Additions

Journals

Our **Wiley** e-journals package deal through OhioLINK has expanded as of 3/10/2022. UA authors have access to the open access publishing benefits in Wiley's 1,400 hybrid open access journals through the end of 2023. Authors at UA can extend the reach of their research and contribute to open scholarship at no cost to you or UL. This is the third Read and Publish deal provided by UL. Our other current deals are with Company of Biologists and Cambridge University Press (CUP).

Wiley's Author Workshop for OhioLINK: How to Publish in Wiley Open Access Journals is available for viewing here. More information for authors can be found here.

- Updated and redesigned Diagnostic Classification

Cancellations

While UL continues to work hard on cost control and budget management, some

cancellations are still necessary at this time for us to be able to meet all of our commitments.

University Libraries will provide as much notice as possible when resources are to be discontinued in an effort to lessen disruption to our users. Reductions to library collections will continue to be shared via Digest updates and directly with departments. Additionally, University Libraries provides and archives a quarterly update of resource changes (this report) via IdeaExchange@UAkron.

GEER Films on Demand Collection Access Ends May 31, 2022

In late 2020, OhioLINK received Governor's Emergency Education Relief (GEER) funds as part of the CARES Act to respond to the COVID-19 pandemic. This GEER funding allowed OhioLINK to expand access to several video collections from Films on Demand from early March 2021 through May 31, 2022. The GEER-funded access includes the Allied Health, World Cinema, Nursing, Physical Therapy, Health and Medicine, Feature Films, Humanities & Social Sciences, and Science video collections. (There is also a small collection of 624 Films for the Humanities & Sciences videos from the DRC that are currently hosted through Films on Demand. Access to these former DRC videos will continue through March 2024.)

Resource Notes and Updates

Kanopy is launching a new web platform for patrons starting March 28th, 2022. New features include:

- **A search and browse overhaul** which means users can find the films they need quickly and accurately.
- **An improved citation tool** that makes writing proper annotations a snap.
- **A new Live Transcript tool** that is helpful for accessibility. It plays the transcript simultaneously while the video runs and makes for easy excerpting.
- **A new placement of the Public Performance Rights graphic indicator** that lets professors and librarians easily know which films are eligible for event screenings.

In another change, only currently licensed Kanopy films will be discoverable in our catalog. In order to find potential Kanopy videos for education use, please use the Kanopy [platform](#).

OSA has changed its name to the **Optical Publishing Group**. Optical Publishing Group transitioned to a new URL as of January 26th, 2022. The new URL can be accessed [here](#).

We need your feedback!
