In the version of this article initially published, in the Reagent Setup section, it was stated that 50% v/v Percoll should be made by diluting Percoll in 10× PBS at a 1:1 v/v ratio. Percoll should, in fact, be diluted in 2× PBS at a 1:1 ratio. The error has been corrected in the HTML and PDF versions of the article.

Corrigendum: Measuring mRNA copy number in individual *Escherichia coli* cells using single-molecule fluorescent *in situ* hybridization
