# Miniversity

Miniversity is the orientation program which every incoming freshman and transfer student goes through. It is run under the auspices of the Dean of Freshman Studies, Dean Valyo. Bob Moran is in charge of the program, and he makes sure that it is a valuable experience for everyone involved. Students involved in running the program come from various aspects of campus life; the one thing that is common in all of the coordinators and group leaders is their heavy involvement in all aspects of campus life. These students are in charge of introducing University life at NJIT to all incoming undergraduate students. The coordinators and group leaders ensure that the incoming students get a realistic view of life at NJIT. The students are also introduced to the various activities that they can get involved in at NJIT, including Student Senate, Greek Life and many other clubs. Traditionally Miniversity has been a very rigorous program, yet all those who pass through it rave about their experience.

# Move in Day

# TECH WARS

For the students living on campus, their dorm rooms become their second home. Thus, they are very protective about their new family of floor mates, and a lot of friendly competitiveness between the different floors and residence halls inevitably develops, with each group claiming to be better than the other. What better way to settle the disputes than by squaring off against each other in a series of competitions between the different floors and residence halls, in a fun weekend organized to suit exactly that purpose. That weekend was the weekend of the "Tech Wars", a series of games intended to bring out the best spirits of the participants, and to enable the incoming freshmen to blend in with the rest of the campus community, while proving themselves to their floor mates by winning cool stuff for their respective floors.

# First Friday

The first annual First Friday was a chance to have fun as the new spring semester started out at NJIT. The idea was from Bob Moran, our advisor and the NJIT Student Senate along with various other clubs on campus organized the event. This game activities were held on Hazell Center 2nd floor from 9 pm to 3:30 am and continued with basketball games, ice-skating and Boardway show throughout the weekend. During Friday night, NJIT students enjoyed fun of Dance Dance Revolution, non-alcoholic beer pong, miniature golf, basketball shootout, foosball, air hockey, and giant twister. Prizes of snowboard and foosball table were given out this night and the fun night was followed by performance of band, Youth Ahead, followed by laughs from comedian Michael, and the night ended with great show by hypnotist Steve Taubman. NJIT student enjoyed start of new spring semester with a blast.

# SPRING WEEK

Spring Week this year was organized by Calvin Christian, senate Treasurer and chair of the Athletics and School Spirit Committee. During this time, students missed a lot of classes because of all the activities that were planned for the week. Many organizations participated in making this week fun for everyone. With foam parties, the NJIT Carnival and even popular radio station KTU coming to join the party, there was a definite campus-y air going on all over NJIT. Kudos goes out to Calvin for making this week a really great success.

# MR. & MS. NJIT

The Mr. & Ms. NJIT pageant has been one of the perennial favorites of NJIT students. As expected, this pageant was an exciting one with students from all walks of campus life vying for the acclaim. The talents ranged from classical Indian dance to a magic routine. Ubbly Ekwere, the former Mr. NJIT entertained the crowds with his rendition of "No One Else" by Weezer. The competition was intense this year with the crowds hanging on to every action of the participants. In the end, Benjamin Lerch and Priyanka Mehta were crowned Mr. & Ms. NJIT for 2002. They were awarded a \$500 scholarship along with a free bid to the NJIT semiformal.

# Casino Night

Casino night is an event sponsored by the Athletic and School Spirit committee of the senate. Various tables are setup with games such as Black Jack, Poker, and Roulette. NJIT students receive a free \$100 worth of chips which they use to play. At the end, participants exchange their winnings for raffle tickets which are then entered in a drawing to win prizes including phones, microwaves, TV's, VCR's, CD players, digital cameras etc...

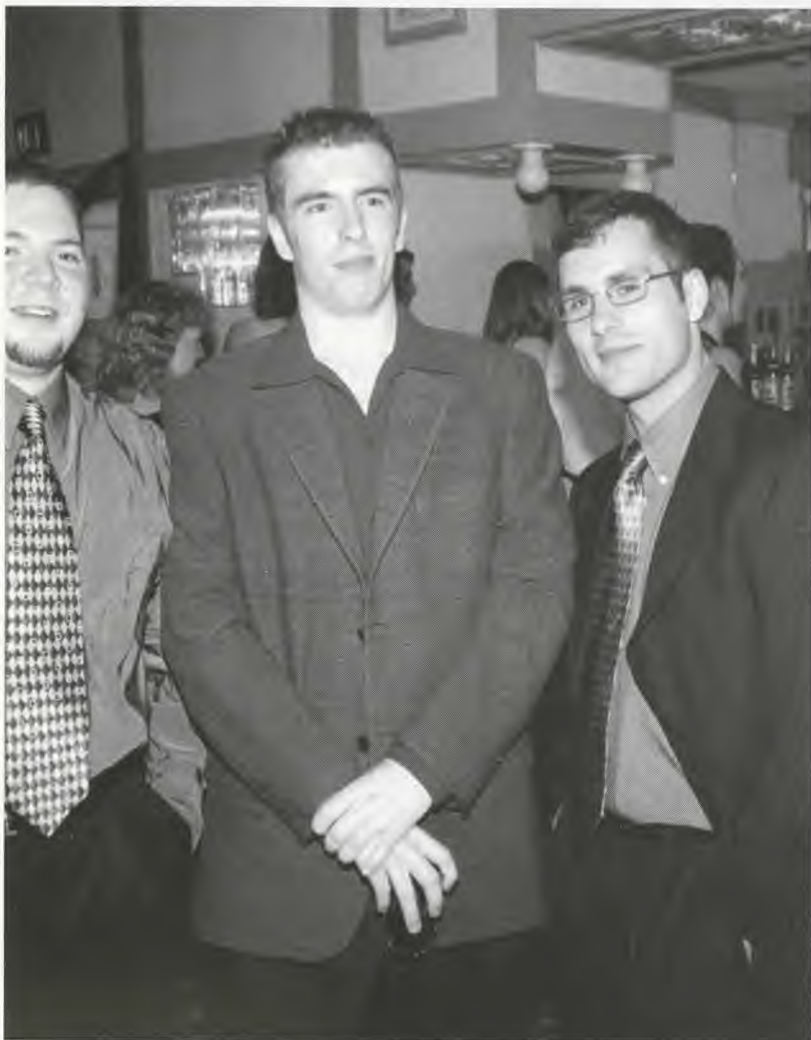

# A Starry Night

The annual NJIT semiformal was held on Friday, April 25th at the Bethwood in Totowa. The stars were out in all their splendor on this festive night. The senior class committee led by Jacqueline Choi did a great job with organization and execution. The dignitaries in attendance included President Saul K. Fenster, Vice President of Student and Academic Service Dr. Joel Bloom, Dean of Students Dr. Jack Gentul. Also joining them were Mr. the winners of the annual Mr. & Ms. NJIT pageant Benjamin Lerch and Priyanka Mehta.

# Commencement

The Commencement Ceremony is the culmination of years of effort on the part of the students, the faculty, the staff and administration. It is a time to reflect upon the great changes that have made commencement possible. It is also a time to continue this change in the context of society, whether it is industry, academia or some other worthy endeavor. NJIT has prepared these graduates for the high level of innovation and diversity which are a hallmark of the contemporary workplace. The rigorous course of study also prepares the graduates for a productive future in academia. Feelings of pride and accomplishment are mixed with anticipation for what the future has in store; if the past performance of NJIT graduates is any indication, the future certainly looks very bright for the graduates of the class of 2002.

# PRESIDENT SAUL FENSTER

Dr. Saul K. Fenster retired as the President of New Jersey Institute of Technology this year. He served as president of the University for 24 years. During this period, he was responsible for the biggest transformation in the history of the University. In his time as president, the University has grown by leaps and bounds. What was once a small commuter college is now an expanding public research University. More than 15 buildings have been built on the campus since President Fenster took over the reins of NJIT, the amount of acreage of the school campus has doubled during this time. The number of students attending NJIT has also almost doubled. NJIT has an annual budget of \$190 million, approximately 25% of which is used for research purposes. It has gone from having no appreciable endowment to having an endowment of \$60 million. This goes a long way in keeping the cost down for students who may not otherwise be able to afford a quality education. NJIT will sorely miss the guidance and leadership of President Fenster. We wish you the best of everything in the future.

# Student Senate

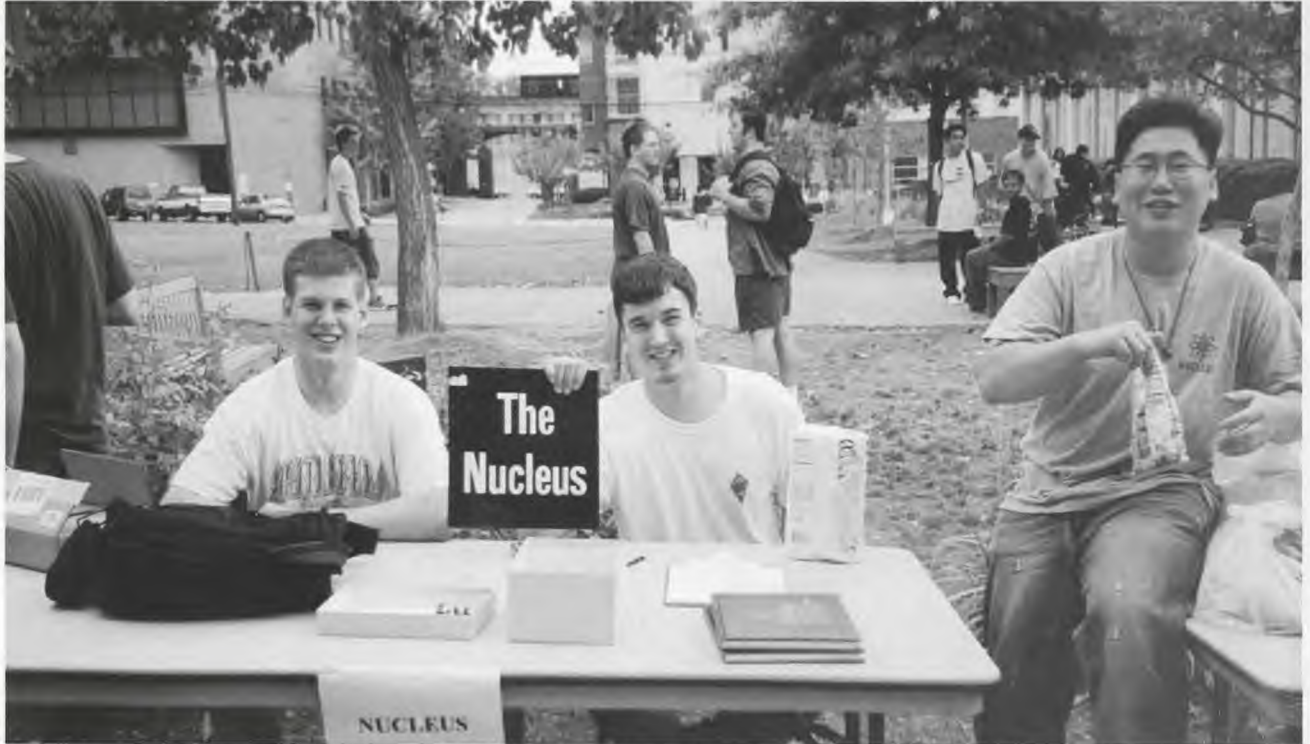

The Student Senate is the governing body for undergraduate students, clubs and organizations. The Senate acts as an advocate for student rights and is responsible to address important concerns of our campus constituents. The Senate regulates all recognized clubs and organizations and maintains positive relations between students and administrators. Student fees are allocated by the Senate to clubs and organizations who in turn provide services and major events campus-wide. Tech Wars, Halloween Twick'O'Tweet, Casino Night, Elections, Cabinet Meetings, Club Workshops, First Friday, and Spring Week are major events that the Senate organizes and facilitates. The Student Senate works diligently to ensure that every student's college experience is "Beyond Ordinary."

SEX  
IN THE  
SENATE

# Nucleus

Dave, Ian and Jeremy, Recruiting new members on Club Day, "Sign up for yearbook and get free chips!"

Baby-sitting Jackie's puppies. They are Nucleus property now since they are so adorable and no one seems to be able to resist them.

Vivek and Sara, relaxing on their break in the office

Ed Folgar, Scott Lomberk, and Jeremy Choi hanging outside Laural. Scott lose the flowers will ya?

Davor's photographer is here to take Senior portraits. Remember to smile even when behind the camera!

"How do you work this thing?."

Ed, hard at work, flips through the calendars to see what activities are going on throughout the campus

Everyone is hard at work, and Scott is umm.... supervising.

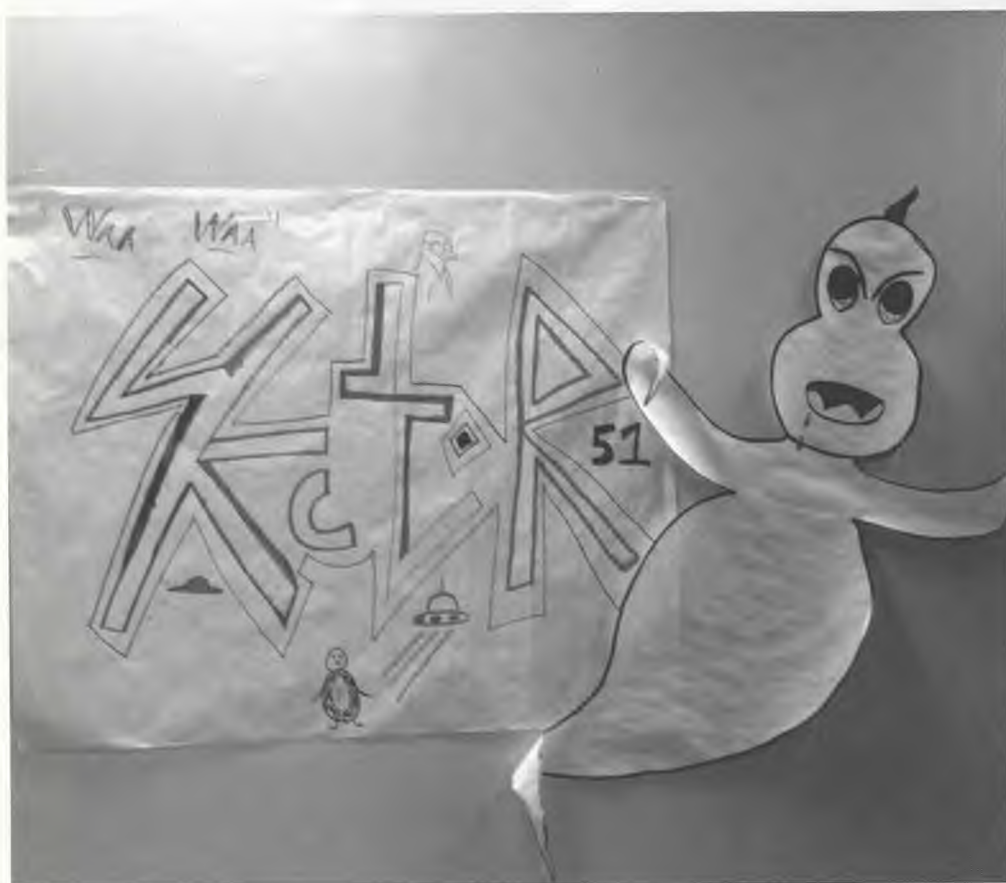

Mike Baldwin Magically appeared to help us finish this yearbook.

"Give me back my cropper!" said Usama as he and Ed fight over their favorite cropper.

## World

Reuters/Leif Mitchell/Getty Images

↑ Russian President Vladimir Putin and President Bush agree to cut nuclear missile arsenals by nearly two-thirds. Later, Bush unilaterally pulls out of the 1972 Anti-Ballistic Missile Treaty to pursue a missile defense system.

AFP/Corbis

↑ Japanese Crown Princess Masako gives birth to a baby girl in December. The birth generates fresh debate about male-only succession to Japan's throne.

→ Americans face another form of terror when anthrax-laced letters are sent to members of Congress and the media. Five people are killed in the attacks, and clean-up of government buildings costs millions of dollars.

Paul Sakuma/AP/Wide World Photos

Sieve Mitchell/AP/Wide World Photos

Reuters/Paul Vreker/Getty Images

↑ Former Yugoslav leader Slobodan Milosevic faces the International Tribunal in The Hague for U.N. war crimes, including the murder and persecution of ethnic Albanians in Kosovo.

↓ American Airlines Flight 587 crashes into a Queens neighborhood in New York City on November 12, killing all 255 people on board. Structural failure of the plane's tail assembly apparently causes the tragedy.

Yedloth Aharonoth/AFP

↑ Violent Israeli-Palestinian confrontations escalate as Prime Minister Ariel Sharon and PLO Leader Yasser Arafat struggle to find an answer to their countries' ongoing hatred for one another.

↓ The U.S. welcomes overwhelming support and aid from dedicated allies in Operation Enduring Freedom, including Great Britain's Prime Minister Tony Blair.

AP/Wide World Photos

Chris Gardner/AP/Wide World Photos

↓ U.S. and allied forces mount Operation Enduring Freedom in Afghanistan, driving the repressive Taliban regime from power.

© 2002 Photodisc, Inc.

AFP/Corbis

↑ Twenty-eight youths are arrested for starting bush fires that destroy hundreds of thousands of acres of forest and farmland and kill thousand of koalas and kangaroos in southeast Australia.

↓ Convicted Oklahoma City bomber Timothy McVeigh is executed by lethal injection for destroying the Alfred P. Murrah Federal Building in April 1995, killing 168 people.

Gamma Presse Images

↓ President Bush establishes a new cabinet position, Director of Homeland Security, to coordinate the fight against domestic terrorism. Former Pennsylvania governor Tom Ridge becomes the first incumbent.

F. Carter-Smith/Corbis Sygma

↑ After Houston energy giant Enron collapses, thousands lose their life savings, accounting firm Arthur Andersen encounters accusations of unethical practices, and the General Accounting Office sues the Executive Branch for confidential transcripts in its investigation of the scandal.

AFP

AP/Wide World Photos

J. Scott Applewhite/AP/Wide World Photos

↓ As Operation Enduring Freedom begins, the U.S. military airdrops food rations to the starving people of Afghanistan.

Itsuu Inouye/AP/Wide World Photos

← In November, stargazers are treated to a spectacular shooting star display as the Leonid meteor shower returns after a 33-year absence.

→ Combination PDAs and cellular phones take portable communication to the next level of convenience.

AP/Wide World Photos

↘ American surgeons in New York perform the first remote control surgery. Signals sent through fiber-optic lines enable robotic surgical arms to operate on a gallbladder patient in France.

France Telecom/CAD/AFP

← Researchers at the Mayo Clinic in Rochester, Minnesota, unveil a new technology that uses facial heat patterns to detect lying. Blood flows to the face when a person lies, causing dramatic changes in heat patterns.

Reprinted by permission from Nature Science Update 3rd January (2002), Macmillan Magazines Ltd.

## Sci-Tech

Dr. Yorgas Nikas, SPL/Photo Researchers, Inc.

↑ Scientists at Massachusetts General Hospital discover that beauty triggers a brain response in men that is similar to reactions to cocaine and money.

← President Bush approves stem cell research, but only on cells already extracted. The research is highly controversial because extracting the cells kills human embryos.

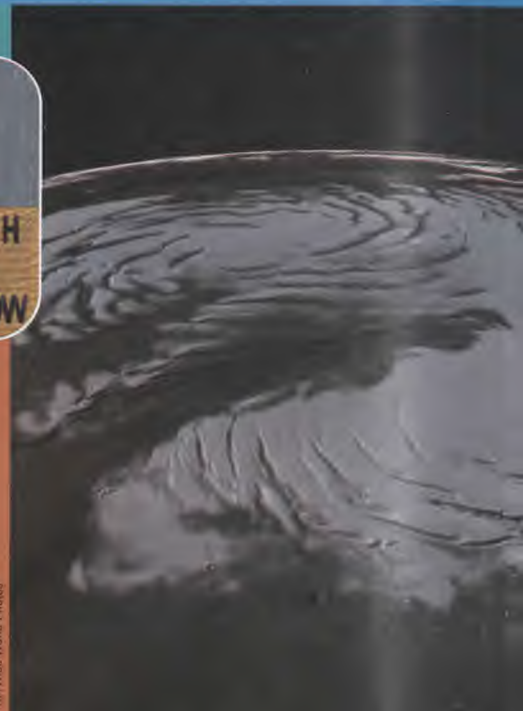

Bruce Bedford/AP/Wide World Photos

↑ Winter weather buffs are left out in the heat as Americans experience record warm temperatures across the country in December and January.

→ Scientists report that vast fields of carbon dioxide ice are eroding from the poles of Mars. Over time, this could possibly prompt the return of water to the Red Planet.

AP/Wide World Photos

Reuters/Charles Platiau/Getty Images

AP/Wide World Photos

↑ On November 7, the supersonic Concorde airplane flies for the first time since the July 2000 crash that killed 113 people. Flight F002 travels from Paris to New York in just under four hours.

↑ Scientists in Argentina discover several 80-million-year-old unhatched dinosaur eggs with petrified dinosaur embryos inside.

↓ Dr. Judson Somerville donates his own DNA to researchers who produce the first cloned human embryo.

↓ Apple releases the sleek new iPod, allowing users to store up to 1,000 digital song files for on-the-go enjoyment.

Reuters/NewsMedia, Inc./Corbis

↑ The MR2 camera pill allows doctors to examine the inside of the human intestine without surgery. Patients swallow the "pill," which transmits digital images to a data recorder.

Japan Marine Science and Technology Center

Courtesy of Apple Corp. Via Getty Images

↑ A new class of giant squid is discovered. The new squid can grow to lengths of 25 feet, and has fins and 10 spidery arms with elbows.

↓ The Segway Human Transporter, a gyro-controlled scooter invented by Dean Kamen, is tested by police and postal workers in several states.

↓ The AbioCor, the world's first fully implantable artificial heart, is given to 59-year-old Robert Tools. Sadly, Tools passes away in December from unrelated causes.

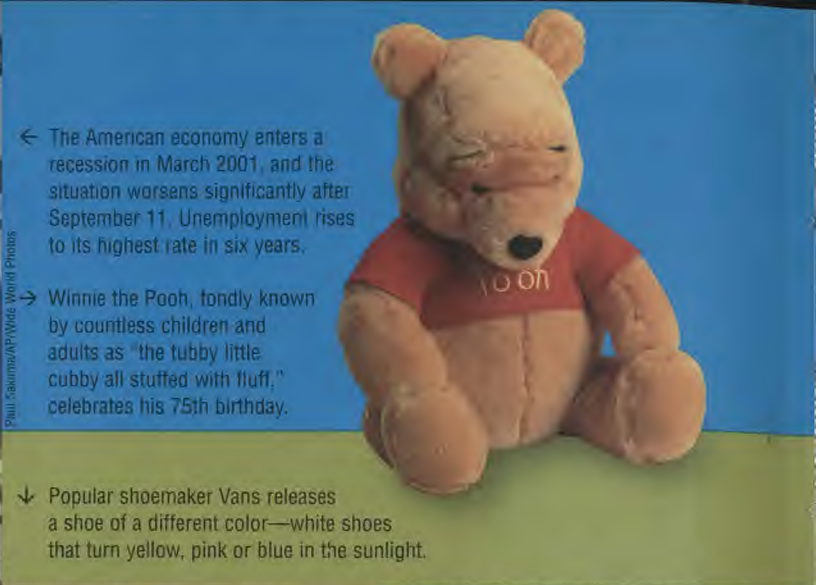

Reuters/Jim Bourg/Getty Images

ABIOMED/Getty Images

- ← The American economy enters a recession in March 2001, and the situation worsens significantly after September 11. Unemployment rises to its highest rate in six years.
- Winnie the Pooh, fondly known by countless children and adults as "the tubby little cubby all stuffed with fluff," celebrates his 75th birthday.

- ↓ Popular shoemaker Vans releases a shoe of a different color—white shoes that turn yellow, pink or blue in the sunlight.

Marnie Crawford Samuelson

- ← Summer camps that teach skills to prepare children for the business world become popular with career-conscious kids and parents.

## Lifestyle

AP/Wide World Photos

- ↑ M&M/MARS acknowledges the growing Hispanic American population with a new M&M's flavor "dulce de leche," the caramelized sweetened condensed milk mixture popular in Latin America.
- ↑ Reacting against sexuality in advertising, music and the arts, young men and women across America join the "true love waits" movement.
- ← Hollywood pledges support for New York after the September 11 terrorist attacks by making a variety of "I Love NY" fashion statements.
- In the new arcade game Dance Dance Revolution, players watch a dance pattern onscreen and duplicate the moves on a corresponding dance floor.

Scott Harrison/Getty Images

Reuters/AP/Wide World Photos
