GRIDIRON HAPPENINGS

Much Improvement Shown Over Work of Last Week

Despite the inclement weather the football practice has been better this week than last. Potteiger and Mitterling reported for practice Tuesday, but their injuries make doubtful their participating in to-morrow's game. Keller, of the Scrub, who played a few minutes against F. and M. last Saturday, has been given some practice at end. Two promising freshmen, Rabb and Posey, were tried out on the Varsity for the first time and are showing up well. Robb, who has had football experience at Bloomsburg Normal, has been placed at right end, and after a thorough drill in the fine points of the game, may play in some of the games. Posey, who graduated from Reading High School last Spring, is light but his ability to catch punts and run through a broken field, will make him a valuable backfield sub.

Captain Thompson's sprained wrist kept him out of practice until yesterday, but it is expected that he will be able to get into the Le-high game. Wiedorn has been playing on the Scrub in order to more thoroughly master the positions of end and halfback. He is doing excellent work, especially on the defensive. Another Scrub man of promise is Bush, the 180-pound Freshman. He is green at the game but is picking it up rapidly. His strength and speed make him a valuable end.

The Scrub line is heavy and the back-field getting faster every day. It plays Bethlehem Prep. tomorrow and bids fair to come back victorious.

Wednesday evening the Varsity string had a long black board drill and on yesterday afternoon the hardest signal and scrimmage practice ever seen at Ursinus.

Miss Ermold Entertains

In honor of her guest, Miss Waddel, a graduate of Bucnell University, Miss Ermold entertained very delightfully at Olevian Hall last Saturday evening. The occasion was a success in every way and was thoroughly enjoyed. The following students attended: Misses Kemmerer, Hallman, Brooks, Hansom, Clark and Peters and Messrs. Robbins, Matlack, Lamont, Jacobs, West, Come and Billman.

URSINUS WINS

Franklin and Marshall Defeated in Slow and Loosely Played Game

BY B. H. LAMONT, '13

Before a large crowd, the eleven of Ursinus met and defeated the eleven of their old rival, Franklin and Marshall, on Patterson Field last Saturday by the close score of 11-6. On the whole, the game was one of the poorest played on the college gridiron for some years and, had it not been for the efforts of a few individual players for Ursinus and the general team work of Franklin and Marshall, the contest would have lost interest in every respect.

It was an off day for the Gold and Black. Aside from the first period, which was fast and spirited, the fellows lacked speed, failed to get together and played far below their usual standard. Frequent fumbling, together with poor tackling and lack of interference, seemed to be the rule with Ursinus rather than the exception. The ends were quite weak, especially in executing forward passes, and ground was lost time and again by the erratic passing of the centre. The team was additionally weakened by the inability of Mitterling and Potteiger to participate due to former injuries and by the removal of Captain Thompson from the line to the backfield.

In contrast with the poor playing of the local boys, was the combined and consistent effort of the visitors to keep their opponents from running up a large score. Outweighed but not outplayed, the Blue and White put up a fine exhibition of football, not only on offense but especially on the defense. While they scored because of the failure of one Ursinus' man to play his position, yet their chances of winning would have been good had they come on the field with the idea of taking the game.

Kerr Thompson played the best game of any Ursinus' men. His brilliant tackling in connection with some good runs by Gay were the redeeming features of the Ursinus' play. For Franklin and Marshall, Capt. Bridenbaugh was easily the star. He handled his team like a general and caught and ran back points in a manner that was a pleasure to witness. Scheffner and Hayes played well as ends.

Ursinus scored in the first quarter. In the first few minutes of

EDITORIAL

The constitution formulated by the constitutional convention has been ratified by the Classical and Historical-Political Groups with the Mathematical Groups to follow soon. The Chemical-Biological Group rejected it on the grounds of a technicality.

The constitution calls for an annual election of Senators to the Senate in the spring of each year so as to make it a perpetual body. The Senators are to be apportioned according to the numerical strength of the various groups. The contention of the Chemical-Biological Group is that by electing Senators in the spring, out-going Seniors are represented in the apportionment and that the constitution makes no provision for the changing membership of the group in the following year.

Their exception is well taken, but we strongly urge this group to overlook this small matter and elect Senators to the Senate, leaving this problem to the Senate itself which can readily adjust it by deciding upon some suitable amendment and submitting it to the groups for ratification.

As the present lassitude of the freshmen and other extenuating conditions call loudly for a regulating body, this reform is much needed and should not be held up by small technicalities that can easily be adjusted at a later date.

* * *

There is much righteous indignation among the second year men on account of the poor manner in which the present freshmen assist the football managers in caring for the field and assisting visiting teams with their baggage.

The upper classmen organization last year decreed that all such work should be done by freshmen so as not to work any hardship upon any particular set of loyal fellows. The plan worked excellently and especially after a few fellows were "put through" for refusing to comply. The present Sophomores did their work splendidly and they have a right to demand the new-comers to bear their share of the burden. We hereby not only urge all Freshmen to report for work upon the request of the managers, but kindly warn you that any delinquency in this matter may cause the visitation upon you of some very unpleasant circumstances by those who have worn the yoke before you.

Notice to Subscribers

The Board of Control, at the request of the Editorial Staff, are contemplating the advance of the day of publication of our paper to Monday instead of Friday of each week. In all likelihood our next issue will appear Monday, October 30th, instead of four days later as heretofore. The wisdom of this action is to obvious to require much discussion in its behalf.

According to our present time of publication all news and especially our sporting news, is one week old. To the modern newspaper public and writers nothing is more abnoxious than to be compelled to read and handle news that has already been peddled and conned over by the reading public. In view of these facts and in compliance with our desire to serve our subscribers to the best of our ability we have urged this reform.

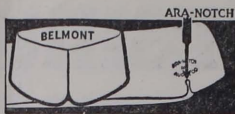

It is the earnest hope of the staff that this plan will meet with the heartily approval of our readers and especially the alumni owners of our paper. We want to serve you and in order to serve you best we must give you our news first hand if possible. Practically all of our big undertakings take place on Friday and Saturday of each week and by going to press on Monday we can give you first hand information concerning our college activities.

Classical Senators

At a meeting held at 1.30 Monday, the Classical Group elected as representatives to the Student Senate West, '12, Billman, '12, Yoh, '13, and Small, '14.

Historical-Political Election

The Historical-Political Group met at 7:30 Tuesday night and elected as representatives to the Student Senate Douthett, '12, Matz, '12, Robbins, '13, and Reinhold, '13.

ELECTRICITY FOR LIGHT INEXPENSIVE

Good light lends cheer and comfort to every home and once enjoyed you will hesitate to return to the use of kerosene lamps. As an example of what it costs we give you the average costs of lighting during the shortest days of the year. You require artificial light in the kitchen, on such days on an average of four hours, and with the 25 watt Mazda lamp, you would consume 100 watts; in the dining-room the average is three hours, and with the 40 watt Mazda lamp you would consume 120 watts; in the library or sitting-room the average is 300 watts; in the bath-room you would consume 25 watts, with three sleeping rooms, and using the 25 watt Mazda lamp, and an average lighting of three hours, you would consume 75 watts; a total of 625 watts. Our rate is 12 cents per 1000 watts, with a minimum rate of \$1.50 per month, for which we allow 15000 watts. You may not require light as many hours as we have figured, and you may not use it in as many rooms as above described, but if you use less, illustrated it will cost but a fraction over 8 cents per night, and on the days when the sun rises late and sets early. Let us help you to turn winter nights into summer evenings.

A very interesting discussion
meeting was held Wednesday eve-
ning on the subject "The Stability
of Religion." Many of the fellows
responded in a spirited manner.
Some of the points brought out
follow: West, the leader said,
"Lack of time will make it impos-
sible to discuss every religion so
Christianity alone will be taken up.
There are many things that show
the stability of Christianity. It is
not an upstart, a type, nor a fore-
runner but a fulfillment. It must
not be confounded with the many
dogmas and creeds built up by ec-
clesiastics. Christianity is aggres-
sive and progressive, has withstood
opposition and is steadily gaining."

M. Jacobs said, "Some people
used to be Christians through fear
of hell, others for the hope of a re-
ward hereafter, but these are no
longer the motives that hold men.
Men turn to religion because with-
out it they are dissatisfied with
their present state. Christianity
abides because it satisfies men's
noblest longings."

Douthett—"Religion is undoubt-
edly stable—more stable even than
politics. The fact that most men
are religious because of parental in-
fluence rather than individual
thought makes religion so stable
that you need have no fear of being
a radical on that line. Make your
religion conform to good and truth-
ful ideas rather than warp the truth
to fit your religion."

Herson—"Religion is not church-
going, singing, forms, etc., but it
is a spirit of uplift to humani-
ty and the maintenance of high
ideas."

Matlack—"When a young man,
Darwin said that religion was an
acquired characteristic but before
his death he thought it springs up
from within and is present in all
men."

Holt—"Christianity has advanced
because through Christ it type-
fies faith, hope and love, especially
love."

The meeting next week will be
led by Douthett on the subject of
"Aim of Life."

Y. W. C. A.

The regular weekly meeting of the Y. W. C. A. was held on Tuesday evening at the regular time. Miss Brooks led the meeting and had for her topic, "Proud--of what?"

In the course of her talk she said that the besetting sin of humanity seems to be that we think more highly of ourselves than we really ought to. We are cautioned against taking pride in wisdom. We should take an honest pride in our country, our homes, our friends and our work. Every one of us should be proud of the fact that we have such a kind and forgiving Saviour to whom we can go with any trial or trouble.

Zwinglian

A large and appreciative audience attended the miscellaneous program, which was enjoyed because of its variety as well as the way in which it was rendered. The features follow: Piano solo, Fegley; reading, Riegler; vocal solo, Bransome; mock oration, Kantner, male quartette, Douthett, leader; dialogue, Lamont and Mathien; musical recitation, Miss Rapp; essay, Brubaker; parliamentary drill, Bear and Wiedorn, leaders; piano duet, Misses Wiest and Rahn; review, Miss Wagner.

The society welcomed Minich, '15, into active membership. Among the visitors was Rhoades, '08, who gave an excellent talk on matters of interest.

Deutscher Verein

Last Tuesday evening a number of students met and effected the permanent organization of a Deutscher Verein. The following officers were chosen: President, Robbins, '13; vice-president, Miss Hain, '13; secretary, Miss Wagner, '14; treasurer, Miss Mayberry, '15; pianist, Miss Bartman, '13; musical director, Professor Von Riedel. It was decided to give a German play later in the year. All students interested in the study of the language, literature and customs of the Germans will find membership in the Verein a valuable supplement to their regular class work.

Following this, Ursinus made no further score and the game dragged slowly.
