Dear Hunt:

Thanks for the clipping containing your excellent letter. I say excellent, because it is well reasoned and well written.

You know I'm on the other side of the fence, so to speak, and believe that the invasion scare is a fakey political manoeuver to get the people in line.

As I told you, Thurman Arnold said he didn't know anyone from the President down who had the slightest belief in the possibility of Hitler invading the United States. Of all the military experts writing, only one thinks invasion is possible. He is a very good one, however, or one that seems to be sensible, Major Leonard H. Nason.

Love to Hope.

Yours as ever,
