Correction to: Supportive Care in Cancer (2019) 27:3499–3507

<https://doi.org/10.1007/s00520-019-4637-3>

The text body contained an error on page 3501 Paragraph 2. Sentence 2:

It read: “Native speakers ≥ 8 years or higher not 8 years of age who had no previous experience with the PG-SGA before participating and who were willing and able to provide demographic information were asked to rate comprehensibility and difficulty of the first four boxes of the PG-SGA.”

This should in fact read:

“Native speakers ≥ 18 years of age who had no previous experience with the PG-SGA before participating and who were willing and able to provide demographic information were asked to rate comprehensibility and difficulty of the first four boxes of the PG-SGA.”
