Research and Scholarship

Research and Scholarship Report 2021

Message from the Dean

The School of Health Science has made one of its primary goals to increase the research and scholarship of its faculty members in all of our programs. This effort has been supported by the Senior Administration by giving us funds each year so that we can award small grants to support faculty research. Also, our Research Support and Development Committee headed by Dr. Frank Gardner and Dr. Meira Orentlicher has done much to support faculty research efforts through the many programs that they run each year. As Dean, I am very proud to present this list of faculty research efforts for 2021 and I thank our faculty for their hard work and dedication to research and scholarship.

Louis H. Primavera, PhD
Dean

Peer-Reviewed Journals

- Annals of International Occupational Therapy
- BMC Musculoskeletal Disorders
- Canadian Prosthetics and Orthotics Journal
- Industrial and Organizational Psychology
- Teaching and Supervision in Counseling

Summary

In 2021, the faculty of the School of Health Sciences completed the following scholarship activities:

Grants:

- 6 internal
- 3 external

Publications:

- 6 peer-reviewed articles
- 1 online magazine article
- 3 books and book chapters
- 4 other (dissertation, book reviews, professional and certificate board exams)

External Presentations:

- 15 collaborative presentations by multiple faculty members
- 8 supported by the SHS Dean's Research Awards
- 25 research platforms, paper presentations and workshops
- 11 posters
- 1 podcast

Internal Presentations:

- 5 Internal paper presentations, panels, and workshops

Grants

Dean's Office

Primavera, Louis

(In collaboration with Nowak, Ann – Law Center & Darrow-Kleinhaus, Suzanne – Law Center)
Awarded the SHS Dean's Annual Seed Award for the study, "Identification and Remediation of Reading Disfluency as a Key to Bar Passage for At-Risk Populations."

Behavioral Sciences

Asner-Self, Kimberly

(In collaboration with Kiwak, Menachem, Koenig, Virginia – OT, Orentlicher, Meira – OT, Gallina, Nancy – GSSW & Levine, Eric – GSSW)
Awarded Health Resources and Services Administration (HRSA), Behavioral Health Workforce Education and Training (BHWET) Program for Professionals Grant for the project, "Behavioral Health Workforce Education and Training Program for Occupational Therapy, Clinical Mental Health Counseling and Social Work Master's Students." (\$1,775,000; 2021-2025)

Kiwak, Menachem

(In collaboration with Asner-Self, Kimberly, Koenig, Virginia – OT, Orentlicher, Meira – OT, Gallina, Nancy – GSSW & Levine, Eric – GSSW)
Awarded Health Resources and Services Administration (HRSA), Behavioral Health Workforce Education and Training (BHWET) Program for Professionals Grant for the project, "Behavioral Health Workforce Education and Training Program for Occupational Therapy, Clinical Mental Health Counseling and Social Work Master's Students." (\$1,775,000; 2021-2025)

Lindeman, Karrie

Awarded Carvel Grant for the project, "Online Parent Training for Families of Children with autism."

Waxman, Richard

Awarded Additional Funds for a Previous SHS Dean's Award for the study, "Examination of Visual Perceptual Biomarkers across the Schizophrenia Spectrum: Implications for People with Schizophrenia and Schizotypal Personality Disorder."

Occupational Therapy

Koenig, Virginia

(In collaboration with Orentlicher, Meira, Asner-Self, Kimberly – DBS, Kiwak, Menachem – DBS, Gallina, Nancy – GSSW & Levine, Eric – GSSW)

Awarded Health Resources and Services Administration (HRSA), Behavioral Health Workforce Education and Training (BHWET) Program for Professionals Grant for the project, “Behavioral Health Workforce Education and Training Program for Occupational Therapy, Clinical Mental Health Counseling and Social Work Master’s Students.” (\$1,775,000; 2021-2025)

Leiser, Shifra

(In collaboration with Zeidler, Serena & Burke, Patricia - NYSCAS)

Awarded Additional Funds for a Previous SHS Dean’s Award for the study, “Use of literature and video in teaching cultural fluency concepts to nursing and occupational therapy students.”

(In collaboration with Bensinger-Brody, Yocheved - PT)

Awarded Research Related One-Time Only Purchase of Approximately \$300 SHS Dean’s Award for the study, “Qualitative Investigation: Client Family Perceptions of HANDLE® as Related to Foundational Principles.”

Orentlicher, Meira

(In collaboration with Koenig, Virginia, Asner-Self, Kimberly – DBS, Kiwak, Menachem – DBS, Gallina, Nancy – GSSW & Levine, Eric – GSSW)

Awarded Health Resources and Services Administration (HRSA), Behavioral Health Workforce Education and Training (BHWET) Program for Professionals Grant for the project, “Behavioral Health Workforce Education and Training Program for Occupational Therapy, Clinical Mental Health Counseling and Social Work Master’s Students.” (\$1,775,000; 2021-2025)

Zeidler, Serena

(In collaboration with Leiser, Shifra & Burke, Patricia - NYSCAS)

Awarded Additional Funds for a Previous SHS Dean’s Award for the study, “Use of literature and video in teaching cultural fluency concepts to nursing and occupational therapy students.”

Physical Therapy

Bensinger-Brody, Yocheved

(In collaboration with Leiser, Shifra - OT)

Awarded Research Related One-Time Only Purchase of Approximately \$300 SHS Dean’s Award for the study, “Qualitative Investigation: Client Family Perceptions of HANDLE® as Related to Foundational Principles.”

Garcia, Ralph

(In collaboration with Thakkar, Reema)

Awarded the SHS Dean's Annual Seed Award for the study, "The effectiveness of pelvic rehabilitation intervention in changing or improving balance scores in post-menopausal women over 50 years old."

Lee, Daniel

Awarded the SHS Dean's Annual Seed Award for the study, "Comparison of the Touro Older Adult Simulator (TOAS) to a Commercially Produced Geriatric Simulation Suit."

Schechter Weiner, Shira

Awarded the CDC National Institute for Occupational Safety and Health (NIOSH) grant for the development of interdisciplinary training modules using avatars and virtual simulation.

Thakkar, Reema

(In collaboration with Garcia, Ralph)

Awarded the SHS Dean's Annual Seed Award for the study, "The effectiveness of pelvic rehabilitation intervention in changing or improving balance scores in post-menopausal women over 50 years old."
