PADUCAH, Ky. — A public meeting on the U.S. 68/Ky. 80 lake bridges project, originally scheduled for June 12 at Lake Barkley State Park, has been postponed.

Cabinet officials say the meeting is being delayed to allow cost adjustments to be made to the final four proposed designs before they are presented for public comment.

"In recent weeks our consultant came forward with more realistic cost estimates that put the total cost of the two bridges at up to \$540 million," said Bill Gulick, executive advisor in the Transportation Cabinet. "That cost estimate would have likely pushed construction of the bridges back 10 to 20 years, or more."

Officials will reexamine possible designs to see if project costs can be reduced before rescheduling the public meeting. A new date will most likely be set within the next www.lakebridges.com.

"We appreciate the many citizens who have taken time to participate in the lake bridges design process. That input has been, and will continue to be, valuable in providing us with direction. We look forward to rescheduling the public meeting once the design team works through issues to help the bridges fit our budget restrictions," Gulick said.

Serving as gateways to the Land Between the Lakes, the bridges will be about eight miles apart, connected by a new four-lane section of 68/80. The new structures will replace the Eggner's Ferry Bridge across Kentucky Lake at Aurora and the Lawrence Memorial Bridge across Lake Barkley at

Wanted: Employee who can play well with others

NEW YORK (AP) resume and a brief job interview can't answer the question that matters most to a

person an absolute pain?

Despite a labor shortage in many sectors, some employers are pickier than ever about whom they hire. Businesses in fields where jobs are highly coveted - or just sound like fun - are stepping up efforts to weed out people who might have the right credentials but

the wrong personality. Call it the "plays well with others" factor.

to shield the heavily favored Big Brown from the media horde that has been packing the barn. Dozens of reporters stood outside Barn 2 at Belmont on Friday morning, watching Big Brown go through his usual routine. Leadership Kentucky to visit Murray next week

The Leadership Kentucky 2008 class will travel across Kentucky this year for sessions at Jabez, Murray, Frankfort, Shelbyville, Pikeville, Eddyville/Ft. Campbell, and Nicholasville. Locations for

class sessions vary from year to year. Leadership Kentucky, created in 1984 as a non-profit educational organization, brings together a selected group of people that pos-sess a broad variety of leadership abilities, career accomplishments, and volunteer activities to gain insight into complex issues facing the state. Our goal is to prepare our participants to take an active role in advancing the state for the common good. Leadership Kentucky graduates bring a fresh and informed perspective to their communities and companies, serving as important participants in the unified effort to shape Kentucky's future.

While in Murray, the class will visit Murray Middle School and Murray State University on Thursday, June 12, to hear from expert presenters from across the Commonwealth on the topic of education. On Friday, June 13, the focus will turn to natural resources as we hear from local/regional experts and visit various locations in the Land Between the Lakes.

Murray residents Donna Herndon (Leadership Kentucky Class of 1987) and Doris Clark-Sarr (Leadership Kentucky Class of 1995) serve as session chairs for the Murray visit and have been instrumental in planning the June program and securing sponsorships for all class activities during the visit.

For more information, please contact Diana Ratliff, (502) 695-1102 or email dbr@leadershipky.org.
