INTEREST KE'N IN TRACK ATHLETICS

Much interest is felt in the track meet which will be held at the University of Pennsylvania tomorrow afternoon. The team representing Ursinus has been placed in the fourth class, with Gettysburg, Franklin and Marshall, St. Johns, West Chester Normal and New York University. The race will be of peculiar interest because of the fact that Ursinus will be pitted against her inveterate rival F. and M., with whom athletic relations were severed several years ago.

The team that Coach Price has selected consists of Captain Davis, Maeder, Custer and Kershner, with Douthett and Gerges as substitutes. Of these men Davis, Custer, and Maeder have run before at Pennsylvania in the intercollegiate races and Kershner has had experience in track work at Norristown High. We are in a fast class, but the showing made by the men on the slow track on which they practice bodes well for their success to-morrow.

Captain Bogert, Bacon, Holt, Poland, and Laurent, substitute, have been chosen to represent the Academy. These men will undoubtedly make a fast quartette.

There will be a fair representation of the student body at the races. The teams deserve the hearty support of everyone, for they have been working faithfully for several months, and even though neither team finishes in the front they will surely make a creditable effort, which is all that can be asked of teams that have labored under the disadvantage of a poor track. The other events at the meet will also be of great interest, as all of the best athletes of the country are entered in the various contests.

BASEBALL

URSINUS 1. ALBRIGHT 2.

The game on Saturday between Albright and Ursinus was one of the most interesting our team has so far played. The game was for the most part a battle between Horten and Eisenberg, with the honors equally divided. Both pitchers were in excellent form and hits were almost as few as were runs. Ursinus scored the first run in the second inning when Horten hit between left and center for three bases, and scored on Pownall's long fly. Not to be outdone, Albright started its half of the inning by getting men on first and second. A clever double steal advanced them each a base, and they scored when Hoover dropped Eisenberg's hard drive. After this the fielding tightened up and there was no further scoring.

The score:

RECEPTION AND DANCE FOR JUNIORS

Last Monday evening the Juniors were delightfully entertained with a reception and dance given in their honor at Glenwood Hall by the class of 1912. The committee on decorations deserves special credit, for the hall and reception rooms were beautifully bedecked with pennants and wall flowers, and were provided with several pretty and comfortable cozy corners for the weary ones. Many pleasant games and diversions were prepared for the entertainment of those present, not the least of which was the "flying bowl" and the seemingly inexhaustible supply of delicacies in close proximity. The affair was an indisputable success, as was evidenced by the rousing cheers of the 1910's as they took their leave, each one well satisfied that he could be proud to be the sponsor of a class like that of 1912.

MUSICALE AND SOCIAL

The musicale and social given by the young ladies of the Historical-Political group proved a pleasant affair in every respect. The program contained several delightful piano solos by Miss Riddle, pleasing vocal solos by Miss Ebbert '05, and a charmingly rendered duet by Mrs. Henckels and Miss Freyer. The piano solos by Miss Snyder of Philadelphia, were highly appreciated, while the readings by Mrs. Jessie Royer Greaves, a member of the class of '92, were especially enjoyed. The committee is greatly indebted to those who so generously assisted in the evening's entertainment. The receipts of the musicale have been added to the Historical-Political Club's library fund, which now includes the following contributions:

Rev. O. P. Shielhamer, '85	\$5 00
Prof. R. G. Gettel, '05	3 00
Prof. D. R. Rohrbach, '06	2 00
Prof. C. G. Haines, '03	5 00
W. R. Douthett, '12,	2 00
Lecture Recital	12 45
Musicale (Total receipts)	\$27 25
	\$59 70

FIELD HOUSE FUND

Only one week remains until the pledges made toward the field house fund are due, and but a few more until school closes. It therefore behooves the students to get busy, and to furnish some assistance without the constant drumming that has so far been necessary.

In view of future possibilities there should not be a student who would would not willingly search the lower corners of his pocket book, and who would not grasp every opportunity to work for the field and field house. Through influence of several parties the faculty will allow every student a full day from classes to finish the field, so when this day comes, probably early next week, let us see everybody out with implements ready for a good day's work. The fund stands now as follows:

Bal. carried forward	515 77
Edwin M. Sando	5 00
Prof. J. W. Clawson	5 00
H. P. Tyson	5 00
Margaret Rapp	2 00
E. C. Erickson	1 00

RUY LAPEZ CHESS CLUB

The busiest season of the school year is at hand, and there is a great deal of work to be accomplished before the spring examinations. The Chess Club, one of Ursinus' infant organizations, wishes, if possible, to complete its tourney before school ends, so that the handsome prize chess set can be carried off by some lucky individual when he returns home.

While not desiring to call particular attention to any individual member of the club, the industry shown by Mr. Lindaman is certainly very commendable. Out of a schedule of forty-two games he has already played off thirty-nine. It is earnestly requested that the members get busy and play as many games as possible each week. It is not the wish of the WEEKLY to publish the same old scores week after week, so get to work and change your percentages. If anyone asks you to play a game, say Chess. Score to date:

First Division	W	L	Percent.
Mathieu	12	3	.800

held last Friday evening in Bomberger Hall. A large audience was in attendance and the debate was spirited and interesting, reflecting credit upon the members of both teams.

The question, Resolved, "That the system of initiative and referendum should be adopted by the State of Pennsylvania," was debated affirmatively by F. T. Krusen '09, G. W. Knauer, '10, and H. J. Herber, '11. The negative position was defended by A. W. Peters, '09, H. P. Tyson, '10, and T. W. Stamm, '12. The situation was an amusing one. On the board of judges was ex-Governor Pennypacker, and from the outset the affirmative side harranged severely the present condition of politics in Pennsylvania, and uttered bitter tirades against the ex-Governor's political associates. In announcing the decision of the judges Mr. Pennypacker declared, however, that the affirmative had the better of the argument, and awarded the first prize of \$15 to F. T. Krusen, the second prize of \$10 to H. J. Herber, and the third prize of \$5 to G. W. Knauer.

The other judges were H. Wilson Stahlhacker, of Norristown and Prof. E. B. Ziegler, of Conshohocken. The music of the evening was rendered by the Quartette and Orchestra.

MAY FESTIVAL BOOMING

All indications point toward the success of the May Festival, which has been so widely advertised around college—thanks to those little red stickers. And not only have they served to amuse the childish at home, but have also heralded the event to the outside world. Artistic programs are being prepared and a long list of patronesses is being arranged. Much general interest is being shown, as is evidenced by the fact that several Philadelphia choirs and musical societies have completed arrangements to attend, and will make the trip in special cars.

It is not doubted that the music itself will fully justify these extensive preparations. The Handel Choral Society, which has been hard at work for several months on the cantata, "The Rose Maiden," will be complemented by four of the best vocalists of Philadelphia, who will take the solo parts. Perley

Dunn Aldrich, the noted baritone who delighted an Ursinus audience several years ago, will be heard at the festival. The other soloists, Mrs. W. H. Green, soprano, Mrs. M. Hacket Cooper, alto and Mr. Geo. W. Chestnut, tenor, are likewise vocalists of known ability.

The music festival, which will be the first of its kind ever attempted at Ursinus, will open on Thursday evening, May 6, with a general musical program, at which the various musical organizations of the college will be heard. On Friday afternoon there will be an artists' program by the Philadelphia talent and Friday evening the "Rose Maiden" will be sung.

The chart for seats at the several programs is now ready and the best seats are rapidly being taken—ergo—make haste to secure yours.

BASEBALL

BETHLEHEM PREPS 10, SCRUBS 0.

Several serious difficulties combined to defeat the Scrubs in their second game, played at Bethlehem last Saturday. The team in the first place, was crippled by the loss of Romeo and Gay, who went with the Varsity, and moreover Thomason had pitched but a few days before and was in poor condition. However, lamentably ragged fielding, rather than hits, lost the game for Ursinus. Dickey pitched a strong game for Bethlehem, striking out fifteen men and allowing but two hits.

Score by innings:

Y. M. C. A.

The meeting on Wednesday was in charge of Yost, '10, the newly elected president. He read his text from Philippians 3: 13-14, and drew from this beautiful passage the lesson that as individuals we should forget our trials and disappointments, and should strive to ward better things in the future. As an association we should forget the comparative failure of the past year's work, and should henceforth exert every effort to arouse interest in the Y. M. C. A. work.

Mr. Yost closed with a report of his visit to the Y. M. C. A. Pre-

sidents' Convention at F. and M. College, and pointed out the work the organization intends to accomplish during the present administration.

URSINUS UNION

The monthly meeting of the Union was held on Tuesday evening. The Latin-Mathematical group was represented. Custer, '09, read a paper in discussion of the Copernican Heliocentric theory of Astronomical Activity, and the recent discoveries of Prof. Pickering which may lead to the discovery of a new planet. Prof. Clawson reported upon the present status of physics, and gave an interesting talk upon the classification of matter in motion, dealing chiefly with the Atomic System and the behavior of the electrons.

The attendance was discouraging. It is very much to be regretted that in a student-body of 230 members only 15 or 20 are to be found at these meetings, where the most interesting current topics are discussed by the members of the various groups. Not only are the students guilty of neglect, but also a number of the Faculty, who used to be regular attendants. The Union affords an opportunity for students to keep in touch with what is occurring in other than their own groups and is deserving of more attention.
