

## SO-CLOSE PROTOCOL TO REQUEST DATASETS

The project From So Far to SO-CLOSE: Enhancing Social Cohesion through Sharing the Cultural Heritage of Forced Migrations, financed by the European Union's Horizon2020 Research and Innovation Programme (Grant Agreement No 870939) has produced two datasets that summarize the information obtained through qualitative research techniques. Following recommendations of open science, interested researchers can have access to the anonymized data for their future exploitation with objectives compatible with SO-CLOSE research objectives.

To guarantee the adequate degree of confidentiality and the legitimate use of data, the datasets are not directly posted online. Researchers interested in any of the datasets must request them by sending an email to [Ainhoa.flecha@uab.cat](mailto:Ainhoa.flecha@uab.cat) and [Javier.Rodrigo@uab.es](mailto:Javier.Rodrigo@uab.es) attaching the following documents:

- Letter including:
  - Contact details
  - Institution and position
  - Requested Dataset
  - Purpose of the research
  - Use of data
  - Funding sources (if applicable)
- Letter from a university or research institution confirming the adscription of the researcher.
- Confidentiality agreement signed by the researcher (template provided).

SO-CLOSE Coordination will study the request and respond within 1 month. In the case it is accepted, we will send you the data.
