Some important funding information is missing from the Acknowledgements section of this article. Please find the corrected paragraph here:

Acknowledgements The research leading to these results has received funding from the European Union Seventh Framework Programme (FP7/2007–2013) under the project IMPACT2C: Quantifying projected impacts under 2 °C warming (grant agreement no. 282746) and the Swedish Civil Contingencies Agency under the project HazardSupport (dnr. 2015-3631). We are grateful for use of the regional downscaling and bias correction done within that project.
