In the original publication of this article [Beldman M, Löwik C, Soriano A et al. If, When, and How to Use Rifampin in Acute Staphylococcal Periprosthetic Joint Infections, a Multicentre Observational Study. *Clin Infect Dis*. Volume 3 Issue 9; November 1 2021, 1634-1641. <https://doi.org/10.1093/cid/ciab426>], legends for Figures 1 and 2 were erroneously switched,

and in-text references to Figures 1 and 2 were citing the wrong figure. In addition, percentages for the line “Co-antibiotic other than a fluoroquinolone or clindamycin” in Table 3 were incorrect. The correct percentages for this line are 30.4% (84/276) for non-failures and 78.6% (103/131) for failures. These errors have been fixed in the version currently available online.
