Author Correction: Past penguin colony responses to explosive volcanism on the Antarctic Peninsula

Stephen J. Roberts, Patrick Monien, Louise C. Foster, Julia Lofffield, Emma P. Hocking, Bernhard Schnetger, Emma J. Pearson, Steve Juggins, Peter Fretwell, Louise Ireland, Ryszard Ochyra, Anna R. Haworth, Claire S. Allen, Steven G. Moreton, Sarah J. Davies, Hans-Jürgen Brumsack, Michael J. Bentley & Dominic A. Hodgson

Correction to: *Nature Communications* <https://doi.org/10.1038/ncomms14914>, published online 11 April 2017.

The original version of this Article omitted a reference to previous work in ‘Hobbs, L.K., Gilbert, J.S., Lane, S.J. & Loughlin, S.C. Supplementary Case Study 3: Interactions of volcanic airfall and glaciers. In *Global Volcanic Hazards and Risk*’ (eds Loughlin, S.C., Sparks, S., Brown, S.K., Jenkins, S.F. & Vye-Brown, C.) 223–232 (*Cambridge Univ. Press*, 2015). This has been added as reference 71 at page 11 in the discussion: ‘The northern AP is defined as having a ‘moderate to extremely high likelihood of supraglacial airfall by active volcanoes’. This has been corrected in the PDF and HTML versions of the Article.
