RE: COPYRIGHT PERMISSION

Dear Mr. Magier:

The American Society for Engineering Management hereby grants permission to use material from the Proceedings of the American Society for Engineering Management (ASEM) International Annual Conferences as listed below.

- Dario, E., Landaeta, R., & Unal, R. (2017). Creative confidence in organizational knowledge creation: A synthesis of the literature. Proceedings of the International Annual Conference of the American Society for Engineering Management, Huntsville, Alabama.
- Landaeta, R., and Lamarsh, W. (2005). Is crisis management a new knowledge area needed for the PMI? Proceedings of the American Society for Engineering Management, National Conference, Virginia Beach, Virginia.
- Landaeta, R., & Decker, B. (2007). Emotional intelligence: A review and discussion of its implications for project management. American Society for Engineering Management National Conference, November 7-10, 2007, Chattanooga, TN.
- Landaeta, R., & Decker, B. (2007). Technology-enhanced distance education in engineering: A research proposal. 2007 American Society for Engineering Management National Conference, Chattanooga, TN.
- Landaeta, R., & Decker, B. (2007). The role of emotional intelligence in promoting the use of knowledge transfer methods among project team leaders. American Society for Engineering Management National Conference, Chattanooga, Tennessee.
- Landaeta, R., Henrie, M., & Safford, R. (2005). Building crisis management capabilities in projects. Proceedings of the American Society for Engineering Management National Conference, Virginia Beach, VA.
- Landaeta, R., & Kotnour, T. (2003). Identifying critical knowledge for projects Proceedings of the American Society for Engineering Management, National Conference,
- Landaeta, R., & Kotnour, T. (2004). Writing reflective case studies for the Engineering Management Journal. Proceedings of the American Society for Engineering Management, National Conference, Washington, DC.
- Landaeta, R., & LaMarsh, W. (2006). Understanding the impact of crisis environments on the distributed cognition of multidisciplinary crisis control center teams. Proceedings of the American Society for Engineering Management National Conference, October 25-28, 2006, Huntsville, Alabama, USA.

- Landaeta, R., Sousa-Poza, A., Bedoya, L., Bozkurt, I., & Correa, Y. (2004). An understanding of the application of research methods in engineering management. Proceedings of the American Society for Engineering Management National Conference, Washington, DC.
- Landaeta, R., Taslicali, A., Unal, R., & Rabadi, G. (2006). Understanding managerial differences and similarities between AHP and ANP: An empirical study. Proceedings of the American Society for Engineering Management National Conference, Huntsville, Alabama.
- Landaeta, R., Unal, R., Nazikkol, S., & Rabadi, G. (2006). An empirical investigation of the effectiveness of crisis management strategies. Proceedings of the American Society for Engineering Management National Conference, Huntsville, Alabama.
- Landaeta, R., & West, C. (2006). A literature review of social capital. Proceedings of the American Society for Engineering Management National Conference, October 25-28, 2006, Huntsville, Alabama.
- Landaeta, R., & West, C. (2007). The challenge of studying team cognition in control center contexts. American Society for Engineering Management National Conference, 28th Annual American Society for Engineering Management, Chattanooga, Tennessee.
- Landaeta, R. E., Vergopia, C., & Diaz, R. N. (2008). Differences in the performance of knowledge transfer across projects: A study of gender and role of key project stakeholders. Proceedings of the 29th American Society for Engineering Management Annual Conference, 12-15 November 2008, West Point, NY
- R., L., & Kotnour, T. (2005). Knowledge management systems. Proceedings of the American Society for Engineering Management National Conference, Virginia Beach, Virginia.
- ASEM understands that the institutional repository is a not-for-profit service for academic authors, providing access to the full-text of publications. Full bibliographic details are given for each paper, including the conference of original publication, etc.
