In these pages, the MEMORABILIA staff have endeavored to record both in pictures and in prose some of the many every-day scenes and extra-curricular programs which have become so much a part of college activity to the class of 1954.

Newark State's philosophy of teaching has helped to shape the teacher personalities of this class. Many learning experiences shared here have become vital and livable as they have become the professional equipment of these seniors.

College, however, has meant much more than the preparation for a professional life. Four years have now become a shadow of classes, dances, field trips, NJEA conventions, lab antics, Student Org and the #13 bus.

The MEMORABILIA staff in this annual have tried to record faithfully Newark State in pictures as a type of memory gauge. May this book represent to each senior a composite reminder of his college days at Newark State.

We, as the ninety-ninth graduating class from New Jersey State Teachers' College at Newark, dedicate the 1954 MEMORABILIA to our good friend and able faculty member, Dr. David G. Scanlon. Though he has only been with us for three years, his genuine warmth and sincerity have truly made him outstanding. We will long hold his example of fine teaching as our ultimate goal.

CLASS HISTORY

We, as the class of '54, entered Newark State in September of 1950 as the typical shaking freshmen. Having found our way to the third floor and the gym, we tried to hide in the crowds and behind our flutophones; but this was not to be our fate; the sophomores had other ideas. We donned our placards, frosh hats (with brims down) and our shopping bags and proceeded to be accepted as part of the college. This was the year for bio field trips, "Gaie Paree", getting acquainted and art in the auditorium. Our semi-formal dance began our careers as social reformers.

Once again we returned, but now we were sophomores. We really had something to work for this year—the Bond Issue. How could we forget the posters, the speeches, and Dr. Wilkins on TV; but, best of all, that it went through. Of course, just to keep changing things, we had a musical comedy instead of the usual variety show. This was the year of Moby Dick, the Grey Ladies, Dr. Gens, concerts, field trips, INTRODUCTION TO AMERICAN EDUCATION and last but not least our picnic.

Now we were juniors at last; the end was in sight. This was the year of practicum, "The Circus", boat ride around the harbor, prom at the Winfield Scott, engagement rings, another picnic and the April Fool RE-FLECTOR.

We returned in September as seniors, looking forward to graduation and teaching. We had a year of practice teaching, "Seniorama", wedding rings, contracts, Senior dance, senior court, and/or———
