## FOOTBALL

URSINUS, 18 WILLIAMSON, 0.  
 The game with Williamson last Saturday was interesting and hard fought although the excessive heat made the day very unfavorable for foot-ball. There was a large crowd present, eager to see what Ursinus would do in her first game. Williamson was light but fast and aggressive, her work in the second half being especially commendable. All the scoring was done in the first half. Williamson kicked off to Ziegler who ran the ball back 15 yards before he was downed. In two attempts through center, Ziegler made first down, while Heller made five more outside of tackle. With Heller, Faringer and Snyder carrying the ball, Williamson's 50 yard line was soon reached. Then Snyder went around left tackle for a touch-down, making the longest run of the game. Faringer kicked the goal. Score, Ursinus, 6; Williamson, 0.

Williamson chose to receive the kick-off but were able to make but few gains before being forced to punt. From the middle of the field, with the backs and tackles making large gains, Ursinus rushed the ball until Faringer went over the line for the second touchdown. He also kicked the goal.

On the next kick-off. Faringer sent the ball over the goal line and Williamson kicked from the 25 yard line. Again Ursinus, by end runs and tackle plays, carried the ball towards the goal. Ziegler was injured and Roth took his place. Heller was finally dragged over the line for the third touchdown, and Faringer kicked a very difficult goal. Williamson then kicked off and Ursinus lost the ball on the thirty yard line by a fumble. Alspach relieved Snyder, who was injured. Here Williamson got together and began to show how weak the Ursinus defence really was. Yard by yard Williamson gained until the three yard line was gained, but here Ursinus held as it is customary for Ursinus teams to do when their goal is threatened.

Time was called shortly after.

There were more substitutions in the second half. As Coach Kelley wished to try out as many men as possible. Harman went in at center, Quay at left guard and Garcia at right half. Later on Collyer replaced Garcia. Ursinus seemed to lack aggressiveness, while Williamson improved in both offense and defence. The play was pretty even and it was not until time was almost up that Ursinus got together, but a fumble spoiled the last chance of another touch-down.

The game showed up many weaknesses which will have to be remedied. The team seemed to lack spirit, although it was weak and the backs failed to break the interference. The practice during the last week has been hard and long. Trexler and Butz, whose weight and experience made them so valuable last year will certainly be missed, and our line must make up for its lack of weight by low, quick charging, Hain is rapidly rounding into shape again, and Ellis who has been severely handicapped by an injured side, will soon be in good condition. Taking everything into consideration we should make a creditable showing against Lafayette.

## Y. M. C. A.

The meeting on Wednesday evening was in charge of the Missionary committee.

The subject, "A Missionary Enterprise," was discussed in a four-fold sense.

Fry, '07, showed the awful state of affairs in India. In Bengal alone there are over 538 widows under one year of age, and 75590 between ten and fifteen years. Infant marriage is one of India's worst features. Immorality reigns supreme.

The one reason why the people of India do not accept the Christian religion more readily is, as the Hindu Swami said "because you are not like your Christ." What

we need is more conscientious workers.

"Dying? Yes dying in thousands,  
 A hopeless, despairing death:  
 Can we not hear them calling—  
 Pleading with bated breath—  
 'Will no one come over and bring us the light?  
 Must we perish in darkness darker than night?"

"Dying! and 'no man careth,'  
 Oh! shame that it should be so!  
 How is it so many are sleeping,  
 When they ought to rise and go?  
 There are blind eyes here in this Christian land;  
 Would to God they were touched by a mighty Hand!"

The last verse gives us a faint idea how we should feel about this great question.

"Dying? Lord, we are willing  
 To tell them that Christ hath died;  
 We are ready to go to earth's darkest place  
 And speak of the crucified:  
 Ready, dear Master, to work for Thee,  
 And to carry Thy message wherever it be."

Our duty at home is to do our share, by having a care that those, whom we send out to such fields, have the proper qualifications for "true service" in the foreign field.

Mr. Foltz, '06, said in part: Protestant workers have sent an urgent appeal to American Christians, showing the need of taking immediate advantage of the religious crisis in the Philippines. The curiosity to hear the American and the attractions he brings with him, draws an attentive audience.

The churches need a trained, native ministry, for which there is abundant material. Money and teachers are lacking.

Now is the time for the salvation of the Filipinos.

The report by Alspach, '07, was as follows: The missionary problem in Japan is different from that in China, India or Phillippine Islands. Japan is bold, aggressive and zealous, and while her political organization is complex, missionaries find that religious beliefs are greater impediments to the progress of Christianity than political matters. Shintoism, the national cult of Japan, Buddhism, philosophical in nature, and Confucianism a religion brought over from Korea are woven, warp and woof, into Japanese society. So it behooves that we send the very best men physically and mentally, to cope with the learned and superstitious minds of the Japanese.

Hamme, '08, spoke as follows in regard to China:

### EDITORIAL

Every new college organization adds greatly to the life of the institution. Even those who are not directly connected with such organization are nevertheless indirectly influenced by it. The Glee Club, which is in process of development, will mean a great deal to the college. Its influence will extend to those who are in no wise connected with the institution. It will be a means of enjoyment to the members of the club, and at the same time will be one of the best advertisements the institution could have.

\* \* \*

Ursinus gained a comparatively easy victory over Williamson last Saturday. The weather was extremely warm, nevertheless each player entered into the game with a great deal of force and spirit. The students turned out en masse to this first game, and some good cheering was done. The singing, however, could be improved upon. Each student should secure a copy of the college songs and commit them to memory. There will be some heavy games played on Ursinus athletic field this season, and each student should be there with yell and song.

### SOCIETY NOTES

#### ZWINGLIAN

The literary program was opened by Mr. Tool, '07, who rendered two spirited clarinet solos, "Mikado" and "Anvil Chorus" from Il Trovatore. The "Healing of the Lepers" from "Ben Hur" was recited by Miss Behney, '06. The reciter

held her audience perfectly by the manner in which she portrayed the most pathetic and thrilling scene in the whole story of Ben Hur. The cornet solo by Mr. Stoner, '08, was enjoyed by all. He responded to an encore. A humorous select reading, "The Spoopendikes," by Mr. Leidy, '08, was followed by a piano solo, Sinding's "Frühlingsrauschen," by Mr. Wise, '06. As an encore, Mr. Wise gave Ganne's "La Czarina Mazurka." Mr. Hain, '08, recited "A Modern Youth" with a humor characteristic of the reciter himself. Two quartettes, entitled "We Meet Again To-night, Boys" and "On the Chapel Steps," were rendered by Messrs. Koerper, Wise, Toole and Fry. Fenton and Reiser were called upon by the President for an extemporaneous conversation. They acquitted themselves well and kept the audience in a state of mirth by humorous sayings and witty repartee. It is not necessary to comment on the mandolin and guitar duet by Mr. Snyder, '08, and Mr. Crunkleton, '07. The hearty applause was an evidence of the society's appreciation. They rendered a second selection as an encore. "College Education for Women" was the subject of an oration by Miss Long, '06. The orator spoke well and showed herself an earnest advocate of co-education. The Zwinglian Review by Mr. Snyder was good.

The following officers were elected: Keasey, '06, President; Koerper, '06, Vice-President; Miss Yerkes, '08, Recording Secretary; Miss Jackson, '08, Corresponding Secretary; Fry, '07, Treasurer; Rhodes, '08, Chaplain; Wise, '06, Critic; Miss Long, '06, Musical Director; Stoner, '08, Janitor; Crunkleton, '07, Editor No. 1; Mabry, '06, Editor No. 2.

The society was pleased to receive into its ranks Howard L. Custer, '09, and Miss Rena Sponsler, A., both of Collegeville, and Miss Elizabeth Austerberry of Trappe, who were elected as active members.

SCHAFF.

The question which was discussed in Schaff Society on Friday evening was, "Resolved that the income tax is just and practicable." It was discussed affirmatively by Harman, '06, Foltz, '06, and Steward, '07; and negatively by Messrs. Dotterer, '06, Cook, '07, and Miss Duryea, '08. Considering that the question is a difficult one, especially at this time of the year, when most of us have not yet grasped the first principles of economics, the debate was spirited and very interesting. The affirmative, with Mr. Harman as chief, brought out the following points:

1. The income tax is in line with

the democratic trend of the world.

5. It seeks to correct the grow-conviction among the masses that the present tax system largely exempts those who are best able to pay.

3. It is an honest effort to rectify abuses and secure a more true equality.

The negative side brought forth these arguments:

1. It defeats the end of free government, in that it employs arbitrary and inquisitorial methods.

2. It would lead to double taxation,—a very undesirable condition.

3. It is impracticable because it could not be levied under the present requirements of the Constitution.

4. The Supreme Court has decided that it comes under the above Constitution.

5. It is impracticable, because we could not provide any practicable means of ascertaining the true income.

The judge, Mr. Myers, '07, decided in favor of the negative side.

Under voluntary exercises, Miss Paiste read a very clever and well composed Gazette. This number was especially enjoyed by all.

The musical numbers consisted

**OLD FASHIONED CORN ROAST**

Did you ever hear of one? Well it is not at all like a husking bee, where the chief end and aim is to find a red ear, but a modern corn-roast is one of the jolliest kinds of an autumn picnic imaginable, where one just goes out and roughs it for an hour or more. And that is what five jolly couples of Ursinus did Wednesday evening. They journeyed with their numberless accoutrements in the shape of shovels and axes and sweaters, not to mention the corn and sweet potatoes and cake, to the good old Perkiomen, where they found an excellent place to pitch camp. Here in true Indian style the "braves" of the party fashioned a rude oven of sod and stones and chopped a huge pile of wood for the camp-fire, while the "squaws" husked the corn and made the coffee. Then every one sat down around the roaring fire and enjoyed heartily the unique dinner. There blood-curdling stories of the Red men were told. One would-be Indian even indulged in a swim in the cool waters, our war-whoop was given and by the light of the dying embers, we paddled our canoes across the stream. Truly such a "going back to nature" sweeps the long accumulated cobwebs from one's brain.

**SCHOOL OF THEOLOGY**

During the past summer Messrs. Laros, Stamm, and Sando were working for the Pennsylvania State Sabbath School Association; Laros in Carbon County, Stamm in Clearfield and Sando in Lebanon and Wayne counties.

Messrs. Clapp, Ditzler, Peeler, Peters, Smith and Yeisley were engaged in preaching. Several of the men filled pulpits regularly.

Lentz was employed by the Pennsylvania Steel Co., and Hoshauer and Josat by the Philadelphia Rapid Transit Co.

Last Sunday a Sunday-school was organized by several men from the Senior Class at Wayne Junction. Yeisley was elected temporary Superintendent. The school will be under the supervision of Trinity Reformed church of which Rev. J. M. S. Isenberg is the pastor. It is expected that preaching will be begun at this place in a short time.

It is also proposed to start a Mission at West Philadelphia under the supervision of the First Reformed church and the young men from the Seminary are to have charge of the services.

The formal services for the installation of the new professors in the School of Theology will be held on Tuesday evening, Oct. 10, at 8 o'clock in Trinity Reformed church, Seventh St. below Oxford, Philadelphia.

On the afternoon of the same day there will be a business meeting of alumni and friends at three o'clock, and a luncheon at five o'clock, at the School of Theology building, 3262 Chestnut Street.

The new professors are The Rev. P. H. Vollmer, Ph. D., D. D., Professor of church History and Homiletics, to succeed the late Professor Jno. H. Sechler, D. D., and The Rev. E. S. Bromer, D. D., Professor of new Testament Exegesis and Theology.

**OYSTER SUPPER**

The Young Men's Christian Association of the college will give an oyster supper in Bomberger Memorial Hall, Saturday evening, October 14, 1905. The faculty, students and friends of the college are urged to be present to enjoy the supper as well as a social time.

The proceeds derived from the supper will be used towards the purchase of a new organ for the Y. M. C. A.

**COLLEGE WORLD**

On account of the rigidity of the entrance examinations, Lafayette's class of 1909 numbers only about one hundred.

The class of 1909, State College, numbers three hundred.

The class of 1909, Rutgers College, numbers ninety.

The new football rules are well explained in the *Orange and Blue* of Bucknell University.

Bucknell has this year opened a new course in Electrical Engineering.

Lehigh, 29; Albright, 0. Ursinus plays Albright on the 14th.

Plans are being made to move Smith College from Northampton, Mass., to Joliet, Ill.

Our ad in reference to the Autumn Leaf Excursion to the Battlefield of Gettysburg under the auspices of the Lutheran Orphan's Home at Topton, came unsolicited. The cause of this charitable institution is just. It is the cheapest excursion run that we know of—350 miles for \$1.75 both ways. The Lunch Car system is a feature quite new; it gives a person all the day upon the Battlefield. Need no dinner or supper at Gettysburg; accommodating waiters bring lunch to your seat. It is absolutely true that no finer autumnal scenery can be had from Little Round Top, where Gen. Warren, Chief of Staff to Gen. Mead fell as he gave the signal for the army to line up in 1863, July 2-3. Capt. Jas. T. Long, the great orator upon the greatest battles fought will lecture at 3 P. M. Continued from first page.  
The missionary enterprise in China was making its greatest progress in the year 1900 at which time the Boxer outbreak occurred when so many missionaries and native converts were massacred. In spite of these adverse conditions the enterprise has again gained firm ground and within the last two years the number of missionaries have increased at the rate of 13 per cent making at present one missionary to 131,000 persons. The number of pupils in the missionary schools has increased at the rate of 15 per cent in spite of the Chinese dislike for the mission school.

On the success of the enterprise in Japan depends the progress of the work in China, because the Chinese accept the western customs and teachings more readily in coming through their neighbors the Japanese, than direct from the Western missionaries.

### SONGS

#### CAMPUS SONG

Tune: The Orange and Black.

When the shades of evening gather,  
Ursinus students hie  
To the soft, green-swarded campus—  
For a time their books laid by—  
And the parting rifts of sunlight,  
As they linger soft and long,  
Shed a hallowed gleam of gladness  
On our merriment and song.  
Now the glees of old Ursinus  
Peal across the downy green;  
From Memorial to Olevia  
Span the distance far between;  
And the walls of dear old Prepdom  
The reverberations fling  
From the East Wing to the Dog House,  
As our voices loudly ring.

Then across the Perkiomen  
The chimings wing their flight,  
Till beyond the far-flung hill tops  
They kiss heaven's dome of light.  
Then as if they rued their boldness,  
Come in trembling echo back,  
And thus end the winged praises  
Of the red, old gold and black.

Play ball, Ursinus,  
Play good and hard,  
Rush the ball quick, boys,  
Gain yard by yard,  
Rah, rah, rah.  
Play for the old U,  
We will stick by you,

Play for Ursinus,  
You must win for us.  
Victory from — — —  
Rah,—rah, rah, rah, rah.

Hold them, Ursinus,  
Hold staunch and true,  
Tackle them surely,  
Don't let them through,  
Rah rah, rah.  
Now, then, or never,  
You must endeavor,  
Grant us the victory.  
Rah,—rah, rah, rah, rah.

Tune: The baby with a dimple and a smile

When Ursinus starts to play,  
In her good old fashioned way,  
You will find her sons a fighting good  
and hard.  
And the enemy we play  
Will see that we are here to stay  
When they see us gaining ground a yard  
by yard.  
CHO.—O,—you're up against it now,  
Can't you see the way our team through  
yours doth plough?  
O,——make another call,  
We will teach you how to play football.

In the good old football time,  
In the good old football time,  
Strolling through old — — —  
Gaining line by line,  
We hold the ball and rush it through,  
And that's a very good sign,  
That there'll be something doing  
In the good old football time.

THE Marlin RIFLE, Model 1892, .32 calibre, is the best rifle made for exterminating pests and torments about a place, as rats, weazels, woodchucks, etc., also for a companion on your vacation trip, combining the good points of the old muzzle-loading squirrel rifle with the convenience and rapid fire of the most improved repeater. It is so constructed that the same rifle uses the following cartridges: .32 short and long rim-fire, .32 short and long center-fire, and is the only repeater made using rim-fire cartridges larger than .22 calibre.

The short cartridges are just the thing for small game while the long ones kill animals of fair size easily. On the first 2000 cartridges used you have saved the cost of a Marlin.
