## BASEBALL

The 6th day of April was an eagerly awaited one for the candidates for the base-ball team, consequently when it dawned with old Boreas blowing at forty miles an hour there was some murmuring at the fickleness of the gods. Toward noon however the wind abated and interest was revived by the arrival of the Williamson team. The game started promptly at three o'clock with Shunk and Lau on the firing line for Ursinus. Beans, the first Williamson batter hit one to Shunk who tossed it to Quay but Matt was evidently a little nervous and dropped the throw. Addis knocked a fly to reliable "Dad" Koerper who gobbled it up. Springer got to base on an error. Logan hit scoring Beans. Then Krause hit one on the nose bringing in two more runs. The next two were easy outs. After this first inning Williamson was not dangerous. Snyder opened up for Ursinus with a single to right and got to second when Beans dropped the third strike on Kerschner. Paiste hit to Krause forcing Snyder at third. Kerschner scored from second on errors while Ashenfelter and Koerper were fanning the air. In the fifth, sixth and seventh innings Ursinus scored two runs each inning and one more in the eighth, making the total score 8-3. Captain Paiste tried out a number of the candidates during the game and was able to get a pretty good line on the material. Quay and Lau with a little more experience will make them all hustle for a place. Roth and Hain while they were in the points showed to excellent advantage and will doubtless be taken along on the trip. Munhall and Abel work well together at first and second but neither has his job cinched. At the

## CONCERT

BY THE URSINUS COLLEGE MUSICAL CLUBS.

On Tuesday evening the Musical Clubs under the direction of Mr. Hellar made their first appearance of the season in Bomberger Hall. This is an event which the students had been anxiously looking forward to for some time. The audience, which was fairly large, went away feeling that the concert was a great success. The selections given by the Glee Club reflected great credit on every member and were enthusiastically encored. Mr. Heller treated the audience to two pretty classical selections, while Mr. Fogelman presented selections of a lighter vein, which always appeal to popular audiences. His charming voice and happy manner of production carried the house, and he was vigorously applauded. The instrumental sextet was substituted by a quintet, owing to the absence of Mr. Crunkleton. It was composed of Rhodes, Kerschner, Hellar, Sponsler, and Stoner. It proved to be a good substitute for last year's orchestra.

One of the most pleasing parts of the program was the quartet, composed of Messrs. Kerschner, Quay, Koerper, and Hellar. They rendered a number of difficult selections, and in every case did them justice.

The instrumental trio, composed of Messrs. Snyder, Crunkleton, and Maeder, rendered two pretty and interesting selections. We are glad to know that the concert was a success financially. The boys have been laboring under many difficulties and are deserving of a reward. Every number on the program gave evidence of hard work and careful training. The following program was given:

1. Timbuctoo *Geibel*  
Glee Club
2. Lucia Di Lammermoor *Donnizetti*  
Instrumental Sextet
3. Tenor Solo—I Arise from Dreams of Thee *Shelly*  
Mr. Heller
4. Violin Solo—Spring Song *Mendelssohn*  
Mr. Rhodes
5. My Lady Chloe *C Leightler*  
Quartet
6. Annie Laurie Arranged by *Geibel*  
Glee Club
7. Over the Fields at Early Morn *Geibel*  
Glee Club
8. Overture—Lutspiel *Bala*  
Instrumental Trio
9. The Jolly Four *Kratz*  
Quartet
10. Vocal Solo—Let It Alone *Fogleman*  
Mr. Fogelman
11. Moonlight *Steward*

## Y.M.C.A.

The regular weekly meeting of the Y. M. C. A. was held on Wednesday evening. The leader was Mr. Stamy, '08. Myers, Als-pach and Yost also addressed the meeting. The subject was selfishness.

Selfishness is something which we can not explain. It is the development of the Greek ideal of individualism. The Greek government was founded upon this principle. It remained for the Gospel of Christ to teach the brotherhood of man.

Selfishness is the cause of many crimes. It was selfishness that caused the betrayal of the Lord Jesus. It is this same motive that causes men to disregard individual honor for personal aggrandizement.

The temptation of selfishness comes to each and every one of us. Are we doing our duty towards our fellow man? How often we fail to assist and even rejoice in another's downfall! It should be our purpose to subjugate selfish aims to society.

We admire a man who is striving to rise if he gives his life to the service of society, but we justly criticise the one who seeks power for selfish aims. In Christ we find the true ideal of unselfishness. He cared not for his own glory; he had a greater work to perform—a work of self-denial and sacrifice.

## ALUMNI NOTES

Dr. E. G. Williams, '75, has changed his address from Marlboro, O., to Mount Pleasant, N. C.

Rev. J. H. Cristman has been secured to preach the sermon at the Commencement Exercises of the Ursinus School of Theology on May 2.

Rev. J. A. Mertz, A. M., '02, preached at Hellertown last Sunday for Rev. A. B. Koplin, who is ill.

Rev. J. W. Meminger, D. D., '84, will preach the sermon at the Commencement of Heidelberg Seminary on April 24.

Rev. J. S. Tomlinson, '00, has removed from Marietta to Dauphin, Pa.

## THE SUMMER SESSION

The catalogue of the Summer Session for 1907 is now being issued from the college offices. The session opens on Saturday, June 22, which is registration day, and continues six weeks. This year no academical exercises will be

held on Saturdays. The Faculty having concluded that better results can be gotten by setting aside one day of the week for recreation.

The courses offered embrace nearly all the subjects of the college curriculum. In addition, courses are offered in Methods of Teaching and School Administration for which college credit will be given. The opportunities offered here during the summer for serious study under the college faculty together with recreation in one of the most beautiful and historic sections of Pennsylvania, should make the Summer Session attractive to students. It affords an excellent opportunity for college students who are irregular to get into regular standing in the institution. The work is also very attractive to members of the teaching profession who are so engaged that they cannot attend college except in summer.

Dean Omwake will be in charge and almost the entire faculty will be present to give instruction. The courses in Psychology and Education will be given by Professor Charles A. Wagner of the West Chester State Normal School, and Mr. Miles A. Keasey, Instructor in Mathematics and Physics in the Drexel Institute, Philadelphia, will assist in Mathematics and Physics.

## PUBLIC LECTURES FOR SUMMER SESSION

During the coming Summer Session the college and town will be favored with a most excellent course of public lectures by men prominent in various fields of educational work in the State of Pennsylvania. These lectures are provided to give breadth to the Summer Session and to enrich the life of the college. The lectures will be free to professors, students, and townspeople alike.

The dates for the several lectures will be duly announced. The subjects are as follows: "The Pennsylvania Experiment" by Isaac Sharpless, LL. D., L. H. D., President of Haverford College; "Where Lumber comes from" (Illustrated) by Professor John W. Moyer of the Northeast Manual Training High School, Philadelphia; "The American Theory of Education" by Francis Burke Brandt, Ph. D., Director of the Philadelphia School of Pedagogy; and "The Great Virginians" by Ethelbert D. Warfield, D. D., LL. D., President of Lafayette College.

### EDITORIAL

With this issue the new staff begins its task of publishing the WEEKLY. Our ambition is to keep the paper up to the high standard which it has attained in recent years. Whether we shall succeed or not will depend on the efforts of the staff and the support of the student body. Our desire is to make this a typical college paper. We do not intend to make it the production of a few. We want it to be the representative of the entire student body.

Of course the WEEKLY in the past has not been immune from criticism, and will not be in the future. We want you to criticise the paper and help to improve it, but let the "knocks" come directly to the editors.

One of the most important columns of the WEEKLY is the column of Alumni personals. In order that the paper be a financial success it must contain something that will interest the Alumni. Nothing will do this so much as a good column of Alumni personals. We therefore request that the Alumni help to improve the paper by sending a few news items from time to time concerning members of the Alumni. In this way you will be doing a favor, not only to the editors, but to all the members of the Alumni who read the paper. It is our desire to keep in touch with

all the members of the alumni, and we solicit your earnest co-operation.

At a meeting of the WEEKLY Staff, which was held last Friday, Stoner, '08, resigned from his position as athletic editor. Snyder, '08, was elected to fill the vacancy caused by the resignation. The different members of the staff were assigned their work as follows: Miss Thompson, '08, Associate Editor-in-chief; Wolff, '08, Exchange Editor; Snyder, '08, Athletic Editor; Abel, '09, Editor of Y.M.C.A. and Society Notes; Kerschner, '09, Editor of Supplement and Alumni Notes; Miss Helen Neff, '09, Editor of Society Notes; Wagner, '10, Editor of Personals.

1. An Examination into the Economic Causes of Large Fortunes in this Country.
2. The History of One Selected Railway System in the United States.
3. The Untouched Agricultural Resources of North America.
4. Resumption of Specie Payment in 1879.
5. Industrial Combinations and the Financial Collapse of 1903.
6. The Case against Socialism.\*
7. Causes of the Rise of Prices since 1898.
8. Should Inequalities of Wealth Be Regulated by a Progressive Income Tax?
9. The Effect of the Industrial Awakening of Asia upon the Economic Development of the West.
10. The Causes of the Recent Rise in the Price of Silver.
11. The Relation of an Elastic Bank Currency to Bank Credits in an Emergency.
12. A Just and Practicable Method of Taxing Railway Property.

A First Prize of \$1000, and a Second Prize of \$500 in Cash are offered for the best studies presented by Class A, composed exclusively of all persons who have received the bachelor's degree from an American college in 1896, or thereafter; and a Prize of \$300, and a Second Prize of \$150 in Cash are offered for the best studies presented by Class B, composed of persons who, at the time the papers are sent in, are undergraduates of any American college. No one in Class A, may compete in Class B; but any one in Class B may compete in Class A.

The paper should be sent on or before June 1, 1908, to

bat Ursinus showed up weak, de-  
cidedly weak. Krause had the  
boys going on a slow drop curve  
and secured eleven strikeouts.  
They were too anxious to knock  
the first ball pitched out of the lot.  
This fault however may be overcome  
in a short time. Williamson had a  
good team who were always in the  
game and in Krause, have a clever  
pitcher. For Ursinus the features  
were the catches by Crunkleton  
and stops by Kerschner and Snyder.

### SRSINUS LOSES AT GETTYSBURG

On Thursday our boys lost the  
first game of the trip to Gettysburg.  
After a long, tiresome journey they  
reached Gettysburg at two o'clock,  
immediately had dinner, and then  
had to go out to the athletic field  
as the game was scheduled to be-  
gin at three o'clock. It snowed  
nearly all morning and also at in-  
tervals in the afternoon. It was so  
cold that the fellows were compelled  
to keep their sweaters on while  
playing the game. Paiste pitched  
a good game, but the boys were too  
cold to give him proper support.  
In addition to our errors, the um-  
pire favored us with a full line of  
rank decisions. The fatiguing  
journey, combined with the chilly  
weather and the rank umpiring  
seemed to take the snap out of the  
players. With a little more favor-  
able weather and better umpiring  
we are sure our boys could do bet-  
ter. The following was the score:

### LOST AT MERCERSBURG.

Owing to her inability to hit  
Wilkinson after the first inning  
Ursinus lost the second game of the  
trip to Mercersburg by the score of  
8-2. Snyder was only touched up  
for seven hits but they all came at  
opportunity times. Heavy hitting  
by Shultz and Marlin was the  
feature of the game, their hits  
totaling for nine bases. The score:

mulas, Recipes, Trade Secrets, Processes, etc."  
has been reduced from \$5.00 to \$1.25 for a short  
time. Order the book while you can get it. "It's"  
a spring tonic for any business. Did "go" into  
every state and Canada, besides several foreign  
countries this year. "It" makes business "go"  
and brings in the \$\$\$ to you. Endorsed by all  
manufacturers.

### THERE IS ONLY ONE KRAMER'S BOOK

"Kramer's Book of Trade Secrets" was written  
by Adolph Kramer, Analytical Chemist, assisted  
by other experts. Mr. Kramer was educated in  
Germany's most noted Technical Schools, and  
was over 30 years connected with large manu-  
facturing concerns in Germany and the U. S. It  
is the most complete thing ever written on  
flavoring extracts, giving formulas that have never  
been published, costing 30 cents per gallon and  
wholesaling for \$3.50 per gallon up. It contains  
hundreds of other formulas that have never ap-  
peared in print where the cost has ranged for  
each formula to sets of formulas, from \$5.00 to  
\$100.00. Every person who is out of employ-  
ment can make more out of this book than a  
person in ordinary business can on a capital of  
\$10.00.

"KRAMER ON ICE CREAM" is a booklet  
which has just been issued, telling how to make  
a prime ICE CREAM for 20 cents a gallon, abso-  
lutely pure and will pass, in any food law state,  
besides giving a number of other formulas and  
information. Can't tell all about it here. Reg-  
ular price, \$2.50, now \$1.00 or both books \$2.00  
Act quick.

# MARLIN

THE *Marlin* RIFLE, Model 1892, .32 calibre, is the best  
rifle made for exterminating pests and torments about a place, as  
rats, weazels, woodchucks, etc., also for a companion on your va-  
cation trip, combining the good points of the old muzzle-loading  
squirrel rifle with the convenience and rapid fire of the most improv-  
ed repeater. It is so constructed that the same rifle uses the follow-  
ing cartridges: .32 short and long rim-fire, .32 short and long center-  
fire, and is the only repeater made using rim-fire cartridges larger  
than .22 calibre.

The short cartridges are just the thing for small game while the  
long ones kill animals of fair size easily. On the first 2000 cartridges  
used you have saved the cost of a *Marlin*.

New *Marlin* Catalog—and our Experience Book that tells what  
*Marlins* are doing the world over—Free, for 6c. postage.
