of the School Board.

Mr. Pierce introduced Mr. Roger Sundstrom as the new Superintendent of Schools to replace Mr. Paul Clark in July.

A motion was made by Mr. Alden J. Beauregard that we accept the report of the Planning Committee and all reports as printed in the town report.

An ammendment to the motion was made by Charles B. Knight adding the words "subject to any revision in Article 5."

The ammendment was passed on a voice vote and the original motion as ammended was then passed on a voice vote.

Article 4. Voted favorably on the motion of Mrs. Alice Hildreth that we pass over Article 4.

Article 5. Voted favorably on the motion of Mrs. Alice Hildreth that the School District raise and appropriate \$174,708.14 and to authorize and direct the school board to apply against said appropriation such income as is estimated by the school board exclusive of state aid, and upon the determination of the amount of state aid to be received by the school district during the next fiscal year, to authorize and direct the school board to apply against such appropriation the sum to be received from state aid and with the school district clerk to certify to the selectmen the balance as an assessment to be raised by the town for school purposes.

Article 6. Voted favorably on the motion of Irvin H. Gordon that we adopt the provisions of Article 6.

Article 7. Voted favorably on the motion of Alden J. Beauregard that we adopt the provisions of Article 7.

Article 8. On the suggestion of Mr. Omer Dumont, the meeting gave Mr. Paul Clark a hearty round of applause for his service to the school.

All other business having been transacted at 8:30 P.M. the meeting returned to Article 1 to await the closing of the polls at 9:00 P.M.

The polls were declared closed at 9:00 P.M. by the moderator, the ballots were examined and counted and the votes for the various candidates were tallied by the moderator, in the presence of the district clerk and other election officers. When the counting was completed, the results of the count was declared and publicly announced by the moderator as follows:

Total number of votes cast	156
For Moderator	
Ralph A. Pierce received	152 elected

NOTES

- a. The following new funds were invested in the MANCHESTER SAVINGS BANK during the year:
 b. \$25,877.70 TOWN BUILDING FUND. Created by the Selectmen on 12/30/61, but received by the Trustees in the 1962 year, from the unspent balance of fire insurance received from the burned Town Hall.
 - c. 4,604.77 KATE REID TRUST FUND. Created 12/30/61 but received by the Trustees in the 1962 year, the annual income to be paid to the Selectmen for the general expenses of the Town of Marlboro.
 - d. 100.00 JOHN REID CEMETERY FLOWER FUND. Created from the Estate of Kate Reid on 12/31/61 but received by the Trustees in the 1962 year, the income to be used only for the purchase of flowers for the JOHN REID cemetery lot.
 - d. 150.00 C. M. LOUNDER CEMETERY FUND: Created 8/13/62; the income to be used only for the perpetual care of the C. M. Lounder cemetery lot #22 in Pine Grove Cemetery.
 - c. 46.88 MARIA L. KIMBALL EDUCATION FUND (PART): This represents the difference between the proceeds of \$25,000.00 received from the matured U. S. GOVT. (G) 2½s 62 and the \$24,953.12 cost of discounted \$25,000 U. S. TREASURY 3½s 71.
 - c. 46.87 JOHN H. KIMBALL CHILDREN'S HEALTH FUND (PART): This represents the difference between the proceeds of \$25,000.00 received from the matured U. S. GOVT. (G) 2½s 62 and the \$24,953.13 cost of discounted \$25,000 U. S. TREASURY 3½s 71.
- \$30,826.22
- e. Interest earned on the \$25,000.00 MARIA L. KIMBALL EDUCATION FUND was \$625.00 minus \$45.00 bond cost or a net income of \$580.00. Similarly, interest earned on the \$25,000.00 JOHN H. KIMBALL CHILDREN'S HEALTH FUND grossed \$625.00 minus \$45.00 bond cost to give a net income of \$580.00. Hence, the \$60,000.00 U. S. GOVT. (G) 2½s 62 matured during the year, with the \$50,000.00 cash received, we purchased \$50,000.00 U. S. TREASURY 3½s 41 at discount for \$49,906.25. The balance of \$93.75 from the \$50,000.00 received from the sale of the \$50,000.00 U. S. GOVT. (G) 2½s 62 was invested in the Manchester Savings Bank.
 - df. The WHITE-DUSTIN CEMETERY FUND was originally created with a principal of \$150.00 on 5/29/44 by Mrs. Mildred J. Norrby (Mrs. Eric Harold Norrby), 9 Langdon Avenue, Watertown, Mass., granddaughter of John Milton White; on 8/13/62, an additional \$50.00 was received from the Town of Marlboro to increase the principal to \$200.00; the income to be used only for the perpetual care of cemetery lot #60 in Pine Grove Cemetery. This \$50.00 was invested in the Savings Bank of Walpole.

Dec. 22	Marlboro	Robert E. McCarthy Marjorie A. Gelinias	Clinton, Mass. Clinton, Mass.

I certify that the above marriages are correct to the best of my knowledge and belief.

OSCAR F. CROTEAU,
Town Clerk

DEATHS

<i>Date</i>	<i>Place</i>	<i>Name</i>	<i>Age</i>
1962			
Jan. 9	Marlboro	Joseph P. Perreault	62
Jan. 10	Marlboro	Edward F. Green	76
Jan. 25	Marlboro	James B. Aytoun	80
Jan. 26	Concord	Annie Martin	79
Mar. 3	Manchester	Arthur L. Launay	72
Mar. 6	Concord	Sarah J. Nadeau	96
Mar. 15	Marlboro	Joseph N. Croteau	73
Mar. 16	Keene	George Korpi	68
Mar. 30	Swanzey	Matilda M. Pulkinen	84
Mar. 31	Keene	Charles M. Ballou	78
May 1	Marlboro	Robert G. Carlson	23
May 27	Keene	Lillian E. Derby	52
June 3	Keene	William F. Whitcomb	74
June 3	Keene	Alphonse J. Martin	87
June 26	Marlboro	Alice Thayer	82
Aug. 19	Chesterfield	Adley Frechette	75
Aug. 24	Winchendon, Mass.	Neva B. Kinsman	88
Sept. 16	Marlboro	Jessie E. Fitch	91
Sept. 20	Keene	Etta M. Bemis	72
Sept. 24	Marlboro	George O. Wiswall	83
Sept. 26	Marlboro	Roxana Spaulding	91
Sept. 29	Keene	Denise P. Laurendeau	88
Oct. 14	Marlboro	Edward P. Robbins	77
Nov. 9	Marlboro	Margaret C. Naylor	85
Nov. 12	Keene	Ellen M. L'Heureux	68
Nov. 13	Peterborough	Ory W. Lampman	67
Nov. 14	Keene	Charles E. Carlton	79
Nov. 29	Marlboro	Ralph P. West	71
Dec. 30	Marlboro	Henry C. Dumont	63

I certify that the above deaths as reported are correct to the best of my knowledge and belief.

OSCAR F. CROTEAU,
Town Clerk

Preventing Forest Fires Is Our Responsibility

Cost of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep Our Town Safe From Fire.

In 1962 we had 1 fire.

We burned 1 acre.

Permits issued 155.

FRED R. CLARK, Forest Fire Warden.

CORNELIUS WOOD, District Fire Chief.
