Oct. 11, 1957

Dear Margaret + all,

It's been a long time since I've written. It seems like I manage to keep busy all the time. This week has been especially so with Suzannes (W.M.S.) on Monday night. I had to have devotions, help with refreshments + check out a group of books from the library for the girls to read. Tuesday night was Students wives Circle and I had devotions again. Wed. P.M. and evening was the All Seminary Picnic (we enjoyed playing soft-ball). Last night the Faculty wives gave a party for all wives + girls. I am more than glad to be at home tonight.

We are all well. Mark still has the cast on his leg. The Dr. removed it two weeks ago + X-rayed. The X-Ray showed the bone mended nicely but it still was tender + the Dr. said a cast would keep him from re-breaking it. It will be removed next Thursday for good.

Carol had a happy birthday yesterday. She enjoys her paper doll so much. Thank you for it + also marks. I baked Angel Food Cakes for both of them (my first attempt) we still plan on going to Oregon for Christmas. According to present plans we plan to drive to Goddville on Dec. 18th and leave by train from Marion

on the evening of the 19th will probably stop in Soddville a couple days on our way back.

I haven't heard any more about Fran's plans? Does she still plan a trip to see June? Is Clark feeling O.K. now? I hope so.

Is Phyllis attending Coe?
Jake is busy with his studies but not going out quite so much for week-end services. Paul and John like school. Paul is taking piano lessons again but John wasn't too interested and their teacher pretty busy so he isn't taking now.

It's getting cooler here but there are still lots of nice days.
Bethel really had a big boy didn't she? Is her leg out of a cast now? Has Elaine Lee had her baby?

I'd better close as all the rest are in bed. I'm trying to get some house-cleaning done... so far I've finished the boys bed-room & the utility room.
write & tell me all the news.

Love

Florence
