Inclusion of Gene-Gene and Gene-Environment Interactions Unlikely to Dramatically Improve Risk Prediction for Complex Diseases

Hugues Aschard,* Jinbo Chen, Marilyn C. Cornelis, Lori B. Chibnik, Elizabeth W. Karlson, and Peter Kraft

(The American Journal of Human Genetics 90, 962–972; June 8, 2012)

In the version of this paper published on May 24, Marilyn C. Cornelis's name was misspelled and the affiliations for Lori B. Chibnik and Elizabeth W. Karlson were incorrect. All errors have been corrected online and in print. The authors regret these errors.

A Human Homeotic Transformation Resulting from Mutations in *PLCB4* and *GNAI3* Causes Auriculocondylar Syndrome

Emery, Stanislas Lyonnet, Jeanne Amiel, Muriel Holder, Andrew A. Heggie, Michael J. Bamshad, Deborah A. Nickerson, Timothy C. Cox, Anne V. Hing, Jeremy A. Horst, and Michael L. Cunningham

(The American Journal of Human Genetics, 90, 907–914; May 4, 2012)

This paper incorrectly describes the amino acid substitution in *PLCB4* at position 329. This substitution is listed as Asn329Ser but should instead be Asn329Thr. This error appears in Table 1, Figure 3, and at two locations within the body of the paper. In the Supplemental Data in Figure S3, the figure legend should be corrected to read "A001" instead of "A011." The authors regret these errors.
