Overview

This course examines virtual workplace concepts and structures. It provides a study of the virtual workplace. Participants will gain an understanding of virtual workplace management issues using class discussion, cases, and team exercises. They will assess the impact of the virtual workplace on employees, management, business functions and results. Sessions combine face-to-face and virtual delivery.

Objectives:

1. Define various virtual workplace environments.
2. Identify economic, social, political, technological aspects of virtual workplace management.
3. Analyze opportunities, challenges, and risks associated with virtual workplace work structures.
4. Compare and contrast virtual workplace management with traditional workplace management
5. Describe key issues and concerns of virtual workplace managers and employees.
6. Understand how to adapt different management styles to virtual workplace management.
7. Describe how communication, trust, motivation, and teamwork change when working in virtual workplace environments.
8. Develop a virtual workplace management project.

Basis for Evaluation:

Evaluation of your performance is related to your demonstrated achievement of course outcomes through individual, group, and project work.

Group interaction is evaluated on the quantity and quality of responses to the faculty member and fellow students.

You are expected to be an active participant in the class, contribute new and relevant information to discussions, comment in a positive manner, and build on the remarks of fellow students. Individual work will be graded on its relevance to the assignment, comprehensiveness of information presented, specificity of application, clarity of reporting, and analytical skills used.

Final grades will be determined as follows:

Assignments:

Class participation 25% of final grade

- Attend class and participate in discussions and activities.
- Read one article per week, related to virtual workplace management as input to teamwork and class discussion.

Book Review 25% of final grade

- Read and review one book related to your interest in Virtual Workplace Management using the Book Review format handout. You may select a book from the list or choose your own.

Mid Term Paper 25% of final grade

- Write a mid term paper analyzing one virtual workplace management case study.

Team interaction and Final Project 25% of final grade

- Work in teams to develop a case and alternative solutions for virtual workplace. Base your case on one or more course objectives. Relate the case and objective(s) to situations and experience of your organization. Use the Case Development handout provided by the faculty to prepare a paper and a 30-minute presentation. Give the faculty the name of your team members and case description by the end of the second week of class.

Materials Fee for Articles and Assessments: \$45.00
