## HISTORY

The Queensland University of Technology (QUT) was created in January 1989 by redesignation of the Queensland Institute of Technology (QIT). However, QUT's origins go back to the beginning of technical and teacher education in Queensland when the Brisbane School of Arts was established in 1849. QIT had its origins in the Central Technical College, which was established in 1914 on what is now the University's Gardens Point campus. On its formation in 1965, QIT absorbed the professional courses offered by the Central Technical College and in its first year enrolled some 2000 part-time students.

In May 1990, QUT amalgamated with the Brisbane College of Advanced Education (BCAE), a large multi-campus institution specialising in the arts, business, education and the social sciences. BCAE was formed by an amalgamation that took place in January 1982, its precursors being the Kelvin Grove, Mount Gravatt and North Brisbane Colleges of Advanced Education and the Brisbane Kindergarten Teachers' College. These institutions were established, under other designations, in 1914, 1969, 1961 and 1907 respectively. The Mount Gravatt campus of BCAE was transferred to Griffith University in January 1990 prior to BCAE commencing amalgamation negotiations with QUT.

The institution resulting from the amalgamation of BCAE with QUT has retained the title Queensland University of Technology. It is a major university in the Australian context with a broad academic profile and an increasing involvement in research and postgraduate education. QUT has an enrolment of over 35 000 students and expectations of sustained growth. It currently has campuses at Carseldine, Kelvin Grove and Gardens Point, all in metropolitan Brisbane.

## MISSION

Within its mission statement QUT has identified three main goals:

- **Teaching**

To ensure that QUT graduates possess knowledge, professional competence, a sense of community responsibility, and a capacity to continue their professional and personal development throughout their lives.

- **Research**

To advance and apply knowledge germane to the professions and to the communities with which QUT interacts, and relevant to the enhancement of economic, cultural and social conditions.

- **Service**

To contribute to the development of Australia's international responsibility and competitiveness, to enhance QUT's relationship with the professions, and to increase community awareness of issues through professional service and social commentary.

## INFORMATION

In addition to the handbook, the University produces a range of publications to which the public has access. These include the Research and Consultancy Report, the Annual Report and the University's Manual of Policy and Procedures (MOPP). These publications are available in the University's libraries or may be obtained, on request, from the Registrar. The Annual Report and the MOPP are also accessible via QUT's website at [www.qut.edu.au](http://www.qut.edu.au).

All correspondence should be addressed to:

The Registrar  
Queensland University of Technology  
GPO Box 2434  
Brisbane Qld 4001  
Australia

QUT is subject to the *Queensland Freedom of Information Act 1992* which commenced on 19 November 1992.

## ORGANISATIONAL STRUCTURE

The QUT organisational structure consists of the Chancellery, eight faculties, QUT Carseldine, and three divisions.

The faculties are:

- Built Environment and Engineering
- Business
- Creative Industries
- Education
- Health
- Information Technology
- Law
- Science

The divisions are:

- Administrative Services
- Information and Academic Services
- Research and Advancement.

## PRINCIPAL DATES

---

The schedule of dates which appears below is the University's official calendar. Not all courses comply with the official calendar in every respect. Detailed information on individual course calendars is available from faculty offices.

### PUBLIC HOLIDAYS 2003

1 January	New Year's Day
27 January	Australia Day
18 April	Good Friday
19 April	Easter Saturday
21 April	Easter Monday
25 April	ANZAC Day
5 May	Labour Day
9 June	Queen's Birthday
13 August	Royal National Show
25 December	Christmas Day
26 December	Boxing Day

### FIRST SEMESTER 2003

24 - 28 February	Week 1
3 - 7 March	Week 2
10 - 14 March	Week 3
17 - 21 March	Week 4
24 - 28 March	Week 5
31 March - 4 April	Week 6
7 - 11 April	Week 7
14 - 18 April	Week 8
21 - 25 April	Vacation
28 April - 2 May	Week 9
5 - 9 May	Week 10
12 - 16 May	Week 11
19 - 23 May	Week 12
26 - 30 May	Week 13
2 June	Classes in lieu of Labour Day Holiday
3 June	Classes in lieu of Good Friday Holiday
2 - 7 June	Exam Preparation
10 - 14 June	Exams
16 - 21 June	Exams
23 - 24 June	Exams
30 June - 4 July	Vacation
7 - 11 July	Vacation

### SECOND SEMESTER 2003

14 - 18 July	Week 1
21 - 25 July	Week 2
28 July - 1 August	Week 3
4 - 8 August	Week 4
11 - 15 August	Week 5
18 - 22 August	Week 6
25 - 29 August	Week 7
1 - 5 September	Week 8
8 - 12 September	Week 9
15 - 19 September	Week 10
22 - 26 September	Week 11
29 September - 3 October	Vacation
6 - 10 October	Week 12
13 - 17 October	Week 13
20 October	Classes in lieu of Royal National Show Holiday
20 - 24 October	Exam Preparation
27 October - 1 November	Exams
3 - 8 November	Exams
10 - 15 November	Exams

### SUMMER PROGRAM 2003/2004

17 - 21 November	Week 1
24 - 28 November	Week 2
1 - 5 December	Week 3
8 - 12 December	Week 4
15 - 19 December	Week 5
22 - 26 December	Vacation
29 December - 2 January 2003	Vacation
5 - 9 January	Week 6
12 - 16 January	Week 7
19 - 23 January	Week 8
26 - 30 January	Week 9
2 - 6 February	Week 10
9 - 13 February	Week 11
16 - 21 February	Week 12/Examinations
23 - 28 February	Examinations/ Orientation Week
1 March	First semester 2004 commences

## COUNCIL

Composition, membership, powers and responsibilities of QUT Council are governed by the QUT Act 1998 (see MOPP Appendix 1). Procedures for meetings, dealing with business in Council, and establishment of committees are included in Council Procedure 1 — Conduct of meetings of Council and Committees (see MOPP Appendix 2).

QUT Council comprises senior members of the professions for which QUT prepares graduates; appointees from higher education, government, commerce and industry; elected staff, students and members of Alumni, and the University's chief executive officer. Council is responsible for the entire management of the University.

Council is empowered to establish committees and to delegate power to committees or officers of the University. While Council is ultimately responsible for the management and operation of QUT, it has delegated authority to the chief executive officer, the Vice-Chancellor, and to various senior administrators of QUT for much of the day-to-day management of the University (see MOPP Appendix 3). Council has also established a number of advisory committees, some of which have been authorised to make decisions in respect of prescribed policy and procedural matters.

## COUNCIL MEMBERSHIP

### Chancellor (Chairperson)

Dr C. (Cherrell) Hirst, AO, MBBS BEdSt *Qld*.

### Vice-Chancellor

Prof R. D. (Dennis) Gibson, BSc(Hons) *Hull*, MSc PhD *N'cle* (UK), DSc CNA, DUniv *USC*, FAIM, FTS.

### Nominees of the Minister for Education

Mr K. (Keith) Hilless, BE(Elec) *Qld*. Chairman, Ergon Energy.

Mr F. (Frank) Haly, AO, DUniv *QUT*, AAUQ *Qld*, FCA, FASA, CPA. Company Director, Deloitte Touche Tohmatsu.

Mrs L. (Linda) Lavarch, LLB, GradDip(Legal Practice). State Member for Kurwongbah

Ms J. (Julie) Withey, LLB, BA *Qld*, GradDip(Legal Practice) *QUT*. Consultant, McCullough Robertson Lawyers.

Dr C. (Colin) Dillon. Policy Advisor, Indigenous Business Consulting.

Ms E. (Elizabeth) Mellish, EdD (Leadership) *QUT*. Director, Mellish and Associates.

Mr K. (Kenneth) Smith, BSW(Hons), MSW *NSW*. Director-General, Queensland Department of Employment and Training.

### Nominee of the Director-General of Education

Mr N. (Neil) Whittaker, Bcomm *JCU*, CertCivEng *QIT*. Assistant Director-General, Office of Resource Services, Education Queensland.

### Nominees of Council

Dr D. (Douglas) McTaggart BEc *ANU*, MA PhD *Chicago*. Deputy Chancellor. Chief Executive Officer, Queensland Investment Corporation.

Mr K. (Ken) Dredge, BE (Chen) *Syd*, BEc *Qld*. Chairman, Tarong Energy Corporation.

### Elected General Staff Members

Ms H. (Halima) Goss, DipTeach, BAppSc *CQU*. Associate Director (Online Teaching), Manager (Software, Multimedia & Internet Learning Environments), Division of Information and Academic Services.

Miss S. (Susan) Smith. Bcomm *GU*, MEdAd *Qld*. School Administration Officer, School of Electrical and Electronic Systems Engineering, Faculty of Built Environment and Engineering.

### Elected Academic Staff Members

Dr R. (Bob) Cope, CertT Sydney TC, BEd(Hons) *JCU*, MEdSt *Qld*, PhD *QUT*, Coordinator (Secondary), School of Professional Studies, Faculty of Education.

Mr R. (Ross) Daniels, BA(SocWk), BA(Econs), M.S.P.D *Qld*. Lecturer, School of Humanities and Human Services, QUT Carseldine.

Ms L. (Leanne) Wiseman, LLB(Hons) *QIT*, LLM *Lond*. Senior Lecturer, Faculty of Law.

### Elected Student Members

Vacant.

### Elected Alumni Members

Mr M. (Malcolm) Thatcher, BAppSc (Computing), MAppSc (Computing) *QUT*, BSc(Hons) *Qld*. Managing Director and Chief Executive Officer, Thentec Pty Ltd.

Ms A. (Ann-Maree) McDiarmid, LLB *QUT*, LLM *Monash*. Barrister.

### Secretary

Dr Carol Dickenson, BBus *QIT*, PhD *UQ*, Registrar

### Deputy Vice-Chancellor (attends by invitation)

Prof O.P. (Peter) Coaldrake, BA(Hons) *JCU*, PhD *Griff*, FAIM, FRIPAA.

### Tenure

Council serves a three-year term from 21 November 2001.

## COMMITTEES

QUT committees form the major decision-making structure of the University and student representation is provided for on both University and faculty committees. The major University committees that have student representation as part of their membership are:

- Academic Policies and Procedures Committee
- Appeals Committee
- Community Service Committee
- Cultural Diversity Committee
- Disability Services Committee
- Equity Awards Committee
- Equity Board
- Outstanding Contribution Award (Academic Staff) Committee
- Outstanding Contribution Award (General Staff) Committee
- QUT Council
- Teaching and Learning Committee
- University Academic Board
- University Health and Safety Committee

QUT encourages student representation on the above committees. If you are interested in finding out more information about University committees contact the Secretariat on (07) 3864 2380. If you wish to find out how to become a student representative member of any of the above committees contact the Student Guild on (07) 3864 1666.

## CHANCELLERY

*Vice-Chancellor:* Professor R.D. Gibson, BSc(Hons) *Hull*, MSc PhD *N'cle(UK)*, DSc CNA, FAIM, FTS

*Deputy Vice-Chancellor:* Professor O.P. Coaldrake, BA(Hons) *James Cook*, PhD *Griff.*, FAIM, FRIPAA

*Director, Corporate Communication:* P.H. Hinton, BA *Qld*

*Director, Academic Policy and Programs:* Dr D.W. Field BSc(Hons) PhD *Adel.*, DipT *Adel.CAE*, FAIP

*Manager, Oodgeroo Unit:* V. Hart

## ADMINISTRATIVE SERVICES DIVISION

*Registrar — Head, Administrative Services:* Dr Carol Dickenson, BBus *QIT*, PhD *UQ*

*Director, Student Services:* R.P. Morley, BBus *QIT*, MAdmin *Griff.*

*Associate Director, Operations & Systems:* H. Tinsley, BBus *Griff.*

*Associate Director, Admission & Information:* H. Cook, BA *UQ*, BEdSt *UQ*, DipEd *UQ*, GradDipBusAdmin *BCAE*

*Director, Human Resources:* P. Watson, B Econ, LLB, AFAHRI

*Director, Facilities Management:* A. Frowd, BEng(Hons) *QIT*, MEngSc *Mon*, MEngSc *QUT*, GradDipMgtStud *RAAFC*, MHEAust, CPEng

*Associate Director, Campus Services (Gardens Point):* G.P. Abernethy, BA MPubAdmin *Qld*, GradDipBusAdmin *QIT*

*Associate Director, Campus Services (Kelvin Grove/Carseldine):* D.W. Spann, BA *Qld*

*Associate Director, Major Projects:* R. Woods, BDesSt, BArch

*Associate Director, Operations:* B. Fenn, BSc *Birm*, MBA *Qld*

*Associate Director, Capital Works:* A. Perrau, BEng(Hons)

*Manager, Publications:* I.A. Wynne

*Manager, Secretariat:* S.E. Johnstone, BA *ANU*, DipContEd *UNE*

*Coordinator, Equity:* M.A. Kelly, BA DipEd *Qld*

*Student Ombudsman:* Dr N. Bofinger, BSc *UNE*, PhD *UQ*, GDipCompSci *QUT*

## FINANCE AND RESOURCE PLANNING DIVISION

*Executive Director, Finance and Resource Planning:* J.L. Williams, BCom *UQ*, GradDipLegalSt, CPA

*Director, Accounting Services:* P.G. Sullivan, BBus *BCAE*, FCPA

*Corporate planning Manager:* I.L. Hawke, BA *Qld*, MAdmin *Qld*

*Director of Efficiency and Audit:* S. Patel, BBus (Acctg)

*Kelvin Grove Urban Village Project manager:* S.W. Pincus, BSc, GradDipAppEcon

*Manager, Data and Analysis/SMARTA:* P. Alner, BInfoTech, GradDipComm, MBus (ComnSt)

*Resources Manager:* T.A. Leighton, BBus (Acctg), FCPA

## INFORMATION AND ACADEMIC SERVICES DIVISION

*Pro-Vice-Chancellor — Head, Information and Academic Services:* T. Cochrane, BA *Qld*, MPhil *Griff.*, AALIA

*Director, Information Technology Services:* N. Thelander

*Director, Library Services:* G.M. Austen, BA(Hons) *Melb.*, DipLib *Canb.*, MBA *Qld*, AALIA, AIMM

*Director, Teaching & Learning Support Services (TALSS):* G. Hart, DipNurs *BCIT*, DCHN *Cumberland*, BA MHP PhD *UNSW*

*Associate Director, Online Teaching Coordination, TALSS:* H. Goss, DipTeach(Maths/Sci) *MtGravatt CAE*, BAppSci (Comp-Sci) *QCU*, MACS, PCP

*Associate Director, TALSS:* G.A. Roberts, BA(Hons) DipEd *UNSW*, MScEd EducSpecialist *Indiana*

*Manager, Central Information Services:* J. Dascoli

*Manager, Network Services:* R.A. Gorham, BE(Hons) DipComp-Sci *Qld.*, MBA *Deakin*, MACS, AIMM

*Associate Director, Library Services, Development:* J. Novak

*Associate Director, Library Services, Information Resources:* C. Young, BA *Qld.*, AALIA

## RESEARCH AND ADVANCEMENT DIVISION

*Pro-Vice-Chancellor — Head, Research and Advancement:* D.G. Gardiner, BA LL(M)Hons *Syd*, Barrister

*Director, Postgraduate Research Studies:* Professor R.C. Wissler, BA(Hons) PhD *Qld*

*Director, International College:* E. McDade, TDipCom *Strathclyde*, TCert *Jordanhill*, BEdSt *Qld*, MAcc *Charles Sturt*

*Director of Studies, University Entry Programs:* A. Poiner, BSc DipEd BEd DipPsych *Qld*

*Director of Studies, English Language Programs:* I. McGregor, BA *Griff.*, GradDipEd PGDipSocSc *Qld*, MEd(TESOL) *UNE*

*Manager, International Marketing Office:* Mr K. O'Brien, MA *Trinity*

*Manager, Commercial Services:* C. Melvin, BBus(Mgmt) *QIT*, MBA *Qld*

*Manager, Office of Research:* N.H. Gilbert, BA(Hons) MEd GradDipEdAdmin *Monash*, DipEd *Hawthorn IE*

*Manager, Development:* Dr D. McDiarmid, BA(Hons) PhD *Qld*, GradDipRE *Mt Gravatt CAE*, MA(Hons) *Syd*. CFRE

The University may award medals known as Queensland University of Technology Medals to graduands of certain courses who have achieved an exceptionally high level of performance in their studies.

Eligibility to be considered for the award of a University Medal will be limited to:

- graduands of honours degrees where performance in the related bachelor degree is also taken into account
- graduands of degrees with honours, including components of double degree programs where awards with honours are made
- graduands of bachelor degrees of at least three years normal duration where no honours award is available, including relevant components of double degree programs where no honours award is available.

In completing one of the above degrees, graduands must have been enrolled at QUT for at least two years of full-time study or equivalent.

For the award of a medal, a graduand should have reached a distinguished academic standard based on a grade point average in all units and in a thesis where such is required. The standard

should be at a higher level than would normally be expected from an excellent graduand. The medal should be testimony that the recipient not only shows exceptional academic promise at the time of the award, but also exhibits a distinguished record of achievement throughout the whole of the degree.

Because the University Medal is awarded only for outstanding achievement, University Academic Board has indicated as a guide to faculties that the proportion of graduands who may receive medals in any year should normally be not more than one per 200 bachelor-level graduands (or part thereof) per faculty. It is possible that in some years faculties would choose not to recommend a medallist.

The award is a silver medallion, suitably embossed and inscribed, together with a certificate attesting the award. The medallion is 5.5 centimetres square with rounded corners. The QUT logo is embossed one side and the reverse carries an inscription citing the year of the award and the name of the awardee. Further details may be placed on the certificate.

## ACADEMIC AND STUDENT SUPPORT SERVICES

### Careers and Employment

Careers and Employment (C&E) assists enrolled students and recent graduates to make informed course and career decisions in order to reach their employment goals.

The C&E Website (<http://careers.qut.edu.au>) is accessible to all QUT students and staff and provides:

- immediate, international, graduate and vacation job listings
- graduate destinations
- employment preparation information
- career planning website
- links to useful websites
- international discussion forum
- employer listings
- on-line resume builder
- workshops schedule
- career mentor scheme information
- online employer services

Other services to assist with employment preparation include:

- 24-hour resume checking service
- career counselling
- international career counselling
- employment preparation workshops
- career mentor scheme
- careers fairs
- career resource centres

### Chaplaincy

The University caters for the emotional and spiritual needs of students through the provision of chaplaincy services. The chaplaincy centres are ecumenical and, although the chaplains represent the major Christian denominations, they are also available to people of other religions. The chaplains are available at any time and are happy to discuss matters of a spiritual, religious, ethical or personal nature.

A chapel is available at the Gardens Point and Kelvin Grove campuses for quiet prayer, worship services and prayer meetings. The centre has a room with tea and coffee making facilities and is a good place in which to meet friends and make new ones. At Gardens Point, there is also a Muslim Mosque in rooms adjacent to the main chaplaincy rooms.

At Carseldine campus, the chaplain conducts weekly visits and ecumenical services as well as periodic Catholic Mass.

Chaplaincy Service locations:

Carseldine Room C310

Gardens Point Old Government House  
(near entrance to the Library and U Block)

Kelvin Grove Room A131 (ground floor near the Library)

You can also contact the chaplain on 07 3864 2086, mobile 041 464 2700 or email: [bj.clarke@qut.edu.au](mailto:bj.clarke@qut.edu.au)

### Computing and Technology Services

The **Student Computing Guide** covers essential computing information for QUT students. The guide is available on the web at [www.scg.qut.edu.au](http://www.scg.qut.edu.au). Details on finding student computer labs, using email, setting up your computer passwords etc can be found in this guide.

**QUT Virtual** is a large, integrated database that contains information relating to QUT students and their courses. Each student has a personal profile within QUT Virtual which displays information personalised to them. QUT Virtual is accessed using your QUT Access username and password. More information is located on the Student Computing Guide web site.

Features found within QUT Virtual include:

- online continuing and change to enrolment forms
- class timetables
- class allocations
- unit outlines
- booklists
- library borrowing information
- Internet access quota balances and usage history
- exam timetables
- exam results and academic history

QUT Virtual is located at: <https://qutvirtual.qut.edu.au>

**Internet access:** Each semester QUT provides students with a free Internet Access Service allocation to cover educational needs. Details about accessing and using the Internet through QUT can be found at <https://ias.qut.edu.au/>.

**Email:** All students are given access to the QUT student email service.

The student email service is accessed and used through the World Wide Web. Webmail is located at <http://email.qut.edu.au>. More information about using email at QUT is available at [www.scg.qut.edu.au](http://www.scg.qut.edu.au)

**Student Computing Helpdesk:** This service provides phone support for students using QUT's computing systems, needing to change passwords etc. Phone 07 3864 2898.

**Student Computing Labs:** Students can access the Internet, email, databases, lecture notes, tutorials and much more in the central student computing labs on each campus. Lab advisors are on hand in some central labs to provide assistance.

**SNAP:** The Student Notebook Access Plan (SNAP) is a program which offers competitively priced notebooks packaged with an extended warranty to QUT students. To find more information look at the SCPS web page at [www.scps.qut.edu.au](http://www.scps.qut.edu.au).

**Audiovisual Equipment:** Students have access to video camcorders, still cameras, mini-disk recorders, video projectors and a range of other equipment through the Audiovisual Services outlets at each campus. Studio and video duplication, video conversion, video editing and audio recording are also available. (In most cases prior approval from your lecturer is required. Hire fees apply without this approval).

## Copying, Printing and Digital Media Production

Student Copying and Printing Services (SCPS) provide a wide range of copying, printing and digital media production services for students. Student Copying and Printing Services has service outlets at each of the campus libraries. These service outlets offer a variety of value added services to assist in the preparation of assignments, reports and presentations. The full range of services and campus opening hours can be found on the Student Copying web site at [www.scps.qut.edu.au](http://www.scps.qut.edu.au).

## Counselling Service

Through offices on each of the campuses, the Counselling Service provides professional, confidential and free counselling to students. Students are welcome to contact the Counselling Service to make use of the services listed here.

**Personal counselling:** The Counselling Service provides opportunities for students to discuss, in confidence, issues and concerns including personal development/growth, relationship/family difficulties, stressful situations, grief, personal concerns, study and course difficulties.

**Welfare and advocacy:** The Counselling Service offers information, advisory, advocacy and referral services on a range of mat-

ters including finance, AUSTUDY, loan schemes, QUT rules, procedures and policies.

**Probation or withdrawal:** Students placed on probation or considering withdrawal from their course are strongly advised to discuss issues related to this situation with a counsellor.

**Workshops:** A range of personal development workshops is offered through the service. Details of these may be obtained from the Counselling Service on each campus.

**Appointments:** Students wishing to make an appointment should telephone or visit the Counselling Service at the campus most convenient to them. Appointments are available in two forms. A walk-in service of short appointments is available daily at each campus (note that Carseldine counselling service is only open Monday to Wednesday during semester). Longer appointments of 50 minutes are available for students who require more time.

Counselling Service locations:

Carseldine Level 2, C Block  
Phone: 07 3864 4539

Gardens Point Level 1, Community Building  
Phone: 07 3864 2383

Kelvin Grove Level 4, C Block  
Phone: 07 3864 3488

Web: <http://www.counselling.qut.edu.au/web/>

## Equity Programs and Services

QUT strives to support cultural and social diversity in our student body by providing a learning environment which:

- promotes the principles of equity and social justice
- is inclusive and supportive of people from all backgrounds
- is free from discrimination and harassment.

QUT provides a range of support programs to help remove barriers to success faced by some students, including:

- students from low income backgrounds: admission, orientation and support services through the Q-Step Program. Phone 07 3864 3731;
- Aboriginal students and Torres Strait Islander students: admission, orientation and support services coordinated by the Oodgeroo Unit. See page 15 of this guide for information on services and look out for details on Aboriginal and Torres Strait Islander pre-orientation activities in the Orientation Program;
- people from non-English speaking backgrounds: language and learning skills support provided by International Student Services. See page 28 of this guide for more information;
- women studying in built environment or engineering: services and support provided through the Women in Built Environment and Engineering (WIBEE) Program. Phone 07 3864 2849;
- people with disabilities: assistance and support coordinated, or negotiated, by the Disability Officer. Refer to the Enrolment Guide and contact the Equity Section or visit [www.qut.edu.au/admin/equity/disability](http://www.qut.edu.au/admin/equity/disability) for a copy of the Guide for Students with Disabilities; and
- students who have experienced educational disadvantage: a support program for Human Services students who have experienced disadvantage from a disability, for example, or who are from a non-English speaking background. Phone 07 3864 4537.

## Health Service

Health and medical services are provided for all QUT students by nurse practitioners and doctors located on all campuses. Nurse practitioners are available to provide first aid treatment of injuries

and acute illnesses occurring on campus. As well as routine medical services, the Health Service provides minor surgery including the removal of warts, moles and sunspots. Pathology services and vaccinations are also available. "Well women" care includes smear tests, contraceptive advice and pregnancy testing, together with offering general health information and lifestyle advice.

Please contact the Health Service on your campus to arrange consultations with nurses and/or doctors. Opening hours vary on each campus.

Carseldine C Block  
Phone: 07 3864 4539

Gardens Point Y Block  
Phone: 07 3864 2321

Kelvin Grove C Block  
Phone: 07 3864 3161

## Library

The QUT Library has a branch on each campus, plus the Law Library at Gardens Point. Each branch has specialised collections to support the subject disciplines taught at that campus.

For assistance in using the Library, searching for information or using electronic resources, consult staff at the information desk. Information sheets and subject pathfinders are also available.

**The QUT Library Website:** This is a great place to start your search for information, [www.library.qut.edu.au](http://www.library.qut.edu.au), or follow the Library link from the QUT home page. It provides 24-hour access, from on and off campus, to the Library catalogue, databases, eJournals, eReserve (electronic copies of lecture notes and handouts) and Internet resources.

**Borrowing from QUT Library:** The QUT Library collection includes a wide range of materials in a variety of formats, from books and periodicals to videos, computer software, audiovisual materials, CDs and CD-ROMs. Most items, except for periodicals, are available for loan. Loan periods range from one day to four weeks.

You can borrow in person from other branch libraries, or request an intercampus loan, where the item is sent to your branch library to be picked up. For books use the "hold" option in the Library catalogue. For journal articles and videos, use the forms available from the Document Delivery desk at each branch.

If an item you require is on loan, you can use the Library catalogue to request a hold on the item. You will be emailed when it is returned and ready to be collected from your branch library.

QUT Library operates a penalty points system to encourage the prompt return of material. All library notices are emailed to your QUT email account, so check it regularly.

**Self Service Options:** You can stay informed about your loans by using the catalogue self service options. Select the View Borrower Information option to check:

- what you have on loan and when it is due back
- any penalty points you have accrued
- items you have on hold and if they are ready to be collected
- items that have been recalled and their new due date
- renew current loans.

**Borrowing from other Libraries:** You can borrow from other university libraries in person or, in the case of Griffith University, the QUT Library will bring the materials to your branch library to be collected. Fill in a Special Reciprocal Loan form to borrow from Griffith. To borrow from other libraries you need to register as a Reciprocal Borrower, which costs \$40 per year (GST included). Ask staff at the Loans Desk for more information.

**Skills in Finding and Using Information:** Classes in using the catalogue, searching electronic databases and searching the Internet effectively are held during the first weeks of semester and throughout the semester. Students may also obtain assistance and instruction from the information desk. To assist you in mastering the necessary skills for your research and study, Pilot: Your Information Navigator is a web based on-line tutorial available from the library website.

**Other Services:** Study spaces and group discussion rooms are available. Assistance is given to students with disabilities to ensure they have access to Library resources. Special rooms, and wheelchair and lift access are provided at each branch.

**Library Hours** vary throughout the year and between each branch library. Check signs or the Library website.

You can contact the Library on the following telephone numbers:

Carseldine: 07 3864 4555  
Gardens Point: 07 3864 2083  
Kelvin Grove: 07 3864 3079  
Law Library: 07 3864 2842

## Oodgeroo Unit

The Oodgeroo Unit is the centre of QUT's activities in Aboriginal and Torres Strait Islander education, studies and research.

The Unit is committed to improving rates of access to, participation in and quality of, university education for Aboriginal and Torres Strait Islander people. Providing cultural, personal and academic support to Indigenous students, the Oodgeroo Unit actively promotes cultural awareness amongst all students.

All Aboriginal and Torres Strait Islander students enrolled at QUT are welcome to use the Unit's facilities at Carseldine (C Block), Gardens Point (O Block Podium) and Kelvin Grove (B Block).

Further information can be obtained from:

Phone: 07 3864 3610  
Fax: 07 3864 3982  
Email: [bd.thomson@qut.edu.au](mailto:bd.thomson@qut.edu.au)  
Web: [www.qut.edu.au/daa/oodgeroo/](http://www.qut.edu.au/daa/oodgeroo/)

## Student Centre

Student Centres are the first point of contact for students seeking information on administrative, course or other student matters. A Student Centre is located on each QUT campus:

Carseldine	Level 3, C Block Hours: 9.00am-5.00pm
Gardens Point	Level 1, A Block Hours: 9.00am-5.30pm
Kelvin Grove	Level 4, K Block Hours: 9.00am-5.00pm

Student Centre staff assist students with enquiries regarding admission, academic credit, enrolment, fees, student ID cards, transport concessions and other student administration or general enquiries. Student Centres are also the place to obtain and lodge Student Services application forms and other general forms.

Hours will be extended in peak periods. Please refer to the Orientation Program for details.

## Marketing lounges

Marketing lounges have been conveniently placed in Student Centres at Gardens Point and Carseldine campuses. Electronic, self-help facilities allow prospective and current students to find course information and browse the QUT website. A wide range of course information brochures and booklets are also provided.

**Student Info-Line**

The Student Info-Line, a part of the Student Centre, is a phone service that assists students with student administration and other general student matters.

Phone 07 3864 2000

Monday to Friday, 8.00am-5.30pm

**Student Ombudsman**

Dr Neville Bofinger is your QUT Student Ombudsman, an independent officer of the University, fully supported by the Vice-Chancellor for the purpose of assisting you to resolve grievances, who has access to all levels of the University. The Student Ombudsman is available to discuss your concerns or grievances, particularly those associated with administrative or academic decisions that affect you, and to provide you with relevant advice or assistance. The Student Ombudsman can become involved in resolution processes through mediation, negotiation, conciliation or representation, as appropriate, and may also assist you by re-

ferring you to other sources of assistance, either internal to the QUT or external agencies. This is a free and confidential service.

If you have any issues concerning fair treatment by staff or other students, proper application of procedures or resolution of complaints, then you should not hesitate to contact the Student Ombudsman. The Student Ombudsman occupies Room A118 on Gardens Point campus, behind the Student Centre, but consultations can be arranged to be held on all campuses. Consultation is by prior appointment, which can be made by telephone or email.

Phone: 07 3864 2457

Fax: 07 3864 4472

Email: [ombudsman@qut.edu.au](mailto:ombudsman@qut.edu.au)

**QUT ALUMNI**

---

When you graduate from QUT, you will become a member of the University's Alumni. QUT Alumni promotes friendly communication and cooperation among the University's graduates, students, faculty staff and close associates. Membership of QUT Alumni is free. All registered members of the Alumni receive regular news and information on services available to them. Graduates can also register to participate in elections for the QUT Alumni Board.

The Alumni Office at QUT provides services and programs for graduates to enhance professional development, promote lifelong learning and create opportunities for keeping in touch with other graduates and continuing involvement with the University. As a current student of QUT, you can benefit from the news, programs and services organised by QUT Alumni for the University community, including graduates and close associates.

The Alumni web site provides useful information about QUT Alumni and its sponsored activities. Visit the site to:

discover how to participate in the Mentor Scheme, which is an opportunity for current students to link with graduates for encouragement and support and to get a practical start to understanding the workplace;

explore QUT Links magazine on-line. QUT publishes this magazine twice a year for its Alumni, close associates and interested members of the University community including business and industry professionals. The magazine profiles successful graduates and provides information on what's happening in the lives of QUT Alumni members as well as what is happening at QUT;

- discover the latest news on Alumni events and other activities for graduates by checking out the events listing at QUT Events;
- find out all about QUT Today and the history of the University's origins;

- learn about the Outstanding Alumni Awards which recognise graduates who have performed exceptionally in their chosen career and who have made outstanding contributions to the community;
- keep in touch with QUT by updating your contact information and stay active in the life of the University;
- learn about the existing Alumni Chapters at QUT;
- discover the Friends of QUT Program which offers close associates of the University (particularly former staff) an opportunity to contribute meaningfully to the current and future activities of the University in a voluntary capacity; and
- find out about the services and facilities that the University has to offer its Alumni.
- find out about the Alumni Annual Appeal that supports University projects.

**Giving to QUT**

QUT is proud of the strong support it receives from the community.

Committed alumni, individuals, corporations and government bodies give generously to the university's teaching and research activities.

This ensures support for students through scholarships and prizes, an improved learning environment and world leading research that solves real world problems.

Donations to QUT are fully tax deductible. Bequests for general or specific purposes may also be made to the University.

For further information contact QUT Development (07) 3864 2950.

The QUT Cultural Precinct, located at the University's Gardens Point campus, is also situated on one of Queensland's most central and historically important sites. Adjacent to Brisbane's popular City Botanic Gardens and historic Old Government House, the Precinct encompasses the QUT Art Museum, one of Australia's most sophisticated contemporary art museums and the Gardens Theatre, with a 400 seat state-of-the-art theatre.

This world class facility for performing and visual arts was launched in July 2000. The Cultural Precinct provides the community with accessible venues to enjoy and nurture the talents of our artists, craftworkers, musicians and performers and hosts a broad-based education program through which participants gain valuable insights into their arts and cultural heritage

With the opening of the pedestrian and cycling Goodwill Bridge, the Cultural Precinct is at the very centre of a circuit of culture and recreation incorporating the South Bank precinct with its parklands and cultural centre, the city heart with its galleries and shopping, and Gardens Point itself with its Botanic Gardens, Riverstage, historic campus buildings, Parliament House and Old Government House.

In addition to the core activity of exhibitions and performances, the Cultural Precinct offers unique arts-based educational programs which provide practical ways for the Queensland University of Technology to extend the benefits of its knowledge, research and services to the wider Queensland community.

These programs have a practical emphasis and include hands-on sessions with curators, artists talks, activity booklets, guided tours and demonstrations.

The Cultural Precinct also offers a choice of stunning spaces for hire. QUT Art Museum provides an elegant and sophisticated space for cocktail parties whilst the Gardens Theatre provides a picturesque and spacious function area, within the glass walled foyer, overlooking the City Botanic Gardens.

#### **Location**

Main Drive  
QUT Gardens Point

### THE GARDENS THEATRE

The Gardens Theatre is a premium and versatile venue offering an annual program of student and professional productions.

Featuring a spacious foyer overlooking the City Botanic Gardens and an auditorium that seats 400, the Gardens Theatre provides an intimate performance space for both QUT Creative Industries' presentations as well as local and visiting drama, music and dance productions.

This state-of-the-art venue is located on the QUT Gardens Point campus at the heritage end of George Street in Brisbane's CBD. Acknowledged as one of the city's premier performing arts venues, the Gardens Theatre also features exceptional facilities for audiences including a licenced bar, palm tree atrium and disabled access.

The Gardens Theatre facilities and foyer area are available for hire (subject to availability) and a hire kit is available from the theatre manager.

#### **Location**

X Block, Main Drive  
QUT Gardens Point

#### **Box Office**

The Theatre box office is open Monday to Saturday (10am to 4pm) and one hour prior to all scheduled performances.

#### **Bookings & Show Information**

For advance bookings and information on current shows, phone GardensTix on 3864 4455.

#### **What's On**

Free program guides are available from the theatre box office or refer to program listings on the Cultural Precinct web site at [www.culturalprecinct.qut.edu.au](http://www.culturalprecinct.qut.edu.au).

### QUT ART MUSEUM

QUT Art Museum is an important cultural facility for the city of Brisbane. The Museum plays a vital role in the educational and intellectual life of the University. It houses a significant art collection that has become a valuable cultural resource for the students and staff of the University, and for the wider community.

The collection is one of the largest in Queensland and contains holdings of great quality and diversity, mostly by Australian artists. It includes fine early paintings, choice ceramics and prints, important examples of indigenous art, and challenging contemporary works in a range of artforms.

As part of its exciting and dynamic program the Art Museum offers changing exhibitions drawn from the collection, touring exhibitions from other galleries and collections, and works from several creative academic disciplines within the University. The Museum's educational services are designed to complement and enhance the exhibitions program for the benefit and enjoyment of the public.

#### **Location**

Level 1, U Block, Main Drive  
QUT Gardens Point

#### **Museum Hours**

Tuesday to Friday: 10am – 4pm  
Saturday and Sunday: 12noon – 4pm  
Closed Mondays and Public Holidays

#### **Admission**

Entry to the museum is free.

#### **Information**

Phone: (07) 3864 5370

Web site: [www.culturalprecinct.qut.edu.au](http://www.culturalprecinct.qut.edu.au)

The QUT Student Guild is a service organisation operated for the benefit of the student body. The Guild exists to make a student's time at University easier and more enjoyable. QUT staff and members of the public are also encouraged to join the Guild as associate members.

The QUT Student Guild is owned and operated by and for students.

The Guild is governed by Guild Council which consists of the Executive (President, General Secretary, Education Director, International Student Services Director, Women's Services Director, Welfare Services Director, Recreation Director, Indigenous Services Director, Queer Services Director, and three Campus Directors), campus representatives, and specialist representatives (for part-time and external students, Aboriginal and Torres Strait Islander students, queer students and postgraduate students).

Members of the Guild Council are elected at the annual general election and all students are eligible to stand for positions at the election. Students will also be able to nominate and vote for campus coordinator positions to help organise activities and services on campuses.

The Guild sends representatives to express students' views to many University committees, including the University Academic Board.

All QUT students are members of the Guild and their respective national union, NUS. Quite often access and equity to education can be affected by government policy. The Guild will often call on its members to attend rallies to stop regressive changes to the education system. The Guild fully supports a free public education system where everyone has equal access.

The QUT Student Guild also operates several commercial services across all campuses. These consist of the Guild Fitness Centres, Guild Bars, Guild Aquatic and Squash Centre, Guild Newsagency and Post Offices, the Guild Child-care Centres and Crèche, Academic Gown Hire and the Guild Second Hand Textbook Shop.

The Guild has a presence on the web which can be accessed at [www.guildonline.net](http://www.guildonline.net). All of the Guild's services are listed there along with an events page where students can find out what is happening on their campus and up to date accommodation and part-time employment listings.

## INTRODUCTION

The QUT Student Rules published here were approved by QUT Council on 23 October 2002, following a major review. Detailed information about procedural aspects of these rules can be obtained by accessing relevant topics at Student Services web site or by contacting the Student Services Department.

For information on the University's admission policy and procedures, please refer to the various booklets available from QUT's Admissions Office.

**STUDENTS ARE WARNED THAT PENALTIES (INCLUDING FINES, SANCTIONS, WITHHOLDING RESULTS, EXCLUSION OR EXPULSION) MAY BE IMPOSED ON STUDENTS WHO CONTRAVENE THESE OR ANY OTHER QUT RULE OR POLICY, OR WHO FAIL TO MEET THEIR OBLIGATIONS (INCLUDING FAILING TO PAY PRESCRIBED FEES, LATE FEES OR FINES, OR FOR FAILING TO RETURN LIBRARY/FACULTY MATERIALS OR EQUIPMENT).**

These Student Rules are made pursuant to:

- QUT Statute No. 1 (Course of Study) 1999
- QUT Statute No. 2 (Student Discipline) 1999
- QUT Statute No. 3 (Fees) 1999

They should also be read in conjunction with:

- Schedule 1 to the QUT Act 1998, Conduct on University Land. This Schedule authorises certain University officers to direct disorderly persons or those creating disturbances to leave the University. A person failing to comply with such a direction may be fined
- Library Rules (pursuant to QUT Statutes 2 and 3, and to the relevant staff conditions and awards)
- Information Technology Rules (pursuant to QUT Statutes 2 and 3, and to the relevant staff conditions and awards)

## THE RULES

### PART 1 - PRELIMINARY

#### Division 1 - Interpretation

##### 1. Definitions

In these rules:

“assessment” means work (for example, an examination, assignment, practical, performance) which a student is required to complete for any one or more of the following purposes:

- (a) the fulfilment of an educational purpose (for example, to motivate learning, to provide feedback);
- (b) to provide a basis for a record of achievement or certification of competency;
- (c) to permit grading.

“award course” means a program of study leading to the award of a degree, diploma or certificate accredited by QUT.

“cancellation of enrolment” means that a student has discontinued an award course or a program of non-award studies.

“course coordinator” includes a staff member performing the functions of course coordinator specified by the director, QUT international college.

“course requirements” means the specific requirements for completing an award course approved by university academic board and includes the following:

- (a) the course structure;
- (b) any conditions for enrolment in or for completion of particular units required for the course;

- (c) any conditions for academic progression through the course;
- (d) any requirements for attendance type or mode of study.

“dean” means the dean of the faculty having responsibility for a unit or an award course and includes:

- (a) the director, QUT Carseldine, in the case of a unit or an award course for which the director is responsible; and
- (b) the director, QUT international college, in the case of a program of non-award studies for which the director is responsible.

“faculty academic board” means the body established by university academic board to manage academic policy and practices within the faculty or QUT Carseldine.

“non-award studies” means a unit or group of units which a student undertakes at the university other than as part of an award course of QUT.

“QUT” means the Queensland University of Technology.

“registrar” means the university's chief administrative officer.

“teaching period” means a designated period of weeks in which the program of study and instruction for a unit or award course is undertaken and includes:

- (a) two standard semesters of around 13 weeks duration; and
- (b) other periods during the year which are designated by the registrar as a teaching period.

“unit coordinator” includes a staff member performing the functions of unit coordinator specified by the director, QUT international college.

“university academic board” means the body established by council to provide leadership on academic policy and practices of QUT.

#### 2. Attendance type and mode

(1) A student's attendance type is normally designated as full-time if the enrolment program for the teaching period is:

- (a) in the case of a student enrolled in an award course, at least 75 per cent of the number of credit points for a standard enrolment program load for full-time enrolment in that course in a teaching period; or
- (b) in the case of a student undertaking non-award studies, at least 75 per cent of the number of credit points for a standard enrolment program load designated by the registrar for that purpose.

(2) If a student's enrolment program load is less than the amount specified in rule 2(1), the student's attendance type is normally designated as part-time.

(3) Addition or withdrawal of units in accordance with division 2 of part 3 of these rules may be deemed by the registrar to change a student's attendance type.

(4) For the purposes of these rules and for course requirements, a student's attendance mode is designated as:

- (a) internal, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered by attendance at a place designated by the registrar as a campus of the university; or
- (b) external, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered other than by attendance at a campus of the university (for example, by posting instructional materials to the student); or
- (c) multi-modal, where instruction in some, but not all units, is in internal mode.

#### Division 2 - Students' responsibilities under these rules

##### 3. Student responsibility for compliance with these rules and other requirements

(1) It is the student's responsibility to do all acts associated with admission, enrolment and academic progression in compliance with these rules, including, but not limited to:

- (a) providing information to the university under rule 7(2), including statistical information and a mailing address; and
- (b) re-enrolling at the university each year; and
- (c) submitting an appropriate enrolment program and rectifying any known discrepancies with the enrolment program.

(2) In the case of international students, the student must also comply with any requirements for enrolment or study at the university specified in the Educational Services for Overseas Students Act 2000 (Cwth), including, but not limited to:

- (a) any requirements relating to attendance type or mode; and
- (b) any conditions for enrolment programs and progress through an award course; and
- (c) any conditions relating to leave of absence.

## PART 2 - ADMISSION

### 4. Application for admission

- (1) A person must apply for admission to the university before first enrolling in an award course or non-award studies.
- (2) Except where specified by the registrar, a person must apply for admission before each teaching period in which they propose to enrol in non-award studies.
- (3) A person who seeks to re-enrol in an award course must apply for re-admission following:
  - (a) cancellation of enrolment in an award course or program of non-award studies; or
  - (b) an unapproved period of absence; or
  - (c) a period of exclusion from an award course imposed under part 6 of these rules.
- (4) The registrar must prescribe the dates for and the manner of applying for admission to the university.

### 5. Criteria for admission

- (1) University academic board may specify general requirements to be met by a person applying for admission to the university.
- (2) The faculty academic board having responsibility for an award course must specify minimum course entry requirements and may specify different requirements for different major areas of study within an award course.
- (3) The registrar determines the maximum number of persons to be offered admission to the university.

### 6. Offer of admission

- (1) The registrar makes offers of admission.
- (2) An offer of admission may be conditional upon the person providing documents or fulfilling other requirements specified in the offer.
- (3) The registrar may withdraw an offer of admission and reject enrolment where:
  - (a) the person fails to provide documents or to fulfil other requirements specified in the offer of admission; or
  - (b) the offer of admission has been made as a result of the provision of incomplete or inaccurate information by the person or a certifying authority; or
  - (c) the person fails to submit an enrolment program in accordance with the offer of admission by the specified date.

## PART 3 - ENROLMENT

### Division 1 - General requirements for enrolment

#### 7. Enrolment procedures

- (1) The registrar:
  - (a) must prescribe closing dates for submission of an enrolment program for each teaching period; and
  - (b) may prescribe different closing dates for different categories of students.
- (2) The registrar must prescribe the manner of submitting the enrolment program, and the information to be included with the enrolment program.
- (3) For each teaching period, the registrar must:
  - (a) publish the closing dates for addition or withdrawal of units in accordance with schedule 1; and
  - (b) specify the manner of submitting changes to the enrolment program.

#### 8. Valid enrolment

- (1) Subject to rule 8(2), enrolment in any teaching period means that the student has submitted an enrolment program for study, instruction or research at the university in that teaching period.
- (2) A student is validly enrolled upon:
  - (a) submission of an enrolment program for the teaching period by the specified date or such later time as permitted by the registrar; and
  - (b) acceptance of the enrolment program by the registrar<sup>1</sup>; and
  - (c) payment of fees and charges required under these rules by the specified date or such later time as permitted by the registrar; and
  - (d) fulfilment of any other requirements specified in these rules.
- (3) The registrar may reject a student's enrolment where the student has not met all of the requirements of rule 8(2).

### Division 2 - Enrolment programs

#### 9. Requirements for enrolment programs

- (1) A student's enrolment program must comply with the general requirements specified in this division.
- (2) In the case of a student enrolled in an award course, the student's enrolment program must also comply with the course requirements.

#### 10. Addition of a unit to enrolment program

Subject to the requirements of this division, a student may add a unit to their enrolment program in a teaching period if:

- (a) the unit is added by the addition date published in accordance with schedule 1; or
- (b) where the student proposes to add the unit after the addition date published in accordance with schedule 1:
  - (i) the student pays the administrative charge specified in schedule 2; and
  - (ii) the unit coordinator agrees to the addition of the unit; and
  - (iii) the registrar is satisfied that the student has demonstrated that exceptional circumstances for addition of the unit exist.

#### 11. Withdrawal from a unit

- (1) Subject to the requirements of this division, a student may withdraw from enrolment in a unit:
  - (a) by the withdrawal date published by the registrar in accordance with schedule 1 - without academic penalty; or
  - (b) after the withdrawal date published by the registrar in accordance with schedule 1 - with academic penalty.

(2) Despite rule 11(1)(b), the registrar may permit withdrawal without academic penalty if, following advice from the dean, the registrar is satisfied that the student has demonstrated that exceptional circumstances for withdrawal from the unit exist.

(3) In this section, “academic penalty” means that the unit in question is awarded a failing grade.

### **12. Relationship between units of study**

(1) Course requirements may specify any of the following conditions for enrolment in a specified unit:

- (a) a student must have achieved a passing grade in a prerequisite unit before enrolment in the specified unit;
- (b) a student may enrol in the specified unit only if:
  - (i) the student also enrolls in a corequisite unit at the same time; or
  - (ii) the student has previously achieved a passing grade in the corequisite unit;
- (c) a student must not enrol in the specified unit if the student has achieved a passing grade in an incompatible unit.

(2) A unit coordinator may permit a student to enrol in a specified unit without having satisfied the condition listed in rules 12(1)(a) or 12(1)(b) if the unit coordinator is satisfied that the student has demonstrated sufficient knowledge to undertake the unit.

(3) In this section, an “incompatible unit” means a unit in which the subject matter or the body of learning is substantially similar to that included in the specified unit.

### **13. Maximum and minimum enrolment program load**

Course requirements may specify either or both of the following:

- (a) the maximum number of credit points for full-time enrolment;
- (b) the minimum number of credit points for part-time enrolment.

### **14. Time limits for completion of an award course**

University academic board must specify time limits for completion of an award course, and may impose different time limits for different categories of courses.

### **15. Acceptance of enrolment program**

The registrar may not accept a student’s enrolment program in any of the following circumstances:

- (a) the student has not enrolled in accordance with their offer of admission, including, where specified, major area of study, attendance type, attendance mode and location of study;
- (b) if the student is enrolled in an award course, the student has not submitted an enrolment program which is consistent with course requirements;
- (c) except where permitted by the course or unit coordinator, as the case may be, the student has not complied with the requirements of division 2 of part 3 of these rules;
- (d) if the student is enrolled in an award course, the student has not met the requirements of part 6 of these rules;
- (e) the student is subject to a penalty imposed under rule 29 or Statute No 2 (Student Discipline) 1999 which prohibits their enrolment in the current teaching period;
- (f) the student is in breach of any other statute or rule of the university which specifies rejection or suspension of enrolment as a penalty.

### **16. Amendment of enrolment program**

The registrar may amend an enrolment program, after consultation with the course coordinator, if any of the following conditions exist:

- (a) the student has not complied with the requirements of rule 13;
- (b) the student has not complied with other course requirements;
- (c) the student cannot attend classes or meet other unit require-

ments due to timetable incompatibility;

(d) the student has not complied with any conditions of probationary enrolment imposed under part 6 of these rules.

### **Division 3 - Credit**

#### **17. Credit for previous studies**

- (1) University academic board may specify the amount and type of credit for previous studies which may be granted in award courses, and may specify different amounts of credit for different categories of award courses or students.
- (2) The registrar must specify the procedures to be followed, and the documentation to be supplied, by students applying for credit.
- (3) The course coordinator must determine the amount and type of credit to be granted in accordance with university academic board determinations.

### **Division 4 - Discontinuation or interruption of enrolment**

#### **18. Approval of leave of absence**

- (1) A student may apply to the registrar for leave of absence from an award course.
- (2) The registrar may approve leave of absence if:
  - (a) the student is enrolled in an undergraduate award course; and
  - (b) the student is applying for leave of absence for a period of no more than one year; and
  - (c) the student has completed at least one teaching period of enrolment in the award course; and
  - (d) the student has not previously applied for leave of absence from the award course.
- (3) If the student has not completed at least one teaching period of enrolment in the award course, but has otherwise satisfied the requirements of rule 18(2), leave of absence may be approved if the registrar is satisfied that the student has demonstrated exceptional circumstances for taking the leave.
- (4) The dean must determine the application for leave of absence in any of the following circumstances:
  - (a) the student seeks leave for a period in excess of one year;
  - (b) the student is undertaking a postgraduate award course;
  - (c) the student has had a prior approved leave of absence from the same award course.
- (5) The dean may approve the application for leave of absence only if the dean is satisfied that the student has demonstrated exceptional circumstances for taking the leave.
- (6) A student who is granted leave of absence:
  - (a) is deemed to have withdrawn from enrolment in all units in accordance with rule 11; and
  - (b) is not an enrolled student of the university for the approved period of absence.
- (7) A student must apply for re-admission to the award course if:
  - (a) the student does not apply for leave of absence before withdrawing from enrolment in all units in a teaching period; or
  - (b) the student fails to re-enrol at the conclusion of an approved leave of absence.
- (8) For international students, this rule is subject to any requirements or conditions for leave of absence specified in the Educational Services for Overseas Students Act 2000 (Cwth) .

#### **19. Cancellation of enrolment**

- (1) A student must notify the registrar if they wish to cancel their enrolment in an award course or non-award studies.

(2) A student who cancels their enrolment is deemed to have withdrawn from enrolment in all units in their enrolment program in accordance with rule 11.

<sup>1</sup> See rule 15

## PART 4 - FEES AND CHARGES

### 20. Definitions for this part

In this part:

“HECS” means the higher education contribution scheme.

“HEF Act” means the Higher Education Funding Act 1988 (Cwth) as amended from time to time.

“higher education contribution” means a fee being the contribution for the teaching period in question calculated in accordance with the HEF Act.

### 21. Imposition of fees and charges

(1) Except as specified under the HEF Act, the university may impose fees and charges for enrolment and study at the university, or for services and facilities associated with enrolment and study, and may impose different fees and charges for different categories of students.

(2) The officer or body listed in schedule 2 sets the fees and charges.

(3) For each teaching period, the registrar must prescribe the dates for payment of fees.

(4) A student must pay the fees specified in these rules by the prescribed dates.

(5) A student is not validly enrolled <sup>2</sup> unless all fees and charges specified in these rules have been paid, including any additional higher education contribution or tuition fee required to be paid as a result of addition of a unit to a student’s enrolment program in accordance with rule 10.

### 22. Student guild fee

(1) Subject to rule 22(4), a student must pay the student guild fee specified in schedule 2.

(2) In the case of a student who is not enrolled in a full-time program over the academic year, the registrar will determine the pro-rata amount of the student guild fee to be paid.

(3) Upon payment of the student guild fee and acceptance of the enrolment program in each teaching period, a student is a member of the student guild.

(4) A student who has a conscientious objection to being a member of the student guild is exempt from membership if the student:

- (a) advises the registrar in writing of the objection; and
- (b) pays to the university an amount equivalent to the student guild fee.

### 23. Liability under the higher education contribution scheme

(1) Except as specified in the HEF Act, a student who enrolls in any teaching period in a unit or units for an award course is liable for a higher education contribution.

(2) A student who is liable for a higher education contribution must submit a payment options declaration specifying the method for payment of the contribution in any of the following circumstances:

- (a) when the student first enrolls at the university;
- (b) when the student changes to another award course;
- (c) if the student elects to pay the contribution by another method.

(3) For each teaching period, the registrar must prescribe the date for submission of the payment options declaration.

(4) Except as specified in the HEF Act, a student may discharge a liability for a higher education contribution by:

- (a) paying the required amount directly to the university by the date specified by the registrar; or
- (b) supplying a tax file number to the university; or
- (c) a combination of (a) and (b).

### 24. Tuition fee

(1) This rule applies to students who are not liable to pay a higher education contribution for a teaching period or a unit.

(2) A student (other than an international student or a student deemed by the registrar to be liable to pay a higher education contribution) who enrolls in a unit or units for a postgraduate award course must pay the postgraduate tuition fee specified in schedule 2.

(3) A visiting student (other than a visiting international student) who enrolls in a unit or units must pay the tuition fee specified in schedule 2, except that the dean may specify a different fee for students undertaking a designated enrolment program.

(4) An international student must pay to the university, for each teaching period, the international student tuition fee specified in the offer of admission.

(5) Where the HEF Act specifies, a student who is normally liable to pay a higher education contribution may be required to pay the tuition fee specified in schedule 2 for enrolment in a particular teaching period or unit.

(6) For this rule, a “visiting student” means a student who enrolls in non-award studies, but does not include a cross-institutional HECS-liable student who enrolls in a unit or units at QUT to obtain credit towards an award course at another Australian university.

### 25. Administrative charges

(1) A student or a person applying for admission must pay the relevant administrative charge prior to taking the action or requesting the service listed in schedule 2.

(2) If the administrative charge has not been paid, the student’s action or request for the service has no effect.

### 26. Cancellation charges and refunds

(1) The university may retain a proportion of fees paid by a student as a charge for cancellation of enrolment, and may impose different cancellation charges for different categories of students.

(2) Schedule 2 specifies the amount which will be retained by the university where a student cancels their enrolment in a unit or units.

(3) A student who withdraws from enrolment in a unit or units must apply by the date specified by the registrar for a refund of fees paid to the university.

### 27. Consequences of non-payment of fees and charges

If a student does not pay the full amount of fees and charges required by the university by the required date, the registrar may do either or both of the following:

- (a) reject the student’s enrolment in accordance with rule 8;
- (b) require the student to pay an administrative charge specified in schedule 2.

<sup>2</sup> See rule 8.

## PART 5 - ASSESSMENT

**Division 1 - General requirements for assessment****28. Notice of assessment requirements**

A student who is enrolled in a unit must receive notification of assessment requirements in the manner and by the time prescribed by university academic board.

**29. Academic dishonesty**

- (1) A student must not act in a manner which constitutes academic dishonesty.
- (2) Academic dishonesty means an action or practice which may compromise or defeat the purposes of assessment, and includes, but is not limited to:
  - (a) cheating, or attempting to cheat;
  - (b) plagiarism;
  - (c) misrepresenting or fabricating data or results or other assessable work;
  - (d) breaching requirements specified by university academic board under rule 32 for conduct during examinations, in a way that may compromise or defeat the purposes of the assessment.
- (3) University academic board may prescribe procedures for investigating allegations of academic dishonesty.
- (4) The penalties for academic dishonesty are:
  - (a) mark reduction or zero mark for an assessment item; or
  - (b) awarding of a failing grade in the unit in which academic dishonesty is detected; or
  - (c) awarding of a failing grade in the unit in which academic dishonesty is detected and in another unit or all other units undertaken in that teaching period; or
  - (d) suspension from the university for a specified period of time, together with the allocation of failing grades specified in rule 29(4)(c); or
  - (e) permanent expulsion from the University, together with the allocation of failing grades specified in rule 29(4)(c).
- (5) The dean may impose the penalties listed in rule 29(4)(a) and 29(4)(b).
- (6) The registrar may impose any of the penalties listed in rule 29(4).

**Division 2 - Examinations****30. Availability for examinations**

- (1) A student must be available to undertake an examination:
  - (a) at the time and place specified for the examination in the central examination period; and
  - (b) at any other time specified for an examination in the notification of assessment requirements.
- (2) The registrar publishes an examination timetable for each central examination period.
- (3) In this rule, "central examination period" means a period of at least 2 weeks at the end of each semester or other teaching period designated for conducting examinations.

**31. Alternative examination sittings**

A student who holds religious convictions which preclude attendance at an examination at the time specified in the published examination timetable, may apply in the manner prescribed by the registrar for an alternative examination sitting.

**32. Conduct during examinations**

University academic board must specify procedures for examinations, including:

- (a) requirements for a student entering or leaving the examination room; and
- (b) requirements for a student's conduct during the examination.

**33. Deferred examinations**

- (1) A student who, due to exceptional circumstances beyond the student's control, is unable to attend an examination at the prescribed time may apply in the manner prescribed by the registrar for a deferred examination.
- (2) The dean determines the outcome of an application for a deferred examination.

**Division 3 - Final grades****34. Grading scale**

University academic board must specify the grading scale to be used in allocating a record of achievement for studies at the university.

**35. Allocation and notification of grades**

- (1) The dean approves a student's final grade for a unit.
- (2) A student will be notified of their grades in the manner determined by the registrar.

**36. Special consideration**

- (1) A student who believes that their performance in completing an assessment item has been adversely affected by exceptional circumstances may apply for special consideration in the manner prescribed by the registrar.
- (2) The head of school determines whether the application for special consideration should be granted.
- (3) The faculty academic board may specify the manner in which special consideration is to be applied to an assessment item.
- (4) The unit coordinator determines whether additional marks for the assessment item should be granted, and must do so in accordance with any faculty academic board determinations made in accordance with rule 36(3).
- (5) In this rule:
 

"head of school" means the head of the school in which instruction in a unit is given, or in the case of QUT international college, the director of studies.

"faculty academic board" includes the QUT international college advisory board with respect to a program of non-award studies offered by the college.

**37. Supplementary assessment**

Supplementary assessment may be granted to a student only in the circumstances prescribed by university academic board.

**PART 6 - UNSATISFACTORY ACADEMIC PERFORMANCE****38. Requirement to perform satisfactorily in course**

A student undertaking an award course must maintain a satisfactory level of academic performance in accordance with this part.

**39. Probationary enrolment**

- (1) The registrar must place a student undertaking an award course on probationary enrolment if the student:
  - (a) achieves a grade point average of less than 3.0 for units which the student has undertaken towards the award course; or
  - (b) is awarded a failing grade in a unit which the student has previously failed.

(2) The registrar determines the students to be placed on probationary enrolment at the end of each academic year.

(3) The registrar must notify a student in writing of the decision to place the student on probationary enrolment.

#### **40. Conditions of probationary enrolment**

(1) A student is placed on probationary enrolment for 12 months.

(2) While on probationary enrolment, a student must:

- (a) consult the course coordinator about their enrolment program; and
- (b) if the course coordinator specifies an enrolment program, submit the enrolment program as specified.

(3) If a student on probationary enrolment cancels their enrolment in the course but is subsequently re-admitted by the registrar to the same award course in accordance with part 2 of these rules, the registrar, upon re-admission:

- (a) must place the student on probationary enrolment for the remainder of the academic year; and
- (b) may require the student to submit an enrolment program specified by the course coordinator.

#### **41. Exclusion from enrolment in an award course**

(1) A student is an “eligible student” for the purposes of exclusion if:

- (a) the student has previously been placed or is currently on probationary enrolment and qualifies for a further period of probationary enrolment on the basis of rule 39; or
- (b) the student is awarded a failing grade in a designated unit; or
- (c) having been readmitted to the award course following a period of exclusion, the student achieves a grade point average of less than 3.5 for units in which the student has enrolled in the academic year following readmission; or
- (d) the student has exceeded the maximum time limit for the award course imposed in accordance with rule 14.

(2) At the end of each year, the faculty academic board responsible for the award course may exclude an eligible student from enrolment in that course.

(3) If the faculty academic board does not exclude an eligible student, the registrar may place the eligible student on probationary enrolment in accordance with this part.

(4) The registrar must notify a student in writing of the decision to exclude the student from enrolment in the award course.

(5) University academic board must specify the circumstances in which the registrar may exclude an eligible student from enrolment in other award courses at the university.

(6) In this rule, “designated unit” means a unit which a faculty academic board requires a student to complete with a passing grade in order to continue in the award course.

#### **42. Consequences of exclusion**

(1) If exclusion is imposed on a student under rule 41, the student is excluded from an award course indefinitely, unless permitted to re-enrol in accordance with rule 43.

(2) A student who is excluded from an award course is not permitted to enrol in any units forming part of that award course.

#### **43. Enrolment following exclusion**

(1) An excluded student may re-enrol in a unit or units as part of the award course if:

- (a) the student successfully appeals against exclusion; or
- (b) the student, following exclusion for at least 12 months, is re-admitted to an award course by the registrar.

(2) Where a student re-enrols in the award course in accordance with rule 43(1), the registrar must place the student on probationary enrolment for the balance of the academic year.

### **PART 7 - ELIGIBILITY TO GRADUATE**

#### **44. Minimum passing grades for graduation**

For the purpose of determining a student’s eligibility to graduate from an award course, a faculty academic board may designate the maximum number of units for which the student can be awarded a minimum passing grade.

#### **45. Eligibility to graduate from an award course**

(1) Subject to rule 44, a student is eligible to graduate from an award course upon completion of all course requirements.

(2) Faculty academic board determines whether a student has completed all course requirements.

(3) University academic board confers the award on a student who is eligible to graduate.

### **PART 8 - REVIEW AND APPEALS**

#### **46. Review of grades and academic rulings**

(1) University academic board must prescribe procedures for dealing with applications for review of grades and academic rulings.

(2) A student may apply for a review of:

- (a) their grade for a unit; or
- (b) other academic rulings made under these rules.

#### **47. Appeal to university academic board**

(1) A person who has been refused admission to the university may appeal to university academic board.

(2) A student may appeal to university academic board if:

- (a) the student has been excluded from an award course under rule 41; or
- (b) the student has been penalised by the dean or the registrar under rule 29.

#### **48. Status pending outcome of review or appeal**

Pending the outcome of a review or appeal, the registrar may permit a student to attend classes or undertake examinations.

### **PART 9 - MISCELLANEOUS**

#### **49. Research higher degree students**

(1) For students undertaking the doctor of philosophy degree, university academic board must specify general requirements for:

- (a) admission as a candidate for the degree; and
- (b) enrolment and progression as a candidate; and
- (c) submission and examination of the thesis.

(2) For students undertaking another research higher degree, faculty academic board must specify course requirements.

#### **50. Delegation of powers and functions<sup>3</sup>**

(1) Where these rules specify that a particular person or body exercises a power or function, that person or body may delegate the power or function to another person or body.

(2) Despite rule 50(1), a course coordinator or a unit coordinator may not delegate a function or power to another person.

<sup>3</sup> See section 27A of the Acts Interpretation Act 1954 .

SCHEDULE 1 - UNIT ADDITION AND WITHDRAWAL DATES

Teaching Period	Last day to add units	Last day to withdraw from units without academic penalty
Semester 1 (SEM-1) Semester 2 (SEM-2) Summer Program (SUM)	Close of business, Friday, 2nd week of teaching period	No academic penalty if withdrawal prior to close of business, Friday, 9th week of teaching period. 'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 9th week of teaching period.
13 Week Teaching Period (13TP1-3)	Close of business, Friday, 2nd week of teaching period	No academic penalty if withdrawal prior to close of business, Friday, 9th week of teaching period. 'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 9th week of teaching period.
12 Week Teaching Period (12TP1-3)	Close of business, Friday, 2nd week of teaching period	No academic penalty if withdrawal prior to close of business, Friday, 8th week of teaching period. 'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 8th week of teaching period.
6 Week Teaching Period (6TP1-6) Summer Program 1 (SUM-1) Summer Program 2 (SUM-2)	1st day of teaching period	No academic penalty if withdrawal prior to close of business, Friday, 4th week of teaching period. 'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 4th week of teaching period.
5 Week Teaching Period (5TP1-9)	1st day of teaching period	No academic penalty if withdrawal prior to close of business, Friday, 3rd week of teaching period. 'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 3rd week of teaching period.
Non-standard intensive teaching periods (< or = 2 weeks in length) where unit enrolment is either in Semester 1 or Semester 2 teaching periods	1st day of teaching period	No academic penalty if withdrawal prior to commencement of teaching. 'Withdrawn-Failure' recorded if cancellation after commencement of teaching.
Non-standard intensive teaching periods (> 2 weeks but < 6 weeks in length) where unit enrolment is either in Semester 1 or Semester 2 teaching periods	1st day of teaching period	No academic penalty if withdrawal prior to close of business, Friday, 2nd week of teaching period. 'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 2nd week of teaching period.

SCHEDULE 2 - FEES AND CHARGES (TABLE A - B)

TABLE A - HIGHER EDUCATION CONTRIBUTION SCHEME

These fees are set in accordance with rule 23, QUT Student Rules by the authority of the Higher Education Funding Act 1988.

HECS Band Rates	2002	2003
Band 1: Arts, Education, Humanities, Justice, Legal Studies, Nursing, Social Studies/Behavioural Science, Visual/Performing Arts	\$3598	\$3680
Band 2: Administration, Built Environment/Architecture, Business, Computing/Economics, Engineering, Mathematics, other Health Sciences (such as Optometry or Podiatry), Sciences	\$5125	\$5242
Band 3: Dental Services, Law, Medical Science	\$5999	\$6136
Non-differential (pre 1997)		\$2764

TABLE B - DOMESTIC POSTGRADUATE TUITION FEES

These fees are set in accordance with rule 24(2), QUT Student Rules by the authority of the Vice-Chancellor.

		Fee per credit point

IF13	Master of Business Administration/Master of Information Technology (Non-IT graduates)	\$140	\$150
IF14	Master of Business Administration/Master of Information Technology (Non-IT graduates)	\$160	\$170
IF15	Master of Business Administration/Master of Information Technology (IT graduates)	\$140	\$150
IF17	Master of Business Administration/Master of Information Technology (IT graduates)	\$160	\$170

SCHEDULE 2 - FEES AND CHARGES (TABLE B-C)

IF18	Master of Business Administration/Master of Information Technology (Non-IT graduates) commencing 2003	-	TBA
IF19	Master of Business Administration/Master of Information Technology (IT graduates) commencing 2003	-	TBA
IF88	Graduate Certificate in Risk Management		\$70
IF91	Graduate Certificate in Facilities Management	\$95	TBA
IF92	Graduate Diploma in Facilities Management	\$95	TBA
IF94	Graduate Certificate in Advertising	-	\$85
IF95	Graduate Diploma in Advertising	-	\$85
IF96	Master of Advertising	-	\$85
^ subject to final approval			
* Tuition fee places offered to students after HECS liable places filled			

Table C - International Student Tuition Fees

These fees are set in accordance with rule 24(4), QUT Student Rules by the authority of the Vice-Chancellor.

Application fee for award courses: \$55 (incl GST)

Note: The quoted fee is based on a standard credit point load. The actual cost of the program will depend on the number of credit points enrolled. Pro-rata increase in fees will be charged when more than a normal course load is taken in any semester.

CRICOS Code	Course Code	Course Title	Fee paid by student first enrolling in 2003 per course per teaching period
<b>NON-DEGREE COURSES</b>			
N/A	NA05	Visiting Program (for cross institutional and visiting units)	\$1625/unit

SCHEDULE 2 - FEES AND CHARGES (TABLE D-F)

TABLE D - DOMESTIC UNDERGRADUATE NON-AWARD TUITION FEES

These fees are set in accordance with rule 24(3), QUT Student Rules by the authority of the Vice-Chancellor.

Course Code	Course Type	Fee per credit point	
		2002	2003
BS20	Management Certificate (Undergraduate)	\$75	\$75
KD05	Certificate in Dance Teaching	\$65	\$65
KD06	Advanced in Certificate in Dance Teaching	\$65	\$65

TABLE E - SUMMER PROGRAM TUITION FEES (INCLUDING HECS COURSES WITH SUMMER AS NORMAL PROGRESSION)

These fees are set in accordance with rule 24(5), QUT Student Rules by the authority of the Vice-Chancellor.

Does not include International Student Tuition Fees

Summer Program Tuition Fees	2002/2003
Students enrolled in a HECS course in a Summer Program unit which is part of the normal course progression	HECS
Students enrolled in existing fee-paying courses	Standard Tuition fee applies
All other students (including QUT students and cross-institutional students)	\$70 per credit point

HECS Courses With Summer As Normal Progression		
Faculty of Built Environment and Engineering		
CE45	Bachelor of Engineering (Civil) - Mid-year entry	HECS - specific units
ME42	Bachelor of Engineering (Mechanical) - Mid-year entry	HECS
EE42	Bachelor of Engineering (Electrical and Computer Engineering) - Mid-year entry	HECS
PS48	Bachelor of Surveying - Mid-year entry	HECS - specified units
BN73	Master of Built Environment (Urban Design)	HECS
	Dean's Scholars	HECS
	Mid-year entry students into other Engineering courses	
Faculty of Education		
ED20	Graduate Diploma in Education (Early Childhood)	HECS - specified unit
Faculty of Law		
LW33	Bachelor of Laws - Mid-year entry	HECS - specified units
Faculty of Science		
SC01	Dean's Scholars - (accelerated)	HECS - specified unit
LS50	Bachelor of Biotechnology Innovation	HECS in specified units
PH71	Graduate Diploma in Applied Science	HECS in specified units
PH80	Masters in Applied Science	HECS in specified units

TABLE F - VISITING STUDENT TUITION FEES

These fees are set in accordance with rule 24(3), QUT Student Rules by the authority of the Vice-Chancellor.

Student Type	2002 fee per credit point	2003 fee per credit point
Students enrolled in an undergraduate or postgraduate unit from an existing HECS course.	\$75	Refer to UG & PG below
Students enrolled in any undergraduate unit	\$75	\$75
Students enrolled in a postgraduate unit offered by QUT Carseldine, Creative Industries, Faculties of Education or Health	\$75	\$75
Students enrolled in a postgraduate unit offered by the Faculty of Science	\$85	\$85
Students enrolled in a postgraduate unit offered by the Faculty of Law	\$85	\$90
Students enrolled in a postgraduate unit offered by the Faculty Built Environment and Engineering	\$95	\$95
Students enrolled in a postgraduate unit offered by the Faculties of Business	\$100	\$105
Students enrolled in a postgraduate unit offered by the Faculty of Information Technology	\$80	\$80

SCHEDULE 2 - FEES AND CHARGES (TABLE I-J)

TABLE G - STUDENT GUILD FEE

These fees are set in accordance with rule 22, QUT Student Rules by the authority of QUT Council.

Attendance Mode	2002	2003*
Full-time	\$240.00	\$242.00
Part-time	\$120.00	\$121.00
External	\$48.00	\$48.40

\* Subject to approval

TABLE H - QUT ADMINISTRATIVE CHARGES

These charges are set in accordance with rule 24, QUT Student Rules by the authority of the Registrar.

Type of Administrative Charge	2003 Charge (inc GST)
Late lodgement of application for admission	\$50.00
Late lodgement of enrolment form	\$50.00
Late addition to enrolment program	\$50.00
Addition to enrolment program not made on prescribed form	\$50.00
Reinstatement of enrolment following administrative cancellation	\$100.00
Review of Pass Grades (refundable):	
Step 2: school level review	\$20.00
Step 3: faculty level review	\$30.00
Copy of examination script	\$10.00
Statement of Academic Record	\$10.00
Re-issue of student ID card	\$10.00
Re-issue of Award Certificate	\$50.00
Re-issue of receipt for fees paid/statement of fees paid	\$10.00
Late fee for up-front HECS payment	\$50.00
Late fee for payment of tuition fees	\$50.00
Re-issue of Final Notice of Enrolment and HECS liability	\$10.00
International Student application fee for award courses	\$55.00
Late fee for payment of international tuition fees	\$100.00

TABLE I - DOMESTIC TUITION CANCELLATION CHARGES

These fees are set in accordance with rule 26, QUT Student Rules by the authority of the Vice-Chancellor.

Students should note that academic penalties may also apply to withdrawal of units. Refer to Schedule 1: Unit Addition and Withdrawal for more information.

Unit Teaching Period	Withdrawal Rule	Cancellation Charge
Semester 1 (SEM-1) Semester 2 (SEM-2)	HECS: on or before HECS census date	NIL
	HECS: after HECS census date	100% of HECS fee retained
	PELS/Domestic Tuition: on or before end of week 2	NIL
	PELS/Domestic Tuition: after end of week 2 to on or before HECS census date	25% of tuition fee retained*
	PELS/Tuition: after HECS census date	100% of tuition fee retained
6 Week Teaching Period (6TP1-6) Summer Program (SUM) Summer Program 1 (SUM-1) Summer Program 2 (SUM-2)	HECS: on or before HECS census date	NIL
	HECS: after HECS census date	100% of HECS fee retained
	Domestic tuition/PELS: before 1st day of teaching period	NIL
	Domestic tuition/PELS: after 1st day of teaching period but before end of week 2	25% of tuition fee retained*
	Domestic tuition/PELS: after end of week 2	100% of tuition fee retained

SCHEDULE 2 - FEES AND CHARGES (TABLE I-J)

21 Week Teaching Period (21TP1-2)	Domestic tuition/PELS: on or before end of week 2	NIL
	Domestic tuition/PELS: after end of week 2 but before the end of week 6	25% of tuition fee retained*
	Domestic tuition/PELS: after end of week 6	100% of tuition fee retained
Non-standard intensive teaching periods (2 weeks or less in length) where unit enrolment is either in Semester 1 or Semester 2 teaching periods	Domestic tuition/PELS: before 1st day of teaching period	NIL
	Domestic tuition/PELS: on or after 1st day of teaching period	100% of unit tuition fee retained
Non-standard intensive teaching periods (Greater than 2 weeks but less than 6 weeks in length) where unit enrolment is either in Semester 1 or Semester 2 teaching periods	Domestic tuition/PELS: before 1st day of teaching period	NIL
	Domestic tuition/PELS: on or after 1st day of teaching period but before end of week 2	25% of unit tuition fee retained*
	Domestic tuition/PELS: after end of week 2	100% of unit tuition fee retained

\* 25% PELS retention fee cannot be deferred to the ATO. Students in this situation will receive an invoice from QUT.

TABLE J - INTERNATIONAL TUITION CANCELLATION CHARGES

These fees are set in accordance with rule 26, QUT Student Rules by the authority of the Vice-Chancellor.

Students should note that academic penalties may also apply to withdrawal of units. refer to Schedule 1: Unit Addition and Withdrawal for more information.

Unit Teaching Period	Withdrawal Rule	Cancellation Charge
Semester 1 (SEM-1) Semester 2 (SEM-2)	From entire course, due to inability to obtain a visa or meet all the conditions stated in offer letter (commencing students only)	100% of tuition fee refunded
13 Week Teaching Period (13TP1-3)	From entire course, prior to commencement date of teaching period (commencing students only)	10% of first semester's tuition fee retained
12 Week Teaching Period (12TP1-3)	From entire course or leave of absence, within first four weeks of teaching period	50% of first semester's tuition fee retained
	From entire course or leave of absence, after first four weeks of teaching period	100% of first semester's tuition fee retained
	From a unit(s) within first four weeks of teaching period	100% of unit tuition fee refunded
	From a unit(s) after first four weeks of teaching period	100% of unit tuition fee retained
6 Week Teaching Period (6TP1-6)	From entire course, due to inability to obtain a visa or meet all the conditions stated in offer letter (commencing students only)	100% of tuition fee refunded
	From entire course, prior to commencement date of teaching period (commencing students only)	10% of first semester's tuition fee retained
	From entire course or leave of absence, within first two weeks of teaching period	50% of first semester's tuition fee retained
	From entire course or leave of absence, after first two weeks of teaching period	100% of first semester's tuition fee retained
	From a unit(s) within first two weeks of teaching period	100% of unit tuition fee refunded
	From a unit(s) after first two weeks of teaching period	100% of unit tuition fee retained
Summer Program (SUM)	From a unit(s) within first two weeks of teaching period	100% of unit tuition fee refunded
	From a unit(s) after first two weeks of teaching period	100% of unit tuition fee retained
5 Week Teaching Periods (5TP1-9) QUTIC English Language Programs Non package offers	Withdrawal from course more than 28 days before commencement	100% of fees refunded
	Withdrawal from course less than 28 days before course commencement	80% of fees refunded
	Withdrawal from course after commencement General English (QC20, QC21)	100% of current teaching period fees are retained, 80% of remaining balance is refunded
12TP1-3 (EAP) Non package offers	Withdrawal from course more than 28 days before commencement	100% of fees refunded
	Withdrawal from course less than 28 days before course commencement	80% of fees refunded
	Withdrawal from EAP (QC10) course after commencement	100% of fees retained

---

SCHEDULE 2 - FEES AND CHARGES (TABLE J)

---

English Language (ELP) package programs	From entire course, due to inability to obtain a visa or meet all the conditions stated in offer	100% of tuition fee refunded
	Withdrawal from course before commencement of ELP classes	10% of fees retained
	Withdrawal from the course after the commencement of ELP classes	100% of ELP session tuition fee retained and 90% of remaining fees refunded.

## ACCESS TO ASSESSMENT RESULTS

The University is committed to a policy of openness with respect to the release of assessment results. QUT policy on access to assessment results and/or marks is as follows.

For units where percentage marks are calculated, such marks will be placed on the confidential individual student records located in the QUT Virtual web pages (<https://qutvirtual.qut.edu.au/>).

Faculty academic boards must make appropriate arrangements for students who request to peruse their own examination scripts or written answers to examination questions or other forms of assessment, provided that the request is made within three months of the release of the examination results. Should students request a photocopy of their script, a fee will be levied.

Where examination question papers or other forms of assessment will be re-used in successive examinations, faculty academic boards must arrange for students to receive advice on their performance with reference to their own examination scripts in a way which does not prejudice the examination mode.

## ASSESSMENT FOR STUDENTS WITH DISABILITIES

Students with permanent or temporary disabilities have the right to alternative arrangements which are consistent with a commitment to academic excellence and the provision of equality of opportunity to enable students to fulfil course requirements.

Normally, students should notify the relevant course coordinator in writing early in the semester, but no later than the semester census date. Failure to do so may jeopardise access to appropriate services. Students who suffer a disability, illness or injury after the census date can, during the semester, seek special consideration or other means of addressing their need for alternative arrangements.

Alternative forms of assessment are usually negotiated between student and course coordinator, but advice can be sought from the QUT Disability Officer as needed, particularly if differing views are held about the appropriateness of such accommodation/arrangements.

Suggested variations in assessment techniques for students with disabilities are listed below, together with some examples of alternative techniques. Issues of validity, reliability and equity, together with ease of marking, should be taken into account when adopting such alternatives.

### Mode

- **Questioning modality**

eg brailled or audiotaped questions, viva voce testing, signing interpreter, etc.

- **Response modality**

eg oral rather than written answers - recorded on tape, viva voce, signing, etc.

### Context

- **Time**

eg extended period to answer examination, respite breaks during an examination, extra time to complete assignments, deferment without penalty, etc.

- **Equipment**

eg tape recorder, braille, print magnifier, electric typewriter, special desk for wheelchair, adapted laboratory equipment, etc.

- **Separate examination room**

eg special equipment, personal assistance (to avoid disturbing others).

- **Personal assistance**

eg amanuensis, reader, interpreter, aide.

To support their request for alternative assessment arrangements, students may be required by the relevant lecturer and course coordinator to present a certificate from a medical or other relevant specialist practitioner which substantiates the nature of the special need.

The University accepts that general principles of confidentiality and privacy should apply in such circumstances. Therefore, students may choose to refer the certificate to the QUT Disability Officer or a QUT counsellor who shall recommend appropriate action to the relevant lecturer or course coordinator.

Following any decisions in relation to such a request, all documentation in relation to the disability should be forwarded to the QUT Disability Officer for retention on a confidential file. A record of requests and adaptations will be retained for review purposes by the QUT Disability Officer with a record of the decision forwarded to the Examinations Officer for retention on the student's file.

The student must be advised in writing of any variations that will be made to assessment. The Examinations Section will notify the student in the case of central examinations and the school office will do so for school-based assessment.

Students who are not granted alternative assessment but believe that they are entitled to alternative assessment under the above provisions may request a review of the decision under the University's procedures for reviews of academic rulings.

## QUT POLICY ON CHILDREN OF STUDENTS ON CAMPUS

QUT recognises that students with children have additional demands placed upon them and that occasionally it may be necessary to bring a child or children onto campus.

This policy should be read in conjunction with the University's policy on child care and family responsibilities.

This policy is available at:

[www.qut.edu.au/admin/mopp/A/A\\_08\\_06.html](http://www.qut.edu.au/admin/mopp/A/A_08_06.html)

### Application

The Children of Students on Campus policy applies to all students. This policy does not apply to situations where a child is brought on campus for the purpose of attending a registered child care facility, the Early Childhood Development Unit, clinics and approved programs such as vacation care.

### Principles

Under the Queensland Workplace Health and Safety Act 1995 QUT has obligations to ensure the health and safety of all, including children, at or near the workplace. The legislation requires that students meet the following obligations:

- to follow instructions related to their study at QUT;
- to not interfere with or misuse anything provided for health and safety; and
- to not place themselves or others at risk.

Consistent with these obligations, a student must consider the following issues prior to bringing a child on campus.

- It is anticipated that students will make all reasonable attempts to arrange alternative childcare before bringing a child to the workplace.
- Students should obtain approval from the relevant staff member as soon as practical, i.e. in advance if possible or on arrival.

- Children are excluded from areas with potentially dangerous equipment or where hazardous substances are present, from areas subject to particular statutory or local regulation, and from examinations in progress.
- A common sense approach is necessary when bringing children on campus. For example, children recently exposed to an infectious illness (eg chicken pox, rubella, mumps etc) or who are known to be ill must not be brought on campus.
- The child's presence on campus should not result in disruption to the workplace, including classes and non-teaching areas such as the Library.

### Procedures

As the requirement for a student to bring a child on campus will not be a routine or regular event, the approval sought will generally be verbal, but should be recorded as a diary note by the QUT staff member giving such approval. The staff member from whom approval is sought will consider all the circumstances and may refuse permission, either at first contact or throughout the duration of the child's visit if there are concerns related to health and safety issues or disruption to the work of others. Permission should not be withheld unreasonably. Students who feel they have been treated unfairly when permission is refused may seek redress through existing University mechanisms (eg Equity Coordinator, Student Ombudsman, or grievance resolution processes).

The student bringing a child on campus is responsible for direct supervision of the child at all times and has the ultimate and sole responsibility for the safety and care of the child. This responsibility cannot be delegated to another person. If the child is reasonably mobile, it is preferable that the child should have some form of identification.

Children are not permitted in laboratories, workshops, clinical areas, chemical storage areas, construction sites, areas where minor works or maintenance are being conducted, or in any other area with significant levels of risk to a child.

If the child is responsible for causing wilful damage to University property, or causes an accident, the student responsible for the child will be held liable and may be sued for damages by the University.

### INFORMATION ACCESS AND PRIVACY

QUT recognizes that privacy is essential to human dignity and a key value which underpins other key values such as freedom of speech and freedom of association (Australian Privacy Charter, Australian Privacy Charter Council, December 1994).

However, the University is required to have on record a variety of factual information about staff and students, both for internal use and for the compilation of statistical reports to meet the requirements of such external bodies as DETYA and the Australian Taxation Office.

QUT also recognises that all staff and students, both past and present, are entitled to a legitimate expectation that the University will protect all information of a personal nature which it holds about them. The Registrar is the official custodian of all records containing such information, and is responsible to the Vice-Chancellor for their proper maintenance and control.

The University accepts that the general principles of confidentiality and privacy apply to the use and availability of its records. Where information about a staff member or student includes personal details, that person may quite reasonably expect that the University will maintain confidentiality, except where disclosure is required for legitimate purposes.

QUT also recognizes the increased tendency to store and access records by electronic means. Any reference to "personal records"

or "files containing personal information", includes files held in hard-copy form, and also by all electronic means.

With respect to disclosure required by law, the University acknowledges that other legislative obligations, such as the Queensland Freedom of Information Act 1992 (FOI Act) (see section F/10), may require the divulging of information which the University would ordinarily seek to protect. In such circumstances, the procedures set out in the FOI Act will be followed; that is, information about a person will only be released where the public interest of disclosure outweighs the need to maintain the privacy of the records.

### Personal Information

Personal information, also known as information concerning personal affairs, has been defined by the Queensland Information Commissioner, as that "of or relating to the private aspects of a person's life". The Commissioner has held that the phrase has a well accepted core meaning which includes family and marital relationships; medical records, health or ill-health; relationships and emotional ties with other people; and domestic responsibilities or financial obligations (Re Stewart and Department of Transport (1993) 1 QAR 227). QUT is of the view that unique identifiers such as a Tax File Number, pay roll number or a student number also fall within the meaning of personal information.

Further, the University has no need for and will not maintain records relating to the religious or political affiliations and activities of students or staff, except where such information may be voluntarily included in correspondence from students, staff or potential staff, or is included in references supplied by persons at a student's, staff member's or potential staff member's request.

### Collection of Personal Information (Principle 1)

Personal information will be collected by the University only for inclusion in a record or in a generally available publication where:

- it is collected for a lawful purpose relating to a function or activity of the University;
- the information is relevant to the purpose of collection; and
- the information is as up to date and complete as can reasonably be expected.

The University will not collect personal information by unlawful or unfair means.

The University will take reasonable steps to ensure that an individual from whom information is collected is generally aware of:

- the purpose for which the information is being collected
- if the collection of the information is authorised or required by or under any law, and
- whether the information will be passed on by the University to any other person, body or agency.

### Access to, Use of and Disclosure of Personal Information (Principle 2)

While the University is required to keep factual information about staff and students, access to that information (other than by the individual student or staff member in question) is limited only to staff who have a legitimate reason for its use. Similarly, QUT also recognizes the increased tendency to store records by electronic means. As with hard-copy files, the University will ensure that access to electronically-held records will be available only to staff members who have a legitimate reason to access the information.

A record containing personal information will be accessed and used only for the purpose for which it was collected. Similarly, the University or any member of its staff will not disclose a re-

cord that contains personal information to any other person or agency.

However, personal information may be accessed and used for other purposes, or disclosed to other persons or agencies where:

- the individual concerned has consented in writing;
- it is necessary to prevent or mitigate a threat to the life or health of the individual concerned or another person, or is in the clear interests of the individual (for example, to locate a telephone number or address of a student's or staff member's next-of-kin, should the person be involved in an accident)
- it is required or authorized by law;
- it is reasonably connected to the person's employment, or academic program;
- it is reasonably connected to the functions of the University (s.5, QUT Act 1998) (see MOPP Appendix 1(a)); or
- it is reasonably necessary for enforcement of the criminal law, or for imposing a pecuniary penalty.

• **Student assessment and publication of results**

As a right, students are allowed to request and obtain their own final marks and to peruse their own examination scripts or written answers to examination queries or other forms of assessment (see MOPP section E/8.7.1[2]).

Each semester, the University publishes students' results in the press and on University notice boards. Students who would prefer that their results are not published in the press or displayed by name on University notice boards have the right to request that their academic records remain confidential. The request to withhold results from public release remains in force until specifically revoked by the student.

**Security of Personal Information (Principle 3)**

The University will protect records containing personal information about past or present staff and students by implementing procedures to prevent against loss, unauthorised access, use, modification, disclosure, or other misuse.

**Access to and Amendment of an Individual's Own Records (Principle 4)**

Both staff members and students are entitled to view their own personal files. However, in some instances, for example, where a third party is mentioned in the file, access may be provided subject to the FOI Act, or other Act of similar purpose.

Similarly, where a staff member or student believes that material contained in their personal record is inaccurate, the individual may seek amendment of that material. Where a record is proven to be inaccurate or incomplete, an appropriate officer of the University may alter the record. In some instances, the procedures for amending information as set out in the FOI Act, or any other Act of similar purpose may be followed.

**Breach of Policy (Principle 5)**

Breaches of QUT's information access and privacy policy may be dealt with according to QUT Statute No 2 - Student Discipline (see MOPP Appendix 1(b)) or staff misconduct provisions in the relevant Award.

**DISABILITY SERVICES POLICY**

In accordance with QUT's equal opportunity policy (see MOPP section A/8.4), the University recognises its social and legal obligation to provide an accessible and inclusive environment for people with disabilities. QUT is bound by the *Commonwealth Disability Discrimination Act 1992* and the *Queensland Anti-Discrimination Act 1991*, under which the University can be vicariously liable for discrimination or harassment against a person with a disability by a member of staff or any of its agents.

This policy seeks to ensure equal opportunities for people with disabilities to participate in all aspects of University life, including education and employment. It is based on the philosophy of inclusion, which promotes strategies to develop a flexible work and study environment which is able to meet the needs of a diverse range of users.

The policy is accompanied by detailed operational guidelines available from the Equity Section, or from the Equity Section webpage (<http://www.qut.edu.au/admin/equity/>).

**Principles**

QUT is committed to the creation of an environment which promotes dignity, acknowledges the right to privacy and confidentiality, and cultivates an awareness of the needs and rights of people with disabilities.

In creating this environment, the University is guided by the following principles.

- Reasonable accommodations are to be provided for people with disabilities. It is the responsibility of the student or staff member to substantiate their eligibility for disability services.
- The needs of people with disabilities are to be assessed in consultation with them by the University's Disability Officer/s on an individual basis.
- Accommodations for people with disabilities will neither advantage nor disadvantage them in comparison to other people not receiving disability support services, but will be designed to ensure that people with a disability have equal access to employment or education.
- Any information in relation to a person's disability remains confidential, is not part of the person's open record of employment or academic progress, and will not be disclosed without prior written consent, except for statistical reports designed for monitoring and evaluation. (See MOPP section F/9.2 for policy on confidentiality of staff and student records).
- The University may seek information about a person's disability only insofar as it relates to the request for reasonable accommodation and/or the need for general accountability to funding agencies, policy development or monitoring and evaluation of policies and programs, including affirmative action programs for staff with disabilities.
- By law, access to work and study may not be limited on the basis of the cost of services and accommodations required, unless the adjustments would impose "unjustifiable hardship" on the University.
- People with disabilities should be able to access and negotiate each campus in safety and with ease.
- People with disabilities should have access to existing information networks (eg advertisements, publications, promotional material) in appropriate formats.

**Definitions**

• **Disability**

As outlined in the relevant legislation, a disability may be either temporary or permanent, total or partial, physical, psychological or psychiatric, life-long or acquired. Also included are people who require devices or aids for assistance, or are accompanied by guide dogs.

• **Reasonable Accommodation**

Reasonable accommodation refers to administrative, physical or procedural alterations required to ensure equal opportunity for a person with a disability.

• **Unjustifiable Hardship**

In some cases it may be unreasonable for the University to make certain adjustments. Relevant circumstances in determining unjustifiable hardship include:

- the nature of the benefit or detriment likely to accrue or be suffered by any persons concerned; and
- the financial circumstances of the institution and the cost of making the required adjustments.

A thorough understanding of the effect of the disability on the individual and the impact of any adjustment or alteration is required in order to determine whether such adjustments are reasonable and necessary. The relevant State and Commonwealth administrative bodies require detailed evidence to support a claim of unjustifiable hardship.

### Provisions

QUT's disability services policy makes the following provisions

#### • *Entry to Work and Study*

QUT does not discriminate on grounds other than academic and merit based criteria when considering applications for admission as a student or staff member.

#### • *Access to Academic Programs and Employment*

The University will endeavour to make all its academic programs, employment and development opportunities available to prospective students and staff members with a disability, consistent with the entry provisions above.

#### • *Support Services*

QUT has a wide range of support services available to all staff and students. The University recognises that students and staff with disabilities may require specialised assistance. Support services include note-takers, alternative formatting of learning material, participation assistants etc.

#### • *Adapting the Learning and Working Environment*

The University supports the practice of job re-design, workplace modifications and alternative teaching and assessment practices to enable a staff member or a student with a disability to fulfil the requirements of a particular position or academic course.

#### • *Creation of Employment/Study Opportunities*

The University aims to provide equal employment and educational opportunities and to implement affirmative action programs for equity groups (see MOPP section A/8.4). The University develops strategies to take full advantage of funding initiatives by Government agencies aimed at providing employment opportunities for people with disabilities, including its own graduates.

#### • *The Physical Environment*

The built environment should be accessible to people with disabilities. All new buildings are designed in accordance with the appropriate standards and codes. The University endeavours to improve access to older buildings which do not meet these standards.

#### • *Promotion of Disability Awareness*

All staff and students will be given the opportunity to acquire the understanding and skills necessary to meet the employment, educational and social support needs of people with disabilities.

#### • *Non-Discriminatory Presentation and Practice*

In accordance with QUT's policy and guidelines on inclusive language and presentation (see MOPP section A/8.7), the University will endeavour to ensure that all essential educational, administrative and promotional material is available in alternative formats for access by people with disabilities.

#### • *Community Service and Outreach*

The University has a responsibility to make its human and physical resources available in a manner which is responsive to the needs and aspirations of people with disabilities, unless to do so would cause unjustifiable hardship for the University.

#### • *Quality Assurance Measures*

The University is committed to the continued review of policy and procedures, and to the involvement of people with disabilities in matters that affect them. The University will actively seek to involve consumers in decision making, and develop quality assurance mechanisms to support this policy.

### AWARDS WITH HONOURS

This policy does not deal with honours programs which are end-on to a bachelor degree course (see MOPP section C/3.3.5).

In degree courses of four or more years, a degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program. Degrees with honours are also awarded to students who have recorded outstanding achievement in a component of a double degree program where that component is a degree for which awards with honours are made (see MOPP section C/3.3.6).

First class honours, second class honours division A and second class honours division B may be awarded. Candidates for a degree with honours must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the relevant faculty academic board and approved by University Academic Board.

Honours are awarded

- to indicate that students may appropriately proceed to higher degrees
- to encourage students to work consistently throughout a course
- to ensure that QUT students can apply equally for employment in competition with honours graduates from other institutions
- to ensure that QUT graduates are eligible for the same level of salary on commencement as graduates from other institutions
- to enable QUT graduates to compete equally for scholarships.

### EQUAL OPPORTUNITY POLICY

QUT Council is committed to a policy of equal opportunity and freedom from all forms of discrimination as determined by legislation or by Council. The policy is issued on the basis that it is fair and just and contributes to the fulfilment of QUT's mission and goals.

In fulfilling this policy, the University aims to:

- promote the development of a University culture supportive of equity principles;
- ensure all of its management and educational policies and practices reflect and respect the social and cultural diversity contained within the University and the community it serves;
- ensure that the appointment and advancement of staff and admission and progression of students within QUT are determined on the basis of merit;
- provide equal employment and educational opportunities within QUT and identify and remove barriers to participation and progression in employment and education, and implement an affirmative action program for equity groups;
- eliminate unlawful discrimination against staff and students on the grounds of sex, marital status, pregnancy, breastfeeding, race, age, parenthood, physical, intellectual and mental impairment, religious belief, lawful sexual activity, trade union activity, criminal record, social origin, medical record, nationality, political belief or activity; and
- comply with state and federal legislation on discrimination, equal opportunity and affirmative action and binding international human rights instruments.

The Vice-Chancellor, through the Registrar and the management of the University, is responsible for implementation of this policy. The Registrar is assisted by the Equity Coordinator.

QUT expects all staff, students and members of the University community to act in accordance with this policy.

## POLICY ON INCLUSIVE LANGUAGE AND PRESENTATION

Under its equal opportunity policy (1993), QUT aims to ‘provide equal employment and educational opportunities within QUT and identify and remove barriers to participation and progression in employment and education.’

To this end, QUT supports a policy of inclusive language and presentation in all administrative and academic activities of the University. This means that QUT will:

- actively promote the use of inclusive language and presentation by staff and students in all QUT documents and materials, both written and otherwise;
- actively promote the use of inclusive texts and materials in all QUT teaching and presentations;
- works towards the elimination of demeaning or discriminatory language and visual representations at QUT;
- take active steps to ensure that all staff and students are aware of their responsibilities under the policy, and take appropriate action to assist staff to comply; and
- develop and maintain a procedure for resolving complaints of demeaning or discriminatory language and presentation.

For the purpose of this policy:

- **inclusive language and presentation** positively reflects the richness of the social and cultural diversity of Australian society and the QUT community by embracing the lifestyles, experiences and values of all groups of people; and
- **discriminatory language and presentation** devalues or demeans people or groups of people by harassing them, highlighting individual characteristics in an offensive or prejudicial manner, or by excluding them.

QUT recognises that use of inclusive language and presentation in all activities will assist in the University’s mission to bring the benefits of teaching, research and learning to the community.

### Responsibilities

QUT expects all staff, students and other members of the University community to act in accordance with this policy.

Deans, heads of division and Chancellery are responsible for ensuring that their staff and, where applicable, students comply with this policy.

## SUPPLEMENTARY ASSESSMENT

Supplementary assessment is provided to facilitate the course completion of students and will therefore only be granted to students whose current enrolment would satisfy the requirements for graduation.

Students may be granted:

- up to two supplementary assessments in the final year of study, at the faculty’s discretion, for coursework programs of three or more years full-time duration or equivalent; and
- one supplementary assessment in the final semester of study, at the faculty’s discretion, for coursework programs of less than three years full-time duration or equivalent (this includes students enrolled in a QUTIC diploma).

Supplementary assessment is not a reassessment of the student’s overall grade or the mark for an individual assessment item. It is a new item of assessment designed to assist students to complete requirements for their qualification, and is thus available for units undertaken in the final semester or year of study (as applicable).

Faculty academic boards are responsible for determining eligibility for supplementary assessment at the time that examination results are considered. Faculty academic boards will be guided by advice from the relevant school(s) as to whether, given the student’s grades for the unit(s) and the nature of the unit(s), it is possible for the student to achieve a passing standard through supplementary assessment.

The form and type of supplementary assessment is at the discretion of the faculty, which will ensure that academic standards are maintained.

Supplementary assessment should only be provided when a student receives:

- a grade of 3 in a unit where a 4 is required for course completion;
- a grade of 2 in a unit where a 3 is required for course completion.

Supplementary assessment will not be granted:

- to students enrolled in designated units listed in the QUT Handbook;
- to students who have been graded 1 low fail or K withdrawn failure.

Students who are not granted supplementary assessment but believe they are entitled to supplementary assessment may request a review of the decision under the University’s procedures for reviews of academic rulings (see MOPP Chapter E/9.1 for details of these procedures).

The only grades that will be recorded following supplementary assessment are S3 (pass supplementary) and S2 (fail supplementary).

## POLICY ON SMOKING

Given the proven health risks of smoking, QUT is moving towards making the University a smoke-free environment. To this end, smoking is prohibited on all campuses other than in designated smoking areas.

Smoking is also prohibited in QUT vehicles.

## OVERVIEW

The Faculty of Built Environment and Engineering uses innovative teaching and learning methods, which provide opportunities to develop sound communication, technological and management skills. This equips graduates for careers in the 'real world'.

The faculty promotes practical teaching and leadership in applied research that directly benefits industry, the professions, and the community. Our academic staff offer a combination of experience in professional practice and qualifications in advanced postgraduate research. Postgraduate coursework and research programs are designed to provide you with practical 'real world' expertise.

The faculty is comprised of five schools, two of which offer courses in Built Environment, Design Surveying, and three schools which offer courses in Engineering. All five schools maintain an active association with industry and professional associations, and offer a unique opportunity for cross-disciplinary interaction.

The **School of Design and Built Environment** comprises six disciplines, the combination of which is unique in Australia:

- Architecture
- Interior Design
- Industrial Design
- Urban and Regional Planning
- Landscape Architecture
- Surveying

As well as these six disciplines there is a sub-discipline of Urban Design.

This combination allows the School to pursue interdisciplinary teaching, research and community service. There are approximately 1600 students across all disciplines in undergraduate and postgraduate studies and research. The School delivers programs aimed at producing graduates who will undertake careers in the various design professions.

The **School of Civil Engineering** has a reputation for training first-class civil engineers. The school maintains a consistently high standard of teaching, fosters industry involvement, and stays at the forefront of the profession through an active research program. Graduate engineers are conversant with all the technical aspects of their profession, and possess communication skills, management expertise, and ethical judgement.

The **School of Construction Management and Property** offers programs of professional education for construction, property, quantity surveying and project management professionals and researchers. The school's courses lead to professional qualifications in the construction and property industries, which is one of Australia's largest employers.

The **School of Electrical and Electronic Systems Engineering** is the largest electrical engineering school in Queensland.

Courses provide students with a broad technical education and develop essential skills in electrical, electronic, computer and avionics engineering. Graduates are immediately employable in a very diverse range of organisations and industries.

The **School of Mechanical, Manufacturing and Medical Engineering** offers a range of innovative study programs that have been tailored in response to the challenging demands of industry and the profession. Graduates of these programs are highly sought after by industry, both nationally and internationally. The School's courses offer a balance of theory and 'hands on' experience and offer a choice of an 'in-house' or industry project to provide students with the opportunity to gain a headstart with experience in a real world working environment before graduation.

The faculty also offers three undergraduate double degrees in Electrical and Computer Engineering/Mathematics; Electrical and

Computer Engineering/Business; and Electronic Engineering/Information Technology.

Postgraduate research opportunities are available in a broad range of areas through the following research areas and cooperative research centres.

### Research Areas

- Australian Housing and Urban Research Institute (AHURI)
- Building and Infrastructure Systems
- Design
- Construction Management and Property
- Energy
- Asset Management and Maintenance
- Medical Engineering
- Product Design and Manufacturing
- Speech, Audio, Image and Video Technologies
- Sustainability in the Natural Environment
- Transportation Systems

### Cooperative Research Centres

- Construction Innovation
- Railway Engineering and Technologies
- Renewable Energy
- Satellite Systems

## SENIOR STAFF

*Dean:* Vacant

*Assistant Dean, Teaching and Learning:* W. Boles, BSc Egypt, MSc U of Pitt USA, PhD GradCertEd QUT, MIEEE

*Assistant Dean, Research:* J. Bell, BSc(Hons) Syd., PhD NSW

*(Acting) Assistant Dean, Student Services:* K. Oloyede, PhD DIC Imperial College London, MNSc, MAAS, MNY Acad Scie.

*Faculty Administration Manager:* M. Parker, DipTch Kedron Park, BBus(PubAdmin) MPubPolicy QUT

### School of Design and Built Environment

*Head:* Professor J. Hockings, BArch(Hons), PhD Qld, FRAIA

*Professors:*

H. Armstrong, BSc Syd, GradDipLA, MLArch NSW, AAILA

*Associate Professors:*

J. Allison, BA(Hons), MRegSc Qld, GradDipLib&InfoSys Riverina, PhD

J.M. Franz, BAppSc(BlEnv) QIT, DipTeach TAFE, MEdSc Qld, PhD QUT, MDIA RegTeach (Qld)

P. Heywood, BA(Hons) Oxf., DipTP Manc., MRTPI, FRAPI, LGP(Qld)

V. Popovic, DipEngArch Belgrade, MFA (Industrial Design) Ill., PhD Syd., FDIA, MHFS, MAES, MDRS

S. Savage, BArch (Hons) MArch Qld, DipAdultVocEd Griffith

### School of Civil Engineering

*Head:* Professor R.J. Troutbeck, BE (Hons) MEngSc Melb, PhD Qld, FIEAust, MITE

*Professors:*

D.P. Thambiratnam, BScEng(Hons) Ceyl, MSc PhD Manit., FICE, FIEAust, FASCE, CPEng

L. Ferreira, BSc Lond MSc Westminster, PhD Leeds, FIEAust, FCIT

M. Mahendran, BScEng(Hons) Moratuwa, PhD Monash, MIEAust, CPEng

### School of Construction Management and Property

*Head:* Professor A.C. Sidwell, BSc(Hons) Heriot-Watt, PhD Aston, MCIOB, ARICS, FAIB, FAIQS, FIEAust

*Professors:*

T.P. Boyd, MSc(BldgMan), PhD QUT, AAPI (CPV), ANZIV, SNZPI, MIV(SA)

R.M. Skitmore, MSc, PhD *Salford*, FRICS, MCIQB, FAIB, AAIQS

### School of Electrical and Electronic Systems Engineering

*Head:* Professor A. Maeder, BSc Natal, BSc(Hons) *Witw.*, MSc *Natal*, PhD *Monash*, MIEEE, SMIEEE, FIEAust, MACM, MACS, CPEng

#### *Professors:*

B. Boashash, BE *Lyon*, MSc PhD *InstNatPoly Grenoble*, SMIEEE, FIREE, FIEAust

M.P. Moody, BE(Hons) BA MEngSc PhD *Qld*, FIEAust, FIREE, SMIEEE, MACE, MAES, RPEQ, CPEng

#### *Chair in Electricity Asset Management:*

Professor G. Ledwich, BE(Hons) *Qld*, PhD *Newcastle*, FIEAust, SMIEEE

#### *Chair in Telecommunications:*

Professor S. Sridharan, BSc(Eng) *Ceyl.*, MSc *Manc.*, PhD *NSW*, PhD *Berlin*, MIEAust, CEng, MIEE, SMIEEE, CPEng

#### *Associate Professors:*

D. Birtwhistle, BEng(Hons) MSc *Brad.*, PhD *Syd.*, FIEAust, MIEE, CEng, CPEng

W. Boles, BSc *Assiut*, MSc PhD *Pitt*, GradCertEd *QUT*

M. Deriche, DipIng(Elect) *Algeria*, MSc PhD *Minn.*, MIEEE

### School of Mechanical, Manufacturing and Medical Engineering

*Head:* Professor J. Mathew, BSc(Eng) *Manc.*, PhD *Monash*, MIEAust, MAAS, MASME, FIDE(UK)

*Professor of Biomedical Engineering:* M.J. Percy, BSc *Brist.*, CEng, CPEng(Biomed) PhD *Strath*.

#### *Associate Professors:*

J.M. Bell, BSc(Hons) *Syd.*, PhD *NSW*

D.J. Hargreaves, BEng *QIT*, MSc, PhD *Leeds*, CPEng, FIEAust, MSTLE, MASSCT, Fuchs Chair in Tribology

## RESEARCH CENTRES

### Research Areas

#### *Australian Housing and Urban Research Institute (AHURI)*

The Institute is a consortium of the CSIRO Division of Building, Construction and Engineering; Queensland University of Technology; the University of Queensland; Monash University and Royal Melbourne Institute of Technology (RMIT). At QUT, AHURI is a designated collaborative research centre with interests across a number of faculties and schools. Its broad objective is to conduct research into issues in housing and urban fields in Australia and the Asia-Pacific region.

Dr J Minnery, BSc(Hons) *Cant*, PCE *Lond*, GradDipTP *Wits*, MPubAdmin PhD *Qld*, FRAPI, MIPAA, FAIUS

#### *Building and Infrastructure Systems*

The Building and Infrastructure Systems program undertakes world-class research in collaboration with industry, government and profession to strengthen the nation's building and infrastructure systems. It builds on the existing track record in the proposed field of research. Research concentrates on investigating the performance of existing and new building and infrastructure systems under realistic structural and environmental loadings including those due to natural, accidental and man-made hazards. It uses smart materials, systems and technologies, and advanced computer analysis and test methods to assess and improve the performance of existing and new building and infrastructure systems.

#### *Design*

The Design program conducts research in the design disciplines located in the Faculty of Built Environment and Engineering but

linked as well to related design fields in the Faculty (e.g. mechanical/manufacturing/medical engineering, transport, engineering, structures and designs, electronic systems and the digital design, informatics environment) and across the wider university community (e.g. Creative Industries, Human Services).

#### *Construction Management and Property*

This research program makes contributions to improved practice in the specific areas of international project management, construction and property performance, construction information and procurement technologies, and property market choice, investments, constraints opportunities, internationalisation, taxation, lifecycles, risk and culture.

#### *Energy*

The integrated development of research into energy production, transport and utilisation is critical for development of national infrastructure and policy. Solid analysis and targeted solutions to problems will be the main outcomes from this research program. Some of the key areas addressed are greenhouse gas abatement (through efficiency and renewable energy systems) and improved asset utilization for a key infrastructure.

#### *Asset Management and Maintenance*

The Asset Management and Maintenance program focuses on innovative industry-directed research and development, education and commercialisation in an integrated approach to life-cycle physical asset management to meet present and future needs to ensure international competitiveness and sustainability of Australian industry. The overall research program will be focused on five main industry sectors, Defence, Water and Waste, Power Generation and Distribution, Extraction and Process and Transport Infrastructure.

#### *Medical Engineering*

This program aims to engender sustainable improvements in quality of life through the innovative application of new and emerging technologies, which will not only help reduce the economic burden of healthcare provision, but also generate wealth for the nation through the stimulation of local industry. The areas of expertise are Biodynamics, Image Acquisition and Analysis, Monitoring and Signal Processing, Tissue Engineering, and Tissue Mechanics.

#### *Product Design and Manufacturing*

The product design and manufacturing program comprises leading researchers conducting world-class research on product design, micro-machining, rapid prototype manufacturing, product development, modeling of manufacturing processes leading to a new concept of rapid product development. This program is designed in such a way that it meets the requirements of Queensland manufacturing.

#### *Speech, Audio, Image and Video Technologies*

This program conducts internationally competitive research in order to solve practical problems through the application of speech, audio, image and video technology to products and processes. Research focuses on state-of-the-art speech, audio and video technologies including speech/speaker recognition and personal identification technologies for forensic and security applications; speech coding for storage and communication; speech synthesis for voice response systems; audio compression for broadcasting, television and Internet applications; video compression and image recognition and restoration.

#### *Sustainability in the Natural Environment*

The research program for Sustainability in the Natural Environment undertakes cutting-edge multidisciplinary research pertaining to the water cycle, adopting a holistic approach, to meet essential industry and society needs, to advance best practice in the water environment, to promote industry commitment to sustainability and to train high-quality researchers.

**Transportation Systems**

The aim of this program is to focus research effort in the freight & logistics area with an emphasis on multimodal transportation systems. The program builds on the established track record in applied research in the areas of road and rail based transportation systems. Main research areas include: freight vehicle impacts; freight & logistics e-business systems; freight corridor evaluation analysis; ITS applications in freight & logistics; emissions modelling; transit evaluation methodologies; rail track modelling and analysis; and intermodal terminal planning and operations.

**Cooperative Research Centres (CRC)****CRC for Construction Innovation**

The Centre aims to create and commercially exploit tools, technologies and management systems to deliver innovative constructed assets of financial, environmental and social benefit to the community. The centre combines basic research with strategic research and development in five related programs: virtual environments for lifecycle design and construction; construction project delivery strategies; environmental sustainability; integrated design and construction support systems; and management, adaptability and the future of built assets.

Associate Professor Janelle Allison, BA(Hons) MRegSc *Qld*, GradDipLib&InfSys *Riverina*, PhD *QUT*

**CRC for Railway Engineering and Technologies**

The Centre aims through research to develop an internationally competitive, efficient and sustainable rail industry and to facilitate the development of an Australian export industry in railway technologies. Benefits will flow in terms of improved rail efficiency and infrastructure capacity, energy savings, reduced maintenance cost and better asset utilisation. Main research areas include: 'Smart train' intelligent systems; innovative/automated maintenance and upgrading technologies; optimal traffic control and scheduling; IT systems and standards for rail management; new materials, systems and components for railways; and industry skills development (education and training).

Professor Luis Ferreira, BSc *Lond*, MSc *Westminster*, PhD *Leeds*, MIEAust, MCIT

**CRC for Renewable Energy**

The Australian Centre for Renewable Energy concentrates on optimizing the efficiency of energy use in building, specially optimizing the energy efficiency of building materials. At QUT its areas of expertise include building energy modeling; energy use in buildings; advanced glazing materials; daylighting systems; and grid-connected renewable energy systems.

Associate Professor John Bell, BSc(Hons) *Syd*, PhD *NSW*

**CRC for Satellite Systems**

The CRCSS is a joint government/industry/university venture to develop space expertise within Australia. The Queensland node is part of the CRC for Satellite Systems and contains two major groups, namely the Navigation Group and the High-Performance Computing

Group. The Centre is responsible for the provision of global positioning system receivers and reconfigurable computer systems.

Professor Miles Moody, BE(Hons) BA MEngSc PhD *Qld*, FIEAust, FIREE, SMIEEE, MACE, MAES, MASSTA, RPEQ, CPEng

## ■ Course Requirements and Notes Relating to Postgraduate Courses

### Course Progression

It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be picked up in the next semester they are offered. Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite so specified. The course coordinator should be consulted regarding variations from the course structure. This is considered to be a major concession. Students who have failed units or have doubts about having the necessary background to proceed should seek the advice of the course coordinator.

### Supplementary Assessment

It is not normally faculty policy to grant supplementary examinations. However, at the discretion of the Dean of Faculty, supplementary or further assessment may be permitted in cases where a student is near to the completion of their course.

In such cases it is normal policy to award an 'A' (Result Unfinalised) and to give the student further assessment. Following satisfactory completion of this further assessment, the highest grade which may normally be awarded is a grade of S3 (Pass Conceded).

### Awards With Distinction

Awards 'with distinction' may be awarded to graduands of graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a graduate diploma 'with distinction' must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

### Eligibility for 'With Distinction'

Eligibility for awards 'with distinction' is not affected by the time taken to complete a course. However, to be eligible for such an award, a graduand must have completed the course within the maximum number of calendar years specified in the policy on time limits for completion of courses (see Rule 2(19) in the student rules section).

### Personal Protection Equipment (PPE) Policy

Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each school within the faculty.

Students enrolled in units specified by the School of Civil Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Hard hats will be supplied by the School of Civil Engineering, as required. Students **must** provide their own safety shoes, safety glasses/goggles and hearing protection equipment.

## ■ Doctor of Project Management (CN89)

**Award title:** Doctor of Project Management

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

### Entry Requirements

A first/upper second honours degree.

or

a Masters degree by research or course work

plus

significant project management experience (minimum 5 years).

### CN89 - Course structure

#### Year 1, Semester 1

Knowledge and IT Management

Knowledge and IT Management Reflective Learning

#### Year 1, Semester 2

Construction Project Procurement and Ethics

Construction Project Procurement and Ethics Reflective Learning

Research Preparation 1

#### Year 1, Summer Semester

Research Preparation 2

#### Year 2, Semester 1

Project Management Leadership

#### Year 2, Semester 2

Elective

Elective Reflective Learning

Research Preparation 3

#### Year 2, Summer Semester

Research Preparation 4

#### Year 3, Semester 1

Advanced Project Management Research 1

#### Year 3, Semester 2

Advanced Project Management Research 2

## ■ Master of Applied Science (Research) (BN71)

**Award title:** Master of Applied Science (Research)

**CRICOS code:** 003462A

**Location:** Gardens Point

**Course duration (full-time):** 1 Year (minimum), 2 years (maximum)

**Course duration (part-time):** 2 Years (minimum), 4 years (maximum)

### Overview

From this research degree you acquire advanced knowledge of applied science research methods, applied to research problems in the built environment. As well as mastering relevant techniques, you can expect to develop high-level skills in investigation and critical thinking and extensive knowledge in a specialist area. Specialisations are available in Architecture, Interior Design, Industrial Design, Construction Management, Quantity Surveying, Property Economics, Project Management, Planning, Landscape Architecture and Surveying. Our Faculty staff are available to discuss your application with you. You are encouraged to approach them early in the development of the research proposal that forms part of your application.

### Fees

Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government's Research Training Scheme (RTS). Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship.

Research Masters students are entitled to two years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for an extension, however the

University may charge fees for the period of the program which exceeds the student's entitlement. The University determines the fee level.

## 2 - Registration

2.1 Applications shall be accepted subject to the availability of facilities and supervision.

2.2 Applications may be lodged with the Registrar at any time.

2.3 There is a six-month maximum period for domestic students and nine months for international students, between acceptance by the Faculty Research Committee and enrolment by the candidate in the Master of Applied Science (Research) or Master of Engineering before the offer of admission to the program lapses. Candidates are required to complete an enrolment form each semester.

### *A Note Regarding Enrolment*

The Faculty and Student Services are to be advised of any changes to name, address or other personal details. Application to vary any aspect of the candidacy must be made in writing directly to the Faculty Research Committee for Built Environment and Engineering and be endorsed by the principal supervisor.

2.4 The minimum academic qualifications for admission to the Master of Applied Science (Research) or Master of Engineering are:

- a four-year degree in an appropriate discipline in which the candidate has received at least second class Honours from the Queensland University of Technology, or
- a qualification judged equivalent by the Faculty Research Committee, or
- a grade point average of 5.0 or better in a graduate diploma program, in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing, or
- a grade point average of 5.0 or better in a coursework masters degree program in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing.

An applicant for the Master of Applied Science (Research) or Master of Engineering program without the minimum entry requirement may present a case for admission based on the submission of evidence of qualifications which demonstrate the applicants capacity to pursue the course of study.

The case may be based on the following:

- (a) three years professional experience in the general field in which the proposed work lies, or
- (b) satisfactory completion of an appropriate Masters qualifying program including formal coursework and/or reading program in related fields stipulated by the Faculty Research Committee, or
- (c) the submission of technical publications or other appropriate evidence which satisfies the Faculty Research Committee that advanced knowledge has been acquired in a branch of applied science relevant to the built environment or a division of engineering in which the applicant has worked as a professional practitioner in a position of responsibility. This knowledge should be relevant to the field of study proposed.

2.5 A candidate will be eligible to be registered as a graduate student if they are considered by Faculty Research Committee to meet the requirements for entry.

2.6 A candidate shall receive confirmed registration as a graduate student when they:

- have satisfied the requirements for admission and achieved by work and study a standard recognised by Faculty Research Committee, or
- have satisfied Faculty Research Committee that they are a suitable person to undertake the program, and

- have satisfied Faculty Research Committee that they can devote sufficient time to the research and study.

2.7 In considering an applicant for registration, the Faculty Research Committee shall, in addition to assessing the applicants suitability, be satisfied that:

- the proposed program is relevant to the aims and objectives of the University
- the proposed program has relevance to the needs of society or industry, and
- adequate resources are available to support the proposed program.

2.8 An application for registration should set out systematically and fully the candidates intended course of study including the following:

- a description of the area of study within which the candidates course lies
- a summary of the work to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program, its background, the significance and possible application of the research program, and the research plan
- the location at which the work will be undertaken, the amount of time which will be devoted to it and the resources required
- details of academic qualifications and supporting evidence, including copies of results for each year of courses undertaken
- a brief account of industrial experience
- a list of publications
- sponsorship details
- statement of approval by Head of School and/or Postgraduate Research Coordinator, and
- any other relevant material.

2.9 The program is offered on a full-time or a part-time basis and may be undertaken externally. Part-time students normally will be employed in some professional capacity during the day and carry out their research projects on a part-time basis at QUT, in their place of employment or in a sponsoring organisation.

2.10 Full-time students may be on a scholarship from industry or QUT, and may carry out their research at QUT or in a sponsoring organisation. Normally full-time students would be expected to work on their research projects at QUT for not less than three-quarters of a normal working week, averaged over each year of candidacy. Such a candidate may not devote more than 300 hours annually to teaching activities, including preparation and marking.

2.11 A candidate may be based at QUT or at a place of employment or sponsoring institution. Normally, support of the sponsoring institution for the candidate's application is required for registration. A candidate may also be external where their residence is outside of Brisbane.

2.12 The Faculty Research Committee may cancel a candidate's registration if, after consulting a candidate's supervisor and having taken account of all relevant circumstances, the committee is of the opinion that the candidate either has effectively discontinued their studies or has no reasonable expectation of completing the course of study within the maximum time allowed (see Section 4).

2.13 A candidate whose registration has lapsed or has been cancelled, and who wishes subsequently to re-enter the course of study to pursue a research program which is substantially the same as the previous investigation may be re-admitted under such conditions as the Faculty Research Committee shall prescribe.

## 3 - Course of Study

3.1 A candidate for the degree of Master of Applied Science (Research) or Master of Engineering will undertake a program of research and investigation on a topic approved by the Faculty Research Committee.

3.2 All projects should be supported by outside agencies such as industry, government authorities and professional organisations, or by QUT itself. This provision is to ensure that programs are relevant to the aims of the University and the community. It is important that projects be primarily directed towards society or industry need.

3.3 The program must be such as to enable the candidate to develop and demonstrate a level of scientific competence significantly higher than that expected of a first degree graduate. The required competence normally would include mastery of relevant techniques, investigatory skills, critical thinking, and a high level of knowledge in the specialist area.

3.4 Where advised, a candidate may be required to complete satisfactorily a program of formal coursework in subjects relevant to the field of study up to a total class contact of 32 credit points.

3.5 The course of study normally will include:

- participation in University scholarly activities such as research seminars, teaching and publication
- regular face-to-face interactions with supervisors, and
- a program of supervised research, design, investigation, development, construction, or any combination thereof.

The course of study may also include a program of assessed coursework.

3.6 Coursework at masters level demands a capacity for critical analysis and a specialisation of research interests not normally appropriate for an undergraduate program. Such coursework may be conducted in a number of ways:

- as advanced lecture courses
- as seminars in which faculty and candidates present critical studies of selected problems within the subject field
- as independent study or reading courses, or
- as research projects conducted under faculty supervision.

Candidates will be encouraged to attend conferences where these are related to the field of the research.

In all cases, coursework will be based upon a formal syllabus setting out the educational outcomes expected from the course, a list of topics to be covered, the prescribed reading material and the method of assessment of progress through and at the end of the course.

3.7 Maximum and Minimum Coursework Requirements:

Thesis - 96 credit points minimum (at least two-thirds of the degree content)

- Maximum coursework requirement - 32 credit points
- Minimum coursework requirement - 4 credit points - IFN001 Advanced Information Retrieval Skills
- Maximum of 16 credit points per semester for each semester of the program
- Additional Requirements:  
Attendance and participation in School of Research Centre seminars/workshops (compulsory).  
Students must contact the Postgraduate Research Coordinator in their School to finalise any other coursework component of their program.

#### 4 - Period of Time for Completion of Course of Study

4.1 The duration of study will normally be a minimum of one year and a maximum of two years or the part-time equivalent.

4.2 In order to encourage completion of research degrees within a reasonable timeframe, QUT has set a limit of two years on the length of time for which it will fund a faculty for full-time research masters degree candidates.

4.3 A registered full-time graduate student shall present the thesis for examination after a period of at least one year but not more than two years has elapsed from the time of confirmed registration. A registered part-time graduate student shall present the thesis for examination after a period of at least two years. The

maximum time is four years from the time of confirmed registration. In special cases the Faculty Research Committee may approve a shorter period.

4.4 Time limits are measured in years from the time of first registration as a graduate student. Periods of exclusion or absence without approval are included.

4.5 Candidates who exceed these limits may be asked to show cause why they should not have their registration in the program terminated. Such candidates must make formal application to the Faculty Research Committee to have their registration extended beyond the normal time. Details of the candidate's progress shall be presented to the committee together with the reasons for the delay in completing the course and the expected date of completion. Where the committee agrees to an extension, a time limit will be set for the maximum period of registration in the program.

4.6 Candidates are notified of termination by registered mail. They have right of appeal to the Academic Appeals Committee.

#### 5 - Supervision

5.1 The Faculty Research Committee shall appoint at least one supervisor the principal supervisor and also at least one associate supervisor. Each member of the supervisory panel shall bring appropriate expertise in the research area of the student.

5.2 The Principal Supervisor shall normally be from the academic staff of the QUT school in which the candidate is enrolled.

5.3 The Supervisory Panel shall supervise all aspects of the candidate's work program, shall receive reports from the candidate on progress and shall recommend to the Faculty Research Committee both on successful and unsuccessful completion of components of the coursework incorporated in the candidate's program, on progress on the thesis research project and on continued enrolment.

5.4 The Supervisory Panel shall receive a formal oral and written report from the candidate at least once every semester on progress on the research project.

5.5 Summary of Faculty Supervisory registration process: To ensure that students receive appropriate supervision from experienced supervisors and active researchers the Faculty has introduced a Supervisors Register which requires registered supervisors to demonstrate performance in three areas:

- (a) Practice - previous supervisory experience of a least five years.
- (b) Research - evidence of active research through grants and publications
- (c) Continuous development

#### 6 - Place and Conditions of Work

6.1 The research program will normally be carried out under supervision in a suitable environment within Brisbane. However, external study is possible. External candidates will be required to spend a minimum of four weeks at QUT annually.

6.2 The Faculty Research Committee shall not admit a candidate to a program of research based at the University unless it has received:

- a supporting statement from the Head of the QUT School and/or Postgraduate Research Coordinator in the School in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the masters degree, that the program is supported, that the school is willing to undertake the responsibility of supervising the work of the applicant and that resources are available to support the proposed research.

6.3 The Faculty Research Committee shall not admit a candidate to a program of research based at a sponsoring establishment unless it has received:

- a supporting statement from the employer or director of the sponsoring institution that they are aware of the course rules

and are prepared to sponsor and support the applicant, that the applicant will be provided with facilities and time to undertake the research project and that they are willing to accept responsibility for supervising the applicant's work, and

- a supporting statement from the head of the QUT school or Postgraduate Research coordinator in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the Masters degree, that the program is supported, and that after examination of the proposed external facilities and supervision, the school is willing to accept the responsibility of supervising the work.

## 7 - Thesis

7.1 In the form of presentation, availability and copyright, the thesis shall comply with all the requirements of the document Requirements for Presenting Theses (Appendix 51 in the Manual of Policies and Procedures).

7.2 A candidate shall submit the title of their thesis for approval by the Faculty Research Committee with their application, and after approval has been granted, no change will be made except with the permission of the committee.

7.3 The candidate shall give two months' written notice of intention to submit their thesis through the Principal Supervisor.

7.4 The thesis shall comply with the following requirements:

- a significant proportion of the work described (as determined by the Faculty Research Committee) must have been carried out subsequent to initial registration for the Masters degree.
- it must describe a program of work carried out by the candidate and must involve either an advanced contribution to the knowledge of the subject or an advanced application of existing knowledge.
- it must reach a satisfactory standard of literary presentation.
- it shall be the candidate's own account of the work. Where work is carried out conjointly with other persons, the Faculty Research Committee shall be advised of the extent of the candidate's contribution to the joint work.
- the thesis shall not contain as its main content any work or material which the candidate has previously submitted for another degree or similar award.
- the thesis may consist primarily of reports, plans and/or documents or may be supported by these if they have a bearing on the subject of the thesis. Other supporting documents such as published papers may also be submitted with the thesis.
- the thesis shall contain an abstract of not more than 300 words.

7.5 Except with the specific permission of the Faculty Research Committee, the thesis must be presented in the English language. Such permission must be sought at the time of application for registration, and will not be granted solely on the grounds that the candidate's ability to satisfy the examiners will be affected adversely by the requirement to present the thesis in English.

7.6 Subject to QUT's Intellectual Property policy, the copyright of the thesis is vested in the candidate.

7.7 Where a candidate, supervisor or the sponsoring establishment wishes the thesis to remain confidential for a period of time after completion of the work, application for approval must be made to the Faculty Research Committee when the thesis is submitted. The period normally shall not exceed two years from the date on which the examiners recommend acceptance of the thesis, during which time the thesis will be held on restricted access in the QUT Library.

7.8 Except where confidentiality of the thesis is necessary, students shall submit their thesis electronically after completion of the examination process and any corrections required to the QUT Library for inclusion in the Australian Digital Thesis Project.

## 8 - Examination of Thesis

8.1 The Faculty Research Committee shall appoint two examiners, at least one of whom shall be from outside of the University. No supervisor of the candidate shall be appointed as one of the examiners.

8.2 Normally, examiners must agree to read and report upon the thesis within two months of its receipt.

8.3 A candidate may be required to make an oral defence of the thesis.

8.4 On receipt of the reports from the examiners, the Faculty Research Committee shall:

- recommend that the thesis be accepted without modification, and to Academic Board that the candidate be awarded the degree, or
- recommend to Academic Board that the candidate be awarded the degree, after any minor amendments requested by the examiners have been made, or
- recommend that the thesis not be accepted until major revisions have been made. Such revisions might be rewriting one of the sections, with or without additional work, or
- not accept the thesis and terminate the candidate's registration.

8.5 If the examiners' reports are conflicting, the Faculty Research Committee may, after appropriate consultation with the Thesis Panel, resubmit the thesis to the examiners with copies of the examiners' reports and/or seek the advice of a further external examiner. After due consideration of further reports from the examiners, a majority decision will be accepted by the Faculty Research Committee.

## ■ Master of Built Environment (Urban Design) (DB73)

**Award title:** Master of Built Environment

**CRICOS code:** 003475G

**Location:** Gardens Point

**Course duration (full-time):** 3 Semesters incl Summer Semester

**Course duration (part-time):** 5 Semesters

**Total credit points:** 144

**Course coordinator:** Dr Danny O'Hare

### Entry requirements

Applicants are considered initially for acceptance in the Graduate Diploma in Urban Design. At the completion of 48 credit points students will be considered for articulation to the Master of Built Environment (Urban Design). Subject to a grade point average of 5.0 or better in the course.

Applicants may be granted provisional entry to the Graduate Diploma courses with a modified enrolment program on the basis of alternative academic or professional attainments. Some applicants may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full fee paying Summer unit is normally available for this purpose. Computer Literacy is also required.

### Focus in the Masters Program

The masters program includes skills and knowledge development through set coursework in common with the Graduate Diploma in Urban Design, but also requires individual research and the writing of a dissertation. An urban Design Master Studio is conducted over the Summer Semester.

### Course Requirements

Students must complete a minimum of 48 credit points per semester in the full-time course and a minimum of 24 credit points per semester in the part-time course.

### Master of Built Environment (Urban Design)

The normal progression will extend the graduate diploma program by a flexibly delivered summer semester (see Course

Structure) for part-time and full-time students. Articulation from the graduate diploma to the masters level program will be available after one semester full-time or two semesters part-time provided that applicants have completed the preceding course work with a grade point average of 5.0 or better.

### Course structure

#### Summer Semester - Introductory Unit

PSP275 Introductory Design And Graphics  
 \*Available in three modules to suit individual needs. Fee \$320 per module.

#### Year 1, Semester 1 Full-time Structure

ARB081 History, Theory And Criticism Of Urban Design  
 ARB082 Urban Design Studio B  
 PSP453 Urban Systems And The Physical Environment

#### Year 1, Semester 2

PSN211 Research Project 1  
 PSP451 Production And Use Of The Built Environment  
 PSP452 Urban Design Studio A

#### Summer Program

ARB083 Urban Design Masters Studio  
 PSN212 Research Project 2  
 PSP510 Specialisation

#### Year 1, Semester 1 Part-time Structure

ARB081 History, Theory And Criticism Of Urban Design  
 PSP453 Urban Systems And The Physical Environment

#### Year 1, Semester 2

PSP451 Production And Use Of The Built Environment  
 PSP452 Urban Design Studio A

#### Year 2, Semester 1

ARB082 Urban Design Studio B  
 PSN211 Research Project 1

#### Year 2, Semester 2

PSN212 Research Project 2  
 PSP510 Specialisation

#### Summer Program

ARB083 Urban Design Masters Studio

## ■ Master of Engineering (Research and Thesis) (BN72)

**Award title:** Master of Engineering

**CRICOS code:** 003465J

**Location:** Gardens Point

**Course duration (full-time):** 1 Year (minimum), 2 years (maximum)

**Course duration (part-time):** 2 Years (minimum), 4 years (maximum)

**Discipline coordinator:** Assoc Prof Mahen Mahedran (Civil Engineering); Prof Sridha Sridharan (Electrical and Electronic Systems Engineering); Prof Mark Percy (Mechanical Manufacturing and Medical Engineering).

### Entry requirements

A four-year degree in an appropriate discipline with Honours or equivalent qualification. A graduate diploma or masters degree in an appropriate discipline with a minimum grade point average of 5 with relevant experience or professional experience and/or other qualifications.

### Overview

This research program for professional engineers equips you to solve complex industrial problems. The program is available in Civil, Electrical and Electronic Systems, Mechanical, Manufacturing and Medical Engineering. In completing the course you apply yourself to real-world problems in a research project that must be sponsored by either industry, government authorities, professional organisations or QUT. You can enhance your preparation for the research project by completing coursework units as part of your program.

### Fees

Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government's Research Training Scheme (RTS).

Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship.

Research Masters students are entitled to two years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for an extension, however the University may charge fees for the period of the program which exceeds the student's entitlement. The University determines the fee level.

### Course Information and Notes

Please consult notes for BN71 Master of Applied Science for course information and requirements.

## ■ Master of Engineering Management (ME76)

**Award title:** Master of Engineering Management

**CRICOS code:** 006368G

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Jun Wang

### Entry Requirements

A bachelor degree in engineering (or its equivalent). Part-time students are expected to be employed in some professional engineering capacity during the course of their studies at QUT. Students who obtain a GPA equal to or above 5 in the Graduate Certificate in Engineering Management are eligible to articulate with credit to the Masters.

### Course Structure

Masters students will take eight units including compulsory units. Similar courses are offered in Singapore in conjunction with Crossfields Asia Pacific Pty Ltd and in China in conjunction with Shanghai Jiao Tong University.

#### Semester 1

MEN177 Total Quality Management  
 MEN280 Engineering Project Management  
 MEN171 Advanced Manufacturing Technologies  
 MEN190/1 Project  
 MEN241 Reliability And Maintenance Management

#### Semester 2

MEN172 Cost Analysis And Asset Management  
 MEN170 Systems Modelling And Simulation  
 MEN175 Energy And Environmental Management  
 MEN190/2 Project  
 MEN272 Enterprise Resource Planning

#### Summer

MEN273 Engineering Knowledge Management

#### Note:

Students complete 8 units including compulsory units MEN280, MEN177 and MEN172.

Mid Year Entry students commence with Semester 2 units.

## ■ Master of Engineering Management (ME77)

**Award title:** Master of Engineering Management

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Jun Wang

### Location

Singapore (Organised by Crossfields Asia Pacific Pty Ltd).

### Aim

The aim of the course is to provide engineers with an introduction to management methods and systems of key relevance to the engineering profession. Particular emphasis is given to manufacturing management, and to maintenance, quality and reliability.

### Course Outlines

The course consists of eight units, of which two are project units and six are coursework units. The coursework units are offered on a block basis. Each block occupies two weeks with lectures each evening Monday to Friday.

## ■ Master of Engineering Science (Civil Engineering Studies) (CE75)

**Award title:** Master of Engineering Science (Civil Engineering Studies)

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Course coordinator:** Mr Yin Foong

### Entry Requirements

A bachelor degree in Engineering (Civil), OR equivalent, with a grade point average of at least 5, or equivalent.

### Course Structure

The flexible Master of Engineering Science (Civil Engineering Studies) program allows students to choose 3 units from a common pool of units offered by all the Engineering Schools (Band 1). A band of Civil Engineering units is then offered from which students choose 3 (Band 2). Any units from Band 1 could also be chosen for Band 2 provided that they come from the School of Civil Engineering. The final component requires enrolment in a Civil Engineering Project (equivalent to 24 credit points) (Band 3).

### Full-time Course structure

#### Band 1 Units

Choose 3 units from the following Band 1 units. Most of these units are offered once a year (either in Semester 1 or Semester 2). Students are advised to check carefully the unit availability prior to enrolling.

#### Band 1 - Semester 1

CEP291	Environmental Law And Assessment
CEP294	Engineering Contract Development And Administration
EEP101	Algorithms For Control And Engineering
EEP102	Unix And C For Engineers
EEP103	Computer Hardware And Interfacing
MEN101	Research Methodology
MEN280	Engineering Project Management

#### Band 1 - Semester 2

CEP141	Studies In Environmental Engineering
CEP201	Process Modelling
CEP295	Civil Engineering Management In A Project Environment
EEP129	Image Processing And Computer Vision
MEN170	Systems Modelling And Simulation
MEN172	Cost Analysis And Asset Management

#### Band 2 Units

Choose 3 units from the range of Band 2 units. The following Civil Engineering units are offered as electives within CE74 and may be cancelled due to insufficient enrolment numbers.

#### Band 2 - Semester 1

CEP127	Road And Traffic Engineering
CEP142	Water Pollution Control
CEP218	Transportation Engineering
CEP291	Environmental Law And Assessment
CEP293	Pavement Design

#### Band 2 - Semester 2

CEP141	Studies In Environmental Engineering
CEP151	Road Safety Audit - Principles and Practice
CEP175	Pavement Maintenance Rehabilitation And Recycling
CEP216	Advanced Traffic Engineering
CEP292	Engineering Practice 2

### Band 3 Project

Students must complete their 24 cp project over one or two semesters (summer semester is an option) by enrolling in the following two 12 cp units.

CEP997/1 Project

CEP997/2 Project

Please note: The School reserves the right to offer these units according to enrolment quotas and staff availability.

Students must consult with Course Coordinator before enrolling in CEP176.

## ■ Master of Engineering Science (Civil) (CE74)

**Award title:** Master of Engineering Science (Civil)

**CRICOS code:** 020300M

**Location:** Gardens Point

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Mr Yin Foong

### Entry requirements

A Bachelor of Engineering degree with Honours in Civil Engineering or a Graduate Diploma in Civil Engineering with a grade point average of at least 5 on a 7-point scale. If applicants have completed 50 per cent of the Graduate Diploma in Civil Engineering with a minimum grade point average of 5 they may transfer to the Masters program. If applicants have not taken units equivalent to QUT undergraduate units in their chosen area of specialist study, they may need to complete additional undergraduate units as a masters qualifying program.

### Course Structure

The course consists of a minimum of 96 credit points. 24 credit points are allocated to a project and the remainder to non-project units. The majority of the units are common with the Graduate Diploma in Civil Engineering (CE64) and the Graduate Certificate in Civil Engineering (CE62). Students who do not wish to undertake a major must complete the core units plus any other combination of units, to make up the minimum of 96 credit points.

### Full-time Course structure

#### Semester 1

CEP997-1	Project
CEP294	Engineering Contract Development And Administration
	2 Elective units

#### Semester 2

CEP997-2	Project
CEP201	Process Modelling
	2 Elective units

#### Environmental Engineering Major - Semester 1

CEP291	Environmental Law And Assessment
CEP997/1	Project
	2 electives

#### Environmental Engineering Major - Semester 2

CEP141	Studies In Environmental Engineering
CEP997/2	Project
	2 Electives

#### Transportation Engineering Major - Semester 1

CEP997/1	Project
CEP218	Transportation Engineering
	2 Electives

#### Transportation Engineering Major - Semester 2

CEP997/2	Project
CEP216	Advanced Traffic Engineering
	2 electives

#### Electives - Semester 1

CEP012	Railway Management Operation and Safety
CEP127	Road And Traffic Engineering
CEP142	Water Pollution Control
CEP201	Process Modelling
CEP218	Transportation Engineering
CEP291	Environmental Law And Assessment

CEP293	Pavement Design
<b>Electives - Semester 2</b>	
CEP011	Railway Business and Engineering
CEP012	Railway Management Operation and Safety
CEP141	Studies In Environmental Engineering
CEP143	Biological Treatment Processes
CEP151	Road Safety Audit - Principles and Practice
CEP175	Pavement Maintenance Rehabilitation And Recycling
CEP201	Process Modelling
CEP216	Advanced Traffic Engineering
CEP292	Engineering Practice 2

NB. The School reserves the right to offer the units according to enrolment quotas and staff availability.

### ■ Master of Engineering Science (Computer and Communications Engineering) (EE74)

**Award title:** Master of Engineering Science (Computer Engineering) or Master of Engineering Science (Communication Engineering)

**CRICOS code:** 040343A

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Mr John Edwards

#### Entry requirements

(1) A bachelor degree in Electrical Engineering, Information Technology or Science with a least second class honours or equivalent; OR

(2) successful completion of the Graduate Diploma in Computer and Communications Engineering with a GPA>5

OR

successful completion of the Graduate Certificate in Computer and Communications Engineering (EE61) with a GPA>5

#### Masters Upgrade Program

Those who have completed the Graduate Diploma in Computer and Communications Engineering (EE67) may upgrade by undertaking further study in the Master of Engineering Science (Computer & Communications Engineering) and be given credit for the units which they have completed at graduate diploma level. The structure of the course dictates that this upgrade program be undertaken on a part-time basis.

Students undertaking the Masters Upgrade Program will enrol in the following units:

- EEP301/1 Project
- EEP301/2 Project.

#### Course Structure

Masters students select a total of six units from Semester 1 and Semester 2 lists and must complete a 24 credit point project (EEP301).

##### Semester 1

EEP101	Algorithms For Control And Engineering
EEP102	Unix And C For Engineers
EEP103	Computer Hardware And Interfacing
EEP124	Data Communications
EEP126	Communications Digital Signal Processing
EEP137	Advanced Topic A
EEP301-1	Project

##### Semester 2

EEP104	Real-Time Operating Systems
EEP120	Networks And Distributed Computing
EEP135	Digital Signal Processing And Applications
EEP123	Process Control And Robotics
EEP127	Advanced Topic B
EEP128	Detection And Estimation
EEP129	Image Processing And Computer Vision
EEP3012	Project

#### Note:

Masters students select a total of 6 units from the list and must complete a 24 credit point project.

For advanced Topic A and B, with approval of the Course Coordinator, students may enrol in appropriate units from other Schools within QUT. Students can also enrol in final year Electrical and Electronic Systems Engineering graduate level units.

### ■ Master of Engineering Science (Electrical Engineering Studies) (EE77)

**Award title:** Master of Engineering Science (Electrical Engineering Studies)

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Course coordinator:** Mr John Edwards

#### Entry Requirements

A bachelor degree in Electrical and Computer Engineering, OR equivalent, with a grade point average of at least 5, or equivalent.

#### International Student Entry

QUT advises that International Students may only enrol in full-time studies.

#### Full-time Course structure

##### Band 1 Units

Choose 3 units from the following Band 1 units. Most of these units are offered once a year (either in Semester 1 or Semester 2). Students are advised to check the unit availability prior to enrolling.

##### Semester 1

CEP291	Environmental Law And Assessment
CEP294	Engineering Contract Development And Administration
EEP101	Algorithms For Control And Engineering
EEP102	Unix And C For Engineers
EEP103	Computer Hardware And Interfacing
MEN101	Research Methodology
MEN280	Engineering Project Management

##### Semester 2

CEP141	Studies In Environmental Engineering
CEP201	Process Modelling
CEP295	Civil Engineering Management In A Project Environment
EEP129	Image Processing And Computer Vision
MEN170	Systems Modelling And Simulation
MEN172	Cost Analysis And Asset Management

##### Band 2 Units

Choose 3 units from the range of Band 2 units. The following units are offered in EE61/66/76, and may be cancelled due to insufficient enrolment numbers. Students are advised to check the unit availability prior to enrolling.

##### Semester 1

EEP101	Algorithms For Control And Engineering
EEP102	Unix And C For Engineers
EEP103	Computer Hardware And Interfacing
EEP124	Data Communications
EEP126	Communications Digital Signal Processing
EEP137	Advanced Topic A

##### Semester 2

EEP104	Real-Time Operating Systems
EEP120	Networks And Distributed Computing
EEP123	Process Control And Robotics
EEP128	Detection And Estimation
EEP129	Image Processing And Computer Vision
EEP135	Digital Signal Processing And Applications
EEP127	Advanced Topic B

##### Band 3 Units

Students must complete their 24 cp project over one or two semesters (summer is an option) by enrolling in the following two 12 cp project units

EEP301/1	Project
EEP301/2	Project

## ■ Master of Engineering Science (Electricity Supply Engineering) (EE78)

**Award title:** Master of Engineering Science (Electricity Supply Engineering)

**Location:** Gardens Point and External

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Associate Professor David Birtwhistle

### Entry requirements

(1) A bachelor degree in Electrical Engineering and at least second class honours, with a study of power subjects to third year level; OR

(2) students with the degree qualification, but who do not have second class honours, may transfer from the Graduate Diploma (Electricity Supply) (EE60) after completing 48 credit points with a grade point average of 5 or >. You must also have a firm offer of a supervised industry placement.

### Course Structure

In the Masters program students choose 18 units and complete 100 days of supervised industry practice and submit a thesis on part of the practical work that they have undertaken.

### Full-time Course Structure

18 Units (selected from Unit List)

EEP230 Thesis A

EEP231 Thesis B

Students must complete 100 days of supervised professional practice. The thesis is related to this industry experience.

### Unit List

EEP201	Fundamentals Of Power System Earthing
EEP202	Thermal Ratings And Heat Transfer
EEP203	Testing And Condition Monitoring
EEP204	Power System Load Flow Analysis
EEP205	Power System Fault Calculations
EEP206	Project Management
EEP207	Overhead Line Route Selection - Environmental Factors
EEP208	Economic Analysis For Power System Engineers
EEP209	Power System Harmonics
EEP210	Abnormal System Voltages
EEP211	Basic Power System Protection
EEP212	Advanced Power System Protection
EEP213	Advanced Power System Protection
EEP214	Risk Assessment In The Electricity Supply Industry
EEP215	Reliability
EEP216	Overhead Line Design - Electrical
EEP217	Overhead Line Design - Mechanical
EEP218	Introduction To Automated System Control And Supervisory Systems
EEP219	High Voltage Substation Equipment: Power Transformers And Reactive Power Plant
EEP220	Distribution Planning
EEP223	Load Forecasting
EEP224	Power System Operation
EEP240	Organisation And Financial Management Of The ESI
EEP243	Contract Administration
EEP244	Circuit Breakers - Switchgear
EEP245	Introduction To Substation Design
EEP246	Customer Metering
EEP248	Introduction To Electricity Markets
<b>Units available as resource-based learning (distance education) with flexible enrolment</b>	
EEP202	Thermal Ratings And Heat Transfer
EEP204	Power System Load Flow Analysis
EEP205	Power System Fault Calculations
EEP208	Economic Analysis For Power System Engineers
EEP209	Power System Harmonics
EEP210	Abnormal System Voltages
EEP211	Basic Power System Protection
EEP208	Economic Analysis For Power System Engineers
EEP213	Advanced Power System Protection
EEP212	Advanced Power System Protection
EEP214	Risk Assessment In The Electricity Supply Industry

EEP215	Reliability
EEP220	Distribution Planning
EEP241	Distance Protection

## ■ Master of Engineering Science (Mechanical Engineering Studies) (ME80)

**Award title:** Master of Engineering Science (Mechanical Engineering Studies)

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Course coordinator:** Dr Jun Wang

### Entry Requirements

A bachelor degree in Engineering (Mechanical), OR equivalent, with a grade point average of at least 5, or equivalent.

### Course Structure

The flexible Master of Engineering Science (Mechanical Engineering Studies) program allows students to choose 3 units from a common pool of units offered by all the Engineering Schools (Band 1). A band of Mechanical Engineering units is then offered from which students choose 3 (Band 2). Any units from Band 1 could also be chosen for Band 2 provided that they come from the School of Mechanical, Manufacturing and Medical Engineering. The final component requires enrolment in a Mechanical Engineering Project (equivalent to 24 credit points) (Band 3).

### Full-time Course Structure

#### Band 1 Units

Choose 3 units from the following Band 1 units. Most of these units are offered once a year (either in Semester 1 or Semester 2). Students are advised to check carefully the unit availability prior to enrolling.

#### Band 1 - Semester 1

CEP291	Environmental Law And Assessment
CEP294	Engineering Contract Development And Administration
EEP101	Algorithms For Control And Engineering
EEP102	Unix And C For Engineers
EEP103	Computer Hardware And Interfacing
MEN280	Engineering Project Management
MEN101	Research Methodology

#### Band 1 - Semester 2

CEP141	Studies In Environmental Engineering
CEP201	Process Modelling
CEP295	Civil Engineering Management In A Project Environment
EEP129	Image Processing And Computer Vision
MEN170	Systems Modelling And Simulation
MEN172	Cost Analysis And Asset Management

#### Band 2 Units

3 units are to be chosen from the range of Band 2 units. Please note MEN177 is a compulsory unit.

The range of units will be expanded in the future.

#### Band 2 - Semester 1

MEN177	Total Quality Management (compulsory unit)
MEN171	Advanced Manufacturing Technologies
MEN241	Reliability And Maintenance Management
MEN280	Engineering Project Management

#### Band 2 - Semester 2

MEN170	Systems Modelling And Simulation
MEN172	Cost Analysis And Asset Management
MEN175	Energy And Environmental Management
MEN272	Enterprise Resource Planning

#### Band 3 Mechanical Engineering Project

24 cp Mechanical Engineering Project

## ■ Master of Engineering Management (ME78)

**Award title:** Master of Engineering Management

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Jun Wang

**Location**

China (Organised by SJTU - Shanghai Jiao Tong University).

**Aim**

The aim of the course is to provide engineers with an introduction to management methods and systems of key relevance to the engineering profession. Particular emphasis is given to manufacturing management, and to maintenance, quality and reliability.

**Course Outline**

The course consists of eight units, of which two are project units and six are coursework units. The coursework units are offered on a block basis. Each block occupies two weeks with lectures each evening Monday to Friday.

**■ Master of Landscape Architecture (PS71)**

**Award title:** Master of Landscape Architecture

**CRICOS code:** 020301K

**Location:** Gardens Point

**Course duration (full-time):** 1 Year plus 1 year part-time Built Environment (Landscape Architecture) graduates or equivalent; 2 Years plus 1 Year part-time (Other graduates)

**Course duration (part-time):** 3 Years Built Environment (Landscape Architecture); 5 Years (Other graduates)

**Total credit points:** 228 (excluding any Masters qualifying units)

**Course coordinator:** Mr Glenn Thomas

**Entry requirements**

A bachelor degree, or equivalent professional qualification, with a minimum grade point average of 5.

Applicants to enter these courses from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics. A three-module full fee paying Summer unit is available for this purpose. Computer literacy is also required.

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:

- Application for Admission form as well as the following which should be forwarded direct to the Course Coordinator.
- Position Statement - a personal statement (1 x A4 typed page) in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.
- Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests. The objective is to give an insight into the person making the application and to demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae, nor is it a folio of previous work experience. It will be in A3 format and will not exceed five pages.

**Professional Recognition**

Professional accreditation for the course has been granted by the Australian Institute of Landscape Architects.

**Course structure**

**Summer Semester**

PSP275 Introductory Design And Graphics  
#Available in three modules to suit individual needs. Fee \$320 per module  
For applicants who wish to enter the course from non Landscape Architecture or related qualification

**Foundation Level Studies - Entry by 3-year degree or diploma other than the Bachelor of Built Environment**

**Semester 1**

PSP261 Landscape Construction 1  
PSP262 Communication And Practice 1

PSP263 Landscape Ecology  
PSP264 Spatial Design Theory

**Semester 2**

PSP265 Landscape Construction 2  
PSP266 Communication And Practice 2  
PSP267 Heritage And Plant Studies  
PSP268 Site Planning

**Professional Level Studies - Entry by the Bachelor of Built Environment (Landscape Architecture)**

**Semester 1**

PSP269 Advanced Construction And Practice 1  
PSP270 Elective  
PSP271 Advanced Landscape Design 1

**Semester 2**

PSP272 Advanced Construction And Practice 2  
PSP273 Landscape Planning  
PSP274 Advanced Landscape Design 2

**Master Level Studies**

**Semester 1**

PSN211 Research Project 1  
PSN213 Specialisation

**Semester 2**

PSN212 Research Project 2  
PSN214 Elective

**■ Master of Project Management (CN77)**

**Award title:** Master of Project Management

**CRICOS code:** 016350B

**Location:** Gardens Point

**Course duration (full-time):** 1.5 Years

**Course duration (part-time):** 3 Years

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Stephen Kajewski

**Entry requirements**

- (1) A relevant bachelor degree from an approved tertiary institution and demonstrated potential in professional activity to undertake masters degree course, OR
- (2) Successful completion of CN64 Graduate Diploma in Project Management with a grade point average of 5.0 or better, OR
- (3) Qualifications deemed equivalent to the above by the Dean of the Faculty on the recommendation of the course coordinator, AND
- (4) at least three years appropriate industry experience after graduation.

**Course Structure Information**

The first two semesters full-time or four semesters part-time are identical to the Graduate Diploma in Project Management(CN64). Persons admitted to the Masters program who are graduates of the Graduate Diploma in Project Management(CN64) will need to submit an Application for Academic Credit form for the units they have already completed. At the completion of the coursework component of the Masters Degree program but before the completion of the Dissertation, students may elect to exit with the Graduate Diploma in Project Management.

**Full-time Course structure**

**Year 1, Semester 1**

CNP520 Project Management  
CNP521 Project Cost And Risk Management  
CNP532 Innovation And Technology Management  
CNP551 Project Human Resource Management

**Year 1, Semester 2**

## ■ Master of Property Economics (CN92)

**Award title:** Master of Property Economics

**CRICOS code:** 036432A

**Location:** Gardens Point

**Course duration (full-time):** 1.5 Years

**Course duration (part-time):** 3 Years

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Professor Terry Boyd

### Entry requirements

- (1) A relevant three-year bachelor degree; OR
- (2) Successful completion of CN91 Graduate Diploma in Property Economics with a grade point average of 5.0 or above; OR
- (3) Qualifications deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND
- (4) at least three years appropriate industry experience after graduation.

### Additional information

The first two semesters full-time or four semesters part-time are identical to the Graduate Diploma in Property Economics (CN91). Persons admitted to the Masters program who are graduates of the Graduate Diploma in Property Economics (CN91) will need to submit an Application for Academic Credit form for the units they have already completed.

At the completion of the coursework component of the Masters Degree program but before the completion of the Dissertation, students may elect to exit with the Graduate Diploma in Property Economics.

An Advanced Information Retrieval Skills unit is compulsory in the Master of Property Economics. It is strongly recommended that this unit be completed prior to the commencement of the course or as early in the first semester as possible.

### Course Structure

Variations to the recommended study program require prior approval from the course coordinator.

School electives are offered subject to an appropriate enrolment in each semester.

Students who commence mid-year should enrol in semester 2 units.

### Full-time Course structure – Development major

#### Year 1, Semester 1

## ■ Master of Urban and Regional Planning (PS70)

**Award title:** Master of Urban and Regional Planning

**CRICOS code:** 020299K

**Location:** Gardens Point

**Course duration (full-time):** 1.5 - 2.5 years (100% - 75% load) for Bachelor of Built Environment graduates; 2.5 - 3 .5 years (100% - 75% load) for other graduates

**Course duration (part-time):** 2.5 years for Bachelor of Built Environment graduates; 4.5 years for other graduates

**Total credit points:** 240

**Course coordinator:** Assoc Prof Phil Heywood

### Entry requirements

A bachelor degree or equivalent is required. Applicants without planning or related qualifications undertake a Foundation Course of 1 year full-time or part time equivalent, which may be reduced by exemptions based on previous studies.

A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

### Professional Recognition

This course is professionally accredited by the Planning Institute of Australia.

### Full-time Course Structure

#### Foundation Studies (non BBE graduates only)

##### Summer Semester

DBP403 Design Communication

##### Year 1, Semester 1

DBP401 Urban And Site Analysis

DBP402 Planning Processes

DBP406 Computer Applications In Planning

##### Year 1, Semester 2

DBP404 Economic And Social Foundations Of Planning

DBP405 Urban Design

DBP407 Environmental Planning And Management

DBP408 Planning Implementation And Law

#### Professional Studies (Graduate Diploma)

##### Year 2, Semester 1

DBP409 Urban Planning Practice

DBP410 Research Methods In Planning

DBP411 Community Planning

DBP412 Planning Theory And Ethics

##### Year 2, Semester 2

DBP413 Regional Planning Practice

DBP414 Regional And Metropolitan Policy

DBP415 Professional Practice Or Research Project

DBP416 Elective

DBP417 Comparative Planning

#### Specialisation and Practice Studies (Masters)

##### Year 3, Semester 1

DBP501 Specialisation

DBP502 Professional Practice Or Research Dissertation

DBP503 Masters Seminar

##### Notes:

DBP416 Elective offers Specialisations in Urban Housing, Urban Design and Environmental and Social Planning. Other topics may be offered depending on staff availability.

DBP501 Specialisation offers Specialisations in Environmental Policy Issues, Urban Design, Housing and Community Development, and Social and Regional Development, which may be available in either semester depending upon staff availability.

The following units are offered during semesters 1 and 2:

DBP415 Professional Practice or Research Project

DBP416 Elective

DBP417 Comparative Planning (0cp)

DBP501 Specialisation

DBP502 Professional Practice or Research Dissertation (24cp)

### Part-time Course Structure - 50% Progression Rate

## ■ Graduate Diploma in Civil Engineering (CE64)

**Award title:** Graduate Diploma in Civil Engineering

**CRICOS code:** 036430C

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Course coordinator:** Mr Yin Foong

### Entry requirements

You must hold an acceptable degree or diploma in engineering from a recognised institution. If you do not meet the requirements for normal entry but hold a degree or diploma in a scientific or technological field or other equivalent qualifications or hold professional engineering recognition you may be required to complete such prerequisite engineering units as may be determined by the Course Coordinator prior to enrolment in the course.

### Course structure

#### Environmental Engineering Major

##### Semester 1

CEP291 Environmental Law And Assessment  
3 Electives from the list below

##### Semester 2

CEP141 Studies In Environmental Engineering  
3 Electives from the list below

#### Transportation Engineering Major

##### Semester 1

CEP218 Transportation Engineering  
3 Electives from the list below

##### Semester 2

CEP216 Advanced Traffic Engineering  
3 Electives from the list below

#### Electives - Semester 1

CEP012 Railway Management Operation and Safety

CEP127 Road And Traffic Engineering

CEP142	Water Pollution Control
CEP218	Transportation Engineering
CEP291	Environmental Law And Assessment
CEP293	Pavement Design

**Electives - Semester 2**

CEP011	Railway Business and Engineering
CEP012	Railway Management Operation and Safety
CEP143	Biological Treatment Processes
CEP151	Road Safety Audit - Principles and Practice
CEP201	Process Modelling
CEP292	Engineering Practice 2
CEP294	Engineering Contract Development And Administration

The School reserves the right to offer the units according to enrolment quotas and staff availability.

**Graduate Diploma in Computer and Communications Engineering (EE67)**

**Award title:** Graduate Diploma in Computer and Communications Engineering

**CRICOS code:** 015184G

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Mr John Edwards

**Entry requirements**

(1) A bachelor degree in Electrical Engineering, Information Technology, Science or equivalent; OR (2) Graduate Certificate in Computer and Communications Engineering.

**Course structure**

Graduate Diploma students select a total of eight units from Semester 1 and Semester 2 lists.

**Semester 1 - Units**

EEP101	Algorithms For Control And Engineering
EEP102	Unix And C For Engineers
EEP103	Computer Hardware And Interfacing
EEP124	Data Communications
EEP126	Communications Digital Signal Processing
EEP137	Advanced Topic A

**Semester 2 - Units**

EEP104	Real-Time Operating Systems
EEP120	Networks And Distributed Computing
EEP123	Process Control And Robotics
EEP127	Advanced Topic B
EEP128	Detection And Estimation
EEP129	Image Processing And Computer Vision
EEP135	Digital Signal Processing And Applications

**Note:**

Graduate Diploma students complete 8 units from semester 1 and 2 lists. For Advanced Topic A & B, with approval of the Course Coordinator, students may enrol in appropriate units from other Schools within QUT. Students can also enrol in final year Electrical and Electronic Systems Engineering graduate level units.

**Graduate Diploma in Electricity Supply Engineering (EE60)**

**Award title:** Graduate Diploma in Electricity Supply Engineering

**Location:** Gardens Point and External

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Associate Professor David Birtwhistle

**Entry requirements**

- (1) A bachelor degree in Electrical Engineering with a study of power subjects to third year level.
- (2) Provision also for entry by Associate Diploma or Advanced Diploma holders with industry experience.

**Course Structure**

In the Graduate Diploma students must complete 24 units from List.

**Semester 1**

EEP201	Fundamentals Of Power System Earthing
EEP202	Thermal Ratings And Heat Transfer
EEP203	Testing And Condition Monitoring
EEP204	Power System Load Flow Analysis
EEP205	Power System Fault Calculations
EEP206	Project Management
EEP208	Economic Analysis For Power System Engineers
EEP209	Power System Harmonics
EEP210	Abnormal System Voltages
EEP211	Basic Power System Protection
EEP213	Advanced Power System Protection
EEP218	Introduction To Automated System Control And Supervisory Systems
EEP219	High Voltage Substation Equipment: Power Transformers And Reactive Power Plant
EEP240	Organisation And Financial Management Of The ESI
EEP243	Contract Administration
EEP248	Introduction To Electricity Markets

**Semester 2**

EEP207	Overhead Line Route Selection - Environmental Factors
EEP212	Advanced Power System Protection
EEP214	Risk Assessment In The Electricity Supply Industry
EEP215	Reliability
EEP216	Overhead Line Design - Electrical
EEP217	Overhead Line Design - Mechanical
EEP220	Distribution Planning
EEP221	Limits To Power System Stability
EEP222	Maintenance Of Electricity Supply Systems
EEP223	Load Forecasting
EEP224	Power System Operation
EEP241	Distance Protection
EEP242	Efficient Marketing And Utilisation Of Electricity: Demand And Supply Side Solutions
EEP244	Circuit Breakers - Switchgear
EEP245	Introduction To Substation Design
EEP246	Customer Metering

**Units available as resource-based learning (distance education) with flexible enrolment**

EEP202	Thermal Ratings And Heat Transfer
EEP204	Power System Load Flow Analysis
EEP208	Economic Analysis For Power System Engineers
EEP209	Power System Harmonics
EEP210	Abnormal System Voltages
EEP211	Basic Power System Protection
EEP212	Advanced Power System Protection
EEP213	Advanced Power System Protection
EEP214	Risk Assessment In The Electricity Supply Industry
EEP215	Reliability
EEP220	Distribution Planning
EEP241	Distance Protection

**Graduate Diploma in Geographic Information Systems (PS78)**

**Award title:** Graduate Diploma in Geographic Information Systems

**CRICOS code:** 040337K

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96 credit points

**Course coordinator:** Dr John Hayes

**Entry Requirements**

A relevant bachelor degree or diploma from an approved tertiary institution; OR qualifications deemed equivalent to the above by the Head of School of Design and Built Environment; OR other academic qualifications supported by a minimum of 2 years work experience of relevant depth and breadth on application to the Head of School, Design and Built Environment.

### Full-time Course structure

#### Year 1, Semester 1

### Electives (Subject to availability)

#### Semester 1

BNB011 Fundamentals Of Synthetic Environments  
 DBP401 Urban And Site Analysis  
 DBP402 Planning Processes  
 PSB432 History Of Built Environment  
 PSB612 Spatial And Land Information Management  
 PSB630 Cartography And Digital Mapping  
 PSB643 Geodesy  
 PSP311 Professional Practice Management

#### Semester 2

BNB011 Fundamentals Of Synthetic Environments  
 DBP407 Environmental Planning And Management  
 PSB632 Photogrammetry  
 PSB633 Map Production: Principles And Practice  
 PSB644 Advanced Geodesy  
 PSP268 Site Planning  
 PSP273 Landscape Planning

#### Notes:

Please consult with the Course Coordinator before finalising your enrolment.

Full-time students are required to enrol in 48 credit points per semester. This includes two core units and two electives per semester (from the list above or from other undergraduate and postgraduate units).

Part-time students are required to enrol in 24 credit points per semester. Select one core unit and any other unit from the electives listed, of from other undergraduate and postgraduate units.

## ■ Graduate Diploma in Geomatics (PS74)

**Award title:** Graduate Diploma in Geomatics

**CRICOS code:** 036437G

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Course coordinator:** Dr John Hayes

### Entry requirements

A recognised tertiary degree requiring at least four years full time study or its equivalent;

OR a qualification from another tertiary institution considered by the Head of School of Design and Built Environment to be at least equivalent to the degree of Bachelor of Surveying of this University. In addition, graduates should have at least one year's field experience (or its equivalent) following graduation in the practice of surveying. Entry will also be available on the basis of other academic qualifications supported by a minimum of 2 years work experience of relevant depth and breadth on application to the Head of School.

### Professional Recognition

The Diploma is recognised professionally by the Mapping Sciences Institute, Australia.

### Notes

Please consult with the Course Coordinator before finalising your enrolment.

Full-time students are required to enrol in 48 credit points per semester. This includes two core units per semester and two Electives from the list above, or from other undergraduate and postgraduate units.

Part-time students are required to enrol in 24 credit points per semester. Select one core unit and any other unit from the Electives listed, or from other undergraduate and postgraduate units.

**Graduate Diploma in Landscape Architecture (PS66)**

**Award title:** Graduate Diploma in Landscape Architecture

**CRICOS code:** 003478D

**Location:** Gardens Point

**Course duration (full-time):** 1 Year BBlEnv (L'scape Arch) graduates; 2 Years other graduates

**Course duration (part-time):** 2 Years BBlEnv (L'scape Arch) graduates; 4 Years (other graduates)

**Total credit points:** 192

**Course coordinator:** Mr Glenn Thomas

**Entry requirements**

A bachelor degree or three-year diploma, or equivalent professional qualification with a minimum Grade Point Average of 5. Applicants to enter these courses from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics. A three-module full fee paying

Summer unit is available for this purpose. Computer literacy is also required.

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:

- Application for Admission form
- A personal statement in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.
- Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests.
- The objective is to give an insight into the applicant and demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae. It will be in A3 format and will not exceed five pages. These documents are to be forwarded to the Course Coordinator.

### Overview

Landscape architecture is concerned with the ordered design of open space at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work. In the Graduate Diploma you complete a program similar to the first two years of the Masters program.

### Professional Recognition

The Graduate Diploma in Landscape Architecture is accredited by the Australian Institute of Landscape Architects.

### Full-time Course Structure

#### Summer Semester - Introductory Unit

PSP275 Introductory Design And Graphics

Applicants from non-design require basic skills in design/freehand and technical graphics.

A three-module full fee paying Summer unit is available for this purpose

#### Year 1, Semester 1

Foundation Level Studies (Entry by three-year degree or diploma other than the Bachelor of Built Environment (Landscape Architecture)

PSP261 Landscape Construction 1  
 PSP262 Communication And Practice 1  
 PSP263 Landscape Ecology  
 PSP264 Spatial Design Theory

#### Year 1, Semester 2

## ■ Graduate Diploma in Project Management (CN64)

**Award title:** Graduate Diploma in Project Management

**CRICOS code:** 006362C

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Stephen Kajewski

### Entry requirements

- (1) A relevant bachelor degree from an approved tertiary institution; OR
- (2) Successful completion in CN81 Graduate Certificate in Project Management with a grade point average of 5.0 or better; OR
- (3) Qualifications deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND
- (4) At least three years of appropriate industry experience after graduation.

Students who commence mid-year should enrol in semester 2 units.

### Course Structure

In the Graduate Diploma students complete coursework units from the Masters degree with a range of elective options available. Variations to the recommended study program require prior approval from the course coordinator. School electives are offered subject to an appropriate enrolment each semester.

Persons admitted to the Graduate Diploma who are graduates of the Graduate Certificate in Project Management(CN81) will need to submit an application for Academic Credit form for the units they have already completed.

### Full-time Course structure

## ■ Graduate Diploma in Property Economics (CN91)

**Award title:** Graduate Diploma in Property Economics

**CRICOS code:** 036427J

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Professor Terry Boyd

### Entry requirements

- (1) A relevant bachelor degree from an approved tertiary institution; OR
- (2) Successful completion of CN90 Graduate Certificate in Property Economics with a grade point average of 5.0 or better; OR
- (3) Qualifications deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND
- (4) At least three years of appropriate industry experience after graduation.

### Course Structure

In the Graduate Certificate and Graduate Diploma courses, students complete coursework units from the Masters degree with a range of elective options available.

Students who commence mid-year should enrol in Semester 2 units.

### Full-time Course structure

## ■ Graduate Diploma in Surveying Practice (PS68)

**Award title:** Graduate Diploma in Surveying Practice

**CRICOS code:** 006369G

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Course coordinator:** Dr John Hayes

### Entry requirements

A Bachelor of Surveying from QUT or a degree from another tertiary institution acceptable to the Surveyors Board of Queensland and considered by the Head of the School to be at least equivalent to the degree of Bachelor of Surveying at QUT. In addition, you should have at least one year of surveying field experience following graduation, or its equivalent, prior to entry.

### Flexible delivery

Each unit involves a two-week intensive program at QUT. Study is spread over the semester. The option is also available to undertake individual units to update knowledge, or as a component of a Professional Training Agreement.

### Full-time Course Structure - February Entry

#### Year 1, Semester 1

PSP311 Professional Practice Management  
 PSP314 Boundary Definition Surveys 1

**Notes:**

Please consult with the Course Coordinator before finalising your enrolment.

**■ Graduate Diploma in Urban and Regional Planning (PS72)**

**Award title:** Graduate Diploma in Urban and Regional Planning

**CRICOS code:** 003477E

**Location:** Gardens Point

**Course duration (full-time):** 1-1.5 years (100% - 75% load) for Bachelor of Built Environment graduates; 2-2.5 years (100% - 75% load) for other graduates

**Course duration (part-time):** 2 years for Bachelor of Built Environment graduates; 4 years for other graduates

**Total credit points:** 192

**Course coordinator:** Assoc Prof Phil Heywood

**Entry requirements**

A bachelor degree or equivalent is required. Applicants without planning or related qualifications undertake a Foundation Course of 1 year full-time or part-time equivalent, which may be reduced by exemptions based on previous studies.

A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

**Professional Recognition**

This course is professionally accredited by the Planning Institute of Australia.

**Course structure**

The course offers a variety of structures, including full-time (100% and 75% progression rate) and part-time programs (50% progression rate). Normal entry to the course is in semester 1, though Foundation Studies entrants may, in special circumstances, be admitted in semester 2.

**Full-time Course structure**

**Foundation Studies (non BBE graduates only)**

**Year 1, Summer Program**

DBP403 Design Communication

**Year 1, Semester 1**

DBP401 Urban And Site Analysis

DBP402 Planning Processes

DBP406 Computer Applications In Planning

**Year 1, Semester 2**

DBP404 Economic And Social Foundations Of Planning

DBP405 Urban Design

DBP407 Environmental Planning And Management

DBP408 Planning Implementation And Law

**Professional Studies (Graduate Diploma)**

**Year 2, Semester 1**

DBP409 Urban Planning Practice

DBP410 Research Methods In Planning

DBP411 Community Planning

DBP412 Planning Theory And Ethics

**Year 2, Semester 2**

DBP413 Regional Planning Practice

DBP414 Regional And Metropolitan Policy

DBP415 Professional Practice Or Research Project

DBP416 Elective

DBP416 Elective offers Specialisations in Urban Housing, Urban Design and Environmental and Social Planning. Other topics may be offered depending on staff availability.

DBP417 Comparative Planning

**Part-time Course Structure**

**Foundation Studies (non BBE graduates only)**

**Year 1, Summer Program**

DBP403 Design Communication

**Year 1, Semester 1**

DBP401 Urban And Site Analysis

DBP402 Planning Processes

**Year 1, Semester 2**

DBP404 Economic And Social Foundations Of Planning

DBP405 Urban Design

**Year 2, Semester 1**

DBP406 Computer Applications In Planning

DBP409 Urban Planning Practice

**Year 2, Semester 2**

DBP407 Environmental Planning And Management

DBP408 Planning Implementation And Law

**Professional Studies (Graduate Diploma)**

**Year 3, Semester 1**

DBP410 Research Methods In Planning

DBP411 Community Planning

**Year 3, Semester 2**

DBP413 Regional Planning Practice

DBP414 Regional And Metropolitan Policy

**Year 4, Semester 1**

DBP412 Planning Theory And Ethics

DBP415 Professional Practice Or Research Project

**Year 4, Semester 2**

DBP416 Elective

DBP416 Elective offers Specialisations in Urban Housing, Urban Design and Environmental and Social Planning. Other topics may be offered depending on staff availability.

DBP417 Comparative Planning

**75% Progression Rate Course Structure**

**Foundation Studies (non BBE graduates only)**

**Year 1, Summer Program**

DBP403 Design Communication

**Year 1, Semester 1**

DBP401 Urban And Site Analysis

DBP402 Planning Processes

DBP406 Computer Applications In Planning

**Year 1, Semester 2**

DBP404 Economic And Social Foundations Of Planning

DBP405 Urban Design

DBP407 Environmental Planning And Management

**Professional Studies (Graduate Diploma)**

**Year 2, Semester 1**

DBP409 Urban Planning Practice

DBP410 Research Methods In Planning

DBP411 Community Planning

**Year 2, Semester 2**

DBP408 Planning Implementation And Law

DBP413 Regional Planning Practice

DBP414 Regional And Metropolitan Policy

**Year 3, Semester 1**

DBP412 Planning Theory And Ethics

DBP415 Professional Practice Or Research Project

DBP416 Elective

DBP416 Elective offers Specialisations in Urban Housing, Urban Design and Environmental and Social Planning. Other topics may be offered depending on staff availability.

DBP417 Comparative Planning

**■ Graduate Diploma in Urban Design (DB69)**

**Award title:** Graduate Diploma in Urban Design

**CRICOS code:** 014018G

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 1.5 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Danny O'Hare

### Entry requirements

A Bachelor of Built Environment in a related discipline with a grade point average of 5 or better and demonstrated potential in a relevant professional activity or a degree or postgraduate qualification, relevant to Urban Design, with the grade point average of 5 or better and demonstrated potential in a relevant professional activity.

Applicants may be granted provisional entry to this course with a modified enrolment program on the basis of alternative academic or professional attainments.

You may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full fee paying Summer unit is available for this purpose. Computer literacy is also required.

### Course Requirements

Students must complete a minimum of 48 credit points per semester in the full-time course and a minimum of 24 credit points per semester in the part-time course. Students with a suitable grade point average may articulate into the Masters program.

### Course Structure

To be eligible for the Graduate Diploma students must complete the first two semesters outlined below. If students complete the Graduate Diploma with a suitable grade point average, they can articulate into the Masters program.

### Full-time Course structure

#### Summer Semester - Introductory Unit

PSP275 Introductory Design And Graphics  
Available in three modules to suit individual needs. Fee \$320 per module.

#### Full-time Structure

##### Year 1, Semester 1

ARB081 History, Theory And Criticism Of Urban Design  
ARB082 Urban Design Studio B  
PSP453 Urban Systems And The Physical Environment

##### Year 1, Semester 2

PSN214 Elective  
OR  
PSN211 Research Project 1  
PSP452 Urban Design Studio A  
PSP451 Production And Use Of The Built Environment

### Part-time Course Structure

#### Year 1, Semester 1

ARB081 History, Theory And Criticism Of Urban Design  
PSP453 Urban Systems And The Physical Environment

#### Year 1, Semester 2

PSP452 Urban Design Studio A  
PSP451 Production And Use Of The Built Environment

#### Year 2, Semester 1

ARB082 Urban Design Studio B  
PSN214 Elective  
OR  
PSN211 Research Project 1

## ■ Graduate Certificate in Advanced Landscape Techniques (PS77)

**Award title:** Graduate Certificate in Advanced Landscape Techniques

**CRICOS code:** 040338J

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Mr Glenn Thomas

### Entry Requirements

Applicant must have completed PS75 Graduate Certificate in Landscape Techniques and PS76 Graduate Certificate in Landscape Design or approved equivalent.

### Part-time Course structure

#### Year 1, Semester 1

PSP269 Advanced Construction And Practice 1  
PSP270 Elective

#### Year 1, Semester 2

PSP272 Advanced Construction And Practice 2  
PSP273 Landscape Planning

## ■ Graduate Certificate in Building Fire Safety (AR65)

**Award title:** Graduate Certificate in Building Fire Safety

**Location:** Gardens Point

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Mr Jack Williamson

### Entry requirements

- (1) A bachelor degree in either engineering, architecture, applied science (construction management), building or allied areas or degree-equivalent professional qualifications.
- (2) Candidates without a degree will be assessed by the Course Coordinator, with reference to the applicant's industry experience and qualifications.

### Duration

This course will be delivered by part-time study in block release format each semester. Students will be notified when the periods will be conducted. If you require further details please contact the School.

### Professional Recognition

Support has been received from the Australian Institute of Building Surveyors; the Institution of Fire Engineers; The Institution of Engineers Australia; Society of Fire Safety; Queensland Fire Protection Industry Association Inc.; Queensland Department of Local Government and Planning; Queensland Department of Public Works and Housing; The Royal Australian Institute of Architects; Queensland Fire and Rescue Authority.

### Course structure

#### Semester 1

ARB801 Fire Technology And Science  
ARB803 Fire And Building Legislation

#### Semester 2

ARB802 Human Behaviour And Fire  
ARB804 Fire Safety System Design  
ARB801 and ARB803 are prerequisites to ARB804, ARB802 is a corequisite with ARB804.

The units are offered in block mode, for further details please contact the School

## ■ Graduate Certificate in Civil Engineering (CE62)

**Award title:** Graduate Certificate in Civil Engineering

**CRICOS code:** 040341C

**Location:** Gardens Point

**Course duration (full-time):** Full-time may be available in consultation with Course Coordinator.

**Course duration (part-time):** 1 year (must be completed in a maximum of 4 semesters).

**Total credit points:** 48

**Course coordinator:** Mr Yin Foong

### Articulation

Students who achieve a grade point average of 5.0 or above in the Graduate Certificate will be able to apply for entry to the Master of Engineering Science (Civil) (CE74) on the condition that they possess an undergraduate degree in engineering.

**Course structure**

**Road Engineering Strand Semester 1**

CEP293 Pavement Design  
Elective

**Road Engineering Strand Semester 2**

CEP175 Pavement Maintenance Rehabilitation And Recycling  
Elective

**Engineering Administration Strand Semester 1**

CEP294 Engineering Contract Development And Administration  
Elective

**Engineering Administration Strand Semester 2**

CEP295 Civil Engineering Management In A Project Environment  
Elective

**Environmental Engineering Strand Semester 1**

CEP291 Environmental Law And Assessment  
Elective

**Environmental Engineering Strand Semester 2**

CEP141 Studies In Environmental Engineering  
Elective

**Transport Engineering Strand Semester 1**

CEP218 Transportation Engineering  
Elective

**Transport Engineering Strand Semester 2**

CEP216 Advanced Traffic Engineering  
Elective

**Electives - Semester 1**

CEP012 Railway Management Operation and Safety  
CEP127 Road And Traffic Engineering  
CEP142 Water Pollution Control  
CEP218 Transportation Engineering  
CEP291 Environmental Law And Assessment  
CEP293 Pavement Design

**Electives - Semester 2**

CEP011 Railway Business and Engineering  
CEP012 Railway Management Operation and Safety  
CEP141 Studies In Environmental Engineering  
CEP143 Biological Treatment Processes  
CEP151 Road Safety Audit - Principles and Practice  
CEP175 Pavement Maintenance Rehabilitation And Recycling  
CEP201 Process Modelling  
CEP216 Advanced Traffic Engineering  
CEP292 Engineering Practice 2  
CEP294 Engineering Contract Development And Administration

The School reserves the right to offer the units according to enrolment quotas and staff availability.

**■ Graduate Certificate in Computer and Communications Engineering (EE61)**

**Award title:** Graduate Certificate in Computer and Communications Engineering

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Mr John Edwards

**Entry requirements**

A bachelor degree in Electrical Engineering, Information Technology or equivalent.

**Course Structure**

In the Graduate Certificate students select a total of four units from semester 1 and semester 2 lists.

**Semester 1 - Units**

EEP101 Algorithms For Control And Engineering  
EEP102 Unix And C For Engineers  
EEP103 Computer Hardware And Interfacing  
EEP124 Data Communications  
EEP126 Communications Digital Signal Processing  
EEP137 Advanced Topic A

**Semester 2 - Units**

EEP104 Real-Time Operating Systems  
EEP120 Networks And Distributed Computing  
EEP123 Process Control And Robotics  
EEP127 Advanced Topic B

EEP128 Detection And Estimation  
EEP129 Image Processing And Computer Vision  
EEP135 Digital Signal Processing And Applications

**Note:**

Graduate Certificate students complete 4 units from semester 1 and 2 lists.

For Advanced Topics A and B, with approval of the Course Coordinator, students may enrol in appropriate units from other schools within QUT.

Students can also enrol in final year Electrical and Electronic Systems Engineering graduate level units.

**■ Graduate Certificate in Designed Environments for Ageing (DB60)**

**Award title:** Graduate Certificate in Designed Environments for Ageing

**CRICOS code:** 040328M

**Course duration (part-time):** 2 Semesters - Flexible delivery (on-line and on-campus intensive)

**Total credit points:** 48

**Course coordinator:** Dr Malgosia Zlobicki

**Entry Requirements**

An undergraduate degree/equivalent professional qualifications or demonstrated relevant work experience.

**Course structure**

**Semester 1**

DBP001 Criteria Of Design For Ageing  
DBP002 Performance Of Design For Ageing

**Semester 2**

DBP003 Evaluation Of Design For Ageing  
DBP004 Realisation Of Design For Ageing  
Units are flexible delivery (online and on-campus intensive)

**■ Graduate Certificate in Electricity Supply Engineering (EE82)**

**Award title:** Graduate Certificate in Electricity Supply Engineering

**Location:** Gardens Point and External

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Associate Professor David Birtwhistle

**Entry requirements**

A bachelor degree in electrical engineering with a study of power subjects to third level. Provision also for Associate Diploma or Advanced Diploma holders to enter Graduate Certificate and Graduate Diploma.

**Course Structure**

In the Graduate Certificate students choose 12 units from List 1.

**Full-time Course Structure**

**Semester 1**

12 Units (selected from List)

**Part-time Course Structure**

**Year 1, Semester 1**

6 Units (selected from List)

**Year 1, Semester 2**

6 Units (selected from List)

**List 1, Semester 1**

EEP201 Fundamentals Of Power System Earthing  
EEP202 Thermal Ratings And Heat Transfer  
EEP203 Testing And Condition Monitoring  
EEP204 Power System Load Flow Analysis  
EEP205 Power System Fault Calculations  
EEP206 Project Management  
EEP208 Economic Analysis For Power System Engineers  
EEP209 Power System Harmonics  
EEP210 Abnormal System Voltages  
EEP211 Basic Power System Protection  
EEP213 Advanced Power System Protection

EEP218	Introduction To Automated System Control And Supervisory Systems
EEP219	High Voltage Substation Equipment: Power Transformers And Reactive Power Plant
EEP240	Organisation And Financial Management Of The ESI
EEP243	Contract Administration
EEP248	Introduction To Electricity Markets

**List 1, Semester 2**

EEP207	Overhead Line Route Selection - Environmental Factors
EEP212	Advanced Power System Protection
EEP214	Risk Assessment In The Electricity Supply Industry
EEP215	Reliability
EEP216	Overhead Line Design - Electrical
EEP217	Overhead Line Design - Mechanical
EEP220	Distribution Planning
EEP221	Limits To Power System Stability
EEP222	Maintenance Of Electricity Supply Systems
EEP223	Load Forecasting
EEP224	Power System Operation
EEP241	Distance Protection
EEP242	Efficient Marketing And Utilisation Of Electricity: Demand And Supply Side Solutions
EEP244	Circuit Breakers - Switchgear
EEP245	Introduction To Substation Design
EEP246	Customer Metering

*Units available as resource-based learning (distance education) with flexible enrolment*

EEP202	Thermal Ratings And Heat Transfer
EEP204	Power System Load Flow Analysis
EEP208	Economic Analysis For Power System Engineers
EEP209	Power System Harmonics
EEP210	Abnormal System Voltages
EEP211	Basic Power System Protection
EEP212	Advanced Power System Protection
EEP213	Advanced Power System Protection
EEP214	Risk Assessment In The Electricity Supply Industry
EEP215	Reliability
EEP220	Distribution Planning
EEP241	Distance Protection

**Graduate Certificate in Engineering Management (ME74)**

**Award title:** Graduate Certificate in Engineering Management

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Course coordinator:** Dr Jun Wang

**Location**

Singapore (Organised by Crossfields Asia Pacific Pte Ltd.)

**Aim**

The aim of the course is to provide engineers with an introduction to management methods and systems of key relevance to the engineering profession. Particular emphasis is given to manufacturing and management, and to maintenance, quality and reliability.

**Course Outline**

The course consists of four coursework units. The units are offered on a block basis. Each block occupies two weeks with lectures each evening Monday to Friday.

**Graduate Certificate in Engineering Management (ME75)**

**Award title:** Graduate Certificate in Engineering Management

**CRICOS code:** 018208C

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Dr Jun Wang

**Entry Requirements**

A bachelor degree in engineering or relevant training and experience, as assessed by the Course Coordinator.

**Course Structure**

Graduate Certificate students will take four units all of which are offered as part of the Master of Engineering Management. A similar course is offered in Singapore in conjunction with Crossfields Asia Pty Ltd.

**Semester 1**

MEN171	Advanced Manufacturing Technologies
MEN177	Total Quality Management
MEN241	Reliability And Maintenance Management
MEN280	Engineering Project Management

**Semester 2**

MEN170	Systems Modelling And Simulation
MEN172	Cost Analysis And Asset Management
MEN175	Energy And Environmental Management
MEN272	Enterprise Resource Planning

**Note:**

Students take 4 units.

Mid-Year Entry students studying full-time take Semester 2 units.

**Graduate Certificate in Geographic Information Systems (PS79)**

**Award title:** Graduate Certificate in Geographic Information Systems

**CRICOS code:** 040339G

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Dr John Hayes

**Entry Requirements**

A relevant bachelor degree or diploma from an approved tertiary institution; OR qualifications deemed equivalent to the above by the Head of School of Design and Built Environment; OR other academic qualifications supported by a minimum of 2 years work experience of relevant depth and breadth on application to the Head of School, Design and Built Environment.

**Full-time Course Structure**

**Semester 1**

PSB631	Geographic Information Systems 1
PSB654	Topics in Spatial Information Science
	Choose 2 Electives*

*Electives (subject to availability)*

**Semester 1**

DBP401	Urban And Site Analysis
DBP402	Planning Processes
PSB432	History Of Built Environment
PSB612	Spatial And Land Information Management
PSB630	Cartography And Digital Mapping
PSB643	Geodesy
PSN213	Specialisation
PSN214	Elective
PSP311	Professional Practice Management
PSP314	Boundary Definition Surveys 1
PSP316	Survey Computing And Processing
PSP317	Property Development Surveys

**Semester 2**

BNB011	Fundamentals Of Synthetic Environments
DBP407	Environmental Planning And Management
DBP501	Specialisation
PSB631	Geographic Information Systems 1
PSB632	Photogrammetry
PSB633	Map Production: Principles And Practice
PSB644	Advanced Geodesy
PSB655	Remote Sensing
PSP268	Site Planning
PSP273	Landscape Planning
PSP326	GIS And GPS
PSP330	Professional Practice Management 2
PSP510	Specialisation

**Notes:**

Please consult with the Course Coordinator before finalising your enrolment.

Full-time students are required to enrol in 48 credit points per semester. This includes two core units per semester and two Electives from the list above, or from other undergraduate and postgraduate units.

**Part-time Course Structure**

**Year 1, Semester 1**

PSB631 Geographic Information Systems 1  
Choose 1 Elective\*

**Year 1, Semester 2**

PSB654 Topics In Spatial Information Science  
Choose 1 Elective\*

**Electives (subject to availability)**

Please refer to Full-time Course Structure for list of Electives.

**Notes:**

Please consult with the Course Coordinator before finalising your enrolment.

Part-time students are required to enrol in 24 credit points per semester. Select one core unit and any other unit from the Electives listed, or from other undergraduate and postgraduate units.

**Full-time Course Structure - July Entry**

**Semester 2**

PSB631 Geographic Information Systems 1  
PSB654 Topics In Spatial Information Science  
Choose 2 Electives\*

**Electives (subject to availability)**

Please refer to Full-time Course Structure for list of Electives.

**Notes:**

Please consult with the Course Coordinator before finalising your enrolment.

Full-time students are required to enrol in 48 credit points per semester. This includes two core units per semester and two electives from the above-mentioned list, or from other undergraduate and postgraduate units.

**Part-time Course Structure - July Entry**

**Year 1, Semester 2**

PSB631 Geographic Information Systems 1  
Choose 1 Elective\*

**Year 2, Semester 1**

PSB654 Topics In Spatial Information Science  
Choose 1 Elective\*

**Electives (subject to availability)**

Please refer to Full-time Course Structure for list of Electives.

**Notes:**

Please consult with the Course Coordinator before finalising your enrolment.

Part-time students are required to enrol in 24 credit points per semester. Select one core unit and any other unit from the electives listed, or from other undergraduate and postgraduate units.

**■ Graduate Certificate in Geomatics (PS73)**

**Award title:** Graduate Certificate in Geomatics

**CRICOS code:** 036436G

**Location:** Gardens Point

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Course coordinator:** Dr John Hayes

**Entry requirements**

A recognised tertiary degree requiring at least four years full time study or its equivalent;

OR a degree from another tertiary institution considered by the Head of School of Design and Built Environment to be at least equivalent to the degree of Bachelor of Surveying of this University.

In addition, graduates should have at least one year's field experience (or its equivalent) following graduation in the practice of surveying. Entry will also be available on the basis of other academic qualifications supported by a minimum of 2 years work experience of relevant depth and breadth on application to the Head of School.

**Professional Recognition**

The Graduate Certificate is recognised professionally by the Mapping Sciences Institute, Australia.

**Full-time Course Structure - February Entry**

**Semester 1**

PSP311 Professional Practice Management  
PSP316 Survey Computing And Processing  
Choose 2 Electives\*

**Notes:**

Students are required to select any two units from the Electives listed below. Please consult with the Course Coordinator before finalising your enrolment.

**Full-time Course Structure - July Entry**

**Semester 2**

PSP323 Project Site Surveys  
PSP326 GIS And GPS  
Choose 2 Electives

**Notes:**

Students are required to select any two units from the Electives listed below. Please consult with the Course Coordinator before finalising your enrolment.

**Part-time Course Structure - February Entry**

**Semester 1**

PSP311 Professional Practice Management  
PSP316 Survey Computing And Processing

**Semester 2**

Choose 2 Electives\*

**Notes:**

Students are required to select any two units from the Electives listed below. Please consult with the Course Coordinator before finalising your enrolment.

**Part-time Course Structure - July Entry**

**Semester 2**

Choose 2 Electives

**Semester 1**

PSP311 Professional Practice Management  
PSP316 Survey Computing And Processing

**Notes:**

Students are required to select any two units from the Electives listed below. Please consult with the Course Coordinator before finalising your enrolment.

**PS73 - Electives (subject to availability)**

**Semester 1**

BNB011 Fundamentals Of Synthetic Environments  
DBP401 Urban And Site Analysis  
DBP402 Planning Processes  
PSB432 History Of Built Environment  
PSB612 Spatial And Land Information Management  
PSB630 Cartography And Digital Mapping  
PSB643 Geodesy  
PSP314 Boundary Definition Surveys 1  
PSP317 Property Development Surveys

**Semester 2**

BNB011 Fundamentals Of Synthetic Environments  
DBP407 Environmental Planning And Management  
PSB631 Geographic Information Systems 1  
PSB632 Photogrammetry  
PSB633 Map Production: Principles And Practice  
PSB644 Advanced Geodesy  
PSB655 Remote Sensing  
PSP268 Site Planning  
PSP273 Landscape Planning

**■ Graduate Certificate in Landscape Design (PS76)**

**Award title:** Graduate Certificate in Landscape Design

**CRICOS code:** 037546E

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48 credit points

**Course coordinator:** Mr Glenn Thomas

### Entry Requirements

To be eligible for admission, an applicant must have completed PS75 Graduate Certificate in Landscape Techniques or an approved equivalent.

### Course structure

#### Foundation Level Studies

PSP275 Introductory Design And Graphics  
Required prerequisite for non-BN31 applicants for entry to PSP261 or PSP264

#### Full-time course structure - Semester 1

PSP265 Landscape Construction 2  
PSP266 Communication And Practice 2  
PSP267 Heritage And Plant Studies  
PSP268 Site Planning

#### Part-time course structure - Semester 1

PSP263 Landscape Ecology  
PSP264 Spatial Design Theory

#### Part-time course structure - Semester 2

PSP267 Heritage And Plant Studies  
PSP268 Site Planning

## ■ Graduate Certificate in Landscape Techniques (PS75)

**Award title:** Graduate Certificate in Landscape Techniques

**CRICOS code:** 037545F

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Mr Glenn Thomas

### Entry Requirements

A relevant two year diploma and industry experience or approved equivalent; or a three year diploma or bachelors degree.

Applicants from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics.

Computer literacy is also required.

### Course structure

#### Summer Semester- Foundation Level Studies

PSP275 Introductory Design And Graphics  
This unit is a required pre-requisite for non BN31 applicants for entry into PSP261 or PSP264

#### Full-time Course Structure - Semester 1

PSP261 Landscape Construction 1  
PSP262 Communication And Practice 1  
PSP263 Landscape Ecology  
PSP264 Spatial Design Theory

#### Part-time Course Structure - Semester 1

PSP261 Landscape Construction 1  
PSP262 Communication And Practice 1

#### Part-time Course Structure - Semester 2

PSP265 Landscape Construction 2  
PSP266 Communication And Practice 2

## ■ Graduate Certificate in Planning Studies (PS82)

**Award title:** Graduate Certificate in Planning Studies

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Assoc Prof Phil Heywood

### Entry Requirements

To be eligible for normal admission, an applicant should have: a recognised tertiary degree in any discipline requiring at least three years' full time study or its equivalent

or

other documented qualifications and experience considered to be equivalent by the Head of School of Design and Built

Environment. Applicants may be required to attend an interview, or sit an examination where appropriate, as part of the selection process.

### Course Structure

For those wishing to use the Graduate Certificate as a refresher or introductory course, the course may consist of any four units selected from the Graduate Diploma offerings, each at 12 credit points. The full-time mode consists of 4 units undertaken in either semester and the part-time mode consist of 4 units undertaken over any two semesters.

### Full-time Course structure

#### Semester 1

DBP401 Urban And Site Analysis  
DBP402 Planning Processes  
DBP411 Community Planning  
DBP501 Specialisation

### Part-time Course structure

#### Semester 1

DBP402 Planning Processes  
DBP411 Community Planning

#### Semester 2

DBP405 Urban Design  
DBP416 Elective

DBP416 Elective offers Specialisations in Urban Housing, Urban Design and Environmental and Social Planning. Other topics may be offered depending on staff availability.

### Mid-Year Entry Course structure (Full-time)

#### Semester 2

DBP405 Urban Design  
DBP408 Planning Implementation And Law  
DBP407 Environmental Planning And Management  
DBP416 Elective

DBP416 Elective offers Specialisations in Urban Housing, Urban Design and Environmental and Social Planning. Other topics may be offered depending on staff availability.

### Mid-Year Entry Course structure (Part-time)

#### Semester 2

DBP405 Urban Design  
DBP416 Elective

DBP416 Elective offers Specialisations in Urban Housing, Urban Design and Environmental and Social Planning. Other topics may be offered depending on staff availability.

#### Semester 1

DBP402 Planning Processes  
OR  
DBP401 Urban And Site Analysis  
DBP411 Community Planning

## ■ Graduate Certificate in Project Management (CN81)

**Award title:** Graduate Certificate in Project Management

**CRICOS code:** 012705A

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 1 Year

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Stephen Kajewski

### Entry requirements

- (1) A relevant bachelor degree from an approved tertiary institution; OR
- (2) Qualifications and/or extensive, relevant professional experience deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND
- (3) At least three years of appropriate industry experience after graduation.

### Course Structure

The first semester full-time or two semesters part-time are identical to the Graduate Diploma in Project Management (CN64). Students who complete the Graduate Certificate in Project Management (CN81) and are successful in gaining entry into the Graduate Diploma in Project Management (CN64) or Master of Project Management (CN77) will be eligible to receive credit for all units studied in the Graduate Certificate.

The full-time Graduate Certificate can only be completed in Semester 1 of any year.

Students who commence mid-year should enrol in Semester 2 units.

#### Full-time Course structure

##### Year 1, Semester 1

CNP520	Project Management
CNP521	Project Cost And Risk Management

## ■ Graduate Certificate in Property Economics (CN90)

**Award title:** Graduate Certificate in Property Economics

**CRICOS code:** 036428G

**Location:** Gardens Point

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 1 year

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Professor Terry Boyd

#### Entry requirements

- (1) A relevant bachelor degree from an approved tertiary institution; OR
- (2) Qualifications and/or relevant training considered to be deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND
- (3) At least three years of appropriate industry experience after graduation.

#### Course Structure

In the Graduate Certificate and Graduate Diploma courses, students complete coursework units from the Masters degree with a range of elective options available.

The full-time Graduate Certificate can only be completed in Semester 1 of any year.

Students who commence mid-year should enrol in Semester 2 units.

#### Full-time Course structure

##### Development major - Year 1, Semester 1

CNP547	Property Investment
CNP555	Property Market Analysis
CNP520	Project Management
CNP521	Project Cost And Risk Management

##### Investment major - Year 1, Semester 1

CNP545	Project Development

##### Investment major - Year 1, Semester 1

CNP547	Property Investment
CNP555	Property Market Analysis

##### Investment major - Year 1, Semester 2

CNP557	Property Portfolio Analysis
CNP554	Advanced Land Development

## ■ Course Requirements and Notes Relating to Undergraduate Courses

### Course Progression

It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be picked up in the next semester that they are offered. Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite so specified. The course coordinator should be consulted regarding variations from the course structure. This is considered to be a major concession. Students who have failed units, or have doubts about having the necessary background to proceed, should seek the advice of the course coordinator.

### Summer Program

The Faculty offers a limited number of units in the summer semester. This summer program enables students to pick up units and, in the case of mid-year entry students, in some courses, allows them to accelerate their program and complete their course in 3.5 years.

### Supplementary Assessment

It is not normally faculty policy to grant supplementary examinations. However, at the discretion of the Dean of Faculty, supplementary or further assessment may be permitted in cases where a student is near to the completion of their course.

In such cases it is normal policy to award an 'A' (Result Unfinalised) and to give the student further assessment. Following satisfactory completion of this further assessment, the highest grade which may normally be awarded is a grade of 3 (Pass Conceded).

### Awards with Honours

Honours may be awarded to graduands of the Bachelor of Architecture, the four-year single degree and five-year double degree Bachelor of Engineering and Surveying courses, the four-year Bachelor of Applied Science courses in Construction Management and Quantity Surveying, and the Bachelor of Property Economics. First class honours, second class honours division A and second class honours division B may be awarded. Candidates for a degree with honours must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty academic board and approved by University Academic Board.

### Eligibility for Honours

Eligibility for awards with honours is not affected by the time taken to complete a course. However, to be eligible for such an award, a graduand must have completed the course within the maximum number of calendar years specified in Student Rule 2(19) (see the student rules section). Three- and four-year (full-time) courses must be completed in ten years. Combined degree courses must be completed in eleven years. Time limits are measured in calendar years from the first day of the first semester in which the student was enrolled and include periods of interruption such as leave of absence. In addition, to be eligible for an award with honours, a graduand must have been enrolled in the course at QUT for at least two years of full-time study or its equivalent.

**Honours Based on Grade Point Average**

The Built Environment and Engineering Academic Board has resolved that awards with honours for students graduating post-1992 will be based on grades achieved by students throughout the whole of their course as determined by the Grade Point Average (GPA) calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result 'Withdrawn — Failure' (which is converted to a grade of 1).

Students obtaining a GPA of 6.0 or greater will normally qualify for the award of first class honours. Students obtaining a GPA of 5.5 to 5.99 will normally qualify for the award of second class honours division A. Students obtaining a GPA of 5.0 to 5.49 will normally qualify for the award of second class honours division B.

**Awards With Distinction**

Awards 'with distinction' may be awarded to graduates of the three-year single degree courses and the graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a degree 'with distinction' must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

**Eligibility for 'With Distinction'**

See *Eligibility for Honours*.

**With Distinction Based on Grade Point Average**

The Built Environment and Engineering Academic Board has resolved that awards 'with distinction' will be based on grades achieved by students throughout the whole of their course as determined by the grade point average calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result 'Withdrawn — Failure' (which is converted to a grade of 1).

Students obtaining a GPA of 5.5 or greater will normally qualify for the award of with distinction.

**Dean's List**

Each semester, the Faculty of Built Environment and Engineering will publish a Dean's List comprising names of students achieving a GPA of 6.50 or better. The list will be posted on school notice boards. Students will receive a certificate in recognition of their achievement.

**Use of Calculators in Examinations**

Restrictions apply on the use of calculators in examinations. Students should consult their unit coordinator for details.

**Field Trips**

Attendance at field trips or field projects in engineering and surveying/mapping courses is compulsory.

**Personal Protection Equipment (PPE) Policy**

Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each school within the faculty.

Students enrolled in units specified by the School of Civil Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Hard hats will be supplied by the School of Civil Engineering, as required.

Students **must** provide their own safety shoes, safety glasses/goggles and hearing protection equipment.

All students are bound by the *Queensland Workplace Health and Safety Act*. In this respect, students carrying out their final year projects will be required to do a risk assessment of such projects and also suggest risk management steps that will be taken in case of an accident.

**Industrial Experience for Engineering and Surveying/Mapping Courses**

Industrial Experience forms part of the requirements of engineering and surveying degree courses, in order to provide a realistic background for formal academic studies and to ensure that students become effectively balanced in their professional development. For engineering students, it is a requirement of the Institution of Engineers, Australia, for graduate membership. Industrial Experience is usually undertaken during the long vacation or the mid-semester recess as an employee of a private firm, government agency or local authority, but can also be accumulated during part-time/full-time employment.

candidates must submit a report no later than the fourth week of the semester, following each period of Industrial Experience. The report is to be written in the required format describing work carried out during the period of Industrial Experience. An Industrial Experience Record Form signed by the employer is also to be submitted. Industrial Experience Record Forms are available from outside the Faculty Office, Level 10, S Block, Gardens Point campus and the School of Design and Built Environment, Level 5, D Block, Gardens Point campus.

A candidate for the degree of Bachelor of Technology (Civil) must obtain at least 45 days of industrial experience in an engineering environment approved by the course coordinator.

A candidate for the degree of Bachelor of Technology (Mechanical) must obtain at least 50 days of industrial experience approved by the course coordinator.

Engineering students must obtain at least 60 days of Industrial Experience in an engineering environment approved by the course coordinator.

Surveying/mapping students must obtain at least 90 days of industrial experience in a surveying/mapping environment approved by the course coordinator.

Bachelor of Engineering (Aerospace Avionics) students are required to obtain 10 days specialist experience in the avionics industry. This is in addition to the 60 days industrial experience requirement.

Industrial Experience information booklets can be obtained from the Student Services Officer in the Faculty Office, Level 10, S Block, Gardens Point campus.

**Enrolment in Industrial Experience**

Surveying/mapping and Engineering students should not formally enrol in industrial experience.

**Industrial Experience Requirements**

A candidate for the Bachelor of Architecture degree must be engaged in approved employment for at least 48 recognised weeks in the first three years of the course (ADB795 Practice Experience A), and for at least 72 recognised weeks in the second three years (ADB796 Practice Experience B).

**Approved employment**

Approved employment means working under the direction of an architect who is registered at the place of practice where the experience is obtained.

**Minimum 8 weeks at a time**

Periods of work experience of less than eight recognised weeks continuous duration cannot be accredited.

**Recognised week**

A recognised week is a week of five days work. During semester, when students normally work a three to four-day week, the 18-week semester (13 weeks in class and 5 weeks in examination), translates to 14.4 recognised weeks. The figure is rounded off to 14 weeks to take into account public holidays. Students in continuous concurrent employment would normally accumulate 40 recognised weeks in a calendar year. (A three-day working week constitutes 3/5 of a recognised week; a six-day working week constitutes 6/5 of a recognised week). All reference to a week in the following text shall mean a 'recognised week'.

**First and second year commencement**

Candidates who are admitted into the course at the beginning of first and second year must satisfy all ADB795 Practice Experience A and ADB796 Practice Experience B requirements.

**Third year commencement**

Candidates admitted to the course at the beginning of third year must complete 24 weeks in ADB795 Practice Experience A and all ADB796 Practice Experience B requirements.

**After third year commencement**

Candidates admitted directly into the course after the end of third year must satisfy ADB796 Practice Experience B only.

**Prerequisite**

ADB795 Practice Experience A is normally a prerequisite for ADB796 Practice Experience B.

**Allied Experience during the course**

Candidates may accumulate up to 12 weeks maximum in ADB795 Practice Experience A and up to 18 weeks maximum in ADB796 Practice Experience B for work experience gained prior to enrolment or during the course in approved areas allied to architecture. (Commonly approved allied areas: Civil Engineering, Interior Design, Industrial Design, Quantity Surveying, Construction Management, Town Planning, Landscape Architecture, Building).

**Experience prior to commencement**

Candidates may accumulate a maximum of 24 weeks in ADB795 Practice Experience A and a maximum of 36 weeks in ADB796 Practice Experience B for **satisfactory** approved experience under the direction of an architect **prior to** enrolment in the course. These maximum periods can include satisfactory approved experience gained prior to enrolment in the course in approved areas allied to architecture (provided the total period claimed for experience in approved allied areas does not exceed the maximum periods set for that experience in ADB795 Practice Experience A or ADB796 Practice Experience B).

**Experience during leave of absence**

Candidates may accumulate up to 24 weeks in ADB795 Practice Experience A and 36 weeks in ADB796 Practice Experience B during periods of approved leave of absence from formal classes. This may be in a period during the course or after completion of the academic course requirements.

**Report each month**

All students should report on their practice experience using the electronic logbook at the end of each month. Students without access to electronic reporting of work experience should make other arrangements with the Course Coordinator for the reporting of their work experience.

**Report Form Practice Experience A**

QUT School of Architecture, Interior and Industrial Design Practice Experience Report forms must be filled in and lodged for ADB795 Practice Experience A.

**Report Log for Practice Experience B**

The Log Book of Practical Experience published by the Architects Accreditation Council of Australia (ACA) and the University report forms must be filled out and lodged with QUT for ADB796 Practice Experience B.

**Satisfactory Employment for Course Progression and Graduation**

For administrative purposes, candidates must enrol in ADB795 Practice Experience A in the second semester of third year and then cannot proceed to fourth year until this unit of employment is satisfied, unless a special dispensation is granted. Candidates must enrol in ADB796 Practice Experience B in the second semester of sixth year and will not be eligible to graduate until this unit of employment is satisfied. In both cases the accumulated credit, as recorded through the semester reports, will form the basis for accrediting work experience.

**Credited Employment Counts Once**

Employment which has been approved or credited in ADB795 Practice Experience A cannot be considered for further approval or credit in ADB796 Practice Experience B.

**Full-time Students in Final Two Years**

Candidates proposing to study the final 192 credit points in the course in two years full-time:

- Candidates (including those who had previously been studying full-time) must have achieved a minimum of 36 weeks accredited to ADB796 Practice Experience B, before commencing Year Four.
- Candidates who had previously been studying part-time and who have satisfied ADB795 Practice Experience A, may apply in ADB796 Practice Experience B for credit of a maximum of 36 weeks of work experience accrued in the first three years which is in addition to that credited to ADB795 Practice Experience A.

**Types of Experience**

Types of experience required:

- ADB795 Practice Experience A:
  - At least 50 percent of time in undertaking design and/ or documentation.
- ADB796 Practice Experience B:
  - 50 percent of time in design stages and contract documentation (ACA item 4.30 and 4.5) and;
  - Preliminary site investigation and evaluation of at least one project (ACA item 4.2.4) and;
  - Project Management contract administration of at least one project at 'observer' status where direct experience is unavailable (ACA items 4.7.19, 4.7.21 and 4.7.22).

**■ Bachelor of Engineering - Dean's Scholars Program**

**Location:** Gardens Point

**Course duration (full-time):** BEng 3.5 years, BEng/MEngSc 4-4.5 years

**Total credit points:** BE 384, BE/MEngSc 456

**Course coordinator:** CE44 - Dr Martin Murray, EE41- Dr Duncan Campbell, ME41- Dr Andy Tan

**Professional Recognition**

Please check accreditation status against the individual courses.

**Course Outline**

The Dean Scholars Program is an accelerated program designed specifically for OPI or equivalent students. The Program provides the opportunity to complete a Bachelor of Engineering and a Master of Engineering Science in 4 to 4.5 years. Students have the option of exiting after the Bachelor of Engineering (3.5yrs). To be eligible to enrol in the Masters units and to proceed to the Masters, students must demonstrate appropriate levels of achievement in the Bachelor of Engineering course.

**Domestic Student Fees**

Students who enrol will receive a full scholarship that includes payment of all undergraduate Higher Education Contribution Scheme (HECS) monies for the bachelor program. Students who attain a GPA of 5.5 or above in their QUT studies and wish to

continue to the Master of Engineering accelerated program will receive further scholarship benefits: the full payment of the course fees for the masters program.

### International Student Fees

International students eligible for a Queensland OP, who are successful in gaining entry and enrol will receive a scholarship, which will partially cover their tuition fees. The Faculty will pay one third of the tuition fee and the student will be responsible for two thirds of the tuition fee and the Student Guild fees. Students who attain a GPA of 5.5 or above in their QUT studies and accept an offer to continue to the Master of Engineering accelerated program will receive further scholarship benefits: payment of the one third of the tuition fees for the masters program.

### Other Requirements

Students must complete at least 60 days of industrial experience in order to graduate.

### Civil - Dean's Scholars Course Structure

#### Year 1, Semester 1

CEB109 Engineering Mechanics 1  
MMB131 Engineering Materials  
CEB213 Environmental Science  
MAB131 Engineering Mathematics 1A

or

MAB180 Engineering Mathematics 1  
MAB180 Engineering Mathematics 1 is to be taken by those students not obtaining a SA or better in Queensland Year 12 Mathematics C (or equivalent).

#### Year 1, Semester 2

BNB007 Professional Studies 1  
CEB110 Engineering Mechanics 2  
CEB217 Hydraulic Engineering 1  
EEB112 Electrical And Computer Engineering 1  
PCB136 Engineering Physics 1C

## ■ Bachelor of Applied Science (Construction Management) (CN51)

**Award title:** Bachelor of Applied Science (Construction Management)

**CRICOS code:** 006363B

**Location:** Gardens Point

**Course duration (full-time):** 4 years or 5.5 years flexible full-time

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Jay Yang

### Professional Recognition

Graduates with relevant experience are eligible for membership of the Australian Institute of Building.

## Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

## Special Course Requirements

All students are required to obtain a minimum of 100 days of employment in the final year of the course as a part of CNB409 Professional Practice 1 and CNB423 Professional Practice 2. A work experience diary is to be kept and made available for inspection by the course coordinator upon request.

## Electives

Note A: Students may choose CNB408 Advanced Building and Civil Construction; CNB425 International Construction; or an approved elective from other QUT courses.

Note B: Students may choose CNB413 Research Project if their course GPA is 5.0 or better and they have completed CNB407 Professional Investigation and Reporting. Alternatively, students may undertake an approved elective from other QUT courses.

Note C: Students may choose CNB420 Current Construction Issues or an approved elective from other QUT courses.

## Course structure - Flexible Mode

### Year 1 - Semester 1

CNB101	Construction 1
CNB102	Building Technology 1
CNB106	Technical Communications

### Year 1 - Semester 2

**■ Bachelor of Applied Science (Quantity Surveying) (CN53)**

**Award title:** Bachelor of Applied Science (Quantity Surveying)

**CRICOS code:** 003500M

**Location:** Gardens Point

**Course duration (full-time):** 4 years or 5.5 years flexible full-time

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Mr Adrian Bridge

**Professional Accreditation and Recognition**

The course is offered with or without honours. Both the honours and without honours versions of the course are fully accredited by the Australian Institute of Quantity Surveyors and the Singapore Institute of Surveyors and Valuers. The course with honours is fully accredited by the Royal Institution of Chartered Surveyors, the Hong Kong Institute of Surveyors and the Board of Quantity Surveyors Malaysia. Although, graduates without honours are eligible to apply for provisional registration with the Board of Quantity Surveyors, provided they have completed the course including the dissertation. Please also see important details on

advanced standing which affect professional accreditation and recognition.

**Special Course requirements**

All students are required to gain a minimum of 100 days work experience in the final year of the courses as a part of CNB409 Professional Practice 1 and CNB423 Professional Practice 2. A work experience diary is to be kept and made available for inspection by the course coordinator upon request. Only International students are eligible to complete their work experience off-shore, and in this case students will receive no assistance in gaining work experience.

**Advanced Standing**

Both for February and July entry up to 4 semesters of advanced standing may be granted, subject to prior learning and qualifications.

Only students entering with 4 semesters of advanced standing are eligible to take the summer program. For those students seeking accreditation from the Hong Kong Institute of Surveyors, then these students are not able to accept any advanced standing, and must complete the entire course. For those students seeking accreditation from the Board of Quantity Surveyors Malaysia, then these students need to comply with the Board of Quantity Surveyors minimum time requirements in a university. This means that these students (if eligible for 4 semester advanced standing) are not able to choose the course structure: July Entry Flexible (Accelerated), but may choose the course structure: July Entry Standard F/T - 4 semesters Advanced Standing and Summer Program. In terms of accreditation from the Board of Quantity Surveyors Malaysia, we advise that in all cases students, before accepting an offer on a degree course, become familiar with the requirements for their eventual registration with the Board of Quantity Surveyors Malaysia. Students may wish to visit the Board of Quantity Surveyors web-site at <http://www.jkr.gov.my/ljbm> to obtain further information concerning registration with the Board. In the special case of students who complete the QUT BAppSc Construction Management course and are therefore eligible to enter the final year of the BAppSc Quantity Surveying course, these students will find that their BAppSc Quantity Surveying course is only accredited by the Australian Institute of Quantity Surveyors.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion, but this will affect professional accreditation and recognition. The course coordinator will therefore need to be satisfied that the student fully understands the implications that the minor will have on professional accreditation and recognition before approval to the minor is granted. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Electives**

Note A Elective: Student may choose CNB408 Advanced Building and Civil Construction or CNB425 International Construction or an approved elective from other QUT Courses.

Note C Elective: Student may choose CNB424 Specialist Measurement if they have completed CNB408 Advanced Building and Civil Construction or CNB420 Current Construction Issues or an approved elective from other QUT courses. Malaysian students are required to elect CNB424.

■ **Bachelor of Architecture (AR48)**

**Award title:** Bachelor of Architecture

**CRICOS code:** 006364A

**Location:** Gardens Point

**Course duration (full-time):** 6 years flexible full-time

**Total credit points:** 384 (coursework) + 96 (approved employment)

**Standard credit points per semester (full-time):** 24 or 36 (see Course Structure)

**Course coordinator:** Ms Susan Savage

**Professional Recognition**

Graduates of the Bachelor of Architecture degree meet the academic requirements for membership of the Royal Australian Institute of Architects and, following one year of post-graduate architectural experience, are eligible to undertake the registration examinations of the Board of Architects of Queensland.

**Special Course Requirements**

A Bachelor of Architecture student must be engaged in approved employment for at least 48 recognised weeks within the first three years (ADB795 Practice Experience A) and for at least 72 recognised weeks within the second three years (ADB796 Practice Experience B).

**Segmented Course Units**

Where course units contain discrete segments identified in the synopsis, students are generally expected to pass all segments in order to pass the course unit. The final grade for the unit will be aggregated from the grades attained in the segments undertaken.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Special Course Notes**

- 1 Students must complete all units in the Years 1, 2 and 3 schedules in either AR48 or BN31 prior to enrolling in any unit in the Year 4 schedule of AR48. The Course Coordinator may consider cases of special hardship.
- 2 Students must meet pre-requisites in all subjects
- 3 Late penalties for late assignments apply.
- 4 Course will involve compulsory field work within some units.

■ **Bachelor of Built Environment (Architectural Studies) (BN31)**

**Award title:** Bachelor of Built Environment (Architectural Studies)

**CRICOS code:** 003507D

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Ms Sue Savage

**Other Majors**

See also entries for the following majors in this course: Interior Design, Industrial Design, Landscape Architecture, and Urban and Regional Planning.

**Professional Recognition**

Graduates of the Bachelor of Built Environment (Architectural Studies) are eligible for entry to Year 4 of the Bachelor of Architecture. Graduates of the Bachelor of Architecture degree meet the academic requirements for membership of the Royal Australian Institute of Architects and, following one year of post-graduate architectural experience, are eligible to undertake the registration examinations of the Board of Architects of Queensland.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Course structure**

**Special Course Notes**

- 1 Students must complete all units in the Years 1, 2 and 3 schedules in either AR48 or BN31 prior to enrolling in any unit in the Year 4 schedule of AR48. The Course Coordinator may consider cases of special hardship.
- 2 Students must meet pre-requisites in all subjects.
- 3 Late penalties for late assignments apply.
- 4 Course will involve compulsory field work within some units.

**■ Bachelor of Built Environment (Industrial Design) (BN31)**

**Award title:** Bachelor of Built Environment (Industrial Design)

**CRICOS code:** 003507D

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Associate Professor Vesna Popovic

**Other Majors**

See also entries for the following majors in this course: Architectural Studies, Interior Design, Landscape Architecture, and Urban and Regional Planning.

**Professional Recognition**

Graduates of the Bachelor of Built Environment (Industrial Design) who go on to complete the Graduate Diploma in Industrial Design are eligible for associate membership of the Design Institute of Australia.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

## ■ Bachelor of Built Environment (Landscape Architecture) (BN31)

**Award title:** Bachelor of Built Environment (Landscape Architecture)

**CRICOS code:** 003507D

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Ms Delwyn Poulton

### Other Majors

See also entries for the following majors in this course: Architectural Studies, Interior Design, Industrial Design, and Urban and Regional Planning.

### Professional Recognition

Successful performance in the Bachelor of Built Environment (Landscape Architecture) enables students to gain entry to the Graduate Diploma/Master courses. The Graduate Diploma in Landscape Architecture is the only course in Landscape Architecture in Queensland, and is accredited by the Australian Institute of Landscape Architects (AILA). Graduates from the Graduate Diploma or Master of Landscape Architecture are recognised in New Zealand and Hong Kong and overseas generally through their AILA membership.

### Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

### Course structure\*

#### Year 1, Semester 1

PSB411 Planning/landscape Design 1  
 PSB412 Computer Skills  
 PSB414 Professional Skills 1  
 PSB432 History Of Built Environment

#### Year 1, Semester 2

PSB412 Computer Skills  
 PSB415 Contemporary Landscape Design  
 PSB421 Planning/landscape Design 2  
 PSB423 Group Dynamics

#### Year 2, Semester 1

PSB431 Planning/landscape Design 3  
 PSB432 History Of Built Environment  
 PSB435 Social And Cultural Relations  
 PSB453 Elective 1

#### Year 2, Semester 2

PSB441 Planning/landscape Design 4  
 PSB442 Plant Studies (L'scape Only)

## ■ Bachelor of Built Environment (Urban and Regional Planning) (BN31)

**Award title:** Bachelor of Built Environment (Urban and Regional Planning)

**CRICOS code:** 003507D

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Bhishna Bajracharya

### Other Majors

See also entries for the following majors in this course: Architectural Studies, Interior Design, Industrial Design, and Landscape Architecture.

### Professional Recognition

Successful completion of the Bachelor of Built Environment (Urban and Regional Planning) enables students to gain entry to the Graduate Diploma/Masters in Urban and Regional Planning, which is fully accredited by the Royal Australian Planning Institute (RAPI).

### Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

## ■ Bachelor of Engineering (Aerospace Avionics) (EE48)

**Award title:** Bachelor of Engineering (Aerospace Avionics)

**CRICOS code:** 037543G

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Associate Professor Werner Enderle

### Professional Recognition

This degree meets the requirements for membership of The Institution of Engineers, Australia. It is also professionally recognised by many international professional institutions.

### Optional Pathway

Subject to normal course entry rules students may transfer internally from the QUT Bachelor of Engineering (Electrical and Computer Engineering) course to this degree after the completion of the first year full-time if they have obtained a sufficiently high grade point average that will meet the course cut-off for that year.

### Minors

Subject to the approval of the course coordinator, students in this course may gain a minor in Systems Engineering by choosing the same group project through the Aerospace Design units and the final year project providing they comply with Systems Engineering principles.

### Articulation to Masters

Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

### Full-time Course Structure

#### Year 1, Semester 1

EEB112 Electrical And Computer Engineering 1  
 EEB130 Introduction To Avionics  
 PCB136 Engineering Physics 1C  
 MAB131 Engineering Mathematics 1A

or

MAB180 Engineering Mathematics 1

#### Year 1, Semester 2

BNB007 Professional Studies 1  
 CEB109 Engineering Mechanics 1  
 EEB212 Electrical And Computer Engineering 2  
 MAB132 Engineering Mathematics 1B

#### Year 2, Semester 1

EEB312 Analog And Digital Electronics  
 EEB340 Introduction To Telecommunications  
 MAB134 Electrical Engineering Mathematics 3  
 MMB251 Aerodynamic Principles

#### Year 2, Semester 2

EEB412 Advanced Electronics And Embedded Systems  
 EEB435 Classical Flight Control Systems  
 EEB440 Classical Signal Processing  
 MAB135 Electrical Engineering Mathematics 4

#### Year 3, Semester 1

EEB512 Industrial Electronics And Digital Design  
 EEB535 Modern Flight Control Systems  
 EEB560 Digital Communications  
 EEB585 Aerospace Systems Design

#### Year 3, Semester 2

EEB612 Software Systems Design  
 EEB640 Digital Signal Processing  
 EEB641 Fields Transmission And Propagation  
 EEB685 Advanced Aerospace Design

#### Year 4, Semester 1

EEB760 Aerospace Radio And Radar Systems  
 EEB781 Professional Studies 2  
 EEB782-1 Aerospace Project  
 Elective Unit 1

#### Year 4, Semester 2

EEB782-2 Aerospace Project  
 EEB860 Navigation Systems For Aircraft And Space  
 General Elective  
 Elective Unit 2

Students in this course must complete 60 days industrial experience before graduating. An additional 10 days specialist industrial experience must be obtained in the aerospace avionics industry.

#### Special Avionics Electives

EEB831 Military Combat Electronics

EEB832 Space Flight Dynamics  
 EEB834 Satellite Applications

## ■ Bachelor of Engineering (Civil) (CE44)

**Award title:** Bachelor of Engineering (Civil)

**CRICOS code:** 037544G

**Location:** Gardens Point

**Course duration (full-time):** 4 years

**Course duration (part-time):** 6-8 years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Martin Murray

### International Student Entry

QUT advises that International Students may only enrol in full-time studies. Mid Year Entry International Students, commencing in July, please consult the School Administration Officer regarding your course structure.

### Professional Recognition

This degree is recognised for the purpose of membership of The Institution of Engineers, Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and The Institution of Engineers, Ireland.

### Other Options

This course is also offered as an accelerated program for mid-year entry students. The course can be completed in three and a half years full-time through attendance at the Summer Program. Please refer to the Mid-year entry course structure (CE45).  
 Environmental Engineering Major: Students may elect to enter the environmental major of the course at the end of Year 3.

### Articulation to Master of Engineering Science

Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

### Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

### Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the Course Coordinator.

### Part-time Study

Prospective part-time students for this degree should be aware that they may need 9 to 12 hours release from their employment. Students wishing to enrol part-time must consult with the course coordinator regarding their enrolment.

### Course structure

#### Year 1 - Semester 1

CEB109 Engineering Mechanics 1  
 MMB131 Engineering Materials  
 PCB136 Engineering Physics 1C  
 MAB180 Engineering Mathematics 1  
 or

MAB131 Engineering Mathematics 1A

MAB180-must have Maths B, MAB131-must have Maths C

Students who do not have Maths B to consult with School Administration Officer

**Year 1 - Semester 2**

 CEB318 Structural Engineering 2  
 CEB319 Water Engineering  
 MAB138 Engineering Statistics and Numerical Methods

**Year 3 - Semester 2**

CEB320 Professional Studies 5 (Steel And Concrete Structure Design)  
 CEB322 Geotechnical Engineering 2  
 CEB321 Water And Wastewater Treatment  
 CEB323 Transport Engineering 1

**Year 4 - Semester 1**

CEB409 Professional Studies 6 (Civil Projects Design)  
 CEB411 Thesis Project A  
 CEB412 Project Engineering 2  
 Choose one Elective

**Year 4 - Semester 2**

CEB413 Structural Engineering 3  
 CEB414 Professional Studies 7(Capstone Project Design)  
 Choose one Elective  
 CEB415 Thesis Project B  
 OR  
 CEB411 Thesis Project A  
 or Elective for those who have completed CEB411  
 Subject to approval of the Course Coordinator  
 CEB412, CEB413, CEB414, CEB415 or electives may be substituted for a minor

**Course structure - Mid-year entry (CE45)**

**Year 1, Semester 2**

CEB109 Engineering Mechanics 1  
 MMB131 Engineering Materials  
 PCB136 Engineering Physics 1C  
 BNB007 Professional Studies 1  
 MAB180 Engineering Mathematics 1  
 or  
 MAB131 Engineering Mathematics 1A  
 Please note: MAB180-must have Maths B, MAB131-must have Maths C  
 Students not having Maths B, please consult School Admin Officer

**Year 1, Summer Program**

CEB110 Engineering Mechanics 2  
 CEB209 Geotechnical Engineering 1  
 or (which ever is timetabled for summer)  
 CEB217 Hydraulic Engineering 1

**Year 2, Semester 1**

CEB207 Professional Studies 2  
 CEB208 Materials Science  
 CEB213 Environmental Science  
 EEB112 Electrical And Computer Engineering 1  
 MAB132 Engineering Mathematics 1B

**Year 2, Semester 2**

Program is the same as CE44 entry hereafter

**Note:**

Mid-Year Entry International Students please consult the School Administration Officer regarding your course structure.

**Electives**

**Semester 1**

CEB416 Environmental Law And Assessment  
 CEB507 Finite Element Methods  
 CEB508 Transport Engineering 1  
 CEB509 Project Management And Administration

CEB517 Advanced Engineering Studies  
 CEB523 Environmental Geotechnology

**Semester 2**

CEB418 Waste Resource Management  
 CEB513 Advanced Construction Practice  
 CEB514 Project Control  
 CEB516 Masonry Design  
 CEB517 Advanced Engineering Studies  
 CEB518 River And Coastal Engineering  
 CEB522 Geotechnical Engineering Practice  
 With approval from the Course Coordinator students may be permitted to enrol in one elective unit from other QUT faculties

**Course structure - Environmental Major**

**Years 1, 2 and 3**

See Year 1, 2 and 3 of full-time CE44 course structure

**Year 4 - Semester 1**

CEB409 Professional Studies 6 (Civil Projects Design)  
 CEB411 Thesis Project A  
 CEB416 Environmental Law And Assessment  
 CEB523 Environmental Geotechnology

**Year 4 - Semester 2**

CEB415 Thesis Project B  
 or  
 CEB411 Thesis Project A  
 or Elective for those who have completed CEB411  
 CEB417 Environmental Professional Studies  
 CEB418 Waste Resource Management  
 Choose one Environmental Elective  
 Subject to the approval of the Course Coordinator  
 CEB416, CEB418, CEB523 or Electives may be substituted for a minor

**■ Bachelor of Engineering (Computer Systems) (EE46)**

**Award title:** Bachelor of Engineering (Computer Systems)

**CRICOS code:** 040309C

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Vinod Chandran

**Career Outcomes**

Graduates will be employed as design engineers, software engineers, hardware engineers, computer system engineers, information systems engineers research and development engineers and project managers.

**Professional Recognition**

The course is provisionally accredited by The Institution of Engineers, Australia (IEAust).

**Other Requirements**

Students must complete at least 60 days industrial experience in order to graduate.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Articulation to Masters**

Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering

Science courses can then have these two units credited towards the Masters Program.

**Course structure**

**Year 1, Semester 1**

- ITB111 Software Development 1
- ITB114 Introduction to Network Technologies
- PCB136 Engineering Physics 1C
- MAB180 Engineering Mathematics 1  
OR
- MAB131 Engineering Mathematics 1A  
MAB180 Engineering Mathematics is to be taken by those students not obtaining a SA or better in Queensland Mathematics C (or equivalent).

**Year 1, Semester 2**

- BNB007 Professional Studies 1
- EEB213 Electrical Circuits And Measurements
- ITB112 Software Development 2
- MAB132 Engineering Mathematics 1B

**Year 2, Semester 1**

- EEB889/2 Project  
Elective Unit 3  
Elective Unit 4

**Elective Units**

Refer to Course Structure above for list of Electives.

**■ Bachelor of Engineering (Electrical and Computer Engineering) (EE41)**

**Award title:** Bachelor of Engineering (Electrical and Computer Engineering)

**CRICOS code:** 003490G

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Course duration (part-time):** 8 Years (February entry only)

**Course coordinator:** Dr Duncan Campbell

**Professional Recognition**

This degree meets the requirements for membership of The Institution of Engineers, Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Electrical Engineers, the Institution of Engineers of Ireland, the Institution of Professional Engineers, New Zealand and Professional Engineers Board Singapore.

**Other Options**

This course is also offered as an accelerated program (EE42) for mid-year entry students, in which the course can be completed in three and a half years full-time through attendance at the Summer Program.

**Industry Cooperative Education Program**

High achieving students at the commencement of third year will also be eligible to participate in the Industry Cooperative Education Program, based on a three-way partnership between the student, University and industry, and involving a full-time, one semester, paid and supervised workplace position with the industry partner.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for

course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

### Articulation to Masters

Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

### Industrial Experience

To graduate, students must complete at least 60 days industrial experience in an engineering environment which is approved by the Course Coordinator.

### Electives

At the discretion of the Course Coordinator students may be allowed to select an elective from advanced topics offered by the University. Also, potential honours students may, with the approval of the course coordinator, select one elective from the postgraduate degree courses offered by the School of Electrical and Electronic Systems Engineering.

### Part-time study

Prospective part-time students for this degree should be aware that they may need 9 to 12 hours release from their employment. Students wishing to enrol part-time must consult with the Course Coordinator regarding their enrolment.

### Course structure - Full-time

#### Year 1, Semester 1

CEB109 Engineering Mechanics 1  
 EEB112 Electrical And Computer Engineering 1  
 MAB180 Engineering Mathematics 1  
 OR  
 MAB131 Engineering Mathematics 1A  
 PCB136 Engineering Physics 1C

#### Year 1, Semester 2

 General Elective  
 Students must obtain at least 60 days of industrial experience in an engineering environment

approved by the course coordinator.

**Electives**

Refer to elective list under Full-time Course Structure.

**■ Bachelor of Engineering (Engineering Management and Information Systems) (ME43)**

**Award title:** Bachelor of Engineering (Engineering Management and Information Systems)

**CRICOS code:** 040311J

**Location:** Gardens Point

**Course duration (full-time):** 4 years

**Total credit points:** 384

**Course coordinator:** Dr Lin Ma

**Professional Recognition**

Professional accreditation will be sought from The Institution of Engineers, Australia (IEAust).

**Minors**

Subject to the approval for the course coordinator, students maybe able to choose a minor area of study. A minor is a collection of 4 units from one study area and totals 48 credit points. Students may choose from the list available from the Faculty Office.

**Articulation to Masters of Engineering**

Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

**Other course requirements**

Students in this course must complete 60 days approved industrial experience before graduating.

**Course structure**

**Year 1, Semester 1**

OR

MMB401 Project

**Electives - List A**

MMB478 Mechatronics Systems Design  
MMB382 Design And Maintenance Of Machinery  
MMB471 Computer Integrated Manufacturing  
MMB353 Tribology  
Any 12 cp unit approved by course coordinator

**Electives - List B**

MMB451 Energy Management  
MMB470 Engineering Asset Management And Maintenance  
MMB472 Design For Manufacturing 2  
ITB222 Business Systems Analysis  
ITB823 Web Sites For Electronic Commerce  
MEN units for articulation to the Master of Engineering  
Any 12 cp unit approved by the course coordinator.

**■ Bachelor of Engineering (Environmental Management) (CE46)**

**Award title:** Bachelor of Engineering (Environmental Management)

**CRICOS code:** 040310K

**Location:** Gardens Point

**Course duration (full-time):** 4 years

**Total credit points:** 384

**Course coordinator:** Dr Martin Murray

**Professional Recognition**

Professional accreditation will be sought from The Institution of Engineers, Australia (IEAust).

**Articulation to Masters of Engineering**

Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two units of the Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

**Other Options**

This course is also offered as an accelerated program for mid-year entry students. The course can be completed in three and a half years full-time through attendance at the Summer Program.

**Special Course Requirements**

A candidate for the degree of Bachelor of Engineering (Environmental Management) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the Course Coordinator.

**Minors**

Subject to the approval of the Course Coordinator, students may be able to chose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Course Structure**

**Year 1, Semester 1**

CEB109 Engineering Mechanics 1  
MMB131 Engineering Materials  
MAB180 Engineering Mathematics 1

or

MAB131 Engineering Mathematics 1A  
CEB213 Environmental Science

Please note: MAB180 - students must have Maths B.

MAB131 - students must have Maths C.

Students who do not have SA in Maths B, please consult School Admin Officer.

**Year 1, Semester 2**

BNB007 Professional Studies 1  
CEB110 Engineering Mechanics 2  
EEB112 Electrical And Computer Engineering 1  
MAB132 Engineering Mathematics 1B

**Year 2, Semester 1**

CEB207 Professional Studies 2  
CEB232 Geotechnical Engineering 1 And The Environment  
CEB230 Engineering Materials And The Environment  
PCB136 Engineering Physics 1C

**Year 2, Semester 2**

CEB215 Structural Engineering 1  
CEB217 Hydraulic Engineering 1  
CEB233 Environmental Professional Studies 3 (Impacts Of Projects And Sustainable Development)

MAB138 Engineering Statistics and Numerical Methods

**Year 3, Semester 1**

CEB317 Professional Studies 4  
CEB319 Water Engineering  
PSB435 Social And Cultural Relations  
CEB330 Environmental Management For Engineers

**Year 3, Semester 2**

CEB321 Water And Wastewater Treatment  
CEB322 Geotechnical Engineering 2  
CEB418 Waste Resource Management  
CEB419 Environmental Transport & Infrastructure Management

**Year 4, Semester 1**

CEB409 Professional Studies 6 (Civil Projects Design)

CEB420 Environmental Thesis A\* or Elective from list A if deferred to semester 2

CEB416 Environmental Law And Assessment  
\*Choose 1 Elective from the list A

**Year 4, Semester 2**

CEB420 Thesis A\* or Elective from list A

PSB443 Population And Urban Studies  
Elective list B  
Elective list B

\* CEB420 can be studied either semester

A minor from the Faculty of Built Environment and Engineering or Science can be substituted for 4 elective units in 4th year.

**Electives - List A Semester 1 (subject to availability)**

CEB523 Environmental Geotechnology

PSP501 Environmental Planning And Assessment

NRB300 Environmental Monitoring

NRB500 Environmental Modelling

NRB501 Mapping and Modelling of Natural Resource Data  
Or other units approved by the Course Coordinator

**Electives - List B Semester 2 (subject to availability)**

CEB415 Thesis Project B

CEB417 Environmental Professional Studies

PSB443 Population And Urban Studies

PSP453 Urban Systems And The Physical Environment

NRB400 Environmental Systems

NRB440 Environmental Chemistry

NRB600 Issues in Environmental Management

SCB402 Earth Resources Management

Or other units approved by the Course Coordinator

MAB134 Electrical Engineering Mathematics 3

MMB131 Engineering Materials

**Year 2, Semester 2**

EEB412 Advanced Electronics And Embedded Systems

MAB135 Electrical Engineering Mathematics 4

MMB252 Thermofluids

MMB476 Operations Management

**Year 3, Semester 1**

MMB371 Manufacturing Processes

Elective

**Year 3, Semester 2**

EEB411 Classical Control And Power Systems

ITB427 Concurrent And Distributed Systems

MMB212 Mechanics 2

MMB374 Design For Manufacturing 1

**Year 4, Semester 1**

EEB521 Digital Systems And Control

ITB847 Computational Intelligence for Control and Embedded Systems

MMB478 Mechatronics Systems Design

Elective

**Year 4, Semester 2**

MGB007 Engineering Management

MMB004 Infomechatronics Project

Students must complete 60 days Industrial Experience to graduate.

■ **Bachelor of Engineering (Infomechatronics) (ME40)**

**Award title:** Bachelor of Engineering (Infomechatronics)

**CRICOS code:** 003490G

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Prasad Yarlagadda

**Professional Recognition**

This course has received preliminary accreditation from The Institution of Engineers, Australia (IEAust).

**Special Course Requirements**

Students must obtain at least 60 days of industrial work experience in an engineering environment approved by the course coordinator.

**Articulation to Masters**

Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

EEB312 Analog And Digital Electronics

ITB851 Advanced Technical Computing

■ **Bachelor of Engineering (Mechanical) (ME41)**

**Award title:** Bachelor of Engineering (Mechanical)

**CRICOS code:** 003490G

**Location:** Gardens Point

**Course duration (full-time):** 4 years

**Course duration (part-time):** 6 to 8 years (February entry only)

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Andy Tan

**Professional Recognition**

This degree is recognised for the purpose of membership of The Institution of Engineers, Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. Graduates meet the requirements for membership of the Singapore Professional Engineers Board, and the Lembaga Jurutera (Board of Engineers) Malaysia. The course is also accredited by the Indonesian Directorate of Higher Education as equivalent to the appropriate Indonesian degree.

**Minors**

Subject to the approval of the Course Coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Articulation to Masters**

Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

### Part-time Study

Prospective part-time students for this degree should be aware that they may need 9 to 12 hours release from their employment. Students wishing to enrol part-time must consult with the Course Coordinator regarding their enrolment.

### Course structure

#### Year 1, Semester 1

CEB109 Engineering Mechanics 1  
MMB131 Engineering Materials  
PCB136 Engineering Physics 1C  
MAB180 Engineering Mathematics 1

or

MAB131 Engineering Mathematics 1A

#### Year 1, Semester 2

BNB007 Professional Studies 1

MAB132 Engineering Mathematics 1B  
MMB112 Dynamics

#### Year 2, Semester 1

EEB220 Electrical Engineering 2m  
MAB133 Engineering Mathematics 2  
MMB211 Mechanics 1  
MMB281 Fundamentals Of Mechanical Design

#### Year 2, Semester 2

MAB136 Engineering Statistics  
MMB212 Mechanics 2  
MMB232 Materials Technology  
MMB252 Thermofluids

#### Year 3, Semester 1

MMB311 Mechanics 3  
MMB352 Fluid Mechanics  
MMB371 Manufacturing Processes  
MMB381 Design Of Mechanical Components And Machines

#### Year 3, Semester 2

MGB007 Engineering Management  
MMB351 Thermodynamics  
MMB382 Design And Maintenance Of Machinery  
Elective from Group A

#### Year 4, Semesters 1 and 2

##### Option 1

MMB400 Industry Project  
3 electives from Group B and 1 elective from Group C

##### Option 2

MMB401 Project  
3 electives from Group B and 1 elective from Group C  
Students in this course must complete 60 days industrial experience before graduating.

#### Electives - Group A

MMB412 Finite Element Analysis  
MMB430 Advanced Materials  
MMB450 Air Conditioning  
MMB353 Tribology

#### Electives - Group B

MMB411 Advanced Automatic Control  
MMB413 Industrial Noise And Vibrations  
MMB451 Energy Management  
MMB461 Process Systems Design  
MMB471 Computer Integrated Manufacturing  
MMB472 Design For Manufacturing 2  
Any unit from another Faculty approved by the Course Coordinator.

#### Electives - Group C

MMB470 Engineering Asset Management And Maintenance  
or  
MMB476 Operations Management  
or  
Any Management unit approved by the Course Coordinator.

#### Electives Note

Not all electives are available every semester.  
MMB430 is available in odd years only, MMB450 is available in even years only.  
MMB451, MMB461, MMB472 and MMB470 are available in semester 1 only.  
MMB411, MMB413, MMB471 and MMB476 are available in semester 2 only.

MMB381 Design Of Mechanical Components And Machines

#### Year 3 - Semester 2

MGB007 Engineering Management  
MMB351 Thermodynamics  
MMB382 Design And Maintenance Of Machinery  
Group A - Elective

#### Year 4 - Semester 1 or 2 Option 1

MMB400 Industry Project  
3 Group B Electives  
1 Group C Elective

#### Year 4 - Semester 1 or 2 Option 2

MMB401/1 Project  
MMB401/2 Project  
3 Group B Electives  
1 Group C Elective

#### Group A Electives

MMB412 Finite Element Analysis  
MMB430 Advanced Materials  
MMB450 Air Conditioning  
MMB353 Tribology

#### Group B Electives

MMB411 Advanced Automatic Control  
MMB413 Industrial Noise And Vibrations  
MMB451 Energy Management  
MMB461 Process Systems Design  
MMB471 Computer Integrated Manufacturing  
MMB472 Design For Manufacturing 2  
Any unit approved by the Course Coordinator.

#### Group C Electives

MMB470 Engineering Asset Management And Maintenance  
MMB476 Operations Management  
Any management unit approved by the Course Coordinator.

#### Electives Note

See above, ME41 B Engineering (Mechanical), for semesters of offer.

## ■ Bachelor of Engineering (Mechanical) Conversion Program from Bachelor of Technology ME36 (ME41)

**Award title:** Bachelor of Engineering (Mechanical)

**Location:** Gardens Point

**Course duration (full-time):** 1.5 years

**Total credit points:** 144

**Course coordinator:** Dr Andy Tan

### Professional Recognition

This degree is recognised for the purpose of membership of The Institution of Engineers, Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. Graduates meet the requirements for membership of the Singapore Professional Engineers Board, and the Lembaga Jurutera (Board

of Engineers) Malaysia. The course is also accredited by the Indonesian Directorate of Higher Education as equivalent to the appropriate Indonesian degree.

### Course structure

#### Year 1, Semester 1

MAB133 Engineering Mathematics 2  
MMB311 Mechanics 3  
MMB352 Fluid Mechanics  
MMB381 Design Of Mechanical Components And Machines

#### Year 1, Semester 2

MAB136 Engineering Statistics  
MMB351 Thermodynamics  
MMB382 Design And Maintenance Of Machinery  
1 Elective

#### Year 2, Semester 1

MMB400 Industry Project  
OR

MMB401/1 Internal Project  
MMB401/2 Internal Project

## ■ Bachelor of Engineering (Medical) (ME48)

**Award title:** Bachelor of Engineering (Medical)

**CRICOS code:** 003490G

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Course coordinator:** Dr Timothy Barker

### Professional Recognition

This course is accredited by The Institution of Engineers, Australia (IEAust). Graduates are eligible to be graduate members of IEAust.

### Articulation to Masters

Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

### Industrial Experience

Students must obtain at least 60 days of industrial employment in an engineering environment approved by the course coordinator. Half of this experience must be in an industry related to Biomedical Engineering.

### Course structure

#### Year 1, Semester 1

LSB142 Human Anatomy and Physiology  
MMB191 Introduction To Engineering In The Medical Environment  
PCB136 Engineering Physics 1C  
MAB180 Engineering Mathematics 1  
or

MAB131 Engineering Mathematics 1A

#### Year 1, Semester 2

CEB109 Engineering Mechanics 1  
MAB132 Engineering Mathematics 1B  
MMB112 Dynamics  
MMB131 Engineering Materials

#### Year 2, Semester 1

HMB274 Functional Anatomy  
MAB133 Engineering Mathematics 2  
MMB211 Mechanics 1  
MMB281 Fundamentals Of Mechanical Design

#### Year 2, Semester 2

EEB112 Electrical And Computer Engineering 1  
MAB136 Engineering Statistics  
MMB252 Thermofluids  
MMB292 Biomaterials

#### Year 3, Semester 1

EEB220 Electrical Engineering 2m

MMB311 Mechanics 3  
MMB371 Manufacturing Processes  
MMB391 Biomechanical Engineering Systems

#### Year 3, Semester 2

MGB007 Engineering Management  
MMB362 Biofluids  
MMB392 Bioengineering Design 2  
PCB605 Biomedical Instrumentation

#### Year 4, Semester 1

MMB409/1 Project  
MMB470 Engineering Asset Management And Maintenance  
Elective from list A

#### Year 4, Semester 2

MMB409/2 Project  
MMB492 Health Legislation And The Medical Environment  
Elective from list B

#### Elective List A

MMB494 Rehabilitation Equipment Design And Evaluation  
PUB112 Workplace Health And Safety  
MMB353 Tribology  
Any other elective approved by the Course Coordinator.

#### Elective List B

MMB411 Advanced Automatic Control  
MMB412 Finite Element Analysis  
MMB496 Modelling And Simulation For Medical Engineers  
PCB805 Medical Imaging and Image Processing  
Any other elective approved by the Course Coordinator.

## ■ Bachelor of Engineering (Telecommunications) (EE47)

**Award title:** Bachelor of Engineering (Telecommunications)

**CRICOS code:** 040308D

**Location:** Gardens Point

**Course duration (full-time):** 4 years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Vinod Chandran

### Professional Recognition

The course is provisionally accredited by The Institution of Engineers, Australia (IEAust).

### Course Outline

Students study a combination of units from the School of Electrical and Electronic Systems Engineering, School of Computer Science and Software Engineering, School of Data Communication and the School of Mathematics. Telecommunication is an area undergoing explosive growth. Recent advances that have taken place in this area will soon enable global communication between people, anywhere, anytime.

### Other Requirements

Students must complete at least 60 days of industrial experience in order graduate.

### Articulation to Masters

Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

### Course structure

#### Year 1, Semester 1

ITB111 Software Development 1  
ITB114 Introduction to Network Technologies  
PCB136 Engineering Physics 1C  
MAB180 Engineering Mathematics 1  
OR  
MAB131 Engineering Mathematics 1A

MAB180 Engineering Mathematics is to be taken by those students not obtaining a SA or better in Queensland Mathematics C (or equivalent).

**Year 1, Semester 2**

BNB007 Professional Studies 1  
 EEB213 Electrical Circuits And Measurements  
 ITB112 Software Development 2  
 MAB132 Engineering Mathematics 1B

**Year 2, Semester 1**

EEB312 Analog And Digital Electronics  
 EEB340 Introduction To Telecommunications  
 ITB118 Systems Life Cycle  
 MAB134 Electrical Engineering Mathematics 3

**Year 2, Semester 2**

EEB412 Advanced Electronics And Embedded Systems  
 EEB440 Classical Signal Processing  
 ITB421 Software Development 3  
 MAB135 Electrical Engineering Mathematics 4

**Year 3, Semester 1**

EEB560 Digital Communications  
 EEB584 Introduction To Design  
 ITB524 Internetworking  
 General Elective

**Year 3, Semester 2**

EEB640 Digital Signal Processing  
 EEB641 Fields Transmission And Propagation  
 EEB684 Advanced Design  
 ITB527 Network Technologies

**Year 4, Semester 1**

EEB766 Communication Technologies  
 EEB781 Professional Studies 2  
 EEB889-1 Project  
 Elective Unit 1

**Year 4, Semester 2**

EEB889-2 Project  
 EEB960 Wireless Communications  
 Elective Unit 2  
 Elective Unit 3  
 Students must complete 60 days work experience before graduating.

**Elective Units**

EEB904 Advanced Topics In Electrical Engineering A  
 EEB941 Modern Signal Processing  
 EEB961 RF And Applied Electromagnetics  
 ITB442 Foundations Of Artificial Intelligence  
 ITB448 Object Technology  
 ITB458 Java And Extensible Programming  
 ITB463 Pattern Recognition  
 EEB905 Advanced Topics In Electrical Engineering B  
 EEB992 VLSI Circuits And Systems  
 EEP129 Image Processing And Computer Vision  
 ITB461 Foundations Of Neurocomputing

**■ Bachelor of Property Economics (CN54)**

**Award title:** Bachelor of Property Economics

**CRICOS code:** 040319A

**Location:** Gardens Point

**Course duration (full-time):** 4 years or 3 years for the early exit option

**Course duration (part-time):** 8 years or 6 years for the early exit option

**Total credit points:** 384, or 288 for 3 years early exit option

**Course coordinator:** Dr Lynne Armitage

**International Student Entry**

QUT advises that International Students may only enrol in full-time studies.

**Professional Recognition**

Graduates with relevant experience are eligible for membership of the Australian Property Institute and registration by the Valuers Registration Board of Queensland. The course is accredited by the Royal Institution of Chartered Surveyors and has been recommended for accreditation by the Singapore Institute of Surveyors and Valuers.

**Special Note**

Students may elect to complete their studies on the completion of 3 years (or flexible part-time equivalent). Students who select this option will graduate with a Bachelor of Applied Science (Property Economics) degree. This degree provides full domestic accreditation with the Australian Property Institute and Valuers Registration Board of Queensland. Students graduating on the four year program have the potential to graduate with honours according to their overall grade point average.

**Special course requirements**

All students must undertake 60 days' professional work experience during the course as part of CNB390 Professional Practice. All work experience is to be approved by the course coordinator to verify that it is appropriate. A work experience diary is to be maintained and available for inspection by the unit coordinator as a formal assessment component.

A student registered in the flexible or part-time study program must be employed full-time in an approved organisation for three of the final four years of the course. Part-time study generally involves around 8 formal contact hours per week and some release from employment is required.

**Flexible Mode**

Students may take up to 3 units per semester from the full-time timetable.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Course structure**

**Semester 1**

CNB190 Introductory Studies  
 CNB191 Property Law 1  
 BSB113 Economics  
 CNB192 Building Studies 1

**Semester 2**

EFB102 Economics 2  
 CNB193 Property Law 2  
 CNB194 Principles Of Property Valuation  
 MAB107 Introductory Mathematics and Statistics

**Semester 3**

CNB290 Building Studies 2  
 CNB291 Urban Economics  
 CNB292 Property Investment Valuation  
 CNB293 Real Estate Accounting And Taxation

**Semester 4**

EFB210 Finance 1  
 CNB294 Real Estate Agency And Marketing  
 CNB295 Planning Theory And Processes  
 CNB296 Contemporary Issues

**Semester 5**

CNB390 Professional Practice  
 CNB391 Statutory And Applied Valuation  
 EFB307 Finance 2

**Semester 6**

CNB392 Property Investment Analysis  
 CNB393 Property And Asset Management  
 CNB394 Property Development  
 CNB395 Research Methods

**Semester 7 & 8**

CNB490-1 Research Dissertation  
 CNB490-2 Research Dissertation  
 EFB202 Business Cycles And Economic Growth

Students must complete the 3 core units above plus ALL FIVE units from any one of the elective options below. All electives must be approved by the Course Coordinator prior to year 4 enrolment.

**Option 1- Valuation and Analysis**

EFB318 Portfolio And Security Analysis

CNB494 Advanced Market Research Analysis  
 CNB491 Rural Valuation  
 CNB492 Business And Specialist Valuation  
 CNB493 Advanced Property Valuation And Analysis

**Option 2 - Property and Asset Management**

CNB494 Advanced Market Research Analysis  
 EFB318 Portfolio And Security Analysis  
 CNB495 Strategic Property And Facilities Management  
 EFB326 Applied Portfolio Management  
 MGB207 Human Resource Issues And Strategy

**Option 3 - Development Management**

CNB496 Project Management  
 CNB497 Project Cost And Risk Management  
 CNB498 Project Human Resource Management  
 CNB499 International Project Development Management  
 EFB312 International Finance And Economics

**Option 4 - Faculty specified minor**

4 Faculty minor electives  
 Free choice elective

■ **Bachelor of Surveying (PS47)**

**Award title:** Bachelor of Surveying

**CRICOS code:** 016354J

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Course coordinator:** Mr Kevin Jones

**Professional Recognition**

Australia: The Bachelor of Surveying degree meets the requirements for membership of The Institution of Surveyors, Australia, and the Institute of Engineering and Mining Surveyors, Australia. The degree also satisfies the academic requirements of the Surveyors Board of Queensland as leading to registration and licensing as a Surveyor. The degree is recognised by the Mapping Sciences Institute, Australia, as satisfying academic membership requirements. Overseas: Surveying graduates are readily accepted internationally.

**Special Course Requirements**

Students must obtain at least 90 days of industrial experience/practice in a surveying/mapping environment, approved by the course coordinator. Students must submit a report or diary in the required format, describing the work carried out during the period of industrial experience/practice and including an Industrial Experience Record Form signed by the employer. Industrial Experience Record Forms are available from the School of Design and Built Environment, Level 5, D Block, Gardens Point Campus or the Faculty Industrial Experience Officer, Level 10, S Block, Gardens Point.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Course structure**

**Year 1, Semester 1**

MAB100 Mathematical Sciences 1A  
 PSB412 Computer Skills  
 PSB414 Professional Skills 1  
 PSB424 Land Science

**Year 1, Semester 2**

**■ Bachelor of Technology (Mechanical) Conversion Program (ME36)**

**Award title:** Bachelor of Technology (Mechanical)

**Location:** Gardens Point

**Course duration (part-time):** 3 Years

**Total credit points:** 288 (including 144 cp advanced standing)

**Course coordinator:** Dr Vladis Kosse

**International Study Entry**

QUT advises that International Students may only enrol in full-time studies. Prospective part-time students for this degree should be aware that they may need 9 to 12 hours release from their employment.

**Professional Recognition**

Preliminary accreditation has been granted by The Institution of Engineers, Australia (IEAust). Full recognition will be sought this year. When full recognition has been gained, graduates will be eligible for affiliate membership, providing them with official recognition as an engineering technologist. The three-year degree is recognised by the Singapore Institute of Engineering Technologists.

**Additional Information**

Candidates with an Advanced Diploma in Mechanical Engineering (or equivalent) or a relevant tertiary qualification (eg. Bachelor of Science or CAE Diploma in Mechanical Engineering) will receive credit of 144 credit points. Students will be automatically granted 144 credit points of academic credit towards their degree.

**Part-time Study**

Prospective part-time students for this degree should be aware that they may need 9 to 12 hours release from their employment.

**Course structure**

**Year 1, Semester 1**

MMB281	Fundamentals Of Mechanical Design
MMB371	Manufacturing Processes

**Year 1, Semester 2**

MAB132	Engineering Mathematics 1B
MMB112	Dynamics

**Year 2, Semester 1**

EEB220	Electrical Engineering 2m
MMB211	Mechanics 1

**Year 2, Semester 2**

MMB232	Materials Technology
MMB252	Thermofluids

**Year 3, Semester 1**

MGB207	Human Resource Issues And Strategy
MMB302	Project 2f

**Year 3, Semester 2**

MMB212	Mechanics 2
MMB312	Mechanical Measurement

**■ Advanced Diploma in Engineering (Civil)/Hons/Bachelor of Technology (Civil) (CE35)**

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Course coordinator:** Mr Bevan Boyce

**Course Outline**

This dual award is a cooperative arrangement between Southbank Institute of TAFE, the School of Engineering and the Faculty of Built Environment and Engineering, Queensland University of Technology. Initial entry is to a specially designed two year advanced diploma at SBIT, followed by a third year at QUT, to qualify for the Bachelor of Technology degree. In their second year students will study units from QUT, which form part of the Advanced Diploma and in third year study one module at SBIT toward their Bachelor of Technology degree.

**Professional recognition**

The course has provisional recognition by The Institution of Engineers, Australia.

**Course structure**

**Please Note:**

SBIT: 1st Trimester - February-May

2nd Trimester - June-July

3rd trimester - August-December

QUT: 1st Semester - February-July

2nd Semester - July-October

**Year 1, Trimester 1 - SBIT**

NBB012 Engineering Drawing Interpretation 1

EA061 Engineering Graphics

EA050 Engineering Computing

EA859 Statics

EB004 University Engineering Mathematics 1

EA860 Surveying Computations

EA861 Surveying Principles

NBB002 Occupation Health and Safety

**Year 1, Trimester 2 - SBIT**

NNM006 Computer Aided Drafting A - CAD A

EA804 Introductory Strength of Materials

EB005 University Engineering Bridging Mathematics 2

EA815 Drafting Steelwork 1

**Year 1, Trimester 3 - SBIT**

CEB319	Water Engineering
MAB138	Engineering Statistics and Numerical Methods

**Electives - Semester 2**

CEB321	Water And Wastewater Treatment
CEB322	Geotechnical Engineering 2
CEB323	Transport Engineering 1
CEB413	Structural Engineering 3

**■ Advanced Diploma in Engineering  
(Mechanical)/Bachelor of Technology  
(Mechanical) (ME37)**

**Award title:** Bachelor of Technology (Mechanical)

**Location:** Gardens Point

**Course duration (full-time):** 3 years

**Total credit points:** 288 (including 120 cp advanced standing)

**Course coordinator:** Dr Vladdis Kosse

**Additional Information**

This dual award is a cooperative arrangement between QUT, the Brisbane Institute of TAFE, Moreton Institute of TAFE and Yeronga Institute of TAFE. It is a specially designed course, offering a two year Advanced Diploma at the participating TAFE Institutes followed by a third year at QUT to qualify for a Bachelor of Technology degree. In their second year students will study units from both QUT and TAFE. Applicants must satisfy the entry requirements for the Advanced Diploma in Mechanical Engineering at the relevant TAFE.

**Professional Recognition**

Bachelor of Technology graduates are eligible for affiliate membership of The Institution of Engineers, Australia as Engineering Technologists.

**Course structure**

**Year 1-Trimester 1/Semester 1**

NNB02	Occupational Health & Safety
EA061	Engineering Graphics
EA050	Engineering Computing
EA011	Science
EB004	Uni Eng Bridging Maths 1
EB002	Maths A or
EA003	Maths B
EA064	Computer Aided Drafting A

**Year 1-Trimester 2/ Semester 2**

NNB06	Machining
NBB07	Hand & Power Tools
EA010	Material Science
EA701	Engineering Drawing Detail
EA859	Statics
EB005	Uni Eng Bridging Maths 2
EA065	Computer Aided Drafting B

**Year 1-Trimester 3/Summer Semester**

## OVERVIEW

Business is QUT's largest faculty, attracting over a quarter of the university's enrolments, and is also one of the largest business faculties in Australia.

Through various collaborations with industry and professional bodies, we are a key player in the business community with extensive local and international links.

We know what employers want in today's business graduates - because we ask them. We regularly involve representatives from the business community in the development and review of our courses. And we employ part time lecturers and tutors currently working in business.

As a student, you will be encouraged to undertake real-world projects to help you develop your own strong links. And you can take advantage of our extensive exchange program and our international study tours options.

This strong practical component of our courses is complemented by our academic excellence. The diversity of interests, experiences, and expertise of our locally and internationally drawn academic staff creates a rich learning and research environment.

We recognise that in the ever-changing world of business you need a solid foundation in business principles along with the flexibility to pursue studies in multiple areas. The Faculty has developed a range of innovative and collaborative programs.

You will graduate with the business acumen and entrepreneurial skills needed to turn any good idea into a successful enterprise within today's competitive international environment. And you will be able to anticipate the business challenges and opportunities of the future.

### Undergraduate

Our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. Choose from majors in:

- Accountancy
- Advertising
- Banking & Finance
- Economics
- Electronic Business
- Human Resource Management
- International Business
- Management
- Marketing
- Public Relations

Having nominated a major, you can then pursue your chosen discipline in more depth, or add a particular flavour or emphasis. You can add units from other faculties within QUT. We also offer a number of double degree options.

### Postgraduate

There are many reasons for considering postgraduate study. Whether you're looking for career advancement, a change in career direction, personal development, or research opportunities we can help you with postgraduate studies to suit your needs. Choose from

- Honours
- Graduate Certificate
- Graduate Diploma
- Masters (Coursework & Research)
- MBA
- PhD

### Coursework Programs

Our flexible postgraduate programs allow you to expand on your existing qualifications or expertise through study in a different field. For non-degree holders, we offer alternative pathways that build on your work experience.

You can choose from a focused, four-subject Graduate Certificate to a 12-subject coursework Masters qualification in

- Accountancy
- Advertising
- Applied Finance
- Arts & Cultural Management
- Banking & Finance
- Business Administration
- Business & Taxation Law
- Commerce
- Economics
- Electronic Business
- Human Resource Management
- Integrated Marketing Communication
- International Business
- Management
- Marketing
- Philanthropy & Nonprofit studies
- Public Management
- Public Relations

### Innovative MBA Programs

We also offer arguably Australia's most innovative MBA, which was recently listed by the prestigious regional business magazine, *Asia Week*, as one of the highest ranking programs in the country.

In 2001, we launched the Executive MBA, an intensive, flexibly delivered program designed for Senior Executives, Managing Directors, COOs, and CEOs that culminates in a ten day study tour to China. And we also introduced double degree options, allowing you to add a Masters of Information Technology or a Masters of Applied Finance to your MBA qualification.

### Extensive Research Opportunities

As well as being highly respected for the quality of our postgraduate coursework teaching, the Faculty also provides extensive research opportunities.

Our research focuses on finding solutions to real-world problems. And, again, we collaborate with industry whenever possible to ensure our research programs stay relevant and timely.

We also offer professional development programs, and contract research and consultancy services. And because we believe in giving something back to the community, our staff - individually and in groups - engage in a wide range of community service activities.

We are a business faculty for the real world.

## SENIOR STAFF

### Faculty Office

*Dean:* Professor Sandra Harding, BSc(Hons) ANU, MPubAdmin Qld, PhD North Carolina State, FAICD, FAIM

*Assistant Dean/Director of Graduate Studies:* Associate Professor Jennifer Radbourne, CertT BA MA PhD Qld, LSDA (Aust), ATCL (Lond)

*Director of Research & Development:* Professor Neal Ryan, BSc MSc MPhil PhD Griff.

*Director of Undergraduate Studies:* Andrew Paltridge, BEc(Hons) Qld MEcSt Qld GradCert(HigherEd) Griff.

*Academic Services Manager:* Ms Margie Cole, BEc Tas CAICD

### Brisbane Graduate School of Business

### School of International Business

*Head (Acting):* Mr Tom Cronk, BA(Hons) *Qld* MA *Lond* GDBA *QUT*

*Professors:*

W. Renforth, AB *Rollins College*, MBA *Crummer*, MS, MBA *DBA Indiana*

## RESEARCH CENTRES

### Australian Centre for Business Research

The Australian Centre for Business Research, established from 2003, is the single Faculty Research Centre within the Faculty of Business, under which all research activities across the Faculty, is consolidated. The Centre aims to develop a vibrant research community that achieves excellence in targeted areas of business research and supports collaborative, cross-disciplinary and new research to inform and serve business, industry, government and the community.

The Centre currently supports four Large Research Programs, which undertake large scale, high profile research:

- Applied Modelling in Economics and Finance Research Program;
- Service Leadership and Innovation Research Program;
- Work Effectiveness Research Program; and
- Work and Industry Futures Research Program

The Centre supports all postgraduate research study undertaken within the Faculty.

*Director:* Professor Neal Ryan, BSc, MSc, MPhil, PhD *Griff.*

### Centre for Philanthropy and Nonprofit Studies

The Centre for Philanthropy and Nonprofit Studies was established in 2001 as a QUT Collaborative Centre, and aims to bring to the community the benefits of teaching, research, technology and service relevant to philanthropic and nonprofit communities.

The Centre builds on the work of the Program on Nonprofit Corporations (PONC) established in the School of Accountancy within the Faculty of Business in 1991. Between 1991 and 2001, the Program involved various QUT staff in research, consultancy and community service in the areas of law, tax, management, marketing, fundraising and ethics of nonprofit and philanthropic organisations.

*Director:* Professor Myles McGregor-Lowndes, BA, LLB *Qld*, MAdmin, PhD *Griff*, JP, Solicitor of Supreme Court of Queensland and High Court of Australia

## ■ Master of Applied Finance (BS98)

**Award title:** Master of Applied Finance

**CRICOS code:** 027283F

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne

**Discipline coordinator:** Mr Mark Christensen

### Entry requirements

An undergraduate degree from an area other than finance from a recognised tertiary institution, or equivalent qualification. A limited number of places are available for those who have successfully completed a Graduate Certificate in Business with a major in finance, or the equivalent of a postgraduate diploma in finance offered by a professional organisation. Applicants without formal tertiary qualifications but with extensive and/or relevant employment experience may be considered for special entry but will first complete the Graduate Certificate in Business (Finance).

### Course Design

Students must complete twelve units (144 credit points).

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution will be undertaken in conjunction with and on approval of the Director of Graduate Studies.

### Professional Recognition

Provided a marketing unit is taken as an elective, or has been undertaken in another course, this course meets the educational requirements for Senior Associate status of the Australasian Institute of Banking and Finance - AAIBF(Snr). Graduates may meet the educational requirements for professional membership of the Finance and Treasury Association.

### Course structure - Full-time

#### Year 1, Semester 1

EFN405 Managerial Economics  
EFN406 Managerial Finance  
MGN409 Introduction To Management  
Elective unit

#### Year 1, Semester 2

EFN413 Securities Law  
EFN414 International Finance  
EFN415 Security Analysis  
Elective unit

#### Year 2, Semester 1

BSN404 Project 1  
EFN412 Advanced Managerial Finance  
EFN416 Treasury and Portfolio Management  
EFN505 Financial Risk Management  
Electives may be chosen from available Faculty of Business postgraduate units, subject to approval.

### Course structure - Part-time

#### Year 1, Semester 1

EFN405 Managerial Economics  
EFN406 Managerial Finance

#### Year 1, Semester 2

EFN414 International Finance  
EFN415 Security Analysis

#### Year 2, Semester 1

EFN412 Advanced Managerial Finance  
MGN409 Introduction To Management

#### Year 2, Semester 2

EFN413 Securities Law  
Elective Unit

#### Year 3, Semester 1

EFN505 Financial Risk Management  
Elective Unit

#### Year 3, Semester 2

BSN404 Project 1  
EFN507 Advanced Capital Budgeting  
Or  
EFN416 Treasury and Portfolio Management  
Electives may be chosen from available Faculty of Business postgraduate units, subject to approval.

## ■ Master of Business Administration (Major) (GS38/GS97)

**Award title:** Master of Business Administration (Study Area A)

**Location:** Gardens Point

**Course duration (full-time):** 4 Semesters

**Course duration (part-time):** 8 Semesters. Alternatively, the course may be undertake part-time over a period of up to 6 yrs.

**Total credit points:** 192

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Ann Hatcher, MBA Director

### Entry Requirements

To be considered for the MBA program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

Admission into the program is based on a points system that considers a range of criteria including management experience, tertiary qualifications and GMAT/or equivalent test score.

For a more detailed explanation of entry requirements go to [www.bgsb.qut.edu.au](http://www.bgsb.qut.edu.au)

### Course Design

The MBA (major) consists of 16 core units of 6 credit points each and further 96 credit points of electives, which may be either 6 or 12 credit point units. This will allow students to amass a major (60 credit points) in a particular study area.

In line with other leading business schools, BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

### Course structure

#### Core Units

GSN401 Managing In The Global Business Environment  
GSN402 Strategic Use Of Information Technology  
GSN403 Understanding Data  
GSN404 Financial Statements Analysis 1  
GSN405 Strategic Management  
GSN406 Human Resource Management Issues  
GSN407 Business Communication  
GSN408 Fundamentals of Marketing Management  
GSN409 Organisational Behaviour 1  
GSN410 Entrepreneurship  
GSN411 Economics Of Strategy 1  
GSN412 Business Law 1  
GSN413 Financial Management 1  
GSN414 Business Conditions Analysis 1  
GSN415 Leadership 1  
GSN416 Business Plans 1

#### MAJORS

##### Accounting

Core Units:  
GSN404 Financial Statements Analysis 1  
Required Units:  
GSN427 Financial Statements Analysis 2

Electives:  
 AYN414 Cost Accounting  
 AYN417 Financial Accounting 2  
 AYN418 Financial Accounting 3  
 AYN424 International Accounting  
 AYN439 Management Accounting  
 AYN443 Electronic Commerce Cycles  
 Students must ensure that prerequisite requirements are fulfilled.

**Economics**

Core Units:  
 GSN411 Economics Of Strategy 1  
 GSN414 Business Conditions Analysis 1  
 Required Units:  
 GSN421 Economics Of Strategy 2  
 GSN424 Business Conditions Analysis 2  
 Electives:  
 GSN451 Contemporary Issues In The International Political Economy  
 GSN453 Economics Of Health & Health Care

**■ Master of Business Administration/Master of Applied Finance (BS97)**

**Award title:** Master of Business Administration/Master of Applied Finance

**CRICOS code:** 037552G

**Location:** Gardens Point

**Course duration (full-time):** 5 semesters

**Course duration (part-time):** 10 semesters

**Total credit points:** 240

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Hatcher for BGSB; Dr Jennifer Radbourne (Director of Graduate Studies)

**Discipline coordinator:** Mr Mark Christensen for School of Economics and Finance

**Entry requirements**

A minimum of an undergraduate degree from a recognised tertiary institution, two years' managerial experience and a GMAT test score of 550 or higher (or equivalent). Individual entry requirements will vary depending on the amount of managerial and related work experience, level of tertiary qualifications and/or GMAT score.

For the Master of Applied Finance component, an undergraduate degree from an area other than finance from a recognised tertiary institution, or equivalent qualification.

To be considered for the MBA program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- IELTS score of greater than or equal to 6.5, or
- IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

**Course Design**

The structure of the MBA/MAppFin program is demonstrated in the attached table. Note that this is only one of many paths through the double MBA/MAppFin program, since not all core and elective units are offered every teaching period and students

will need to exercise forward planning, particularly to ensure that they take Finance electives when they are offered and postpone MBA core units to later semesters. Students should seek the advice of BGSB Student Services or the School of Economics and Finance on unit sequencing.

Note that BGSB units are 6 credit points and 7 weeks in duration, some being held during the first half of semester, and others being held during the second half of semester. School of Economics and Finance units are 12 credit points and 13 weeks in duration, being held for the entire duration of semester.

### Professional Recognition

Provided a marketing unit is taken as an elective, or has been undertaken in another course, this course meets the educational requirements for Senior Associate status of the Australasian Institute of Banking and Finance (AAIBF-Snr). Graduates may also meet the educational requirements for professional membership of the Financial and Treasury Association.

### Course structure

#### Semester 1, first half

GSN401 Managing In The Global Business Environment  
 GSN407 Business Communication  
 GSN408 Fundamentals of Marketing Management  
 GSN410 Entrepreneurship

#### Semester 1, second half

 EFN507 Advanced Capital Budgeting

#### Semester 5 (both halves)

BSN404 Project 1  
 EFN505 Financial Risk Management  
 EFN elective unit  
 EFN elective unit

### MBA Concentrations and Minors

Students are required to undertake 30cp elective units in one or more of the following MBA concentration and/or minor areas other than in Finance.

Concentrations (36 credit points) and minors (24 credit points) are available in the areas listed below:

#### Accounting

Minor  
 Core Units:  
 GSN404 Financial Statements Analysis 1  
 Required Units:  
 GSN427 Financial Statement Analysis 2  
 Electives (Choose 12cp from the list below)  
 Concentration  
 Core Units:  
 GSN404 Financial Statements Analysis 1

Required Units:  
 GSN427 Financial Statement Analysis 2  
 Electives (Choose 24cp from the list below)  
 Elective List:  
 AYN414 Cost Accounting  
 AYN417 Financial Accounting 2  
 AYN418 Financial Accounting 3  
 AYN424 International Accounting  
 AYN439 Management Accounting  
 AYN443 Electronic Commerce Cycles  
 \*Students must ensure prerequisite requirements are fulfilled

#### Arts & Cultural Management

Minor  
 Electives (Choose 24cp from the list below)  
 Concentration  
 Electives (Choose 36cp from the list below)  
 Elective List:  
 GSN225 Business Development In Creative Industries  
 GSN226 Arts Policy And Strategy  
 GSN228 Marketing Arts And Culture  
 GSN227 Arts And Cultural Management  
 GSN232 Fundraising Principles

#### Business Communication

Minor  
 Core Unit:  
 GSN407 Business Communication  
 Required Unit:  
 GSN417 Effective Advocacy For Managers  
 Elective (Choose 12cp from the list below)  
 Concentration  
 Core Unit:  
 GSN407 Business Communication  
 Required Unit:  
 GSN417 Effective Advocacy For Managers  
 Elective unit (Choose 24cp from the list below)  
 Elective List:  
 GSN457 Organisational Communication And Influence  
 GSN458 Intercultural Business Communication

## ■ Master of Commerce (BS94)

**Award title:** Master of Commerce

**CRICOS code:** 020304G

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne

**Discipline coordinator:** Ms Lynn Gallagher (Accountancy; Business and Taxation Law; Electronic Business). Mr Peter Whelan (Banking and Finance)

### Entry requirements

An undergraduate business degree with a major in accountancy or banking and finance from a recognised tertiary institution.

### Course Design

Students are required to complete 12 units (144 credit points). This may comprise of 12 coursework units, or a combination of coursework units and up to 24 credit points in projects (BSN404 Project 1, BSN405 Project 2 - 12 credit points each) or a 24 credit point research project (BSN409 Research Project). A minimum of ten units (120 credit points) must be selected from the five lists. Up to two postgraduate units (24 credit points) offered within QUT or elsewhere may be selected as electives, subject to the approval of the Discipline Coordinator. Please note that BS89 Master of Business (Professional Accounting) units are not normally available to BS94 students.

Prior approval to undertake any BS89 units must be obtained from the Discipline Coordinator.

### Professional Recognition

Graduates may meet the educational requirements for the professional level membership of the FTA-CFTA (the Finance and Treasury Association Ltd - Certified Finance & Treasury Professional). Graduates require a minimum of four finance, treasury, risk management or investment management units (this may include one accounting and taxation and one finance law unit).

### Exemptions

Once enrolled in this course, students may claim exemptions for specified units completed at QUT or other tertiary institutions. Students enrolled in the postgraduate programs are eligible for exemptions up to a limit of half the scheduled units. Exemptions may be granted for professional year or CA studies completed with the Institute of Chartered Accountants in Australia and CPA studies completed with CPA Australia.

### Projects

Students who choose to complete one or more projects must comply with the following:

- BSN404 and/or BSN405  
Students who elect to undertake one or both of these 12 credit point Project units must identify a supervisor and have a topic approved by the supervisor prior to enrolment in the unit.
- BSN409  
Students who elect to complete the 24 credit point Research Project must complete either BSN506 Econometric Methods or BSN507 Research Methods as a prerequisite to enrolment in BSN409 Research Project. The project should reflect the application of theoretical analysis or problem solving in Accountancy, Banking and Finance, Business and Taxation Law or Electronic Business. Students are advised to seek a topic, and to approach a supervisor, early in their program and to obtain the instruction guide on project presentation. The project topic proposal must be presented at a seminar to Faculty staff in the semester prior to enrolling in the project. The project will be regarded as the equivalent of six formal

contact hours per week (24cp). This unit is studied in one semester.

### Course structure

#### Accountancy Units

AYN413	Computer Auditing
AYN424	International Accounting
AYN430	Managerial Accounting Issues A
AYN432	Public Sector Accounting Issues
AYN433	Special Topic In Accounting A

BSN404	Project 1 AND/OR
BSN405	Project 2

A maximum of 24 credit points for projects may be selected

## ■ Master of Entrepreneurship and Innovation (GS25/GS37)

**Award title:** Master of Entrepreneurship and Innovation

**CRICOS code:** 043122A

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters. The course must be completed within a maximum time period of five years.

**Course duration (part-time):** 6 semesters. The course must be completed within a maximum time period of five years.

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Hatcher

### Entry Requirements

To be considered for the program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

Admission into the program is based on a points system that considers a range of criteria including management experience, tertiary qualifications and GMAT/or equivalent test score.

For a more detailed explanation of entry requirements go to [www.bgsb.qut.edu.au](http://www.bgsb.qut.edu.au)

### Overview

The Entrepreneurship and Innovation courses are designed to equip potential entrepreneurs and corporate entrepreneurs with the necessary knowledge and management and technical skills to successfully commercialise new technology and pursue career success as a manager within the private and/or public sectors within Australia and/or internationally.

The courses combine postgraduate business (MBA) coursework with postgraduate coursework in the field of the new technology that a student wishes to commercialise. Students may enter the program with a new technology in mind, or alternatively they might select a technology to commercialise as they proceed through the program.

### Course Design

Students must complete 11 core and 7 required units, of 6 credit points each from the MBA (Entrepreneurship) program, plus 36 credit points of masters level coursework units in a subject area pertaining to a proposed technology innovation.

Students must obtain approval from the MBA Director before undertaking particular elective units. In all cases students will need to convince the MBA Director that the electives chosen are related to the proposed new venture.

The MBA units require the development of strategic, marketing, and financial plans for a new venture prior to the completion of a formal business plan.

The program is inherently flexible in that units may be taken in a variety of possible sequences, depending on student interest, and availability of the technology units in any given semester. Note that core or elective units may be taken in earlier or later teaching periods (if pre-requisites are respected) to accommodate the schedule of offering for a particular unit/s.

### Advanced Standing

Applicants who have already completed a Masters or Doctoral Degree in their technology area may be awarded up to 36 credit points of prior study upon admission to the Master of Entrepreneurship and Innovation program for relevant postgraduate technology units taken within the past five years.

### Course structure

#### Core Units

GSN401	Managing In The Global Business Environment
GSN402	Strategic Use Of Information Technology
GSN404	Financial Statements Analysis 1
GSN405	Strategic Management
GSN408	Fundamentals of Marketing Management
GSN410	Entrepreneurship
GSN412	Business Law 1
GSN413	Financial Management 1
GSN415	Leadership 1
GSN416	Business Plans 1

#### Required Units

GSN418	Marketing Strategy Development
GSN420	New Venture Strategy
GSN426	Business Plans 2
GSN427	Financial Statement Analysis 2
GSN429	Marketing Planning
GSN430	New Venture Resourcing
GSN460	Creative Problem Solving

#### Elective Units

Students undertake 36 credit points of masters level coursework units in a subject area pertaining to a proposed technology innovation, approved by the Course Coordinator

## ■ Master of Entrepreneurship and Innovation/Master of Business Administration (GS29)

**Location:** Gardens Point

**Course duration (full-time):** 5 semesters. The course must be completed within a maximum time period of seven years.

**Course duration (part-time):** 10 semesters. The course must be completed within a maximum time period of seven years.

**Total credit points:** 240

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Hatcher

### Entry Requirements

To be considered for the program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

### Overview

The Entrepreneurship and Innovation courses are designed to equip potential entrepreneurs and corporate intrapreneurs with the necessary knowledge and management and technical skills to successfully commercialise new technology and pursue career success as a manager within the private and/or public sectors within Australia and/or internationally.

The courses combine postgraduate business (MBA) coursework with postgraduate coursework in the field of the new technology that a student wishes to commercialise. Students may enter the program with a new technology in mind, or alternatively they might select a technology to commercialise as they proceed through the program.

### Course Design

Students must complete 16 core and 7 required units, of 6 credit points each from the MBA (Entrepreneurship) program, 36 credit points of masters level coursework units in a subject area pertaining to a proposed technology innovation plus a further 66 credit points of postgraduate business elective units.

Students must obtain approval from the MBA Director before undertaking particular elective units. In all cases students will need to convince the MBA Director that the electives chosen are related to the proposed new venture.

Students may enrol simultaneously or sequentially in the Master of Entrepreneurship and Innovation and the MBA program and complete both awards in a minimum of five semesters full time.

The postgraduate coursework in a technology field may be at the Masters level or higher, depending on the prior degrees already held by the individual.

### Advanced Standing

Applicants who have already completed a Masters or Doctoral Degree in their technology area may be awarded up to 36 credit points of prior study upon admission to the Master of Entrepreneurship and Innovation program for relevant postgraduate technology units taken within the past five years.

**Course structure**

**Core Units**

- GSN401 Managing In The Global Business Environment
- GSN402 Strategic Use Of Information Technology

**Elective Units**

Students undertake 66 credit points of postgraduate business elective units

**Technology Innovation Units**

Students undertake 36 credit points of masters level coursework units in a subject area pertaining to a proposed technology innovation, approved by the Course Coordinator

**Master of International Business (BS66)**

**Award title:** Master of International Business

**Location:** Gardens Point

**Course duration (full-time):** 4 semesters

**Course duration (part-time):** 8 semesters. A full-time component is required.

**Total credit points:** 192

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Associate Professor Jennifer Radbourne

**Discipline coordinator:** Gary Chittick

**Entry Requirements**

The equivalent of a three year bachelor degree in business with a GPA of 4 or above (on a 7 point scale) OR

The equivalent of a three year bachelor degree in a non-business area with a GPA of 4 or above (on a 7 point scale) with internationally oriented studies relevant to international business or work experience in an international business context, subject to the approval of the course coordinator.

In addition, international students must demonstrate English language proficiency and must meet one of the following:

- IELTS - overall band score of 6.5 with no sub-band score below 6.0
- TOEFL - 575 (paper-based) or 230 (computerised);
- Written documentary evidence that tertiary studies were conducted entirely in English.

**Overview**

The Master of International Business is designed to prepare the globally oriented and internationally capable business professional. It comprises three essential features: a core of units dedicated to developing international knowledge and skills; an international business practicum of 3 to 4 months providing overseas in-country work experience; and electives allowing further study of business disciplines and/or languages. The prolonged experiential learning activities of the international business practicum, of the Master of International Business represent one of the distinguishing features of the new course

explicitly dealing with the development of professional and international business competencies.

Graduates of the Master of International Business have career opportunities and roles in a variety of business settings including multinational enterprises, smaller firms operating across borders, government agencies and consulting firms that serve international companies.

**Course Design**

All students must complete 192 credit points consisting of eight core units (96 credit points) including two and only two regional study units, four elective units (48 credit points) or equivalent of postgraduate studies approved by the Course Coordinator, and an International Business Practicum (48 credit points).

Students are strongly advised to select electives from the same discipline area of study. Students will need to satisfy the prerequisite requirement, if any, of the electives in the discipline areas. Electives may include language, regional studies and project units, with a maximum of twenty-four credit points of project units.

The Course Coordinator may allow an elective to be substituted for a core unit of the Graduate Diploma and Masters programs if the student has successfully completed the equivalent of at least 24 credit points of prior undergraduate study at an intermediate level or above in that core subject area.

**Special pre-requisite conditions for the International Business Practicum (IBP)**

Enrolment in the IBP is subject to the approval of the Course Coordinator. Application and selection procedures apply to internships and field study units. The timing and duration of the IBP may not coincide with the standard teaching semester. The Faculty of Business will provide international business practicum opportunities, but it remains the students responsibility to satisfy the conditions and meet the resource requirements for securing and successfully completing the practicum. There may be additional expenses, visa requirements and risks involved in undertaking the IBP. The IBP will not be available until Semester 1, 2004. It is available only for students who have been enrolled for at least the equivalent of two semesters of full-time study in the MIB prior to undertaking the IBP and who have commenced the process of selection for the IBP at least six months prior to undertaking the IBP.

The Faculty of Business reserves the right to change the format and timing of the International Business Practicum, should conditions require such change.

**Suggested Full-time Course Structure**

**Year 1, Semester 1**

- IBN408 Global Business Operations
- IBN409 Negotiating Across Borders  
Regional Study Unit(s)  
And/or  
Elective Unit

**Year 1, Semester 2**

- EFN417 An Introduction To International Finance
- IBN410 International Logistics Management
- IBN421 Marketing Internationally  
Regional Study Unit  
Or  
Elective Unit

**Year 2, Semester 1**

- International Business Practicum  
(Timing and duration may not coincide with the standard teaching semester)

**Year 2, Semester 2**

- MGN423 Contemporary Strategic Analysis  
Elective Unit  
Or  
Regional Studies Unit  
Elective Unit  
Elective Unit

Note that this is a suggested structure. Students who wish to undertake a different path should seek advice from the School of International Business.

### Suggested Part-time Course structure

#### Year 1, Semester 1

IBN408 Global Business Operations  
 IBN409 Negotiating Across Borders

#### Year 1, Semester 2

EFN417 An Introduction To International Finance  
 IBN410 International Logistics Management

#### Year 2, Semester 1

 Or  
 Elective Unit

IBN421 Marketing Internationally

#### Year 2, Semester 2

MGN423 Contemporary Strategic Analysis  
 Regional Study Unit  
 Or  
 Elective Unit

#### Year 3, Semester 1

International Business Practicum  
 (Timing and duration may not coincide with the standard teaching semester. A full-time component will be required.)

#### Year 3, Semester 2

Regional Study Unit  
 Elective Unit

#### Year 4, Semester 1

Elective Unit  
 Elective Unit

Note that this is a suggested structure. Students who wish to undertake a different path should seek advice from the School of International Business.

### Regional Study Units

Students choose two units from the following:

IBN403 Business In Asia  
 IBN404 Business In Europe  
 IBN435 Business In Australia

### International Business Practicum

Students choose one of the following:

International Business Internship  
 IBN412 International Business Internship  
 Or

International Field Studies comprising:

IBN411 International Business Field Study  
 And

24 credit points from the following list:

BSN404 Project 1  
 BSN405 Project 2  
 BSN406 Project  
 IBN426 Special Topic - International Business  
 Elective Unit

Note: Special conditions apply for IBN412 and IBN411

## ■ Master of International Business Studies (BS65)

**Award title:** Master of International Business Studies

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Associate Professor Jennifer Radbourne

**Discipline coordinator:** Mr Gary Chittick

### Entry Requirements

The equivalent of a three year bachelor degree in business with a GPA of 4 or above (on a 7 point scale) OR

The equivalent of a three year bachelor degree in a non-business area with a GPA of 4 or above (on a 7 point scale) with internationally oriented studies relevant to international business

or work experience in an international business context, subject to the approval of the course coordinator.

In addition, international students must demonstrate English language proficiency and must meet one of the following:

- IELTS - overall band score of 6.5 with no sub-band score below 6.0
- TOEFL - 575 (paper-based) or 230 (computerised);
- Written documentary evidence that tertiary studies were conducted entirely in English.

### Overview

The Master of International Business Studies is for students seeking a specialist program in international business knowledge and skills and the opportunity for further language and/or discipline studies including Human Resource Management, Finance, Entrepreneurship, Management, Marketing and Accounting.

Graduates of the Master of International Business Studies have career opportunities and roles in a variety of business settings including multinational enterprises, smaller firms operating across borders, government agencies and consulting firms that serve international companies.

### Course Design

Students must complete 144 credit points of study comprising eight core units (96 credit points), including two and only two regional study units, and four elective units (48 credit points) or equivalent postgraduate studies approved by the Course Coordinator.

Students are strongly advised to select electives from the same discipline area of study. Students will need to satisfy the prerequisite requirement, if any, of the electives in the discipline areas. Electives may include language, regional studies and project units, with a maximum of twenty-four credit points of project units.

The Course Coordinator may allow an elective to be substituted for a core unit of the (BS65) Master of International Business Studies (MIBS) program if the student has successfully completed the equivalent of at least 24 credit points of prior undergraduate study at an intermediate level or above in that core subject area.

### Articulation

Students who have completed no more than 96 credit points of their BS65 Master of International Business Studies (MIBS) may seek approval to articulate into the BS66 Master of International Business and complete the additional core, International Business Practicum\* (IBP) and elective units to meet the requirements of the BS66 Master of International Business (MIB). Articulation may require the student to overload or extend the normal duration of the course to meet the requirements of the BS66 program.

\* Special pre-requisite conditions apply to enrolment in the International Business Practicum (IBP) and this enrolment is subject to the approval of the Course Coordinator. The IBP will not be available until semester 1, 2004. It is available only to students who have been enrolled for at least the equivalent of two semesters of full-time study in the BS65 Master of International Business Studies and who have given notice at least six months prior to the IBP that they are transferring to the BS66 Master of International Business. Students should seek the advice of the Course Coordinator early in their programs about the eligibility and resource requirements of the IBP before changing course.

Note that this is a suggested structure. Students who wish to undertake a different path should seek advice from the School of International Business.

**Regional Study Units**

Students choose two units from the following:

- IBN403 Business In Asia
- IBN404 Business In Europe
- IBN435 Business In Australia

**Executive Master of Business Administration (GS98/GS94)**

**Award title:** Master of Business Administration

**Location:** Gardens Point

**Course duration (full-time):** 20.5 months (intensive mode) commencing November 2002 and concluding in July 2004.

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Caroline Hatcher, MBA Director

**Entry Requirements**

Entry will be based on an interview and 2 references one of which is from your current employer, plus the applicant meeting one of the following criteria:

- Applications will be considered from those who hold a Bachelors Degree in any field, and have at least five years relevant business experience and hold senior management positions (or operate their own business)
- Individuals with no degree and at least ten years business experience with demonstrated potential for graduate study in business and who hold senior management positions (or operate their own business), will be considered for special entry.

**Course Design**

Students are required to undertake 16 core units of 6 credit points each and a further 48 credit points of elective units.

The intake for the EMBA is in January and the program runs for 18 months. Classes are scheduled once a month over a Friday to Sunday weekend session, with 20 hours of classes per weekend session each month of the program plus two residential sessions of 10-14 days in January of each year. The intensive block sessions allow the students to schedule some dedicated time to study with minimal interference to their business commitments.

An intensive on-campus session will also be held in the first January. The session will be of 11 days duration and involve 64 contact hours. A second intensive session will be held in the last January and will largely comprise an International Study Tour to one or more Asian countries.

For more information about the EMBA, consult the BGSB web site at [www.bgsb.qut.edu.au/emba.htm](http://www.bgsb.qut.edu.au/emba.htm)

**Overview**

The Executive course is a tailored MBA course offered in an intensive, flexibly delivered format to a cohort of 'executive level' management. The course is designed to equip senior managers with the necessary knowledge, analytical ability and management skills to continue their career success and increase their mobility as a senior executive in Australia and internationally.

**Course structure**

**Core Units**

- GSN401 Managing In The Global Business Environment
- GSN402 Strategic Use Of Information Technology
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis 1
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN409 Organisational Behaviour 1
- GSN410 Entrepreneurship
- GSN411 Economics Of Strategy 1
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN414 Business Conditions Analysis 1
- GSN415 Leadership 1
- GSN416 Business Plans 1

**Students select Elective Units from the list below:**

- GSN418 Marketing Strategy Development
- GSN425 Leadership 2
- GSN435 Electronic Commerce
- GSN444 Special Topics 1
- GSN451 Contemporary Issues In The International Political Economy
- GSN455 Special Topics 3
- GSN445 Special Topics 2
- GSN428 International Study Tour
- GSN460 Creative Problem Solving
- GSN463 Australian E-Communications Policy
- GSN480 Sustainable Development And Competitive Advantage

Students may choose other electives available in the weekday delivery schedule.

Concentration and minors may be attainable through the choice of elective units other than those listed above. Concentrations and minors are listed within the GS30 Master of Business Administration course structure.

**International Master of Business Administration (GS34)**

**Award title:** Master of Business Administration

**Location:** Gardens Point

**Course duration (full-time):** 3 Semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Caroline Ann Hatcher, MBA Director

**Entry Requirements**

The IMBA will be a three-continent MBA offered jointly by BGSB, Aetna School of Management at Shanghai Jiao Tong University (China), and Groupe Ecole Supérieure de Commerce,

Grenoble (France) who are each recognised as ranking amongst the best in their respective countries.

Admission into the program is based on a points system that considers a range of criteria including management experience, tertiary qualification and GMAT/or equivalent test score. To be considered for the International MBA program an applicant must be an Australian Resident.

### Course Design

The IMBA is a three-continent MBA offered jointly by BGSB at QUT, Aetna School of Management at Shanghai Jiao Tong University (China), and Groupe Ecole Superieure de Commerce, Grenoble (France).

Students will study full-time for a semester at each of these Universities taking a planned sequence of core and elective units that satisfies the requirements for graduation from their home university.

### Course structure

#### Unit to be completed at QUT

Core Units

GSN401	Managing In The Global Business Environment
GSN402	Strategic Use Of Information Technology
GSN403	Understanding Data
GSN404	Financial Statements Analysis 1
GSN407	Business Communication
GSN412	Business Law 1
GSN414	Business Conditions Analysis 1
GSN416	Business Plans 1

\*Units that must be completed at QUT due to the country-specific nature of their content.

#### Units to be completed at other universities#:

Core Units:

GSN405	Strategic Management
GSN406	Human Resource Management Issues
GSN408	Fundamentals of Marketing Management
GSN409	Organisational Behaviour 1
GSN410	Entrepreneurship
GSN411	Economics Of Strategy 1
GSN413	Financial Management 1
GSN415	Leadership 1

Elective (24cp of elective units)  
#units are subject to availability in France and China.  
Students may need to complete some of these units at QUT and/or may take the following units in France or China, in order to meet the program requirements.

GSN407	Business Communication
GSN402	Strategic Use Of Information Technology
GSN403	Understanding Data
GSN405	Strategic Management

## ■ Master of Business (Research) - Accountancy (BS92)

**Award title:** Master of Business (Research)

**CRICOS code:** 002329C

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters or 2 semesters

**Course duration (part-time):** 6 semesters or 4 semesters

**Total credit points:** 144(if you have no Honours degree) or 96 (if you have an Honours degree and gain exemption for the coursework component)

**Course coordinator:** Professor Neal Ryan, Director of Research and Development

**Discipline coordinator:** Dr Christine Ryan

### Other Disciplines

See also separate entries for all the disciplines in this course: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing, and Public Relations.

### Entry Requirements

If applicants have an Honours degree, (at level 2B or better) it must be relevant to the chosen discipline for the Master of

Business (Research); or if applicants are entering from a pass degree, their undergraduate degree must include a major in an approved area, plus a grade point average of 5.5 or more on a 7 point scale; or applicants can present a case based on evidence of qualifications that demonstrates the applicants capacity to pursue the course of study.

In addition to assessing qualifications, the Faculty must also be satisfied that adequate supervision and resources are available to support the applicants proposed research.

Research Proposal - the application for admission to the Master of Business (Research) must include details of the proposed research project.

### Overview

Students can pursue advanced studies within their discipline. Students will develop their capacity to conduct rigorous independent research, as well as undertaking advanced coursework that integrates conceptual and practical issues within their discipline.

Students can study within the following school areas: accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing and public relations.

The Faculty will provide students with up to \$1000 under the Faculties Postgraduate Research Student Support Scheme for approved research-related expenses associated with the preparation of the thesis (including up to \$750 for fieldwork activities and conference attendance). Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

### Course Design

Assessment is essentially based on a program of supervised research and investigation, culminating in production of a thesis. If students have not completed an Honours program, they will have to undertake assessed coursework to support the research and thesis preparation. If applicants have an approved Honours degree, they will normally be exempt from the 48 credit points of coursework. Students may be required to participate in and present seminars if the Principal Supervisor thinks it desirable. The thesis should be either an original contribution to knowledge or an original application of existing knowledge. It will be between 40,000 and 50,000 words long, with an upper limit of 55,000 words. The Master of Business (Research) degree can provide an alternative entry route to the Doctor of Philosophy program. If progress is satisfactory, students can apply to transfer to PhD candidature after a years full-time enrolment in the Research Masters.

### Course structure

#### Compulsory Core Units

AYN433	Special Topic In Accounting A
BSN507	Research Methods

#### Elective Units

The elective unit may be taken from any 12 credit point postgraduate unit offered by the School of Accountancy or other postgraduate unit, subject to the approval of the Subject Area Coordinator.

#### Thesis

BSN600	Thesis

BSN412 Qualitative Research And Analytical Techniques

#### Elective Units

The elective units may be selected from any 12 credit point postgraduate unit in the specialisation area (Advertising), subject to the approval of the Subject Area Coordinator

#### Thesis

BSN600 Thesis

## ■ Master of Business (Research) - Banking & Finance (BS92)

**Award title:** Master of Business (Research)

**CRICOS code:** 002329C

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters or 2 semesters

**Course duration (part-time):** 6 semesters or 4 semesters

**Total credit points:** 144(if you have no Honours degree) or 96(if you have an Honours degree and gain exemption for the coursework component)

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Professor Neal Ryan, Director of Research and Development

**Discipline coordinator:** Prof Stan Hurn

### Other Disciplines

See also separate entries for all the disciplines in this course: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing, and Public Relations.

### Entry Requirements

If applicants have an Honours degree, (at level 2B or better) it must be relevant to the chosen discipline for the Master of Business (Research); or if applicants are entering from a pass degree, their undergraduate degree must include a major in an approved area, plus a grade point average of 5.5 or more on a 7 point scale; or applicants can present a case based on evidence of qualifications that demonstrates the applicants capacity to pursue the course of study.

In addition to assessing qualifications, the Faculty must also be satisfied that adequate supervision and resources are available to support the applicants proposed research.

Research Proposal - the application for admission to the Master of Business (Research) must include details of the proposed research project.

### Overview

Students can pursue advanced studies within their discipline. Students will develop their capacity to conduct rigorous independent research, as well as undertaking advanced coursework that integrates conceptual and practical issues within their discipline.

Students can study within the following school areas: accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing and public relations.

The Faculty will provide students with up to \$1000 under the Faculties Postgraduate Research Student Support Scheme for approved research-related expenses associated with the preparation of the thesis (including up to \$750 for fieldwork activities and conference attendance). Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

### Course Design

Assessment is essentially based on a program of supervised research and investigation, culminating in production of a thesis. If students have not completed an Honours program, they will have to undertake assessed coursework to support the research and thesis preparation. If applicants have an approved Honours degree, they will normally be exempt from the 48 credit points of coursework. Students may be required to participate in and present seminars if the Principal Supervisor thinks it desirable. The thesis should be either an original contribution to knowledge or an original application of existing knowledge. It will be between 40,000 and 50,000 words long, with an upper limit of 55,000 words. The Master of Business (Research) degree can provide an alternative entry route to the Doctor of Philosophy program. If progress is satisfactory, students can apply to transfer to PhD candidature after a years full-time enrolment in the Research Masters.

### Course Structure

#### Compulsory Unit

BSN506 Econometric Methods

#### Units in Banking and Finance

EFN504 Finance Honours

EFN505 Financial Risk Management

#### Elective

The elective unit may be taken from any 12 credit point postgraduate unit offered by the Faculty of Business, subject to the approval of the Subject Area Coordinator

#### Compulsory Thesis

BSN600 Thesis

## ■ Master of Business (Advertising) (BS93)

**Award title:** Master of Business (Advertising)

**CRICOS code:** 002329C

**Location:** Gardens Point

**Course duration (full-time):** 3 Semesters

**Course duration (part-time):** 6 Semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne

**Discipline coordinator:** Associate Professor James Everett

**Other Majors**

See also separate entries for the following majors in this course: Human Resource Management, Integrated Marketing Communication, International Business, Marketing, Philanthropy and Nonprofit Studies, Public Management, and Public Relations.

**Entry Requirements**

An undergraduate degree (or equivalent qualifications or employment experience in a related field) in advertising.

**Course Design**

All students will undertake eight major core units (96 credit points), a project (24 credit points) and two elective units (24 credit points).

This major may be taken over three semesters full-time (including a summer program) or six semesters part-time (including two summer programs). In principle a student would be able to complete this course in three consecutive semesters, depending on the availability of units.

Students who are enrolled in the BS93 Master of Business who wish to exit early from the course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

## ■ Master of Business (Integrated Marketing Communication) (BS93)

**Award title:** Master of Business (Integrated Marketing Communication)

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Associate Professor Jennifer Radbourne

**Discipline coordinator:** Associate Professor James Everett

### Other Majors

See also separate entries for the following majors in this course: Advertising, Human Resource Management, International Business, Marketing, Philanthropy and Nonprofit Studies, Public Management, and Public Relations.

### Entry requirements

An undergraduate degree or equivalent in areas such as the humanities, social sciences or preferably business. However, the course coordinator will consider degrees from other discipline areas on a case by case basis.

Students with extensive work experience may be admitted into the Graduate Certificate in Business and after successful completion of this course may articulate into the Master of Business (Integrated Marketing Communication).

### Overview

This course provides students with a systematic and comprehensive understanding of the theory and research integration of marketing communication. The course focuses on refinement of analytical skills and knowledge required for decision making in the areas of advertising, marketing and public relations

IMC focuses on the strategic integration of the functions of public relations, advertising, promotion, direct marketing, and personal selling to achieve brand equity and increase the effectiveness of promotional communications with target audiences.

Upon graduation students will be equipped to confront the fragmentation of mass markets, the explosion of new technologies that give consumers more control over the communication process, the emergence of global markets, and rapid changes in economic conditions within which organisations operate.

### Course Design

All students will undertake six compulsory core units (72 credit points), two specialisation units (24 credit points), two approved elective units (24 credit points), and a 24 credit points Project.

This major may be taken over three semesters full-time (including a summer program) or six semesters part-time (including two summer programs). In principle a student would be able to complete this course in consecutive semesters, depending on the availability of units.

### Articulation

Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

AMN461 Corporate Media Strategy And Tactics  
AMN467 Public Relations Campaigns

## ■ Master of Business (International Business) (BS93)

**Award title:** Master of Business (International Business)

**CRICOS code:** 002329C

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne

**Discipline coordinator:** Mr Gary Chittick

### Other Majors

See also separate entries for the following majors in this course: Advertising, Human Resource Management, Integrated Marketing Communication, Marketing, Philanthropy and Nonprofit Studies, Public Management, and Public Relations.

### Entry requirements

An undergraduate degree (or equivalent) with a major in business or commerce, or equivalent study in economics, international relations, international politics and history, languages or cross-cultural communication, as approved by the Course Coordinator with advice from the Subject Area Coordinator. Students without an undergraduate degree may be admitted at the discretion of the Director of Graduate Studies.

### Course Design

All students will undertake eight compulsory core units (96 credit points) and also complete 48 credit points of approved elective units.

The major is designed for possible completion in one calendar year consisting of three teaching periods. Students should note that only elective units are offered during the summer program. Careful planning is necessary to ensure that units are undertaken in an appropriate sequence to ensure timely completion. Part-time students would normally complete the course in six semesters, spread over two or three calendar years, depending on the number of units and semesters undertaken each year.

Students who are enrolled in the BS93 Master of Business who wish to exit early from the course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

### Full-time Course structure

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne

**Discipline coordinator:** Assoc. Prof. James Everett

### Other Majors

See also separate entries for the following majors in this course: Advertising, Human Resource Management, Integrated Marketing Communication, International Business, Philanthropy and Nonprofit Studies, Public Management, and Public Relations.

### Entry requirements

An undergraduate degree (or equivalent) with a major in marketing or equivalent professional experience. If applicants have undergraduate study in business, commerce, economics, or another of the social sciences you may be eligible for entry. Applicants without sufficient prior studies in marketing may be required to undertake introductory units in marketing at the graduate level.

### Course Design

All students will undertake eight compulsory core units (96 credit points), a project (24 credit points) and two elective units (24 credit points).

This major may be taken over three semesters full-time (including a summer program) or six semesters part-time (including two summer programs). In principle a student would be able to complete this course in three consecutive semesters, depending on the availability of units.

Students who are enrolled in the BS93 Master of Business who wish to exit early from the course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

**■ Graduate Diploma in Advanced Accounting (BS70)**

**Award title:** Graduate Diploma in Advanced Accounting

**CRICOS code:** 003481J

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne, Director of Graduate Studies

**Discipline coordinator:** Associate Professor Peter Best

**Entry requirements**

An undergraduate business degree with an appropriate major in accountancy from a recognised tertiary institution.

Students without a knowledge of Australian professional standards and legislation should contact the Discipline Coordinator to devise a suitable study program prior to enrolment.

**Exemptions**

Once enrolled in this course, students may claim exemptions from specified units completed at QUT or other tertiary institutions. Students enrolled in the postgraduate programs are eligible for exemptions up to a limit of half of the scheduled units. Exemptions may be granted for Professional Year or CA studies completed with the Institute of Chartered Accountants in Australia and CPA studies completed with CPA Australia.

**Course Design**

Students must complete eight units (96 credit points total). A minimum of six units must be selected from the accountancy, banking and finance, business and taxation law, and electronic business lists. Students can select units from any list or choose to specialise in a particular field of study. Up to two postgraduate units may be selected as electives, subject to the approval of the Discipline Coordinator. Please note that BS89 Master of Business (Professional Accounting) units are not normally available to BS70 students.

Prior approval to undertake any BS89 units must be obtained from the Major Coordinator.

**Articulation**

Units completed in the Graduate Diploma may be counted towards BS94 Master of Commerce, subject to approval by the Course Coordinator.

**Award title:** Graduate Diploma in Applied Finance

**CRICOS code:** 027282G

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne

**Discipline coordinator:** Mr Mark Christensen

**Entry requirements**

An undergraduate degree in an area other than Finance or applicants without a degree or formal qualification but with extensive and/or relevant work experience will be considered for special entry. A number of places will also be available to applicants who have successfully completed either a Graduate Certificate in Business (Finance) at QUT; or the equivalent of

post-graduate diploma studies in finance offered by a professional association. (Available part-time only. Semester one or two entry)

### Course Design

Students must complete eight units (96 credit points).

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution will be undertaken in conjunction with and on approval of the Director of Graduate Studies.

### Professional Recognition

Provided the student has an undergraduate degree, and a marketing unit is taken as the elective, or has been undertaken in another course, this course meets the educational requirements for Senior Associate status of the Australasian Institute of Banking and Finance - AAIBF (Snr). If the student does not have an undergraduate degree, and a marketing unit is taken as the elective, or has been undertaken in another course, this course meets the educational requirements for Associate status of the Australasian Institute of Banking and Finance (AAIBF).

### Part-time Course Structure

#### Semester 1

MGN409 Introduction To Management

#### Semester 4

EFN413 Securities Law  
Elective Unit  
The elective may be chosen from available postgraduate units offered by the Faculty, subject to approval

## ■ Graduate Diploma in Entrepreneurship and Innovation (GS36)

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Hatcher

### Entry Requirements

To be considered for the program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

Admission into the program is based on a points system that considers a range of criteria including management experience, tertiary qualifications and GMAT/or equivalent test score.

For a more detailed explanation of entry requirements go to [www.bgsb.qut.edu.au](http://www.bgsb.qut.edu.au)

### Overview

The Entrepreneurship and Innovation courses are designed to equip potential entrepreneurs and corporate entrepreneurs with the necessary knowledge and management and technical skills to successfully commercialise new technology and pursue career

success as a manager within the private and/or public sectors within Australia and/or internationally.

The courses combine postgraduate business (MBA) coursework with postgraduate coursework in the field of the new technology that a student wishes to commercialise. Students may enter the program with a new technology in mind, or alternatively they might select a technology to commercialise as they proceed through the program.

This program would culminate in the production by the student of both a marketing plan and a funding plan for the exploitation of the new technology.

### Course Design

Students must complete 8 core and 6 required units, of 6 credit points each from the MBA (Entrepreneurship) program plus 12 credit points of masters level course work units in a subject area pertaining to a proposed technology innovation.

Students who complete the Graduate Diploma may be eligible to articulate into the Master of Entrepreneurship and Innovation. Alternatively, students may exit the Master of Entrepreneurship and Innovation program with the Graduate Diploma award providing they have satisfied the credit requirements with no more than 12 credit points with grade of 3 within their 96 credit points.

### Course structure

#### Core Units

GSN401 Managing In The Global Business Environment  
GSN402 Strategic Use Of Information Technology  
GSN405 Strategic Management  
GSN408 Fundamentals of Marketing Management  
GSN410 Entrepreneurship

GSN418 Marketing Strategy Development  
GSN426 Business Plans 2  
GSN429 Marketing Planning  
GSN430 New Venture Resourcing

#### Technology Innovation Units

Students undertake 12 credit points of masters level coursework units in a subject area pertaining to a proposed technology innovation, approved by the Course Coordinator

## ■ Graduate Diploma in International Business (BS64)

**Award title:** Graduate Diploma in International Business

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Associate Professor Jennifer Radbourne

**Discipline coordinator:** Mr Gary Chittick

### Entry Requirements

The equivalent of a three year bachelor degree in business with a GPA of 4 or above (on a 7 point scale) OR

The equivalent of a three year bachelor degree in a non-business area with a GPA of 4 or above (on a 7 point scale) with internationally oriented studies relevant to international business or work experience in an international business context, subject to the approval of the course coordinator.

In addition, international students must demonstrate English language proficiency and must meet one of the following:

- IELTS - overall band score of 6.5 with no sub-band score below 6.0

- TOEFL - 575 (paper-based) or 230 (computerised);
- Written documentary evidence that tertiary studies were conducted entirely in English.

### Overview

The Graduate Diploma of International Business is a program for students who wish to understand the additional complexity of international business compared to purely domestic business. The program is ideal for students who feel they do not need outcomes afforded by further discipline studies or direct international work experience.

### Course Design

Students must complete 96 credit points of study comprising six core units (72 credit points), including one regional study unit, and two elective units (24 credit points) or equivalent of postgraduate studies, approved by the Course Coordinator.

The Course Coordinator may allow an elective to be substituted for a core unit of the BS64 Graduate Diploma of International Business program if the student has successfully completed the equivalent of at least 24 credit points of prior undergraduate study at an intermediate level or above in that core subject area.

### Articulation

Students who complete successfully the Graduate Diploma of International Business may seek approval to articulate into the BS65 Master of International Business Studies (MIBS) and complete the additional core and elective units to meet the MIBS course requirements. They may seek approval to articulate into the BS66 Master of International Business (MIB) and to complete the additional core, International Business Practicum\* and elective units to meet the requirements of the BS66 Master of International Business (MIB). Articulation may require the student to overload or extend the normal duration of the course to meet the requirements of the BS65 and BS66 programs.

\* Special pre-requisite conditions apply to enrolment in the international business practicum and enrolment is subject to approval of the Course Coordinator. The International Business Practicum (IBP) will not be available until semester 1, 2004. It is available only to students who will have been enrolled for at least the equivalent of two semesters of full-time study in the Graduate Diploma of International Business prior to undertaking the IBP and who have given notice at least six months prior to the IBP that they are transferring to the BS66 Master of International Business. Students should seek the advice of the Course Coordinator early in the program about the eligibility and resource requirements of the IBP before considering changing courses.

### Course structure

#### Core Units

Students choose any five of the following units:

IBN435	Business In Australia

#### Elective Units

Elective Unit  
Elective Unit

## ■ Graduate Diploma in Philanthropy & Nonprofit Studies (BS95)

**Award title:** Graduate Diploma in Philanthropy & Nonprofit Studies

**Location:** Gardens Point

**Course duration (full-time):** 2 Semesters

**Course duration (part-time):** 4 Semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jennifer Radbourne

**Discipline coordinator:** Professor Myles McGregor-Lowndes

### Entry Requirements

An undergraduate degree from a recognised tertiary institution. Applicants without a degree or formal qualifications but with extensive and/or relevant work experience may be considered for special entry. Under special entry each applicant will be individually assessed.

### Modes of Study

The course is offered part-time over four semesters. Initially on-campus delivery, moving towards on-line teaching/delivery with a face-to-face component in February each year.

### Course Design

Students must complete eight units (96 credit points). Some applicants may require unit substitution where they have studies the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution will be undertaken in conjunction with and on the approval of the Director of Graduate Studies.

### Full-time Course Structure

#### Year 1, Semester 1

GSN229	Philanthropic and Nonprofit Governance and Economics
GSN230	Ethics and Management for Philanthropic and Nonprofit Organisations
GSN233	Special Topic in Philanthropy and Nonprofit Studies Or Elective One of the following:

AMN468 Issues And Crisis Management

Elective (Any approved School of Advertising, Marketing and Public Relations postgraduate unit)

## ■ Graduate Diploma of Business Administration (GS31/GS86)

**Award title:** Graduate Diploma of Business Administration

**CRICOS code:** 002621K

**Location:** Gardens Point

**Course duration (full-time):** 2 Semesters. The course must be completed within a maximum time period of five years

**Course duration (part-time):** 4 Semester. The course must be completed within a maximum time period of five years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Ann Hatcher, MBA Director

### Entry Requirements

To be considered for the Graduate Diploma program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

Admission into the program is based on a points system that considers a range of criteria including management experience, tertiary qualifications and GMAT/or equivalent test score.

For a more detailed explanation of entry requirements go to [www.bgsb.qut.edu.au](http://www.bgsb.qut.edu.au)

### Course Design

The Graduate Diploma of Business Administration is effectively two-thirds of the Masters of Business Administration (MBA) course and students who complete the Graduate Diploma may be eligible to articulate to the MBA.

The Graduate Diploma consists of a minimum of 12 units of 6 credit points each from the MBA core and no more than 24 credit points of electives, which may be either 6 or 12 credit point units.

In line with other leading business schools, BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

### Course structure

Students must complete a minimum 12 of the following 16 units, with the remaining being electives or core units not yet completed:

GSN401 Managing In The Global Business Environment

GSN402 Strategic Use Of Information Technology

GSN403 Understanding Data

GSN404 Financial Statements Analysis 1

### ■ Graduate Certificate in Business Administration (GS32/GS87)

**Award title:** Graduate Certificate in Business Administration

**CRICOS code:** 031575D

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester. The course must be completed within a maximum time period of two years.

**Course duration (part-time):** 2 Semesters. The course must be completed within a maximum time period of two years.

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Ann Hatcher, MBA Director

#### Entry Requirements

To be considered for the Graduate Certificate program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

Admission into the program is based on a points system that considers a range of criteria including management experience, tertiary qualifications and GMAT/or equivalent test score.

For a more detailed explanation of entry requirements go to [www.bgsb.qut.edu.au/applications.htm](http://www.bgsb.qut.edu.au/applications.htm)

#### Overview

The Graduate Certificate in Business Administration allows professionals to update their skills in selected core business discipline areas.

### Course Design

The Graduate Certificate consists of any 8 units, of 6 credit points each, from the MBA core program.

In line with other leading business schools, BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Students can either enrol directly into the Graduate Certificate in Business Administration, or take it as an exit award from the Graduate Diploma in Business Administration or MBA, as the Graduate Certificate articulates into both of these courses.

### Course structure

*Select 8 units from the following list:*

GSN401	Managing In The Global Business Environment
GSN402	Strategic Use Of Information Technology
GSN403	Understanding Data
GSN404	Financial Statements Analysis 1
GSN405	Strategic Management
GSN406	Human Resource Management Issues
GSN407	Business Communication
GSN408	Fundamentals of Marketing Management
GSN409	Organisational Behaviour 1
GSN410	Entrepreneurship
GSN411	Economics Of Strategy 1
GSN412	Business Law 1
GSN413	Financial Management 1
GSN414	Business Conditions Analysis 1
GSN415	Leadership 1
GSN416	Business Plans 1

## ■ Graduate Certificate in Entrepreneurship and Innovation (GS35)

**Location:** Gardens Point

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Hatcher

### Entry Requirements

To be considered for the program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

Admission into the program is based on a points system that considers a range of criteria including management experience, tertiary qualifications and GMAT/or equivalent test score.

For a more detailed explanation of entry requirements go to [www.bgsb.qut.edu.au](http://www.bgsb.qut.edu.au)

### Overview

The Entrepreneurship and Innovation courses are designed to equip potential entrepreneurs and corporate intrapreneurs with the necessary knowledge and management and technical skills to successfully commercialise new technology and pursue career success as a manager within the private and/or public sectors within Australia and/or internationally.

The courses combine postgraduate business (MBA) coursework with postgraduate coursework in the field of the new technology that a student wishes to commercialise. Students may enter the program with a new technology in mind, or alternatively they

might select a technology to commercialise as they proceed through the program.

This program would culminate in the production by the student (in GSN420) of a strategic plan for a new business venture. This strategic plan would clearly enunciate the business model being suggested for the market exploitation of the new technology.

### Course Design

Students must complete 6 core and 2 required units, of 6 credit points each from the MBA (Entrepreneurship) program totalling 48 credit points.

Students might enter and complete this program only, and/or may use the successful completion of this program as a basis for entry into the Graduate Diploma in Entrepreneurship and Innovation or the Master of Entrepreneurship and Innovation program.

Alternatively, students who have registered in either the Graduate Diploma in Entrepreneurship and Innovation or the Master of Entrepreneurship and Innovation programs may exit from those programs with the of Graduate Certificate in Entrepreneurship and Innovation qualification if they have fulfilled the conditions outlined below for the award of this graduate certificate.

### Course Structure

#### Core Units

GSN401	Managing In The Global Business Environment
GSN402	Strategic Use Of Information Technology
GSN405	Strategic Management
GSN408	Fundamentals of Marketing Management
GSN410	Entrepreneurship
GSN416	Business Plans 1

#### Required Units

GSN420	New Venture Strategy
GSN460	Creative Problem Solving

## ■ Graduate Certificate in Human Resource Management and Development (BS32)

**Award title:** Graduate Certificate in Human Resource Management and Development

**Location:** Gardens Point

**Course duration (part-time):** 2 semesters part-time

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Ms Claire Gardiner

### Entry Requirements

A degree or equivalent in an area other than Human Resource Management or equivalent study in Organisational Behaviour.

### Course Requirements

Students must complete four prescribed units (48 credit points)

### Articulation with Masters Programs

Students who graduate from the Graduate Certificate in Human Resource Management and Development and have a minimum of 2 years work experience in a related field may articulate into the Masters of Business (HRM).

### Part-time Course structure

#### Semester 1

MGN412	People In Organisations

MGN410	Labour-Management Relations

## ■ Graduate Certificate in Management (GS33/GS93)

**Award title:** Graduate Certificate in Management

**CRICOS code:** 012664E

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester (2 teaching periods).  
The course must be completed within a maximum time period of two years.

**Course duration (part-time):** 2 Semesters (4 teaching periods).  
The course must be completed within a maximum time period of two years.

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Ann Hatcher, MBA Director

### Entry Requirements

To be considered for the Graduate Certificate program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- TOEFL score of greater than or equal to 575 (or greater than or equal to 230 on the computer based test) or IELTS score of greater than or equal to 6.5 with no sub-band score below 6.0, or
- TOEFL score between 550 and 572 (213 and 229 on the computerised tests) or IELTS score between 6.0 and 6.49 with no sub-band score below 5.0 and the successful completion of two Business English units (24 credit points) through QUT International College.

Admission into the program is based on a points system that considers a range of criteria including prior work experience, academic achievement and management aptitude (GMAT or equivalent test score).

For a more detailed explanation of entry requirements go to [www.bgsb.qut.edu.au](http://www.bgsb.qut.edu.au)

### Course Design

To attain a general Graduate Certificate in Management students must complete any 48 credit points from the Master of Business Administration (GS30) core or elective units.

Alternatively, to attain a specialised study area within the Graduate Certificate in Management students must complete 48 credit points from a selected major area.

Students may undertake other postgraduate Business elective units, subject to the approval of the MBA Director.

In line with leading international business schools, BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

### Articulation

Students who successfully complete the Graduate Certificate in Management program with a GPA of 4.5 above (on a 7 point scale) may enrol in the Master of Business Administration and other Master level awards offered by the Faculty of Business.

GSN207	Organisational Analysis And Consulting

## ■ Bachelor of Business (Honours) (BS63)

**Award title:** Bachelor of Business (Honours)

**CRICOS code:** 009038B

**Location:** Gardens Point

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Professor Neal Ryan, Director of Research and Development

**Discipline coordinator:** Dr Conor O'Leary (Accountancy); Assoc. Prof. Jim Everett (Advertising, Marketing & Public Relations); Mr Peter Whelan (Economics and Banking and Finance); Dr Mark Griffin (Management and Human Resource Management); Dr Marilyn Healy (International Business)

### Overview

If applicants have shown high achievement in an undergraduate degree, the Honours program allows advanced studies in a chosen field. The capacity to conduct rigorous independent research will develop, and the advanced coursework integrates conceptual and practical knowledge within a discipline. Applicants can study within the fields of Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing, Public Relations. The Faculty will provide students with up to \$600 for approved research related expenses associated with the preparation of a thesis under the Faculty's Postgraduate Research Student Support Scheme. Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

### Entry requirements

A Bachelor of Business from QUT that includes a major in the area of intended Honours level study or a qualification deemed equivalent. Students must have achieved a grade-point average (GPA) of 5.5 or better on a 7-point scale in the three years of undergraduate study or other qualifications and experience which is considered by the Dean of Faculty to qualify for admission. Students would normally apply for admission to Honours at the end of the final year of their pass degree, or within 18 months of completing the pass degree.

### Course Requirements

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described below for their area of Honours study.

Prerequisite requirements for the following units are deemed to have been satisfied upon admission to this course. Where elective units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

### Course structure

#### Accountancy

BSN501	Dissertation

## ■ Bachelor of Business (BS56) Course Notes

### Special Requirements for the Bachelor of Business Degree in the Faculty of Business

A full-time student may only enrol in units selected from those contained in the normal course program for semesters 1 and 2 in the first year of study unless in exceptional circumstances, and with the approval of the Dean of Business. Similarly, a part-time student may only select units from those listed for years 1 and 2 in the first two years of study.

A student must enrol for more than one unit in any semester, unless they have the approval of the Dean. Copies of the Undergraduate Guidelines outlining the faculty rules and procedures are available from the Faculty of Business Student Enquiries Counter at Gardens Point in Z407, or Carseldine in C201.

### Course Requirements

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:

- eight Faculty core units (refer to A below)
- one relevant block of six major core units (refer to B below)
- one of the following:
  - double major (six units); or

- (ii) extended major (six units); or
- (iii) specialisation (six units).
- (d) plus four electives.

**(A) Faculty Core Units**

BSB110 Accounting

 AMB361 Public Relations Campaigns

**Definitions**

**Double Major:** a second major core (six units) chosen from above. Six units must be completed for a double major. An alternative double major option unit must be substituted when a unit is common to both majors, or a unit that is incompatible has already been completed. Approval for the substitute unit should be sought from the Major Coordinator.

**Extended Major:** an additional group of six specified units in the same discipline area as the major core. A list of possible extended majors is provided later, with the respective primary majors.

**Elective:** a unit of 12 credit points chosen from any degree course at QUT including approved degree level study tours. Electives may also be taken at other recognised universities if the student obtains written approval from the Course Coordinator and the Head of School.

**Specialisations For Business Majors**

Specialisations are a coherent group of six specified units in a discipline area. Specialisations for business students may be chosen from the following areas. An alternative specialisation option unit must be substituted when a unit is common to the major and specialisation, or a unit that is incompatible has already been completed. Approval for the substitute unit should be sought from the Major Coordinator.

Students should note that not all specialisations will be timetabled in every year or semester. Hence, it is important that you confirm that the specialisation in which you are interested is offered. Students are also able to undertake an Interfaculty Specialisations (IFS) with the approval of the Director of Undergraduate Studies. Full details are available from the Faculty of Business Student Enquiries Counter, level 4, Z Block, Gardens Point or on (07) 3864 2050 or via bus@qut.edu.au

- Business Law (BLS) for Business students without an Accountancy major
- Financial Economics (FES) for Business students without an Economics major
- Integrated Marketing Communication (IMS) for Business students
- Language (LGS) for Business students without an International Business major  
 Students may study French, German, Indonesian or Japanese, or also seek approval to undertake a different language at another tertiary institution. Refer to the International Business major for unit details.
- Language (LGS) for Business students with an International Business major  
 Students may study French, German, Indonesian or Japanese, or also seek approval to undertake a different language at another tertiary institution. Refer to the International Business major for unit details.
- Integrated Marketing Communication (IMS) for Business students with any major.

Students completing the Bachelor of Business (Accountancy) degree with an Extended Major in either Professional Accounting or Business Law and Tax meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA examinations and the academic requirements for enrolment in the CA examinations of the Institute of Chartered Accountants in Australia (ICAA).

Students completing the Accountancy major with a double major in Electronic Business (EBD) also meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA examinations and the CA examinations of the ICAA, subject to the following specific unit selections:

AYB223 Law of Business Associations (BSB111) substitutes for AYB221 in the Accountancy major; the Electronic Business elective unit chosen is AYB221 Computerised Accounting Systems (BSB110); and the four electives chosen are AYB325 Taxation Law (AYB223), EFB210 Finance 1 (BSB110 & BSB113), EFB102 Economics 2 (BSB113) and either AYB311 Financial Accounting Issues (AYB220) or AYB321 Strategic Management Accounting (AYB225).

Students completing the Accountancy major with a double major in either Banking and Finance (BFD) or Economics (ECD), with appropriate elective choices and unit substitutions, may be recognised as satisfying the academic requirements for Associate membership of CPA Australia and enrolment in the CPA examinations and the CA examinations of the ICAA. Students need to enrol in the following units as electives: AYB223 Law of Business Associations (BSB111); AYB311 Financial Accounting Issues (AYB220) or AYB321 Strategic Management Accounting (AYB225) and AYB325 Taxation Law (AYB223). In addition to these elective units, ECD double major students should undertake EFB210 Finance 1 (BSB110 & BSB113) as a replacement for EFB101 which is common to both majors.

These programs are also accredited with the Institute of Chartered Secretaries and Administrators and Chartered Secretaries Australia.

NOTE THAT: Students with advanced standing (i.e. academic credit) may be required to undertake additional studies in order to meet professional body requirements. Students must also comply with CPA Australia policy on conceded and terminal passes.

### Other Majors

See also separate entries for the following majors in this course:

Accountancy, Advertising, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing, and Public Relations.

### Professional Membership

Students completing the Bachelor of Business (Banking and Finance) degree with an extended major in either Banking or Funds Management are recognised as satisfying the academic requirements for Senior Associate membership of the Australasian Institute of Banking and Finance (AIBF). If the units AYB305 Company Law & Practice, AYB223 Law of Business Associations and EFB308 Finance 3 are included as electives, students will satisfy the academic requirements for membership of Chartered Secretaries Australia.

Students completing the Bachelor of Business (Banking & Finance) with a double major in Accountancy, with appropriate elective choices and unit substitutions, may be recognised as satisfying the academic requirements for either Associate membership of CPA Australia and enrolment in the CPA examinations as well as Senior Associate Membership of the Australasian Institute of Banking and Finance, or Associate membership of CPA Australia and enrolment in the CPA examinations and the CA examinations of the Institute of Chartered Accountants in Australia. We have designed these courses to maximise students ability to meet professional requirements, however students may be required to undertake further units with professional bodies.

Students completing the Bachelor of Business (Banking & Finance) with a double major in Economics (including EFB308 Finance 3 and EFB318 Portfolio & Security Analysis as substitute major core units; OR EFB311 Financial Institutions - Lending and EFB310 Financial Institutions - Control as substitute major core units with AYB312 Financial Institutions Law as an elective unit) can expect to gain admission to Senior Associate Membership of the Australasian Institute of Banking and Finance (AIBF) as well as professional membership of the Economic Society of Australia (Qld).

### Course Combinations

The School of Economics and Finance recommends the following course combinations which provide excellent professional recognition and career opportunities:

The extended majors in Banking and Funds Management build on the corporate and institutional finance studied in the major. The extended majors provide the opportunity for in-depth, comprehensive study of banking, funds management and/or risk management. Four electives are available for another area of study.

The extended major in Financial Economics provides an excellent foundation for a career either as a strategy analyst in the financial sector or as a policy adviser with the various Federal and State level financial regulatory associated authorities.

The Bachelor of Business (Banking and Finance) with a double major in Accountancy provides the opportunity for professional

recognition in both disciplines. The Banking and Finance major is enhanced by additional accountancy studies. These graduates are in high demand for a wide range of career opportunities.

The Bachelor of Business (Banking and Finance) with a double major in Economics provides the opportunity for professional recognition in both disciplines, offering a wide range of career opportunities, particularly in the economic and financial forecasting functions within the financial and government sectors.

Course structures for these combinations are available at the Faculty of Business Student Enquiries Counter (Level 4, Z Block, Gardens Point or via bus@qut.edu.au). Enrolment advice is available from the School of Economics and Finance (Level 8, Z Block, Gardens Point).

■ **Bachelor of Business (Economics) (BS56)**

**Award title:** Bachelor of Business (Economics)

**CRICOS code:** 003491G

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Course duration (part-time):** 6 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Mr Andrew Paltridge

**Discipline coordinator:** Mr Eugene McCann

**Other Majors**

See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Electronic Business, Human Resource Management, International Business, Management, Marketing, and Public Relations.

**Professional Membership**

This degree satisfies the academic requirements for ordinary membership of the Economic Society of Australia.

Students completing the Bachelor of Business (Economics) with a double degree in Banking Finance will qualify for ordinary membership of the Economic Society of Australia and professional membership of the Queensland Division of the Economic Society of Australia. Students may also qualify for Senior Associate membership of the Australasian Institute of Banking and Finance (AIBF), by either (a) including EFB311 Financial Institutions - Lending and EFB310 Financial Institutions - Control as substitute major core units with AYB312 Financial Institutions Law as an elective, OR (b) including EFB308 Finance 3 and EFB318 Portfolio & Security Analysis as substitute major core units.

**Course Combinations**

The School of Economics and Finance recommends the following course combination which provides excellent professional recognition and career opportunities:

The Bachelor of Business (Economics) with an extended major in Financial Economics provides an excellent foundation for a career either as a strategy analyst in the financial sector or as a policy advisor with the various Federal and State level financial regulatory associated authorities.

The Bachelor of Business (Economics) with a double major in Banking and Finance provides the opportunity for professional recognition in both disciplines, offering a wide range of career opportunities, particularly in the economic and financial forecasting functions within the financial and government sectors.

The course structure for this combination is available at the Faculty of Business Student Enquiries Counter (Level 4, Z Block, Gardens Point or via bus@qut.edu.au). Enrolment advice is

available from the School of Economics and Finance (Level 8, Z Block, Gardens Point).

## ■ Bachelor of Business (Electronic Business) (BS56)

**Award title:** Bachelor of Business (Electronic Business)

**CRICOS code:** 003491G

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Course duration (part-time):** 6 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Mr Andrew Paltridge

**Discipline coordinator:** A/Prof Peter Best

### Other Majors

See also separate entries for the following majors in this course:

Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing, and Public Relations.

### Professional Membership

Students completing the Bachelor of Business (Electronic Business) with a double major in Accountancy meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA examinations and the academic requirements for enrolment in the CA examinations of the Institute of Chartered Accountants in Australia, subject to the following specific unit selections: AYB223 Law of Business Associations (BSB111) substitutes for AYB221 in the Accountancy major; the Electronic Business elective unit chosen is AYB221 Computerised Accounting Systems (BSB110); and the four electives chosen are AYB325 Taxation Law (AYB223), EFB210 Finance 1 (BSB110 & BSB113), EFB102 Economics 2 (BSB113) and either AYB311 Financial Accounting Issues (AYB220) or AYB321 Strategic Management Accounting (AYB225). Students planning to undertake this program should contact the School of Accountancy regarding specific course structures.

Note that students with advanced standing (that is, academic credit) may be required to undertake additional studies in order to meet professional body requirements. Students must also comply with CPA Australia policy on conceded and terminal passes.

### Major Review

Please note that a number of units in the Electronic Business Major have been recoded for 2002. Please refer to the School of Accountancy for further details.

### Course Design

Electronic Business is only available as a double major. It is not possible to study it as an extended major nor will students be allowed to undertake a specialisation.

### Course structure – Full-time

#### Year 1, Semester 1

BSB111 Business Law And Ethics  
BSB119 International And Electronic Business

## ■ Bachelor of Business (International Business) (BS56)

**Award title:** Bachelor of Business (International Business)

**CRICOS code:** 003491G

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Course duration (part-time):** 6 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Mr Andrew Paltridge

**Discipline coordinator:** Mr Simon Ridings

### Other Majors

See also separate entries for the following majors in this course:

Accountancy, Advertising, Banking and Finance, Economics, Electronic Business, Human Resource Management, Management, Marketing, and Public Relations.

### Professional Membership

Students may be eligible for membership of associations, such as the Australian Institute of Export (QLD) Ltd and the Economic Society of Australia, depending on their choice of units.

### Languages Option

The course structure for both full-time and part-time International Business students varies depending on whether languages are selected as an option. Alternative course structures are included: one outlines the course structure if no languages are taken, the other outlines the structure for those who wish to undertake a language specialisation. If languages are taken as a specialisation, language units should commence in the first semester of the first year to maintain continuity from earlier pre-QUT language studies. All language units must normally be taken in the same language. International students must take a language that is not their native tongue.

### Full-time Course structure

#### Year 1, Semester 1

BSB113 Economics  
BSB115 Management, People And Organisations  
BSB119 International And Electronic Business

## OVERVIEW

QUT Creative Industries has a distinctive reputation, nationally and throughout the Asia-Pacific region, for its strong vocational focus, links with industry, and breadth of course offerings throughout a growing and changing industry sector.

Exciting creative industries study areas include:

- Communication Design
- Creative Writing and Cultural Studies
- Dance
- Drama
- Fashion
- Film and Television
- Journalism
- Media Communication
- Music and Sound
- Visual Arts

With common core creative industries studies covering critical knowledge and skills, four types of degree programs are offered:

- studio/practice-based Bachelor of Fine Arts in the performing, creative and media production areas
- professional Bachelor degrees with a strong applied industry focus
- inter-faculty Bachelor degrees, the accelerated double degrees with the faculties of Education, Business, Law and information Technology
- a new interdisciplinary Bachelor of Creative Industries

In all cases new technologies are incorporated to enhance the learning experience, and as enablers in writing, design, production and performance.

QUT's Cultural Precinct at the Gardens Point campus, consisting of the main-stage Gardens Theatre and the Arts Museum, provides an ideal professional showcase for many final-year students.

The Creative Industries Faculty's own specialist studio and production facilities include rehearsal and performance spaces, digital edit suites, TV and radio newsrooms, film studios and multimedia production labs. From 2004 the multi-million dollar integrated educational, commercial and residential Creative Industries Precinct at the Kelvin Grove campus will allow students to be part of the creative hub for South-East Queensland.

Strong international links with Asia, the United States and Europe broaden students' cultural experiences through touring productions, study exchange programs and reporting trips, and further increase employment opportunities in a global market. Industry connections are fostered through mentor schemes, internships, professional practice placements, joint projects and advisory boards.

## SENIOR STAFF

### Faculty Office

*Dean:* Professor J. Hartley, BA(Hons) *Wales*, PhD *Murdoch*, D.Litt *Wales*, FRSA

*Faculty Administration Manager:* E.D. Harding, BA *Qld*

*Director Academic Programs and Staffing:* Dr Wayne Hindsley, BA, MA, PhD

*Head:* Associate Professor C.F. Stock, BA(Hons) *Flinders*, PhD *QUT*

### Film and Television Production

*Discipline Head:* Mr J. Hookham, BA (Hons) MA, Dip. ATFM (LIFS)

### Journalism

*Discipline Head:* Michael Bromley, BA(Hons) *CNA*, MA *Yale*

### Media Communications

*Discipline Head:* T. Flew, BEc (Hons) MEd *Sydney*, PhD *Griffith*, GradCertHigherEd *QUT*

### Music

*Head:* Associate Professor A. Arthurs, BMus - Tonmeister (Hons) *Surrey*

### Theatre Studies

*Head of Theatre and Teaching Studies:* J. Martin, Dip T *Kelvin Grove*, BA PhD *Stockholm*, LTCL

### Visual Arts

*Head:* D. Fitzpatrick, BA(Visual Arts) *Alexander Mackie College of Art, Sydney*, GradDip Prof Art Practice, *City ArtInstitute, Sydney*, Bachelor of Letters with Honours (Philosophy), *Deakin*, MFA (Research), *College of Fine Arts, UNSW*.

## RESEARCH CENTRES

### Creative Industries Research and Applications Centre

Queensland University of Technology's Creative Industries Research and Applications Centre - CIRAC - focuses on the research and applications needs of the creative industries at the local, state, national and international level. CIRAC is the home for research and innovation development programs for the Creative Industries Faculty.

In 2003 CIRAC offers the new professional doctorate award, a research degree by course work, aimed at candidates with a substantial body of professional practice.

CIRAC aims to:

- map the growth and dynamics of the sector to show the extent and value of the creative industries in Australia and overseas
- assist the growth and diversification of creative applications in the new information economy, providing know-how to partners from government to micro-business
- develop creative IP for commercialisation, and cutting-edge industry oriented research
- contribute to the development of the Creative Industries Precinct, working with co-locating partners
- establish a research centre in Interaction Design dedicated to R&D leadership in this emergent industry sector.

## ■ Doctor of Creative Industries (KK49)

**Award title:** Doctor of Creative Industries

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** Normal enrolment is 6 semesters - this can vary depending on entry requirements.

**Total credit points:** 72

**Course coordinator:** Dr Brad Haseman

### Entry Requirements

A four year degree or its equivalent with First Class Honours or Honours IIA or a masters degree in a field relevant to the professional doctorate in creative industries AND two years practice at an advanced level in a position of influence in the creative industries.

OR

Five years practice at an advanced level in a position of responsibility in the creative industries with an accompanying portfolio of achievement which demonstrates the applicant's capacity to work at a doctoral level.

Outstanding leaders in the creative industries who have not had the opportunity to pursue postgraduate study may seek advanced standing into the course and receive credit for up to two semesters of the course.

### Course Structure

The course comprises two components - coursework and professional projects.

Course work is taken at the beginning of candidature and provides candidates with the essential conceptual tools they need for doctoral level analysis and reflection on their professional practice and related contextual factors. Candidates will design, implement and evaluate a number of professional projects during the period of their candidature. The scale, scope and focus of these projects will be determined in consultation with supervisors.

### Project Track

#### Year 1, Semester 1

KKN020 Research Methods In Visual And Performing Arts

KKN061 The Reflective Practitioner  
Elective 1

#### Year 1, Semester 2

KKN071 Creative Industries Conference 1

KKN065 Project Development in the Creative Industries  
Elective 2

GSN442 Project Management 1

GSN443 Project Management 2

#### Year 2, Semester 1

KKN300-1 DCI Professional Project 1

KKN300-2 DCI Professional Project 1

KKN300-3 DCI Professional Project 1

KKN300-4 DCI Professional Project 1

#### Year 2, Semester 2

## ■ Master of Arts (Research) (KK51)

**Award title:** Master of Arts (Research)

**CRICOS code:** 040331E

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** Entry with 3 year qualification 1.5 years full-time; Entry with 4 year qualification (Honours) 1 year full-time

**Course duration (part-time):** Entry with 3 year qualification 3 years part-time; Entry with 4 year qualification (Honours) 2 years part-time

**Total credit points:** 3-year qualified entry: 144; 4 year qualified entry: 96

**Standard credit points per semester (full-time):** 48 Credit Points Full-time

**Standard credit points per semester (part-time):** 24 Credit Points Part-time

**Course coordinator:** Dr Brad Haseman, Room L210, Kelvin Grove Campus

### Entry Requirements

For entry into the coursework plus research program, applicants must have a 3 year bachelor degree or equivalent.

For entry into the research-only program, applicants must have a 3 year bachelor degree plus honours, or a 3 year bachelor degree plus graduate diploma or equivalent.

### Course Structure

- For those with a three-year degree the MA (Research) normally comprises 48 credit points of coursework and a 96 credit point research project.
- For those with a four-year degree it normally comprises a 96 credit point research project. However, with the approval of the postgraduate studies coordinator it is possible to instead enrol in 12cp course work plus 84cp research project; or 24cp coursework plus 72cp research project.

### Research Component

Depending on the discipline, the research component may be undertaken either as a research thesis of 30,000 words, or as a creative practice-based project with an exegesis or written component (7,500-10,000 words).

Students can undertake:

- a significant creative work such as a theatrical or musical production
- a work of fiction or non-fiction
- a screen-based script or production

- a multimedia script or production.

Any project likely to involve University resources must have the support of the appropriate Head of Discipline.

### All Disciplines - with 4-year qualified entry

#### Semester 1

KKN007/1 Research Project 1  
KKN007/2 Research Project 2  
KKN007/3 Research Project 3  
KKN007/4 Research Project 4

#### Semester 2

KKN007/5 Research Project 5  
KKN007/6 Research Project 6  
KKN007/7 Research Project 7  
KKN007/8 Research Project 8

### Dance, Drama, Music, Visual Arts, Communication Design - with 3-year qualified entry

#### Semester 1

KVB004 Contemporary Aesthetic Debates  
KKN020 Research Methods In Visual And Performing Arts  
KKN007/1 Research Project 1  
KKN007/2 Research Project 2

#### Semester 2

KKN007/3 Research Project 3  
KKN007/4 Research Project 4  
KKN007/5 Research Project 5  
Elective

#### Semester 3

KKN200 Graduate Seminar  
KKN007/6 Research Project 6  
KKN007/7 Research Project 7  
KKN007/8 Research Project 8

### Creative Writing, Cultural Studies, Film & TV, Journalism, Media Studies - with 3-year qualification

#### Semester 1

KKP391 Media Research Methods  
Plus Select THREE units from:  
KWP103 Creative Writing Theory  
KPP104 Film And Television Production Theory  
KJP105 Theories Of Journalism  
KCP110 Media Theory and Policy

#### Semester 2

KKN007/1 Research Project 1  
KKN007/2 Research Project 2  
KKN007/3 Research Project 3  
KKN007/4 Research Project 4

#### Semester 3

KKN007/5 Research Project 5  
KKN007/6 Research Project 6  
KKN007/7 Research Project 7  
KKN007/8 Research Project 8

## ■ Master of Creative Industries (Communication Design) (KI43)

**Award title:** Master of Communication Design

**CRICOS code:** 031870G

**Location:** Kelvin Grove

**Course duration (full-time):** 3 Semesters

**Course duration (part-time):** 6 Semesters

**Total credit points:** 144

**Course coordinator:** Gavin Sade

### Entry Requirements

An approved degree in a related study area from a recognised tertiary institution with a GPA of 5.0 or greater; OR

An approved degree in an unrelated study area from a recognised tertiary institution with a GPA of 5.0 or greater combined with either:

- professional recognition through an equivalent course of study or examination; and/or
- evidence of qualifications (eg recognised prior learning); and/or
- at least two years appropriate full time work experience.

Related areas of study include the fields of media communication, visual arts, design, the arts or information technology. It should be noted that this course is not suitable for applicants from directly cognate fields of study eg multimedia design, computer graphics and animation.

### Full-time Course structure

### Core Units

KIN818 Introduction To Digital Media Technologies  
KIN816 Information Design  
KCP295 Virtual Cultures  
KCP336 New Media Technologies

### List A - Electives (entry level units)

Please check semester of offering and prerequisites for units listed below before enrolling. Students who wish to select from outside those listed below must gain the approval of the Course Coordinator.

KVB755 Drawing for Animation 1  
KIB825 The History of Animation  
KIN808 Visual Interactions  
KIN817 Project Management  
KIN819 Electronic Publishing  
KIB808 Media Technology 2

### List B - Electives (Intermediate Level units)

Please check semester of offering and prerequisites for units listed below before enrolling. Students who wish to select from outside those listed below must gain the approval of the Course Coordinator.

KIB803 Temporal Media  
KIB804 3-D Animation 1  
KIN809 Interaction Design  
KIN810 Information Architecture

### List C - Electives (Advanced Level Units)

KIB815 Interaction Design 2  
KIB820 3-D Animation 2  
KIB822 Interaction Design 3  
KIB824 3-D Animation 3  
KIB821 Virtual Reality

### Project/Placement

#### Option 1: 48 Credit Point Project

KIN851-1 Design Project  
KIN851-2 Design Project

KIN851-3 Design Project  
KIN851-4 Design Project

**Option 2: 24 Credit Point Project & Professional Placement**

KIN852-1 Design Project\*  
KIN852-2 Design Project\*  
KCP356 Creative Industries Placement 1  
KCP357 Creative Industries Placement 2

\*This unit is subject to final Faculty approval

**Option 3: 24 Credit Point Project & 2 Electives from List B or C**

KIN852-1 Design Project\*  
KIN852-2 Design Project\*  
Elective from List B or C  
Elective from List B or C

**Master of Creative Industries (Dance Teaching) (KD42)**

**Award title:** Master of Creative Industries

**Location:** External

**Course duration (full-time):** 3 semesters and summer

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Ms Jude Smith

**Entry Requirements**

A relevant degree or diploma and at least 12 months of dance teaching experience equivalent to 150 hours.

OR

Significant performance experience with a recognised professional dance company for at least five years, and at least 12 months of dance teaching experience equivalent to 150 hours

OR

significant and demonstrable longstanding reputation as a dance teacher.

**Course structure**

Students are required to complete 10 units. There are nine core units and one elective unit. It is recommended that students complete the units The Reflective Practitioner 1 and Professional Practice Project in the final semester/s of the course.

**Full-time students**

In the first year of the course students should select three to four units from both First and Second Semester, and both units in the Summer Program.

**Part-time students**

Select two units from both First and Second Semester, and either one or both units in the Summer Program.

**Semester 1**

KDP104 Safe Dance Practice  
KDP105 Dance Analysis and Dance Histories  
KDP189 Dance Assessment and Reporting Procedures  
KDP190 Professional Practice and Business Administration for Dance Teachers  
KDP191 Dance Teaching Methodologies  
KDP192 Stagecraft and Costume Design for Dance (Elective)  
KDN001 The Reflective Practitioner 1  
KDN002 Professional Practice Project

**Semester 2**

KDP104 Safe Dance Practice  
KDP105 Dance Analysis and Dance Histories  
KDP189 Dance Assessment and Reporting Procedures  
KDP190 Professional Practice and Business Administration for Dance Teachers  
KDP191 Dance Teaching Methodologies  
KDP192 Stagecraft and Costume Design for Dance (Elective)  
KDN001 The Reflective Practitioner 1  
KDN002 Professional Practice Project

**Summer Program**

KDP180 Dance Teaching Studies 1 (residency)  
KDP181 Dance Teaching Studies 2 (residency)

**Master of Creative Industries (Drama Teaching) (KT42)**

**Award title:** Master of Creative Industries (Drama Teaching)

**Location:** Kelvin Grove

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Course coordinator:** Dr Brad Haseman

**Course aims**

The aim of this course is to address the professional development of drama teachers in Queensland. Teachers will be able to select from units which upgrade their knowledge and skills in drama as an arts discipline as well as units that deal with the specifics of drama teaching, curriculum design and implementation.

**Entry Requirements**

An appropriate Bachelor degree or a Diploma and at least one year's professional experience working as a drama teacher approved by the course coordinator.

A maximum of 48cp advanced standing will be granted to applicants with an honours degree in Drama or a four year undergraduate degree in drama education.

**Full-time Course Structure**

**Year 1, Semester 1**

Choose two of the following CORE units  
KTN001 Performing Narratives  
KTN002 Contemporary Performance  
KTN003 Applying Information Technology in the Drama Classroom  
KTN004 Teaching Drama from 1-10  
KTN005 Implementing Drama From 1-10  
Two units taken from List A

**Year 1, Semester 2**

Choose one of the following CORE units  
KTN001 Performing Narratives  
KTN002 Contemporary Performance  
KTN003 Applying Information Technology in the Drama Classroom  
KTN004 Teaching Drama from 1-10  
KTN005 Implementing Drama From 1-10  
Three units taken from List A OR two units from List A and one unit from List B

**Year 2, Semester 1**

Two units taken from List A OR one unit from List A and one unit from List B  
KTN006 Drama Project

**Part-time Course Structure**

**Year 1, Semester 1**

Choose one of the following CORE units  
KTN001 Performing Narratives  
KTN002 Contemporary Performance  
KTN003 Applying Information Technology in the Drama Classroom  
KTN004 Teaching Drama from 1-10  
KTN005 Implementing Drama From 1-10  
Plus One unit taken from List A

**Year 1, Semester 2**

Choose one of the following CORE units  
KTN001 Performing Narratives  
KTN002 Contemporary Performance  
KTN003 Applying Information Technology in the Drama Classroom  
KTN004 Teaching Drama from 1-10  
KTN005 Implementing Drama From 1-10  
Plus One unit taken from List A

**Year 2, Semester 1**

Choose one of the following CORE units  
KTN001 Performing Narratives  
KTN002 Contemporary Performance  
KTN003 Applying Information Technology in the Drama Classroom  
KTN004 Teaching Drama from 1-10  
KTN005 Implementing Drama From 1-10  
Plus One unit taken from List A

**Year 2, Semester 2**

Select ONE of the following combinations:  
Two units from List A  
OR

One unit from List A and one unit from List B

**Year 3, Semester 1**

Select ONE of the following combinations:

Two units from List A

OR

One unit from List A and one unit from List B

**Year 3, Semester 2**

KTN006 Drama Project

**List A - Electives**

- KKB057 Independent Study
- KTB061 Arts Business Management
- KTB214 Process Drama
- KTB252 The Sound Of Theatre
- KTB253 Staging Australia
- KTB275 Understanding Performance
- KTB277 Physical Theatre
- KKN020 Research Methods In Visual And Performing Arts
- KTB278 Technical Theatre
- KTB306 Directing For Theatre
- KTB310 Studies In Acting 3
- KKN020 Research Methods In Visual And Performing Arts
- KTB208 Elements Of Drama
- KSB278 Technical Theatre
- KTB062 Arts Event Promotion And Public Relations
- KTB258 Studies In Acting 2
- KTB272 Drama And Community Cultural Development
- KTB280 Drama As Social Action
- KTB307 Writing For Performance

\*Available in Graduate Certificate only

**List B - Electives**

- KCB295 Virtual Cultures
- KDX104 Architecture Of The Body
- KDB117 Dance In Education
- KIB813 Contemporary Issues In Technology Design
- KIN818 Introduction To Digital Media Technologies
- KMB631 World Music
- KVB702 Australian And Indigenous Art
- KVB444 Contemporary Asian Visual Culture
- KVB004 Contemporary Aesthetic Debates
- KVB447 Drawing
- KVB457 Sculpture

- KWB229 Film And Television Scriptwriting
- KWB350 Creative Writing: Short Story
- KKB704 Indigenous Creative Industries
- KCB336 New Media Technologies
- KDB106 The Analysis Of Modern Dance
- KDB114 Australian Dance
- KIB814 Applications Of Design Technology
- KMB638 Sound And Image
- KMB648 The Music Scene
- KVB703 Video Art And Culture
- KVB704 Theories Of Spatial Culture

**■ Master of Fine Arts (KK42)**

**Award title:** Master of Fine Arts

**CRICOS code:** 016349F

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 1.5 years full-time (Acting Studio: 2 years full-time only), Visual Arts and Painting Studio students can opt to study over the Summer period which means completing the degree in one year.

**Course duration (part-time):** 3 years part-time

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Discipline coordinator:** Dance: Assoc Prof Cheryl Stock;  
Drama: Dr Jacqueline Martin; Music: Assoc Prof Andy Arthurs;  
Vis Arts: Mr Donal Fitzpatrick

**Entry Requirements**

A Bachelor degree, or equivalent, which may include substantial relevant professional experience.

**Suggested Full-time Course Structure - Independent Study**

**Semester 1**

- KKN011 Advance Professional Practice 1
- KKN012 Advanced Professional Practice 2  
Elective\*  
Elective

**Semester 2**

- KKN013 Advanced Professional Practice 3  
Elective  
Elective

**Semester 3**

- KKN010 MFA Project
- KKN010-2 MFA Project
- KKN010-3 MFA Project
- KKN010-4 MFA Project

\*It is advised that Dance students choose KKN058 Arts Research as an elective in the first semester

**Painting Studio**

Students undertake 144 credit points of approved units. Refer to your Discipline Coordinator for advice. Students can opt to study over the Summer period.

**Acting Studio**

**Year 1, Semester 1**

- KSB011 Music Theatre Skills
- KSB233 Voice And Movement 3
- KSB247 Acting 3

**Year 1, Semester 2**

- KSB012 Music Theatre Project
- KSB234 Voice And Movement 4
- KSB248 Acting 4

**Year 2, Semester 1**

- KSB235 Voice And Movement 5
- KSB255 Theatre Project 1

**Year 2, Semester 2**

- KSB256 Theatre Project 2

**■ Master of Music (KM42)**

**Award title:** Master of Music

**CRICOS code:** 034710M

**Location:** Kelvin Grove

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Course coordinator:** Assoc Prof Adrian Thomas

**Entry requirements**

Either a three-year degree or approved diploma in music from a university OR documentary evidence of a successful career as a professional musician, considered at least equivalent to a three-year degree. Prior to admission, you must submit, and have approved, your Project Proposal.

**By coursework and project:**

Eight 12 credit point units of which KMN609 Independent Project and one other asterisk unit must be undertaken, prior to two 24 cp Music Project units (KMN601, KMN602 Music Project 1, 2 inclusive). Alternatively, four or six 12 credit point units and three or four 24 credit point units respectively.

**By project**

This is of particular interest to professional musicians wishing to develop their practice significantly.

Two 12 credit point units undertaken prior to five 24 credit point Music Project units (KMN601- KMN605 Music Project 1-5 inclusive).

**Course Structure**

**Pathways:** *Music Composition for the Creative Industries*

- KMB619 Music And Sound Technology

**■ Graduate Diploma in Creative Industries (Communication Design) (KI36)**

**Award title:** Graduate Diploma in Creative Industries

**CRICOS code:** 043123M

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Gavin Sade

**Entry Requirements**

A Bachelor degree from a recognised university with a GPA of 5.0 or higher; OR

Professional standing and successful professional practice relevant to digital media approved by the Course Coordinator and Dean of Faculty.

It is assumed all applicants have prior experience using Windows and/or Macintosh operating systems, word processing applications eg MS Word or WordPerfect, email and the Web. If applicants do not have such experience, it will be strongly recommended that they undertake an introductory computer literacy program before making an application.

**Overview**

The programs will provide you with an understanding of digital media technologies from industry, policy, cultural, historical and social perspectives, applied in practical projects. Units will deal with the technology and the content delivered by all forms of digital media, with specific focus on interactive multimedia and computer animation. Thus you will become conversant with

online media, information storage/distribution and retrieval using computer networks (the Internet), as well as the use of digital formats and technologies by the print and broadcast media and cinema. You will obtain not only workplace skills but also lifelong learning strategies. Through these you will become critically aware of the impacts of digital media, and the social, legal and ethical issues arising from their research, development, application/use and convergence at local, regional, national and international levels.

## ■ Graduate Diploma in Creative Industries (Drama Teaching) (KT36)

**Award title:** Graduate Diploma in Creative Industries (Drama Teaching)

**Location:** Kelvin Grove

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Course coordinator:** Sandra Gattenhof

### Overview

Programs prepare you for the use of new media technologies in the classroom and their use in practical drama. You will extend your knowledge of drama in education both as an art form in its own right and as a means of enabling cross-curricular teaching and planning.

### Entry Requirements

A bachelor degree or a diploma and at least one year's professional experience working as a teacher in a school or studio setting.

### Full-time Course Structure

#### Year 1, Semester 1

- Choose two of the following CORE units:
- KTN001 Performing Narratives
- KTN002 Contemporary Performance
- KTN003 Applying Information Technology in the Drama Classroom
- KTN004 Teaching Drama from 1-10
- KTN005 Implementing Drama From 1-10
- Two units taken from List A OR one unit from List A and one unit from List B

#### Year 1, Semester 2

- Choose one of the following CORE units:
- KTN001 Performing Narratives
- KTN002 Contemporary Performance
- KTN003 Applying Information Technology in the Drama Classroom
- KTN004 Teaching Drama from 1-10
- KTN005 Implementing Drama From 1-10

Three units taken from List A OR two units from List A and one unit from List B

### Part-time Course Structure

#### Year 1, Semester 1

- Choose two of the following CORE units:
- KTN001 Performing Narratives
- KTN002 Contemporary Performance
- KTN003 Applying Information Technology in the Drama Classroom
- KTN004 Teaching Drama from 1-10
- KTN005 Implementing Drama From 1-10

#### Year 1, Semester 2

- Choose one of the following CORE units:
- KTN001 Performing Narratives
- KTN002 Contemporary Performance
- KTN003 Applying Information Technology in the Drama Classroom
- KTN004 Teaching Drama from 1-10
- KTN005 Implementing Drama From 1-10
- One unit taken from List A

#### Year 2, Semester 1

Two units taken from List A OR one unit from List A and one unit from List B

#### Year 2, Semester 2

Two units taken from List A OR one unit from List A and one unit from List B

### List A - Electives

See Master of Creative Industries (Drama Teaching) (KT42) for details.

### List B - Electives

See Master of Creative Industries (Drama Teaching) (KT42) for details.

## ■ Graduate Diploma in Dance Instruction (KD36)

**Award title:** Graduate Diploma in Dance Instruction

**Location:** External

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Course coordinator:** Ms Jude Smith

### Entry Requirements

A relevant degree or diploma and at least 12 months of dance teaching experience equivalent to 150 hours.

OR

Significant performance experience with a recognised professional dance company for at least five years, and at least 12 months of dance teaching experience equivalent to 150 hours

OR

significant and demonstrable longstanding reputation as a dance teacher.

### Course structure

#### Full-time Students

Select three units from the first and second Semester structure, and both units in the Summer Program

#### Part-time Students

Select two units from the first and second Semester structure, and either one or both units in the Summer Program

#### First or Second Semester

- KDP104 Safe Dance Practice
- KDP105 Dance Analysis and Histories
- KDP189 Dance Assessment and Reporting Procedures
- KDP190 Professional Practice & Business Administration for Dance Teachers
- KDP191 Dance Teaching Methodologies
- KDP192 Stagecraft & Costume Design for Dance

#### Summer Program

- KDP180 Dance Teaching Studies 1
- KDP181 Dance Teaching Studies 2

## ■ Graduate Diploma in Film and Television (KP36)

**Award title:** Graduate Diploma in Film and Television

**CRICOS code:** 040324D

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters (The part-time mode is not available by evening study)

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Helen Yeates

### Entry requirements

A degree or diploma from a recognised tertiary institution (Diploma graduates may be required to undertake additional work at the discretion of the course or discipline coordinator). Limited special entry places are available if the applicant is a senior member of the relevant profession without a formal degree, provided they can demonstrate and document their grasp of the profession. These candidates will be senior members of their profession. An applicant who does not meet the requirements for normal entry may present documentary evidence of qualifications, experience and other relevant information for special consideration. QUT film and television, journalism and media studies graduates enrolling in this course must select a major different from their undergraduate major.

### Full-time Course structure

#### Year 1, Semester 1

KPP111	Media Writing
KPP155	Media Production
KPP104	Film And Television Production Theory
	Elective

#### Year 1, Semester 2

KPP185	Informational Production
KPB358	Documentary Theory And Practice
	Elective
	Elective

### Part-time Course structure

#### Year 1, Semester 1

KPP155	Media Production
KPP104	Film And Television Production Theory

#### Year 1, Semester 2

KPP185	Informational Production
	Elective

#### Year 2, Semester 1

KPP111	Media Writing
	Elective

#### Year 2, Semester 2

KPB358	Documentary Theory And Practice
	Elective

## ■ Graduate Diploma in Journalism (KJ36)

**Award title:** Graduate Diploma in Journalism

**CRICOS code:** 040340D

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters (Part-time mode may not be available by evening study)

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Angela Romano

### Entry requirements

An approved degree or diploma from a recognised tertiary institution (Diploma graduates may be required to undertake additional work at the discretion of the course coordinator). Limited special entry places are available to members of the profession without a formal degree (please contact the Course Coordinator to discuss your application).

### Full-time Course structure

#### Year 1, Semester 1

KJP105	Theories Of Journalism
KJP120	Newswriting
KJB239	Journalism Ethics and Issues
	Elective

#### Year 1, Semester 2

KJB121	Journalistic Inquiry
	Pick one of the following two:
KJB224	Feature Writing
KJB232	Radio And Television Journalism 1
	Pick one of the following three:
KJB280	International Journalism
KJP322	Desktop Publishing and Editing
KJB337	Public Affairs Reporting
	Elective

### Part-time Course structure

#### Year 1, Semester 1

KJB239	Journalism Ethics And Issues
KJP120	Newswriting

#### Year 1, Semester 2

KJB121	Journalistic Inquiry
	Elective

#### Year 2, Semester 1

KJP105	Theories Of Journalism
	Elective

#### Year 2, Semester 2

	Select one of the following units:
KJP224	Feature Writing
KJP232	Radio And Television Journalism 1
	Plus select one of the following units:
KJB280	International Journalism
KJB337	Public Affairs Reporting
KJB322	Desktop Publishing And Editing

## ■ Graduate Diploma in Music (KM36)

**Award title:** Graduate Diploma in Music

**CRICOS code:** 034717D

**Location:** Kelvin Grove

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Course coordinator:** Assoc Prof Adrian Thomas

### Entry requirements

A degree in any field or equivalent, plus experience relevant to the music pathway selected by the applicant. A maximum of 48 credit points of advanced standing will be granted to applicants with a 4 year degree in Music and a GPA of 5 or higher, or a Bachelor of Music (Honours) degree.

### Course of Study

Eight 12 credit point units, which must include one of the asterisk units taken in the penultimate semester, plus KMN609 Independent Project taken in the last semester.

### Course structure

#### Pathways: Music Composition for the Creative Industries

KMB619	Music And Sound Technology
KMN610	Materials Of Music
KMB638	Sound And Image
KMN608	Composing For Moving Pictures
KMB621	Sound Recording And Acoustics
KMB617	Arranging
KMB056	Professional Studies
KMN609	Independent Project

#### Pathway: Music and Media Technologies

KMB619	Music And Sound Technology
KMB621	Sound Recording And Acoustics
KMB635	Sound Media Musicianship
KMN613	Music And Sound For Digital Media
KMN606	Advanced Digital Recording
KKB818	Introduction To Multimedia Technology
KMB056	Professional Studies
KMN609	Independent Project

#### Pathway: Instrumental Music Teaching

KMN611	Multi-Instrumental Studies 1
--------	------------------------------

KMN615	Advanced Conducting
KMP433	Music Curriculum Studies 2A
KMB619	Music And Sound Technology
KMN612	Multi-Instrumental Studies 2
KMN614	Teaching Music With Technology
KMP434	Music Curriculum Studies 1A
KMB639	Music Directing

**Other music units available for selection**

KMB640	Sex Drugs Rock N Roll
KMB631	World Music
KMN607	Australian Music Culture
KMB638	Sound And Image
KMB623	Conducting
KMB617	Arranging

**■ Graduate Certificate in Creative Industries (Communication Design) (KI35)**

**Award title:** Graduate Certificate in Creative Industries

**Location:** Gardens Point

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Gavin Sade

**Entry requirements**

A Bachelor degree from a recognised university with a GPA of 5.0 or higher; OR

Professional standing and successful professional practice relevant to digital media approved by the Course Coordinator and Dean of Faculty.

It is assumed all applicants have prior experience using Windows and/or Macintosh operating systems, word processing applications eg MS Word or WordPerfect, email and the Web. If applicants do not have such experience, it will be strongly recommended that they undertake an introductory computer literacy program before making an application.

**Overview**

The programs will provide you with an understanding of digital media technologies from industry, policy, cultural, historical and social perspectives, applied in practical projects. Units will deal with the technology and the content delivered by all forms of digital media, with specific focus on interactive multimedia and computer animation. Thus you will become conversant with online media, information storage/distribution and retrieval using computer networks (the Internet), as well as the use of digital formats and technologies by the print and broadcast media and cinema. You will obtain not only workplace skills but also lifelong learning strategies. Through these you will become critically aware of the impacts of digital media, and the social, legal and ethical issues arising from their research, development, application/use and convergence at local, regional, national and international levels.

**Full-time Course Structure**

**Semester 1**

- Core Unit
- Core Unit
- Elective from List A (or for cognate entry List B)
- Elective from List A (or for cognate entry List B)

KWB399	The Writing And Publishing Industry

**■ Graduate Certificate in Creative Industries (Drama Teaching) (KT35)**

**Award title:** Graduate Certificate in Creative Industries (Drama Teaching)

**Location:** Kelvin Grove

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Course coordinator:** Sandra Gattenhof

**Course aims**

The aim of this course is to address the professional development of drama teachers in Queensland. Teachers will be able to select from units which upgrade their knowledge and skills in drama as an arts discipline as well as take units which deal with the specifics of drama teaching, curriculum design and implementation.

**Entry Requirements**

An appropriate Bachelor degree or Diploma and at least one year's professional experience working as a drama teacher in a school or studio setting.

**Full-time Course Structure**

**Year 1, Semester 1**

	Choose two of the following CORE units:
KTN001	Performing Narratives
KTN002	Contemporary Performance

KTN003	Applying Information Technology in the Drama Classroom
KTN004	Teaching Drama from 1-10
KTN005	Implementing Drama From 1-10 Two units taken from List A

### Part-time Course Structure

#### Year 1, Semester 1

Choose two of the following CORE units:

KTN001	Performing Narratives
KTN002	Contemporary Performance
KTN003	Applying Information Technology in the Drama Classroom
KTN004	Teaching Drama from 1-10
KTN005	Implementing Drama From 1-10

#### Year 1, Semester 2

Two units taken from List A

### List A - Electives

See Master of Creative Industries (Drama Teaching) (KT42) for details.

### List B - Electives

See Master of Creative Industries (Drama Teaching) (KT42) for details.

## ■ Graduate Certificate in Creative Industries (Publishing and Editing) (KW37)

**Award title:** Graduate Certificate in Creative Industries (Publishing and Editing)

**Location:** Gardens Point and Kelvin Grove

**Course duration (part-time):** Up to 4 semesters

**Total credit points:** 48

**Course coordinator:** Assoc Prof Philip Neilsen

### Overview

This new program provides skills and knowledge in print and electronic publishing, desktop publishing, manuscript development and publishing industry processes and dynamics. It complements the creative writing postgraduate programs and articulates with the new Graduate Diploma in Creative Industries (Creative Writing).

### Entry Requirements

A bachelor degree with a GPA of 5 or higher OR professional experience in the creative industries approved by the course coordinator.

### Part-time Course Structure

#### Semester 1

KWP104	Editing and Developing the Manuscript
KJB322	Desktop Publishing And Editing

#### Semester 2

Select two from the following

KWB399	The Writing And Publishing Industry
KIB819	Electronic Publishing
KWB314	Corporate Writing And Editing

## ■ Graduate Certificate in Dance Instruction (KD35)

**Award title:** Graduate Certificate in Dance Instruction

**Location:** External

**Course duration (external):** 1 semester full-time; 2 semesters part-time

**Total credit points:** 48

**Course coordinator:** Ms Jude Smith

### Entry Requirements

A relevant degree or diploma and at least 12 months of dance teaching experience equivalent to 150 hours.

OR

Significant performance experience with a recognised professional dance company for at least five years, and at least 12 months of dance teaching experience equivalent to 150 hours

OR

significant and demonstrable longstanding reputation as a dance teacher.

### Course structure

#### Full-time Students

Select 4 units (2 core and 2 electives) from first or second semester. Students can replace one elective from Semester 1 or 2 with a residency unit in the Summer Program.

#### Part-time Students

Select 4 units (2 core and 2 electives) across first or second semester. Students can replace one elective from Semester 1 or 2 with a residency unit in the Summer Program.

#### First Semester

	Core Units
KDP104	Safe Dance Practice
KDP190	Professional Practice & Business Administration for Dance Teachers
	Electives
KDP105	Dance Analysis and Histories
KDP189	Dance Assessment & Reporting Procedures
KDP191	Dance Teaching Methodologies

#### Second Semester

	Core Units
KDP104	Safe Dance Practice
KDP190	Professional Practice & Business Administration for Dance Teachers
	Electives
KDP105	Dance Analysis and Histories
KDP189	Dance Assessment & Reporting Procedures
KDP191	Dance Teaching Methodologies

#### Summer Program

KDP180	Dance Teaching Studies 1
--------	--------------------------

## ■ Graduate Certificate in Film and Television (KP35)

**Award title:** Graduate Certificate in Film and Television

**CRICOS code:** 040327A

**Location:** Gardens Point

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Course coordinator:** Ms Helen Yeates

### Entry requirements

Applicants will normally have a bachelor degree in any field, although other evidence that a candidate could cope with postgraduate study (for example, employment at a relatively senior level, relevant industry experience) will be looked on favourably.

### Course structure

#### Year 1, Semester 1

KPP155	Media Production
KPP104	Film And Television Production Theory

#### Year 1, Semester 2

KPP185	Informational Production
KPP111	Media Writing

## ■ Graduate Certificate in Journalism (KJ35)

**Award title:** Graduate Certificate in Journalism

**CRICOS code:** 040323E

**Location:** Gardens Point

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 Semesters

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Angela Romano

### Entry requirements

An approved degree or diploma or professional experience as approved by the course coordinator.

### Full-time Course structure

#### Year 1, Semester 1

KJP105	Theories Of Journalism
KJP120	Newswriting
KJP224	Feature Writing
KJB232	Radio And Television Journalism 1

OR  
KJB322 Desktop Publishing And Editing

**Part-time Course structure**

*Year 1, Semester 1*

KJP105 Theories Of Journalism

KJP120 Newswriting

*Year 1, Semester 2*

KJP224 Feature Writing

KJP232 Radio And Television Journalism 1

OR

KJB322 Desktop Publishing And Editing

■ **Graduate Certificate in Music (KM35)**

**Award title:** Graduate Certificate in Music

**CRICOS code:** 034715F

**Location:** Kelvin Grove

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Course coordinator:** A/Prof Adrian Thomas

**Entry requirements**

A degree in any field or equivalent, plus experience relevant to the music pathway selected by the applicant.

**Course of Study**

For the Graduate Certificate in Music students complete four 12 credit point units.

**Course structure**

*Pathway: Music Composition for the Creative Industries*

KMB619 Music And Sound Technology

KMN630 Materials of Music

KMB638 Sound And Image

KMN618 Composing for Moving Pictures

*Pathway: Music and Media Technologies*

KMB619 Music And Sound Technology

**■ Bachelor of Creative Industries (KK32)**

**Award title:** Bachelor of Creative Industries

**CRICOS code:** 040297B

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Paul Makeham

**Course Design**

In addition to selecting core studies in creative industries from units covering Introduction to Creative Industries, Transforming Cultures, Creativity, Writing for Creative Industries and Introduction to Digital Multimedia, students can choose three sub-majors (six units) from three of the following study areas or two sub-majors (six units) and two minors (four units).

Study Areas:

- Art and Visual Culture
- Communication Design
- Creative and Professional Writing
- Cultural Studies
- Dance
- Digital Media
- Film and Television
- Journalism
- Literary Writing and Criticism
- Music Studies
- Screen Studies
- Sound Studies
- Theatre Studies

Students may complement their studies with units from another QUT discipline area including Business, Information Technology, Science, Law, Health, Built Environment and Engineering, Education and Social Science.

In their final year Bachelor of Creative Industries students will have the opportunity to engage in internships, industry placements and practical projects in order to prepare themselves for entry-level positions in their chosen career.

**List A Creative Industries Core Units**

KKB018 Creative Industries  
KKB218 Creativity  
KKB418 Transforming Cultures  
KKB618 Writing For Creative Industries  
KKB818 Introduction To Multimedia Technology  
Communication Design Students in KI25 or KI32 are not to enrol in KKB818.

**Creative Industries Faculty Elective List for 2003**

These unit offerings are current at the time of publication but are subject to change.

Creative Industries students may choose elective units from the following list OR from outside the Faculty area subject to the following guidelines:

- students cannot select a unit that forms part of the compulsory units of their course or the compulsory units of their chosen submajor area.
- students must obey any elective rules as set out in their course summary sheet
- students must have successfully completed any pre/co-requisite units applicable
- the offering of elective units is subject to sufficient student enrolment numbers and staff availability
- some units are subject to quota restrictions

**Semester 1**

KCB140 Media And Society: From Printing Press To Internet  
KCB295 Virtual Cultures  
KDB125 Deconstructing Dance In History  
KDX104 Architecture Of The Body  
KIB814 Applications Of Design Technology  
KIB816 Interactive Writing  
KIB811 Visual Interactions  
KIB819 Electronic Publishing  
KIB825 History Of Animation  
KJB101 Journalism Information Systems  
KJB120 Newswriting

KWB729 Shakespeare, Then And Now  
KWB350 Creative Writing: Short Story  
KWB380 Creative Nonfiction: Life Writing  
KWB725 Popular Fictions, Popular Culture

**List C: Sub-Majors**

**Arts and Visual Culture (ARV)**

Prerequisite Units  
KVB702 Australian And Indigenous Art  
KVB701 Modernism  
Advanced Units  
KVB444 Contemporary Asian Visual Culture  
KVB712 Contemporary Art Issues  
KVB703 Video Art And Culture  
KVB704 Theories Of Spatial Culture

**Communication (CON)\* ^**

Prerequisite Units  
KCB101 Communication in the New Economy  
KCB150 Media And Communications Industries  
Advanced Units  
KCB213 Strategic Speech Communication  
KWB314 Corporate Writing And Editing  
KCB334 Media and Communication Research Methods  
KCB311 Political Communication

**Communication Design (COD)**

Prerequisite Units  
KKB818 Introduction To Multimedia Technology  
- if not taken as a CI Core Unit  
KIB825 History Of Animation  
KIB814 Applications Of Design Technology  
Advanced Units  
KIB816 Interactive Writing  
KIB811 Visual Interactions  
KIB819 Electronic Publishing  
KIB813 Contemporary Issues In Technology Design

**Creative and Professional Writing (CPW)**

- Prerequisite Units  
 KWB250 Introduction To Creative Writing  
 KWB380 Creative Nonfiction: Life Writing  
 Advanced Units  
 KWB381 Creative Nonfiction: Arts, Humour, Travel  
 KWB315 Persuasive Writing  
 KWB314 Corporate Writing And Editing  
 KWB399 The Writing And Publishing Industry  
 OR  
 KWB229 Film And Television Scriptwriting  
**Dance (DAN)**  
 Prerequisite Units  
 KDB125 Deconstructing Dance In History  
 KDB106 The Analysis Of Modern Dance  
 Advanced Units  
 KDX104 Architecture Of The Body  
 KDB114 Australian Dance  
 KDB172 World Dance  
 KDB176 Popular Dance Styles  
**Digital Media (DIG) \***  
 Prerequisite Units  
 KCB140 Media And Society: From Printing Press To Internet  
 KCB150 Media And Communications Industries  
 Advanced Units  
 KCB336 New Media Technologies  
 KCB295 Virtual Cultures  
 KPB209 Australian Television  
 KCB204 Globalisation And New Media  
**Journalism (JOU)**  
 Prerequisite Units  
 KJB101 Journalism Information Systems  
 KJB120 Newswriting  
 Advanced Units  
 KJB121 Journalistic Inquiry  
 KJB224 Feature Writing  
 KJB239 Journalism Ethics And Issues  
 KCB213 Strategic Speech Communication  
 KJB280 International Journalism  
**Literary and Cultural Studies (LST)**  
 Prerequisite Units  
 KWB716 Introduction To Literary And Cultural Studies  
 KWB710 Ozlit  
 Advanced Units  
 KWB625 American Stories  
 OR  
 KWB318 Music And Culture: Rock Stars To Djs  
 KWB729 Shakespeare, Then And Now  
 OR  
 KWB712 Youth Writing  
 KWB321 Body Matters  
 OR  
 KWB724 Wonderlands: Literature And Culture In The 19th Century  
 KWB725 Popular Fictions, Popular Culture

**Music Studies (MUT) #**

- Prerequisite Units  
 KMB631 World Music  
 KMB640 Sex Drugs Rock N Roll  
 Advanced Units  
 KMB638 Sound And Image  
 KMB648 The Music Scene  
 KMB649 Introductory Musicianship  
 KMB650 Introductory Ensemble

**Screen Studies (SCR)**

- Prerequisite Units  
 KPB130 Media Text Analysis  
 KPB305 American Film: Genres and Directors  
 Advanced Units  
 KPB359 Film History  
 KPB358 Documentary Theory And Practice  
 KPB343 Australian Film  
 KPB344 International Cinema

**Sound Studies (SOU) #**

- Prerequisite Units  
 KMB631 World Music  
 KMB640 Sex Drugs Rock N Roll  
 Advanced Units  
 KMB638 Sound And Image  
 KMB648 The Music Scene

- KMB621 Sound Recording And Acoustics  
 KMB619 Music And Sound Technology

**Television (TVN)**

- Prerequisite Units  
 KWB111 Media Writing  
 KPB233 Television Cultures  
 Advanced Units  
 KPB209 Australian Television  
 KPB155 Media Production  
 KPB260 Community And Educational Video  
 KPB141 Film And Television Language

**Theatre Studies (THS)**

- Prerequisite Units  
 KTB208 Elements Of Drama  
 KTB251 20th Century Stages  
 Advanced Units  
 KSB259 The Performance Instrument: Body And Voice  
 KTB252 The Sound Of Theatre  
 KTB271 Studies In Directing  
 KTB307 Writing For Performance  
 KTB062 Arts Event Promotion And Public Relations  
 KTB214 Process Drama

**Rules**

\* Student wishing to undertake both the Communication and the Digital Media sub-majors may take only one of these as a sub-major and the other as a minor

^ Offering of the Communication sub-major is subject to final faculty approval.

##\* Students are not permitted to undertake both Music Studies and Sound Studies together as sub-majors. They may only be taken together as two minors.

**■ Bachelor of Creative Industries  
(Communication Design) (KI32)**

**Award title:** Bachelor of Creative Industries (Communication Design)

KWB250 Introduction To Creative Writing

KWB111 Media Writing

Creative Industries Core Unit  
Elective

*Semester 2, Year 1*

KWB350 Creative Writing: Short Story

KWB229 Film And Television Scriptwriting  
Creative Industries Core Unit  
Elective

*Semester 1, Year 2*

KWB370 Electronic Creative Writing

KWB381 Creative Nonfiction: Arts, Humour, Travel  
Elective

Please select one of the following:

KJB224 Feature Writing

KWB315 Persuasive Writing

*Semester 2, Year 2*

KWB380 Creative Nonfiction: Life Writing

KWB395 Creative Writing Project 1 [12cp]  
Elective

Please select one from the following:

KWB712 Youth Writing

KWB315 Persuasive Writing

*Semester 1, Year 3*

KWB382 Editing And Creative Writing

Elective  
Elective

*Semester 2, Year 3*

KWB396 Creative Writing Project 2 [36cp]

KWB399 The Writing And Publishing Industry

**List A Creative Industries Core Units**

See Bachelor of Creative Industries (KK32) for list.

**Creative Industries Faculty Elective List for 2003**

See Bachelor of Creative Industries (KK32) for list.

**■ Bachelor of Fine Arts (Dance) (KD25)**

**Award title:** Bachelor of Fine Arts (Dance)

**CRICOS code:** 032393B

**Location:** Kelvin Grove

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Mr Evan Jones

**Course structure**

*Year 1, Semester 1*

KDB125 Deconstructing Dance In History

KDB180 Dance Technique Studies 1

KDX104 Architecture Of The Body

KDX111 Performance 1

*Year 1, Semester 2*

KDB181 Dance Technique Studies 2

KDX112 Performance 2

KDX143 Choreographic Studies 1

KDB221 Integrated Professional Skills

*Year 2, Semester 1*

Creative Industries Core Unit - See List A

KDB182 Dance Technique Studies 3

KDX141 Performance 3

KDX144 Choreographic Studies 2

*Year 2, Semester 2*

KDB114 Australian Dance

KDB183 Dance Technique Studies 4

KDX142 Performance 4

KDX145 Choreographic Studies 3

*Year 3, Semester 1*

Creative Industries Core Unit - See List A

KDB193 Dance Project 1A

KDB158 Dance And Technology 1

Choose one of the following:

KDB171 Theatre Dance Styles

KSB011 Music Theatre Skills

Elective

*Year 3, Semester 2*

KDB159 Dance And Technology 2

KDB199 Dance Project 1B

Choose two from the following:

KDB172 World Dance

Elective

Elective

**List A Creative Industries Core Units**

See Bachelor of Creative Industries (KK32) for list.

**Creative Industries Faculty Elective List for 2003**

See Bachelor of Creative Industries (KK32) for list.

**■ Bachelor of Fine Arts (Fashion Design) (KF25)**

**Award title:** Bachelor of Fine Arts (Fashion Design)

**Location:** Kelvin Grove

**Course duration (full-time):** 3 years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Discipline coordinator:** TBA

**Course structure**

*Semester 1, Year 1*

KFB401 Design Studio 1

KVB757 1/2 Drawing For Fashion 1

KFB407 1/2 Textiles

KDX104 Architecture Of The Body

Creative Industries Core Unit - See List A

*Semester 2, Year 1*

KFB402 Design Studio 2

KVB757 2/2 Drawing For Fashion 1

KFB407 2/2 Textiles

KFB408 Fashion In Context

ADB931 Introduction To History, Theory And Criticism

*Semester 1, Year 2*

KFB758 1/2 Drawing for Fashion 2

KFB410 1/2 Research Seminar

KFB403 Design Studio 3

MGB233 Creating New Enterprises

Creative Industries Core Unit - See List A

*Semester 2, Year 2*

KFB404 Design Studio 4

KFB758 2/2 Drawing for Fashion 2

KFB410 2/2 Research Seminar

Elective (List B)

Fashion Elective - Choose one from:

KFB411 Advanced Textiles

KVB759 Fashion Illustration

KJB339 Fashion Journalism

KFB414 Cross Media Design Applications

*Semester 1, Year 3*

KFB405 Design Studio 5

Elective (List B)

Fashion Elective - Choose one from:

KFB411 Advanced Textiles

KVB759 Fashion Illustration

KFB414 Cross Media Design Applications

KFB415 Design Project  
**Semester 2, Year 3**  
 KFB406 Design Studio 6  
 KFB056 Professional Studies (Fashion)  
 KFB412 Applied Planning

**List A Creative Industries Core Units**

Elective  
Choose one from:
- KMB618 Soundtracks For Film And Television
- KMB637 Jazz And Popular Music Musicianship
- KMB636 Cross Cultural Musicianship
- KMB640 Sex Drugs Rock N Roll
- KMB616 Ensemble Project A
- KIB807 Media Technology 1

**Year 3, Semester 2**

- KMB682 Music Project 2  
Elective  
Choose one from:
- KMB056 Professional Studies
- KMB648 The Music Scene
- KMB617 Arranging
- KKB057 Independent Study
- KMB635 Sound Media Musicianship
- KMB634 Contemporary Art Music Musicianship
- KPB155 Media Production
- KMB638 Sound And Image

**List A Creative Industries Core Units**

See Bachelor of Creative Industries (KK32) for list.

**Creative Industries Faculty Elective List for 2003**

See Bachelor of Creative Industries (KK32) for list.

**■ Associate Degree (Dance) (KD15)**

**Award title:** Associate Degree (Dance)

**CRICOS code:** 018478C

**Location:** Kelvin Grove

**Course duration (full-time):** 2 Years

**Total credit points:** 192

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Mr Evan Jones

**Associate Degree in Dance**

**Year 1, Semester 1**

- KDX111 Performance 1
- KDX104 Architecture Of The Body
- KDB180 Dance Technique Studies 1
- KDB125 Deconstructing Dance In History  
International students have an option to study the following instead of KDB125:

- QCD110 Communication For Business 1

**Year 1, Semester 2**

- KDX112 Performance 2
- KDB181 Dance Technique Studies 2
- KDX143 Choreographic Studies 1
- KDB221 Integrated Professional Skills  
International students have an option to study the following instead of KDB172:

- QCD210 Communication For Business 2

**Year 2, Semester 1**

- KDX144 Choreographic Studies 2
- KDX141 Performance 3
- KDB182 Dance Technique Studies 3  
Choose one from the following:
- KDB171 Theatre Dance Styles
- KSB011 Music Theatre Skills  
Elective

**Semester 2, Year 2**

- KDB183 Dance Technique Studies 4
- KDX142 Performance 4
- KDX145 Choreographic Studies 3  
Elective List B

**Creative Industries Faculty Elective List for 2003**

See Bachelor of Creative Industries (KK32) for list.

**■ Advanced Certificate in Dance Teaching (KD06)**

**Award title:** Advanced Certificate in Dance Teaching

**Location:** External

**Course duration (full-time):** 2 semester

**Course duration (external):** 1 semester full-time; 2 semesters part-time

**Total credit points:** 96

**Course coordinator:** Ms Jude Smith

**Course Structure**

Students are required to complete eight units. Students should contact the Course Coordinator to discuss their enrolment program

**Full-time Students**

Select three units from both First and Second semesters and both units in the Summer Program.

**Part-time Students**

Select two units from both First and Second semesters and one or both units in the Summer Program.

**First Semester**

- KDB189 Dance Assessment And Reporting
- KDB190 Professional Practice And Business Administration For Dance Teachers
- KDB191 Dance Teaching Methodologies
- KDB192 Stagecraft And Costume For Dance
- KDB197 Dance Analysis And Dance Histories
- KDB198 Safe Dance Practice

**Second Semester**

- KDB189 Dance Assessment And Reporting
- KDB190 Professional Practice And Business Administration For Dance Teachers
- KDB191 Dance Teaching Methodologies
- KDB192 Stagecraft And Costume For Dance
- KDB197 Dance Analysis And Dance Histories
- KDB198 Safe Dance Practice

**Summer Program**

(Full-time students select both units, part-time students select one or both units)

- KDB195 Dance Teaching Studies 1
- KDB196 Dance Teaching Studies 2

**■ Certificate in Dance Teaching (KD05)**

**Award title:** Certificate in Dance Teaching

**Location:** External

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 1 year

**Total credit points:** 48

**Course coordinator:** Jude Smith

### **Course Structure**

Students are required to complete four units - the core unit (KDB198) and 3 electives. Students should contact the Course Coordinator to discuss their enrolment program.

#### ***Full-time Students***

Select four units (one core (KDB198) and three electives) from either First or Second Semester.

#### ***Part-time Students***

Select four units (one core (KDB198) and three electives) across First or Second Semester. Students may choose to replace one elective with the summer residency.

#### ***First Semester***

KDB198 Safe Dance Practice

KDB189 Dance Assessment And Reporting

KDB190 Professional Practice And Business Administration For Dance Teachers

KDB191 Dance Teaching Methodologies

KDB197 Dance Analysis And Dance Histories

#### ***Second Semester***

KDB198 Safe Dance Practice

KDB189 Dance Assessment And Reporting

KDB190 Professional Practice And Business Administration For Dance Teachers

KDB191 Dance Teaching Methodologies

KDB197 Dance Analysis And Dance Histories

#### ***Summer Program***

KDB195 Dance Teaching Studies 1

## OVERVIEW

QUT's Faculty of Education is the largest provider of teacher education in Australia with over 5000 students; over 2000 of which are in postgraduate courses.

The strong, practical theme in the faculty's courses provides a balance of theory and practical skills that ensures graduates are not limited by the employment opportunities provided by classroom teaching alone.

Based at the Kelvin Grove campus of QUT, the faculty comprises four schools. Courses meet national and international standards with our continuing commitment to preservice teacher education backed by a growing commitment to inservice teacher education and postgraduate programs, and an extension into allied professional and academic areas.

## SENIOR STAFF

### Faculty Office

*Dean:* Professor Vi McLean, DipT *BKTC*, BEdSt *Qld*, MEd PhD *Arizona*

*Assistant to the Dean (BEd):* Dr T. Aspland, DipT *KPACAE*, BEdSt *Qld*, BA *Qld*, MEd (Vic), PhD *Qld*

Director, Academic Programs: Dr I Macpherson, BA, DipEd, BEd, MEdSt *Qld*, Phd *PennState*, MACE

*Faculty Administration Manager:* B. Zebergs

### School of Cultural and Language Studies in Education

*Head:* Associate Professor W.T. Corcoran, BA DipEd *Qld*, MLitt *NE*, MA PhD *Alta*

*Professor:* N. Kyle, BA(Hons) PhD *N'cle*

*Associate Professors:*

P.A. McKay, BEd *SACAE*, MA *ASU*, PhD *Qld*

P. Singh, DipT *TCAE*, BEdSt(Hons) *Qld*, PhD *Qld*

S.C. Taylor, BSc(Hons) DipEd *Leic*, BEd(Hons) PhD *James Cook*

### School of Early Childhood

*Head:* C. Tayler, DipTeach BEd *MLCAE*, PhD *UWA*, FACE

*Associate Professors:*

S.K. Wright, BEd MEd *Alta*, PhD *N'cle (NSW)*

### School of Learning & Professional Studies

*Head:* Professor: W. Patton, BEd *James Cook*, BA(Hons) PhD *Qld*

*Professor:* G.M. Boulton-Lewis, CertT *NSW*, MEd *Canberra CAE*, BA PhD *Qld*, FACE

*Associate Professors:*

R.R. Ballantyne, BA(Hons) UED MA *Natal*, PhD *CapeT*

B. Delahaye, BBus *QIT*, MBA *Qld*, PhD *Griff*, CMAHRI, AIMM

R.G. Elliott, BSc, BEd(Hons) PhD *Qld*

### School of Mathematics, Science and Technology Education

*Head:* Professor T.J. Cooper, BSc(Hons) DipEd PhD *Adel*.

*Professors:*

L.D. English, DipT BEd MEd *KGCAE*, PhD *Qld*

C.J. McRobbie, BSc BEd *Qld*, MSc *Pacific*, PhD *Monash*, MACE, MRACI

centres, namely the Centre for Mathematics, Science and Technology Education, and the interdisciplinary Centre for Innovation in Education.

A key feature of the new structure is that neither is focused solely on the interests of any one school in the Faculty. Both new centres draw on a faculty-wide research model for their respective foci and both centres are committed to:

- borderlessness (optimising cooperation across disciplinary distinctions)
- responsiveness (industry-defined needs)
- innovation (setting up new 'shopfronts' and 'clusters')
- integration (shared services and infrastructure)
- sharing of administrative systems (optimising efficiency)

### Centre for Mathematics, Science and Technology Education

The major focus of research in the new centre is knowledge work and the knowledge worker in scientific and technological domains. This includes formal and informal education, community and organisational contexts relating to elements of mathematics, natural, physical and environmental sciences, engineering design and technology, and information and communication technologies:

- building and applying scientific and technological knowledge
- scientific and technological knowledge - social and cultural issues
- globalisation, policy and futures perspectives

### Centre for Innovation in Education

The centre crosses all areas of educational specialisations in early childhood, cognitive processes, language and literacy studies and curriculum development, with a focus on:

- pedagogy and lifespan learning
- policy development and service delivery
- learning organisations in social contexts

## RESEARCH CENTRES

In June 2002 the faculty of education undertook a major restructure of its research centres to take the Faculty to an even higher level of research productivity. The existing two university research centres and three school-based research centres are being disestablished, and work is underway to create two exciting new

## Doctor of Education (ED11)

**Award title:** Doctor of Education

**CRICOS code:** 015023C

**Location:** Kelvin Grove

**Course duration (part-time):** 3.5 years for holders of a relevant Masters degree; 4.5 years without a relevant Masters

**Total credit points:** 288

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Susan Danby

### Entry requirements

- (i) A four-year education degree or its equivalent with First Class Honours or Honours IIA or a masters degree in education or in a field relevant to the professional doctorate in education; and
- (ii) two years practice in a position of professional responsibility in education or a closely related field.

### Provisional Enrolment

With the Dean of Education's approval, students with less qualifications but exemplary professional practice may be given provisional entry.

- (i) A candidate so admitted shall be required to complete the four designated qualifying units at credit level (grade of 5) or better.
- (ii) A candidate who completes course units at a satisfactory level during the period of provisional enrolment will be permitted to count these units towards the degree.
- (iii) Unless the Faculty Academic Board accepts that exceptional circumstances justify extension of provisional status, it must be cleared within one calendar year from enrolment in the course. Such clearance will require submission of a positive recommendation by the Course Coordinator for approval by the Faculty Academic Board. The maximum period of extension of provisional candidature shall be one year.

### Procedure for Enrolment

- (i) Before submitting an application for enrolment, a potential candidate shall consult the Course Coordinator who will assist in the preparation of the appropriate application form concerning eligibility and special interests.
- (ii) A person seeking admission to the course shall apply on the appropriate application form through the Research Student Centre. The completed application form should be accompanied by any specified documentation. This will include a proposal for a course of study and research to be pursued for the purpose of obtaining the degree and other requirements as specified in the form. A person relying on qualifications from another institution of higher education shall furnish with their application evidence of such qualifications. After acknowledgement and recording of basic information by the Research Student Centre, the application will be forwarded for consideration to the Course Coordinator.
- (iii) The Course Coordinator will forward recommendations on applications to the Dean for approval before forwarding official advice to all applicants on the outcome of their applications through the Research Student Centre.

### Course of Study

#### Length

- (i) Candidates for the degree of Doctor of Education will normally be required to complete their course in at least 3.5 years of part-time study.
- (ii) Without the permission of the Faculty Academic Board, no full-time candidate for the degree of EdD shall submit a thesis for examination more than 24 months from the date on which registration in the program was granted. The corresponding period in the case of a part-time candidate shall be 42 months.

- (iii) Where a candidate wishes to change from full-time to part-time registration, or vice versa, application must be made to the Faculty Academic Board on the appropriate form. All such applications must specify the revised date of expected completion.
- (iv) Where application is made for permission to extend the period within which the candidate may submit a thesis for examination, details of the candidate's progress shall be presented to the Faculty Academic Board, together with the reasons for the delay in completing the course and the expected date of completion. Where the Board agrees to an extension, it may set a limit to the maximum period of registration in the EdD program.

#### Credit Points

A candidate for the Doctor of Education award will obtain a total of 72 credit points in coursework, and 216 credit points in the preparation and presentation of a thesis.

Studies in the course of the award will consist of two stages involving specified coursework and a thesis. Satisfactory performance in Stage 1 will be necessary before preparation of the thesis can commence.

#### Course Structure

##### Stage 1: Coursework

The 72 credit points of coursework in Stage 1 will consist of:

- (i) four 12 credit point Master of Education coursework units; and
- (ii) one 24 credit point semester-long unit (EDR703 Interdisciplinary Education Studies [Advanced Seminars]). All candidates do this as their first on-campus summer school.

Note: Students entering the course with an Master of Education degree (or equivalent) should apply for exemption from the four 12 credit point units.

##### Stage 2: Research

These 216 credit points are the thesis component of the award which contains the following steps:

##### Thesis Preparation

During the preparation of the thesis, candidates will be required to demonstrate an understanding of the research process. This understanding will include a capacity to critique research literature, to assess research designs and evaluate the appropriateness of research methodologies. This preparation step will involve a 20,000 word maximum. (This work will be the focus of the first winter school and second summer school).

##### Thesis Confirmation of Candidature

All candidates must prepare and orally present a research proposal. This oral presentation must be accompanied by a 10,000 word paper.

##### Thesis Implementation

All candidates must design, implement and orally defend a thesis of 60,000 words minimum or equivalent.

##### Thesis Submission

Completion and oral presentation of a thesis or alternative to a Faculty review panel for approval; production of the thesis in a suitable form for examination.

##### Transfer of Credit

Application for credit will be considered by the Course Coordinator. Where candidates possess postgraduate qualifications in related and appropriate academic areas, credit up to a maximum of 72 credit points may be granted towards coursework.

##### Supervision

- (i) The criteria for selecting Doctor of Education supervisors are: domain expertise, qualifications and supervisory experience.

Normally, the Principal Supervisor will be a member of the Faculty of Education.

- (ii) Consistent with QUT rules, Doctor of Education students must have a Principal Supervisor and at least one Associate Supervisor.
- (iii) No staff member will normally be permitted to supervise, either as a principal or an associate supervisor, more than six full-time higher degree students concurrently.
- (iv) Faculty of Education staff members appointed as supervisors to Doctor of Education students will normally be members of the Faculty Research Committee: Doctoral Sub-Committee and will be expected to represent that Committee as a panel member at doctoral Confirmation of Candidature and Oral Presentation seminars. Undertaking this role forms part of the Faculty's approach to the staff development of supervisors.
- (v) Where appropriate an associate supervisor may be appointed from industry.

Procedures for selecting the supervisors for Doctor of Education students will be:

- (i) Students may obtain from the Course Coordinator, Heads of School and Directors of Centres information regarding procedures for selection of supervisors.
- (ii) While enrolled in the first semester of study in EDR703 - Interdisciplinary Education Studies, students must have a 'Pro-Tem' Supervisor in consultation with the Course Coordinator and Centre Director and advise the Course Coordinator in writing of the supervisor's details. The student must complete the Nomination of Protem Supervisor form.
- (iii) When the student reaches enrolment in EDR702/3 - Thesis Stage 3 Confirmation, the student must complete the Nomination of Supervisor form providing details of their supervisor.
- (iv) Supervision is discussed with Heads of School, Directors of Centres and with the Course Coordinator.
- (v) The Course Coordinator, after agreement with the relevant Head of School(s) and Directors of Centres, recommends the names of supervisors for specific students to the Faculty Research Committee which, in turn, recommends these supervisors to the Faculty Academic Board.
- (vi) The names of supported supervisors will be transmitted for University approval to the Research Degrees Committee.
- (vii) If the Principal Supervisor leaves the staff of the Faculty of Education, the QUT Associate Supervisor will normally fill the role of acting Principal Supervisor immediately and until a new Principal Supervisor is appointed by the faculty, with the agreement of the candidate. A formal appointment of a new Principal Supervisor must be made within three months of the original Principal Supervisor's departure.

### **Progression, Unsatisfactory Progress and Leave**

#### ***Provisional Leave***

Satisfactory progress for provisional candidates will consist of passing the qualifying requirements or coursework units at a grade of 5 or better (on a 7 point scale).

A provisional candidate who fails to achieve a grade of 5 in any qualifying or Masters coursework units or fails to make satisfactory progress may be excluded from the course upon the recommendation of the coordinator to the Faculty Research Committee.

#### ***Six Monthly Reports***

Progress of students within the course is monitored by six monthly reports completed by the principal supervisor and the student. Six monthly reports are required from the principal supervisor at the end of April and October each year. The report shall be signed by the candidate, principal supervisor, head of school and the director of centre and forwarded to the course coordinator.

#### ***Unsatisfactory Progress***

With respect to the EDR702/1-3 Thesis Stage 1-3, progress which is considered clearly unsatisfactory by the Pro-tem Supervisor, Centre Director and the Course Coordinator may lead to a recommendation by them to the Faculty Academic Board via the Faculty Research Committee that the candidate be excluded from the course.

Before Faculty Research Committee recommends exclusion, the candidate shall be given the opportunity to show cause why this action should not be taken.

In each year of candidature the academic progress of each candidate shall be reviewed by the Course Coordinator. Satisfactory progress for provisional candidates will consist of passing of qualifying requirements or course units at appropriate academic levels.

All students shall be required to confirm their candidature following the procedures outlined within the Confirmation of Candidature policy. Once a student has been confirmed, six monthly reports are required from the principal supervisor at the end of April and October each year. The report is to be reviewed by the Course Coordinator and then forwarded through the Faculty Research Committee to Research Management Committee.

The progress report shall be signed by the candidate and supervisor and submitted through the Head of School and the Director of the Centre. When progress is deemed unsatisfactory by the course coordinator or supervisor, the course coordinator will write to the candidate to request an indication of what action has been or will be taken to ensure progress is satisfactory for the next report. When two consecutive reports indicate unsatisfactory progress, the Faculty Research Committee may require the candidate to show cause against exclusion.

A student excluded under these rules has a right of appeal to the Appeals Committee. Such an appeal must be in writing, stating the grounds and reasons for it, and must reach the Secretary of the Committee within fourteen days of the date on the Registrar's letter advising the student of the exclusion. This appeal will then be referred to the Faculty of Education Academic Board and will be considered by the Faculty of Education Academic Performance Committee.

#### ***Leave***

A candidate who wishes to take leave of absence for a specified period from their EdD program must apply in advance on the prescribed form and return it through the faculty committee, for consideration by the Course Coordinator. International students must consult both the Course Coordinator and the Office of International Students about applying for leave of absence.

Leave of absence will not normally be approved in the coursework components EDR703, EDR702/1-2 except for medical or extenuating circumstances subject to Course Coordinator approval. The maximum period of leave of absence for which a candidate may be given approved leave is 12 months for a full-time candidate and 24 months for a part-time candidate during the term of their candidature. A candidate who wishes to take leave of absence for a longer period must withdraw from candidature and apply for re-entry at a later date, on the prescribed form.

A candidate who has not applied for leave and remains not currently enrolled for a period greater than twelve months will be deemed to have ceased their program of study and their candidature will be terminated. If a candidate is unable to complete the approved course of study the candidate may apply for transfer to an appropriate masters degree.

Candidates are entitled to receive up to twelve months parental (maternity/paternity/ adoption) leave. The Course Coordinator must be notified on the prescribed form and supplied with a medical certificate (and in the case of paternity leave a marriage

certificate or statutory declaration showing the candidate's relationship to the mother), and the written endorsement of the Principal Supervisor. Periods of parental leave shall not be included as part of the 12 or 24 month leave of absence maximum.

### Confirmation of Candidature

Within two years of enrolment for part-time students (or 18 months for full-time students), the student in consultation with their supervisor, should present for confirmation. Failure to do so could result in the candidate's progress being deemed unsatisfactory.

The Confirmation of Candidature Review Panel of the Faculty Research Committee will review the candidate's progress and course of study in the form of a formal seminar presentation, before candidature in the Doctor of Education program can be confirmed. Prior to this occurring the thesis proposal must first be checked by the centre director (or nominee) to ensure it meets the centre quality assurance checks before proceeding to the seminar stage.

Membership of the Confirmation of Candidature Review Panel will consist of the candidate's principal supervisor, one member of the Doctoral Sub-Committee of the Faculty Research Committee and the Director of the relevant Centre or nominee (Chair). The quorum for the Confirmation of Candidature Review Panel is three. The EdD Course Coordinator, Head of School, other staff members and other interested people are welcome to participate in the seminar presentation.

The candidate's principal supervisor, through the Centre Director, should notify the Chair of the Faculty Research Committee on the relevant proforma at least four weeks in advance of the proposal being completed so that a date can be set for the seminar presentation. The Administration Officer (Postgraduate Students) in the Faculty of Education will then issue invitations and arrange a suitable venue.

Three copies of the written proposal should be submitted to the Chair of the Faculty Research Committee no later than four weeks prior to the seminar presentation. The proposal will be read by the members of the Confirmation of Candidature Review Panel prior to the seminar presentation.

The proposal is a comprehensive introduction to the proposed study and should be approximately 10,000 words in length. It will normally be presented when the candidate's progress is such that he or she has completed a thorough review of the literature and has developed a comprehensive, defensible research plan. It is suggested that the proposal be divided into sections reflecting proposed thesis headings. Supervisors will guide students in the preparation of the proposal.

The proposal will normally include:

- the proposed title of the thesis to be written
- the aims and objectives of the proposed program of research and investigation
- its relationship to previous work in the same field (ie, a review of the relevant literature)
- the research design and methods to be followed in the study
- a reference list

Criteria for assessing the proposal include:

- clearly defined research aims and objectives
- feasibility of research project
- appropriate research design and methodology
- evidence that research approach will achieve objectives
- familiarity with literature in field and demonstration of the contribution of the proposed study to the field
- evidence of a capacity to express written ideas in a scholarly way

The Confirmation of Candidature Review Panel will meet after the seminar presentation to determine its recommendation. The

candidate may be required to attend this meeting. The panel will provide feedback to the candidate on the proposal.

After all these steps have been completed to the satisfaction of the Panel, a recommendation will be made through Faculty Research Committee and the Faculty Academic Board to the Research Degrees Committee that the candidate's enrolment in the EdD program be confirmed. The recommendation will consist of:

- an appraisal of the candidate's proposal (including its presentation)
- an appraisal of the candidate's progress and suitability for continuation in the EdD program
- statements of whether the studies continue to be within the aims and objectives and physical and human resources of the Centre.

The Review Panel recommendation must be submitted within one week from the date of confirmation seminar. Where the decision of the Panel is not unanimous, those members of the Panel who disagree with the Chair recommendation will submit a second report indicating the source of the disagreement. The Chair of the Faculty Research Committee (or nominee), will adjudicate on such recommendations and forward his/her recommendation to the Faculty Academic Board.

The student will have the outcomes of the evaluation procedure formally conveyed to him or her by the Research Students' Officer as soon as possible after the outcomes are confirmed through the Research Degrees Committee.

Should the candidate's progress be deemed unsatisfactory, the candidate will be required to submit to the Confirmation of Candidature process on one further occasion within a period of three months of the first seminar. The process for the resubmission is a repeat of the initial one.

If the panel recommends unsatisfactory progress at this point, the candidature will be terminated and the candidate will be offered the opportunity to enrol in one of the Master's courses in Education.

### Thesis Presentation and Examination

#### *Appointment of Examiners*

The Examination Committee shall comprise two external examiners who will examine the thesis plus an additional external examiner to be called upon only if the first two examiners are in disagreement.

Any person who has acted as the candidate's Principal or Associate Supervisor or participated in the candidate's research group or in any capacity where a conflict of interest is seen to exist may not be nominated by the faculty as an examiner.

Examiners must have demonstrable and substantial publications and research experience in the area under investigation, preferably have a doctoral qualification and be widely recognised in the relevant field. At least one of the nominated examiners should be from an internationally recognised university or equivalent research institution and the other may be from industry. However, examiners may be from Australian institutions provided that they are widely recognised as experts with demonstrable and substantial publications and research experience or widely recognized as industry leaders in the relevant industry. At least one examiner must also have had substantial experience of examining research degree candidates at the doctoral level. Agreement will be sought from examiners to examine the thesis within 8 weeks of receipt of the thesis.

#### *Thesis Submission*

- (i) Prior to thesis submission, the thesis proposal must first be checked by the centre director (or nominee) to ensure it meets the centre quality assurance checks before proceeding to the oral presentation stage. After making revisions suggested in the oral presentation, candidates will submit to

the Student Affairs Officer three copies of the thesis, bound in a temporary form as approved by Research Degrees Committee.

- (ii) The thesis must be accompanied by a signed declaration which states that:
  - (a) the candidate has complied with the ethics of experimentation as set out in the publication Guide to Thesis Presentation
  - (b) the thesis is the candidate's own work and that all other sources are correctly acknowledged
  - (c) the thesis has not been submitted to another institution.
- (iii) The thesis must contain a joint declaration signed by both the student and their supervisor stating that the thesis is ready for examination.
- (iv) The Student Affairs Officer will forward copies of the thesis to the Faculty Research Committee for recommendation to Faculty Academic Board that the approved course of study has been completed and that the thesis should be accepted by the Faculty. Copies of the thesis will then be forwarded by the Student Affairs Officer to the Research Degrees Committee together with certification as noted above. Receipt of the thesis by Research Degrees Committee shall constitute the submission of the candidate's thesis for examination.

#### **Thesis Presentation and Examination**

An oral and a written presentation to a Faculty of Education Panel is designed to assist the candidate in a final revision of the thesis and to allow the panel to recommend if the thesis is ready for examination and the formal examination by a University Examination Committee.

#### **Oral Presentation**

- (i) An oral presentation of the thesis shall be made to a Faculty of Education Panel. The presentation will be based on:
  - the work described in the thesis, and
  - the field of study in which the investigation lies.
 The Panel consists of:
  - (a) the Principal Supervisor (Chair)
  - (b) Director of the relevant Centre or nominee
  - (c) a member of the FRC Doctoral Sub-Committee
 The quorum of the Faculty Panel is three.
- (ii) The candidate's principal supervisor, through the Centre Director, shall notify the Student Affairs Officer on the relevant proforma at least four weeks in advance of the presentation. Faculty panel members must each receive a copy of the thesis in temporary binding four weeks in advance of the date set for the oral presentation. A copy of the thesis, bound in temporary cover, must also be provided to each attending member of the University Examination Panel.
- (iii) The Faculty shall advertise and arrange for the presentation which will be open to the public. Members of the University Examination Committee will also be invited to attend but will be required to leave the meeting before the Faculty Oral Panel discussion period.
- (iv) The candidate will be required to leave the room while his/her thesis is under discussion by the Faculty Oral Panel and return immediately following the discussion to review any issues raised.
- (v) The panel may recommend:
  - Thesis be forwarded to the appointed Thesis Examination Committee, subject to minor changes (if required);
  - Thesis be forwarded through the Centre Director and Doctor of Education course coordinator to the Faculty Research Committee, subject to substantial changes made in consultation with the Principal Supervisor;
  - Resubmit for Oral Presentation within three months of the first presentation.

The Review Panel recommendation must be submitted within one month from the date of Oral Presentation. Where

the decision of the Panel is not unanimous, those members of the Panel who disagree with the Chair's recommendation will submit a second report indicating the source of disagreement. The Chair of the Faculty Research Committee (or nominee) will adjudicate on such recommendations and forward his/her recommendation to the Faculty Academic Board.

- (vi) Where the Faculty Research Committee is satisfied that a candidate would be seriously disadvantaged if required to undergo an oral presentation, an alternative form of presentation may be approved. Such approval should not be given solely on the grounds that the applicant's oral competence in the English language is inadequate.

#### **The Formal Examination**

- (i) Examiners will be required to submit a written assessment of the thesis within eight weeks of its receipt. These assessments will be presented on official forms forwarded with the thesis. These forms are available from the Research Students Centre and will deal with the general standard and quality of the work and not with specific detail. Candidates may be required to participate in an oral defence of their thesis but only at the request of the examiners. Each examiner should make one of the following recommendations:
  - (a) Pass - Implying that the thesis be accepted without modification and the degree be awarded; or
  - Pass - Implying that the thesis will be fully satisfactory except for minor editorial changes; or
  - Pass - Implying that the thesis be accepted subject to major revisions, eg rewriting one of the sections, with or without additional work (changes must be made to the satisfaction of the Principal Supervisor or, if further work is required to develop additional evidence for the rewrite, the certification of the Head of School is required.)
  - (b) Resubmit - Implying that the thesis will be fully acceptable when certain necessary corrections or modifications are made by the candidate and resubmitted to the examiners;
  - (c) Fail - Implying that the thesis is not of a suitable standard
- (ii) In all cases an examiner should provide, along with the official assessment form, a separate document indicating where corrections or modifications are required and as appropriate, providing any constructive criticism and comment helpful to the candidate. An examiner will refer to any notably original contributions which the candidate has made and comment on the scope for further research or postgraduate study.
- (iii) The Research Students Centre will forward the set of examiners' assessment forms and the thesis to the Student Affairs Officer who will forward the same on to the Course Coordinator and the relevant centre director.

#### **Examination Outcomes**

##### **Pass by all Examiners**

The Course Coordinator will forward the set of examiners' assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (a) is accepted, the Faculty Academic Board will ask the Course Coordinator to make the examiners' requirements available to the candidate while maintaining the anonymity of the examiners. The Faculty Academic Board will sign an official record indicating satisfaction of all thesis requirements when advised by the course coordinator that all required changes have been completed satisfactorily.

**Resubmit by all Examiners**

The Course Coordinator will forward the set of examiners' assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (b) is accepted, the Faculty Academic Board will ask the Course Coordinator to ensure that the candidate is requested to resubmit the thesis with any necessary corrections or modifications. The revised thesis is forwarded to the examiners for assessment.

**Differing recommendations from Examiners**

If the examiners cannot reach agreement, the Faculty Academic Board will request the Course Coordinator to appoint a chair of the examination panel (internal examiner, associate supervisor or other person approved by Faculty Academic Board). In conjunction with the examiners, the chair will review the recommendations of the individual examiners and recommend a course of action to the Course Coordinator. If the chair indicates that the examiners after review cannot agree on a recommendation, the Course Coordinator will refer the matter to the Examination Research Committee of the Faculty Research Committee, which has been established to make recommendations on areas of disputation among examiners. The Faculty Research Committee will then make recommendation to the Faculty Academic Board. The Board will then (i) recommend the degree not be awarded, or (ii) accept a majority recommendation with or without the advice of a further external examiner.

**Fail by all Examiners**

The Course Coordinator will forward the set of examiners assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (c) is accepted, the normal implication is that the candidate will be excluded from the course. In exceptional circumstances, the Faculty Research Committee may grant the candidate an opportunity to submit a substantially new thesis after a period of not less than six months.

Examiners may recommend that a candidate who has been examined for the degree of EdD be awarded the degree of Master, provided that the candidate meets or can meet the requirements of the Master's program.

**Re-examination of the Thesis**

- (a) A candidate who fails to satisfy the Faculty Academic Board (upon recommendation of the Faculty Research Committee) at the first attempt may, on the recommendations of the examiners and with the approval of the Faculty Academic Board, be re-examined not more than once. Application must be made to the Faculty Academic Board for approval of the re-examination arrangements.
- (b) Re-examination shall take place within 12 months from the date on which the candidate is advised in writing of such re-examination. The Faculty Academic Board may, on application by the candidate and supported by the principal supervisor, approve an extension of this period.
- (c) The examiners must give the candidate guidance on the deficiencies identified by the first examination.
- (d) If a candidate is required to revise and resubmit a thesis, the examiners' reports will be made available to the candidate, the anonymity of the examiners being maintained.
- (e) The Faculty Academic Board on recommendation from the Faculty Research Committee may require that an additional external examiner be appointed for the re-examination.
- (f) Regulations applicable to examinations generally apply to the re-examination.

If the examiners' reports have not been made available to the candidate as part of the examination process, they should be made available once the examination process is complete. The names of examiners will be released to the student at this time if the examiners have indicated willingness to have their identities revealed to the candidate.

**Admission to Degree**

A candidate who:

- (i) fulfils the requirements of these rules, and
- (ii) whose work is of a standard that satisfies the Faculty Academic Board (after considering the results in all units and the reports of all examiners), and
- (iii) has otherwise complied with the provisions of all statutes and other applicable rules,

may be admitted to the degree of Doctor of Education.

**Standard Course structure**

**Year 1, Semester 1**

EDR703 Interdisciplinary Education Studies (Advanced Seminars)

**Year 1, Semester 2**

EDR702/1 Thesis (Preparation)

**Year 2, Semester 1**

EDR702/2 Thesis (Preparation)

**Year 2, Semester 2**

EDR702/3 Thesis (Confirmation)

To complete their Confirmation of Candidature, candidates must prepare and orally present a research proposal which must be accompanied by a 10,000 word paper. Confirmation must occur in the semester of enrolment in EDR702/3.

Students cannot progress to the next stage until they have successfully completed the Thesis Confirmation.

**Year 2, Summer Program**

EDR702/4 Thesis (Implementation)

**Year 3, Semester 1**

EDR702/5 Thesis (Implementation)

**Year 3, Semester 2**

EDR702/6 Thesis (Implementation)

**Year 3, Summer Program**

EDR702/7 Thesis (Implementation)

**Year 4, Semester 1**

EDR702/8 Thesis (Implementation)

**Year 4, Semester 2**

EDR702/9 Thesis (Submission)

**■ Master of Education (Research) (ED12)**

**Award title:** Master of Education (Research)

**CRICOS code:** 002501G

**Location:** Kelvin Grove

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Professor Lyn English

**Entry Requirements**

A four-year education-related degree with a grade point average of at least five (on a seven point scale) or equivalent, with demonstrated potential for further study and evidence of professional standing; OR

a graduate diploma in an education-related field with a grade point average of at least five (on a seven point scale) or equivalent, with a demonstrated potential for further study and evidence of professional standing; OR

an honours degree in an education-related field with a minimum Honours of IIA or IIB.

Applicants who do not have professional experience in an education-related field would normally be expected to demonstrate their potential for further study with a grade point average of six or better.

Admission depends on matching student interests and background to an appropriate supervisor or a supervisory team with relevant expertise as ascertained through interview. A proposal is developed in this initial phase. You may be required to provide satisfactory formal evidence of proficiency in the English language. Some example of recent academic writing may also be required. If you intend to study coursework units as part of your study program you should submit your application well before the next formal semester commences to ensure approval processes are finalised in time.

### Provisional Enrolment

If you do not meet these entry requirements you could be admitted on a provisional basis and be required to undertake preliminary coursework and readings as determined by the course coordinator. After satisfactory completion of preliminary studies, you will be admitted to full candidature.

### Course Structure

The course consists of four stages: preparation, proposal, implementation and submission of a thesis.

#### Preparation

Acquisition of knowledge of a range of appropriate research methods and in-depth knowledge of the research method to be used in the study and commencement of a literature search.

During the preparation stage, students will complete the units EDN611 Understanding Educational Research and EDN612 Conducting Educational Research. Students who have undertaken prior study of an equivalent nature may apply for an exemption from one or both of these units.

#### Proposal

Adoption of an appropriate research design for the proposed research; preparation of a research proposal including a draft review of the literature and research methods; presentation and justification of the proposal to other students and academic staff at a Confirmation of Candidature seminar.

The research proposal must be approved by the Confirmation of Candidature Review Panel before the student proceeds to the implementation stage.

#### Implementation

Implementation involves execution of the research.

#### Submission

Completion and presentation of a thesis at a Final Oral seminar for approval by the final oral review panel; production of the thesis in a suitable form for examination.

### Procedure for Enrolment

Before submitting an application form to enter the course, a candidate should make contact with the course coordinator or staff members who might act a supervisor for the research project. The application form requires the attachment of a preliminary research proposal and assistance from a potential supervisor or supervisors should be sought to prepare this preliminary proposal. The course coordinator, in conjunction with the appropriate centre director, will provide applicants with names of suitable academic staff to approach about supervision. The availability of a suitable supervisor is a necessary prerequisite for admission into the course.

### Special Course Requirements

As a student proceeds through the four stages of the course, he or she will be required to submit a progress report to the course coordinator at the conclusion of each semester.

There is provision in the course structure for students to present their proposal and their research in progress to a research seminar. All students enrolled in this course are to attend such seminars to present their own work and to discuss and evaluate the work of their peers.

### Transfer of Credit

- (i) On the recommendation of the course coordinator, the Dean may grant credit for studies passed at an approved institution of higher education, provided that:
  - (a) the studies are of equivalent standard and value to those offered at the University
  - (b) the studies are appropriate to the candidate's work at the University
  - (c) the studies have not counted towards a previous qualification
  - (d) the studies are not included in those that have been designated as qualifying studies for the course.
- (ii) There shall be no maximum credit granted for units previously completed at this institution prior to enrolment in the Master of Education (Research) award.
- (iii) The maximum credit granted for studies passed elsewhere shall be the equivalent to one semester of full-time study.
- (iv) Credit may be granted for units passed elsewhere after enrolment in the Master of Education (Research) award, provided that the candidate has previously obtained the permission of the Dean to enrol in these units.
- (v) Where credit is granted the Dean may reduce proportionately the candidate's period of enrolment.
- (vi) A candidate who is re-enrolling following withdrawal or termination of candidature may be granted credit for previously successful studies by the Dean upon the recommendation of the course coordinator.

### Supervision

- (i) Normally, the Principal Supervisor will be a member of the Faculty of Education.
- (ii) The University rules for PhD supervisors are supported in regard to principal and associate supervisors.
- (iii) For masters students, a maximum of two supervisors should constitute the supervisory team.
- (iv) Procedures for selection of supervisors may be obtained from Heads of School and Directors of Research Centres.
- (v) It is generally expected that the student will discuss the prospect of supervision with Heads of School or Directors of Research Centres and with the course coordinator.
- (vi) The names of supervisors for specific students are submitted to the Faculty Research Committee which in turn recommends supervisors to the Faculty Academic Board.
- (vii) The names of supported supervisors of students in research degrees will be transmitted for approval to the Research Degrees Committee.

### Confirmation of Candidature

The student will present for confirmation of candidature in consultation with his or her supervisor. Failure to do so could result in the candidate's progress being deemed unsatisfactory.

The Confirmation of Candidature Review Panel of the Faculty Research Committee will review the candidate's progress and course of study in the form of a formal seminar presentation, before candidature in the Master of Education (Research) program can be confirmed. Prior to this occurring the thesis proposal must first be checked by the centre director (or nominee) to ensure it meets the centre quality assurance checks before proceeding to the seminar stage.

Membership of the Confirmation of Candidature Review Panel will consist of the candidate's principal supervisor, one member of the Doctoral Sub-Committee of the Faculty Research Committee and the Director of the relevant Centre or nominee (Chair). The quorum for the Confirmation of Candidature Review Panel is three. The course coordinator, other staff members and other interested people are welcome to participate in the seminar presentation.

The candidate's principal supervisor, through the Centre Director, should notify the Chair of the Faculty Research Committee on the relevant proforma at least four weeks in advance of the proposal

being completed so that a date can be set for the seminar presentation. The Administration Officer (Postgraduate Students) in the Faculty of Education will then constitute the committee, issue invitations and arrange a suitable venue.

Three copies of the written proposal should be submitted to the Chair of the Faculty Research Committee via the Administration Officer no later than four weeks prior to the seminar presentation. The proposal will be read by the members of the Confirmation of Candidature Review Panel prior to the seminar presentation.

The proposal is an introduction to the proposed study and should be approximately 5,000-6,000 words in length. It will normally be presented when the candidate's progress is such that he or she has completed a preliminary review of the literature and has developed a defensible research plan. It is suggested that the proposal be divided into sections reflecting proposed thesis headings. Supervisors will guide students in the preparation of the proposal.

The proposal will normally include:

- the proposed title of the thesis to be written
- the aims and objectives of the proposed program of research and investigation
- its relationship to previous work in the same field (ie, a review of the relevant literature)
- the research design and methods to be followed in the study
- a reference list

Criteria for assessing the proposal include:

- clearly defined research aims and objectives
- feasibility of research project
- appropriate research design and methodology
- evidence that research approach will achieve objectives
- familiarity with literature in field and demonstration of the contribution of the proposed study to the field
- evidence of a capacity to express written ideas in a scholarly way.

The Confirmation of Candidature Review Panel will meet after the seminar presentation to determine its recommendation. The candidate may be required to attend this meeting. The panel will provide feedback to the candidate on the proposal.

After all these steps have been completed to the satisfaction of the Panel, a recommendation will be made through Faculty Research Committee and Faculty Academic Board to the Research Degrees Committee that the candidate's enrolment in the MEd (Research) program be confirmed. The recommendation will consist of:

- an appraisal of the candidate's proposal (including its presentation)
- an appraisal of the candidate's progress and suitability for continuation in the MEd (Research) program
- statements of whether the studies continue to be within the aims and objectives and physical and human resources of the Centre.

The Review Panel recommendation must be submitted within one week from the date of the confirmation seminar. Where the decision of the Panel is not unanimous, those members of the Panel who disagree with the Chair's recommendation will submit a second report indicating the source of the disagreement. The Chair of the Faculty Research Committee (or nominee) will adjudicate on such recommendations and forward his/her recommendation to the Faculty Academic Board.

The student will have the outcomes of the evaluation procedure formally conveyed to him or her by the Research Students' Officer as soon as possible after the outcomes are confirmed through the Research Degrees Committee.

Should the candidate's progress be deemed unsatisfactory, the candidate will be required to submit to the Confirmation of Candidature process on one further occasion within a period of

three months of the first seminar. The process for the resubmission is a repeat of the initial one.

If the panel recommends unsatisfactory progress at this point, the candidature will be terminated.

### **Progression and Unsatisfactory Progress**

#### ***Progression***

In each semester of the candidature, six-monthly progress reports are required from the Principal Supervisor to be reviewed by the course coordinator and then forwarded to the Research Degrees Committee. Satisfactory progress for provisional candidates will consist of passing qualifying requirements or course units at the appropriate levels. For students enrolled in research studies, satisfactory progress will be judged by the submission of a report to the course coordinator.

#### ***Unsatisfactory progress***

When progress is deemed unsatisfactory by the course coordinator or supervisor, the course coordinator will write to the candidate to request an indication of what action has been or will be taken to ensure progress is satisfactory for the next report.

When two consecutive reports indicate unsatisfactory progress, the Dean may require the candidate to show cause against exclusion. A student excluded under these rules has right of appeal to the Academic Appeals Committee.

- (i) With respect to coursework studies, candidates who have failed two or more units or who have otherwise progressed unsatisfactorily may be excluded from the course.
- (ii) With respect to the thesis project, progress which is considered clearly unsatisfactory by both the supervisor and the coordinator may lead to recommendation by them to the Faculty Research Committee that the candidate be excluded from the course.
- (iii) Before the Faculty Research Committee recommends exclusion, the student will apply to the Faculty Research Committee which will consider the application and make recommendation to the Faculty Academic Board.

### **Examination of the Thesis**

#### ***Appointment of Examiners***

The Examination Committee shall comprise two external examiners who will examine the thesis plus an additional external examiner to be called upon only if the first two examiners are in disagreement.

Any person who has acted as the candidate's Principal or Associate Supervisor or participated in the candidate's research group or in any capacity where a conflict of interest is seen to exist may not be nominated by the faculty as an examiner.

#### ***Thesis Submission***

- (i) Prior to thesis submission, the thesis proposal must first be checked by the centre director (or nominee) to ensure it meets the centre quality assurance checks before proceeding to the oral presentation stage. After making revisions suggested in the oral presentation, candidates will submit to the Student Affairs officer three copies of the thesis, bound in a temporary form as approved by the Research Degrees Committee.
- (ii) The thesis should be accompanied by a signed declaration which states that:
  - (a) the candidate has complied with the ethics of experimentation as set out in the publication QUT Guide to Thesis Presentation
  - (b) the thesis is the candidate's own work and that all other sources are correctly acknowledged
  - (c) the thesis has not been submitted to another institution.
- (iii) the thesis must contain a joint declaration signed by both the student and their supervisor stating that the thesis is ready for examination.

- (iv) the Student Affairs officer will forward copies of the thesis to the Faculty Research Committee for recommendation to Faculty Academic Board that the approved course of study has been completed and that the thesis should be accepted by the Faculty. Copies of the thesis will then be forwarded by the Student Affairs officer to the Research Degrees Committee together with certification as noted above. Receipt of the thesis by Research Degrees committee shall constitute the submission of the candidate's thesis for examination.

#### **Thesis Presentation and Examination**

An oral and a written presentation to a Faculty of Education Panel is designed to assist the candidate in a final revision of the thesis and to allow the panel to recommend if the thesis is ready for examination, and the formal examination by a University Examination Committee.

#### **Oral Presentation**

- (i) An oral presentation of the thesis shall be made to a Faculty of Education Panel. The presentation will be based on:
- the work described in the thesis, and
  - the field of study in which the investigation lies.
- The Panel consists of:
- (a) Principal Supervisor (Chair)
  - (b) Director of the relevant Centre of nominee
  - (c) Member of the FRC Doctoral Sub-Committee
- The quorum of the Faculty Panel is three.
- (ii) The candidate's principal supervisor, through the Centre Director, shall notify the Student Affairs officer on the relevant proforma at least four weeks in advance of the presentation. Faculty panel members must each receive a copy of the thesis in temporary binding four weeks in advance of the date set for the oral presentation. A copy of the thesis, bound in temporary cover, must also be provided to each attending member of the University Examination Panel.
- (iii) The Faculty shall advertise and arrange for the presentation which will be open to the public. Members of the University Examination Committee will also be invited to attend but will be required to leave the meeting before the Faculty Oral Panel discussion period.
- (iv) The candidate will be required to leave the room while his/her thesis is under discussion by the Faculty Oral Panel and return immediately following the discussion to review any issues raised.
- (v) The panel may recommend:
- Thesis be forwarded for endorsement through the Centre Director and Master of Education course coordinator to the Faculty Research Committee, subject to minor changes (if required);
  - Thesis be forwarded through the Centre Director and Master of Education course coordinator to the Faculty Research Committee, subject to substantial changes made in consultation with the Principal Supervisor;
  - Resubmit for Oral Presentation within three months of the first presentation.
- The Review Panel recommendation must be submitted within one month from the date of Oral Presentation. Where the decision of the Panel is not unanimous, those members of the panel who disagree with the Chair's recommendation will submit a second report indicating the source of disagreement. The Chair of the Faculty Research Committee (or nominee) will adjudicate on such recommendations and forward his/her recommendation to the Faculty Academic Board.
- (vi) Where the Faculty Research Committee is satisfied that a candidate would be seriously disadvantaged if required to undergo an oral presentation, an alternative form of presentation may be approved. Such approval should not be

given solely on the grounds that the applicant's oral competence in the English language is inadequate.

#### **Formal Examination**

- (i) Examiners will be required to submit a written assessment of the thesis within eight weeks of its receipt. These assessments will be presented on official forms forwarded with the thesis. These forms are available from the Research Students Centre and will deal with the general standard and quality of the work and not with specific detail. Candidates may be required to participate in an oral defence of their thesis but only at the request of the examiners. Each examiner should make one of the following recommendations:
- (a) Pass - implying that the thesis be accepted without modification and the degree be awarded; or  
Pass - implying that the thesis will be fully satisfactory except for minor editorial changes; or  
Pass - implying that the thesis be accepted subject to major revisions, eg rewriting one of the sections, with or without additional work (changes must be made to the satisfaction of the Principal Supervisor or, if further work is required to develop additional evidence for the rewrite, the certification of the head of School is required);
  - (b) Resubmit - implying that the thesis will be fully acceptable when certain necessary corrections or modifications are made by the candidate and resubmitted to the examiners;
  - (c) Fail - implying that the thesis is not of an acceptable standard.
- (ii) In all cases, an examiner should provide, along with the official assessment form, a separate document indicating where corrections or modifications are required and, as appropriate, providing any constructive criticism and comment helpful to the candidate. An examiner will refer to any notably original contributions which the candidate has made and may comment on the scope for further research or postgraduate study.
- (iii) The Research Students Centre will forward the set of examiners' assessment forms and the thesis to the Student Affairs officer who will forward the same on to the course coordinator and the relevant centre director.

#### **Examination Outcomes**

##### **Pass by all Examiners**

The Course Coordinator will forward the set of examiners assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (a) is accepted, the Faculty Academic Board will ask the Course Coordinator to make the examiners' requirements available to the candidate while maintaining the anonymity of the examiners. The Faculty Academic Board will sign an official record indicating satisfaction of all thesis requirements when advised by the course coordinator that all required changes have been completed satisfactorily.

##### **Resubmit by all Examiners**

The Course Coordinator will forward the set of examiners assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (b) is accepted, the Faculty Academic Board will ask the Course coordinator to ensure that the candidate is requested to resubmit the thesis with any necessary corrections

or modifications. The revised thesis is forwarded to the examiners for assessment.

#### ***Differing recommendation from Examiners***

If the examiners cannot reach agreement, the Faculty Academic Board will request the Course Coordinator to appoint a chair of the examination panel (internal examiner, associate supervisor or other person approved by Faculty Academic Board). In conjunction with the examiners, the chair will review the recommendations of the individual examiners and recommend a course of action to the Course Coordinator. If the chair indicated that the examiners after review cannot agree on a recommendation, the Course Coordinator will refer the matter to the Examination Committee of the Faculty Research Committee, which has been established to make recommendations on areas of disputation among examiners. The Faculty Research Committee will then make a recommendation to the Faculty Academic Board. The Board will then

- (i) recommend the degree not be awarded: or
- (ii) accept a majority recommendation with or without the advice of a further external examiner.

#### ***Fail by all Examiners***

The Course Coordinator will forward the set of examiners' assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee, makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (c) is accepted, the normal implication is that the candidate will be excluded from the course. In exceptional circumstances, the Faculty Research committee may grant the candidate an opportunity to submit a substantially new thesis after a period of not less than six months.

#### ***Re-examination of the Thesis***

- (a) A candidate who fails to satisfy the Faculty Academic Board (upon recommendation of the Faculty Research Committee) at the first attempt may, on the recommendations of the examiners and with the approval of the Faculty Academic Board, be re-examined not more than once. Application must be made to the Faculty Academic Board for approval of the re-examination arrangements.
- (b) Re-examination shall take place within 12 months from the date on which the candidate is advised in writing of such re-examination. The Faculty Academic Board may, on application by the candidate and supported by the principal supervisor, approve an extension of this period.
- (c) The examiners must give the candidate guidance on the deficiencies identified by the first examination.
- (d) If a candidate is required to revise and resubmit a thesis, the examiners' reports will be made available to the candidate, the anonymity of the examiners being maintained.
- (e) The Faculty Academic Board on recommendation from the Faculty Research Committee may require that an additional external examiner be appointed for the re-examination.
- (f) Regulations applicable to examinations generally apply to the re-examination.

#### **Standard Full-time Course structure**

##### ***First Semester of Study***

EDN611 Understanding Educational Research  
IFN300 Masters Research

NOTE: Students must undertake EDN611 before EDN612 or undertake them concurrently.

##### ***Second Semester of Study***

EDN612 Conducting Educational Research  
IFN300 Masters Research

In instances where a candidate has exceeded the normal course duration and an extension of time has been approved students may enrol in:

IFN101 Full-time Masters Research (extension)

#### **Standard Part-time Course Structure**

##### ***First Semester of Study***

EDN611 Understanding Educational Research  
IFN302 Masters Research

NOTE: Students must either undertake EDN611 before EDN612 or undertake them concurrently.

##### ***Second Semester of Study***

EDN612 Conducting Educational Research  
IFN302 Masters Research

##### ***Third Semester of Study***

IFN200 Masters Research

##### ***Fourth Semester of Study***

IFN200 Masters Research

In instances where a candidate has exceeded the normal course duration and an extension of time has been approved students may enrol in:

IFN201 Part-time Masters Research (extension)

### **■ Master of Education (ED13)**

**Award title:** Master of Education (Study Area A)

**CRICOS code:** 002330K

**Location:** Kelvin Grove and External

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Course duration (external):** 1 year full-time or 2 years part-time

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Donna Berthelsen

#### **Entry Requirements**

An appropriate four-year bachelor degree or equivalent at a standard acceptable to the Dean of Faculty; OR

an appropriate three year bachelor degree or equivalent at a standard acceptable to the Dean plus at least one year's appropriate professional or industrial experience.

All applicants must have a good command of the English language.

#### **Course Overview**

The course consists of a total of 96 credit points from studies in coursework, or a combination of coursework and research units from across the following areas of interest:

- Adult and Workplace Education
- Behaviour Management
- Career Guidance
- Early Childhood Education
- Higher Education
- Language and Literacy Education
- Leadership and Management
- Leading Learning and Teaching in the Middle Years
- Learning Support and Inclusive Education
- Mathematics Education
- Physical and Health Education
- School Guidance and Counselling
- Science Education
- Technology Education.

#### **Course Structure**

Students are required to obtain a total of 96 credit points from studies in coursework units or from a combination of coursework and research studies.

Course core unit: EDN611 Understanding Educational Research must be undertaken in the first semester of enrolment in the course; and either

##### ***Option 1***

For those students who want their parchment annotated with their chosen area of interest.

- 48 credit points from chosen area of interest, including the foundation unit for that area of interest, plus three units from anywhere within the course; or

### Option 2

For those students who choose not to have their parchment annotated with their chosen area of interest

- Seven units from anywhere within the course.

Students undertaking the Dissertation/Project are required to undertake EDN612 Conducting Education Research as a prerequisite.

Students undertaking Research units (EDN603, EDN608 or EDN620) may elect to allocate them to their chosen area of interest provided the research relates to that area of interest.

### Study Options

Students who have already completed one Master of Education course within the Faculty of Education at QUT and who wish to enrol in and take out another Master of Education in a different area of interest should consult the course coordinator.

### Supervision: Independent Study

Certain coursework units in particular areas of interest involve individual candidates working with supervising lecturers on a one-to-one basis. In the independent study unit, candidates have the opportunity to explore and negotiate with their lecturers to engage in integrated professional experiences that are closely linked to the candidate's current professional needs. This interaction consists of a dialogue between the candidate and lecturer to design an appropriate course of study for the unit. Subsequently, a plan of study needs to be submitted using the appropriate form, available in the 'Master of Education (coursework) Information for Supervisors and Students' booklet.

### Supervision: Dissertation/Project

For each candidate undertaking a dissertation/project a supervisor must be appointed. An appropriate supervisor or supervisory team should be identified by the end of the third week of the first semester of the program when the dissertation/project topic is chosen.

Candidates should meet regularly with their supervisor to discuss progress, submit drafts or progress reports or present seminars where appropriate at least each semester and seek guidance as necessary.

Supervisors should be readily available to consult with candidates, should provide scholarly support and constructive criticism and should assist as appropriate with access to facilities, and any relevant external agencies.

In special circumstances and with the specific approval of the Faculty Academic Board, an external supervisor may be appointed.

### Progression and Unsatisfactory Progress

#### Progression

For students enrolled in the dissertation/project, progress reports must be completed and submitted by their supervisor in the final week of each semester of their enrolment.

#### Unsatisfactory Progress

- With respect to coursework studies, candidates who have failed two or more units will be placed on probationary enrolment
- With respect to the dissertation/project, progress which is considered clearly unsatisfactory by both the supervisor and the area of interest coordinator may lead to a recommendation by them to Faculty Research Committee that the candidate be excluded from the course.
- Before the Faculty Research Committee recommends exclusion, the student may appeal to the Show Cause Subcommittee of the FRC which will consider the application and make recommendation to the FRC. After consideration, the FRC will make recommendation to the Faculty Academic Board regarding whether the candidate should be excluded or not.

### Examination of the Dissertation/Project

#### Dissertation Submission

- After examiners have been nominated and approved, the candidate will submit to the student affairs officer three copies of the dissertation bound in a temporary form for distribution to the approved examiners. Receipt of the dissertation by the student affairs officer, on behalf of Faculty Academic Board, shall constitute submission of the candidate's dissertation for examination.
- The dissertation should be accompanied by a signed declaration which states that:
  - the candidate has complied with the ethics of experimentation;
  - the dissertation is the candidate's own work and that all other sources are correctly acknowledged;
  - the dissertation has not been submitted to another institution
- The dissertation must contain a joint declaration signed by both the student and the supervisor stating that the dissertation is ready for examination.

#### Appointment of Examiners

At least one month prior to submission of the dissertation, the supervisor, in conjunction with the Head of School, should nominate in writing to the course coordinator at least two examiners who are prepared to examine the dissertation at the time required. It is the responsibility of the supervisor to ascertain the availability and willingness of these examiners to comply with the University requirements.

The two examiners must be full-time staff members of the University and may be internal to QUT. The supervisor of the dissertation may not be an examiner.

The Examination Committee consisting of at least two examiners will be appointed by the Faculty Academic Board upon recommendation from the Faculty Research Committee upon recommendation from the relevant course coordinator who will have consulted the principal supervisor.

#### Examination Process

- Examiners must receive copies of the dissertation in reasonable time to permit its thorough consideration and appraisal before the date by which assessments are required. Each examiner is required to submit a written assessment of the dissertation within eight weeks of its receipt.
- These written assessments will be presented on official forms forwarded with the dissertation. These forms are available from the Faculty of Education Office and will deal with the general standard and quality of the work and not with specific detail. Examiners are expected to return their assessment within 8 weeks to the Faculty of Education Office. Each assessment is individual and confidential and should not be made available to other examiners. Each examiner should make one of the following recommendations:
  - Pass:
    - Implying that the dissertation be accepted without modification and the degree be awarded.
    - Implying that the dissertation will be fully satisfactory except for minor changes as indicated by the examiner.
    - Implying that the dissertation be accepted subject to major revisions according to the examiners' recommendations. These changes must be made to the satisfaction of the principal supervisor or the Head of School.
 Note: a criteria sheet must also be completed and a grade of 1-7 indicated.
  - Resubmit: Implying that the dissertation will be fully acceptable when certain necessary corrections or modifications are made by the candidate and resubmitted to the examiners. In this case, the highest

grade which can be awarded once resubmitted is a grade of 4.

- (c) Fail: Implying that the dissertation is not of an acceptable standard.
- (iii) With regard to 24 credit point projects of non-English speaking background (NESB) students only, examiners may apply the Faculty NESB policy (refer to Faculty Manual of Policies and Procedures Document) when examining a project. If an examiner does apply the Faculty NESB policy, then reference to this must be made in the examiner's report.
- (iv) Minor changes would include, for editorial corrections, bibliographical details and incidental changes required to text.  
Major changes would include, for example, rewriting a section or the incorporation of further evidence and data.
- (v) In the case of all of the above, an examiner should provide, along with the official assessment form, a separate document indicating where corrections or modifications are required and, as appropriate, providing any constructive criticism and comment helpful to the candidate. An examiner will refer to any notably original contributions which the candidate has made and comment on the scope for further research or postgraduate study. A criteria sheet must also be completed.
- (vi) The Student Affairs Officer will forward the set of examiners' assessment forms and dissertation to the Course Coordinator for endorsement.

**Pass by all Examiners**

In the case of (a) above the Course Coordinator will determine the examination outcome and will advise the Student Affairs Officer. In cases where examiners' grades differ, a committee consisting of the Course Coordinator, and one other person nominated by the Course Coordination Committee will arbitrate and decide on the final grade. The Student Affairs Officer will make the examiners' requirements available to the candidate and supervisor while maintaining the anonymity of the examiners. When the student has made the required corrections, submitted three bound copies and the supervisor has certified that corrections have been satisfactorily made, the Faculty Academic Board will sign an official record indicating satisfaction of all dissertation requirements and a final result can be awarded.

**Resubmit by all Examiners**

The Course Coordinator will forward the set of examiners' assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (b) is accepted, the Faculty Academic Board will ask the Course Coordinator to ensure that the candidate is requested to resubmit the dissertation with any necessary corrections or modifications. The revised dissertation is forwarded to the examiners for reassessment. In this case the maximum grade that can be awarded if passed on resubmission is a grade of 4.

**Differing recommendations from Examiners (eg Pass & Resubmit)**

The Course Coordinator will forward the set of examiners' assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation based on the examiners' reports. The Chairperson, FRC will refer the matter to the Examination Sub-Committee of the Faculty Research Committee which has been established to make recommendations on areas of dispute between examiners. The Chairperson, Faculty Research Committee will then make formal recommendation to the Faculty Academic Board. The Faculty Academic Board may confer and seek further advice from the Faculty Research Committee before making a ruling. The Faculty Academic Board may then (i) not award the degree, or (ii) accept

a majority recommendation with or without the advice of an external examiner.

**Fail by all Examiners**

The Course Coordinator will forward the set of examiners' assessment forms to the Chairperson, Faculty Research Committee, attaching formal recommendation. The Chairperson, Faculty Research Committee makes formal recommendation to the Faculty Academic Board. The Faculty Academic Board will indicate acceptance or otherwise of the recommendation. If a recommendation of type (c) is accepted, the normal implication is that the candidate will be excluded from the course. In exceptional circumstances, the Faculty Research Committee may grant the candidate an opportunity to submit a substantially new dissertation after a period of not less than six months.

**Re-examination of the Dissertation**

- (a) A candidate who fails to satisfy the Faculty Academic Board (upon recommendation of the Faculty Research Committee) at the first attempt may, on the recommendations of the examiners and with the approval of the Faculty Academic Board, be re-examined not more than once. Application must be made to the Faculty Academic Board for approval of the re-examination arrangements.
- (b) Re-examination shall take place within 12 months from the date on which the candidate is advised in writing of such re-examination. The Faculty Academic Board may, on application by the candidate and supported by the supervisor, approve an extension of this period.
- (c) The examiners must give the candidate guidance on the deficiencies identified by the first examination.
- (d) If a candidate is required to revise and resubmit a dissertation, the examiners' reports will be made available to the candidate, the anonymity of the examiners being maintained.
- (e) The Faculty Academic Board on recommendation from the Faculty Research Committee may require that an external examiner be appointed for the re-examination.
- (f) Regulations applicable to examinations generally apply to the re-examination.

**Availability of Examiners Reports**

After the examination process is complete, the names of examiners may be released on request providing the examiner has indicated willingness to have his/her identity revealed to the candidate. Examiners will also be provided with a copy of the other examiner's report for their own information.

**Admission to the Degree of Master of Education**

Prior to admission to the award, a candidate must have at least three of the completed documents bound. Of these, one copy of the completed document must be submitted for inclusion in the University Library collection as follows:

- dissertation or project associated with a coursework specialisation where this constitutes at least 25% of the credit point total for the course.

The Supervisor has the authority to decide whether a project should be housed in the University library collection or the Centre that the student is attached to.

Of the other two copies of the completed document, one is held in the Faculty Office and the other is presented to the principal supervisor.

A candidate who:

- (a) fulfils the requirements of these rules; and
- (b) whose work is of a standard that satisfies the Faculty Academic Board (after considering the results in all subjects and/or the reports of all examiners); and
- (c) has otherwise complied with the provisions of all statutes and other applicable rules;

may be admitted to the degree of Master of Education.

**Course structure**

**Course Structure Option 1 - Area of Interest**

Course Core Unit which must be completed in first semester of enrolment:

- EDN611 Understanding Educational Research  
Select 48 credit points from one area of interest, including the Area of Interest Foundation unit, and 36 credit points from anywhere within the course.

**Course Structure Option 2 - no Area of Interest**

Course Core Unit:

- EDN611 Understanding Educational Research  
Select seven units (84 credit points) from anywhere within the course.

**Faculty Units - Individually Supervised Units**

**Research units**

- EDN611 Understanding Educational Research
- EDN612 Conducting Educational Research  
Note that students intending to enrol in EDN608 or EDN620 must first have completed both EDN611 and EDN612.
- EDN620 Dissertation  
Students enrol in 3 stages EDN620/1 Dissertation (Stage 1), EDN620/2 Dissertation (Stage 2) and EDN620/3 Dissertation (Stage 3)
- EDN608 Project  
Students enrol in 2 stages EDN608/1 Project (Stage 1) and EDN608/2 Project (Stage 2)
- EDN603 Independent Study
- EDN602 Advanced Seminars  
Students may elect to have EDN603, EDN608 or EDN620 allocated to the chosen area of interest provided the research relates to that area.

**Areas of Interest**

**Adult and Workplace Education**

Foundation unit:

- SPN621 Adult And Workplace Education: Principles And Practices

Other units:

- SPN622 Legal Risk Management And Workplace Education
- SPN623 Strategic Workplace Education
- SPN624 Foundations Of Adult Learning And Development
- CLN602 Diversity and Multiliteracies

**Behaviour Management**

Foundation unit:

- SPN617 Issues In Classroom Management

Other units:

- CLN632 Youth Focussed Behaviour Management And Schools
- SPN615 Educational Intervention For Challenging Behaviour In The Classroom
- SPN616 Behaviour Management: Programs And Planning

**Career Guidance**

Foundation unit:

- SPN618 Career Development Programs

Other units:

- SPN612 Psychoeducational Assessment
- SPN619 Career Theory
- SPN620 Career Counselling

**Early Childhood Education**

Foundation unit:

- EAN608 Constructions Of Childhood And Early Education

Other units:

- EAN601 Early Childhood Teachers Knowledge In Action
- EAN602 Leading Early Childhood Services And Policies For Future Generations
- EAN603 Development In Early Childhood Contexts
- EAN604 Young Children, Families And Community
- EAN609 Including Children Who Have Disabilities In Early Childhood Programs

**Higher Education**

Foundation unit:

- EDN626 Learning And Teaching In Higher Education

Other units:

- EDN627 Contexts And Issues In Higher Education
- EDN628 Postgraduate Research Supervision
- EDN629 Presentation And Delivery Modes In Higher Education
- EDN630 Higher Education: Curriculum Design, Assessment And Evaluation

This area is only suitable for people currently working in a higher education institution

**Language and Literacy Education**

Foundation unit:

- CLN609 Language, Literacies And Learning

Other units:

- CLN601 Cyberlearning: Information & Knowledge in the Digital Age
- CLN602 Diversity and Multiliteracies
- CLN625 New Literacies And Technologies
- CLN603 Designing Spaces for Learning

**Leadership and Management**

Foundation unit:

- SPN625 Changing Agendas In Leadership

Other units:

- SPN626 Leading And Managing People
- SPN627 Policy Development And Analysis
- SPN628 Leadership For Change
- SPN629 Current Issues In Leadership

**Leading Learning and Teaching in the Middle Years**

Foundation unit

- SPN633 Critical Frameworks For Analysing The Middle Years Of Schooling

MDN637 Flexible delivery: pedagogical issues and imperatives

- SPN630 Learning, Teaching And Supervision
- SPN631 Leading Change In Contemporary Professional Practice
- SPN634 Rethinking Programs And Pedagogies: The Middle Years Of Schooling
- SPN635 Assessment And Reporting In The Middle Years Of Schooling

**Learning Support and Inclusive Education**

Foundation unit:

- SPN613 Learners With Special Needs: Programming For Inclusive Education

Other units:

- CLN631 Policies And Practices For Inclusive Education
- EAN607 Consultation And Teamwork
- SPN614 Teaching Students With Learning Difficulties/disabilities
- SPN615 Educational Intervention For Challenging Behaviour In The Classroom

**Mathematics Education**

Foundation unit:

- MDN624 Contemporary Mathematics Curriculum: Context And Challenge

Other units:

- MDN625 Exploring Students' Mathematical Reasoning
- MDN626 Pedagogy In Mathematics Education
- MDN627 Student Assessment In Mathematics
- MDN636 Understanding Concepts In Mathematics And Science

**Physical and Health Education**

HMN201 Developing Teaching And Learning Initiatives For The Health And Physical Education Key Learning Area

- HMN202 Developing And Assessing Higher Order Thinking Skills In School Physical Education
- HMN203 Application Of The Sciences To Teaching And Learning In Physical Education And Sport
- PUN620 Concepts Of Environmental Health
- HMN205 Health Education Curriculum Across The School Years
- HMN206 Designing Physical Activity Experiences For Special Populations

**School Guidance and Counselling**

Foundation unit:

- SPN610 Advanced Educational Counselling

Other units:

- SPN611 Educational Counselling Professional Practice
- SPN612 Psychoeducational Assessment
- SPN618 Career Development Programs

Students who have not done any counselling studies in their undergraduate degree must complete the SPB006 Educational Counselling prior to enrolling in SPN610 Advanced Educational Counselling.

The School Guidance and Counselling area of interest within the Master of Education is accepted by both Education Queensland and the Brisbane Catholic Education Centre as a suitable formal employment qualification for School Counsellor and Guidance Officer positions. Graduates from this program are recognised by the Queensland Guidance and Counselling Association, and together with experience requirements it enables them to be eligible for full membership of this professional body.

**Science Education**

Foundation unit:

- MDN628 Contemporary Science Curriculum: Context And Challenge

Other units:

- MDN619 Technologically Supported Teaching And Learning Environments  
 MDN629 Development Of Students' Scientific Reasoning Skills  
 MDN630 Learning And Teaching In Contemporary Science Classrooms  
 MDN636 Understanding Concepts In Mathematics And Science

**Technology Education**

Foundation unit:

- MDN633 Curriculum Studies In Technology Education

Other units:

- MDN619 Technologically Supported Teaching And Learning Environments

- MDN623 Communications Technology In Education

- MDN637 Flexible delivery: pedagogical issues and imperatives

- MDN632 Databases In Educational Context

Students without a firm background in Technology Education should study MDN633 first. Students who are unsure of their level of expertise in Technology Education should contact the Area of Interest Coordinator, however the completion of the Graduate Diploma in Education (Computer Education) or recent experience should be sufficient. The units MDN623 and MDN619 require good Internet access. The unit MD633 is a prerequisite for MDN623.

**Master of Education (Teaching English to Speakers of Other Languages - TESOL) (ED14)**

**Award title:** Master of Education (TESOL)

**CRICOS code:** 002330K

**Location:** Kelvin Grove

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Associate Professor Penny McKay

**Entry requirements**

- (1) an appropriate bachelor degree or equivalent at a standard acceptable to the Dean of the Faculty OR
- (2) other qualifications acceptable to the Dean, which may include substantial work experience in TESOL or involvement in other relevant professional research activities; and  
 at least one year's practical experience in some branch of education acceptable to the Dean.

Applicants who are non-native speakers of English must meet the university English language proficiency entry requirements.

**Course structure**

Students are required to complete 96 credit points of study and in doing so, undertake two compulsory units of 12 credit points each: Second Language Acquisition and Principles of Second Language Methodology. Students then have the choice of pursuing one of two options:

**Option 1**

Completion of six elective units of 12 credit points each from the list below:

- Research Methods in Second Language Education
- Functional Grammar and Discourse
- Language and Culture
- Directed Reading in Second Language Education
- Technology and Second Language Learning
- Language Assessment and Program Evaluation in TESOL
- Personalised Language Development
- Second Language Curriculum Design Options
- Discourse Analysis
- Sociolinguistics
- From Theory to Practice: Practical Applications in the TESOL Classroom
- Grammar for Teachers
- English Language Teaching Management

Option 2 requires the completion of elective units and a 24 or 36 credit point research project to total 96 credit points.

**Graduate Certificate in Education (TESOL) - Exit Point**

Following the successful completion of four Master of Education (TESOL) units (including two core units and two electives), students may elect either to discontinue enrolment and graduate with a Graduate Certificate in Education (TESOL), or to pursue a further four units in order to complete the Master of Education (TESOL).

**Provisional Enrolment**

Students who do not meet the entry requirements may be admitted on a provisional basis and be required to undertake preliminary coursework and reading as determined by the course coordinator. After satisfactory completion of the preliminary studies students may be admitted to full candidature.

**Guidelines for a Project**

See the Master of Education (ED13) for the guidelines on the project/dissertation.

**Progression and Unsatisfactory Progress**

Refer to the Master of Education (ED13) entry.

**Full-time Course structure**

**First semester of study**

- CLN608 Second Language Acquisition  
 CLN612 Principles Of Second Language Methodology  
 Elective unit  
 Elective unit

**Second semester of study**

- Elective unit  
 Elective unit  
 Elective unit  
 Elective unit

**Part-time Course structure**

**First semester of study**

- CLN608 Second Language Acquisition  
 CLN612 Principles Of Second Language Methodology

**Second semester of study**

- Elective unit  
 Elective unit

**Third semester of study**

- Elective unit  
 Elective unit

**Fourth semester of study**

- Elective unit  
 Elective unit

**Elective units**

Note, a selection of these units will be offered each semester. Some electives may be offered in Summer Program.

- CLN613 Second Language Curriculum Design Options  
 CLN614 Research Methods In Second Language Education  
 CLN615 Directed Reading In Second Language Education  
 CLN616 Language Assessment And Program Evaluation In Tesol  
 CLN617 Personalised Language Development  
 CLN618 Technology And Second Language Learning  
 CLN619 Functional Grammar And Discourse  
 CLN620 Language And Culture  
 CLN640 Sociolinguistics  
 CLN641 From Theory To Practice -Practical Applications In The Tesol Classroom  
 CLN642 Grammar For Teachers  
 CLN643 English Language Teaching Management

Students must consult with the Course Coordinator to discuss their research topic and to complete the appropriate forms before enrolling in the following:

- EDN603 Independent Study  
 EDN608 Project  
 Students must enrol in EDN608/1 and EDN608/2.  
 EDN620 Dissertation  
 Students must enrol in EDN620/1, EDN620/2 and EDN620/3.  
 NOTE: EDN611 (or CLN614) is a prerequisite for EDN608. EDN611 (or CLN614) and EDN612 are prerequisites for EDN620.

EDN611 Understanding Educational Research  
 EDN612 Conducting Educational Research

## ■ Graduate Diploma in Education (Computer Education) (ED21)

**Award title:** Graduate Diploma in Education (Computer Education)

**CRICOS code:** 011197B

**Location:** Kelvin Grove and External

**Course duration (external):** 2 years part-time/external

**Total credit points:** 96

**Course coordinator:** Mr Paul Shield

### Entry Requirements

An appropriate bachelor degree, Diploma of Teaching or equivalent; at least one years experience in an educational setting; AND suitable computing experience. This experience might include, at varying levels of proficiency, either individually or in combination: word processing, use of spreadsheets, database work, programming or graphics. The course contains practical components, therefore you are required to satisfy the coordinator that you have suitable and sufficient access to computer hardware and software. Internet access may be required for some units.

### Course Structure

To meet course requirements, students must complete four core units and four elective units. Students may elect to undertake one of the modes of offering listed below to accommodate their professional requirements.

It is suggested that applicants with little knowledge of computing do the elective unit MDP530 Computer Applications in Education in their first semester. Normally MDP530 may only be attempted in the first semester of the first year of study. Students in other than their first year of study will only be allowed to undertake MDP530 with the explicit approval of the course coordinator.

Note: Four units must be completed at a grade of 4 or above before MDP506 can be undertaken.

### Course structure

#### Secondary Computer Studies

Semester 1

MDP532 Computer Systems In An Educational Context

MDP537 Major Issues In Computer Education

Semester 2

MDP503 Information Systems In Education

MDP535 Educational Software Development

Semester 3

MDP533 Teaching Information Systems Modelling

MDP507 Teaching Secondary Computer Studies

Semester 4

MDP506 Computer Education Project

MDP534 Educational Applications Of Artificial Intelligence

## ■ Graduate Diploma in Education (Early Childhood) (ED20)

**Award title:** Graduate Diploma in Education (Early Childhood)

**CRICOS code:** 011197B

**Location:** Kelvin Grove and External

**Course duration (external):** 2 years

**Total credit points:** 96

**Course coordinator:** Dr Ann Farrell

### Entry requirements

An appropriate degree, diploma or equivalent; and current teacher registration (where applicable\*); AND at least one years teaching experience.

\*Registration is not mandatory in some Australian States or overseas countries.

### Special Course Requirements

Students should note that there is a compulsory period of two weeks practice teaching with children in the early childhood age range, to be undertaken at the completion of the first four units of the course. Students employed as teachers need to complete these practice periods during school holidays in a specially organised setting. A further compulsory period of two weeks with children in the early childhood age range is held toward the end of the course to provide opportunities for extending practical knowledge of program design and evaluation. Some students may need to undertake this practicum during school holidays.

NOTE: Students are required to undergo a criminal history check (renewable every two years) before undertaking practicum units.

### Course structure

#### Year 1 Semester 1

EAP533 Change In Children: Birth To Eight Years

EAP534 Curriculum In Early Childhood 1

#### Year 1 Semester 2

EAP534 Curriculum In Early Childhood 1

EAP535 Curriculum In Early Childhood 2

EDP508 Practicum In Early Childhood 1

#### Year 2 Semester 1

EAP536 Curriculum In Early Childhood 3

One elective unit

#### Semester 1 Elective Units\*

EAP537 Contexts Of Early Childhood Education

EAB413 Management Of Early Childhood Services

#### Year 2 Semester 2

EDP509 Practicum In Early Childhood 2

Two elective units

#### Semester 2 Elective Units\*

EAB444 Inclusive Practices In Early Childhood

EAB410 Early Education: Deciding The Curriculum  
 EAP539 Transactions In Early Childhood Education  
 EAB440 Working With Parents And Community

Note: Practicum units may be undertaken in either Semester 2 or the Summer Program

\*Students will complete a total of three elective units  
 Students entering the course mid-year will undertake a modified structure

### ■ Graduate Diploma in Education (Learning Support) (ED28)

**Award title:** Graduate Diploma in Education (Learning Support)

**Location:** Kelvin Grove and External

**Course duration (external):** 1 year full-time or 2 years part-time

**Total credit points:** 96

**Course coordinator:** Dr Ruth Fielding-Barnsley

#### Entry requirements

An appropriate degree, diploma of teaching or equivalent. You also need to provide contact details of two professional referees.

#### Course structure

##### Semester 1

SPP500 Learners With Special Needs  
 SPP504 Curriculum: Learners With Special Needs  
 SPP502 Programming For Students With Learning Difficulties/disabilities  
 AND EITHER

SPB009 Research Methods In Education  
 OR

SPN612 Psychoeducational Assessment  
 NOTE: SPN612 Psychoeducational Assessment is a Masters level unit offered in the School Guidance and Counselling and Career Guidance areas of interest in the Master of Education course. Students wishing to study at the Bachelors level should complete the unit SPB009 Research Methods in Education.

##### Semester 2

CLP501 Socio-Cultural Issues In Education  
 LEP526 Literacy And Learning  
 LEP524 Consultation And Communication  
 MDP529 Diagnostic Assessment And Remedial Intervention In Mathematics

### ■ Graduate Diploma in Education (Teacher Librarianship) (ED25)

**Award title:** Graduate Diploma in Education (Teacher Librarianship)

**CRICOS code:** 011197B

**Location:** Kelvin Grove and External

**Course duration (external):** 1 year full-time or 2 years part-time

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Kerry Mallan

#### Entry requirements

An appropriate degree, diploma of teaching or equivalent. A minimum of one year of teaching experience is desirable. Students will need access to electronic resources and computers including Internet access.

#### Professional Recognition

The course is recognised by the Australian Library and Information Association as a specialist professional qualification.

#### Course Structure

To be eligible to graduate you must complete 60 credit points of core units and 36 credit points of electives. The table below shows the core and elective units. Students may select up to 24 credit points of the elective units from other University courses as approved by the Course Coordinator.

#### Course structure

##### Core Units

CLP527 Learning In The Information Age  
 CLP528 Literary and Popular Resources for Learning (name change subject to final approval)  
 CLP529 Communication Within An Information Environment  
 CLP530 Accessing Information Sources  
 CLP531 Field Program

##### Electives

CLP509 Directed Study  
 CLP532 Bibliographic Organisation  
 CLP534 Contemporary Publishing: Trends And Practices  
 Some units may be offered in Summer Program.

### ■ Graduate Certificate in Education (ED61)

**Award title:** Graduate Certificate in Education (Study Area A)

**CRICOS code:** 014019G

**Location:** Kelvin Grove and External

**Course duration (full-time):** 1 semester (subject to unit availability)

**Course duration (part-time):** 2 semesters

**Course duration (external):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Ian Ginns

#### Entry requirements

As for the postgraduate course from which the four units that make up the Graduate Certificate are taken.

#### Course Structure

The Graduate Certificate in Education course consists of 48 credit points of units from a postgraduate course within the Faculty of Education deemed by the Dean of the Faculty to form a coherent program of study. Units within the Graduate Certificate in Education course can be presented in standard, modularised and block form. Not all forms of delivery will be appropriate for all units. Standard form is normal part-time mode; the modularised form allows you to complete the assessment on a credit point basis; the block form allows you to attend one or two blocks of intensive study. Some areas of interest can be completed in external mode. The areas of interest are: Adult and Workplace Education, Behaviour Management, Career Guidance, Educational Counselling, Higher Education, Information Technology Education, Leadership and Management, Learning Leadership, Literacy and Numeracy, Marine Studies (Advanced), Mathematics Education (Advanced), Science Education, School Based Management - Master of Education entry requirements; Adult and Organisational Learning, Marine Studies, Mathematics Education, Teaching English as a Foreign Language - Young Children (International students only) - Bachelor of Education (Inservice) entry requirements; Computers in the Classroom - [Graduate Diploma in Education (Computer Education) entry requirements]; Information Literacy - [Graduate Diploma in Education (Teacher-Librarianship) entry requirements]; Learning Support - [Graduate Diploma in Education (Learning Support) entry requirements].

#### Course structure

##### Adult and Organisational Learning

Entry requirements: As for the Bachelor of Education (Inservice) (ED26)

SPB026 Adult Education In The Workplace And Community  
 SPB027 Orientation To Adult And Workplace Programs  
 SPB028 The Group In Adult And Workplace Education  
 SPB029 Instructional Strategies For Adult And Workplace Educators

##### Adult and Workplace Education

Entry requirements: As for the Master of Education (ED13)

EDN603 Independent Study  
 SPB026 Adult Education In The Workplace And Community  
 SPN623 Strategic Workplace Education  
 SPN624 Foundations Of Adult Learning And Development

##### Autistic Spectrum Disorder

Entry requirements: As for the Master of Education (ED13)

Module 1: Introduction to Autistic Spectrum Disorder  
 Module 2: Behaviour Management for Autistic Spectrum Disorder  
 EDN603 Independent Study  
 SPN615 Educational Intervention For Challenging Behaviour In The Classroom

**Behaviour Management**

Entry requirements: As for the Master of Education (ED13)  
 CLN632 Youth Focussed Behaviour Management And Schools  
 SPN615 Educational Intervention For Challenging Behaviour In The Classroom  
 SPN616 Behaviour Management: Programs And Planning  
 SPN617 Issues In Classroom Management

**Career Guidance**

Entry requirements: As for the Master of Education (ED13)  
 SPB006 Educational Counselling  
 SPN610 Advanced Educational Counselling  
 SPN618 Career Development Programs  
 SPN619 Career Theory  
 SPN620 Career Counselling  
 Students will complete either SPB006 or SPN610 depending on previous studies.

**Computers in the Classroom**

Entry requirements: As for the GradDipEd(Computer Education) (ED21)  
 MDP506 Computer Education Project  
 MDP508 Computer Use In The Primary Curriculum  
 MDP530 Computer Applications In Education  
 MDP531 Investigations Into Computer-Aided Learning  
 MDP536 Computer Graphics In Teaching  
 MDP537 Major Issues In Computer Education  
 MDP538 Computers In The Secondary Curriculum  
 MDP530 and MDP537 are core units.

**Educational Counselling**

Entry requirements: As for the Master of Education (ED13)  
 SPB006 Educational Counselling  
 SPN610 Advanced Educational Counselling  
 SPN611 Educational Counselling Professional Practice  
 SPN618 Career Development Programs

**Higher Education**

Entry requirements: As for the Master of Education (ED13)  
 EDN626 Learning And Teaching In Higher Education  
 EDN627 Contexts And Issues In Higher Education  
 EDN628 Postgraduate Research Supervision  
 EDN629 Presentation And Delivery Modes In Higher Education  
 EDN630 Higher Education: Curriculum Design, Assessment And Evaluation

**Information Literacy**

Entry requirements: As for the GradDipEd (Teacher-Librarianship) (ED25)  
 CLP527 Learning In The Information Age  
 CLP528 Literary and Popular Resources For Learning  
 CLP529 Communication Within An Information Environment  
 CLP530 Accessing Information Sources

**Information Technology Education**

Entry requirements: As for the Master of Education (ED13)  
 MDN619 Technologically Supported Teaching And Learning Environments  
 MDN623 Communications Technology In Education  
 MDN632 Databases In Educational Context  
 MDN633 Curriculum Studies In Technology Education  
 SPN632 Flexible Delivery: Pedagogical Issues And Imperatives

**Leadership and Management**

Entry requirements: As for the Master of Education (ED13)  
 SPN625 Changing Agendas In Leadership  
 SPN626 Leading And Managing People  
 SPN627 Policy Development And Analysis  
 SPN629 Current Issues In Leadership  
 EDN603 Independent Study  
 EDN608 Project  
 Students will undertake the core unit SPN625 and a further 36 cps from the remaining units on offer.

**Learning Leadership**

Entry requirements: As for the Master of Education (ED13)  
 Students should consult the Course Coordinator for details of units available.

**Learning Support**

Entry requirements: As for the GradDipEd(Learning Support) (ED28)

SPP500 Learners With Special Needs  
 SPP501 Consultation And Communication  
 SPP502 Programming For Students With Learning Difficulties/disabilities

CLP501 Socio-Cultural Issues In Education

**Marine Studies**

Entry requirements: As for the Bachelor of Education (Inservice)(ED26)  
 MDB395 Marine Studies Curriculum  
 MDB429 Initiatives In Science Education  
 EDB440 Independent Study  
 An additional 12 credit points are awarded for specified assessment and vocational qualifications.

**Marine Studies (Advanced)**

Entry requirements: As for the Master of Education (ED13)  
 MDB395 Marine Studies Curriculum  
 MDN630 Learning And Teaching In Contemporary Science Classrooms  
 EDN603 Independent Study  
 An additional 12 credit points are awarded for specified assessment and vocational qualifications.

**Mathematics Education**

Entry requirements: As for the Bachelor of Education (ED26)  
 MDB333 Mathematics Curriculum Studies 1  
 MDB411 Early Childhood Mathematics Teaching, Learning And Assessment  
 MDP529 Diagnostic Assessment And Remedial Intervention In Mathematics  
 EDB440 Independent Study  
 EDB442 Integrated Professional Seminars

**Mathematics Education (Advanced)**

Entry requirements: As for the Master of Education (ED13)  
 MDN624 Contemporary Mathematics Curriculum: Context And Challenge  
 MDN625 Exploring Students' Mathematical Reasoning  
 MDN626 Pedagogy In Mathematics Education  
 MDN627 Student Assessment In Mathematics  
 MDN636 Understanding Concepts In Mathematics And Science  
 EDN603 Independent Study

**Science Education**

Entry requirements: As for the Master of Education (ED13)  
 MDN628 Contemporary Science Curriculum: Context And Challenge  
 MDN629 Development Of Students' Scientific Reasoning Skills  
 MDN630 Learning And Teaching In Contemporary Science Classrooms  
 MDN636 Understanding Concepts In Mathematics And Science  
 EDN603 Independent Study

**■ Graduate Certificate in Education (Teaching English to Speakers of Other Languages - TESOL) (ED77)**

**Award title:** Graduate Certificate in Education (TESOL)

**CRICOS code:** 014019G

**Location:** Kelvin Grove

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Associate Professor Penny McKay

**Entry Requirements**

- (1) an appropriate bachelor degree or equivalent at a standard acceptable to the Dean of the Faculty; OR
- (2) other qualifications acceptable to the Dean, which may include substantial work experience in TESOL or involvement in other relevant professional research activities; AND at least one year's practical experience in some branch of education acceptable to the Dean.

Applicants who are non-native speakers of English must meet the university English language proficiency entry requirements.

**Course structure**

The Graduate Certificate in Education (TESOL) consists of four units taken from the Master of Education (TESOL) course.

Students are required to complete the two core units: Second Language Acquisition and Principles of Second Language Methodology and two electives from the following:

- Research Methods in Second Language Education
- Language and Culture
- Directed Reading in Second Language Education
- Technology and Second Language Learning
- Language Assessment and Program Evaluation in TESOL
- Personalised Language Development
- Second Language Curriculum Design Options
- Functional Grammar and Discourse
- Sociolinguistics
- From Theory to Practice-Practical Applications in the TESOL Classroom
- Grammar for Teachers
- English Language Teaching Management.

#### Full-time Course Structure

##### First semester of study

- CLN608 Second Language Acquisition  
 CLN612 Principles Of Second Language Methodology  
 Elective unit  
 Elective unit

#### Part-time Course Structure

##### First semester of study

- CLN608 Second Language Acquisition  
 CLN612 Principles Of Second Language Methodology

##### Second semester of study

- Elective unit  
 Elective unit

#### Elective Units

Note, a selection of these units will be offered each semester. Some electives may be offered in Summer Program.

- CLN613 Second Language Curriculum Design Options  
 CLN614 Research Methods In Second Language Education  
 CLN615 Directed Reading In Second Language Education  
 CLN616 Language Assessment And Program Evaluation In Tesol  
 CLN617 Personalised Language Development  
 CLN618 Technology And Second Language Learning  
 CLN619 Functional Grammar And Discourse  
 CLN620 Language And Culture  
 CLN640 Sociolinguistics  
 CLN641 From Theory To Practice -Practical Applications In The Tesol Classroom  
 CLN642 Grammar For Teachers  
 CLN643 English Language Teaching Management

Students must consult with the course coordinator to discuss their research topic and to complete the appropriate forms before enrolling in the following:

- EDN603 Independent Study

### ■ Bachelor of Early Childhood (ED44)

**Award title:** Bachelor of Early Childhood

**CRICOS code:** 040329K

**Location:** External

**Course duration (external):** 2 years (Part-time)

**Total credit points:** 288 (192 awarded upon entry to the course)

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jo Brownlee

#### Entry Requirements

Applicants must have:

- Diploma of Children's Services (Centre Based Care) or an equivalent accredited qualification; and at least two (2) years full-time (or equivalent) employment in the field of Child Care or Children's Services at Group Leader level or above (or equivalent); or
- Advanced Diploma of Community Services (Children's Services) or an equivalent accredited qualification; and Current employment as a Group Leader, Advanced Child Care Worker or at a higher level (or equivalent) in early childhood care and education services. Further, at least one (1) year full-time (or

equivalent) Group Leader etc employment must be completed before course completion.

Note: Special consideration may be given to those applicants in rural or isolated locations, and/or who have departmental/work requirements.

#### Professional Recognition

The Bachelor of Early Childhood is accredited by the Department of Families, Youth and Community Care for employment in the area of child care. Graduates are not eligible for teacher registration in Queensland.

#### Course structure - First Semester Entry

##### First Semester of study (March to June)

- EAP533 Change In Children: Birth To Eight Years  
 EAB348 Early Childhood Curriculum: Arts

##### Second Semester of study (July to October)

- EAB351 Family Studies And Early Childhood Education  
 OR  
 EAB364 Academic And Professional Communication  
 AND  
 EAB413 Management Of Early Childhood Services

##### Third Semester of study (March to June)

- EAB347 Early Childhood Curriculum: Early Mathematical Explorations  
 EAB346 Early Childhood Curriculum: Science, Society And The Environment

##### Fourth Semester of study (July to October)

- EAB345 Early Childhood Curriculum: Language Education  
 EAB444 Inclusive Practices In Early Childhood

#### Course structure - Mid-year Entry

##### First semester of study (July to October)

- EAP533 Change In Children: Birth To Eight Years  
 EAB413 Management Of Early Childhood Services

##### Second semester of study (March to June)

- EAB351 Family Studies And Early Childhood Education  
 OR  
 EAB364 Academic And Professional Communication  
 AND

##### Third semester of study (July to October)

- EAB345 Early Childhood Curriculum: Language Education  
 EAB444 Inclusive Practices In Early Childhood

##### Fourth semester of study (March to June)

- EAB347 Early Childhood Curriculum: Early Mathematical Explorations  
 EAB346 Early Childhood Curriculum: Science, Society And The Environment

### ■ Bachelor of Early Childhood [Offshore] (ED46)

**Award title:** Bachelor of Early Childhood

**Course duration (part-time):** 2 Years

**Total credit points:** 288

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jo Brownlee

#### Course structure

##### Year 1, Summer Program

- EAZ412 Advanced Integrated Early Childhood Curriculum  
 EAZ413 Management of Early Childhood Services  
 OR (for students with advanced standing in EAB413)  
 EAZ364 Academic and Professional Communication

##### Year 1, Semester 1

- EAZ445 Applied Studies of Children in EC Contexts  
 EAZ020 Action Research in Early Childhood Education

##### Year 1, Semester 2

- EAZ534 Curriculum in Early Childhood 1  
 EAZ535 Curriculum in Early Childhood 2

##### Year 2, Summer Program

- EAZ351 Family Studies & Early Childhood Education  
 EAZ537 Contexts of early childhood education

## ■ Bachelor of Early Childhood Studies (ED43)

**Award title:** Bachelor of Early Childhood Studies

**CRICOS code:** 020305F

**Location:** Kelvin Grove

**Course duration (full-time):** 3 years

**Total credit points:** 288

**Course coordinator:** Ms Di Nailon

### Professional Recognition

The Bachelor of Early Childhood Studies is accredited by the Department of Families, Youth and Community Care for employment in the area of child care. Graduates are not eligible for teacher registration in Queensland.

 SPB012 Classroom And Behaviour Management  
 SPB017 Classroom Management: Models And Practice  
 SPB018 Teaching Strategies  
 SPB019 Introduction To Educational Administration  
 SPB020 Classroom Assessment Practices  
 EDB440 Independent Study may be taken once only. An Independent Study Guide and Application are available from the Faculty of Education Office and should be completed and submitted prior to the semester that the study takes place.

## ■ Bachelor of Education (Adult and Workplace Education) (ED54)

**Award title:** Bachelor of Education

**CRICOS code:** 000783G

**Location:** Kelvin Grove and External

**Course duration (full-time):** 2 Years

**Course duration (part-time):** 4 Years

**Course duration (external):** 2 Years Full-time, 4 Years Part-time

**Total credit points:** 384 (192 granted on entry)

**Course coordinator:** Ms Patricia Ward

### Entry Requirements

Applicants must have:

- An associate diploma or diploma and two (2) years work experience in an area appropriate to that qualification; or
- a trade certificate, Registered General or Enrolled Nurse certificate (or equivalent), and 10 years related industry experience; or
- two (2) years of full-time bachelor degree study in a discipline area relevant to career path being pursued.

Note: special consideration may be given to those applicants with extensive adult and/or workplace education work experience.

### Course Structure

The structure of this course is comprised of units from three strands of study, namely Education Studies, Curriculum Studies, and Professional Practice.

Students must complete 72 credit points of Education Studies, 72 credit points of Curriculum Studies and 48 credit points of Professional Practice.

Students with appropriate discipline studies may seek faculty approval to follow the Secondary Pathway to facilitate teacher registration with the Queensland Board of Teacher Registration.

### Full-time Course Structure

#### Semester 1

SPB026 Adult Education In The Workplace And Community  
 EDB400 Field Experience 1  
 EDB401 Field Experience 2  
 SPB027 Orientation To Adult And Workplace Programs  
 SPB029 Instructional Strategies For Adult And Workplace Educators

#### Semester 2

## ■ Bachelor of Education (Early Childhood) (ED52)

**Award title:** Bachelor of Education

**CRICOS code:** 000783G

**Location:** Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Course coordinator:** Ms Di Nailon

### Restricted intake in 2003

The Bachelor of Education (ED52) has been replaced by the newly coded Bachelor of Education (ED92) with effect from 2003. There will be no intake into ED52 in 2003 with the exception of students commencing their studies with significant advanced standing from previous tertiary level study.

### Professional Recognition

The Bachelor of Education (Early Childhood) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland. The course is also accredited by the Department of Families, Youth and Community Care for employment in child care.

### Research Pathway

Students with a Grade Point Average of 5.5 or above before the commencement of Year 3, may be invited to undertake the Research Pathway. This option is designed to meet the needs of students wishing to undertake research level study in the course of their future career. The pathway is designed to develop research skills and a research oriented, reflective approach to teaching.

### Three-year Bachelor of Early Childhood Studies

Students who commence study in the four-year, full-time Bachelor of Education (Early Childhood) specialisation may choose to exit from the course at the end of their third year. Students will exit with a three-year Bachelor of Early Childhood Studies qualification specific to the Child Care area. Graduates of the three-year program are not eligible for registration with the Queensland Board of Teacher Registration.

Students in Primary or Early Childhood programs can also select from discipline electives offered in the Secondary program eg HPE, Visual and Performing Arts or Science.

## ■ Bachelor of Education (Early Childhood) - Graduate Course (ED57)

**Award title:** Bachelor of Education

**CRICOS code:** 031572G

**Location:** Kelvin Grove

**Course duration (full-time):** 2 years; 1.5 years Summer Program Option

**Course duration (part-time):** 4 years; 3 years Summer Program Option

**Course duration (external):** 4 years part-time or 2 years full-time; 1.5 years full-time or 3 years part-time Summer Program Option

**Total credit points:** 192

**Course coordinator:** Dr Felicity McArdle

### General Entry Requirements

To be eligible for consideration, applicants:

- (i) must have a completed undergraduate discipline degree from a recognised tertiary institution. The GPA cut-off for 2003 will be 4.5 (applications in the 4.0-4.5 range will be considered, subject to quota); and
- (ii) must have proficiency in English as determined by University requirements.

NOTE: Students based overseas should note that a proportion of the practicum requirements for this course will need to be completed in a Queensland school if registration with the Queensland Board of Teacher Registration is required.

As required by Queensland's Child Protection Act, students must undergo national criminal history checks (which must be renewed every two years) prior to undertaking field experience. Applicants for registration as a teacher in Queensland are also subject to national criminal history checks.

### Full-time Internal/External Course Structure

#### Semester 1 (Full-time Course Structure)

EDB001	Teaching and Learning Studies 1: Teaching in New Times
EDB422	Early Childhood Professional Practice: Preschool/kindergarten
EAB442	Motor And Social Development In Early Childhood
EAB347	Early Childhood Curriculum: Early Mathematical Explorations

#### Semester 2 (Full-time Course Structure)

SPB001	Human Development And Education
EDB421	Early Childhood Professional Practice: Lower Primary
EAB345	Early Childhood Curriculum: Language Education
EAB443	Cognition And Language In Early Childhood

**■ Bachelor of Education (In-service) (ED26)**

**Award title:** Bachelor of Education

**CRICOS code:** 000374C

**Location:** Kelvin Grove and External

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Course duration (external):** 1 year full-time or 2 years part-time

**Total credit points:** 96

**Course coordinator:** A/Prof John Lidstone

**Entry requirements**

Diploma of Education or equivalent qualification.

Evidence of current teacher registration should be provided with the admission application.

**Option 1**

Students may undertake four units of 12 credit points from the Faculty of Education units listed in the elective lists or from the following Faculty of Education postgraduate or preservice courses (subject to course rules):

- Graduate Diploma in Education (Inservice)
  - ED20 GDipEd(Early Childhood)
  - ED21 GDipEd(Computer Education)
  - ED25 GDipEd(Teacher-Librarianship)
  - ED28 GDipEd(Learning Support)
- Bachelor of Education (Preservice)
- Fourth Year Electives
  - ED50 BEd(Secondary)
  - ED51 BEd(Primary)
  - ED52 BEd(Early Childhood)
  - ED54 BEd(Adult & Workplace Education)

**Option 2**

Students may undertake four units of 12 credit points each offered by other faculties within QUT. Approval must be obtained from the Unit Coordinator offering the elective.

**Option 3**

Students may undertake four units of 12 credit points each from a combination of options one and two. While the course is designed to allow maximum flexibility in the selection of electives, students may wish to choose a suite of units related to a specific area of interest. Such areas of interest include Adult and Workplace Education; Art Education; Business Education; Professional Studies; Early Childhood Studies; Environmental Education; Human Relationship Education Studies; Cultural and Language Studies; Learning and Development Studies; Learning Support; Mathematics, Science and Technology Education Studies; Social Education; Educational Management; Computer Education; and Teacher Librarianship.

**Special Areas of Interest**

While the course is designed to allow maximum flexibility in the selection of electives, students may wish to choose a suite of units related to a specific area of interest. Studies in such areas of interest may be of direct relevance to the students professional responsibilities, now or in the future, or may provide an introduction to more advanced work at Master of Education level.

Such areas of interest include: Adult and Workplace Education; Art Education; Business Education; Culture and Policy; Curriculum and Professional Studies; Early Childhood; Environmental Education; Human Relationship Education; Language and Literacy; Learning and Development; Learning Support; Mathematics, Science and Technology Education; Social Education; Educational Management; Computer Education; Teacher-Librarianship.

**Course structure**

**Core Units**

CLB306 Understanding Educational Practices

SPB016 Teachers And The Curriculum

**Cultural and Language Studies in Education**

CLB304 Context Of Adult And Workplace Education

CLB376 Studies Of Society And Environment Curriculum

CLB401 Cultural Diversity And Education

CLB402 Issues In Indigenous Education

CLB403 Gender And Sexuality Issues For Teachers

CLB405 Environmental Education

CLB440 Trends In The Teaching Of Writing

CLB441 Children's Literature

CLB443 Trends In The Teaching Of Reading

CLB451 Storytelling: Cultural Perspectives

CLB454 Language And Literacy Curriculum

## ■ Bachelor of Education (Preservice) (Early Childhood) (ED53)

**Award title:** Bachelor of Education (Preservice)

**Location:** External

**Course duration (external):** 4 years

**Total credit points:** 384 (192 awarded upon entry to the course)

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Jo Brownlee

### Entry Requirements

Applicants must have:

- Diploma of Children's Services (Centre Based Care) or an equivalent accredited qualification; and at least two (2) years full-time (or equivalent) employment in the field of Child Care or Children's Services at Group Leader level or above (or equivalent); or
- Advanced Diploma of Community Services (Children's Services) or an equivalent accredited qualification; and Current employment as a Group Leader, Advanced Child Care Worker or at a higher level (or equivalent) in early childhood care and education services. Further, at least one (1) year full-time (or equivalent) Group Leader etc employment must be completed before course completion.

Note: Special consideration may be given to those applicants in rural or isolated locations, and/or who have departmental/work requirements.

### Professional Recognition

The Bachelor of Education (Preservice Early Childhood) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland. Applicants for teacher registration in Queensland are subject to national criminal history checks. Early Childhood specialisations are also accredited by the Department of Families, Youth and Community Care for employment in the area of child care.

### Early Exit

Students who wish to exit the course early with a three-year Bachelor of Early Childhood should apply, in the semester they expect to exit (usually on nearing completion of the fourth semester of study), using an SRX Form. Students who take this option will have their enrolment in the Bachelor of Education (Preservice Early Childhood) ED53 cancelled on completion of the transfer. Students wishing to complete their fourth year of study may re-apply for admission to the course at a later stage.

### Accelerated Progression - Summer Program Units

Students may accelerate their progress through the course by undertaking units in the summer program. The summer program units are offered on a full-fee-paying basis only.

### Course structure - First Semester Entry

#### First Semester of Study (March to June)

EAP533 Change In Children: Birth To Eight Years

EAB348 Early Childhood Curriculum: Arts

#### Second Semester of Study (July to October)

EAB351 Family Studies And Early Childhood Education

OR

EAB364 Academic And Professional Communication

## ■ Bachelor of Education (Primary) (ED51)

**Award title:** Bachelor of Education

**CRICOS code:** 000783G

**Location:** Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Course coordinator:** Dr Jackie Stokes

### Professional Recognition

The Bachelor of Education (Primary) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland. Applicants for teacher registration in Queensland are subject to national criminal history checks.

### LOTE Pathway

Students undertaking a LOTE pathway may be required to attend other campuses.

Students wishing to undertake studies in French, German, Indonesian or Japanese are required to select a specified sequence of six units (72 credit points). Students who have taken their LOTE to Year 12 or equivalent do not take the introductory units.

### Research Pathway

Students with a Grade Point Average of 5.5 or above before the commencement of Year 3, may be invited to undertake the Research Pathway Option. This option is designed to meet the needs of students wishing to undertake research-based higher degree study in the course of their future career. The pathway is designed to develop research skills and a research-oriented, reflective approach to teaching.

### Middle Years Pathway

Students have the option of choosing the Middle Years pathway which will enable them to gain expertise in middle year schooling. The option involves choosing four units in the final semester including a practicum in the middle years setting (subject to Grade Point Average of 5 or above).

### Course structure

#### Semester 1

- CLB305 Education In Context
- CLB344 Language & Literacy Foundations
- SPB001 Human Development And Education and one of:
- MDB385 Information & Technology in Education or for LOTE Pathway
- LOTE 1 (List 2)

#### Semester 2

- HMB171 Fitness Health And Wellness
- EDB430 Primary Professional Practice 1: Classroom Management
- MDB386 Mathematics Foundations and one of:
- CLB369 Social And Environmental Foundations or for LOTE Pathway
- LOTE 2 (List 2)

#### Semester 3

- MDB387 Science Foundations and either:
- KKB918 Arts Foundation Studies
- MDB373 Mathematics Curriculum 1
- CLB376 Studies Of Society And Environment Curriculum or for LOTE Pathway
- LOTE 3 (List 2)
- MDB450 Primary Mathematics Curriculum
- MDB385 Information Technologies In Education

#### Semester 4

- MDB383 Using Technology In The Curriculum and either:
- KKB914 Visual And Performing Arts Curriculum 1
- CLB348 Language And Literacy Curriculum 1
- Discipline Studies Elective (List 1) or for LOTE Pathway
- LOTE 4 (List 2)
- CLB372 The Consumer, Society And The Environment
- CLB454 Language And Literacy Curriculum

#### Semester 5

- SPB002 Psychology Of Learning And Teaching
- EDB431 Primary Professional Practice 2: Curriculum Decision Making and either:
- Discipline Studies Elective (List 1)
- CLB349 Language And Literacy Curriculum 2 or for LOTE Pathway
- LOTE 5 (List 2)
- KKB918 Arts Foundation Studies

#### Semester 6

- CLB306 Understanding Educational Practices
- MDB384 Science Education and either:
- MDB374 Mathematics Curriculum 2
- Discipline Studies Elective (List 1) or for LOTE Pathway
- LOTE 6 (List 2) and
- KKB914 Visual And Performing Arts Curriculum 1

#### Semester 7

- EDB432 Primary Professional Practice 3: The Inclusive Curriculum
- HMB307 Health And Physical Education Curriculum (Primary)
- CLB413 Programming And Assessment In Language And Mathematics and either:
- Discipline Studies Elective (List 1) or for LOTE Pathway
- CLB376 Studies Of Society And Environment Curriculum
- Students in LOTE Pathway undertake LOTE professional practice for EDB432

#### Semester 8

- Education Studies Elective
- Education Studies Elective
- EDB433 Primary Professional Practice 4: Beginning Teaching and either
- Curriculum Studies Elective or for LOTE Pathway
- CLB334 Primary LOTE Curriculum Studies

### ED51 - Research Pathway Option

#### Year 3, Semester 2

- EDB410 Introduction To Research Methods In Education
- MDB374 Mathematics Curriculum 2
- MDB384 Science Education
- Discipline Studies Elective Unit

#### Year 4, Semester 1

- EDB411 Dissertation
- EDB432 Primary Professional Practice 3: The Inclusive Curriculum
- CLB413 Programming And Assessment In Language And Mathematics
- HMB307 Health And Physical Education Curriculum (Primary)

#### Year 4, Semester 2

- CLB306 Understanding Educational Practices
- EDB411 Dissertation
- EDB411 Dissertation
- EDB433 Primary Professional Practice 4: Beginning Teaching

### ED51 - Middle Years Pathway Option

#### Year 4, Semester 2

- SPB022 The Middle Years Curriculum
- SPB008 The Middle Years Of Schooling
- EDB433 Primary Professional Practice 4: Beginning Teaching
- EDB443 Professional Internship Of Associate Teaching

### List 1 : Discipline Studies Electives

All students (except those following the LOTE pathway) take a total of four units from this list during Years 2 - 4 (refer to course structure on previous pages for exact semesters).

The first three should be drawn from one of the specified minors below. Students may take the fourth unit from the same elective group, or from other undergraduate offerings at QUT.

#### Language

- Minor
- CLB441 Children's Literature
- CLB452 Media Literacy And The School
- CLB451 Storytelling: Cultural Perspectives
- Additional Units
- CLB446 Understanding Texts and Writing
- CLB321 Writing Workshop

#### Mathematics

- Minor
- MDB347 Excursions In Number
- MDB388 Gaming And Chance
- MDB396 Excursions In Geometry
- Additional Unit
- MDB349 Mathematical Reasoning

#### Studies Of Society And Environment

- Minor
- CLB371 Knowing Your Environment
- CLB372 The Consumer, Society And The Environment
- CLB373 Future Societies And Environments - Australia, Asia And The Pacific
- CLB375 Environmental Field Studies

#### Health And Physical Education

- Minor
- HMB376 Motor Development In Children
- HMB333 Child And Adolescent Health
- HMB315 Performance Skills 2
- Additional Units

HMB305	Personal Health
HMB313	Socio-Cultural Foundations Of Physical Activity
HMB314	Performance Skills 1
HMB316	Performance Skills 3
HMB332	Health Related Fitness
PUB127	Health Issues In Australia
	HMB315 and HMB314 cannot be taken in the same semester as a Block Practical

**Visual And Performing Arts**

Three units from one of the selected Arts discipline area: Music, Visual Arts, Drama or Dance

Students must satisfy any specific entry requirements for Arts units. The fourth unit may be taken from any of these areas.

**Dance**

KDB125	Deconstructing Dance In History
KDB106	The Analysis Of Modern Dance
KDB176	Popular Dance Styles
KDB114	Australian Dance
KDB117	Dance In Education

**Drama**

KTB208	Elements Of Drama
KTB214	Process Drama
KTB251	20th Century Stages
KTB253	Staging Australia
KSB259	The Performance Instrument: Body And Voice
KTB271	Studies In Directing
KTB275	Understanding Performance
KTB278	Technical Theatre

**Music**

KMB619	Music And Sound Technology
KMB912	Introductory Musicianship
KMB650	Introductory Ensemble
	Additional Units
KMB631	World Music
KMB639	Music Directing
KMB640	Sex Drugs Rock N Roll

**Visual Arts**

KVB447	Drawing
KVP507	Painting
KVB457	Sculpture
KVP503	Clay Materials
KVP509	Photographic Media
KVP511	Printmaking
KVB702	Australian And Indigenous Art

**Science**

	Minor
MDB389	Life And Living Processes
MDB390	Natural And Processed Materials
MDB391	Earth And Space
	Additional Units
LSB142	Human Anatomy and Physiology
SCB202	Science, Technology and Society

**Technology**

	Minor
MDB392	Educational Computing Environments
MDB393	Networked Communities
MDB397	Multimedia
MDB377	Project Planning And Implementation For Educational Purposes

**List 2 : Languages Other Than English (LOTE) Units**

**LOTE Units**

General primary/LOTE students are required to complete 72 credit points of discipline/content studies plus 12 credit points of curriculum studies in one of the four languages available.

Students who have taken their LOTE to Year 12 or equivalent do not take the introductory units.

The language units in the discipline/content strand are as follows:

**French**

HHB060	French For The Tourism Industry
HHB061	French 1
HHB062	French 2
HHB063	French 3
HHB064	French 4
HHB065	French 5
HHB066	French 6
HHB067	French 7
HHB068	French 8
HHB069	French 9

**French 10**

**German**

HHB091	German 1
HHB092	German 2
HHB093	German 3
HHB094	German 4
HHB095	German 5
HHB096	German 6
HHB097	German 7
HHB098	German 8

**Indonesian**

HHB071	Indonesian 1
HHB072	Indonesian 2
HHB073	Indonesian 3
HHB074	Indonesian 4
HHB075	Indonesian 5
HHB076	Indonesian 6
HHB077	Indonesian 7
HHB078	Indonesian 8

**Japanese**

HHB081	Japanese 1
HHB082	Japanese 2
HHB083	Japanese 3
HHB084	Japanese 4
HHB085	Japanese 5
HHB086	Japanese 6
HHB087	Japanese 7
HHB088	Japanese 8

**■ Bachelor of Education (Primary) (ED91)**

**Award title:** Bachelor of Education (Primary)

**CRICOS code:** 000783G

**Location:** Kelvin Grove

**Course duration (full-time):** 4 years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Jackie Stokes

**Professional recognition**

The Bachelor of Education (Primary) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland. Applicants for teacher registration in Queensland are subject to national criminal history checks.

**LOTE pathway**

Students undertaking a LOTE pathway may be required to attend other campuses.

Students wishing to undertake studies in French, German, Indonesian or Japanese are required to select a specified sequence of six units (72 credit points). Students who have taken their LOTE to Year 12 or equivalent do not take the introductory units.

**Research pathway**

Certain students will be invited to undertake the Research Pathway Option. This option is designed to meet the needs of students wishing to undertake research-based higher degree study in the course of their future career. The pathway is designed to develop research skills and a research-oriented, reflective approach to teaching.

**Course structure**

*Year 1, Semester 1*

- EDB001 Teaching and Learning Studies 1: Teaching in New Times
- EDB006 Learning Networks
- CLB004 Integrated Foundation Studies 1: Visual and Verbal Language and Literacies
- MDB001 Integrated Foundations Studies 2: Scientific and Quantitative Literacy

*Year 1, Semester 2*

- EDB007 Culture Studies: Indigenous Education
- CLB006 Primary Curriculum and Pedagogies: Language and Literacies 1
- MDB002 Primary Curriculum and Pedagogies: Mathematics 1
- CLB005 Integrated Foundation Studies 3: Wellness and Active Citizenship

*Year 2, Semester 1*

- EDB002 Teaching and Learning Studies 2: Development and Learning
- EDB021 Primary Field Studies 1: Development and Learning in the Field
- MDB006 Primary Curriculum & Pedagogies: Science
- MDB004 Primary Curriculum & Pedagogies: Information and Communication Technologies

*Year 2, Semester 2*

- KKB201 Primary Curriculum & Pedagogies: Arts 1
- CLB008 Primary Curriculum and Pedagogies: Studies of Society and Environment  
Pathway studies 1  
Pathway studies 2

*Year 3, Semester 1*

- Primary Curriculum & Pedagogies: Health & Physical Education
- MDB005 Primary Curriculum & Pedagogies: Design and Technology Education
- CLB007 Primary Curriculum and Pedagogies: Language and Literacies 2  
Pathway studies 3

*Year 3, Semester 2*

- EDB003 Teaching and Learning Studies 3: Practising Education
- EDB022 Primary Field Studies 2: Practising Education in the Field
- MDB003 Primary Curriculum & Pedagogies: Mathematics 2
- KKB202 Primary Curriculum & Pedagogies: Arts 2

*Year 4, Semester 1*

- EDB004 Teaching and Learning Studies 4: Focus on Inclusive Education
- EDB023 Primary Field Studies 3: Immersion in Inclusive Education
- SPB036 Primary Curriculum and Pedagogies: Assessment and Reporting
- SPB035 Primary Curriculum and Pedagogies: Integrated Primary and Middle Years Curriculum Project

*Year 4, Semester 2*

- EDB005 Teaching and Learning Studies 5: Professional Work of Teachers

- EDB024 Primary Field Studies 4: Professional Work of Teachers - Induction into the Field
- EDB025 Internship (Primary)  
Pathway studies 4 (Project)

**ED91 - LOTE Pathway**

*Year 1, Semester 1*

- EDB006 Learning Networks
- KKB914 Visual And Performing Arts Curriculum 1
- CLB004 Integrated Foundation Studies 1: Visual and Verbal Language and Literacies  
LOTE 1 or 3

*Year 1, Semester 2*

- EDB001 Teaching and Learning Studies 1: Teaching in New Times
- CLB006 Primary Curriculum and Pedagogies: Language and Literacies 1
- MDB002 Primary Curriculum and Pedagogies: Mathematics 1  
LOTE 2 or 4

*Year 2, Semester 1*

- EDB002 Teaching and Learning Studies 2: Development and Learning
- EDB021 Primary Field Studies 1: Development and Learning in the Field
- MDB004 Primary Curriculum & Pedagogies: Information and Communication Technologies  
LOTE 3 or 5

*Year 2, Semester 2*

- EDB007 Culture Studies: Indigenous Education
- CLB008 Primary Curriculum and Pedagogies: Studies of Society and Environment
- MDB006 Primary Curriculum & Pedagogies: Science  
LOTE 4 or 6

*Year 3, Semester 1*

- CLB007 Primary Curriculum & Pedagogies: Language and Literacies 2  
Primary Curriculum & Pedagogies: Health & Physical Education  
Primary Curriculum 1 LOTE  
LOTE 5 or 7

*Year 3, Semester 2*

- EDB003 Teaching and Learning Studies 3: Practising Education
- EDB022 Primary Field Studies 2: Practising Education in the Field
- MDB003 Primary Curriculum & Pedagogies: Mathematics 2  
LOTE 6 or 8

*Year 4, Semester 1*

- EDB004 Teaching and Learning Studies 4: Focus on Inclusive Education
- EDB023 Primary Field Studies 3: Immersion in Inclusive Education
- KKB202 Primary Curriculum & Pedagogies: Arts 2
- SPB036 Primary Curriculum and Pedagogies: Assessment and Reporting

*Year 4, Semester 2*

- EDB005 Teaching and Learning Studies 5: Professional Work of Teachers
- EDB024 Primary Field Studies 4: Professional Work of Teachers - Induction into the Field
- EDB025 Internship (Primary)  
Primary Curriculum 2 LOTE

**ED91 - Research Pathway Option**

*Year 1, Semester 2*

- After a common First Semester of study, the structure for Research Pathway students will be:
- EDB007 Culture Studies: Indigenous Education
- CLB006 Primary Curriculum and Pedagogies: Language and Literacies 1  
Primary Curriculum & Pedagogies: Visual Arts
- CLB005 Integrated Foundation Studies 3: Wellness and Active Citizenship

*Year 2, Semester 1*

- EDB002 Teaching and Learning Studies 2: Development and Learning
- EDB021 Primary Field Studies 1: Development and Learning in the Field
- MDB002 Primary Curriculum and Pedagogies: Mathematics 1
- MDB004 Primary Curriculum & Pedagogies: Information and Communication Technologies

*Year 2, Semester 2*

- CLB008 Primary Curriculum and Pedagogies: Studies of Society and Environment
- MDB006 Primary Curriculum & Pedagogies: Science

- Pathway Studies 1  
 Pathway Studies 2
- Year 3, Semester 1**
- Primary Curriculum & Pedagogies: Health & Physical Education
- MDB005 Primary Curriculum & Pedagogies: Design and Technology Education
- CLB007 Primary Curriculum and Pedagogies: Language and Literacies 2
- EDB410 Introduction To Research Methods In Education

- Year 3, Semester 2**
- EDB003 Teaching and Learning Studies 3: Practising Education
- MDB003 Primary Curriculum & Pedagogies: Mathematics 2
- Primary Curriculum & Pedagogies: Performing Arts
- EDB411 Dissertation

- Year 4, Semester 1**
- EDB004 Teaching and Learning Studies 4: Focus on Inclusive Education
- EDB023 Primary Field Studies 3: Immersion in Inclusive Education
- SPB036 Primary Curriculum and Pedagogies: Assessment and Reporting
- EDB411 Dissertation

- Year 4, Semester 2**
- EDB005 Teaching and Learning Studies 5: Professional Work of Teachers
- EDB024 Primary Field Studies 4: Professional Work of Teachers - Induction into the Field
- EDB025 Internship (Primary)
- EDB411 Dissertation

**List 1: Pathway Studies Electives**

All students (except those following the LOTE pathway) take a total of four units from this list during Years 2 - 4 (refer to course structure on previous pages for exact semesters).

The first 3 should be drawn from one of the specified groups below with the fourth unit being a Project from the same elective group.

**Research Pathway**

(see above for complete research pathway)

- EDB440 Independent Study
- EDB411 Dissertation
- EDB411 Dissertation
- EDB411 Dissertation

**Middle Years Pathway**

- SPB022 The Middle Years Curriculum
- SPB008 The Middle Years Of Schooling
- HMB333 Child And Adolescent Health
- OR
- SPB020 Classroom Assessment Practices
- EDB440 Independent Study

**Studies In Inclusive Education**

Choose three from

- CLB302 Identifying And Responding To Student Difference
- CLB347 Teaching Students From Non-English Speaking Backgrounds
- CLB401 Cultural Diversity And Education
- CLB402 Issues In Indigenous Education
- CLB403 Gender And Sexuality Issues For Teachers
- SPB003 Teaching Children With Low Incidence Disabilities And Health Problems
- SPB004 Teaching Exceptional Students
- SPB007 Human Sexuality And Learning
- EDB440 Independent Study

**Studies In Managing Educational Services**

Choose three from

- SPB010 Education Law And The Beginning Teacher
- SPB011 Learning/teaching Environments
- SPB012 Classroom And Behaviour Management
- SPB017 Classroom Management: Models And Practice
- SPB018 Teaching Strategies
- EDB440 Independent Study

**Leading And Managing Educational Services**

- SPP506 Policies And Practices In Educational Management
- SPP509 Managing The Curriculum
- SPP508 Human Resource Management In Education
- SPP507 Educational Services Management
- OR
- SPP505 Financial Management In Education Settings
- OR
- SPB010 Education Law And The Beginning Teacher

**Health & Nutrition**

Units to be confirmed

**Studies In Key Learning Areas**

Students wishing to become Key Teachers or teach in the Middle Years select from the following areas.

- Language
- CLB441 Children's Literature
- CLB452 Media Literacy And The School
- CLB451 Storytelling: Cultural Perspectives
- EDB440 Independent Study
- Mathematics
- MDB347 Excursions In Number
- MDB388 Gaming And Chance
- MDB396 Excursions In Geometry
- EDB440 Independent Study
- Studies Of Society And Environment
- CLB371 Knowing Your Environment
- CLB372 The Consumer, Society And The Environment
- CLB373 Future Societies And Environments - Australia, Asia And The Pacific
- EDB440 Independent Study
- Health And Physical Education
- HMB376 Motor Development In Children
- HMB333 Child And Adolescent Health
- HMB315 Performance Skills 2
- EDB440 Independent Study

**Visual And Performing Arts**

Three units from one of the selected Arts discipline area: Music, Visual Arts, Drama or Dance

Students must satisfy any specific entry requirements for Arts units.

The fourth unit may be taken from any of these areas.

Dance

- KDB117 Dance In Education
- KDB125 Deconstructing Dance In History
- KDB106 The Analysis Of Modern Dance
- KDB176 Popular Dance Styles
- KDB114 Australian Dance

Drama

- KTB208 Elements Of Drama
- KTB214 Process Drama
- KTB251 20th Century Stages
- KTB253 Staging Australia
- KSB259 The Performance Instrument: Body And Voice
- KTB271 Studies In Directing
- KTB275 Understanding Performance
- KSB278 Technical Theatre

Music

- KMB649 Introductory Musicianship
- KMB619 Music And Sound Technology
- KMB650 Introductory Ensemble
- KMB631 World Music
- KMB639 Music Directing
- KMB640 Sex Drugs Rock N Roll

Visual Arts

- KVB447 Drawing
- KVB507 Painting
- KVB457 Sculpture
- KVB503 Clay Materials
- KVB509 Photographic Media
- KVB702 Australian And Indigenous Art

Science

- MDB389 Life And Living Processes
- MDB390 Natural And Processed Materials
- MDB391 Earth And Space
- EDB440 Independent Study

**Technology**

- MDB392 Educational Computing Environments
- MDB393 Networked Communities
- MDB397 Multimedia
- EDB440 Independent Study
- Students in Primary or Early Childhood programs can also select from discipline electives offered in the Secondary program eg HPE, Visual and Performing Arts or Science.

**List 2 : Languages Other Than English (LOTE) Units**

See Bachelor of Education (Primary) (ED51) for list.

**■ Bachelor of Education (Primary) - Graduate Course (ED56)**

**Award title:** Bachelor of Education

**CRICOS code:** 031572G

**Location:** Kelvin Grove

**Course duration (full-time):** 2 years; 1.5 years Summer Program Option

**Course duration (part-time):** 4 years; 3 years Summer Program Option

**Course duration (external):** 2 years full-time or 4 years part-time; 1.5 years full-time or 3 years part-time Summer Program Option

**Total credit points:** 192

**Course coordinator:** Dr Annah Healy

**General Entry Requirements**

To be eligible for consideration, applicants:

- (i) must have a completed undergraduate discipline degree from a recognised tertiary institution. The GPA cut-off for 2003 will be 4.5 (applications in the 4.0-4.5 range will be considered, subject to quota); and
- (ii) must have proficiency in English as determined by University requirements.

NOTE: Students based overseas should note that a proportion of the practicum requirements for this course will need to be completed in a Queensland school if registration with the Queensland Board of Teacher Registration is required.

As required by Queensland's Child Protection Act, students must undergo national criminal checks (which must be renewed every two years) prior to undertaking field experience. Applicants for teacher registration in Queensland are subject to national criminal history checks.

**Full-time: Internal/External Course Structure**

**Semester 1 (Full-time Course Structure)**

EDB001 Teaching and Learning Studies 1: Teaching in New Times  
 MDB450 Primary Mathematics Curriculum  
 EDB430 Primary Professional Practice 1: Classroom Management  
 CLB376 Studies Of Society And Environment Curriculum

**Semester 2 (Full-time Course Structure)**

 CLB413 Programming And Assessment In Language And Mathematics

Students with an approved LOTE background in their undergraduate degree who wish to undertake CLB334 Primary LOTE Curriculum Studies in place of CLB413 Programming and Assessment in Language and Mathematics should contact the Student Affairs office on 3864 3947.

Primary LOTE Curriculum Studies is only offered internally in semester two.

**Year 3, Semester 2**

KKB914 Visual And Performing Arts Curriculum 1

EDB433 Primary Professional Practice 4: Beginning Teaching

**■ Bachelor of Education (Secondary) (ED50)**

**Award title:** Bachelor of Education

**Location:** Gardens Point, Kelvin Grove and Carseldine

**Course duration (full-time):** 4 years

**Course coordinator:** Dr John Whitta

**Course Requirements**

Undergraduate-entry students complete 192 credit points of professional studies and 192 credit points of discipline studies.

**Optional Pathways**

A Middle Years Pathway and Research Pathway are available.

**Middle Years Pathway**

The Middle Years Pathway enables students to gain expertise in middle years schooling. The option involves choosing four units in the final semester including a practicum in the middle years setting (subject to Grade Point Average of 5 or above).

**Research Pathway**

Students with a Grade Point Average of 5.5 or above before the commencement of Year 3, may be invited to undertake the Research Pathway Option. This option is designed to meet the needs of students wishing to undertake research-based higher degree study in the course of their future career. The pathway is designed to develop research skills and a research-oriented, reflective approach to teaching.

**Early Exit**

Students have the option to exit the course early with a three-year Bachelor of General Studies (Education). Students wishing to take up this option should apply in writing to the course administration officer on nearing completion of the sixth semester of study, requesting that they be transferred to the Bachelor of General Studies (Education) ED45 course. Graduates of this degree are not eligible for teacher registration in Queensland.

To meet the requirements of the Bachelor of General Studies (Education) students will have successfully completed 288 credit points of study comprising:

- 96 credit points of professional studies in education including at least 48 credit points of advanced level units. (In the B Ed (Secondary) program all professional studies in education units except CLB305 Education in Context, CLB341 Language Technology and Education, SPB001 Human Development and Education, and EDB450 Secondary Professional Practice 1: Classroom Management are deemed to be advanced level units.);
- 96 credit points taken from the Discipline/Content Studies in the B Ed (Secondary) which must include a minimum of 72 credit points in the one discipline area. A minimum of 48 credit points of these Discipline/Content Studies must be undertaken at the advanced level: and
- 96 credit points from a combination of the above or, in consultation with the Associate Course Coordinator, from other courses across the university subject to course rules.

**Entry into Course Streams**

**1. Business Education; English and Film and Media Studies; LOTE; Science/Mathematics/Computing; Social Science**

- Accounting/Business Management
- Business Communication & Technologies
- Economics
- Legal Studies
- English
- Film and Media Studies

- French
- German
- Indonesian
- Japanese
- Chemistry
- Computing
- Earth Science
- Mathematics
- Physics
- Science Studies
- Geography
- History
- Social Science

**2. Home Economics**

- Home Economics

**3. Physical Education**

- Physical Education

Studies are also available in Health Education and English as a Second Language (ESL)

Refer to Course Structures for details of the Diploma of Business (Administration)/Bachelor of Education (Secondary) (ED50) - Double TAFE/QUT Award.

**Discipline Studies**

Undergraduate-entry students are required to take 192 credit points of Discipline Studies units, specialising in two teaching areas appropriate to Years 8 - 12 in Queensland. Students must complete at least 96 credit points in one teaching area and will normally complete at least 72 credit points in their other teaching area (Groups X and Y). The remaining 24 credit points may be added to the 72, added to the 96, or used for personal development in a third area.

In certain circumstances, permission may be given to complete 48 credit points in a non-discipline area. Students undertaking this option will complete 96 credit points in one of their two teaching areas and 48 credit points in their other teaching area. An additional 48 credit points may then be selected in a non-teaching area.

Note: The above mentioned option is not available in all teaching areas. Approval from the course coordinator is required. Students wishing to explore this option should consult with the associate course coordinator (Secondary). Hence, the combinations available include the following:

- (a) Teaching area 1: 120 credit points  
Teaching area 2: 72 credit points
- (b) Teaching area 1: 96 credit points  
Teaching area 2: 96 credit points
- (c) Teaching area 1: 96 credit points  
Teaching area 2: 72 credit points  
Liberal Studies (Group Z): 24 credit points
- (d) Teaching area 1: 96 credit points\*  
Teaching area 2: 48 credit points  
Non-teaching area: 48 credit points

\*Option (d) is available only by request and in a restricted number of teaching areas.

The teaching areas are divided into Group X and Group Y as shown in the Course Structure. Students may also select up to 24 credit points from units in Group Z. Students should note that not all faculties offer units for elective studies in the Bachelor of Education (Preservice).

**Accounting/Business Management (X/Y)**

Minor: 72 credit points - consisting of 48 credit points of level one and the remainder (24 credit points) of advanced units.

Major: 96 credit points - consisting of 48 credit points of level one and the remainder (48 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 48 credit points of level one and the remainder (72 credit points) of advanced units.

**Biology (Y)**

Minor: 72 credit points - consisting of 24 credit points of selected level one units, a 12 credit point Science, Technology and Society unit, and 36 credit points of selected advanced biology units.

Major: 96 credit points - as for the minor with the remaining 24 credit points in advanced biology units.

Extended Major: 120 credit points - as for the major with the remaining 24 credit points in advanced biology units.

**Business Communication and Technologies (X)**

Minor: 72 credit points - consisting of 48 credit points of level one and the remainder (24 credit points) of advanced units.

Major: 96 credit points - consisting of 48 credit points of level one and the remainder (48 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 48 credit points of level one and the remainder (72 credit points) of advanced units.

**Chemistry (Y)**

Minor: 72 credit points - consisting of 24 credit points of selected level one units, a 12 credit point Science, Technology and Society unit, and 36 credit points of selected advanced chemistry units.

Major: 96 credit points - as for the minor with the remaining 24 credit points in advanced chemistry units.

Extended Major: 120 credit points - as for the major with the remaining 24 credit points in advanced chemistry units.

**Computing (X)**

Minor: 72 credit points - consisting of 48 credit points of level one and the remainder (24 credit points) of advanced units.

Major: 96 credit points - consisting of 48 credit points of level one and the remainder (48 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 48 credit points of level one and the remainder (72 credit points) of advanced units.

**Earth Science (Y)**

Minor: 72 credit points - consisting of 36 credit points of selected level one units, a 12 credit point Science, Technology and Society unit, and 24 credit points of selected advanced earth science units.

Major: 96 credit points - as for the minor with the remaining 24 credit points in advanced earth science units.

Extended Major: 120 credit points - as for the major with the remaining 24 credit points in advanced earth science units.

**Economics (Y)**

Minor: 72 credit points - consisting of 36 credit points of level one and the remainder (36 credit points) of advanced units.

Major: 96 credit points - consisting of 36 credit points of level one and the remainder (60 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 36 credit points of level one and the remainder (84 credit points) of advanced units.

**English (X/Y)**

Minor: 72 credit points - consisting of 48 credit points of level one and the remainder (24 credit points) of advanced units.

Major: 96 credit points - consisting of 48 credit points of level one and the remainder (48 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 48 credit points of level one and the remainder (72 credit points) of advanced units.

**English as a Second Language (X)**

Minor: 72 credit points - consisting of 72 credit points of language and culture units or English units or LOTE units. (This area can only be undertaken if English or LOTE is the first teaching area.)

**Film and Media (Y)**

Minor: 72 credit points - consisting of 36 credit points of level one and the remainder (36 credit points) of advanced units.

Major: 96 credit points - consisting of 36 credit points of level one and the remainder (60 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 36 credit points of level one and the remainder (84 credit points) of advanced units.

**Geography (Y)**

Minor: 72 credit points - consisting of 36 credit points of level one and the remainder (36 credit points) of advanced units.

Major: 96 credit points - consisting of 36 credit points of level one and the remainder (60 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 36 credit points of level one and the remainder (84 credit points) of advanced units.

**History (Y)**

Minor: 72 credit points

Major: 96 credit points

Students intending to teach in secondary schools are strongly encouraged to select at least one unit from each of the following broad areas: Ancient History; Asia/Pacific History; Australian History; European History.

**Home Economics (X)**

Minor: 72 credit points - consisting of 72 credit points of level one units.

Major: 96 credit points - consisting of 72 credit points of level one and the remainder (24 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 72 credit points of level one and the remainder (48 credit points) of advanced units.

**Legal Studies (Y)**

Minor: 72 credit points - consisting of 48 credit points of level one and the remainder (24 credit points) of advanced units.

Major: 96 credit points - consisting of 48 credit points of level one and the remainder (48 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 48 credit points of level one and the remainder (72 credit points) of advanced units.

**LOTE (Y)**

(Indonesian, Japanese, German and French)

Students wishing to undertake studies in French, German, Indonesian or Japanese are required to select a specified sequence of six units (72 credit points).

**Mathematics (X/Y)**

Minor: 72 credit points - consisting of 24 credit points in foundation mathematics, 12 credit points in each of the areas of statistics and other Mathematical topics and an additional 24 credit points as recommended.

Major: 96 credit points - as for the minor program plus an additional 24 credit points as recommended.

Extended Major: 120 credit points - as for the major program plus an additional 24 credit points in advanced mathematics units.

**Physical Education (X)**

Minor: 72 credit points - consisting of 48 credit points of level one and the remainder (24 credit points) of advanced units.

Major: 96 credit points - consisting of 48 credit points of level one and the remainder (48 credit points) of advanced units.

Extended Major: 120 credit points - consisting of 48 credit points of level one and the remainder (72 credit points) of advanced units.

**Physics (Y)**

Minor: 72 credit points - consisting of 36 credit points of selected level one units, a 12 credit point Science, Technology and Society unit, and 24 credit points of selected advanced physics units.

Major: 96 credit points - as for the minor with the remaining 24 credit points in advanced physics units.

Extended Major: 120 credit points - as for the major with the remaining 24 credit points in advanced physics units.

**Science Studies (X)**

Minor: 72 credit points - consisting of 72 credit points of selected level one units.

Major: 96 credit points - as for the minor with the remaining 24 credit points in advanced science units.

Extended Major: 120 credit points - as for the major with the remaining 24 credit points in advanced science units.

**Social Science (X)**

Minor: 72 credit points

Major: 96 credit points

Students intending to teach Social Science in secondary schools are strongly encouraged to select at least two units from each of Geography and Environmental Studies and History areas. The remaining units may be selected from these two areas or from any of the following areas: Indigenous Studies; International and Global Studies; Political Studies; Sociology; Ethics; and Gender Studies.

**Course structure**

**Possible Combinations Of Subject Areas**

\*\*\* GROUP X \*\*\*

- Accounting/Business Management
- Business Communication and Technologies
- Computing
- English
- English as a Second Language (ESL)+
- Home Economics
- Mathematics
- Physical Education
- Science Studies
- Social Studies

+ English as a Second Language(ESL) can only be taken as a second teaching area if studying English or LOTE as a first teaching area.

\*\*\* GROUP Y \*\*\*

- Accounting/Business Management
- Biology
- Business Communication and Technologies
- Chemistry
- Earth Science
- Economics
- English
- Film and Media Studies (subject to quota)
- French
- Geography
- German
- Health Education
- History
- Indonesian
- Japanese
- Legal Studies
- Mathematics
- Physics

Note: Where the same subject area is listed in both Groups X and Y eg English, it may only be selected once.

There may be limited places in some disciplines as a second teaching area.

Students selecting Science Studies or Physical Education are encouraged to complete at least 96 credit points in these areas.

Under certain conditions students may be allowed to complete all of their discipline studies within the one area.

Some subjects are taught at Gardens Point and Carseldine campuses and timetable incompatibilities may exist with subjects taught at Kelvin Grove. Students wishing to take biology, chemistry, earth science, or physics with subject areas other than mathematics or science studies should check for possible timetable difficulties.

**Year 1, Semester 1**

- 2 x Discipline Studies X Unit
- 2 x Discipline Studies Y Unit

**Year 1, Semester 2**

- CLB305 Education In Context
- SPB001 Human Development And Education
- Discipline Studies X Unit
- Discipline Studies Y Unit

**Year 2, Semester 1**

- CLB341 Language, Technology And Education
- EDB450 Secondary Professional Practice 1: Classroom Management
- Discipline Studies X Unit
- Discipline Studies Y Unit

**Year 2, Semester 2**

- 2 x Discipline Studies X Units
- 2 x Discipline Studies Y Units

**Year 3, Semester 1**

- 2 x Discipline Studies X or Y Units
- 2 x Discipline Studies X, Y or Z Units

**Year 3, Semester 2**

- SPB002 Psychology Of Learning And Teaching
- EDB451 Secondary Professional Practice 2: Curriculum Decision Making
- Curriculum Studies 1X (see List 2)
- Curriculum Studies 1Y (see List 2)

**Year 4, Semester 1**

- CLB306 Understanding Educational Practices
- EDB452 Secondary Professional Practice 3: The Inclusive Curriculum
- Curriculum Studies 2X (see List 2)
- Curriculum Studies 2Y (see List 2)

**Year 4, Semester 2**

- Education Studies Elective (see List 3)
- Education Studies Elective (see List 3)
- EDB453 Secondary Professional Practice 4: The Beginning Teacher
- Curriculum Studies Elective (see List 4)

**Middle Years Pathway**

**Year 4, Semester 2**

- SPB008 The Middle Years Of Schooling
- SPB022 The Middle Years Curriculum
- EDB453 Secondary Professional Practice 4: The Beginning Teacher
- EDB443 Professional Internship Of Associate Teaching

**Research Pathway**

**Year 3, Semester 1**

- 3 x Discipline Studies (X/Y/Z)
- SPB002 Psychology Of Learning And Teaching

**Year 3, Semester 2**

- EDB410 Introduction To Research Methods In Education
- EDB451 Secondary Professional Practice 2: Curriculum Decision Making
- Curriculum Studies 1X (See List 2)
- Curriculum Studies 1Y (See List 2)

**Year 4, Semester 1**

- EDB411 Dissertation
- EDB452 Secondary Professional Practice 3: The Inclusive Curriculum
- Curriculum Studies 2X (See List 2)
- Curriculum Studies 2Y (See List 2)

**Year 4, Semester 2**

- CLB306 Understanding Educational Practices
- EDB411 Dissertation
- EDB453 Secondary Professional Practice 4: The Beginning Teacher
- EDB411 Dissertation is a 36 credit point unit.
- Part 1 will be completed in Yr 4, Semester 1 and Parts 2 and 3 in Yr 4, Semester 2.

**List 2: Curriculum Studies Units**

Students complete one set of Curriculum Studies units for each of two teaching areas.

- HMB310 Physical Education Curriculum Studies 1
- HMB370 Physical Education Curriculum Studies 2
- HMB390 Health Education Curriculum Studies 1

HMB395	Health Education Curriculum Studies 2
CLB325	English Curriculum Studies 1
CLB326	English Curriculum Studies 2
CLB327	Film And Media Curriculum Studies 1
CLB328	Film And Media Curriculum Studies 2
CLB329	LOTE Curriculum Studies 1
CLB330	LOTE Curriculum Studies 2
CLB447	English As A Second Language Curriculum Studies 1
CLB448	English As A Second Language Curriculum Studies 2
CLB355	Accounting/business Management Curriculum Studies 1
CLB356	Accounting/business Management Curriculum Studies 2
CLB357	Business Communications And Technologies Curriculum Studies 1

MDB453	Mathematics for Schools

**Diploma of Business(Administration)/Bachelor of Education(Secondary) (ED50) - Double TAFE/QUT Award.**

**Option 1**

First Teaching area: Accounting/Business Management  
Second Teaching area: Business Communication and Technologies

**Year 1, Semester 1**

BSB112	Introduction To Electronic Commerce TAFE: Diploma Stage 1
--------	--

**Year 1, Semester 2**

BSB110	Accounting
BSB117	Professional Communication And Negotiation TAFE: Diploma Stage 2

**Year 2, Semester 1**

BSB115	Management, People And Organisations
AYB121	Financial Accounting TAFE: Diploma Stage 3

**Year 2, Semester 2**

CLB305	Education In Context
SPB001	Human Development And Education
BSB114	Government, Business And Society
AYB221	Computerised Accounting Systems

**Year 3, Semester 1**

EDB450	Secondary Professional Practice 1: Classroom Management
CLB341	Language, Technology And Education
AYB225	Management Accounting Accounting/Business Management teaching area unit

**Year 3, Semester 2**

SPB002	Psychology Of Learning And Teaching
EDB451	Secondary Professional Practice 2: Curriculum Decision Making

CLB355	Accounting/business Management Curriculum Studies 1
CLB357	Business Communications And Technologies Curriculum Studies 1

**Year 4, Semester 1**

CLB306	Understanding Educational Practices
EDB452	Secondary Professional Practice 3: The Inclusive Curriculum
CLB356	Accounting/business Management Curriculum Studies 2
CLB358	Business Communications And Technologies Curriculum Studies 2

**Year 4, Semester 2**

	Education Studies Elective (List 3)
	Education Studies Elective (List 3)
EDB453	Secondary Professional Practice 4: The Beginning Teacher Curriculum Studies Elective (List 4)

**Option 2**

First Teaching area: Business Communication and Technologies  
Second Teaching area: Accounting/Business Management  
As for Option 1 with the exception of:

**Year 2, Semester 2**

CLB305	Education In Context
SPB001	Human Development And Education
AYB221	Computerised Accounting Systems Plus
AYB225	Management Accounting OR
BSB114	Government, Business And Society

**Year 3, Semester 1**

EDB450	Secondary Professional Practice 1: Classroom Management
CLB341	Language, Technology And Education
BSB116	Marketing And International Business
CLB003	Office Procedures

**Credit Arrangements**

On successful completion of the TAFE Diploma students will receive exemption for 84 credit points towards the Bachelor of Education (Secondary) ED50.

## ■ Bachelor of Education (Secondary) - Graduate Course (ED55)

**Award title:** Bachelor of Education

**CRICOS code:** 031572G

**Location:** Kelvin Grove

**Course duration (full-time):** 2 years; 1.5 years Summer Program Option

**Course duration (part-time):** 4 years; 3 years Summer Program Option

**Course duration (external):** 2 years full-time or 4 years part-time; 1.5 years full-time or 3 years part-time Summer Program Option

**Total credit points:** 192

**Course coordinator:** Dr Doug Stewart

### General Entry Requirements

To be eligible for consideration, applicants:

- (i) must have a completed undergraduate discipline degree from a recognised tertiary institution. The GPA cut-off for 2003 will be 4.5 (applications in the 4.0-4.5 range will be considered, subject to quota); and
- (ii) students must have completed at least one third of their undergraduate degree in their first teaching area and one sixth in their second teaching area. For some teaching areas, interview audition or presentation of folio may be required (eg. LOTE, Primary LOTE, Drama, Dance, Music, Visual Arts); and
- (iii) must have proficiency in English as determined by University requirements.

NOTE: Students based overseas should note that a proportion of the practicum requirements for this course will need to be completed in a Queensland school if registration with the Queensland Board of Teacher Registration is required.

As required by Queensland's Child Protection Act, students must undergo national criminal history checks (which must be renewed every two years) prior to undertaking field experience. Applicants for registration as a teacher in Queensland are also subject to national criminal history checks.

### External Workshops

External students may be required to attend occasional workshops in nearby major regional centres during their course.

### Full-time Internal/External Course Structure

#### Semester 1 (Full-time Course Structure)

SPB001	Human Development And Education
EDB450	Secondary Professional Practice 1: Classroom Management
CLB341	Language, Technology And Education
EDB001	Teaching and Learning Studies 1: Teaching in New Times

## OVERVIEW

The Faculty of Health is an industry leader educating professionals for a range of health related areas, conducts research and is actively engaged in continuing education and community service.

The Faculty has more than 3500 students enrolled in undergraduate and postgraduate programs. Undergraduate degree programs are delivered through five discipline-based schools of Human Movement Studies, Nursing, Optometry, Psychology and Counselling, and Public Health.

The **School of Human Movement Studies** is one of the fastest growing areas in health today. The School of Human Movement Studies offers programs that respond to the increasing community awareness of health, exercise, well-being, and fitness. A degree in Human Movement Studies equips graduates with the knowledge and skills for an active career in physical education, health education, rehabilitation, weight management, or exercise and sports science. The School has close links with the Queensland Reds and has formed a Centre for Rugby Studies to further develop and promote the sport of rugby. Postgraduate programs are offered in human movement studies (professional studies), and sports studies.

The **School of Nursing** is Queensland's largest and oldest provider of nursing education. Always at the cutting-edge of its field, the School offers the latest in clinical facilities and equipment, and a wide range of local, rural, and overseas opportunities for practical placements. Nursing graduates go on to work in a range of areas, including and beyond the traditional hospital ward. The School offers an undergraduate program in nursing, as well as specialised postgraduate programs.

The **School of Optometry** is the only optometry training facility in Queensland and one of three in Australia. As such, Optometry graduates are always in demand. The optometry degree prepares graduates for entry into the professional workforce and for Australia-wide registration. Students apply their knowledge through supervised clinical practice both in the School's purpose-built public optometry clinic and in the community. Postgraduate research programs are offered by the School at Masters and PhD level.

The **School of Psychology and Counselling** is located on QUT's spacious bushland campus at Carseldine. The School offers excellent teaching, technology and research facilities for its undergraduate and postgraduate courses. Programs provide graduates with the opportunity to gain practical qualifications that are well regarded in the community. The Bachelor of Psychology is a three-year degree program that will both prepare graduates for further studies in psychology, and offer excellent employment opportunities in a number of fields. Graduates aiming for professional registration may seek admission to a fourth year of study in either the Bachelor of Psychology (Honours) or the Post Graduate Diploma in Psychology. The school's postgraduate offerings include Masters in Counselling and Counselling Psychology, and Graduate Diplomas and Certificates in Hypnosis and Road Safety. These programs can also be undertaken at doctorate level.

The school has a Family and Counselling Clinic, which is open to the public, and a research centre in Road Safety and Accident Prevention. The school also teaches in programs offered by other academic areas such as Built Environment and Engineering, Business, Health and Science.

The **School of Public Health** is the most diverse of the Faculty's schools, offering undergraduate majors in areas such as health, safety and environment, environmental health, podiatry, nutrition and dietetics, health information management, health services management, emergency health services, and public health. A range of articulated postgraduate programs is also offered in a

number of these areas plus other special fields such as health promotion, risk management, and health science.

Faculty staff maintain excellent ties with the health industry and work closely with national and international health and welfare organisations. These industry ties ensure that the faculty's programs deliver relevant skills and respond rapidly to new and emerging needs in health education in an era of advancing health technology.

The **Faculty of Health** is primarily based at QUT's Kelvin Grove campus, with the School of Psychology and Counselling located at Carseldine campus in the northern suburbs of Brisbane. At Kelvin Grove campus, two purpose-built complexes house state-of-the-art facilities including

- teaching clinics for Podiatry, Optometry and Human Movement Studies (children's activity and weight management programs, balance and gait assessment, health and fitness appraisals, and exercise prescriptions)
- a Nursing clinical practice unit with operational hospital rooms and a clinical suite
- Human Movement laboratories for biomechanics, exercise physiology, motor control, and functional anatomy
- student computer laboratories with the latest in general and health-related software
- multimedia lecture theatres and tutorial rooms
- fully equipped research laboratories
- and an ergonomics laboratory.

At Carseldine, a Family Therapy and Counselling Clinic provides supervised clinical experience for Counselling students.

## SENIOR STAFF

### Faculty Office

*Dean:* Professor K. J. Bowman AM, MScOptom *Melb.*, LOsc, FAAO

*Faculty Administration Manager:* M. Rimland, BA *Qld Health Project Manager:* C. Cliff, BSc ANU, PhD *Keele*, CChem, DipEnvStud *Macq.*, GradDip OutdoorEd *BCAE*, GradDipBusAdmin

### School of Human Movement Studies

*Head:* Professor A.W. Parker, MSc PhD *Oregon*, FASMF  
*Associate Professor:* A.P. Hills, BEd *Tas.*, MSc *Oregon*, PhD *Qld*

### School of Nursing

*Head:* Professor H.E. Edwards, DipApSc., BA (Hons), PhD, RN, FRCNA

*Professors:*

M. Courtney, BAdmin(Acctg) *Griff.*, MHP *UNSW*, PhD *UNE*, RN, FRCNA

A. Chang, DipNEd, BEdSt(Hons), MEdSt, PLD, RN, FRCNA  
*Associate Professor:* P. Yates, DipAppSc *QIT*, MSocSc PhD *Qld*, FRCNA

### School of Optometry

*Head:* Professor L.G. Carney, BAppSc MSc(Optom) PhD *Melb.*, DSc *QUT*, LOsc, FAAO

*Associate Professors:*

D.A. Atchison, MSc(Optom) PhD *Melb.*, Grad Cert Ed, FAAO  
M. J. Collins, DipAppSc *QIT*, MAppSc, PhD, FAAO

J. E. Lovie-Kitchin, MSc(Optom) *Melb.*, GradDipRehab *LaT.*, LOsc, PhD, FAAO

P. G. Swann, BSc(Hons) *Aston*, MAppSc, FCOptom, FAAO  
J. M. Wood, BSc(Hons) PhD *Aston*, MCOptom, FAAO

### School of Psychology and Counselling

*Head:* Professor R. Young, BSc(Hons) MSc DipClinPsych *Otago*, PhD *Qld*, MAPS

*Professor: M. Sheehan, BA(Hons) GradDip(Clinical Psych) Syd., PhD Qld*

*Associate Professors:*

R. Schweitzer, BSocSc(Hons) UCT, MA (ClinPsy), PhD Rhodes  
R. Tay, BSc(Hons) Texas Tech, MSc Stanford, PhD Purdue

### **School of Public Health**

*Head: B.F. Oldenburg, BSc(Hons), MPsych PhD UNSW*

*Professor: B. Newman, BA UC Santa Cruz, MS UC Davis, PhD Berkeley*

*Associate Professors:*

C. Patterson, MSc, PhD Qld, GradDipBusAdmin QUT  
D. Stewart, BA(Hons) Durh, MA(Ed) Leic, PGCertEd Oxf., MPH UNSW, PhD Otago

## RESEARCH CENTRES

### **Centre for Health Research**

Research activities within the Faculty of Health are supported under the auspices of the Centre for Health Research. This large faculty centre encompasses research of national and international standing conducted through the previous Centres for Eye Research, Public Health Research, Nursing Research and the previous Research Concentration in Physical Activity and Disability. It also covers research undertaken through the Centre for Accident Research & Road Safety Queensland (CARRS-Q see detail below). These activities will continue in 2003 but will be embraced within the Centre for Health Research as part of five new collaborative research programs:

#### **Ageing**

Ageing has been identified as a global health and social issue. The capability of the Faculty in this program of research ranges across activities in all Schools, with considerable potential for increasing cross-disciplinary collaboration. On-going research covers the following areas: community and residential care, pain and symptom management, palliative care, ocular disease and the effects of vision impairment, foot health and healthcare, gait, mobility and posture analysis, disorders of movement, injury in older people, social identity, families, mental health, weight change, cognition and cognitive/memory deficits and in CARRS-Q, the older driver.

#### **Health, Well-being and Human Behaviour**

Research activities in this program relate to health services, policy and management, as well as population health and human behaviour. Areas of strength include the management of chronic diseases such as cancer, diabetes and coronary heart disease; improving the care of hospitalised patients and managing early discharge; health outcomes for disadvantaged populations; health promotion in schools; prevention and management of obesity and related conditions and other health related quality of life issues. Researchers from across the Faculty bring to this program knowledge and expertise in social and behavioural science, nursing, disease management and prevention, health promotion, health care systems and economics, epidemiology and biostatistics, and policy and health services management.

#### **Injury**

Injury is a major cause of morbidity and mortality and is a significant health priority nationally and internationally. The Faculty already is a major partner in two cross-institutional, cross-disciplinary NHMRC injury prevention research projects. One project is developing, trialling and evaluating cost effective and sustainable interventions for reducing falls among older people in the general community. The other is undertaking major studies in transport related injury, and in falls and mobility in older people. Related research investigates falls and balance, driving and ambulant mobility in people with Parkinson's disease. A major focus of research in this program is road and

driver safety which impact greatly on the burden of injury across all age groups. Another core focus is on occupational injury research which aims to match human performance capabilities with task analysis and job design. The research in this program involves collaboration across a number of disciplines within our five Schools and CARRS-Q.

#### **Physical Activity, Disability and Rehabilitation**

The role of physical activity in the maintenance and restoration of health is a significant emerging area. Studies in this area are aimed at the promotion of physical activity during childhood and adolescence, the prescription of exercise in the context of chronic disease and at community-based health behaviour interventions. There is increasing evidence of the role of physical activity in the prevention, treatment and management of a range of chronic disorders of increasing prevalence, such as obesity, diabetes, osteoarthritis and cardiovascular and peripheral arterial disease. A key strength in the Faculty is in the area of rehabilitation research and therapeutic interventions in disease and injuries across all life stages. Research into a range of disorders including neurological injury, vision loss, musculoskeletal injuries from sport, reading, coordination, emotional or behavioural disorders in children, chronic fatigue syndrome, dementia and Alzheimer's disease is currently being conducted.

#### **Vision**

There are a number of areas of collaboration with research activities in the other programs and across faculties deriving from the main research activities in this program which are: visual optics, including aberrations of the eye and their correction, lens design and performance, myopia and optics of the eye; visual performance studies, including vision rehabilitation, vision and driving and vision and falls; and clinical research on the ocular surface, effects of refractive surgery, colour vision and electroretinography.

For information on Centre for Health Research activities and expertise contact the Director *Phone: +61 7 3864 5563*.

### **Centre for Accident Research and Road Safety - Queensland (CARRS-Q)**

CARRS-Q is a major collaborative research centre established as a joint venture initiative of the Motor Accident Insurance Commission (MAIC) and Queensland University of Technology.

As one of the few nationally recognised, university-based research centres of its kind in Australia, CARRS-Q is a vital player in the international pursuit of road safety. The Centre works collaboratively with a combination of experienced, highly qualified staff and strong networks in the road safety and injury prevention fields. It has successfully developed and maintained a strong research and consultancy profile and collaborative research linkages and activities with government, other universities, and commercial organisations.

Road safety and workplace accident prevention are key areas of research focus that have already led to successful implementation of behaviour intervention and education programs. The Centre's research scope covers the broader area of injury prevention with a particular interest in youth and risk-taking behaviours.

Future projects are planned to strengthen and broaden research and intervention development in the areas of vulnerable road users, illegal and high-risk behaviours, the human behaviour and technology interface, school and community-based road safety education and workplace safety.

*Director: Professor Mary Sheehan

## ■ Doctor of Health Science (HL90)

**Award title:** Doctor of Health Science

**CRICOS code:** 037680K

**Location:** Kelvin Grove

**Course duration (full-time):** 3 Years

**Course duration (part-time):** 6 Years

**Total credit points:** 288 (96 coursework credit points and 192 research portfolio credit points)

**Standard credit points per semester (full-time):** 48 (average)

**Course coordinator:** Assoc Prof Sandra Capra

### Major Study Areas

Health Services Management and Policy Sciences;

Nursing; Occupational and Environmental Health Sciences; and Public Health.

### Entry requirements

Applicants should hold a four-year degree or its equivalent with Honours I or Honours IIA or its equivalent from QUT or another recognised institution, and two years practice in a position of professional responsibility appropriate to the proposed course of study.

If, in the Dean's opinion the candidate has not completed substantial professional practice, then the candidate will be required to gain substantial professional experience during the course of the doctorate.

### Enrolment Procedure

Before submitting an application, potential candidates should contact the Course Coordinator who will assist in the preparation of the application.

Candidates should apply on the appropriate form, supplying any specified documentation. The application should be accompanied by a brief proposal for the course of study and the research field.

### Advanced Standing and Articulation

Advanced standing of up to a maximum of 96 credit points may be granted to candidates who have completed an appropriate Masters qualification or its equivalent.

The Doctor of Health Science will fully articulate with the Master of Health Science and students who select their program of study to be consistent with the coursework requirements for the Doctor of Health Science will be eligible for the full credit of 96 credit points. Should a student wish to exit prior to completion of the program they may be eligible to receive the award of Master of Health Science if this has not previously been awarded.

### Course Structure

Students undertake 96 credit points of coursework units and 192 research portfolio credit points. The coursework must be completed before proceeding to the research component. Students will be able to choose from the major study areas listed above. To achieve the appropriate advanced levels students must:

- choose one of the major study areas list above
- complete four (4) units from this major study area (at least two units must be from List B)
- complete two (2) units in research methods
- complete two (2) approved elective units from either List A or B.

### Full-time Course Structure

#### Year 1, Semester 1

### Research Units and Major Study Areas

#### Research Units

Two units must be completed from the following list:

##### List A

HLN405 Qualitative Research  
HLN705 Introduction To Quantitative Research Methods  
PUN105 Health Statistics

##### List B

HLN706 Advanced Quantitative Research Methods

Note: students who have completed PUB316 (or equivalent) are ineligible to undertake HLN705.

#### Major Study Areas

Students must complete four units from their major study area (at least two of which are selected from List B). Two additional elective units can be chosen from either List A or B.

#### Health Services Management and Policy Sciences

##### List A

PUN601 Contemporary Health Policies  
PUN602 Health Planning, Management And Evaluation  
PUN608 Health Economics  
PUN610 Health Services Management

##### List B

HLN701 Independent Study  
PUN615 Advanced Health Service Management  
PUR200 Emerging Issues In Public Health  
PUR201 Advanced Professional Studies

PUR200 Emerging Issues In Public Health  
PUR201 Advanced Professional Studies

*Occupational and Environmental Health Sciences*

## List A

PUN008	Risk Management: Identification And Assessment Procedures
PUN617	Environmental Health Management
PUN619	Environment And Health
PUP415	Occupational Health
PUN302	Determinants Of Workplace Injury And Disease

## List B

PUN009	Risk Treatment
PUR200	Emerging Issues In Public Health
PUR201	Advanced Professional Studies
HLN701	Independent Study
PUP250	Occupational Hygiene

*Nursing*

(Only available to candidates eligible for registration as a nurse in Australia.)

## List A

NSN502	Critical Inquiry In Health Care
NSN507	Contemporary Practice Issues
NSN515	Clinical Leadership And Management

## List B

HLN701	Independent Study
NSR001	Advanced Nursing Studies
NSN508	Advanced Readings In Nursing

*Electives*

Selected from List A or List B. Units from other discipline fields may be considered after consultation.

## ■ Master of Applied Science (Research) (HL84)

**Award title:** Master of Applied Science (Research)

**CRICOS code:** 007897G

**Location:** Kelvin Grove

**Course duration (full-time):** 1-2 years

**Course duration (part-time):** 2-4 years

**Course coordinator:** Assoc Prof Jan Lovie-Kitchin

**Entry requirements**

A Bachelor degree in Health Science, Applied Science or other approved degree from the Queensland University of Technology, or an equivalent qualification, or submission of such other evidence of qualifications as will satisfy the academic board that the applicant possesses the capacity to pursue the course of study. Applications for admission should set out fully the intended course of study. If students are admitted as a provisional candidate, they will be required to submit a detailed research proposal at the end of the first year of candidacy. This proposal should include the area of study, the coursework to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program of research and investigation, its background, the significance and possible application of the research program, and the research plan.

**Application for Admission**

The Master of Applied Science (Research) program is administered by the Health Academic Board through its Faculty Research Committee.

Applications for admission should set out fully the candidate's intended course of study. The proposed course of study should include the area of study, the coursework to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program of research and investigation, its background, the significance and possible application of the research program, and the research plan.

Approval of applications is subject to the receipt of a statement of support from the Head of School and Director of Centre in which the proposed research program is to be undertaken.

**Course Structure**

Students undertake a program of research and investigation on a topic approved by the Faculty Research Committee. Students may be required to undertake an appropriate course of study concurrently with the research program. The course of study

normally includes: a program of assessed coursework; participation in University scholarly activities such as research seminars, teaching and publication; regular face-to-face interaction with supervisors; and a program of supervised research and investigation.

**Course Coordination**

Students undertake their program of research through one of the Faculty's Schools or Research Centres. Research expertise within the Faculty covers activities in the current Schools of Human Movement Studies, Nursing, Optometry, Psychology & Counselling and Public Health. Thematic areas of research strength include physical activity & disability, rehabilitation, chronic illness, aging and child health. Potential students are encouraged to contact the relevant School or Research Centre prior to submitting an application to discuss the proposed research project, supervision and facilities.

## ■ Master of Counselling (PY12)

**Award title:** Master of Counselling

**Location:** Carseldine

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Course coordinator:** Mr Glen Guy

**Course structure****Year 1, Semester 1**

Elective**■ Master of Health Science (HL88)****Award title:** Master of Health Science (Study Area A)**CRICOS code:** 009030K**Location:** Gardens Point and Kelvin Grove**Course duration (full-time):** 3 Semesters**Course duration (part-time):** 6 Semesters**Total credit points:** 144**Standard credit points per semester (full-time):** 48**Standard credit points per semester (part-time):** 24**Course coordinator:** Dr Elizabeth Parker**Majors**

Majors are offered in the following areas:

- Environmental Health,
- Health Services Management,
- Health Promotion,
- Occupational Health and Safety
- Risk Management,
- Sports Studies,
- Physical and Health Education,
- Women's Health,
- Aged Care and

or a cross specialisation (where no major is taken but students study across a variety of fields).

To complete a major, students must complete at least four units from the same discipline area from with the Faculty of Health.

**Course Structure**

Candidates can choose electives from a wide range of university postgraduate units, but these must be approved by the course and subject-area coordinators.

After successfully completing the equivalent of two semesters full-time study, students can exit the program with a Graduate Diploma in Health Science. A one calendar year option is available if students have a four-year undergraduate qualification, or if they have a three-year undergraduate qualification and incorporate a thesis, which is undertaken in the summer semester. Otherwise students will take one and a half years of full-time study to complete the program.

**Special Notes**

The course consists of at least eight (8) units offered by the Schools of the Faculty of Health (List A). The remaining four units can be taken as four elective units either from List A or List B. An array of elective units allow students to either specialise in

their professional discipline or to choose a coherent group of units from more than one specialist area.

To complete a major in any of the major areas of study students must complete at least four (4) units (48 credit points) in that discipline area.

**Course Pathways/Articulation**

Student who complete the Master of Health Science may be eligible for up to one year of advanced standing in HL90 Doctor of Health Science.

**Master of Nursing (NS85)**

**Award title:** Master of Nursing (Study Area A)

**CRICOS code:** 012644J

**Location:** Kelvin Grove

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Debra Anderson

**Majors**

The following majors are offered in this course:

- Aged Care
- Cancer Nursing
- Community Practice
- Intensive Care Nursing
- Medical/Surgical Nursing
- Mental Health
- Midwifery \*
- Paediatric, Child and Youth Health
- Professional Studies
- Women's Health

\*Midwifery is offered at Masters level but is a separate Graduate Diploma

### Course Structure

The course structures offer a wider range of pathways for nurses working in diverse settings, while at the same time ensuring opportunities for in-depth study to develop an advanced level of competence in selected areas of nursing practice. Students may undertake one of ten different majors.

The Master of Nursing consists of the content of the Graduate Diploma in Nursing plus a further 48 credit points. Students who wish to graduate with a specified major in the Master of Nursing (except Professional Studies) will be required to complete the 96 credit points of the Graduate Diploma in Nursing units relevant to that major PLUS at least an additional 24 credit points of the remaining 48 credit points at the masters level in units also relevant to that major. These 24 credit points can be undertaken by completing relevant coursework units, a 24 credit point clinical project or a 24 credit point thesis relevant to the major.

Students who wish to graduate from the Master of Nursing with a major in Professional Studies will be required to complete the 96 credit points of the Graduate Diploma in Nursing, and can then choose to complete the remaining 48 credit points at the masters level either by coursework, project or thesis. The coursework units may be selected from any postgraduate level units offered within the University for which the student has the necessary prerequisite.

The Master of Nursing may be undertaken both in the full-time and part-time modes.

For all majors except for mental health nursing, students may complete their program by internal or external mode. Students in the mental health nursing program will be required to complete some units by internal mode, but may choose to undertake selected units by external mode.

A one year full-time program may be negotiated if students undertake a thesis.

### Course Pathways/ Articulation

The Graduate Diploma in Nursing and the Master of Nursing fully articulate and are offered for domestic and overseas students who are eligible for registration as a nurse with the Queensland Nurses Council (QNC).

Student who complete the Master of Nursing may also be eligible for up to 96 credit points advanced standing in HL90 Doctor of Health Science.

### Full-time Course structure

#### Semester 1 and Semester 2

Students are required to complete the two semesters of the Graduate Diploma in Nursing content in their major area of study or the Graduate Diploma in Midwifery before continuing onto the third semester of the Master of Nursing

#### Semester 3

- Four (4) electives (List A) each of 12 credit points  
OR  
NSN506 Clinical Project  
And Two (2) electives (List A) each of 12 credit points  
OR  
NSN850 Thesis (Full-time)

### Part-time Course structure

#### Semesters 1 to 4

Students are required to complete the four semesters of the Graduate Diploma in Nursing content in their major area of study before continuing onto the Master of Nursing.

#### Semesters 5 and 6

- Two (2) electives from List A  
and  
Two (2) electives from List B

OR

### Semesters 5 and 6

- Two (2) electives from List A  
and  
NSN506 Clinical Project  
OR

### Semesters 5 and 6

- NSN506 Clinical Project  
and  
Two (2) electives from List B  
OR

### Semester 5 and 6

- NSN825 Thesis (Part-time)  
and  
NSN825 Thesis (Part-time)

### Elective Lists

#### List A (Semester 1)

- HLN705 Introduction To Quantitative Research Methods  
HLN706 Advanced Quantitative Research Methods  
HLN405 Qualitative Research  
NSN721 Key Issues In Acute And Critical Care Nursing  
NSN002 Key Issues In Child And Youth Health Nursing  
NSN821 Key Issues In Aged Care  
NSN801 Health Assessment In Aged Care  
NSN701 Advanced Health Assessment  
NSN622 Contexts Of Community Practice  
NSN624 Collaborative Practice In The Community  
NSN517 Women's Health Issues  
NSN508 Advanced Readings In Nursing  
\*Students studying Key Issues in Acute and Critical Care Nursing must be working at 0.6FTE in a Critical Care, Medical/Surgical or Cancer Care Setting, or be required to undertake additional clinical experiences to meet the requirements of the unit.

#### List B (Semester 2)

- HLN405 Qualitative Research  
NSN508 Advanced Readings In Nursing  
NSN509 Special Topic  
NSN723 Specialisation In Critical Care Nursing  
NSN725 Specialisation In Medical/surgical And Cancer Nursing  
NSN626 Dementia And Family Care  
NSN625 Project Management For Community Practice  
NSN516 Sexual Reproductive Health  
NSN502 Critical Inquiry In Health Care  
NSN523 Clinical Studies  
NSN722 Principles Of Acute And Critical Care Nursing  
\*In selected modules, students studying Principles of Acute and Critical Care Nursing, Specialisation in Critical Care Nursing, Specialisation in Medical/Surgical and Cancer Nursing must be working in a practice setting relevant to the areas of study, or be willing to undertake additional clinical experiences to be able to undertake this unit. Contact the Course Coordinator for further information.

## ■ Master of Public Health (PU85)

**Award title:** Master of Public Health

**CRICOS code:** 009029C

**Location:** Kelvin Grove

**Course duration (full-time):** 1.5 Years

**Course duration (part-time):** 3 Years

**Total credit points:** 144

**Course coordinator:** Dr Elizabeth Parker

### Overview

The Graduate Diploma in Public Health and Master of Public Health Programs are offered and taught conjointly by a consortium of three universities (QUT, Griffith University, and The University of Queensland). Students enrol through one of these universities and are required to complete: four compulsory core units, four elective units selected from a specialised stream, and a further four electives or a dissertation under the guidance of a supervisor.

Course rules are available in the PU85 course handbook available from School of Public Health.

### Specialised Streams Units

Offered in the areas of:

- Health Services Management and Policy Sciences
- Occupational and Environmental Health Science
- Health Promotion
- Epidemiology and Research Methods

### Course Structure

Student elect between three options:

#### Option 1. Full Coursework (no project or thesis component)

Consists of four core units, one research methods unit (HLN405, HLN705 or HLN706), and seven advanced elective units.

Elective units will normally be selected according to choice of a major or stream of study.

#### Option 2. Coursework with a project component

Consists of four core units, one research methods unit (HLN405, HLN705 or HLN706), five advanced elective units and one project unit (HLN703). Elective units will normally be selected according to choice of a major or stream of study.

#### Option 3. Coursework with a thesis component

Full-time students in the program undertake a course work component in their first two semesters (full-time) or four semesters (part-time), followed by a dissertation component of one semester (or two semesters part-time). The course work component comprises of four core units and four advanced elective units. Elective units will normally be selected according to choice of a major or stream of study.

### Course structure - Full-time

#### PART A - Semester 1 - Core Units (Option 1, 2, 3)

PUN105	Health Statistics
PUN692	Health Care Delivery Systems
PUN702	Social And Behavioural Determinants Of Health
PUN743	Introduction To Epidemiology

#### PART B - Semester 2 - Advanced Elective Units Offered By QUT (Option 1, 2, 3)

- 4 electives from same major
- or
- 4 electives across majors

#### PART C - Semester 3 - Coursework (Option 1 only)

Students select further electives from advanced elective list.  
OR

#### PART C - Semester 3 - Project (Option 2 only)

HLN703	Project A
	OR

#### PART C - Semester 3 - Dissertation (Option 3 only)

HLN700	Thesis
--------	--------

### Course structure - Part-time

#### PART A - Semester 1 - Core Units

PUN692	Health Care Delivery Systems
PUN105	Health Statistics

#### PART B - Semester 2 - Advanced Elective Units Offered By QUT (Option 1, 2, 3)

- 2 electives from same major
- or
- 2 electives across majors

#### PART A - Semester 3 - Core Units

PUN702	Social And Behavioural Determinants Of Health
PUN743	Introduction To Epidemiology

#### PART B - Semester 4 - Advanced Elective Units Offered By QUT (Option 1, 2, 3)

- 2 electives from same major
- or
- 2 electives from across majors

#### PART C - Semester 5 - Coursework (Option 1 only)

Student select further electives.  
OR

#### PART C - Semester 5 - Project (Option 2 only)

HLN703	Project A
	OR

#### PART C - Semester 5 - Dissertation (Option 3 only)

HLN750	Thesis
--------	--------

### Course structure - Advanced Elective Unit List

#### Health Services Management and Policy Sciences

PUN601	Contemporary Health Policies
PUN602	Health Planning, Management And Evaluation
PUN608	Health Economics
PUN609	Health Care Finance
PUN610	Health Services Management
PUN615	Advanced Health Service Management

#### Occupational and Environmental Health Science

EFN418	Introduction To Financial Risk Management
MEP201	Safety Technology And Practice
PUN001	Contemporary Risk Management
PUN008	Risk Management: Identification And Assessment Procedures
PUN009	Risk Treatment
PUN301	Occupational Health And Safety Law And Management
PUN302	Determinants Of Workplace Injury And Disease
PUN617	Environmental Health Management
PUN619	Environment And Health
PUN620	Concepts Of Environmental Health
PUP116	Ergonomics
PUP250	Occupational Hygiene
PUP415	Occupational Health

#### Health Promotion

PUB644	Health Promoting Schools
PUP032	Intervention Design And Theories Of Change
PUP034	Advanced Studies And Practice In Health Promotion
PUP035	Health Promotion Strategies And Evaluation
PUP036	Concepts And Settings For Health Promotion

#### Epidemiology and Research Methods

HLN405	Qualitative Research
HLN705	Introduction To Quantitative Research Methods
HLN706	Advanced Quantitative Research Methods
PUN103	Advanced Epidemiology
PUN814	Principles of Epidemiology (UQ)
PUN850	Epidemiology and Disease Control (UQ)

## ■ Post Graduate Diploma in Psychology (PY20)

**Award title:** Post Graduate Diploma in Psychology

**CRICOS code:** 034714G

**Location:** Carseldine

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters (may not be available by evening study)

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Renata Meuter

### Full-time Course structure

#### Year 1, Semester 1

PYB450/1 Research Thesis  
Plus ONE research methods unit selected from the following options:

PYB462	Survey Methods
PYB401	Advanced Research Methods
PYB454	The Logic of Social Inquiry

Plus TWO advanced psychology units selected from the following options:

PYB402	Counselling Psychology
PYB403	Cognitive Neuropsychology
PYB404	Issues in Social Development Psychology
PYB405	Advanced Organisational Psychology

#### Year 1 Semester 2

PYB407 Research and Professional Development Seminar

PYB450/2 Research Thesis

PYB450/3 Research Thesis

Plus ONE cognate elective selected from a list approved by the course coordinator.

### Part-time Course structure

#### Part-time Course Structure

Please contact the Course Coordinator via the School of Psychology and Counselling, Telephone (07) 3864 4625, for advice on nominating a part-time course load.

## ■ Graduate Diploma in Clinical Hypnosis (PY30)

**Award title:** Graduate Diploma in Clinical Hypnosis

**CRICOS code:** 036435J

**Location:** Carseldine

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Kathryn Gow

### Course structure

#### Year 1, Semester 1

- PYP300 Clinical Hypnosis: Foundations In Theory And Practice  
 PYP304 Foundations Of Effective Clinical Research In Hypnosis  
 PYP309 Hypnosis: Processes, Techniques and Applications  
 PYP306 Dissertation: Clinical Research Review 1-3

#### Year 1, Semester 2

- PYP306/1 Dissertation: Clinical Research Review  
 PYP307 Clinical Case Supervision (Group And Individual)  
 Elective\*  
 \*Any 12 credit point unit offered by the Faculty of health subject to approval by the course coordinator

#### Year 2, Semester 1

- PYP302 Clinical Applications O Hypnosis: General And Discipline-Based  
 PYP307 Clinical Case Supervision (Group And Individual)

#### Year 2, Semester 2

- PYP306/2 Dissertation: Clinical Research Review  
 PYP306/3 Dissertation: Clinical Research Review

## ■ Graduate Diploma in Health Science (HL68)

**Award title:** Graduate Diploma in Health Science (Study Area A)

**CRICOS code:** 020308C

**Location:** Kelvin Grove

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Elizabeth Parker

### Majors

Majors are offered in the following areas: Environmental Health, Health Services Management, Health Promotion, Risk Management, Sports Studies, Physical and Health Education, Women's Health, Aged Care and Cross Specialisation. To complete a major, students must complete at least four units from the same discipline area from with the Faculty of Health.

### Course Requirements

The Graduate Diploma in Health Science consists of eight units totally 96 credit points selected from units offered by Schools within the Faculty of Health (List A units). No more than two (24 credit points) senior undergraduate health units can be included in the total.

### Course Pathways/Articulation

This course articulates fully into HL88 Master of Health Science.

### Full-time Course Structure

#### Year 1, Semester 1

Select four units from List A

#### Year 1, Semester 2

Select four units from List A

### Part-time Course Structure

#### Year 1, Semester 1

Select two units from List A

#### Year 1, Semester 2

Select two units from List A

#### Year 2, Semester 1

Select two units from List A

#### Year 2, Semester 2

Select two units from List A

### List A - Major Areas of Study

See Master of Health Science (HL88) for list.

### Additional List A Units

See Master of Health Science (HL88) for list.

## ■ Graduate Diploma in Midwifery (NS68)

**Award title:** Graduate Diploma in Midwifery

**CRICOS code:** 040342B

**Location:** Kelvin Grove

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Debra Anderson

### Full-time Course Structure

#### Year 1, Semester 1

- NSN311 Clinical Studies in Midwifery A  
 NSN507 Contemporary Practice Issues  
 NSN321 Foundations Of Midwifery Practice  
 AND select ONE of the following:

- HLN405 Qualitative Research  
 HLN705 Introduction To Quantitative Research Methods  
 HLN706 Advanced Quantitative Research Methods

#### Year 1, Semester 2

- NSN322 Complex Issues For Childbearing Families  
 NSN323 Clinical Studies In Midwifery B  
 NSN516 Sexual Reproductive Health  
 AND select ONE of either:  
 NSN509 Special Topic  
 OR Elective (see elective list)

### Part-time Course structure

#### Year 1, Semester 1

- NSN311 Clinical Studies in Midwifery A  
 NSN321 Foundations Of Midwifery Practice

#### Year 1, Semester 2

- NSN322 Complex Issues For Childbearing Families  
 NSN516 Sexual Reproductive Health

#### Year 2, Semester 1

- NSN507 Contemporary Practice Issues  
 AND select ONE of the following units:  
 HLN405 Qualitative Research  
 HLN705 Introduction To Quantitative Research Methods  
 HLN706 Advanced Quantitative Research Methods

#### Year 2, Semester 2

- NSN323 Clinical Studies In Midwifery B  
 AND Select ONE of either:  
 NSN509 Special Topic  
 OR Elective

### Elective list

- HLN405 Qualitative Research  
 NSN006 Specialisation In Paediatric, Child And Youth Health Nursing  
 NSN502 Critical Inquiry In Health Care  
 NSN508 Advanced Readings In Nursing  
 NSN515 Clinical Leadership And Management  
 NSN624 Collaborative Practice In The Community

# Students studying this unit must be working in a practice setting relevant to the areas of study, or be willing to undertake additional clinical experience to be able to undertake this unit.

## ■ Graduate Diploma in Nursing (NS64)

**Award title:** Graduate Diploma in Nursing (Study Area A)

**CRICOS code:** 015086K

**Location:** Kelvin Grove

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Course coordinator:** Dr Debra Anderson

### Majors

The following majors are offered in this course:

- Aged Care
- Cancer Nursing
- Community Practice
- Intensive Care Nursing
- Medical/Surgical Nursing
- Mental Health
- Paediatric, Child and Youth Health
- Professional Studies
- Women's Health

### Aged Care Full-time Course Structure

#### Semester 1

NSN821	Key Issues In Aged Care
NSN801	Health Assessment In Aged Care
NSN507	Contemporary Practice Issues
HLN405	Qualitative Research
	OR
HLN705	Introduction To Quantitative Research Methods
	OR
HLN706	Advanced Quantitative Research Methods

#### Semester 2

NSN822	Principles Of Aged Care Practice
NSN523	Clinical Studies
NSN515	Clinical Leadership And Management
	Elective List B
	OR
	Any other 12 credit point postgraduate unit for which the student has the necessary prerequisites

### Aged Care Part-time Course Structure

#### Semester 1

NSN821	Key Issues In Aged Care
NSN801	Health Assessment In Aged Care

#### Semester 2

NSN822	Principles Of Aged Care Practice
NSN523	Clinical Studies

#### Semester 3

NSN507	Contemporary Practice Issues
HLN405	Qualitative Research
	OR
HLN705	Introduction To Quantitative Research Methods
	OR
HLN706	Advanced Quantitative Research Methods

#### Semester 4

NSN515	Clinical Leadership And Management
	Elective (List B)
	OR
	Any other 12 credit point postgraduate unit for which the student has the necessary prerequisites

### Community Practice Full-time Course Structure

#### Semester 1

NSN622	Contexts Of Community Practice
NSN624	Collaborative Practice In The Community
NSN701	Advanced Health Assessment
	OR

NSN801	Health Assessment In Aged Care

**■ Graduate Diploma in Public Health (PU60)**

**Award title:** Graduate Diploma in Public Health

**CRICOS code:** 020306E

**Location:** Kelvin Grove

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Elizabeth Parker

**Overview**

The Graduate Diploma in Public Health and Master of Public Health Programs are offered and taught jointly by a consortium of three universities (QUT, Griffith University, and The University of Queensland). Students enrol through one of these universities and are required to complete: four compulsory core units and four elective units selected from a specialised stream.

**Specialised Stream Units**

Offered in the areas of:

- Health Services Management and Policy Sciences
- Occupational and Environmental Health Science
- Health Promotion
- Epidemiology and Research Methods

**Course structure**

Full-time students in the program undertake a coursework component for two semesters (or four semesters part-time - two units per semester). The coursework comprises four core units and four advanced elective units. Elective units will normally be selected according to choice of a stream of study.

**Part A - Core Units**

PUN105	Health Statistics
PUN692	Health Care Delivery Systems
PUN702	Social And Behavioural Determinants Of Health
PUN743	Introduction To Epidemiology

**Part B - Advanced elective units offered by QUT Health Services****Management and Policy Sciences**

PUN601	Contemporary Health Policies
PUN602	Health Planning, Management And Evaluation
PUN608	Health Economics
PUN609	Health Care Finance
PUN610	Health Services Management
PUN615	Advanced Health Service Management

**Occupational and Environmental Health Science**

EFN418	Introduction To Financial Risk Management
MEP201	Safety Technology And Practice
PUN001	Contemporary Risk Management
PUN008	Rick Management: Identification And Assessment Procedures
PUN009	Risk Treatment
PUN301	Occupational Health And Safety Law And Management
PUN302	Determinants Of Workplace Injury And Disease
PUN617	Environmental Health Management
PUN619	Environment And Health
PUN620	Concepts Of Environmental Health
PUP116	Ergonomics
PUP250	Occupational Hygiene
PUP415	Occupational Health

**Health Promotion**

PUB644	Health Promoting Schools
PUP032	Intervention Design And Theories Of Change
PUP034	Advanced Studies And Practice In Health Promotion
PUP035	Health Promotion Strategies And Evaluation
PUP036	Concepts And Settings For Health Promotion

**Epidemiology and Research Methods**

HLN405	Qualitative Research
HLN705	Introduction To Quantitative Research Methods
HLN706	Advanced Quantitative Research Methods
PUN103	Advanced Epidemiology
PUN814	Principles of Epidemiology (UQ)
PUN850	Epidemiology and Disease Control (UQ)

**■ Graduate Diploma in Road Safety (PY41)****Award title:** Graduate Diploma in Road Safety**CRICOS code:** 040335A**Location:** Gardens Point and Carseldine**Course duration (full-time):** 2 semesters**Course duration (part-time):** 4 semesters**Total credit points:** 96**Standard credit points per semester (full-time):** 48**Standard credit points per semester (part-time):** 24**Course coordinator:** Mr Barry Watson**Course Structure**

The Graduate Diploma in Road Safety course consists of two core units plus six electives. The units are modularised for delivery either in a semester block, or in a series of weekends, or as an intensive week-long offering.

**Part-time Course structure****Year 1, Semester 1**

PYP401	Introduction To Road Safety and one of the following units:
PYP402	Traffic Psychology And Behaviour
CEP127	Road And Traffic Engineering

**Year 1, Semester 2**

PYP404	Applying Traffic Psychology Any approved elective or a unit offered in Summer Program listed below:
--------	--

**Year 1, Summer Program**

PYP405	Road Safety Evaluation Models
CEP151	Road Safety Audit - Principles and Practice Consideration will be given to offering core or elective units in block mode, as demand warrants.

**Year 2, Semester 1**

Any two of the following units, not completed in Year 1:	
PYP402	Traffic Psychology And Behaviour

PYP407	Independent Study
CEP127	Road and Safety Engineering

**Year 2, Semester 2**

PYP406	Road Safety Theory To Practice And one of the following units or a unit offered in Summer Program:
--------	---

PYP404	Applying Traffic Psychology
PYP407	Independent Study

**Year 2, Summer Program**

PYP405	Road Safety Evaluation Models
CEP151	Road Safety Audit - Principles and Practice Consideration will be given to offering core or elective units in block mode, as demand warrants. This unit is conducted jointly by QUT and Main Roads and may be offered at other times of the year, subject to demand.

**■ Graduate Certificate in Aged Care (NS39)****Award title:** Graduate Certificate in Aged Care**Location:** Kelvin Grove**Course duration (part-time):** 2 semesters**Total credit points:** 48**Standard credit points per semester (part-time):** 24**Course coordinator:** Dr Debra Anderson**Course Requirements**

The course can be undertaken by internal or external mode.

This course can also be commenced Mid-Year.

**Part-time Course structure****Year 1, Semester 1**

NSN801	Health Assessment In Aged Care
NSN821	Key Issues In Aged Care

**Year 1, Semester 2**

NSN822	Principles Of Aged Care Practice Elective OR Any other 12 credit point postgraduate unit offered by the Faculty of Health for which the student has the necessary pre-requisites.
--------	--

**Elective List**

HLN405	Qualitative Research
NSN509	Special Topic
NSN516	Sexual Reproductive Health
NSN624	Collaborative Practice In The Community
NSN625	Project Management For Community Practice
NSN626	Dementia And Family Care Students have the option of studying one of the two special topics: Prevention of Violence Against Women or Compromised Neonate

**■ Graduate Certificate in Cancer Nursing (NS31)****Award title:** Graduate Certificate in Cancer Nursing**Location:** Kelvin Grove**Course duration (part-time):** 2 semesters**Total credit points:** 48**Standard credit points per semester (part-time):** 24**Course coordinator:** Debra Anderson**Discipline coordinator:** Patsy Yates**Course Pathways/Articulation**

All units successfully completed may be credited towards NS64 Graduate Diploma of Nursing or NS85 Master of Nursing.

**Part-time Course structure****Year 1, Semester 1**

NSN701	Advanced Health Assessment
NSN721	Key Issues In Acute And Critical Care Nursing

**Year 1, Semester 2**

NSN722	Principles Of Acute And Critical Care Nursing
NSN723	Specialisation In Critical Care Nursing or
NSN725	Specialisation In Medical/surgical And Cancer Nursing

## ■ Graduate Certificate in Clinical Hypnosis Practice (PY32)

**Award title:** Graduate Certificate in Clinical Hypnosis Practice

**Location:** Carseldine

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Course coordinator:** Dr Kathryn Gow

### Course structure

#### Year 1, Semester 1

PYP300 Clinical Hypnosis: Foundations In Theory And Practice

PYP309 Hypnosis: Processes, Techniques and Applications

#### Year 1, Semester 2

PYP307 Clinical Case Supervision (Group And Individual)

Elective \*

\*Any 12 credit point unit offered by the Faculty of Health subject to approval by the course coordinator

## ■ Graduate Certificate in Community Practice (NS34)

**Award title:** Graduate Certificate in Community Practice

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Debra Anderson

### Course Pathways/Articulation

The Graduate Certificate in Community Practice has full articulation with the Graduate Diploma in Nursing and the Master of Nursing programs.

### Part-time Course structure

#### Year 1, Semester 1

NSN622 Contexts Of Community Practice

NSN624 Collaborative Practice In The Community

#### Year 1, Semester 2

NSN625 Project Management For Community Practice

Elective (List B)

#### Electives (List B)

HLN705 Introduction To Quantitative Research Methods

HLN706 Advanced Quantitative Research Methods

HLN405 Qualitative Research

NSN508 Advanced Readings In Nursing

NSN509 Special Topic

NSN723 Specialisation In Critical Care Nursing

NSN725 Specialisation In Medical/surgical And Cancer Nursing

NSN006 Specialisation In Paediatric, Child And Youth Health Nursing

NSN626 Dementia And Family Care

NSN625 Project Management For Community Practice

NSN516 Sexual Reproductive Health

NSN502 Critical Inquiry In Health Care

NSN523 Clinical Studies

NSN722 Principles Of Acute And Critical Care Nursing

## ■ Graduate Certificate in Emergency Nursing (NS41)

**Award title:** Graduate Certificate in Emergency Nursing

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Course duration (external):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 12

**Course coordinator:** Dr Debra Anderson

### Articulation

All units successfully completed may be credited towards NS64 Graduate Diploma of Nursing or NS85 Master of Nursing.

### Entry Requirements

Students must:

- be eligible for registration as a nurse with the Queensland Nursing Council

- have gained a degree in nursing (or equivalent) from a recognised institution
- have completed the Queensland Health Transition to Emergency Nursing Program (or its equivalent) within the past three years, and
- normally have at least one year of appropriate post-registration clinical experience.

Candidates who are not employed in a clinical setting relevant to their program may be required to undertake additional supernumerary clinical experiences to meet the requirements of the course.

### Course Design

The Graduate Certificate comprises 48 credit points made up of 24 credit points advanced standing from accredited programs, plus 24 credit points from units offered by the School of Nursing.

### Part-time Course Structure

#### Year 1, Semester 1

NSN721 Key Issues In Acute And Critical Care Nursing

#### Year 1, Semester 2

NSN723 Specialisation In Critical Care Nursing

## ■ Graduate Certificate in Environmental Health (PU32)

**Award title:** Graduate Certificate in Environmental Health

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Elizabeth Parker

### Part-time Course structure

#### Semester 1

PUB515 Environmental Toxicology

PUN620 Concepts Of Environmental Health

#### Semester 2

PUN617 Environmental Health Management

PUN619 Environment And Health

## ■ Graduate Certificate in Health Promotion (PU39)

**Award title:** Graduate Certificate in Health Promotion

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Elizabeth Parker

### Part-time Course structure

#### Year 1, Semester 1

PUP032 Intervention Design And Theories Of Change

PUP036 Concepts And Settings For Health Promotion

#### Year 1, Semester 2

PUP035 Health Promotion Strategies And Evaluation  
AND

PUP034 Advanced Studies And Practice In Health Promotion  
OR

## ■ Graduate Certificate in Health Science (HL38)

**Award title:** Graduate Certificate in Health Science (Study Area A)

**CRICOS code:** 027285D

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Elizabeth Parker

**Course Overview**

The course provides a broad range of options for study at the Graduate Certificate level. Students can select four (4) units from across a range of Faculty of Health units. It is designed for students who do not want to specialise but prefer to select a combination of units to meet their needs. Selection of units is subject to approval by the course coordinator.

**Course Structure**

Students are required to complete any four units (totalling 48 credit points) from List A. No more than two (24 credit points) senior undergraduate units can be included in the total.

**Course Pathways/Articulation**

This course articulates fully into HL68 Graduate Diploma in Health Science and HL88 Master of Health Science

**Special Note**

Completion of units in Occupational Health & Safety or Environmental Health does not qualify graduands to practice in these areas.

**Part-time Course structure***Year 1, Semester 1*

Select two units from List A

*Year 1, Semester 2*

Select two units from List A

**List A - Major Areas of Study**

See Master of Health Science (HL88) for list.

**Additional List A Units**

See Master of Health Science (HL88) for list.

## ■ Graduate Certificate in Health Services Management (PU38)

**Award title:** Graduate Certificate in Health Services Management

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Elizabeth Parker

## ■ Graduate Certificate in Human Movement Studies (Professional Studies) (HM30)

**Award title:** Graduate Certificate in Human Movement Studies (Professional Studies)

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Graham Costin

**Entry requirements**

An appropriate Bachelor degree in Human Movement Studies, or equivalent; or other qualifications; or appropriate work

experience acceptable to the Dean. Requests for credit transfer and advanced standing will be considered.

**Course structure***Semester 1*

HMB470 Practicum 1

HMB475/1 Practicum 2

*Semester 2*

HMB475/2 Practicum 2

HMB475/3 Practicum 2

## ■ Graduate Certificate in Intensive Care Nursing (NS30)

**Award title:** Graduate Certificate in Intensive Care Nursing

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Debra Anderson

**Articulation**

The Graduate Certificate in Intensive Care Nursing has full articulation with the Graduate Diploma in Nursing and the Master of Nursing programs.

**Part-time Course Structure***Year 1, Semester 1*

NSN701 Advanced Health Assessment

NSN721 Key Issues In Acute And Critical Care Nursing

*Year 1, Semester 2*

NSN722 Principles Of Acute And Critical Care Nursing

NSN723 Specialisation In Critical Care Nursing

or

NSN725 Specialisation In Medical/surgical And Cancer Nursing

## ■ Graduate Certificate in Medical/Surgical Nursing (NS33)

**Award title:** Graduate Certificate in Medical/Surgical Nursing

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Debra Anderson

**Course Pathways/Articulation**

The Graduate Certificate in Medical/Surgical Nursing has full articulation with the Graduate Diploma in Nursing and the Master of Nursing programs.

The course can be undertaken by internal or external mode. Mid-year entry is available.

**Part-time Course Structure***Year 1, Semester 1*

NSN701 Advanced Health Assessment

NSN721 Key Issues In Acute And Critical Care Nursing

*Year 1, Semester 2*

NSN722 Principles Of Acute And Critical Care Nursing

NSN723 Specialisation In Critical Care Nursing

or

NSN725 Specialisation In Medical/surgical And Cancer Nursing

## ■ Graduate Certificate in Nursing (NS32)

**Award title:** Graduate Certificate in Nursing (Study Area A)

**Location:** Kelvin Grove

**Course duration (part-time):** 1 year

**Total credit points:** 48

**Course coordinator:** Dr Debra Anderson

**Entry requirements**

To be eligible for admission applicants must: be registered as a nurse with the Queensland Nursing Council (QNC) or the nurse regulatory authority in the student's state or territory of residence;

have gained a degree in Nursing (or equivalent) from a recognised institution; AND should have at least one year of appropriate post-registration clinical experience. Applicants may be admitted if they have qualifications or professional experience that are approved by the Head of the School.

### Overview

This course will enable you to: draw on broad research and theoretical knowledge to evaluate specialist nursing care apply theoretical concepts to enhance practice in your chosen nursing specialty provide a foundation for further professional development and study. The aims and objectives are similar to those of the Graduate Diploma in Nursing and Master of Nursing, but with the modified clinical focus given by the varied work-based clinical experiences.

### Course Structure

Course Structure Information about NSN510, NSN511, the Clinical Electives, is available directly from the Clinical Strand Coordinator. The Critical Care, Cancer Nursing and Women's Health strands are all offered externally. The Graduate Certificate in Nursing has full articulation with the Graduate Diploma in Nursing and Master of Nursing programs.

#### Cancer Nursing - Semester 1

## ■ Graduate Certificate in Public Health (PU30)

**Award title:** Graduate Certificate in Public Health

**Location:** Kelvin Grove

**Course duration (full-time):** 1 Semester

**Course duration (external):** 1 Semester

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Elizabeth Parker

### Entry Requirements

Applicants must have an approved bachelor degree from a recognised institution or a basic professional qualification plus at least 1-2 years relevant post-qualification experience and/or training.

### Course Structure

The course consists of 4 core units (48 credit points) from the Master of Public Health (PU85)/Graduate Diploma in Public Health (PU60). The program is taught by a consortium of universities with each of QUT, Griffith University and University of Queensland offering one of the core units. The fourth unit is a statistics unit which can be selected from a list offered by each of the Universities.

### Course Pathways/Articulation

This course fully articulates into PU60 Graduate Diploma in Public Health and PU85 Master of Public Health.

### Course structure

#### Semester 1

PUN692 Health Care Delivery Systems  
PUN702 Social And Behavioural Determinants Of Health  
PUN743 Introduction To Epidemiology  
PUN105 Health Statistics  
or alternative for PUN105

## ■ Graduate Certificate in Road Safety (PY40)

**Award title:** Graduate Certificate in Road Safety

**CRICOS code:** 040334B

**Location:** Gardens Point and Carseldine

**Course duration (full-time):** 1 Semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Mr Barry Watson

### Course Structure

The Graduate Certificate in Road Safety consists of two core units plus two electives. The units are modularised for delivery either in a semester block, or in a series of weekends, or as an intensive week-long offering.

#### Year 1, Semester 1

PYP401 Introduction To Road Safety  
And one of the following units:

PYP402 Traffic Psychology And Behaviour  
CEP127 Road And Traffic Engineering

#### Year 1, Semester 2

PYP406 Road Safety Theory To Practice  
PYP404 Applying Traffic Psychology

The above units can be replaced with one or two units offered in Summer Program

#### Year 1, Summer Program

PYP405 Road Safety Evaluation Models  
CEP151 Road Safety Audit - Principles and Practice

Consideration will be given to offering core or elective units in block mode, as demand warrants

\*This unit is conducted jointly by QUT and Main Roads and may be offered at other times of the year, subject to demand.

## ■ Graduate Certificate in Rugby Studies (HM34)

**Award title:** Graduate Certificate in Rugby Studies

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Graham Costin

### Entry Requirements

Applicants must hold an appropriate Bachelor degree in Human Movement Studies, Exercise and Sports Science, Physical Education or equivalent.

Other qualifications and/or at least 5 years of full-time work experience acceptable to the Dean will also be considered, as will requests for credit transfer and advanced standing.

### Articulation

The Graduate Certificate in Rugby Studies will articulate fully with the Graduate Diploma in Health Science and the Master of Health Science degrees.

### Part-time Course structure

#### Semester 1

HMP389 Assessment In Sport

HMP385 Sport Practicum

#### Semester 2

HMP380 Sport Across The Lifespan

HMP383 Sport Studies Project

## ■ Graduate Certificate in Sports Studies (HM38)

**Award title:** Graduate Certificate in Sports Studies

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Graham Costin

### Entry requirements

An appropriate Bachelor degree in Human Movement Studies, or equivalent; or other qualifications or appropriate work experience acceptable to the Dean.

Requests for credit transfer and advanced standing will be considered.

### Part-time Course structure

#### Semester 1

HMP385 Sport Practicum

HMP389 Assessment In Sport

#### Semester 2

HMP380 Sport Across The Lifespan

HMP383 Sport Studies Project

## ■ Graduate Certificate in Women's Health (NS36)

**Award title:** Graduate Certificate in Women's Health

**Location:** Kelvin Grove

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Debra Anderson

### Course Pathways/Articulation

The Graduate Certificate in Women's Health has full articulation with NS64 Graduate Diploma in Nursing and NS85 Master of Nursing, and HL68 Graduate Diploma in Health Science and HL88 Master of Health Science.

The Graduate Certificate in Women's Health can be undertaken by internal or external mode. Mid-year entry is available.

### Part-time Course structure

#### Year 1, Semester 1

NSN517 Women's Health Issues

Elective Unit or any other 12 credit point postgraduate unit offered by the Faculty of Health for which the student has the necessary pre-requisites

#### Year 1, Semester 2

NSN509 Special Topic

NSN516 Sexual Reproductive Health

#### Elective List

HLN405 Qualitative Research

HLN705 Introduction To Quantitative Research Methods

NSN002 Key Issues In Child And Youth Health Nursing

NSN508 Advanced Readings In Nursing

NSN622 Contexts Of Community Practice

NSN701 Advanced Health Assessment

NSN721 Key Issues In Acute And Critical Care Nursing

NSN801 Health Assessment In Aged Care

NSN821 Key Issues In Aged Care

Students studying NSN002 Key Issues in Acute and Critical Care Nursing must be working at 0.6 FTE in a Critical Care, Medical/Surgical or Cancer Care Setting, or be required to undertake additional clinical experiences to meet the requirements of the unit.

## ■ Bachelor of Applied Science (Honours) (HL52)

**Award title:** Bachelor of Applied Science (Honours)

**CRICOS code:** 016356G

**Location:** Kelvin Grove

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Jan Lovie-Kitchin

### Entry requirements

Applicants should have completed QUT's Bachelor of Applied Science/Bachelor of Health Science in a relevant area, or equivalent and have attained a grade point average (GPA) of at least 5.0 over the pass degree.

Application should be made at the end of the final year of the pass degree or within 18 months of completing that degree.

If applicants do not satisfy the normal entry requirements but have demonstrated outstanding performance in only the final year of a degree, or their application is based on other factors including work experience or involvement in research, they may be admitted at the discretion of the Dean.

### Part-time Course structure

#### Year 1, Semester 1

Select one of the following units:

HLN706 Advanced Quantitative Research Methods

HLN405 Qualitative Research

PUN105 Health Statistics

AND

One elective unit

#### Year 1, Semester 2

HLP101 Advanced Discipline Readings

HLP103 Dissertation

#### Year 2, Semester 1

HLP103 Dissertation

HLP103 Dissertation

#### Year 2, Semester 2

HLP102 Research Seminars

HLP103 Dissertation

## ■ Bachelor of Health Science (Honours) (HL55)

**Award title:** Bachelor of Health Science (Honours)

**CRICOS code:** 027284E

**Location:** Kelvin Grove

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Jan Lovie-Kitchin

### Entry requirements

Applicants should have completed QUT's Bachelor of Applied Science/Bachelor of Health Science in a relevant area, or equivalent and have attained a grade point average (GPA) of at least 5.0 over the pass degree.

Application should be made at the end of the final year of the pass degree or within 18 months of completing that degree.

If applicants do not satisfy the normal entry requirements but have demonstrated outstanding performance in only the final year of a degree, or their application is based on other factors including work experience or involvement in research, they may be admitted at the discretion of the Dean.

### Full-time Course structure

#### Year 1, Semester 1

HLP101 Advanced Discipline Readings

HLP103 Dissertation

Select one of the following units:

HLN405 Qualitative Research

HLN706 Advanced Quantitative Research Methods

PUN105 Health Statistics

AND

One Elective Unit

#### Year 1, Semester 2

HLP102 Research Seminars

HLP103 Dissertation

HLP103 Dissertation

HLP103 Dissertation

#### Electives

Students undertake a 12 credit point elective. This may be selected from any honours or postgraduate program offered by the University, subject to prerequisite requirements and with the approval of the students supervisor and the course coordinator. Normally the elective unit is chosen from within the student's discipline area or from an area that complements or is germane to the students study program. For further information on available units contact the relevant school honours coordinator. Students may also select either HLN405 Qualitative Research or HLN706 Advanced Quantitative Research Methods or MAN009 Experimental Design and Statistical Analysis for Research as an elective.

#### Dissertation

The Dissertation is one unit valued at 48 credit points and represents 50 per cent of the Honours course. Work on the dissertation commences during semester 1 (full-time mode) or semester 2 (part-time mode) and is completed over the course of the program. Preparation and presentation of the Dissertation is completed under the guidance of a supervisor.

### Part-time Course structure

## ■ Bachelor of Psychology (Honours) (PY09)

**Award title:** Bachelor of Psychology (Honours)

**CRICOS code:** 034711K

**Location:** Carseldine

**Course duration (full-time):** 2 Semesters

**Course duration (part-time):** 4 Semesters (may not be available by evening study)

**Total credit points:** 96

**Course coordinator:** Dr Renata Meuter

### Entry requirements

An undergraduate degree majoring in Psychology through a degree program recognised for accreditation purposes by the Australian Psychological Society (APS). Specifically, entry into the Honours program can be gained after completion to the required standard of one of the following:

- (i) Bachelor of Psychology, Bachelor of Social Science (Psychology)
- (ii) other approved courses in Psychology accredited by the Australian Psychological Society.

### Internal Applicants

For applicants with a QUT Bachelor's award, the base level requirements for consideration for inclusion in the Honours program will be:

- a minimum Grade Point Average of 5 in the overall undergraduate degree program
- a minimum overall Grade Point Average of 5 in nine prescribed second and third year Psychology subjects or their equivalent, specifically:
  - PYB203 Developmental Psychology
  - PYB205 Social Psychology
  - PYB201 Perception
  - PYB303 Cognitive Psychology
  - PYB304 Physiological Psychology
  - PYB306 Personality and Psychopathology
  - PYB311 Psychological Assessment
  - PYB210 Research Design and Data Analysis
  - PYB350 Advanced Statistical Analysis

### External Applicants

For applicants with Bachelor's awards other than from QUT, similar requirements will be expected.

They will also be required to provide certified copies of complete academic transcripts and evidence of their eligibility to undertake an Honours program at their home institution.

Both internal and external applicants who reach the minimum criteria as outlined above may be required to undertake a further selection process.

### Full-time Course Structure

#### Year 1 Semester 1

PYB400/1 Thesis - Part 1  
 PYB401 Advanced Research Methods  
 Two Elective Units

#### Year 1 Semester 2

PYB400/2 Thesis - Part 2  
 PYB400/3 Thesis - Part 3  
 PYB400/4 Thesis - Part 4  
 PYB407 Research and Professional Development Seminar

### Part-time Course Structure

#### Year 1 Semester 1

PYB401 Advanced Research Methods  
 One Elective Unit

#### Year 1 Semester 2

PYB400/1 Thesis - Part 1  
 PYB407 Research and Professional Development Seminar

#### Year 2 Semester 1

PYB400/2 Thesis - Part 2  
 One Elective Unit

#### Year 2 Semester 2

PYB400/3 Thesis - Part 3

PYB400/4 Thesis - Part 4

### Elective Units

PYB402 Counselling Psychology  
 PYB403 Cognitive Neuropsychology  
 PYB404 Issues in Social Development Psychology  
 PYB405 Advanced Organisational Psychology

## ■ Bachelor of Applied Science (Exercise and Sports Nutrition) (HM45)

**Location:** Kelvin Grove

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

## ■ Bachelor of Applied Science (Human Movement Studies) (HM42)

**Award title:** Bachelor of Applied Science (Human Movement Studies)

**CRICOS code:** 012659B

**Location:** Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Graham Costin

### Professional Membership

Graduates are eligible for membership of the Australian Association for Exercise and Sports Science.

### Special Course Requirements

Students must complete units totalling 384 credit points including foundation units, a major and a minor study, elective units, practicum experiences and fourth-year studies.

A major (10 units-120 credit points) must be completed in the specified discipline area of Exercise and Sport Science. This includes six compulsory second-level units (72 credit points), two compulsory third-level units (HMB379 and HMB382) (24 credit

points), a Practicum unit (HMB470) (12 credit points) and one additional third-level unit (12 credit points).

As a professional degree, the program has a number of compulsory practicum experiences throughout the first two years in preparation for the third year practicum and substantive practicum period in Year 4.

Two minors must be completed. One minor (48 credit points) consisting of four units from level three Human Movement Electives. The second minor (48 credit points) may be undertaken from any approved discipline within QUT. It should consist of at least two units from level two and three.

The degree may be awarded with Honours: First Class Honours; Second Class Honours Division A; and Second Class Honours Division B. Candidates for the degree with Honours must fulfil the requirements for the pass degree and achieve such a standard of proficiency in all the units of the course as may from time to time be determined by the Health Academic Board and approved by the University Academic Board.

### Full-time Course structure

#### Year 1, Semester 1

HMB171 Fitness Health And Wellness

HMB472 Project 2  
HMB475 Practicum 2

### Third Level Units

All third level units are not available in every semester. Students should consult School notice-boards for availability.

HMB277 Exercise And Sport Nutrition  
HMB361 Functional Anatomy 2  
HMB362 Biomechanics 2  
HMB363 Independent Study  
HMB364 Seminars In Human Movement  
HMB371 Motor Control And Learning 2  
HMB379 Disorders Of Human Movement  
HMB374 Psychology Of Rehabilitation  
HMB375 Adapted Physical Activity  
HMB376 Motor Development In Children  
HMB377 Children In Sport  
HMB381 Cardiovascular And Pulmonary Physiology In Exercise  
HMB383 Workplace Health  
HMB384 Injury Prevention And Rehabilitation

HMB480 Advanced Exercise Prescription

HMB379 is compulsory for students who first enrolled in HM42 in 1998 or later.

Students who have successfully completed 288 credit points and have met the general requirements for a three year degree, may graduate with a Bachelor of Applied Science after seeking approval through the School of Human Movement Studies Student Affairs Officer on (07) 3864 5846.

## ■ Bachelor of Applied Science (Optometry) (OP42)

**Award title:** Bachelor of Applied Science (Optometry)

**CRICOS code:** 009031J

**Location:** Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Assoc Prof Peter Swann

### Professional Membership

In each State and Territory of Australia, the practice of optometry is regulated by Boards of Optometrical Registration which are statutory bodies set up under the Acts of the respective State Parliaments. Under these Acts, the practice of optometry is restricted to persons whose names appear on the Register. On completion of the degree at QUT, the graduate will have satisfied the requirements of the Optometrists' Board of Queensland and may apply for registration to practise as an optometrist in Queensland and all States and Territories of Australia.

### Special Course Requirements

The degree may be awarded with Honours, First Class Honours, Second Class Honours Division A and Second Class Honours Division B. Candidates for the degree with Honours must fulfil the requirements for the pass degree and achieve such standard of proficiency in all the units of the course as may from time to time be determined by the Health Academic Board.

Ophthalmic instruments are required by students for the clinical program from the beginning of the second and third years of the course. Academic staff provide advice regarding the purchase of these instruments. Costs are estimated to be \$5000. Students are also required to undertake first aid certification before entering the clinical program.

### Course structure

	Elective*

\*PYB350 is compulsory if you wish to continue into the Bachelor of Psychology (Honours) program. Otherwise another elective can be taken.

### Psychology Electives

The following electives are offered in the Psychology program to enable diversity of choice at undergraduate and early postgraduate level and to allow innovative approaches to current and perceived community needs. However, such electives will be offered subject to staff availability and sufficient student enrolment to justify running the unit.

PYB050	Qualitative Research Methods
PYB054	Psychology And Gender
PYB067	Human Sexuality
PYB158	Introduction To Substance Abuse In Australia
PYB159	Alcohol And Other Drug Studies
PYB250	Environmental Psychology
PYB257	Group Work
PYB258	Introduction To Theory And Research In Hypnosis
PYB260	Psychopharmacology of Addictive Behaviour
PYB353	Occupational And Vocational Psych
PYB356	Counselling Theory And Practice 2
PYB358	Advanced Developmental Psychology
PYB359	Introduction To Family Therapy
PYB360	Interventions For Addictive Behaviours
PYB371	Introduction To Road Safety
PYB372	Traffic Psychology And Behaviour
PYB374	Applying Traffic Psychology
PYB350	Advanced Statistical Analysis
	(essential for intending Honours students)

The Course Coordinator may approve other electives. Students may wish to develop a major or minor sequence in any other School of the University, particularly within courses that have relevance to Psychology. Details of approved minors in health, science, business, education, justice, humanities, and human movement studies can be found in the School Handbook available from the School Office and on the web at <http://www.hlth.qut.edu.au/psyc/>

## ■ Bachelor of Health Science (Environmental Health or Health, Safety and Environment) (PU40)

**Award title:** Bachelor of Health Science (Study Area A)

**CRICOS code:** 022142D

**Location:** Kelvin Grove

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Mrs Melinda Service

**Discipline coordinator:** Environmental Health, Health, Safety and Environment: Mr Terry Farr

**Other Majors**

See also the separate entries for the following majors in this course: Health Information Management or Health Services Management; Nutrition; or Public Health.

**Course Structure**

Students take a common first year and after successful completion of year one, select either the Environmental Health or the Health, Safety and Environment major to complete their degree. Applicants with previous science or health studies may be eligible for advanced standing.

**Professional Membership****Environmental Health**

Graduates of Bachelor of Health Science (Environmental Health) are eligible for membership of the Australian Institute of Environmental Health, Environment Institute of Australia, Public Health Association of Australia and the Australian Health Promotion Association.

**Health, Safety and Environment**

Once graduates of Bachelor of Health Science (Health, Safety and Environment) have completed a period of work experience they will be eligible for membership of the Safety Institute of Australia\*, the Ergonomics Society of Australia and the Australian Institute of Occupational Hygienists. Graduates will also be eligible for membership of the Public Health Association of Australia and the Australian Health Promotion Association. They also meet the statutory requirements for recognition as Workplace Health and Safety Officers under the Workplace Health and Safety Act.

\* The Safety Institute of Australia is the largest body representing health and safety professionals in Australia.

**■ Bachelor of Health Science (Environmental Health or Health, Safety and Environment) - Graduate Entry (PU40)**

**Award title:** Bachelor of Health Science (Study Area A)

**Location:** Kelvin Grove

**Course duration (full-time):** 1.5 to 2 years

**Standard credit points per semester (full-time):** 48 credit points

**Course coordinator:** Melinda Service

**Discipline coordinator:** Environmental Health: Mr Terry Farr; Health, Safety and Environment: Mr Terry Farr.

**Entry Requirements**

Applicants must have completed either a science or health science degree (or equivalent) including successful completion of introductory units (or equivalent) in the areas of chemistry, biochemistry/microbiology, and human anatomy and physiology within the past 10 years.

**Course Structure**

Applicants should refer to the PU40 Bachelor of Health Science (Environmental Health or Health, Safety and Environment) information for course structure. One to one and a half years credit may be granted to student who have completed an appropriate undergraduate degree.

**Professional Membership****Environmental Health**

Graduates of Bachelor of Health Science (Environmental Health) are eligible for membership of the Australian Institute of Environmental Health, Environment Institute of Australia, Public Health Association of Australia and the Australian Health Promotion Association.

**Health, Safety and Environment**

Once graduates of Bachelor of Health Science (Health, Safety and Environment) have completed a period of work experience

they will be eligible for membership of the Safety Institute of Australia\*, the Ergonomics Society of Australia and the Australian Institute of Occupational Hygienists.

Graduates will also be eligible for membership of the Public Health Association of Australia and the Australian Health Promotion Association.

They also meet the statutory requirements for recognition as Workplace Health and Safety Officers under the Workplace Health and Safety Act.

\* The Safety Institute of Australia is the largest body representing health and safety professionals in Australia.

## ■ Bachelor of Health Science (Nutrition and Dietetics) (PU43)

**Award title:** Bachelor of Health Science (Nutrition and Dietetics)

**CRICOS code:** 022143C

**Location:** Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Mrs Melinda Service

**Discipline coordinator:** Dr Philippa Lyons-Wall

### **Other Majors**

See also the separate entry for the following major in this course:  
 Podiatry.

### **Professional Membership**

Graduates are eligible for membership of the Dietitians Association of Australia, and may enrol in the APD (Accredited Practising Dietitian Program). They are also eligible for membership of the Public Health Association of Australia, the Australian Health Promotion Association, Sports Dietitian Association, and Sports Medicine Australia.

## ■ Bachelor of Health Science (Podiatry)/B AppSc (Human Movement Studies) (HL43)

**Award title:** B AppSc (Human Movement Studies)/Bachelor of Health Science (Podiatry)

**Location:** Kelvin Grove

**Course duration (full-time):** 5 years

**Total credit points:** 528

**Entry Requirements**

Applicants must have completed Year 12 (or equivalent).

Assumed Knowledge: English (4 SA), Chemistry (4 SA) and Maths B (4 SA).

**Career Outcomes**

This double degree prepares multi-skilled professionals who meet current requirements for employment as podiatrists and who can apply their additional knowledge and skills in human movement related fields. There is a growing field in the area of rehabilitation science where people with dual qualifications will be in demand.

**Professional Membership**

Graduates are eligible for membership of the Australian Podiatry Association and can also apply for membership of Sports Medicine Australia. Graduates are also eligible for membership in the Australian Association for Exercise and Sports Science.

## ■ Bachelor of Nursing - Graduate Entry (NS40)

**Award title:** Bachelor of Nursing

**CRICOS code:** 003501K

**Location:** Kelvin Grove

**Course duration (full-time):** 2 Years for Preregistration Graduate entry

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Alan Barnard

### Streams in NS40 Bachelor of Nursing

From 2002 the Bachelor of Nursing (NS40) course will provide streams of study for both preregistration and postregistration students (ie those who have already completed a qualification leading to registration as a nurse).

### Professional Membership

This course is recognised by the Royal College of Nursing, Australia as satisfying the academic requirements for admission as a professional member. Domestic or international students who complete the pre-registration stream of studies (288 credit points) are eligible for registration within Australia, and have been successful in obtaining registration in Britain, New Zealand and North America. Eligible international registered nurses who complete a specified course of study (96 credit points) are also eligible for registration within Australia.

### Full-time Course structure

For preregistration students who have completed an undergraduate degree

#### Year 1, Semester 1

LSB111 Understanding Disease Concepts  
NSB324 Medical-Surgical Nursing 1  
NSB223 Mental Health Nursing  
NSB122 Clinical Practice 1  
NSB212 Clinical Practice 2

#### Year 1, Semester 2

NSB423 Medical-Surgical Nursing 2  
NSB424 Nursing Therapeutics  
HHB120 Ethics, Law And Health Care  
NSB222 Clinical Practice 3

#### Year 2, Semester 1

NSB500 Medical-Surgical Nursing 3  
NSB501 Politics, Technology And Nursing  
NSB322 Clinical Practice 4

#### Year 2, Semester 2

NSB321 Professional Nursing Development  
Elective  
NSB323 Clinical Practice 5

## ■ Bachelor of Nursing - Postregistration (NS40)

**Award title:** Bachelor of Nursing

**CRICOS code:** 003501K

**Location:** Kelvin Grove

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Alan Barnard

### Streams in NS40 Bachelor of Nursing

From 2002 the Bachelor of Nursing (NS40) course will provide streams of study for both preregistration and postregistration students (ie those who have already completed a qualification leading to registration as a nurse).

The postregistration stream is for domestic registered nurses with a hospital certificate and overseas registered nurses not seeking registration within Australia (8 units must be completed). Please note that this stream is not designed for students wanting to

undertake a Nursing "re-entry" course and does not lead to registration as a nurse within Australia.

### Full-time Course structure

#### Year 1, Semester 1

NSB224 Research Approaches In Nursing  
Select 3 more units:  
NSB223 Mental Health Nursing

- Select two units:
- NSB113 Values, Culture And Diversity
- HHB120 Ethics, Law And Health Care
- NSB424 Nursing Therapeutics  
Elective (see elective list) OR  
Any other approved unit

**Year 2, Semester 2**

- NSB223 Mental Health Nursing
- NSB501 Politics, Technology And Nursing
- PYB073 Introduction To Behavioural Sciences And Health Care  
Any other approved unit

**For Registered Nurses with an appropriate tertiary diploma - 4 units must be completed**

This program is available in the part-time mode only. This program does not lead to registration as a nurse in Australia

**First Semester Entry Part-time Course Structure****Year 1, Semester 1**

- NSB224 Research Approaches In Nursing  
Select one more unit:
- NSB223 Mental Health Nursing
- NSB501 Politics, Technology And Nursing
- PYB073 Introduction To Behavioural Sciences And Health Care  
Any other approved unit

**Year 1, Semester 2**

- NSB321 Professional Nursing Development  
Select one more unit:
- HHB120 Ethics, Law and Health Care OR
- NSB113 Values, Culture And Diversity
- NSB424 Nursing Therapeutics  
Elective OR  
Any other approved unit

**Second Semester (Mid-Year) Entry Part-time Course Structure****Year 1, Semester 1**

- NSB321 Professional Nursing Development  
Select one more unit:
- HHB120 Ethics, Law and Health Care OR
- NSB113 Values, Culture And Diversity
- NSB424 Nursing Therapeutics  
Elective OR  
Any other approved unit

**Year 1, Semester 2**

- NSB224 Research Approaches In Nursing  
Select one more unit:
- NSB223 Mental Health Nursing
- NSB501 Politics, Technology And Nursing
- PYB073 Introduction To Behavioural Sciences And Health Care  
Any other approved unit

**Elective List - subject to availability**

- HMB171 Fitness Health And Wellness
- NSB602 Pain Management And Contemporary Nursing Practice
- NSB603 Introduction To Cardiothoracic Nursing
- NSB604 Introduction To Dementia And Family Care
- NSB605 Nursing In A Technological World
- NSB421 Independent Study
- PUB203 Primary Health Care
- PYB257 Group Work
- PYB360 Interventions For Addictive Behaviours
- NSB312 Family And Community Nursing

**For Overseas Registered Nurses with an appropriate qualification seeking registration in Australia**

This program is available in the full-time mode only

**First Semester Entry Full-time Course Structure****Year 1, Semester 1**

- NSB500 Medical-Surgical Nursing 3
- NSB322 Clinical Practice 4  
Select two more units:
- NSB223 Mental Health Nursing
- NSB224 Research Approaches In Nursing

- NSB501 Politics, Technology And Nursing
- PYB073 Introduction To Behavioural Sciences And Health Care  
Any other approved unit

**Year 1, Semester 2**

- NSB321 Professional Nursing Development
- NSB323 Clinical Practice 5  
Elective

**Second Semester (Mid-Year) Entry Full-time Course Structure****Year 1, Semester 1**

- NSB321 Professional Nursing Development
- NSB323 Clinical Practice 5  
Elective

**Year 1, Semester 2**

- NSB500 Medical-Surgical Nursing 3
- NSB322 Clinical Practice 4  
Select two more units:
- NSB223 Mental Health Nursing
- NSB224 Research Approaches In Nursing
- NSB501 Politics, Technology And Nursing
- PYB073 Introduction To Behavioural Sciences And Health Care  
Any other approved unit

**■ Bachelor of Nursing - Preregistration (NS40)**

**Award title:** Bachelor of Nursing

**CRICOS code:** 003501K

**Location:** Kelvin Grove

**Course duration (full-time):** 3 Years

**Course duration (part-time):** 6 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Alan Barnard

**Streams in NS40 Bachelor of Nursing**

From 2002 the Bachelor of Nursing (NS40) course will provide streams of study for both preregistration and postregistration students (ie those who have already completed a qualification leading to registration as a nurse).

**Professional Membership**

This course is recognised by the Royal College of Nursing, Australia as satisfying the academic requirements for admission as a professional member.

Domestic or international students who complete the preregistration stream of studies (288 credit points) are eligible for registration within Australia, and have been successful in obtaining registration in Britain, New Zealand and North America. Eligible international registered nurses who complete a specified course of study (96 credit points) are also eligible for registration within Australia.

**Full-time Course structure****Year 1, Semester 1**

- LSB182 Bioscience 1
- PYB073 Introduction To Behavioural Sciences And Health Care
- NSB117 Nursing And The Health Care System
- NSB118 Health Assessment And Nursing Practice

**Year 1, Semester 2**

- LSB282 Bioscience 2
- NSB225 Promoting Health Across The Lifespan
- NSB113 Values, Culture And Diversity
- NSB122 Clinical Practice 1

**Year 2, Semester 1**

- LSB382 Bioscience 3
- NSB324 Medical-Surgical Nursing 1
- NSB212 Clinical Practice 2
- NSB223 Mental Health Nursing

**Year 2, Semester 2**

- NSB423 Medical-Surgical Nursing 2
- NSB424 Nursing Therapeutics
- HHB120 Ethics, Law And Health Care
- NSB222 Clinical Practice 3

**Year 3, Semester 1**

- NSB500 Medical-Surgical Nursing 3

## ■ Bachelor of Nursing/Bachelor of Applied Science (in Human Movement Studies) (HL40)

**Award title:** Bachelor of Nursing/Bachelor of Applied Science (in Human Movement Studies)

**CRICOS code:** 031578A

**Location:** Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 432

**Course coordinator:** Dr Alan Barnard

**Discipline coordinator:** Human Movement Studies: Dr Graham Costin

### Professional Membership

The Bachelor of Nursing is recognised by the Royal College of Nursing, Australia as satisfying the academic requirements for admission as a professional Member. Graduates are eligible for membership of the Australian Association for Exercise and Sports Science.

### Course Requirements

Students are required to complete 432 credit points within the integrated course. The clinical practice units require students to undertake block practicums of two or more weeks duration during semester. Students will be required to wear a uniform while on clinical practice, the cost of which is approximately \$150.

Students in the Nursing program are required to complete a course of vaccinations for Hepatitis B before commencing their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

### Full-time Course structure

#### Year 1, Semester 1

HMB171	Fitness Health And Wellness
LSB131	Anatomy
NSB117	Nursing And The Health Care System
PYB073	Introduction To Behavioural Sciences And Health Care

## OVERVIEW

The School of Humanities and Human Services within QUT Carseldine is focused on multidisciplinary teaching and research and offers a range of subjects which focus on contemporary international, local and community issues.

- The **Bachelor of Arts** offers students the opportunity for interdisciplinary majors in International and Global Studies, Ethics and Human Rights, Society and Change, and Community Studies. Discipline majors in History, Geography, Languages, Social Sciences (Sociology and Political Studies) are also available together with a broad range of co-majors from other areas of the University
- The **Bachelor of Social Science** offers majors in Applied Ethics, Geography and Environmental Studies, International and Global Studies, Political Studies, and Sociology
- The **Bachelor of Social Science (Human Services)** focuses on contemporary issues and offers a suite of skills units that will prepare students for work in aged services, disability services, corrections, working with children and family and with young people.
- associated **postgraduate research and coursework programs and honours programs** are also available in the School .

Staff of QUT Carseldine are committed to maintaining strong links with industry and the professions served by the courses on offer. QUT Carseldine is also responsible for the coordination of academic and support activities at the Carseldine campus, and for the continued development of the campus and its relationships with community partners. Research and community service activities are regarded as key strategies for ensuring the on-going relevance of the academic programs at all levels and for maintaining the strong success record of graduates.

## SENIOR STAFF

### QUT Carseldine

*Director:* Professor R.L. Matchett, B Soc Wk(Hons) *Qld*, MAASW

*Assistant Director (Academic Coordination):* Dr A.J. Williamson-Fien, B Econ, BA *Qld*, MA *Griff.*, PhD *Qld*.

*Executive Officer:* J.Murphy, BA *Qld* M Ed *QUT*

### School of Humanities and Human Services

*Head:* Associate Professor C. Bean, BA MA(Hons) *Canterbury*, PhD *ANU*

*Professor:* C.A. Trocki, BA *Cleveland*, MA PhD *C'nell*

*Associate Professors:*

H. Guille, BSc(Hons) *R'dg*, PhD *Griff.*

G.J. Ianziti, BA *San Fran.*, MA PhD *Nth Car.*

## RESEARCH CENTRES

### Centre for Social Change Research

The Centre's purpose is to develop a research environment that promotes understanding of the drivers of social change and the implications of change for individuals, families, communities and nations.

The Centre facilitates research with a strong applied social research orientation, which allows the human, ethical and societal dimensions of technological, environmental, economic and political change to be assessed, and responses to these changes to be identified. This is achieved through careful, critical, independent and ethical research, which contributes to better outcomes for individuals and communities, and addresses issues of national and global significance.

Staff and students are offered

- a centre of excellence in the 'craft of research', with a recognized reputation
- a distinctive, applied research culture, underpinned by a solid research base
- a focus on international and local issues related to the humanities, social sciences and human services
- an ethical engagement with a wide range of public policy and practices in government, business and the community, including human services, health care, biotechnology and the professions
- strong collaborative partnerships with community, government, academic, and private organizations
- cutting edge critical public debate
- an open, people-centered and change-oriented approach
- a nurturing environment for the development of excellence in the next generation of researchers through expert mentoring and guidance by experienced researchers

Some of the strengths which researchers have been developing since 1996 include:

- experience in the use of diverse research approaches, including: political, psychological, sociological, applied ethics, historical, and social science research approaches
- solid links with the community, industry, business and government organizations that enable the development of collaborative research alliances
- emerging cross-disciplinary linkages at the local, national and international level
- a high publication rate

The Centre aims to foster:

- a positive research culture that supports postgraduate candidates and staff researchers of an international standard
- solid links with the community, business, government and professional organizations that enable the development of collaborative research alliances and consultancies by working with people to deal with real issues in real time
- cross-disciplinary teams able to work together to offer alternative approaches to solve complex problems
- linkages with other faculties and departments throughout Australia and overseas, as well as within the Queensland University of Technology.

*Director:* Dr Laurie Buys BA *West Virginia* MS *SIU* GradCertGerontology PhD *Northern Colorado*

■ **Master of Arts (Research) (HH40)**

**Award title:** Master of Arts (Research)

**CRICOS code:** 012707K

**Location:** Gardens Point and Carseldine

**Course duration (full-time):** 3 semesters (3-year qualified entry); 2 semesters (4-year qualified entry)

**Course duration (part-time):** 6 semesters (3-year qualified entry); 4 semesters (4-year qualified entry)

**Total credit points:** 144 (3-year qualified entry); 96 (4-year qualified entry)

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Gavin Kendall

**Key Features**

The Master of Arts by Research is offered in various disciplines by the academic units that make up the School of Humanities and Human Services. Study areas available include:

- Aged Services
- Applied Ethics
- Asia-Pacific Studies
- Child and Family Services
- Corrective Services
- Disability Services
- European Studies
- Geography & Environmental Studies
- History
- Human Services
- International & Global Studies
- Languages (French, German, Indonesian, Japanese, Mandarin)
- Political Studies
- Services to Young People
- Sociology.

**Entry requirements**

Coursework plus Research Program - three-year bachelor degree or equivalent.

Research only Program - three-year bachelor degree plus honours, or three-year bachelor degree plus Graduate Diploma, or equivalent.

**Course Structure**

For those with a three-year degree the MA(Research) normally comprises 48 credit points of coursework and a 96cp research project. For those with a four-year degree it normally comprises a 96cp research project. However, with the approval of the postgraduate studies coordinator it is possible to enrol in 12cp coursework plus 84cp research project; or 24cp coursework plus 72cp research project.

**Research Component**

Dependent on the discipline, the research component may be undertaken as a research thesis (30 000-50 000 words).

**Entry with three-year qualification - Full-time Course Structure**

*Year 1, Semester 1*

HHB410 Logic Of Social Inquiry

HHN001/1 Research Project 1

Elective

Elective

NB The Electives will be drawn either from units offered in approved Honours or coursework Masters degree programs, or from advanced undergraduate units subject to approval by the Discipline Coordinator

■ **Master of Social Science (Human Services) (HH32)**

**Award title:** Master of Social Science (Human Services)

**CRICOS code:** 027281G

**Location:** Carseldine

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 6 semesters

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Judith Burton

**Part-time Course Structure**

Please contact the course coordinator via the School of Humanities and Human Services Ph (07) 3864 4674 for advice on nominating a part-time course load.

**Full-time Course Structure**

*Year 1, Semester 1*

HHP011 Critical Issues In The Human Services

HHB410 Logic Of Social Inquiry

Two elective units selected from the following, or any postgraduate unit as approved by the postgraduate coordinator:

HHP012	Leadership In The Human Services
GSN408	Fundamentals of Marketing Management
GSN418	Marketing Strategy Development
MGN516	Policy Analysis
MGN517	Program Management And Evaluation
HHB210	Indigenous Australia: Country, Kin And Culture
HHB212	Community Work
HHB303	Aged Services: Advanced
HHB304	Child And Family Services: Advanced
HHB305	Corrective Services: Advanced
HHB306	Disability Services: Advanced
HHB307	Services To Young People: Advanced
PYB159	Alcohol And Other Drug Studies

**Year 1, Semester 2**

HHP013	Managing Human Service Organisations
HHP015	Contracting in the Human Services

Two units selected from the following, or any postgraduate unit as approved by the postgraduate coordinator:

HHP003	Aged Services - Graduate Studies
HHP004	Child And Family Services - Graduate Studies
HHP006	Disability Services - Graduate Studies
HHP007	Youth Services - Graduate Studies
HHB210	Indigenous Australia: Country, Kin And Culture
HHB211	Casework And Case Management
HHB213	Social Policy Processes
HHB214	Group Practice and Team Processes
HHB224	Qualitative Research Methods
HHB232	Survey Methods
HHB328	Researching Applied Ethics
PYB208	Counselling Theory And Practice 1
PYB110	Psychological Research Methods

Note: Students will be encouraged to select only one undergraduate unit per semester

**Year 2, Semester 1**

HHP020	Human Services Practice Related Research 1 -2
HHP020	Human Services Practice Related Research 1 -2

**■ Graduate Diploma in Social Science (Human Services) (HH31)**

**Award title:** Graduate Diploma in Social Science (Human Services)

**CRICOS code:** 027280J

**Location:** Carseldine

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Judith Burton

**Part-time Course Structure**

Please contact the course coordinator via the School of Humanities and Human Services (07) 3864 4697 for advice on nominating a part-time course load.

**Full-time Course structure**

**Year 1, Semester 1**

HHP011	Critical Issues In The Human Services
HHP012	Leadership In The Human Services

Two elective units selected from the following, or any other postgraduate unit as approved by the Course coordinator:

HHB410	Logic Of Social Inquiry
MGN516	Policy Analysis
MGN517	Program Management And Evaluation
HHB210	Indigenous Australia: Country, Kin And Culture
HHB212	Community Work
HHB303	Aged Services: Advanced
HHB304	Child And Family Services: Advanced
HHB305	Corrective Services: Advanced
HHB306	Disability Services: Advanced
HHB307	Services To Young People: Advanced
HHB201	Initial Professional Practice
PYB159	Alcohol And Other Drug Studies
DBP411	Community Planning

GSN230	Ethics And Management For Philanthropic And Nonprofit Organisations
--------	---

**Year 1, Semester 2**

HHP013	Managing Human Service Organisations
HHP015	Contracting in the Human Services

Two elective units selected from the following, or any postgraduate unit as approved by the Course coordinator:

HHP003	Aged Services - Graduate Studies
HHP004	Child And Family Services - Graduate Studies
HHP006	Disability Services - Graduate Studies
HHP007	Youth Services - Graduate Studies
HHB210	Indigenous Australia: Country, Kin And Culture
HHB211	Casework And Case Management
HHB213	Social Policy Processes
HHB328	Researching Applied Ethics
HHB214	Group Practice and Team Processes
HHB224	Qualitative Research Methods
PYB208	Counselling Theory And Practice 1
HHB215	Crisis And Conflict Resolution
HHB300	Current Developments In Human Services
AMN403	Marketing And Survey Research
GSN231	Legal And Accounting Issues For PAndNp Organisations
GSN224	Corporate Philanthropy

NOTE: Students will be encouraged to select only one undergraduate unit per semester.

**■ Graduate Certificate in Social Science (Human Services) (HH30)**

**Award title:** Graduate Certificate in Social Science (Human Services)

**CRICOS code:** 040287D

**Location:** Carseldine

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Judith Burton

**Alternative Enrolment**

Graduate Certificate students may choose to do:

- One unit from Group A, one advanced service context unit from Group B and two service context units at graduate studies level from Group B; or
- One unit from Group A and three graduate studies level units from Group B; or
- Three units from Group A and one unit at graduate studies level from Group B.

**Part-time Course Structure**

Students can complete the equivalent of the full time program in any order in either 2, 3 or 4 semesters

**Course structure - Standard Enrolment**

**Full-time Course Structure**

**GROUP A**

Any two units chosen from:

HHP011	Critical Issues In The Human Services
HHP012	Leadership In The Human Services
HHP013	Managing Human Service Organisations
HHP015	Contracting in the Human Services

**GROUP B**

Any two units chosen from:

HHB303	Aged Services: Advanced
HHP003	Aged Services - Graduate Studies
HHB304	Child And Family Services: Advanced
HHP004	Child And Family Services - Graduate Studies
HHB305	Corrective Services: Advanced
HHB306	Disability Services: Advanced
HHP006	Disability Services - Graduate Studies
HHB307	Services To Young People: Advanced
HHP007	Youth Services - Graduate Studies

Note: the choice of electives can only include one service context Advanced unit

## ■ Bachelor of Arts (Honours) (HH21)

**Award title:** Bachelor of Arts (Honours)

**CRICOS code:** 020294D

**Location:** Carseldine

**Course duration (full-time):** 2 Semesters

**Course duration (part-time):** 4 Semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Judith Burton

### Part-time Course Structure

Part-time/Mid-year entry students should contact the course coordinator for advice on alternative sequences of study.

### Note: Language Students

Language students will, where appropriate, do extensive work in HHB403 (Literature Review), HHB404 (Honours Thesis 1) and HHB405 (Honours Thesis 2) in the target language. Where feasible the Honours Dissertation will be written in the target language.

### Course Rules

The requirements for graduating are satisfactory (or better) performance in all prescribed units. The final mark for the course is determined on the basis of marks assigned in the assessed units HHB410 The Logic of Social Inquiry, HHB403 Literature Review, and the elective, plus the mark awarded to the thesis, with weighting being given according to the proportion of credit points within the total. The Honours dissertation will be marked by two assessors, one of whom will normally be external to QUT.

### Full-time Course Structure

#### Year 1, Semester 1

HHB410 Logic Of Social Inquiry

HHB403 Literature Review

HHB404 Honours Thesis 1

Elective

(One 12 credit point elective selected from advanced units offered in the undergraduate program, chosen in consultation with the thesis supervisor and approved by the Honours Coordinator)

#### Year 1, Semester 2

HHB405 Honours Thesis 2

HHB406 Honours Thesis 3

HHB407 Honours Seminar

## ■ Bachelor of Social Science (Honours) (HH23)

**Award title:** Bachelor of Social Science (Honours)

**CRICOS code:** 027279B

**Location:** Carseldine

**Course duration (full-time):** 2 Semesters

**Course duration (part-time):** 4 Semesters

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Judith Burton

### Course Structure

The Honours course contains a mix of advanced theory, research training and a research project leading to a thesis. Coursework provides both for disciplinary specialisation, and an inter-disciplinary elective option selected in consultation with the Course Coordinator. The honours seminar will foster oral communication skills relevant to conference presentations. The thesis will be completed under the guidance of an individual supervisor.

### Note: Part-time Students

Part-time students may take units in an alternative sequence approved by the Course Coordinator

### Course Rules

The requirements for graduating are satisfactory (or better) performance in all prescribed units. The final mark for the course is determined on the basis of marks assigned in assessed units (The Logic of Social Inquiry, Literature Review and elective) plus the mark awarded to the thesis, with weighting being given according to the proportion of credit points within the total. The Honours thesis will be marked by two assessors, one of whom will normally be external to the University.

### Full-time Course Structure

#### Year 1, Semester 1

HHB410 Logic Of Social Inquiry

HHB403 Literature Review

HHB404 Honours Thesis 1

Elective: An advanced unit selected in consultation with supervisor and approved by the Honours coordinator.

#### Year 1, Semester 2

HHB405 Honours Thesis 2

HHB406 Honours Thesis 3

HHB407 Honours Seminar

## ■ Bachelor of Social Science (Honours) (Human Services) (HH22)

**Award title:** Bachelor of Social Science (Honours) (Human Services)

**CRICOS code:** 027279B

## ■ Bachelor of Arts (HH01)

**Award title:** Bachelor of Arts

**CRICOS code:** 037577J

**Location:** Gardens Point and Carseldine

**Course duration (full-time):** 3 years

**Course duration (part-time):** 6 years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr John Synott

### Course Requirements

Students are REQUIRED to complete:

- One Interdisciplinary Professional Major (1 core introductory unit + 6 more units which expand and develop the theme of the major)

Students are ADVISED to complete:

- Four core units in first semester (from a selection of core introductory units and core skills units)  
(Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major as outlined above)
- Two core units in second year (2 research methods units)
- A Workplace Internship in Third Year (24 credit points)

Students MAY also complete:

- An additional Interdisciplinary Professional Major (1 core introductory unit + 6 units in the major)
- A Discipline Studies Sequence (6 units in one of the disciplines: Geography, History, Languages (French, German, Indonesian, Japanese, Mandarin), Sociology, Politics).
- A Co-major in another QUT course (6 units)

NB: Students must maintain 50% enrolment in units from the BA program until they have completed 8 of those units.

16 of the 24 units in the BA must be chosen from units in the BA program.

A unit may not be counted in more than one professional major, discipline sequence, co-major or minor study sequence.

### Key Terms

- Professional Major - one of four interdisciplinary study sequences in the BA degree (International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies), consisting of one core unit plus six further units from the appropriate list (making a total of 84 credit points). Students must complete at least one of these to fulfil the requirements of the degree.
- Discipline Sequence - a set of six units (72 credit points) in a given discipline (Geography, History, Languages, Social Science). In Languages, this consists of six sequenced units in one Language. In other disciplines the six units must include one introductory unit to the discipline.
- Co-major - a set of six units (72 credit points) from another QUT course or faculty.
- Minor Study Sequence - a study sequence of any four units (48 credit points) in a given subject area.
- Elective units - units selected by students to fit into their study programs. They can be selected from units offered by any faculty in the university.

### International and Global Studies Professional Major

The major in International and Global Studies serves students seeking employment in job markets that demand and value knowledge of trends and outcomes in internationalisation, understanding of cultural diversity, knowledge of world regions, cultures and societies, and skills associated with global literacy. Students will be able to tailor learning packages to their professional interests and may choose to concentrate on 'global perspectives' or 'international studies' (Asian studies, European studies, Pacific studies). This major may be combined with

language study in Indonesian, French, Japanese, German or Mandarin.

Refer to Core Program and Electives: Students are advised to take 1 or 2 Core Units, 1 Unit from Strand A, 1 Unit from Strand B, 3 or 4 Units selected from either Strand (Total of 7 units)

### Society and Change Professional Major

The Society and Change major provides an interdisciplinary approach to understanding the dynamics of social change with particular emphasis on 'the environment, change and society', 'societies in transition' and 'the individual and society'. Students will acquire substantive knowledge on social and cultural aspects of change. Students are challenged to take a critical and analytical approach to their study. Many of the units provide case studies of social change, and graduates of this major will be equipped with transferable analytical, research and interpersonal skills required for adaptation to rapidly changing work environments.

Refer to Core Program and Electives: Students are advised to take 1 or 2 Core Units, 4-6 units from within Strands A, B & C, with no more than 1 Change Management or Project unit. (Total of 7 units)

### Ethics and Human Rights Professional Major

The major in Ethics and Human Rights provides students with the opportunity to develop as socially responsible and responsive practitioners. Dramatic changes in the human condition, such as those already emerging from globalisation and biotechnology, will be a significant feature of life in the twenty-first century. This major will equip students with understandings, skills and strategies that will enable them to address change in ways that optimise outcomes which promote the well-being of individuals and communities. The major is organised around five themes: 'ethical understandings and theory', 'human rights', 'identity studies', 'ethics and technology' and 'ethical practice'.

Refer to Core Program and Electives: Students are advised to take 1 or both Core Units, 5 or 6 electives from Strands A - E.

### Community Studies Professional Major

In the Community Studies major the 'knowledge explosion' is addressed by an open-ended teaching and learning approach to equip students to better understand the communities to which they belong from past, present and future perspectives. As students get to know how communities are structured, they consider which holds communities together and what undermines them, and consider how communities can be enhanced. The two strands of the major are 'community practice' which encompasses the concept of community and a detailed investigation of community processes, and 'Australian studies' which looks specifically at the Australian community and Australia's relationships with countries around it.

Refer to Core Program and Electives: Students are advised to take 1 or 2 Core Units, 5-6 units from either Strand A or B.

### Discipline Sequences

Discipline sequences of six units are available in the following areas:

- Geography
- History
- French
- German
- Indonesian
- Japanese
- Mandarin
- Sociology
- Politics

### Minors

All of the interdisciplinary professional majors and discipline sequences are also available to be taken as minors. To complete a

minor in one of these areas, students will need to pass any four units from the relevant list.

### Example of Full-time Course Structure

- HHB224 Qualitative Research Methods
- HHB232 Survey Methods
- HHB121 Interpreting The Past
- HHB312 Geographical Research Design

#### Third Year Core: Internship

- HHB330 Internship Program

### Electives - International and Global Studies Professional Major

#### Strand A - Global Perspectives

- HHB107 World Regions
- HHB226 Consuming Cultures
- HHB241 Gender and Globalisation
- HHB263 Politics Of Globalisation
- HHB269 Ethics, Technology And The Environment
- HHB310 Globalisation And Social Theory
- HHB311 Colonial Fantasies And Postcolonial Identities
- HHB331 Advanced Seminar

#### Strand B - International Studies

- HHB122 Colonialism And Independence In Asia Pacific
- HHB229 Windows On Japan
- HHB239 Korean Culture And Societies
- HHB238 Asian Cultures And Societies
- HHB243 The Pacific Since 1945
- HHB244 Southeast Asia In Focus
- HHB245 Australia And The South Pacific

- HHB246 Modern China
- HHB248 The USA and The Asia Pacific Region
- HHB256 Europe Since 1945
- HHB260 Nations And Nationalism In Modern Europe
- HHB315 Sex And Drugs In South East Asia

#### Language Studies/International and Global Studies

Upon consultation with the Languages coordinator, students may select one language unit as an elective in the International & Global Studies Strand.

Students may also undertake a Combined Major in

Languages/International and Global Studies, comprising:

- 1 Introductory Unit
- 2 Elective units, preferably one from each strand
- 4 units in a chosen language

### Electives - Society and Change Professional Major

#### Strand A - The Individual and Society

- HHB102 The Human Condition
- HHB113 Interpersonal Communication
- HHB268 Vulnerable Identities
- HHB234 Sociological Theory
- HHB233 Sex, Gender And Society
- HHB236 Virgins, Saints And Sinners: Sociology Of Religion
- HHB235 Identities: The Body, Technology & Cyberspace
- HHB225 Political Sociology
- HHB230 Political Behaviour
- HHB240 Sociology Of Crime And Deviance

#### Strand B - Environment, Society and Change

- HHB226 Consuming Cultures
- HHB227 Environment And Society
- HHB228 Environmental Hazards
- HHB251 Australian Resource Management
- HHB231 Health, Society And Environment
- HHB210 Indigenous Australia: Country, Kin And Culture

#### Strand C - Societies in Transition

- HHB257 The Classical World
- HHB261 Medieval Europe
- HHB258 Foundations of Modern Europe
- HHB315 Sex And Drugs In South East Asia
- HHB253 Conspiracy And Dissent In Australian History
- HHB242 Pacific Culture Contact
- HHB259 War And Revolution In Europe 1914-1945
- HHB249 Social Movements In Australia
- HHB262 Political Ideologies
- HHB315 Sex And Drugs In South East Asia
- HHB253 Conspiracy And Dissent In Australian History

#### Change Management and Project Units

- HHB212 Community Work
- HHB213 Social Policy Processes
- HHB214 Group Practice and Team Processes
- HHB329 Advanced Project

### Electives - Ethics and Human Rights Professional Major

#### Strand A - Ethical Understanding and Theory

- HHB265 The Just Society
- HHB267 Feminism And Ethics
- HHB271 Ethical Theory

#### Strand B - Human Rights

- HHB274 Human Rights: International And Regional Activism
- HHB275 Human Rights: Australian Activism

#### Strand C - Identity Studies

- HHB268 Vulnerable Identities
- HHB272 Composing Identities: The Artistry Of Living

#### Strand D - Ethics and Technology

- HHB269 Ethics, Technology And The Environment
- HHB270 Gene Technology And Ethics
- HHB273 Reshaping Life And Death

#### Strand E - Ethical Practice

- HHB264 Public And Professional Ethics
- HHB266 Ethical Decision Making
- HHB328 Researching Applied Ethics

### Electives - Community Studies Professional Major

#### Strand A - Community Practice

## ■ Bachelor of Social Science (HH03)

**Award title:** Bachelor of Social Science

**CRICOS code:** 001819D

**Location:** Carseldine

**Course duration (full-time):** 3 years

**Course duration (part-time):** 6 years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Bob Lonnie

#### Course Requirements

Students are REQUIRED to complete:

In FIRST YEAR: Applied Skills and Scholarship (HHB116); two foundation units; two to three Introductory units; and two to three electives.

Note: A minimum of four of the eight units taken in first year must be chosen from units that are within the HH03 course.

One Primary Major Study Sequence must be chosen from the Social Science Majors offered within the HH03 course and, either, one Secondary Major Study Sequence (or two Minor Study Sequences) from those offered within the HH03 course, or, one Secondary Major Sequence (or up to two Minor Study Sequences) from those offered by Schools other than those offered in the HH03 course.

Students must ENSURE that:

- They maintain a 50% enrolment in the units that are HHB-coded until they have completed eight units;
- That a minimum of 12 of the total of 24 course units must be chosen from units that are HHB-coded.

Students who enter the course with advanced standing should discuss their enrolment with the Course Coordinator.

### Part-time Students - Year 1

During their first year, part-time students normally enrol in four units. The following is the recommended pattern of enrolment:

- HHB116 Applied Skills and Scholarship
- Two Foundation Units (one per semester)
- One Introductory Unit

### Example of Course Structure for Full-time Students

#### Year 1, Semester 1

Foundation Unit (List A)  
 Course Foundation Unit or HHB116

 HHB052 Introductory Mandarin 2

### Primary Major and Secondary Major Study Sequences

#### Applied Ethics

HHB264 Public And Professional Ethics  
 HHB268 Vulnerable Identities  
 HHB270 Gene Technology And Ethics  
 HHB265 The Just Society  
 HHB266 Ethical Decision Making  
 HHB267 Feminism And Ethics  
 HHB269 Ethics, Technology And The Environment  
 HHB328 Researching Applied Ethics

#### Geography & Environmental Studies

Environment and Resources  
 HHB227 Environment And Society  
 HHB228 Environmental Hazards  
 HHB269 Ethics, Technology And The Environment  
 HHB241 Gender and Globalisation  
 HHB251 Australian Resource Management  
 Regional and Local Studies  
 HHB250 Australian Geographical Studies  
 HHB229 Windows On Japan  
 HHB244 Southeast Asia In Focus

#### Advanced Seminar

HHB312 Geographical Research Design  
 Other Electives for Geography Major  
 HHB232 Survey Methods  
 PSB631 Geographic Information Systems 1  
 PSB655 Remote Sensing  
 NRB100 Environmental Science  
 PSB443 Population And Urban Studies

#### International and Global Studies

HHB111 Issues In International And Global Studies  
 Regional Studies  
 HHB229 Windows On Japan  
 HHB239 Korean Culture And Societies  
 HHB122 Colonialism And Independence In Asia Pacific  
 HHB243 The Pacific Since 1945  
 HHB244 Southeast Asia In Focus  
 HHB315 Sex And Drugs In South East Asia  
 HHB256 Europe Since 1945  
 HHB320 Independent Project 1  
 Geography and Development Studies

HHB107	World Regions
HHB241	Gender and Globalisation
HHB226	Consuming Cultures
Applied Ethics Studies	
HHB115	Human Identity And Change
HHB269	Ethics, Technology And The Environment
Sociology and Political Studies	
HHB263	Politics Of Globalisation
HHB225	Political Sociology
HHB235	Identities: The Body, Technology & Cyberspace
HHB310	Globalisation And Social Theory
HHB265	The Just Society
<b>Political Studies</b>	
HHB225	Political Sociology
HHB230	Political Behaviour
HHB232	Survey Methods
HHB249	Social Movements In Australia
HHB263	Politics Of Globalisation
HHB111	Issues In International And Global Studies
HHB213	Social Policy Processes
HHB255	Indigenous Politics And Political Culture
HHB262	Political Ideologies
HHB265	The Just Society
HHB224	Qualitative Research Methods
<b>Sociology</b>	
HHB232	Survey Methods
HHB233	Sex, Gender And Society
HHB234	Sociological Theory
HHB236	Virgins, Saints And Sinners: Sociology Of Religion
HHB270	Gene Technology And Ethics
HHB111	Issues In International And Global Studies
HHB224	Qualitative Research Methods
HHB225	Political Sociology
HHB226	Consuming Cultures
HHB231	Health, Society And Environment
HHB240	Sociology Of Crime And Deviance
HHB310	Globalisation And Social Theory
HHB235	Identities: The Body, Technology & Cyberspace

## Secondary Major Study Sequences

### Asia Pacific Studies

#### East Asia

HHB246	Modern China
HHB229	Windows On Japan
HHB239	Korean Culture And Societies

#### Pacific Islands

HHB242	Pacific Culture Contact
HHB243	The Pacific Since 1945
HHB245	Australia And The South Pacific

#### Southeast Asia

HHB244	Southeast Asia In Focus
HHB315	Sex And Drugs In South East Asia

#### Asia Thematic

HHB238	Asian Cultures And Societies
HHB241	Gender and Globalisation
HHB248	The USA and The Asia Pacific Region
HHB331	Advanced Seminar

### History

#### Modern Histories

HHB238	Asian Cultures And Societies
HHB242	Pacific Culture Contact
HHB243	The Pacific Since 1945
HHB245	Australia And The South Pacific
HHB315	Sex And Drugs In South East Asia
HHB246	Modern China
HHB253	Conspiracy And Dissent In Australian History
HHB248	The USA and The Asia Pacific Region
HHB256	Europe Since 1945
HHB259	War And Revolution In Europe 1914-1945
HHB260	Nations And Nationalism In Modern Europe
HHB109	Australian Historical Studies
HHB239	Korean Culture And Societies
HHB237	Brisbane in the Twentieth Century
HHB329	Advanced Project
HHB331	Advanced Seminar

#### Pre-Modern Histories

HHB257	The Classical World
HHB258	Foundations of Modern Europe
HHB261	Medieval Europe

### Human Services

#### Discipline Studies Units

HHB103	Contemporary Social And Community Issues
HHB200	Working In Human Service Organisations
HHB220	Intervention Theories And Methods
HHB117	Introduction To Social Research Methods
HHB211	Casework And Case Management
HHB213	Social Policy Processes
HHB214	Group Practice and Team Processes
HHB210	Indigenous Australia: Country, Kin And Culture
HHB215	Crisis And Conflict Resolution
HHB212	Community Work
Service Context Units	
HHB203	Aged Services: Introduction
HHB204	Child And Family Services: Introduction
HHB205	Corrective Services: Introduction
HHB206	Disability Services: Introduction
HHB207	Services To Young People: Introduction

### Languages

#### French

HHB061	French 1
HHB062	French 2
HHB063	French 3
HHB064	French 4
HHB065	French 5
HHB066	French 6
HHB067	French 7
HHB068	French 8
HHB069	French 9
HHB070	French 10
HHB060	French For The Tourism Industry

#### German

HHB091	German 1
HHB092	German 2
HHB093	German 3
HHB094	German 4
HHB095	German 5
HHB096	German 6
HHB097	German 7
HHB098	German 8

#### Indonesian

HHB071	Indonesian 1
HHB072	Indonesian 2
HHB073	Indonesian 3
HHB074	Indonesian 4
HHB075	Indonesian 5
HHB076	Indonesian 6
HHB077	Indonesian 7
HHB078	Indonesian 8

#### Japanese

HHB081	Japanese 1
HHB082	Japanese 2
HHB083	Japanese 3
HHB084	Japanese 4
HHB085	Japanese 5
HHB086	Japanese 6
HHB087	Japanese 7
HHB088	Japanese 8

#### Mandarin

HHB050	Mandarin For Chinese
HHB051	Introductory Mandarin 1
HHB052	Introductory Mandarin 2

## ■ Bachelor of Social Science (Human Services) (HH02)

**Award title:** Bachelor of Social Science (Human Services)

**CRICOS code:** 001819D

**Location:** Carseldine

**Course duration (full-time):** 3 years

**Course duration (part-time):** 6 years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Marie Knox

### Professional Membership

Graduates are entitled to apply for membership of the Australian Institute of Welfare and Community Workers.

### Full-time Course Structure

#### *Year 1, Semester 1*

- HHB116 Applied Skills And Scholarship
- HHB100 Introduction To Human Services
- HHB104 Understanding Society: Intro. To Sociology
- HHB114 Introduction To Human Rights And Ethics  
OR Elective Unit (preferably from List A)

#### *Year 1, Semester 2*

- HHB113 Interpersonal Communication
- HHB102 The Human Condition
- HHB103 Contemporary Social And Community Issues
- HHB114 Introduction To Human Rights And Ethics  
OR Elective Unit (preferably from List A) NOTE: HHB114 must be selected in either Semester 1 or 2.

#### *Year 2, Semester 1*

- HHB220 Intervention Theories And Methods
- HHB201 Initial Professional Practice  
One unit from List B (Introductory Service Units)

#### *Year 2, Semester 2*

- HHB222 Human Service Practice: Legal Dimension
- HHB200 Working In Human Service Organisations
- HHB221 Intervention Processes And Ethics  
One unit from List C (Professional Skills Units)

#### *Year 3, Semester 1*

- One unit from List C (Professional Skills Units)
- One unit from List D (Advanced Service Units)
- One unit from Lists B or C
- Any other elective unit

#### *Year 3, Semester 2*

- HHB300 Current Developments In Human Services
- HHB301 Advanced Professional Practice

### Electives (Lists A-D)

#### *List A - Elective Units*

- HHB106 Australian Society And Culture
- HHB110 Introduction To International And Global Studies
- HHB111 Issues In International And Global Studies
- HHB105 Interpreting Change
- HHB115 Human Identity And Change
- HHB275 Human Rights: Australian Activism
- HHB210 Indigenous Australia: Country, Kin And Culture
- HHB112 Australian Politics

#### *List B - Introductory Service Context Units (Available Semester 1 only)*

- HHB203 Aged Services: Introduction
- HHB204 Child And Family Services: Introduction
- HHB205 Corrective Services: Introduction
- HHB206 Disability Services: Introduction
- HHB207 Services To Young People: Introduction

#### *List C - Professional Skills Units*

- HHB117 Introduction To Social Research Methods
- HHB215 Crisis And Conflict Resolution
- HHB212 Community Work
- HHB211 Casework And Case Management
- HHB213 Social Policy Processes
- HHB214 Group Practice and Team Processes
- HHB210 Indigenous Australia: Country, Kin And Culture

#### *List D - Advanced Service Contexts Units (Available Semester 1 only)*

- HHB303 Aged Services: Advanced
- HHB304 Child And Family Services: Advanced
- HHB305 Corrective Services: Advanced
- HHB306 Disability Services: Advanced
- HHB307 Services To Young People: Advanced

### Part-time Course Structure

Students wishing to study on a part-time basis should consult the timetable and the course coordinator before selecting an enrolment program

NOTE: it may not be possible to undertake all units in the evening.

---

## OVERVIEW

QUT's Faculty of Information Technology is one of the leading providers of information technology courses in Australia and is fast becoming internationally renowned for excellence in information technology and research. The Faculty is located at Gardens Point Campus and also offers courses at Carseldine Campus.

The Faculty comprises two schools:

- School of Software Engineering and Data Communications
- School of Information Systems

As well as the knowledge gained from many years of running successful courses, Information Technology (IT) at QUT benefits from its close links with business and industry. Representatives of the IT industry are active contributors to the development and continual refinement of courses at QUT. The Faculty also coordinates a very successful Cooperative Education Program with the IT industry. The program offers high achieving IT students the option of completing 10-12 months paid professional experience in an IT organisation.

The Faculty has more than 3000 students, with 25 per cent being international students from some 15 countries, studying our postgraduate and undergraduate courses. We continue to expand with the demand for graduates who can face not just today's challenges, but who can also tackle an unimagined future with confidence and innovation.

The Faculty promotes practical teaching and leadership in applied research that directly benefits industry and the professions. The lecturers are real-world professionals with years of relevant experience.

The Faculty draws on the talents of more than 110 academics, of which 20 per cent come from different countries such as Algeria, Canada, France, Germany, Holland, Hungary, Israel, Malaysia, New Zealand, Poland, Singapore, Taiwan, UK, USA, and Vietnam.

## SENIOR STAFF

### Faculty Office

*Dean:* Professor K.J. Gough, MSc PhD *Well.*, FNZEI, MIEEE, MACM, MACS

*Director of Research:* Professor B. Pham, PhD *Tas*, DipEd *Monash*, ACM, IEEE, ACSC, APRS

*Director of Teaching and Learning:* Associate Professor Christine Bruce, BA *Qld*, GradDipLibSc *QUT*, MEd(Res) *QUT*, PhD *UNE*

*Assistant Dean (Postgraduate Studies):* Dr A Anderson, BSc, MInfSys *Qld*, PhD *QUT*, LMusA

*Assistant Dean (Undergraduate Studies):* Dr A.B. Tickle, BSc *Qld*, GradDipMgt *CQU*, MSc *Qld*, PhD *QUT*

*Administration Manager:* C.M. Stephens, BA *UNE*, GradCertHigherEd *Griff*

### School of Software Engineering and Data Communications

*Head:* Professor W. Caelli, BSc(Hons) *N'cle NSW*, PhD *ANU*, FACS, FTICA, MIEEE

*Deputy Head:* Associate Professor M. Looi, BEng(Hons), BAppSc, PhD, MIEEE, MACS, CDec

*Professors:*

E. Dawson, BSc DipEd *Wash*, MA *Syd*, MLittSt, MSc *Qld*, PhD, FTICA, MIEEE, MCMSA, MIACR

*Adjunct Professors:*

D. Longley, BSc(Physics)(Hons) *Manc*, MSc(Tech) *UMIST*, PhD *Leic*, CEng, FIEE, FAIM

G. Mohay, BSc(Hons) *WAust*, PhD *Monash*, MACS, MACM, MIEEE

*Associate Professors:*

C. Boyd, BSc, PhD *Warwick*, CMath

P. Roe, MEng(Hons) *York*, PhD *Glas*, MACM

J. Sitte, PhD *Uppsala*, APS, MINNS, MIEEE

### School of Information Systems

*Head:* Associate Professor B.A. Underwood, BBus *QIT*, MS(MIS) *TexasTech*, MBA *Qld*, PhD, FACS, PCP

*Professor:* G.Gable, DipCompSys *NAIT*, Bcom *Alta*, MBA *W.Ontario*, PhD *Brad.*, ACS, AIR, IRMA

*Associate Professors:*

A. ter Hofstede, MSc PhD *KUN*

M. Rosemann, MBA, PhD *Muenster*

## RESEARCH CENTRES

### Centre for Information Technology Innovation (CITI)

CITI was established in 2002 bringing together four research areas: Cooperative Information Systems, Information Systems Management, Programming Languages and Systems, and Smart Devices. The Centre is capable of undertaking high quality integrated and multi-disciplinary research projects in IT.

*Director:* Associate Professor M. Rosemann, MBA, PhD *Muenster*

Phone: +61 7 3864 9486

### Information Security Research Centre (ISRC)

ISRC has developed a national and international reputation in all aspects of the security of information systems and networks over the past fifteen years. The Centre has four main research areas: Cryptology, Networks, and Systems Security, Cyber Policy and Law, and Secure Electronic Commerce.

*Director:* Professor E. Dawson, BSc DipEd *Wash.*, MA *Syd.*, MLittSt MSc *Qld*, PhD, FTICA, MIEEE, MCMSA, MIACR

Phone: +61 7 3864 2846

## ■ Master of Information Technology (IT Graduate) (IT40)

**Award title:** Master of Information Technology (Study Area A)

**CRICOS code:** 003776E

**Location:** Gardens Point

**Course duration (full-time):** 1.5 years

**Course duration (part-time):** 3 years

**Total credit points:** 144

**Course coordinator:** Dr Alison Anderson

### Overview

This program is designed for Information technology graduates who wish to update and upgrade their knowledge and skills for purposes of further career development. The course assists IT graduates to acquire specialised knowledge in an area of information technology and/or widen their knowledge into new areas of information technology. The course offers approximately 60 units spread across the broad areas of Software Engineering, Data Communications and Information Systems. A specialisation in Electronic Commerce is available.

### Entry requirements

Students can elect to be admitted to either the Graduate Diploma in Information Technology (IT35) or the Master of Information Technology (IT40). Students who complete IT35 can subsequently seek admission to IT40 and are only required to undertake an additional four units to meet the requirements for the Masters degree. Applicants for either IT35 or IT40 must have:

a) a bachelors degree in Information Technology with a grade point average of at least 4.5 (7-point scale) OR b) provide other evidence of such qualifications and level of performance, as will satisfy the Dean of Faculty that the applicant possesses the capacity to pursue the course of study.

## ■ Master of Information Technology (Non-IT Graduates) (IT45)

**Award title:** Master of Information Technology

**CRICOS code:** 003776E

**Location:** Gardens Point

**Course duration (full-time):** 1.5 years

**Course duration (part-time):** 3 years

**Total credit points:** 144

**Course coordinator:** Dr Alison Anderson

### Entry requirements

Students can elect to be admitted to either the Graduate Diploma in Information Technology (IT38) or the Master of Information Technology (IT45). Students who complete IT38 can subsequently seek admission to IT45 and are only required to undertake an additional four units to meet the requirements for the Masters degree. Applicants for either IT38 or IT45 must have: a Bachelors degree in a discipline other than Information Technology with a grade point average of at least 4.5 (7 point scale)

AND

have successfully completed, at undergraduate level, an introductory programming unit in a block structured language, for example: C, Java, Modula 2 or Pascal OR provide other evidence of such qualifications and level of performance, as will satisfy the Dean of Faculty that the applicant possesses the capacity to pursue the course of study.

### Course Structure

To graduate from the Master of Information Technology (IT45) students are required to complete 12 units, consisting of:

3 x Block 1: Compulsory Introductory units

3 x Block 2: Intermediate units

3 x Block 3: Advanced Level units

3 units selected from any of the above blocks, no more than one of which can be selected from Block 1.

To exit the Masters course with a Graduate Diploma in Information Technology (IT38), students are required to have completed 8 units, consisting of:

3 x Block 1: Compulsory Introductory Units

3 x Block 2: Intermediate Units

2 units selected from Blocks 1, 2 or 3, no more than one of which can be selected from Block 1.

Students who have completed the Graduate Diploma in Library and Information Studies (IT25) with a Grade Point Average of at least 4.5 will receive 96 credit points of exemptions towards the Master of Information Technology (IT45) and will complete the following program of studies:

ITN510 Data Communications

ITN350 Information Contexts

2 elective units to be selected in consultation with the Course Coordinator

## ■ Master of Information Technology (Research) (IT60)

**Award title:** Master of Information Technology (Research)

**CRICOS code:** 020309B

**Location:** Gardens Point

**Course duration (full-time):** 1 year minimum (2 semesters), 2 years maximum (4 semesters)

**Course duration (part-time):** 2 years minimum (4 semesters), 4 years maximum (8 semesters)

**Total credit points:** 144

**Course coordinator:** Associate Professor Colin Boyd

### Entry requirements

An approved degree in information technology from a recognised tertiary institution or an equivalent qualification, with a grade point average equal to, or greater than 5 (7 point scale), or an approved degree from a recognised tertiary institution plus evidence of professional experience and skills to satisfy the academic board that the applicant possesses the capacity to pursue the course of study. The evidence should include details of any project or research activities undertaken.

An essential step in gaining admission to the degree is the choice of a research topic and the formulation of a research plan which meets with the Faculty's approval. Students should discuss their research proposal with Faculty staff at an early stage.

### Course Structure

Students with IIA Honours (or better) in an information technology-related course will normally be enrolled in the Master of Information Technology (Research) with an expected completion date of one year of full time study.

Students may undertake the Master of Information Technology (Research) either full-time or part-time. The minimum time prescribed is one and a half years full-time (including six months of provisional registration) or three years part-time (including one year of provisional registration). The maximum time is three years full-time (including one year of provisional registration) or six years part-time (including two years of provisional registration). Students may apply for a reduction in the minimum time requirement if they are able to demonstrate exceptional circumstances relating to their academic or professional background.

### Course structure

#### Full-time Course Structure

A program of research and investigation developed in conjunction with the Principal Supervisor and approved by the Faculty Research Committee (Workload equivalent to 48 credit points per semester)

**Part-time Course Structure**

A program of research and investigation developed in conjunction with the Principal Supervisor and approved by the Faculty Research Committee (Workload equivalent to 24 credit points per semester)

**■ Graduate Diploma in Information Technology (IT Graduates) (IT35)**

**Award title:** Graduate Diploma in Information Technology (Study Area A)

**CRICOS code:** 018771J

**Location:** Gardens Point

**Course duration (full-time):** 1 years

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Course coordinator:** Dr Alison Anderson

**Entry requirements**

Students can elect to be admitted to either the Graduate Diploma in Information Technology (IT35) or the Master of Information Technology (IT40). Students who complete IT35 can subsequently seek admission to IT40 and are only required to undertake an additional four units to meet the requirements for the Masters degree. Applicants for either IT35 or IT40 must have:

a) a bachelors degree in Information Technology with a grade point average of at least 4.5 (7-point scale)

OR

b) provide other evidence of such qualifications and level of performance, as will satisfy the Dean of Faculty that the applicant possesses the capacity to pursue the course of study

**Course Structure**

**Block A Units**

- ITN523 Data Communications Units
- ITN523 Data Security
- ITN524 Internetworking
- ITN549 Error Control And Data Compression
- ITN566 Introduction To Cryptology
- Information Systems Units
- ITN218 Applications Programming
- ITN220 Major Issues In Information Technology
- ITN227 Web Applications
- ITN228 Enterprise Systems
- ITN232 Database Systems
- ITN233 Enterprise Systems Applications
- ITN236 Object-Oriented Analysis and Design
- ITN264 Information Systems Consulting
- ITN266 Principles Of Information Management
- ITN267 Data Warehousing For Decision Support
- ITN322 Information Resources
- ITN330 Information Issues
- Software Engineering Units
- ITN413 Computer Architecture
- ITN414 Software Development 3
- ITN415 Object Technology
- ITN424 Software Engineering Principles
- ITN427 Concurrent And Distributed Systems
- ITN433 Programming Languages
- ITN441 Foundations Of Artificial Intelligence
- ITN456 Graphic User Interfaces
- ITN461 Foundations Of Neurocomputing

**Block B Units**

- Data Communications Units
- ITN100 Research Methodology
- ITN525 Network Administration
- ITN527 Network Technologies
- ITN529 Network Services
- ITN531 Network Security
- ITN533 Comparative Network Systems
- ITN536 Topics In Security
- ITN551 Network Planning
- ITN556 Advanced Topics In Cryptology
- ITN564 Application Services
- ITN565 Network Management

- ITN567 Access Control
- ITN568 Wireless Networks
- ITN569 Network Security For E-Commerce
- ITN578 Minor Project 1 (DC)
- Information Systems Units
- ITN100 Research Methodology
- ITN234 Information Analysis
- ITN235 Distributed Object Information Systems
- ITN244 Special Topic 1a
- ITN245 R/3 Systems Administration
- ITN252 Process Engineering
- ITN253 Case Studies In Enterprise Systems
- ITN254 Interactivity Design
- ITN257 Multimedia Systems
- ITN258 ABAP Programming
- ITN259 Advanced Multimedia Systems
- ITN260 E-Commerce Site Development
- ITN262 E-Commerce Technologies
- ITN263 Web Intelligence For E-Commerce
- ITN271 Workflow Management
- ITN272 Information Technology Project Management
- ITN335 Digital Libraries
- Software Engineering Units
- ITN100 Research Methodology
- ITN421 Software Specification
- ITN431 Distributed Systems
- ITN432 Advanced Programming Laboratory
- ITN434
- ITN451 Research Literature Studies
- ITN440 Graphics
- ITN443 Neurocomputing
- ITN445 Pattern Recognition
- ITN447 Special Studies
- ITN450 Compiler Laboratory
- ITN454 Software Quality Assurance
- ITN457 Windows Programming
- ITN458 Java And Extensible Programming
- ITN464 Modern Compiler Construction
- ITN466 Component Technology
- ITN469 Unix System Programming And Administration
- ITN470 Windows 2000 System Programming And Administration
- ITN471

General Electives

MGN428 Managing New Businesses

**Project Units**

Each School offers 12, 24 and 48 credit point projects.

**■ Graduate Diploma in Information Technology (Non-IT Graduates) (IT38)**

**Award title:** Graduate Diploma in Information Technology

**CRICOS code:** 018771J

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Course duration (part-time):** 4 semesters

**Total credit points:** 96

**Course coordinator:** Dr Alison Anderson

**Entry requirements**

Students can elect to be admitted to either the Graduate Diploma in Information Technology (IT38) or the Master of Information Technology (IT45). Students who complete IT38 can subsequently seek admission to IT45 and are only required to undertake an additional four units to meet the requirements for the Masters degree. Applicants for either IT38 or IT45 must have: a Bachelors degree in a discipline other than Information Technology with a grade point average of at least 4.5 (7 point scale); AND have successfully completed, at undergraduate level, an introductory programming unit in a block structured language, for example: C, Java, Modula 2 or Pascal OR provide other evidence of such qualifications and level of performance, as will satisfy the Dean of Faculty that the applicant possesses the capacity to pursue the course of study.

### Course Structure

To graduate from the Master of Information Technology (IT45) students are required to complete 12 units, consisting of: 3 x

Block 1: Compulsory Introductory Units 3 x Block 2: Intermediate Units 3 x Block 3: Advanced Level Units 3 units selected from any of the above blocks, but at most one of which can be selected from Block 1. To exit the Masters course with a Graduate Diploma in Information Technology (IT38), students are required to have completed eight units, consisting of: 3 x Block 1: Compulsory Introductory Units 3 x Block 2: Intermediate Units 2 units selected from Blocks 1,2 or 3, but at most one of these can be selected from Block 1.

### Masters Qualify Program

The Master of Information Technology Qualifying Program allows applicants who do not have the Programming unit prerequisite but meet the academic requirement for entry to the Master/Graduate Diploma in Information Technology (IT45/IT38) to undertake units in the course while simultaneously undertaking an introductory programming unit.

Students in the Qualifying Program would undertake ITB410 Software Development 1, an undergraduate programming unit, and three postgraduate units.

Applicants for the Qualifying Program must have: A bachelor's degree in a discipline other than Information Technology with a grade point average of a least 4.5 (7 point scale).

### Course structure

#### Block 1: Introductory Units Compulsory Units

ITN212	Information Modelling For Databases
ITN410	Software Principles
ITN510	Data Communications

#### Optional Units

ITN211	Systems Analysis And Design
ITN412	Technology Of Information Systems

#### Block 2: Intermediate Units

Computing Science	
ITN413	Computer Architecture
ITN414	Software Development 3
ITN415	Object Technology
ITN424	Software Engineering Principles
ITN427	Concurrent And Distributed Systems
ITN433	Programming Languages
ITN440	Graphics
ITN441	Foundations Of Artificial Intelligence
ITN445	Pattern Recognition
ITN454	Software Quality Assurance
ITN456	Graphic User Interfaces
ITN461	Foundations Of Neurocomputing

#### Data Communications

ITN523	Data Security
ITN524	Internetworking
ITN549	Error Control And Data Compression
ITN566	Introduction To Cryptology
ITN567	Access Control
ITN569	Network Security For E-Commerce

#### Information Systems

ITN218	Applications Programming
ITN220	Major Issues In Information Technology
ITN223	4gl Systems
ITN227	Web Applications
ITN228	Enterprise Systems
ITN232	Database Systems

## ■ Graduate Diploma in Library and Information Studies (IT25)

**Award title:** Graduate Diploma in Library and Information Studies

**CRICOS code:** 006379E

**Location:** Gardens Point

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Course coordinator:** Mr Michael Middleton

### Entry requirements

Applicants must hold an appropriate degree or a three-year diploma from a recognised tertiary institution in a discipline other than library science AND have completed a degree-level introductory unit in computing e.g. ITB829 Introduction to Information Systems or BSB112 Introduction to Electronic Commerce. Completion of other subjects not listed on the approved prerequisite units list must be accompanied by a unit abstract or similar document highlighting the relevant content.

### Professional Recognition

The Graduate Diploma in Library and Information Studies is recognised by the Australian Library and Information Association as fulfilling academic requirements for admission to the association as a professional member.

### Course Structure - Full Time

#### Year 1, Semester 1

ITN211	Systems Analysis And Design
ITN266	Principles Of Information Management
ITN336	Information Sources 1
ITN337	Information Organisation 1

#### Year 1, Semester 2

ITN338	Information Resources Provision
ITN339	Professional Practice
ITN265	Management Of Information Programs
	One unit selected from the following:
ITN330	Information Issues
ITN212	Information Modelling For Databases
ITN335	Digital Libraries
ITN361	Information User Instruction

### Course Structure - Part Time

#### Year 1, Semester 1

ITN337	Information Organisation 1
ITN336	Information Sources 1

#### Year 1, Semester 2

ITN338	Information Resources Provision
ITN265	Management Of Information Programs

#### Year 2, Semester 1

ITN211	Systems Analysis And Design
ITN266	Principles Of Information Management

#### Year 2, Semester 2

ITN339	Professional Practice
	One unit selected from the following
ITN330	Information Issues
ITN212	Information Modelling For Databases
ITN335	Digital Libraries
ITN361	Information User Instruction

## ■ Bachelor of Information Technology (Honours) (IT28)

**Award title:** Bachelor of Information Technology (Honours)

**CRICOS code:** 017323G

**Location:** Gardens Point

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Course coordinator:** Dr Jim Hogan

### Entry requirements

A Bachelor of Information Technology from QUT or its equivalent, completed within 18 months prior to enrolment with a minimum grade point average of 5 on a 7-point scale or its equivalent OR demonstrated outstanding performance in the final year of the degree OR work experience or research considered appropriate by the Course Coordinator.

### The "Accelerated" Honours Program

The 'Accelerated Honours' program has been structured to provide an incentive for high achieving Bachelor of Information Technology (IT21) students to continue into the Faculty's Honours Program. See IT29 for further information.

### Course structure

#### Full-time Course Structure - Year 1, Semester 1

ITN100	Research Methodology
ITN150-1	Honours Dissertation
	Elective
	Elective

#### Full-time Course Structure - Year 1, Semester 2

ITN150-2	Honours Dissertation
ITN150-3	Honours Dissertation
ITN150-4	Honours Dissertation
	Elective
	Elective

Elective Units - with approval of course coordinator, elective units may be chosen from advanced level units normally in the area of student's undergraduate major.

Full-time students should be aware many electives may only be offered evenings only.

## ■ Bachelor of Information Technology (Honours) - Accelerated Program (IT29)

**Award title:** Bachelor of Information Technology (Honours)

**CRICOS code:** 017323G

**Location:** Gardens Point

**Course duration (full-time):** 2 semesters

**Total credit points:** 96

**Course coordinator:** Dr Jim Hogan

### Course Structure - Full Time

#### Year 3, Semester 1\*

Elective

#### Year 3, Semester 2

ITN100	Research Methodology
ITN150-1	Honours Dissertation
	Elective
	Elective

#### Year 3, Semester 3

ITN150-2	Honours Dissertation
ITN150-3	Honours Dissertation
ITN150-4	Honours Dissertation
	Elective

\* The first semester of the Accelerated Honours Program occurs in the final semester of the IT21 course (48 credit points remaining). This involves a concurrent enrolment with IT21 (36 credit points enrolment) and 12 credit points Honours elective undertaken within the IT29 course. Elective Units - With the approval of the Course Coordinator, elective units may be chosen from advanced level postgraduate units, normally in the area of the student's undergraduate major. Students should note that many electives might be offered in the evenings only.

## ■ Bachelor of Information Technology (IT21)

**Award title:** Bachelor of Information Technology (Study Area A)

**CRICOS code:** 012656E

**Location:** Gardens Point and Carseldine

**Course duration (full-time):** 3 years

**Course duration (part-time):** 6 years (not available at Carseldine)

**Total credit points:** 288

**Course coordinator:** Dr Alan Tickle

### Professional Recognition

Graduates of the Bachelor of Information Technology meet the knowledge requirement for admission to the Australian Computer Society (ACS) as members.

### Cooperative Education Program

The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. It is a year when students undertake an industry placement applying theory to practical situations.

Entry to the program is based on academic performance in the first two years of the Bachelor of Information Technology. Companies that QUT's Cooperative Education students have

worked with include Energex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ, Sun Microsystems. Students must have a Grade Point Average (GPA) of 4.5 (on a 7-point scale) or have passed all units at the first attempt and must not exceed 96 credit points of exemptions for prior studies. Students receive ungraded credit for successful completion of the program, currently equivalent to one unit (12 credit points). For more information visit the Faculty's Cooperative Education program home page at [www.fit.qut.edu.au](http://www.fit.qut.edu.au).

### Course Outline

#### Block 1: Common First Year (8 Units)

#### Block 2: Major (12 Units)

- Data Communications
- Electronic Commerce
- Information Systems
- Software Engineering

#### Block 2: Major (14 Units)

- Emerging Technologies
- Data Communications and Information Systems
- Data Communications and Software Engineering

#### Block 3: Electives

4 Units for the following majors

- Data Communications
- Electronic Commerce
- Information Systems
- Software Engineering

2 Units for the following majors

- Emerging Technologies
- Data Communications and Information Systems
- Data Communications and Software Engineering

### Course structure - Common First Year- full time

#### Common First Year, Semester 1

- ITB111 Software Development 1
- ITB113 Introduction to Computer Architecture and System Software
- ITB115 Introduction to Databases
- ITB116 Professional Studies 1

#### Common First Year, Semester 2

- ITB112 Software Development 2
- ITB114 Introduction to Network Technologies
- ITB117 Professional Studies 2
- ITB118 Systems Life Cycle

### Course structure -Common First Year- part time

#### Year 1, Semester 1

- ITB111 Software Development 1
- ITB115 Introduction to Databases

#### Year 1, Semester 2

- ITB113 Introduction to Computer Architecture and System Software
- ITB116 Professional Studies 1

#### Year 2, Semester 1

- ITB112 Software Development 2
- ITB118 Systems Life Cycle

#### Year 2, Semester 2

- ITB114 Introduction to Network Technologies
- ITB117 Professional Studies 2

### Course structure - Data Communications Major - full time

#### Year 2, Semester 1

- KWB010 Communication For The It Specialist
- ITB421 Software Development 3
- ITB524 Internetworking
- MAB177 Mathematics For Data Communications

#### Year 2, Semester 2

- ITB525 Network Administration
- ITB527 Network Technologies
- ITB523 Data Security
- ITB529 Network Services

#### Year 3, Semester 1

Data Communications Specialisation Units (4 units to be selected)

- ITB533 Comparative Network Systems
- ITB551 Network Planning
- ITB564 Application Services
- ITB565 Network Management

- ITB566 Introduction To Cryptology
- ITB569 Network Security For E-Commerce
- ITB576 Data Communications Project 1
- ITB578 Special Topic 1
- ITB579 Special Topic 2
- ITB272 Information Technology Project Management

#### Year 3, Semester 2

- Block 3 Elective Unit
- Block 3 Elective Unit
- Block 3 Elective Unit
- Block 3 Elective Unit

### Course structure - Data Communications Major - part time

#### Year 3, Semester 1

- ITB524 Internetworking
- MAB177 Mathematics For Data Communications

#### Year 3, Semester 2

- ITB421 Software Development 3
- ITB523 Data Security

#### Year 4, Semester 1

- ITB525 Network Administration
- ITB527 Network Technologies

#### Year 4, Semester 2

- KWB010 Communication For The It Specialist
- ITB529 Network Services

#### Year 5, Semester 1

- Data Communications Specialisation Unit
- Block 3 Elective Unit

#### Year 5, Semester 2

- Data Communications Specialisation Unit
- Block 3 Elective Unit

#### Year 6, Semester 1

- Data Communications Specialisation Unit
- Block 3 Elective Unit

#### Year 6, Semester 2

- Data Communications Specialisation Unit
- Block 3 Elective Unit
- Data Communications Specialisation Units (4 units to be selected)

- ITB533 Comparative Network Systems
- ITB551 Network Planning
- ITB564 Application Services
- ITB565 Network Management
- ITB566 Introduction To Cryptology
- ITB569 Network Security For E-Commerce
- ITB576 Data Communications Project 1
- ITB578 Special Topic 1
- ITB579 Special Topic 2
- ITB272 Information Technology Project Management

### Course structure - Electronic Commerce Major - full time

#### Year 2, Semester 1

- KWB010 Communication For The It Specialist
- ITB227 Web Applications
- ITB523 Data Security
- ITB524 Internetworking

#### Year 2, Semester 2

- ITB229 Information Systems Specification
- ITB222 Business Systems Analysis
- ITB228 Enterprise Systems
- Block 3 Elective Unit (Business Studies)

#### Year 3, Semester 1

- ITB260 E-Commerce Site Development
- Electronic Commerce Elective Unit
- Electronic Commerce Elective Unit
- Block 3 Elective Unit (Business Studies)

#### Year 3 Semester 2

- BSB213 Legal Issues In Electronic Business
- Electronic Commerce Elective Unit
- Block 3 Elective Unit (Business Studies)
- Block 3 Elective Unit (Business Studies)
- Electronic Commerce Electives (Select three (3) units)

#### Advanced Programming

- ITB421 Software Development 3
- ITB448 Object Technology
- ITB457 Windows Programming
- ITB458 Java And Extensible Programming

Commercial Applications  
 ITB218 Applications Programming

**■ NA20 - Master of Information Technology****Qualifying Program (NA20)****CRICOS code:** 039397G**Location:** Gardens Point**Course duration (full-time):** 1 semester**Total credit points:** 48**Entry requirements**

Applicants must have a bachelor's degree in a discipline other than Information Technology with a grade point average of at least 4.5 (7-point scale)

**Masters Qualify Program**

The Master of Information Technology Qualifying Program allows applicants who do not have the Programming unit prerequisite but meet the academic requirement for entry to the Master/Graduate Diploma in Information Technology (IT45/IT38) to undertake units in the course while simultaneously undertaking an introductory programming unit.

Students in the Qualifying program would undertake ITB410 Software Development 1, an undergraduate programming unit, and three postgraduate units.

**Articulation**

Students that successfully complete (GPA of 4) the Qualifying Program are guaranteed admission to the Master/Graduate Diploma in Information Technology (IT45/IT38). Students would also receive credit for the three postgraduate units successfully completed.

**Course structure**

Students are normally required to complete a minimum of 48 credit points in the Program

ITB111 Software Development 1

ITN212 Information Modelling For Databases

ITN510 Data Communications

ITN211 Systems Analysis And Design

OR

ITN412 Technology Of Information Systems

Students who wish to only complete 36 credit points are required to complete ITB410, ITN212 and ITN510

## OVERVIEW

The QUT Faculty of Law is Australia's largest tertiary educator in Law and Justice Studies. The Faculty is an acknowledged leader in its field and provides a sound balance of practical and theoretical training, which enables graduates to progress into the real world with ease. The Faculty consists of the School of Law, the School of Justice Studies and the Legal Practice Unit.

The Faculty's teaching and learning programs develop legal research and analysis skills within contextual and conceptual frameworks. Additionally a global approach to education is adopted which includes international visiting scholars, exchange programs for staff and students and offshore programs.

The Faculty is continually striving for excellence in teaching and learning in response to the demands of its graduates, their employers, professional bodies and the practising professions. In particular, the undergraduate degrees have undergone extensive redesign in recent years: the Bachelor of Laws to keep abreast of the changing and challenging demands of a modern and relevant legal education; while the newly reconceptualised Bachelor of Justice was reviewed in 2001 to provide students with more flexibility and a greater degree of specialisation.

Other initiatives that have been undertaken to enhance the quality of students' tertiary legal and justice education are online teaching delivery and curriculum design for graduate capability development. The Faculty's online teaching sites offer students flexibility in the delivery of course content by providing electronic access to course materials and other Internet resources, together with greater opportunities for communication between academic staff and students. The Faculty is also an acknowledged leader in curriculum design for graduate capability attainment. In both law and justice programs, teaching and learning environments have been developed which identify and integrate opportunities for students to develop both generic and discipline specific skills. The Law Faculty has also established the first specially designed electronic moot court in the southern hemisphere.

A feature that sets QUT apart as the University for the Real World is its liaison and collaboration with the legal profession and justice industries. Emphasis on real world experience, projects and case studies is an essential part of QUT education.

The Faculty offers undergraduate study through the Bachelor of Laws and Bachelor of Justice courses. A range of double degree programs are also available, offering the Bachelor of Laws in conjunction with the Bachelor of Justice or with a bachelor degree in Applied Science, Arts, Business, Creative Industries, Journalism or Information Technology.

A three-year accelerated Bachelor of Laws program is available for students who already hold a bachelor degree in another discipline. These students may also have the opportunity to select their elective units from the Law School's postgraduate program and graduate concurrently with a Graduate Certificate in Law.

The Faculty offers a range of postgraduate study options, including graduate certificate and graduate diploma courses, masters degrees by coursework or research, and doctoral programs. Many of these courses provide students with the opportunity to build on relevant undergraduate study or professional experience, and develop their expertise in a specialist area. The Faculty also offers the State's longest running and most established professional legal training course for solicitor's admission. Bachelor of Laws graduates who wish to be admitted as solicitors can complete the Graduate Diploma in Legal Practice, in six months full-time or one year part-time.

The Faculty of Law achieves consistently high graduate employment rates which support its position as one of Australia's leading law faculties. The Law School prepares students for careers in law firms, government and other industries. The School of Justice Studies produces graduates with qualifications for

employment in policing, justice, defence, security and other social justice areas.

The Faculty of Law has a large research section with many specialisations in which leadership is provided by some of Australia's foremost experts in the specialist fields. The research section consists of:

- Commercial and property law
- Environmental and water law
- Biotechnology and medical law
- Constitutionalism and human rights
- Criminal law and criminal justice
- Legal and justice education
- Women, children and the law
- Courts and dispute resolution
- Law and informatics
- Legal theory, applications and practice

## SENIOR STAFF

### Faculty Office

*Dean:* Professor M. Cope, BA(Hons) LL.M. Qld., Barrister

*Administration Manager:* Mr W.A. Smith, BA(Hons) Syd., GradDipCourt & Parliamentary Reporting Canb.

*Assistant Dean, Research:* Dr B. Hocking, BA LLB Monash, GradDipLegSt Stockholm, LL.M. Lond., PhD Qld

*Assistant Dean, Teaching and Learning:* Ms S. Kift, LLB Qld, LL.M. QUT, Solicitor (Qld & NT), Barrister (NT), Legal Practitioner (High Court of Australia)

*Assistant Dean, External Relations and Commercial Activities:* Professor W.D. Duncan, LLB Qld, LL.M. Lond., Solicitor

### Law School

*Head of School:* Professor B. Fitzgerald, BA Griff., LLB(Hons) QUT, BCL Oxon, LL.M. Harv., Barrister (Qld and High Court of Australia)

#### Professors:

B. Collier, BA LLB Qld., LL.M. Melb.,

S.G. Corones, BCom LLB Qld., LL.M. Lond., PhD Qld.

W.D. Duncan, LLB Qld., LL.M. Lond., Solicitor

D.E. Fisher, LLB MA PhD Edin.

W.B. Lane, LLB Syd., LL.M. Melb., Clayton Utz Professor of Public Law

#### Associate Professors:

D.A. Butler, LLB (Hons) PhD QUT, Solicitor (Qld and High Court of Australia)

S.A. Christensen, LLB (Hons) LL.M. QUT, Solicitor (Qld)

P.J.M. MacFarlane, BLegS Macq., BA Flin., LL.M. Syd.

L. Willmott, BCom LLB (Hons) Qld., LL.M. Camb.

### Legal Practice

*Director:* Mr A.J. Chay, LLB LL.M. Qld., Solicitor

### Justice Studies

*Head of School:* Mr M. Barnes, BA LLB LL.M. Qld.

## ■ Doctor of Juridical Science (LW50)

**Award title:** Doctor of Juridical Science

**CRICOS code:** 012652J

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 1 1/2 Years (minimum)

**Course duration (part-time):** 3 Years (minimum)

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assistant Dean (Research)

### Award

The SJD will be awarded subject to the Faculty of Law Academic Board receiving:

- (i) a certificate of satisfactory completion of the candidate's approved course of study signed by the Principal Supervisor and the Assistant Dean (Research);
- (ii) a declaration signed by the candidate that he/she has not been a candidate for another tertiary award during the tenure of his/her SJD candidature;
- (iii) a declaration signed by the candidate stating original authorship of a thesis;
- (iv) a certificate signed by the Principal Supervisor, and Assistant Dean (Research) stating that the candidate has satisfactorily completed the examination process, including completing any revisions or re-examination required by the external examiners; and
- (v) two final copy of the thesis in the prescribed format.

For the purposes of these Rules the Assistant Dean (Research) acts as the delegate of the Dean, Faculty of Law and Faculty of Law Research Committee acts as the delegate of the Law Academic Board.

### 1. Entry Requirements

1.1 The Faculty of Law Research Committee may admit to candidature an applicant who:

- (i) holds or has completed the requirements for the degree of (a) Bachelor of Laws or (b) Bachelor of Justice with at least Second Class Honours Division A at the Queensland University of Technology or its equivalent from another institution; or
- (ii) holds or has completed the requirements for the degree of (a) Master of Laws by Coursework or (b) Master of Arts (Justice Studies) with a grade point average of at least 5.0 on a 7 point scale at the Queensland University of Technology or its equivalent from another institution which, in the opinion of the Assistant Dean (Research) maintains standards comparable with those required for the award of the degree of Master of Laws and Master of Arts (Justice Studies) respectively at the Queensland University of Technology;

and, in the case of (i) or (ii) an applicant must also satisfy the following:

- (iii) has a minimum of two years professional experience appropriate to the proposed course of study; and
- (iv) that the applicant can demonstrate a level of research experience and potential which is deemed acceptable to the Assistant Dean (Research) for example, by the publication of articles in refereed research journals; and
- (v) can demonstrate a sufficient command of the English language to complete the proposed course of study in that language.

#### 1.2 Alternative Entry

In exceptional circumstances, applicants with lesser academic qualifications but with exemplary professional experience may be given provisional enrolment on the approval of the Assistant Dean, Research. Applicants seeking entry under this rule would normally have completed a three-year bachelor level degree from the Queensland University of Technology or another recognised

institution. In addition, in order to assess the adequacy of the professional experience of the applicant, they will be required to address the following criteria as it relates to the proposed area of research:

- (i) evidence of professional leadership
- (ii) quality of academic achievement
- (iii) evidence of professional involvement in research and/or consultancy
- (iv) referees reports

### 2. Application Procedure

2.1 An application for admission shall be made on the prescribed form (PR Form) which shall involve a two-stage process.

2.2 Stage 1 of the application process must include:

- the completion of the PR Form for admission (if the applicant holds citizenship or permanent residency in Australia or New Zealand);
- the completion of the F Form for admission (if the applicant is an international candidate);
- a certified copy of the results of the degree relied upon for admission;
- personal data;
- details of relevant research experience. (In the case of a candidate relying upon a Master of Laws by Coursework for admission, this criterion may be satisfied if the student demonstrates that they have completed the unit Advanced Legal Research at a grade of 5 or above at the Queensland University of Technology or some equivalent unit from a comparable institution during the course of their masters studies or can demonstrate other relevant research experience, eg by publication. In the case of a candidate relying upon a Master of Arts (Justice Studies) for admission, the candidate shall demonstrate that she or he has undertaken either a unit in that course or as part of the requirements for the completion of a Bachelor of Justice Studies (Honours) a unit in the area of research methodology at a grade of 5 or above or some equivalent unit from a comparable institution during the course of Masters studies or can demonstrate relevant research experience, eg by publication). Where an applicant cannot satisfy this criteria by way of completion of an advanced research unit or publications as set out above, the applicant will be required to undertake the unit Advanced Legal Research or Advanced Information Retrieval Skills or an equivalent unit from a comparable institution during their candidature; and
- a brief outline (200-300 words) of the project to be undertaken;
- the proposed coursework program to be undertaken;
- details of any relevant professional experience (applicants entering under alternative entry provisions must address the criteria in 1.2 above); and
- any other information the candidate considers relevant in support of the application.

2.3 Where a candidate's qualification for admission is other than a Bachelor or Master of Laws from the Queensland University of Technology, or an equivalent degree, the candidate must undertake research in a field of criminology or other area of Justice Studies approved by the Assistant Dean (Research).

2.4 The application is to be approved by the Faculty Research Committee which will determine whether the applicant meets the criteria for admission or, if deficiencies exist, identify them and how they might be remedied.

2.5 Candidature shall be deemed to have commenced on the date of admission being the date of the approval of the application by the Faculty Research Committee except in the case of international students. International students shall be deemed to have commenced candidature on the date of enrolment.

2.6 Within two months of commencement of the thesis component for full-time students (up to four months for part-time and international candidates) and after consultation with

appointed supervisors, the candidate must complete and submit the Stage 2 application form setting out:

- the proposed title of the thesis;
- the objectives of the program of research and investigation;
- an outline of the proposed research;
- the research methods and plan;
- the relationship of the study to previous work in the same field by the candidate and others;
- the coursework completed;
- a preliminary literature review;
- a substantial bibliography;
- a timeline for the completion of the research;
- a research ethics review checklist;
- the names of proposed supervisors, their qualifications and experience with relevant publications; and
- an Intellectual Property Agreement (if required).

2.7 The second stage application must be submitted to the Assistant Dean (Research) for approval by the Faculty Research Committee.

2.8 If the Stage 2 application is not submitted within the time specified, the Assistant Dean (Research) may, on the advice of the Faculty Research Committee and the Principal Supervisor, terminate the candidature. In exceptional cases, upon a written request stating reasons for delay, an extension of up to a further one month for full-time candidates or two months for part-time candidates may be granted to meet the requirements of Stage 2.

2.9 The Faculty Research Committee shall, as part of the approval of the Stage 2 process, confirm:

- the proposed topic of research is consistent with the aims of the School; and
- the Head of School is willing and able to provide appropriate accommodation, facilities and financial resources necessary for the proposed study for the duration of candidature.

2.10 Upon approval by the Faculty Research Committee of the Stage 2 Application the applicant will be admitted to candidature unconditionally (except for those being admitted under alternative entry provisions) and the appointment of the supervisors shall be confirmed. Those candidates admitted under alternative provisions will continue on provisional enrolment until such time as the requirements of this enrolment have been fulfilled (refer to 4).

### 3. Studies during the Candidature

A candidate for the degree of SJD is required to successfully complete a planned research program that should result in a notable contribution to professional knowledge and practice in the field of study. This contribution may be in the form of new knowledge in practice, or of significant and original adaptation, application and interpretation of existing knowledge and practice.

3.1 The degree comprises both a coursework (33%) and a thesis component (66%). Candidates will pursue an approved course of advanced study and research, comprising 96 credit points of coursework selected from within the unit offerings for the LLM by Coursework or the MA(Justice Studies) by Coursework (as appropriate) at the Queensland University of Technology or an equivalent institution at a grade point average of at least 5. The candidate will also pursue a thesis in accordance with Rule 9. One of the units studied for the coursework requirements must be Advanced Legal Research, or Advanced Information Retrieval Skills, or an equivalent unit from a comparable institution, together with any other unit or units deemed necessary by the Law Faculty Research Committee. For the purposes of this rule, completion of a unit in the area of research methodology as part of the MA(Justice Studies) or Bachelor of Justice (Honours) at a grade point average of 5 will be deemed equivalent to completion of Advanced Legal Research.

3.2 Candidates must successfully complete all coursework requirements at the appropriate standard prior to commencing the

thesis. As far as possible, the topic of the thesis should extend the coursework component. Whilst enrolled in the coursework component of the degree all policies and procedures relevant to the Master of Laws by Coursework or the Master of Arts (Justice Studies), as the case may be, form part of these rules.

3.3 The planned research program will normally include

- participation in university scholarly activity such as research seminars, teaching and publication;
- regular interaction with supervisors; and
- a program of supervised research and investigation.

3.4 The course of study must be such to enable a candidate to acquire competence in relevant methods of research and scholarship relating to the subject of the proposed investigation and to demonstrate sustained independent research effort.

3.5 The Faculty of Law Research Committee may on the recommendation of the Assistant Dean (Research) approve a variation in the candidate's course of study and research, an application for variation must be supported in writing by the Principal Supervisor.

### 4. Provisional Enrolment

Applicants with lesser academic qualifications but with exemplary professional experience may be given provisional enrolment on the approval of the Assistant Dean, Research (refer to rule 1.2).

4.1 A candidate so admitted shall be required to complete designated qualifying units at a grade point average of at least 5 on a 7 point scale. The designated qualifying units will include the unit LWN048 or equivalent as stipulated by the Assistant Dean, Research on the advice of the Faculty Research Committee.

4.2 A candidate who completes coursework units at a satisfactory level during the period of provisional enrolment will be permitted to count that coursework towards the degree.

4.3 Unless exceptional circumstances justify extension of provisional status, the stipulated enrolment program must be completed within one calendar year from enrolment in the course.

4.4 If an extension to the provisional enrolment period is required application should be made in writing to the Assistant Dean, Research setting out the exceptional circumstances. In any event, the period of extension of provisional enrolment shall be no more than six months.

### 5. Advanced Standing and Articulation

5.1 Advanced standing up to a maximum of 96 credit points may be granted to candidates who have completed the Master of Laws by Coursework or Master of Arts (Justice Studies) at the Queensland University of Technology, or its equivalent at another institution, at a grade point average of at least 5 on a 7 point scale.

5.2 Where a candidate has undertaken part of a postgraduate degree deemed to be equivalent to the Master of Laws by Coursework or Master of Arts (Justice Studies), that candidate may be granted advanced standing provided that the work for which a candidate seeks credit has been completed at a grade point average of at least 5 on a 7 point scale.

5.3 The Doctor of Juridical Science will fully articulate with the Master of Laws (Research) and Master of Arts (Justice Studies) by Research.

5.4 In exceptional circumstances, a student exiting prior to completion of the program may be eligible to receive the award of Master of Laws by Coursework or Master of Arts (Justice Studies) if this has not previously been awarded. In such cases, as these courses normally attract up-front tuition fees, students exiting in this way will be liable for any fees which would otherwise have been payable. Payment of any such fees is required to be made before conferral of the degree.

## 6. Period of Time for Completion of Program

6.1 The minimum period of candidature is:

- Full-time candidates - eighteen months from date of commencement;
- Part-time candidates - thirty-six months from date of commencement;

In exceptional cases the Law Faculty Research Committee may approve submission of the thesis within a shorter period.

6.2 The maximum period of candidature is:

- Full-time candidates - forty-eight months from date of commencement;
- Part-time candidates - ninety-six months from date of commencement;

6.3 The candidate may change from full-time to part-time candidature or vice versa by making application on a prescribed form to the Faculty Research Committee through the office of the Assistant Dean, Research. International students studying on student visas are unable to alter their mode of study from full-time to part-time unless they are in their final semester of study.

6.4 A candidate who does not expect to submit his/her thesis by the maximum candidature date must apply for an extension of time on the prescribed form through the Assistant Dean, Research for consideration by the Faculty Research Committee. The application must include the reasons for the delay, written endorsement of the request for extension by the Principal Supervisor and a revised timeline for completion. Applications for extensions will not normally be considered by the Faculty Research Committee unless the reasons for the delays have been documented in previous supervisor's reports. Extensions will only be given in exceptional circumstances. Minor breakdown of computer equipment or absence of a Principal Supervisor are not usually considered exceptional.

## 7. Candidate May Take Leave of Absence for a Specified Period from the Program

7.1 Application must be made on the prescribed form through the Assistant Dean, Research and approved by the Faculty Research Committee. The application must include reasons for the leave of absence, the written endorsement of the Principal Supervisor and the exact start and finish dates of the period of leave. If the leave is approved, the duration of the specified time will be added to the maximum and minimum submission dates of the candidature. International students studying on student visas are not normally permitted to take leave of absence unless there are exceptional circumstances, eg bereavement. International students should consult the Assistant Dean, Research and Office of International Students if a period of leave is required.

7.2 The maximum period of leave of absence for which a candidate may be given approval (for any reasons) is twelve months for a full-time candidate and twenty-four months for a part-time candidate

## 8. Supervision

8.1 Supervision shall be conducted according to the QUT Code of Good Practice for Postgraduate Research Studies and Supervision (MOPP Appendix 66).

8.2 A Principal Supervisor from QUT and one Associate Supervisor shall be appointed.

8.3 The Principal Supervisor has responsibility for supervising a candidate on a frequent basis and must be a current member of the QUT staff or an emeritus professor of QUT still active in research. The Principal Supervisor shall normally have undertaken successful supervision of research degree candidates, and shall have an established research record in the area of the proposed project.

8.4 The Associate Supervisor may be a member of the QUT staff but must possess appropriate expertise in the research field and

would normally be a person who has undertaken successful supervision of research degree candidates.

8.5 Where the Principal Supervisor is absent from QUT for a period of three consecutive months or longer during the period of candidature, the Associate Supervisor (if that person is a QUT staff member) will normally become the Acting Principal Supervisor for this period.

8.6 If the Principal Supervisor leaves the staff of QUT, the QUT Associate Supervisor will normally fill the role of Acting Principal Supervisor immediately until a new Principal Supervisor is appointed by the Faculty Research Committee in consultation with the candidate. A formal appointment of a new Principal Supervisor must be made within three months of the original Principal Supervisor's departure.

## 9. Confirmation of Candidature

9.1 Within six months of commencement of the thesis component for full-time candidates and twelve months for part-time candidates, the candidate shall present (in consultation with his/her supervisors) a plan of the research program for the remainder of the candidature and report of the work done to that tie. The confirmation report form shall incorporate a substantial literature review and shall provide evidence of the research capacity of the candidate including the rate of progress to date. The plan shall include details of:

- The area of study in which the candidate's course is located;
- The nature of participation in scholarly activities in the Centre in which the degree is being undertaken;
- The objectives of the program of research and its relationship to published research in the same field;
- Research methods followed and to be followed;
- The title of the thesis; and
- A timeline for completion of the research program.

9.2 The candidate shall present the confirmation report and details of the research program at a Confirmation Seminar open to the public.

9.3 A candidate who is not able to complete a Confirmation of Candidature within the timeframe required must apply for an extension at least one month in advance of that deadline through the Assistant Dean, Research to the Faculty Research Committee. A maximum of three months extension may be granted.

9.4 A Review Panel shall review the candidate's progress and planned research program and shall make recommendations on Form SJD5 to the Faculty Research Committee. These recommendations shall include:

- An appraisal of the candidate's progress and suitability for continuation of the program;
- Documents prepared by the candidate;
- A statement that the research program is of a standard required for an SJD;
- A statement of whether the studies continue to be within the aims and objectives and physical and human resources of the Centre; and
- A report on the candidate's seminar.

9.5 The Faculty Research Committee will, if satisfied:

- Confirm the candidature and notify the candidate; or
- May require changes to the planned research program; or
- If the recommendation is not to confirm the candidature immediately, place the candidate under review for three months. At the end of the review period the Assistant Dean, Research must advise the Faculty Research Committee whether the conditions of review have been met.

9.6 Where a candidate is placed under review following the Confirmation Seminar, the Principal Supervisor must advise the candidate in writing within seven days of the conditions to be met, in the form of clear written guidelines of the work required and due dates for submission and whether a further Confirmation

Seminar is required. The conditions must be endorsed by the candidate, the supervisor (supervisors), Director of the Centre and Assistant Dean, Research.

9.7 Where a candidate's progress remains unsatisfactory after the review period, the Faculty Research Committee, on advice from the Assistant Dean, Research shall either grant a further extension of the period of up to three months or may ask the candidate to show cause in writing why action should not be taken to terminate the candidature.

## 10. Reporting Procedures

10.1 The Principal Supervisor and candidate are required to report on a six monthly basis on the prescribed form to the Faculty Research Committee through the office of the Assistant Dean, Research on the candidate's progress and future plans. Reports shall be signed both by the candidate and by the Principal Supervisor. Where a candidate's progress is deemed satisfactory, the Faculty Research Committee shall approve the continuation of the candidature.

10.2 Where the progress is deemed unsatisfactory, in the Confirmation of Candidature, six monthly report or other interim faculty report, the Faculty Research Committee, on advice from the Assistant Dean, Research will normally place a candidate under review for a period of up to three months from the date that the candidate is advised in writing of the decision. The candidate will be advised of the required remedial action to be followed taking account of the advice provided by the Principal Supervisor and the Faculty Research Committee.

10.3 A report on the action taken to resolve the deficiencies in the program must be made to the Assistant Dean, Research and the Faculty Research Committee may then approve continuation of candidature if these deficiencies have been redressed and progress is again satisfactory.

10.4 If progress is still unsatisfactory after the review period, the Faculty Research Committee, on the advice of the Assistant Dean, Research shall ask the candidate to show cause in writing why the enrolment shall not be terminated.

10.5 When a candidate's progress has been reported as unsatisfactory in any two consecutive reports during candidature, the Faculty Research Committee shall ask the candidate to show cause in writing why the enrolment of the candidate shall not be terminated.

10.6 If the candidate does not show cause why the enrolment shall not be terminated, the Faculty Research Committee may terminate the candidate's enrolment

## 11. Thesis Guidelines

11.1 The thesis must be presented in accordance with the requirements of the University, including any accompanying declarations and in accordance with Appendix 51 of the Manual of Policies and Procedures: Requirements for Presenting Theses (MOPP 51). The main body of the text should be between 50,000 and 60,000 words.

11.2 The thesis must be presented in the English language.

11.3 A candidate may submit with the thesis other kinds of relevant material (such as films, audio tape recordings, video tape recordings, CD-ROMS, software programs etc) which shall be accompanied by evidence of the extent to which the candidate has been responsible for their preparation.

11.4 An SJD degree may not be awarded on the basis of the submission of published papers.

11.5 A candidate's name will not be placed on the graduation list until the final copy of the thesis is received in the Research Students Centre, Office of Research.

11.6 When a final copy of the thesis has been lodged with the Research Students' Centre, Office of Research, the names of examiners will be released to the candidate upon request, providing that the examiner has not indicated otherwise.

## 12. Examination of Thesis

12.1 At least three months prior to the maximum candidature date or anticipated completion date, the Principal Supervisor having obtained the agreement of the Faculty Committee, shall recommend to the Faculty Research Committee the composition of the proposed Examination Committee and the title of the candidate's thesis.

12.2 The Examination Committee shall comprise two external examiners who will examine the thesis plus an external examiner to be called upon only if the first two examiners are in disagreement.

12.3 In exceptional circumstances, the University Research Degrees Committee may act directly to facilitate the examination process of a thesis including the appointment of examiners.

12.4 A candidate's Principal or Associate Supervisor may not be nominated by the Faculty as an examiner.

12.5 Examiners must have demonstrable and substantial publications and research experience in the area under investigation and one examiner would normally have a research degree. At least one of the nominated examiners should be an academic from a recognised university or equivalent research institution. At least one examiner would normally be a specialist practitioner recognised as an expert in the particular field of the research constituting the thesis. Preferably, at least one examiner should also have substantial experience of examining research degree candidates at doctoral level.

12.6 Agreement will be sought from examiners to examine the thesis within eight weeks of receipt.

12.7 If more than six months has elapsed between the nomination of examiners and the submission of the thesis, the faculty must notify the Research Degrees Committee that the nominated examiners are still willing and able to examine the thesis within two months of its receipt. If any previously nominated examiner is unable to examine the thesis, a replacement examiner must be nominated by the Principal Supervisor (with the agreement of the Faculty) for approval by the Research Degrees Committee.

12.8 In order to determine whether the thesis is acceptable for examination by the Examination Committee, the candidate shall be required to present a Final Seminar based on the work described in the thesis to the Faculty to which he/she is attached.

- The final seminar shall normally take place no more than six months prior to the anticipated submission date.
- The Faculty shall constitute a panel of three including the Principal Supervisor to attend the seminar and to report on the readiness of the thesis for external examination. The panel shall be chaired by the Principal Supervisor, and shall question the candidate on the content of the thesis at the conclusion of the seminar. Each member of the panel must receive a copy of the draft thesis 14 days prior to the final seminar.
- The panel may required changes to the thesis or ask that further work be done prior to submission of the thesis. The thesis is accepted by the University for external examination only when the panel signifies its belief that the degree requirements have been met. The Faculty panel shall use the prescribed form when advising Research Degrees Committee that the thesis is ready for external examination.
- The final seminar shall be open to the public and shall be widely advertised by the Faculty so as to ensure attendance by researchers and research students within the Faculty.
- In all other matters the form and timing of the final seminar is determined by the Faculty.

12.9 The thesis must be accompanied by a certificate form endorsed by the Principal Supervisor, Assistant Dean, Research and the Faculty panel, stating that all reasonable efforts have been made by the Faculty to ensure that:

- The thesis makes notable contribution to professional knowledge and practice;

- The methodology applied in the candidate's research is effective and appropriate for the thesis topic;
- The thesis reflects competence in the survey of literature and documentation of statements;
- The thesis is of the required standard for external examination;
- The thesis is within the prescribed word limit;
- The candidate has presented a Final Seminar;
- That acknowledgment is given regarding the inclusion of all published and other sources of information together with any substantial financial assistance received for the project.

12.10 In exceptional circumstances the Research Degrees Committee may allow a candidate to submit his or her thesis for external examination without the requirement for certification. The candidate must apply in writing to the Research Degrees Committee for such permission, outlining reasons why the certification is not included.

12.11 Three copies of the thesis in the prescribed format must be submitted to the Research Students' Centre, Office of Research, no later than the maximum candidature date.

12.12 The Office of Research, on the advice of the Research Degrees Committee, shall provide the examiners with a copy of the thesis and of the Regulations for the Award of the Degree of the Doctor of Juridical Science and any other relevant information.

12.13 Each examiner will be asked to provide a written report to the Office of Research on the candidate's thesis and to recommend on the following courses of action:

Recommendation 1: The candidate should be awarded the degree without the requirement for revision, further examination or modification (minor corrections and typographical errors only); or

Recommendation 2: The candidate should be awarded the degree subject to minor nominated revisions being completed to the satisfaction of the Assistant Dean, Research and Principal Supervisor; or

Recommendation 3: The candidate should be awarded the degree following the completion of major nominated revisions to the satisfaction of the Assistant Dean, Research and Principal Supervisor; or

Recommendation 4: The candidate should be permitted to substantially revise and submit the thesis for re-examination within twelve months after a specified amount of further work, which may alter the substantive conclusions of the thesis, has been completed under approved supervision and the thesis appropriately amended to reflect the additional research; or

Recommendation 5: The thesis should be rejected, the degree should not be awarded and the candidate should not be permitted to submit the thesis for re-examination for the degree.

12.14 After both examiners' reports are received the Office of Research will forward them to the Assistant Dean, Research, the Principal Supervisor and the candidate with an appropriate covering letter. (Until such time as the examination process is complete the identity of the examiners will be withheld from the candidate.)

### 13. Examiners in Agreement

13.1 Where both examiners recommend that the candidate should be awarded the degree (recommendation 1, 2 or 3), the Assistant Dean, Research will consult with the Principal Supervisor and Centre Director to discuss any corrections or revisions that the candidate may be required to make and where revisions are required.

13.2 Where corrections or revisions are to be made to the satisfaction of the Assistant Dean, Research or nominee, the Head of School or nominee must certify to the Research Degrees Committee that they recommend acceptance of the thesis in fulfilment of the conditions for the award of the SJD degree.

13.3 Where both examiners recommend that the thesis be revised and resubmitted for examination (Examiners Report Recommendation 4), after consultation with the Principal Supervisor and the Centre Director, the Assistant Dean, Research will make written recommendation to the Research Degrees Committee within seven days of the receipt of the Examiners Reports listing any revisions required. Once these are approved by the Research Degrees Committee, the Research Degrees Committee will inform the candidate of the revisions and/or any action required.

### 14. Examiners Not in Agreement

14.1 Where the recommendations of the external examiners are not in agreement as to whether the thesis should be accepted for the award of SJD or as to whether the thesis may be revised and resubmitted, the thesis will be sent to the third nominated examiner.

14.2 Upon receipt of the third examiner's report, a majority decision shall be adopted.

14.3 Where the majority decision is that the thesis be accepted or that the thesis be rejected, this shall be the decisions of the examiners as the case may be.

14.4 Where the majority decision is that the candidate be required to submit for re-examination or the thesis fail, the procedures in Section 11.3 shall apply.

14.5 Where the recommendation of three examiners clearly differ and no clear majority exists, the Assistant Dean, Research or nominee shall liaise with the Principal Supervisor to determine the further course of action.

### 15. Re-Examination

15.1 A candidate who is required to submit for re-examination may be re-examined only once except in the case of an upheld appeal.

15.2 Re-examination shall take place within twelve months from the date on which the candidate is advised in writing by the Assistant Dean, Research or nominee of such re-examination. The Research Degrees Committee may, on written application by the candidate and supported by the Principal Supervisor and Centre Director with suitable justification, approve an extension to this period which, under normal circumstances, may be a maximum of a further twelve months.

15.3 A candidate who is required to submit his/her thesis for re-examination must re-enrol in the SJD program.

15.4 The thesis shall be re-examined by the same two examiners unless:

- Any of the examiners is unable to re-examine the thesis in which case the Assistant Dean, Research or nominee with the agreement of the Principal Supervisor and the Faculty shall nominate a replacement examiner(s) who must be approved by the Research Degrees Committee; or
- The Research Degrees Committee replaces one or more of the examiners on advice from the RDC Chair and with suitable justification.

15.5 Examiners re-examining a thesis will be asked to provide a written report on the candidate's thesis and to recommend one of the following courses of action:

- (a) the candidate should be awarded the degree with or without minor nominated revisions; or
- (b) the candidate should be awarded the degree a masters level with or without minor nominated revisions; or
- (c) the thesis should be rejected and the degree should not be awarded.

15.6 Regulations applicable to SJD examination shall apply to the re-examination.

## 16. Appeals

16.1 A candidate whose thesis has failed may lodge an appeal against the outcome of the examination process.

16.2 The grounds for appeal may be on matters of process only, ie procedural irregularities in the conduct of the examination or documented evidence of examiner bias as evidenced by comments in the examiners reports.

16.3 An appeal must be lodged within sixty (60) days of the date of written advice from the Office of Research on the outcome of the examination. This appeal must include the specific grounds on which the appeal is based.

16.4 Appeals must be submitted in writing to the Office of the Pro-Vice-Chancellor (Research and Advancement). The Director, Postgraduate Research Studies, will determine whether a potential conflict of interest exists in relation to his/her consideration of the appeal.

16.5 In cases where a conflict of interest exists, the Director, Postgraduate Research Studies, will appoint a member of academic staff, with expertise in research candidate supervision, to consider the appeal.

16.6 The Director, Postgraduate Research Studies, or appointee will decide whether a case exists and may seek the advice of the Faculty, school or centre/research concentration as appropriate.

16.7 The appeal may be allowed or dismissed. If an appeal is allowed, the Director, Postgraduate Research Studies, or appointee cannot recommend that the degree be awarded but shall recommend that that thesis be re-examined. This re-examination shall be carried out in accordance with the Section 6.143 taking account of the issues raised in the successful appeal.

16.8 The Director, Postgraduate Research Studies, or appointee will make a determination on the appeal as soon as practicable and will advise appellants, in writing, of the result of the appeal.

### Course Structure

#### *Full-time Course Structure, Year 1, Semesters 1 & 2*

Coursework units selected from the list of available units in the Master of Laws (by Coursework) or Master of Justice to the value of 48 credit points per semester

#### *Full-time Course Structure, Year 2, Semesters 1 & 2*

LWR003 48 credit points of research per semester

#### *Full-time Course Structure, Year 3, Semesters 1 & 2*

LWR003 48 credit points of research per semester

#### *Part-time Course Structure, Year 1, Semesters 1 & 2*

Coursework units selected from the list of available units in the Master of Laws (by Coursework) or Master of Justice to the value of 24 credit points per semester

#### *Part-time Course Structure, Year 2, Semesters 1 & 2*

Coursework units selected from the list of available units in the Master of Laws (by Coursework) or Master of Justice to the value of 24 credit points per semester

#### *Part-time Course Structure, Year 3, Semesters 1 & 2*

LWR003 24 credit points of research per semester

#### *Part-time Course Structure, Year 4, Semesters 1 & 2*

LWR003 24 credit points of research per semester

#### *Part-time Course Structure, Year 5, Semesters 1 & 2*

LWR003 24 credit points of research per semester

#### *Part-time Course Structure, Year 6, Semesters 1 & 2*

LWR003 24 credit points of research per semester

## ■ Master of Arts (Justice Studies) (Research) (JS52)

**Award title:** Master of Arts (Justice Studies) (Research)

**CRICOS code:** 020310J

**Location:** Kelvin Grove

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Course coordinator:** Dr Belinda Carpenter

## 1. Award

1.1 The following rules apply to the degree of Master Justice to be obtained by research and thesis awarded by the Queensland University of Technology, and are made with the authority of the Academic Board of this University.

1.2 For the purposes of these Rules the Course Coordinator acts as the delegate of the Dean, Faculty of Law, and the Faculty of Law Research Committee acts as the delegate of the Law Academic Board.

## 2. Entry Requirements

The following persons shall be eligible to apply for admission as a student for the degree:

2.1 A person who has completed the requirements for the degree of Bachelor of Justice (Honours) of QUT, or

2.2 A person who has completed the requirements for the Graduate Certificate from the School of Justice Studies of QUT, or

2.3 A qualification that is deemed equivalent and possesses appropriate research skills or substantial professional experience in the proposed field of research as deemed appropriate by the Course Coordinator, or

2.4 Professional publications, etc that the Course Coordinator and the Faculty Research Committee accept as proof of a students advanced knowledge and research ability in the proposed field of research.

## 3. Admissions and Enrolment

3.1 An application for admission shall be made on the prescribed form:

- (i) The Postgraduate Research application form (PR Form) (if the applicant holds citizenship or permanent residency in Australia or New Zealand); or
- (ii) The Foreign Research application form (FR Form) (if the applicant is an international candidate).

3.2 Admission of a person as a candidate for the degree shall be at the discretion of the Course Coordinator on the recommendation of the Law Faculty Research Committee.

3.3 A person applying for admission as a candidate for the degree shall apply in accordance with the requirements of the Registrar and shall pay all prescribed fees.

3.4 A person admitted as a candidate may enrol as either a full-time student or a part-time student. International students studying in Australia on student visas may only enrol in full-time programs.

## 4. Progress Reports

4.1 A candidate shall prepare within two weeks following the end of each semester a statement of the work done towards the degree and submit it to their Principal Supervisor.

4.2 The Principal Supervisor shall prepare a report on the prescribed form on the work done by the candidate during that semester and the report shall be given to the candidate for comment. The candidate shall sign the report in acknowledgement of this and return it to the Principal Supervisor.

4.3 Both reports together with any accompanying comments by the candidate shall then be forwarded through the Course Coordinator and the Law Faculty Research Committee within four weeks following the end of that semester.

4.4 Where, in the opinion of the Law Faculty Research Committee, a candidate has not made satisfactory progress towards completing the requirements for the degree, the Law Faculty Research Committee on the advice of the Course Coordinator shall call upon the candidate to show cause why their enrolment should not be terminated for lack of satisfactory progress.

4.5 Upon failure of the candidate to show cause the candidate's enrolment will be terminated.

## 5. Thesis Requirements

5.1 Students undertake applied research on an approved, topic, which involves both an appropriate theoretical perspective and a specific orientation to professional practice and application. The thesis submitted for the degree shall be not less than 50,000 words and should constitute a substantial contribution to knowledge and understanding in criminal justice (eg criminology, law enforcement, strategic intelligence). It shall include a title page, table of contents and bibliography, and shall otherwise comply with the University's requirements for presenting theses.

5.2 The candidate shall submit a detailed research outline to the Course Coordinator within two months of admission to candidature. The research outline should include the following:

- The proposed title of the thesis;
- The objectives of the program of research and investigation;
- An outline of the proposed research;
- The Research methods and plan;
- The relation of the study to previous work in the same field by the candidate and others;
- A preliminary literature review;
- A substantial bibliography;
- A timeline for the completion of the research
- A copy of the Research Ethics Review Checklist
- The proposed supervisor(s) and their credentials
- An intellectual property agreement if required
- Memo of Understanding for any external supervisor

5.3 The Law Faculty Research Committee may, upon the recommendation of the Course Coordinator vary the title of the thesis topic.

5.4 A candidate enrolled for the degree shall, at least once per semester during the period of candidature, consult with the Principal Supervisor and, where appropriate, any Associate Supervisor appointed by the Law Faculty Research Committee on the advice of the Course Coordinator.

5.5 A candidate shall submit three copies of the thesis in the form prescribed by the University for the submission of theses to the Course Coordinator not later than the end of November or May, as the case may be, in the year in which the candidate is required to complete the degree. On submission of the thesis, the candidate shall furnish a written statement to the effect that the thesis is that candidate's work alone, except where due acknowledgment is made in the text, and does not include material which has been previously submitted or accepted for a degree or diploma.

5.6 The Principal Supervisor shall recommend to the Faculty Research Committee the names of two examiners for the thesis, at least one of whom must be external to the University and neither of whom are the candidate's supervisor.

5.7 The Law Faculty Research Committee, through the Office of Research, shall refer the thesis to two examiners. Each examiner shall report, normally within two months of receipt of the thesis, whether in the examiner's opinion, the thesis is of the standard required for the award of the degree. Each examiner shall also recommend that the thesis:

- (i) be accepted
- (ii) not be accepted, or
- (iii) be accepted subject to amendments to be made to the satisfaction of the Principal Supervisor.

5.8 After both examiners' reports are received the Office of Research will forward them to the Course Coordinator, the Principal Supervisor and the candidate with an appropriate covering letter. (Until such time as the examination process is complete the identity of the examiners will be withheld from the candidate.)

### *Examiners in Agreement*

Where both examiners recommend that the thesis be accepted (recommendations (i) or (iii)), the Course Coordinator will consult with the Principal Supervisor to discuss any corrections or revisions that the candidate may be required to make and where revisions are required.

Where corrections or revisions are to be made to the satisfaction of the Principal Supervisor, the Principal Supervisor must certify to the Research Degrees Committee that they recommend acceptance of the thesis in fulfilment of the conditions for the award of the MJust (Research) degree.

### *Examiners not in Agreement*

Where the recommendations of the examiners are not in agreement as to whether the thesis should be accepted for the award of MJust (Research) or as to whether the thesis may be revised, the Law Faculty Research Committee will refer the thesis to a third examiner.

Upon receipt of the third examiner's report, a majority decision shall be adopted. Where the majority decisions is that the thesis be accepted or that the thesis be rejected, this shall be the decisions of the examiners as the case may be. Where the recommendation of three examiners clearly differ and no clear majority exists, the Course Coordinator or nominee shall liaise with the Principal Supervisor to determine the further course of action.

### *Appeals*

A candidate whose thesis has failed may lodge an appeal against the outcome of the examination process. The grounds for appeal may be on matters of process only, ie procedural irregularities in the conduct of the examination or documented evidence of examiner bias as evidenced by comments in the examiners reports.

An appeal must be lodged within sixty (60) days of the date of written advice from the Office of Research on the outcome of the examination. This appeal must include the specific grounds on which the appeal is based. Appeals must be submitted in writing to the Office of the Pro-Vice-Chancellor (Research and Advancement). The University Director, Postgraduate Research Studies, will determine whether a potential conflict of interest exists in relation to his/her consideration of the appeal. In cases where a conflict of interest exists, the University Director, Postgraduate Research Studies, will appoint a member of academic staff, with expertise in research candidate supervision to consider the appeal.

The University Director, Postgraduate Research Studies, or appointee will decide whether a case exists and may seek the advice of the Faculty or school as appropriate. The appeal may be allowed or dismissed. If an appeal is allowed, the University Director, Postgraduate Research Studies, or appointee cannot recommend that the degree be awarded but shall recommend that the thesis be re-examined.

The University Director, Postgraduate Research Studies, or appointee will make a determination on the appeal as soon as practicable and will advise appellants, in writing, of the result of the appeal.

5.9 Following final acceptance of the thesis, one copy shall be bound in the prescribed form at the candidate's expense and submitted to the Office of Research for inclusion in the QUT Faculty of Law Library. An additional copy shall be bound at the Faculty's expense for inclusion in the Faculty Office collection. Any corrections resulting from the examiners' assessment shall be made prior to binding, and by retyping if they would otherwise be obtrusive.

## 6. Credit for Research Work Done Elsewhere

6.1 The Course Coordinator may grant credit toward the Master of Justice degree by Research for work done at another institution

of similar standing. Such credit shall not be granted unless the candidate provides to the Course Coordinator:

- (i) evidence that the candidate has cancelled or terminated enrolment at the other institution, and
- (ii) a written undertaking that the candidate will not seek credit in any form or manner for work done at the other institution or any other institutions except to complete the degree at QUT.

### 7. Time for Completion Requirements

7.1 Except in special circumstances and with the approval of the Course Coordinator:

- (i) a full-time candidate shall complete all the requirements for the degree not earlier than the end of the second semester and not later than the end of the sixth semester of candidature;
- (ii) a part-time candidate shall complete all the requirements for the degree not earlier than the end of the fourth semester and not later than the end of the eighth semester of the candidature. International students studying on student visas must be enrolled on a full-time basis.

7.2 The Course Coordinator may, upon the application of the candidate, extend any time limited by the rules by such further period as may be consistent with general University rules. Extensions of time for international students will only be made in exceptional circumstances. International students should consult the Course Coordinator and the Office of International Students if an extension of time is required.

### 8. Award of Degree

8.1 A candidate who has fulfilled the requirements of these rules and who has otherwise complied with the provisions of all statutes and other rules applicable may be admitted to the degree of Master of Justice (Research) by the University Academic Board on the recommendation of the Law Academic Board and the University Research Degrees Committee.

## ■ Master of Justice by Coursework (JS51)

**Award title:** Master of Justice (Study Area A)

**CRICOS code:** 020311G

**Location:** Kelvin Grove

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Course duration (external):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Belinda Carpenter - Master of Justice, Dr Ian Wells - (Strategic Intelligence Study Area)

#### Overview

The Master of Justice by coursework provides advanced postgraduate education in justice administration, law enforcement, criminology, organised crime and corruption investigation and strategic intelligence. The course design allows you to explore social justice and equity issues such as gender, class, race and ethnicity, while its multidisciplinary approach provides diversity and flexibility.

#### Entry requirements

A Bachelor of Arts (Justice Studies) degree (or an equivalent qualification) and an approved Honours degree, OR an

appropriate Graduate Diploma or Graduate Certificate with a GPA of 5.00 or better, OR approved equivalent professional experience or an approved four-year undergraduate degree in an appropriate field.

Students who have successfully completed a Graduate Certificate program in Justice Studies, and who have a GPA of 5.0 or better may articulate into the Master of Justice and receive 48 credit points of credit.

#### Course Requirements

The basic course structure appears in the table. Students must complete eight units of equal weighting totalling 96 credit points. The eight units can comprise:

(a) four units from one major study area

AND

(b) four units chosen from across the Masters program including either Theories of Justice 1 or Intelligence, Justice and Accountability (for Strategic Intelligence students)

OR

(c) eight units chosen from across the Masters program including either Theories of Justice 1 or Intelligence, Justice and Accountability.

OR

(d) six units chosen from across the Graduate Certificate and Masters program including either Theories of Justice 1 or Intelligence, Justice and Accountability and no more than four units taken from the Graduate Certificate program and the two Independent Studies units collapsed into one Research Project of 24 CP.

#### Course structure - M Justice by Coursework

##### Year 1, Semester 1 (Full-time)

**Award title:** Master of Laws (Study Area A)

**CRICOS code:** 006380A

**Location:** Gardens Point and External

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 3 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Director, Graduate Programs

### Entry requirements

Prospective students must have:

- (i) completed the requirements for the degree of Bachelor of Laws of QUT
- (ii) have completed the requirements for the award of a degree in law at another tertiary institution which, in the opinion of the Director, Graduate Studies, maintains standards comparable with those required for the award of the degree of Bachelor of Laws at QUT
- (iii) hold a professional qualification in law and have at least three years of professional legal experience subsequent to first admission to practice and also satisfy the Director, Graduate Studies, that they have the requisite ability to complete the LLM by Coursework degree.

In exceptional circumstances, an applicant will be eligible for entry into the Master of Laws by Coursework degree in a specialist stream if they:

- (i) have completed a Graduate Certificate in Law in a specialist stream; and
- (ii) have significant professional experience in the field of the Graduate Certificate in Law already completed; and
- (iii) have achieved a grade point average of 5.5 in the units already completed for the Graduate Certificate in Law and whose course is approved by the Director, Graduate Studies.

### Overview

The Master of Laws by Coursework will deepen and broaden your legal learning, developing critical evaluation of the law and consideration and analysis of the attitudes and values underlying it. During the course, you are expected to attain high competence in legal research and writing on areas of conceptual difficulty. The course leads on to the Doctor of Juridical Science (subject to normal entry requirements).

### Course Structure

The course structure comprises 96 credit points of coursework units for a Pass degree together with a dissertation (a further 48 credit points) for an Honours degree.

The units from which 96 credit points shall be chosen are subject to availability.

### Articulation

This course articulates with the Doctor of Juridical Science (SJD).

### Advanced Standing

Graduates of QUT's Graduate Diploma in Legal Practice (LP41), who graduated from the first course in 2000 or from subsequent courses, may be deemed to have passed the equivalent of 48 credit points of units in LW51 and may be granted unspecified credit for such units.

### LWN100 Honours Dissertation

A coursework student who has obtained 96 credit points and who has a grade point average of 6.0 or better for all units attempted shall be eligible to enrol for an honours dissertation. Students who intend to undertake the honours dissertation should indicate their intention to the Administration Officer (Postgraduate Programs) before the end of their last semester of study.

The honours dissertation shall be not less than 20,000 words and not more than 30,000 words in length, and shall be prepared in accordance with the paper Presentation of Legal Theses by E.M. Campbell, copies of which are held in the Law Library. It shall include a title page, table of contents and bibliography.

Applications to undertake an honours dissertation must be made on the prescribed form available from the Administration Officer (Postgraduate Programs), detailing topic, proposed supervisor, etc. The obligation for finding a supervisor lies with the student. A list of research interests of faculty staff is released in October of each year. Applications close in the second week of the semester in which the student is enrolled for the honours dissertation. Students are advised of the success or otherwise of their application no later than Week 4 of the semester in which the student is enrolled. If the topic and supervisor are approved, the student shall pursue their research for the dissertation under the direction of the supervisor.

The student shall submit four clear typed copies of their dissertation to the Administration Officer (Postgraduate Programs) of the Faculty of Law by no later than the last day of the examination period of the second consecutive semester. On submission of the dissertation, the student shall furnish a signed statement that the dissertation is their work alone, except where due acknowledgment is made in the text, and does not include material which has been previously submitted or accepted for a degree or diploma. The dissertation shall be referred to two examiners. Each examiner shall report as to whether, in his or her opinion, the dissertation is of sufficient merit and is one that is likely to be accepted for publication by a learned journal. Each examiner shall also recommend that the dissertation:

- (i) be accepted, or
- (ii) not be accepted, or
- (iii) be accepted subject to amendments to be made to the satisfaction of the supervisor.

Following acceptance of the dissertation, two copies shall be bound in an approved form at the student's expense and one copy submitted to the Law Librarian for deposit in the QUT Faculty of Law Library and the other copy submitted for inclusion in the Queensland University of Technology Library. Any corrections resulting from the examiners' assessment shall be made prior to binding, and by retyping if they would otherwise be obtrusive.

### Note

Not all units are available in any one year. Units are offered subject to staff availability and minimum enrolments being met.

The degree can contain up to 48 credit points in independent research projects, but these must be approved by the Director, Graduate Studies.

The course rules allows students to undertake 24 credit points of approved units from other QUT faculties or universities.

All units are offered for internal study unless otherwise indicated.

Units offered externally are not available for offshore study. Students must be living in Australia.

## ■ Master of Laws (Research) (LW52)

**Award title:** Master of Laws (Research and Thesis)

**CRICOS code:** 012654G

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Course coordinator:** Assistant Dean (Research)

### 1. Award

1.1 The following rules apply to the degree of Master of Laws to be obtained by research and thesis awarded by the Queensland University of Technology, and are made with the authority of the Academic Board of this University.

1.2 For the purposes of these Rules the Assistant Dean, Research acts as the delegate of the Dean, Faculty of Law and the Faculty of Law Research Committee acts as the delegate of the Law Academic Board.

### 2. Entry Requirements

The following persons shall be eligible to apply for admission as a student for the degree:

2.1 A person who has completed the requirements for the degree of Bachelor of Laws of QUT with at least Second Class Honours Division A, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research, maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

2.1.1 A person who has completed the requirements for the degree of Bachelor of Laws or QUT at a standard of Second Class Honours Division B or a lesser standard, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

2.1.2 A person admitted or entitled to be admitted to practice in the State of Queensland.

2.2 Candidates falling within sub-clauses 2.1.1 and 2.1.2 must also satisfy the following to be eligible for admission:

2.2.1 Three years' professional experience in the field in which the proposed research work is to be undertaken, or

2.2.2 Satisfactory completion of an appropriate Masters qualifying program stipulated by the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee. Pending satisfactory completion of a qualifying program, provisional status may be granted to the candidate, or

2.2.3 The submission of professional publications or other appropriate evidence which satisfies the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee that advanced knowledge and research ability has been acquired

in the field of law in which the proposed research work is to be undertaken, and

2.2.4 The Assistant Dean, Research is satisfied of the ability of the candidate to complete the required research and thesis towards the degree.

### 3. Admission and Enrolment

3.1 An application for admission shall be made on the prescribed form:

- (i) The Postgraduate Research application form (PR Form) (if the applicant holds citizenship or permanent residency in Australia or New Zealand); or
- (ii) The Foreign Research application form (FR Form) (if the applicant is an international candidate).

3.2 Admission of a person as a candidate for the degree shall be at the discretion of the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee.

3.3 A person applying for admission as a candidate for the degree shall apply in accordance with the requirements of the Registrar and shall pay all prescribed fees.

3.4 A person admitted as a candidate may enrol as either a full-time student or a part-time student. International students studying in Australia on student visas may only enrol in full-time programs.

### 4. Progress Reports

4.1 A candidate shall prepare within two weeks following the end of each semester a statement of the work done towards the degree and submit it to their Principal Supervisor.

4.2 The Principal Supervisor shall prepare a report on the prescribed form on the work done by the candidate during that semester and the report shall be given to the candidate for comment. The candidate shall sign the report in acknowledgement of this and return it to the Principal Supervisor.

4.3 Both reports together with any accompanying comments by the candidate shall then be forwarded through the Law Faculty Research Committee and the Assistant Dean, Research within four weeks following the end of that semester.

4.4 Where, in the opinion of the Law Faculty Research Committee, a candidate has not made satisfactory progress towards completing the requirements for the degree, the Law Faculty Research Committee on the advice of the Assistant Dean, Research shall call upon the candidate to show cause why their enrolment should not be terminated for lack of satisfactory progress.

4.5 Upon failure of the candidate to show cause the candidate's enrolment will be terminated.

### 5. Thesis Requirements

5.1 The thesis submitted for the degree shall be not less than 50,000 words and not more than 60,000 words in length and shall constitute a substantial contribution to knowledge and understanding in the area of the law and subject of the research. It shall include a title page, table of contents and bibliography, and shall otherwise comply with the University's requirements for presenting theses.

5.2 The candidate shall submit a detailed research outline to the Assistant Dean, Research within two months of admission to candidature. The research outline should address the following:

- The proposed title of the thesis;
- The objectives of the program of research and investigation;
- An outline of the proposed research;
- The Research methods and plan;
- The relation of the study to previous work in the same field by the candidate and others;
- A preliminary literature review;
- A substantial bibliography;
- A timeline for the completion of the research

- A copy of the Research Ethics Review Checklist
- The proposed supervisor(s) and their credentials
- An intellectual property agreement if required
- Memo of Understanding for any external supervisor

5.2 The Law Faculty Research Committee may, upon the recommendation of the Assistant Dean, Research vary the title of the thesis topic.

5.3 A candidate enrolled for the degree shall, at least once per semester during the period of candidature, consult with the Principal Supervisor and, where appropriate, any Associate Supervisor appointed by the Law Faculty Research Committee on the advice of the Assistant Dean, Research.

5.4 A candidate shall submit three copies of the thesis in the form prescribed by the University for the submission of theses to the Assistant Dean, Research not later than the end of November or May, as the case may be, in the year in which the candidate is required to complete the degree. On submission of the thesis, the candidate shall furnish a written statement to the effect that the thesis is that candidate's work alone, except where due acknowledgment is made in the text, and does not include material which has been previously submitted or accepted for a degree or diploma.

5.5 The Principal Supervisor shall recommend to the Faculty Research Committee the names of two examiners for the thesis, at least one of whom must be external to the University and neither of whom are the candidate's supervisor.

5.6 The Law Faculty Research Committee, through the Office of Research, shall refer the thesis to two examiners. Each examiner shall report, normally within two months of receipt of the thesis, whether in the examiner's opinion, the thesis is of the standard required for the award of the degree. Each examiner shall also recommend that the thesis:

- (i) be accepted
- (ii) not be accepted, or
- (iii) be accepted subject to amendments to be made to the satisfaction of the Principal Supervisor.

5.8 After both examiners' reports are received the Office of Research will forward them to the Assistant Dean, Research, the Principal Supervisor and the candidate with an appropriate covering letter. (Until such time as the examination process is complete the identity of the examiners will be withheld from the candidate.)

#### *Examiners in Agreement*

Where both examiners recommend that the thesis be accepted (recommendations (i) or (iii)), the Assistant Dean, Research will consult with the Principal Supervisor to discuss any corrections or revisions that the candidate may be required to make and where revisions are required.

Where corrections or revisions are to be made to the satisfaction of the Principal Supervisor, the Principal Supervisor must certify to the Research Degrees Committee that they recommend acceptance of the thesis in fulfilment of the conditions for the award of the LLM (Research) degree.

#### *Examiners not in Agreement*

Where the recommendations of the examiners are not in agreement as to whether the thesis should be accepted for the award of LLM(Research) or as to whether the thesis may be revised, the Law Faculty Research Committee will refer the thesis to a third examiner.

Upon receipt of the third examiner's report, a majority decision shall be adopted. Where the majority decision is that the thesis be accepted or that the thesis be rejected, this shall be the decisions of the examiners as the case may be. Where the recommendation of three examiners clearly differ and no clear majority exists, the Assistant Dean, Research or nominee shall liaise with the Principal Supervisor to determine the further course of action.

### Appeals

A candidate whose thesis has failed may lodge an appeal against the outcome of the examination process. The grounds for appeal may be on matters of process only, ie procedural irregularities in the conduct of the examination or documented evidence of examiner bias as evidenced by comments in the examiners reports.

An appeal must be lodged within sixty (60) days of the date of written advice from the Office of Research on the outcome of the examination. This appeal must include the specific grounds on which the appeal is based. Appeals must be submitted in writing to the Office of the Pro-Vice-Chancellor (Research and Advancement). The Director, Postgraduate Research Studies, will determine whether a potential conflict of interest exists in relation to his/her consideration of the appeal. In cases where a conflict of interest exists, the Director, Postgraduate Research Studies, will appoint a member of academic staff, with expertise in research candidate supervision to consider the appeal.

The Director, Postgraduate Research Studies, or appointee will decide whether a case exists and may seek the advice of the Faculty or school as appropriate. The appeal may be allowed or dismissed. If an appeal is allowed, the Director, Postgraduate Research Studies, or appointee cannot recommend that the degree be awarded but shall recommend that the thesis be re-examined.

The Director, Postgraduate Research Studies, or appointee will make a determination on the appeal as soon as practicable and will advise appellants, in writing, of the result of the appeal.

5.9 Following final acceptance of the thesis, one copy shall be bound in the prescribed form at the candidate's expense and submitted to the Office of Research for inclusion in the QUT Faculty of Law Library. An additional copy shall be bound at the Faculty's expense for inclusion in the Faculty Office collection. Any corrections resulting from the examiners' assessment shall be made prior to binding, and by retyping if they would otherwise be obtrusive.

### 6. Credit for Research Work Done Elsewhere

6.1 The Assistant Dean, Research may grant credit toward the Master of Laws degree by Research for work done at another institution of similar standing. Such credit shall not be granted unless the candidate provides to the Assistant Dean, Research:

- (i) evidence that the candidate has cancelled or terminated enrolment at the other institution, and
- (ii) a written undertaking that the candidate will not seek credit in any form or manner for work done at the other institution or any other institutions except to complete the degree at QUT.

### 7. Time for Completion Requirements

7.1 Except in special circumstances and with the approval of the Assistant Dean, Research:

- (i) a full-time candidate shall complete all the requirements for the degree not earlier than the end of the second semester and not later than the end of the sixth semester of candidature;
- (ii) a part-time candidate shall complete all the requirements for the degree not earlier than the end of the fourth semester and not later than the end of the eighth semester of the candidature. International students studying on student visas must be enrolled on a full-time basis.

7.2 The Assistant Dean, Research may, upon the application of the candidate, extend any time limited by the rules by such further period as may be consistent with general University rules. Extensions of time for international students will only be made in exceptional circumstances. International students should consult the Assistant Dean, Research and the Office of International Students if an extension of time is required.

### 8. Award of Degree

8.1 A candidate who has fulfilled the requirements of these rules and who has otherwise complied with the provisions of all statutes and other rules applicable may be admitted to the degree of Master of Laws by the University Academic Board on the recommendation of the Law Academic Board and the University Research Degrees Committee

#### Course structure

##### Full-time course structure

IFN200 48 credit points of research per semester.

##### Part-time course structure

IFN200 24 credit points of research per semester.

### ■ Graduate Diploma in Legal and Justice Studies (JS41)

**Award title:** Graduate Diploma in Legal and Justice Studies

**CRICOS code:** 020312G

**Location:** Kelvin Grove

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Course duration (external):** 2 years part-time

**Total credit points:** 96

**Course coordinator:** Dr Belinda Carpenter

#### Entry requirements

Available to continuing students only. An appropriate undergraduate degree from a recognised tertiary institution or extensive professional experience that is deemed appropriate by the Course Coordinator. If an application falls within the second category, students must provide documentary evidence of their experience when they complete the standard application form. Students may be interviewed before they are offered a place.

#### Course Structure

Of the course's 96 credit points, students will complete 48 credit points of core units and 48 credit points of specialist units from within a students chosen professional area.

#### Core Units

JSP001	Law And Government 1
JSP002	Criminal Law In Context 1
JSP003	Law And Government 2
JSP004	Criminal Law In Context 2

#### Professional Minors - Law Enforcement

JSP051	Introduction To Criminal Law And Evidence
JSP052	Police Procedure And Practice
JSP053	Organised Crime
JSP054	Issues In Policing

#### Intelligence and Security

Four units from the following	
JSP061	Process Theory And Application
JSP062	Protective Security - Theory And Application
JSP063	Intelligence Research - Issues, Procedures And Practice
JSP064	Protective Security Issues And Practice

## ■ Graduate Certificate in Critical Criminology (JS26)

**Award title:** Graduate Certificate in Critical Criminology

**Location:** Kelvin Grove and External

**Course duration (part-time):** 1 year

**Course duration (external):** 1 year

**Total credit points:** 48

**Course coordinator:** Dr Belinda Carpenter

**Discipline coordinator:** Dr Melissa Bull

### Entry Requirements

An appropriate undergraduate degree from a recognised tertiary institution or professional experience that the Course Coordinator deems to be appropriate.

### Course Requirements

The Graduate Certificate in Critical Criminology consists of four units of twelve credit points each. The four units focus on foundations in criminology, juvenile justice, crime prevention and crime control.

### Articulation to Master of Justice

A student who has successfully completed the Graduate Certificate in Critical Criminology with a GPA of 5.0 or better, may articulate to the Master of Justice (Critical Criminology) and receive credit for their specialist area study of 48 credit points.

### Course structure

#### Part-time/External Semester 1

JSP131 Juvenile Justice

JSP132 Foundations in Criminology

#### Part-time/External Semester 2

JSP133 Crime Prevention

JSP134 Crime Control and Governance

## ■ Graduate Certificate in Justice (JS25)

**Award title:** Graduate Certificate in Justice

**CRICOS code:** 036433M

**Location:** Kelvin Grove and External

**Course duration (full-time):** 6 months

**Course duration (part-time):** 1 year

**Course duration (external):** 1 year part-time

**Total credit points:** 48

**Course coordinator:** Dr Belinda Carpenter

### Entry requirements

An appropriate undergraduate degree from a recognised tertiary institution OR professional experience that the Course Coordinator deems to be appropriate.

### Course Requirements

The Graduate Certificate in Justice consists of four units of 12 credit points each. The four units will be chosen from across any of the Graduate Certificate Programs (Strategic Intelligence JS29; Critical Criminology JS26; Organised Crime and Corruption Investigation JS27; and Justice Policy JS28).

### Articulation to Master of Justice

A student who has successfully completed the Graduate Certificate in Justice with a GPA of 5.0 or better, may articulate to the Master of Justice and receive credit of 48 credit points.

### Course structure

**Full-time structure, Sem 1. Select any four units from:**

JSP131	Juvenile Justice
JSP132	Foundations in Criminology
JSP141	Organised Crime and Corruption
JSP142	Forensic Investigation Methods and Strategies
JSP151	Policy, Governance and Justice
JSP152	Administrative Justice
JSP161	Fundamentals of Intelligence
JSP162	Managing Intelligence

**Full-time Structure, Sem 2 (MID-YEAR ENTRY). Select any four units (48 cps) from the following:**

JSP133	Crime Prevention
JSP134	Crime Control and Governance
JSP143	Proceeds of Crime and Money Laundering
JSP144	Evidence in Organised Crime Investigations
JSP153	Watchdogs: Warriors, Wimps and Witch-hunts
JSP154	Human Rights and Global Justice
JSP163	Intelligence Research Issues & Methodology
JSP164	Intelligence and National Security

**Part-time/External: Select any 2 units from both Sem 1 & 2 Full-time Programs above (total of 48cps)**

## ■ Graduate Certificate in Justice Policy (JS28)

**Award title:** Graduate Certificate in Justice Policy

**Location:** Kelvin Grove and External

**Course duration (part-time):** 1 year

**Course duration (external):** 1 year

**Total credit points:** 48

**Course coordinator:** Dr Belinda Carpenter

**Discipline coordinator:** Ms Jane Chester

### Entry requirements

An appropriate undergraduate degree from a recognised tertiary institution or professional experience that the Course Coordinator deems to be appropriate.

### Course Requirements

The Graduate Certificate in Justice Policy consists of four units of twelve credit points each. They comprise: Policy, Governance and Justice, Administrative Justice, Watchdogs: Warriors, Wimps and Witch-hunts and Human Rights and Global Justice.

### Articulation to Master of Justice

A student who has successfully completed the Graduate Certificate in Justice Policy with a GPA of 5.0 or better, may

articulate to the Master of Justice (Justice Policy) and receive credit for their specialist area study of 48 credit points.

### Course structure

**Part-time/External Semester 1**

JSP151 Policy, Governance and Justice

JSP152 Administrative Justice

**Part-time/External Semester 2**

JSP153 Watchdogs: Warriors, Wimps and Witch-hunts

JSP154 Human Rights and Global Justice

## ■ Graduate Certificate in Law (LW60)

**Award title:** Graduate Certificate in Law (Study Area A)

**CRICOS code:** 027286C

**Location:** Gardens Point

**Course duration (full-time):** 1 semester (Generic course and select majors only)

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Director, Graduate Programs

### Entry requirements

Prospective students must hold (or have completed the requirements for) the degree of Bachelor of Laws from QUT or a comparable institution OR have a professional qualification in law and have at least three years experience since they were first admitted to practice OR have some other degree and professional experience which, in the opinion of the Director, Graduate Studies, equips the student for postgraduate study in law in the specialist field they have chosen.

### Course Structure

The required credit points can be accrued in two ways. Students can nominate a major from the following list and choose units to the value of 48 credit points from it. Alternatively, students can complete a generic certificate by choosing any coursework units to the value of 48 credit points from those offered that year in the Master of Laws by Coursework.

### Articulation to the Master of Laws by Coursework

A student who has successfully completed the Graduate Certificate in Law in a specialist stream and who does not hold a LLB degree or equivalent, on certain conditions, may be permitted to credit the units undertaken towards an LLM degree.

### Course structure

**Commercial Transactions**

LWN022 Banking and Finance Law

LWN025 Research Project 1a

**■ Bachelor of Justice (Honours) (JS40)****Award title:** Bachelor of Justice (Honours)**CRICOS code:** 020313F**Location:** Kelvin Grove**Course duration (full-time):** 1 Year**Course duration (part-time):** 2 Years**Total credit points:** 96**Standard credit points per semester (full-time):** 48**Standard credit points per semester (part-time):** 24**Course coordinator:** Dr Ian Wells**Entry Requirements**

A Bachelor of Arts (Justice Studies) three-year degree or equivalent, having attained a grade point average of at least 5 on a 7-point scale in the final year of study and completion of the JSB043 Crime Research Methods, which is offered in the undergraduate program, OR other qualifications, including work experience or involvement in research that is deemed appropriate by the Course Coordinator. Normally students would apply for admission to the Honours program at the end of the final year of the students pass degree.

**Course Structure**

The Bachelor of Justice (Honours) is a 96 credit-point course. Students complete four (4) prescribed units (48 credit points) and a dissertation (48 credit points). The dissertation calls for students to design, develop and implement a substantial research project. Students can pursue original lines of thought, formulate and test hypotheses, develop problem-solving strategies and make decisions. Students are expected to demonstrate high ethical standards, awareness of sociocultural and equity issues, and professional accountability. Students should contact the Honours Coordinator to discuss thesis and supervisor.

### Special Entry Requirements

Entry to the distance education (external) mode of the course is restricted to applicants who reside in Australia outside a 30km radius of the Gardens Point Campus. Preference for entry to the distance education course may be given to applicants who have been offered five year articles of clerkship by a solicitor or who are employed by a Magistrates Court or the Justice Department and undertake legal functions in their work.

### Other Course Requirements

It is a requirement that distance education students participate in two three-day attendance schools per year in addition to the

orientation attendance school for commencing students only. The attendance schools are an integral component of the distance education course and are compulsory. When undertaking the course via distance education, it is the students responsibility to ensure they have access to a suitable law library.

### Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Solicitors Admission Rules and Barristers Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

## OVERVIEW

The Faculty of Science seeks to provide graduates with interesting and rewarding careers.

Fully equipped scientific and computing laboratories and state-of-the-art lecture theatres assist in the practical delivery of innovative teaching programs.

The Dean's Scholars Accelerated Honours Program for high achieving students fast tracks science studies while workplace learning links with industry provide students with the opportunity to earn a salary while progressing through their degree.

Double degree options are available as part of a flexible program of academic studies.

The Faculty offers a range of courses within its four multi-disciplinary schools: School of Life Sciences, School of Mathematical Sciences, School of Natural Resource Sciences and School of Physical and Chemical Sciences.

Science education in the Faculty is further enriched by a number of research programs which come under the control of a Science Research Area.

The School of Life Sciences covers anatomy, biotechnology, biochemistry, haematology, histopathology, immunology, microbiology, molecular biology and physiology. The School also offers courses in biotechnology innovation and medical science.

The School of Mathematical Sciences offers studies in applied mathematics, mathematical finance, applied statistics, scientific computation and visualisation, and operations research. There is an emphasis on the applications of mathematics and many of the units are enriched by examples from business and industry.

The School of Natural Resource Sciences offers major studies in environmental science, ecology and geoscience, complemented with the comajors in biodiversity, and applied geology.

Environmental Science is offered at the Carseldine campus as well as at Gardens Point.

The School of Physical and Chemical Sciences offers majors in both Physics and Chemistry with comajors in astrophysics, medical and health physics, forensic science and industrial chemistry. The School also offers courses in medical imaging technology and radiotherapy technology, leading to careers in diagnostic and therapeutic radiography.

## SENIOR STAFF

### Faculty Office

*Dean:* Professor G. George, BSc(Hons) PhD *Qld*, CChem, FRACI

*Director of Research:* Professor J.L. Dale, BScAgr PhD *Syd*

*Director of Postgraduate Studies:* Associate Professor P.M. Fredericks, BSc(Hons) DPhil *Sus.*, CChem, FRACI

*Director of Academic Programs:* A.T. Grenfell, BSc(Hons) DipEd PhD *Qld*

*Faculty Operations Manager:* P. Campbell, AssocDip ClinLabTech AssocDip ElecEng *QIT*

### School of Life Sciences

*Head:* Professor A.C. Herington, BSc(Hons) PhD *Monash*

*Professor:* J.A. Clements, BAppSc MAppSc *MIT*, PhD *Monash*

*Associate Professors:*

R.M. Harding, BSc(Hons), PhD *Qld*

C.P. Morris, BSc(Hons) PhD *Adel.*

P. Timms, MSc PhD *Qld*, FASM

### School of Mathematical Sciences

*Head:* Professor A.N. Pettitt, BSc(Hons) MSc PhD *Nott.*, FSS, MSSAI

*Professor:* D.L.S. McElwain, BSc(Hons) *Qld*, PhD *York (Canada)*

*Associate Professors:*

V.V. Anh, BSc(Hons) PhD *Tas.*, MEc NE, FAustMS, MSSAI, MIEEE

E.Kozan, BSc, MSc Middle East, PhD Hacettepe, MASOR

H. MacGillivray, BSc(Hons) PhD *Qld*, MSSAI

### School of Natural Resource Sciences

*Head of School:* Associate Professor D.A. Gust, BA Lawrence, MA Rice, PhD *ANU*

*Associate Professors:*

P. B. Mather, BSc(Hons) PhD *Lot*

### School of Physical and Chemical Sciences

*Head:* Professor J.M. Pope, BSc(Hons) MSc *Brist.*, DPhil *Sus.*, FAIP

*Associate Professors:*

P.M. Fredericks, BSc(Hons) DPhil *Sus.*, CChem, FRACI

L. Morawska, MSc(Physics) PhD(Physics) *Jagiellonian*

B.J. Thomas, BSc(Hons) PhD *W.Aust.*, MAIP, FACPSEM

R.L.W. Frost, BEd MSc PhD *Qld*

## RESEARCH CENTRES

### Cooperative Research Centre for Diagnostics

Phone: +61 7 3864 1296

The CRC for Diagnostics based at QUT is a cooperative venture between research organisations (QUT, LaTrobe University, CSIRO and Child Health Research Institute) and commercial companies (PANBIO Ltd and Queensland Medical Laboratory). Centre participants are located in Queensland, Victoria and South Australia. Through effective technology transfer, outcomes will be reduced health care costs through the better targeting of therapeutics, earlier diagnosis and exploitation of genomics and proteomics information to allow greater specificity in diagnosis and treatment of an individual. Achievements to date include the multi-million dollar sale of a DNA detection method to Affymetrix (a large US biotechnology company) and the formation in 2002 of a new company, Evogenix, based in Melbourne. Other achievements include numerous patented DNA detection methods and diagnostic kits. Originally formed as the CRC for Diagnostic Technologies in 1995, this \$80 million centre was re-funded as a new centre in 2001 and is jointly funded by the participants and the Commonwealth and State Governments.

### Research Programs

- Protein profiling: discovery of new target molecules using array technologies
- High Affinity Reagents: identification of novel reagents and platforms for library construction
- Single Nucleotide Polymorphism (SNP) detection technologies
- Infectious Disease Diagnostics
- Homogenous Reporter Systems for one-step diagnostic assays
- Chromophores and Flow Analysis chromophores for multi-parameter analysis and monitoring of genomic instability
- Point-Of-Care Nucleic Acid Test to integrate sample extraction, amplification and detection in a single assay

### Research Programs

#### Plant Biotechnology

Program Leader: Professor James Dale

Phone: +61 7 3864 2557

***Biological Systems Research***

Program Leader: Dr John Wilson

Phone: +61 7 3864 2447

***Quaternary Earth and Water Systems (QEWS)***

Program Leader: Dr Mal Cox

Phone: +61 7 3864 1649

***Tissue BioRegeneration and Integration***

Program Leader: Professor Graeme George

Phone: +61 7 3864 2205

***Inorganic Materials***

Program Leader: Associate Professor Ray Frost

Phone: +61 7 3864 2407

***Medical Physics***

Program Leader: Associate Professor Brian J Thomas

Phone: +61 7 3864 2586

## ■ Master of Applied Science (SC80)

**Award title:** Master of Applied Science

**CRICOS code:** 014020C

**Location:** Gardens Point

**Course duration (full-time):** 2 years

**Course duration (part-time):** 4 years

**Total credit points:** 192

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Peter Fredericks

**Discipline coordinator:** Dr John Bartley (Chemistry); Dr Terry Walsh (Life Science); Assoc Prof Vo Anh (Mathematics); Assoc Prof David Gust (Natural Resource Sciences); Assoc Prof Brian J Thomas (Physics)

### 1. General Conditions

1.1 The Council of the Queensland University of Technology was established in 1989 under the Queensland University of Technology Act 1988.

1.2 The Council's power to approve recommendations from faculty academic boards regarding the registration, supervision and examination of research degree candidates and to develop policy and procedure relating to research degrees is exercised through a Research Management Committee which shall be a subcommittee of University Academic Board.

1.3 Research Management Committee has delegated responsibility for day-to-day administration of research masters degree courses to faculty academic boards. Academic boards shall report semiannually to the Research

Management Committee on progress made by research masters degree candidates.

1.4 Unless the context otherwise indicates or requires, the words academic board and faculty shall refer to the faculty in which the candidate registers.

1.5 In order to qualify for the award of the degree of Master of Applied Science, a candidate must:

- have completed the approved course of study under the supervision prescribed by the Academic Board
- have submitted, and the Academic Board have accepted, a thesis prepared under the supervision of the supervisor
- have completed any other work prescribed by the Academic Board, and submit to the Academic Board a declaration signed by the candidate that he/she has not been a candidate for another tertiary award without permission of the Academic Board during the term of enrolment.

### 2. Registration

2.1 Applications shall be accepted subject to the availability of facilities and supervision.

2.2 Applications may be lodged with the Registrar at any time.

2.3 The minimum academic qualifications for admission to a program leading to a Master of Applied Science shall be:

- possession of a bachelor degree in applied science from the Queensland University of Technology, or
- possession of an equivalent qualification, or
- submission of such other evidence of qualifications as will satisfy the Academic Board that the applicant possesses the capacity to pursue the course of study.

2.4 Additional requirements for admission to a particular program may be laid down by the Academic Board.

2.5 In considering an applicant for registration the Academic Board shall, in addition to assessing the applicants suitability, assess the proposed program and its relevance to the aims and objectives of the University.

2.6 A candidate may register either as a full-time or as a part-time student.

2.6.1 To be registered as a full-time student, a candidate must be able to commit to the course not less than three-quarters of a normal working week, averaged over each year of candidacy. Such a student may not devote more than 300 hours annually to teaching activities, including preparation and marking.

2.6.2 A candidate who is unable to devote to the course the proportion of time specified in section 2.6.1 may register as a part-time student.

2.7 A candidate may be internal or external. An external candidate is one whose program of research and investigation is based at a place of employment or sponsoring institution. Normally, support of the sponsoring institution for the candidates application is required for a registration.

2.8 The Academic Board may cancel a candidates registration if, after consulting a candidates supervisors and having taken account of all relevant circumstances, the Academic Board is of the opinion that the candidate either has effectively discontinued his/her studies or has no reasonable expectation of completing the course of study within the maximum time allowed (see section 4).

2.9 A candidate whose registration has lapsed or has been cancelled and who wishes subsequently to re-enter the course to undertake a program which is the same or essentially the same as the previous program may be re-admitted under such conditions as the Academic Board may prescribe.

### 3. Course of Study

3.1 A candidate for the degree of Master of Applied Science shall undertake a program of research and investigation on a topic approved by the Academic Board. All projects should be sponsored either by outside agencies such as industry, government authorities, or professional organisations, or by the University itself.

3.2 The program must be such as to enable the candidate to develop and demonstrate a level of scientific competence significantly higher than that expected of a first degree graduate. The required competence normally would include mastery of relevant techniques, investigatory skills, critical thinking, and a high level of knowledge in the specialist area.

3.3 The program includes both coursework and research.

The coursework is a program of up to 64 credit points as defined in sections 3.5 and 3.6 as appropriate for each candidate.

The research component is a program of supervised research and investigation of at least 128 credit points as described in 3.1 and 3.2.

3.4 The students progress will be monitored continually throughout the first 96 credit points of the course. Where the School Research Committee, on the advice of the supervisors, is of the opinion that progress is not satisfactory, the student will be advised to consider transferring his/her enrolment to the SC71 Graduate Diploma in Applied Science course.

3.5 Coursework at masters level may be conducted in a number of ways such as:

- advanced lecture courses
- seminars in which faculty and students present critical studies of selected problems within the subject field
- independent study or reading courses

In all cases, coursework is based upon a formal syllabus setting out the educational outcomes expected from the course, a list of topics to be covered, the prescribed reading material and the method of assessment of progress through and at the end of the course.

3.6 A candidate shall be required to participate in and present seminars as considered appropriate by the Principal Supervisor. The candidate shall be notified of minimum attendance requirements at the time of acceptance of enrolments.

3.7 Students entering the course with an Honours degree or its equivalent or candidates with substantial relevant work experience normally gain exemptions to a maximum of 96 credit points at the discretion of the Academic Board on the recommendation of the Head of School.

3.8 Students entering the course with a Graduate Diploma may gain exemption to a maximum of 96 credit points at the discretion of the Academic Board on the recommendation of the Head of School.

3.9 An application for registration should set out the candidates intended course of study in broad outline but with specific objectives for the first year. The description should include the area of study within which the candidates course lies, the coursework to be undertaken and the proposed title of the thesis to be written.

At an appropriate time during the first year of full-time study or its equivalent the candidate must document and have approved by Academic Board on the recommendation of the Head of School a detailed course of study for the entire program. This description must include in addition to the proposed thesis title, the aim of the proposed program of research and investigation, its background, the significance and possible application of the research program, and the research plan.

#### 4. Period of Time for Completion of Course of Study

4.1 A full-time candidate who does not hold an Honours degree appropriate to the course of study will normally be required to complete both course and research work, including submission of the thesis for examination during a period of registration of 24 months. The corresponding period in the case of a part-time candidate shall be 48 months. In special cases the Academic Board may approve a shorter period.

4.2 A holder of an Honours degree or its equivalent appropriate to the course of study may submit the thesis for examination after not less than 12 months of registration if a full-time student, or 24 months if a part-time student. In special cases the Academic Board may approve a shorter period.

4.3 Where application is made for permission to extend the period within which the candidate may submit a thesis for examination, details of the candidates progress shall be presented to the Academic Board together with the reasons for the delay in completing the work and the expected date of completion. Where the Academic Board agrees to an extension, it may set a limit to the maximum period of registration in the program.

#### 5. Transfer of Registration

5.1 Where a candidate has undertaken part of a proposed course of study as a registered student in another institution, this period of registration may, on application in writing to the Academic Board at the time of application for registration, be counted towards the candidates period of registration in the QUT course. The application must include details of the work already undertaken, the reasons for the transfer and the expected date of completion.

5.2 Applications for transfer normally should be submitted at least 12 months in advance of the probable date of submission of the thesis.

#### 6. Supervision

6.1 For each candidate the Academic Board shall appoint one or more supervisors with appropriate experience provided that, where more than one supervisor is appointed, one shall be nominated as the Principal Supervisor and the others as Associate Supervisors.

6.2 In the case of an internal student, the Principal Supervisor normally shall be from the academic staff of the school where the student carries out the work.

6.3 In the case of an external student, the Principal Supervisor normally shall be from the academic staff of the school

supporting the work and at least one Associate Supervisor shall be from the sponsoring organisation.

6.4 At the end of each six-month period a student shall submit a report on the work undertaken to the Principal Supervisor and the Principal Supervisor shall submit a report to the Academic Board on the students work. This report shall be seen by the candidate before submission to the Academic Board.

#### 7. Place and Conditions of Work

7.1 The research program is carried out under supervision in a suitable environment normally in Australia.

7.2 The Academic Board shall not admit a candidate to undertake a program of research based at the University unless it has received a statement from the Head of School in which the study is proposed that, in their opinion, the applicant is a fit person to undertake a research program leading to the masters degree, that the program is supported, and that the school/centre is willing to undertake the responsibility of supervising the applicants work.

7.3 The Academic Board shall not admit a candidate to undertake a research program based at a sponsoring establishment unless it has received:

- a statement from the employer or director of the sponsoring institution that the applicant will be provided with facilities to undertake the research project and that they are willing to accept responsibility for supervising the applicants work, and
- a statement from the Head of School or the Director of the Centre in which the study is proposed that, in their opinion, the applicant is a fit person to undertake a research program leading to the masters degree, that the program is supported, and that after examination of the proposed external facilities and supervision, the school is willing to accept the responsibility of supervising the work.

#### 8. Thesis

8.1 In the form of presentation, availability and copyright, the thesis shall comply with the provisions of the document Requirements for Presenting Theses.

8.2 The candidates application for registration should set out the intended course of study in broad outline but with specific objectives for the first year. The description should include the area of study within which the candidates course lies, the coursework to be undertaken and the proposed title of the thesis to be written.

At an appropriate time during the first year of full-time study or its equivalent the candidate must document and have approved by Academic Board on the recommendation of the relevant Head of School a detailed course of study for the entire program. This description must include in addition to the proposed thesis title, the aim of the proposed program of research and investigation, its background, the significance and possible application of the research program, and the research plan.

The candidate shall give two months notice of intention to submit the thesis. Such notice shall be accompanied by the appropriate fee, if any.

8.3 The thesis shall comply with the following requirements:

- a significant portion of the work described must have been carried out subsequent to initial registration for the degree.
- it must describe a program of work carried out by the candidate, and must involve either an original contribution to knowledge or an original application of existing knowledge.
- it must reach a satisfactory standard of literary presentation.
- it shall be the candidates own account of the work. Where work is carried out jointly with other persons, the Academic Board shall be advised of the extent of the candidates contribution to the joint work.
- the thesis shall not contain as its main content any work or material which the student has previously submitted for another degree or similar award.

- supporting documents, such as published papers, may be submitted with the thesis if they have a bearing on the subject of the thesis.
- the thesis shall contain an abstract of not more than 300 words.

8.4 Except with the specific permission of the Academic Board, the thesis must be presented in the English language. Such permission must be sought at the time of application for registration, and will not be granted solely on the grounds that the candidates ability to satisfy the examiners will be affected adversely by the requirement to present the thesis in English.

8.5 Subject to QUT's Intellectual Property policy, the copyright of the thesis is vested in the candidate.

8.6 Where a candidate or the sponsoring establishment wishes the thesis to remain confidential for a period of time after completion of the work, application for approval must be made to the Academic Board when the thesis is submitted. The period of confidentiality normally shall not exceed two years from the date on which the examiners recommend acceptance of the thesis, during which time the thesis will be held on restricted access in the QUT Library.

### 9. Examination of Thesis

9.1 The Academic Board shall appoint at least two examiners, of whom at least one shall be from outside the University. Normally examiners will be required to agree to read and report upon the thesis within two months of its receipt.

9.2 A candidate may be required to make an oral defence of the thesis.

9.3 On receipt of satisfactory reports from the examiners, and when the provisions of 7.1 have been fulfilled, the Academic Board shall recommend to University Academic Board that the candidate be awarded the degree.

9.4 If the examiners reports are conflicting, the Academic Board may, after appropriate consultation with the Principal Supervisor, seek advice from a further external examiner.

9.5 If, on the basis of the examiners reports, the Academic Board does not recommend that the degree be awarded, then it shall:

- permit the student to resubmit the thesis within one year for re-examination, or
- cancel the students registration.

If a candidate is required to revise and resubmit a thesis, the examiners reports will be made available to the candidate, the anonymity of the examiners being maintained.

9.6 After the examination process is complete, examiners reports are to be made available to the candidate on request. The names of examiners will be released on request providing the examiner has indicated willingness to have his/her identity revealed to the candidate.

### Coursework

The unit IFN001 Advanced Information Retrieval Skills (4 credit points) should normally be included.

The coursework units for individual strands are as follows. All the units shown are units designed for this course. Selections from other courses may be approved.

#### Course structure - Chemistry Strand

PCN701 Topics in Advanced Chemistry 1

PCN705 Research Methodology

PCN801 Topics In Advanced Chemistry 2

Select two of the following Electives Units:

PCN710 Chemical Instrumentation

PCN720 Chemometrics

PCN730 Advanced Physical Methods in Chemistry

PCN740 Laboratory Techniques for Preparative Chemistry

#### Course structure - Ecology, Environmental Science & Geoscience Strands

##### Essential units:

NRN100 Readings in Natural Resource Sciences 1

NRN102 Seminars in Natural Resource Sciences 1

NRN103 Seminars in Natural Resource Sciences 2

Select up to two of the following units if required:

NRN101 Readings in Natural Resource Sciences 2

NRN104 Advanced Topics in Natural Resource Sciences 1

NRN105 Advanced Topics in Natural Resource Sciences 2

#### Course structure - Life Science Strand

LSN011 Research Seminars in Life Science 1

LSN013 Readings in Life Science 3

LSN023 Research Seminars in Life Science 3

#### Course structure - Physics Strand

PCN715 Advanced Topics in Physics 1

PCN716 Advanced Topics In Physics 2

and/or alternative unit(s) approved by the Physics coordinator

### Research Work

The Research Work component of the degree must constitute at least 128 credit points.

#### Full-time Students

The minimum number of credit points per semester for full-time status is 36. The standard number is 48. At the end of each semester a grade of T - Assessment Continues will be awarded in any IFNXXX units provided satisfactory progress is being maintained. A final grade (S - Satisfactory or U - Unsatisfactory) will be awarded once the thesis has been examined according to the degree rules.

#### Full-time Course Structure

Full-time students undertaking research but no coursework units enrol in IFN100 Full-time Masters Research

Full-time students who are required to undertake coursework units in addition to their research as part of their masters enrolment should enrol in a combination of the following units totalling (in combination with the coursework unit/s) as close as possible to 48 credit points per semester:

IFN300 Masters Research (36 credit points)

IFN301 Masters Research (24 credit points)

IFN302 Masters Research (12 credit points)

IFN303 Masters Research (8 credit points)

IFN304 Masters Research (6 credit points)

#### Part-time Students

The maximum number of credit points per semester for part-time status is 36. The standard number is 24. At the end of each semester a grade of T - Assessment Continues will be awarded in any IFNXXX units provided satisfactory progress is being maintained. A final grade (S - Satisfactory or U - Unsatisfactory) will be awarded once the thesis has been examined according to degree rules.

#### Part-time Course Structure

Part-time students undertaking research but no coursework units enrol in IFN200 Part-time Masters Research

Part-time students who are required to undertake coursework units in addition to their research as part of their masters enrolment should enrol in a combination of the following units totalling (in combination with the coursework unit/s) as close as possible to 24 credit points:

IFN302 Masters Research (12 credit points)

IFN303 Masters Research (8 credit points)

IFN304 Masters Research (6 credit points)

## ■ Master of Applied Science (Life Science) (LS80)

**Award title:** Master of Applied Science (Life Science)

**CRICOS code:** 018479B

**Location:** Gardens Point

**Course duration (full-time):** 1.5 years

**Course duration (part-time):** 3 years

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Mark O'Brien

### Special Entry Requirements

Master of Life Science Research Project Component

Students must discuss research project areas prior to enrolment in this course to select both a suitable project and a project supervisor(s) prior to entry (or as soon as possible thereafter). While the School of Life Sciences has a wide range of research project areas available, it may not always be possible for students

to conduct a research project exactly in the area they desire. Part-time students may also elect to do a research project at their place of work, with both a workplace supervisor and a QUT supervisor. Alternative options are available.

If students do not undertake a research project, additional coursework must be completed. Students will need to consult with the course coordinator in selecting additional coursework units. Please contact the course coordinator for further information and assistance in this regard.

### Professional Recognition

Graduates are eligible to join the Australian Biotechnology Association, the Australian Society for Biochemistry and Molecular Biology, and the Australian Society for Microbiology.

### Course Design

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background and area of interest in biotechnology.

The course consists of two stages: Stage 1 (Graduate Diploma in Biotechnology - LS70) comprises 96 credit points of assessed coursework in medical, plant and/or general biotechnology; in Stage 2 (Master of Applied Science {Life Science} - LS80) students undertake a supervised research project either at QUT or in the workplace.

Students can graduate with a Graduate Diploma in Biotechnology after successfully completing Stage 1.

Students commencing in July enrol in semester two units first.

Credit will not be given for any units already taken within an undergraduate degree, as students are expected to undertake a program of study that extends the coursework studied within an undergraduate degree.

### Course structure - Full-time

#### Year 1, Semester 1

LSP127 Business Aspects of Biotechnology

Either

LSB509 Medical Biotechnology 1

Or

LSB577 Plant Biotechnology 1

In consultation with the course coordinator, choose 24 credit points from the following units:

LSB537 Genetic Engineering

LSB509 Medical Biotechnology 1

LSB577 Plant Biotechnology 1

LSB850 Research Strategies

JSN014 Law, Justice And New Genetic Technologies

HHB270 Gene Technology And Ethics

GSN408 Fundamentals of Marketing Management

GSN418 Marketing Strategy Development

Students who qualify for an exemption from LSB509 or LSB577 on the basis of undergraduate studies are required to undertake an additional unit from the list above.

#### Year 1, Semester 2

MGN428 Managing New Businesses

Either

LSB609 Medical Biotechnology 2

Or

LSB677 Plant Biotechnology 2

In consultation with the course coordinator, choose 24 credit points from the following units:

LSB619 Genomics

LSB609 Medical Biotechnology 2

LSB677 Plant Biotechnology 2

LSB850 Research Strategies

LSB607 Protein Purification

BSB311 Research, Development And Commercialisation Strategies

MGN409 Introduction To Management

GSN408 Fundamentals of Marketing Management

GSN418 Marketing Strategy Development

Students who qualify for an exemption from LSB609 or LSB677 on the basis of undergraduate studies are required to undertake an additional unit from the list above.

### Year 2, Semester 1

LSN710 Project

Please note: Students who will NOT be undertaking a research project choose 48 credit points from the following units in consultation with the course coordinator.

LSB509 Medical Biotechnology 1

LSB577 Plant Biotechnology 1

LSB537 Genetic Engineering

LSB850 Research Strategies

LSN160 Epidemiology for Life Scientists

HHB270 Gene Technology And Ethics

IBN408 Global Business Operations

MAB523 Introduction to Quality Management

GSN408 Fundamentals of Marketing Management

GSN418 Marketing Strategy Development

Students who qualify for an exemption from LSB509 or LSB577 on the basis of undergraduate studies are required to undertake an additional unit from the list above.

### Course structure - Part-time

#### Year 1, Semester 1

LSP127 Business Aspects of Biotechnology

Either

LSB509 Medical Biotechnology 1

Or

LSB577 Plant Biotechnology 1

#### Year 1, Semester 2

MGN428 Managing New Businesses

Either

LSB609 Medical Biotechnology 2

Or

LSB677 Plant Biotechnology 2

#### Year 2, Semester 1

In consultation with the course coordinator, select 24 credit points under Year 1 Semester 1 in the above full-time course

#### Year 2, Semester 2

In consultation with the course coordinator, select 24 credit points under Year 1 Semester 2 in the above full-time course

#### Year 3, Semester 1

LSN711 Project 1

For those students who will not be undertaking a research project, in consultation with the course coordinator, select 24 credit points under Year 1 Semester 1 in the above full-time course

#### Year 3, Semester 2

LSN712 Project 2

For those students who will not be undertaking a research project, in consultation with the course coordinator, select 24 credit points under Year 1 Semester 2 in the above full-time course

## ■ Master of Applied Science (Medical Physics) (PH80)

**Award title:** Master of Applied Science (Medical Physics)

**CRICOS code:** 003473J

**Location:** Gardens Point

**Course duration (full-time):** 1.5 Years

**Course duration (part-time):** 3 Years

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Brian J Thomas

**Discipline coordinator:** Dr Greg Michael

### Other Majors

See also the separate entry for the following major in this course: Master of Applied Science (Medical Ultrasound).

### Course Design

This degree consists of two stages. Stage 1 (Graduate Diploma - PH71) comprises assessed coursework such as advanced lectures, seminars, reading courses or independent study. If undertaken full-time, students will need an average of 14 hours a week of formal contact.

In Stage 2 (Master of Applied Science - PH80) students undertake a program of supervised research and investigation that can be completed at QUT, or in a suitable external institution.

Students can graduate with a Graduate Diploma in Medical Physics after satisfactory completion of Stage 1.

### Course structure

#### STAGE 1

To complete Stage 1, students must complete units from the list below, totalling 96 credit points:

##### First Semester

LSB142	Human Anatomy and Physiology
PCN113	Radiation Physics
PCN114	Microprocessors and Instrumentation
PCN211	Physics of Medical Imaging

##### Second Semester

PCN112	Medical Imaging Science
PCN212	Radiotherapy Physics
PCN214	Health and Occupational Physics
PCN218	Research Methodology and Professional Studies

#### STAGE 2

##### Project Over One Semester or Summer Program

PCN520	Project (FT)
--------	--------------

##### Project Over Two Semesters

PCN540	Project (PT)
--------	--------------

Note: A student may request an extension of time in which to submit the project report for assessment. A request for an extension of time up to a maximum of six months shall be made in writing through the Head of School to the Dean. Any request for a further extension, or any request for an extension to a date later than six months after the original due date, shall be made in writing to the Academic Board. The Academic Board may grant the extension under such conditions as it may consider appropriate, or may award the student a "Fail" result in the project unit. A student who has received a "Fail" result in the project unit may re-enrol in the unit only in exceptional circumstances and with the express permission of the Academic Board.

## ■ Master of Applied Science (Medical Ultrasound) (PH80)

**Award title:** Master of Applied Science (Medical Ultrasound)

**Location:** Gardens Point

**Course duration (part-time):** 3 years

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Brian Thomas

**Discipline coordinator:** Dr Lucia Pemble

### Other Majors

See also the separate entry for the following major in this course: Master of Applied Science (Medical Physics).

### Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

### Course Design

This degree consists of two stages. Stage 1 (Graduate Diploma - PH71) takes four semesters of part-time study to complete. Students must show that they have access to suitable clinical experience for the duration of Stage 1 before beginning the degree. Lectures are conducted in intensive four to five week "blocks" in each semester. Students undertake clinical experience throughout the semester.

Stage 2 (Master of Applied Science - PH80) involves completion of a research project and submission of a thesis. Students can undertake this project externally under QUT staff supervision on appointment of a suitable external supervisor. This stage takes two semesters part-time to complete after successful completion of Stage 1.

### Course structure

#### STAGE 1

Students must complete the units listed below (total 96 credit points)

##### Semester 1

PCN159	Ultrasonic Examination 1
PCN162	Principles of Medical Ultrasound
PCN197	Clinical Attachment 1

##### Semester 2

PCN197	Clinical Attachment 1
PCN356	Ultrasonic Examinations 2

##### Semester 3

PCN297	Clinical Attachment 2
PCN355	Vascular Ultrasound
PCN357	Advanced Ultrasound Topics

##### Semester 4

PCN218	Research Methodology and Professional Studies
PCN297	Clinical Attachment 2

Note: The PCN197 and PCN297 clinical attachment units are 2 semester units

#### STAGE 2:

##### Project Over One Semester or Summer Program

PCN520	Project (FT)
--------	--------------

##### Project Over Two Semesters

PCN540	Project (PT)
--------	--------------

Note: A student may request an extension of time in which to submit the project report for assessment. A request for an extension of time up to a maximum of six months shall be made in writing through the Head of School to the Dean. Any request for a further extension, or any request for an extension to a date later than six months after the original due date, shall be made in writing to the Academic Board. The Academic Board may grant the extension under such conditions as it may consider appropriate, or may award the student a "Fail" result in the project unit. A student who has received a "Fail" result in the project unit may re-enrol in the unit only in exceptional circumstances and with the express permission of the Academic Board.

## ■ Master of Cardiac Ultrasound (PH85)

**Award title:** Master of Cardiac Ultrasound

**Location:** Gardens Point

**Course duration (part-time):** 3 years

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Bonita Anderson

### Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

### Course Structure

This course consists of two stages. Stage 1 (Graduate Diploma in Cardiac Ultrasound - PH75) takes two years of part-time study to complete. Students must be employed in a suitable clinical practice with adequate access to clinical cardiac ultrasound experience for the duration of the course. If students are not based in Brisbane, this structure allows attendance by offering the formal classroom component in an intensive one-week block in each semester.

Stage 2 (Master of Cardiac Ultrasound - PH85) involves the completion of a research project and submission of a thesis. Students can undertake this project internally at QUT, or externally under QUT staff supervision and the guidance of a suitable external supervisor. This stage would normally take one year part-time to complete.

### Course structure

#### STAGE 1

To complete Stage 1, students must complete the units listed below (total 96 credit points):

##### First Semester

LSN259	Cardiac Anatomy, Embryology and Pathology
PCN162	Principles of Medical Ultrasound
PCN497	Clinical Attachment 4

##### Second Semester

PCN259	Cardiac Ultrasound 1
PCN497	Clinical Attachment 4

##### Third Semester

PCN218	Research Methodology and Professional Studies
PCN359	Cardiac Ultrasound 2
PCN597	Clinical Attachment 5

##### Fourth Semester

PCN459	Advanced Cardiac Ultrasound
--------	-----------------------------

PCN597 Clinical Attachment 5  
 Note: The PCN497 and PCN597 clinical attachment units are 2 semester units.

### STAGE 2

To complete Stage 2, students must complete the units listed below (48 credit points):

#### First Semester (Project Over Two Semesters)

PCN640 Project

Note: A student may request an extension of time in which to submit the project report for assessment. A request for an extension of time up to a maximum of six months shall be made in writing through the Head of School to the Dean. Any request for a further extension, or any request for an extension to a date later than six months after the original due date, shall be made to the Academic Board. The Academic Board may grant the extension under such conditions as it may consider appropriate, or may award the student a "Fail" result in the project unit.

A student who has received a 'Fail' result in the project unit may re-enrol in the unit only in exceptional circumstances and with the express permission of the Academic Board.

## ■ Master of Mathematical Science (MA85)

**Award title:** Master of Mathematical Science

**Location:** Gardens Point

**Course duration (full-time):** 3 semesters

**Course duration (part-time):** 3 years

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Vo Anh

### Career Outcomes

Knowledge and skills in mathematics and/or statistical techniques are increasingly in demand in many different areas. For example, quantitative analysis in the finance area; statistical and mathematical modelling in natural resources and health management; operations research in transport management.

### Course Design

- At least 36 credit points must be taken from postgraduate mathematics units other than MAN200 Mathematical Foundations and/or MAN201 Mathematics.
- Up to 24 credit points can be taken from units other than mathematics units.
- There is a limit of 48 credit points from project units.

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background and area of interest within the mathematical sciences.

### Course structure

The units selected may include:

MAN200 Mathematical Foundations

MAN201 Mathematics

At least 36 credit points must be taken from the following postgraduate mathematics units:

MAN700 Project

MAN717 Minor Project

MAN761 Analysis

MAN762 Field Theory

MAN764 Applied Mathematical Modelling

MAN765 Bayesian Data Analysis

MAN766 Applied Time Series Analysis

MAN768 Advanced Techniques in Operations Research

MAN769 Mathematics of Finance

MAN771 Computational Mathematics 4

MAN774 Perturbation Methods

MAN775 Statistical Inference with Financial Applications

MAN778 Applications of Discrete Mathematics

MAN787 Project

## ■ Graduate Diploma in Applied Science (SC71)

**Award title:** Graduate Diploma in Applied Science

**CRICOS code:** 020314E

**Location:** Gardens Point

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Peter Fredericks

**Discipline coordinator:** Dr John Bartley (Chemistry); Dr Mark O'Brien (Life Science); Assoc Prof Vo Anh (Mathematics); Assoc Prof David Gust (Natural Resource Sciences); Assoc Prof Brian Thomas (Physics)

### Course Design

This coursework program lets students include a minor project in some disciplines. The assessed coursework may include advanced lecture courses, seminars, reading courses or independent study designed to focus on information retrieval skills. Coursework units are chosen from those in the Master of Applied Science course, and may contain units from other postgraduate courses, the Bachelor of Applied Science (Honours) program or advanced undergraduate programs.

Candidates of the Graduate Diploma in Applied Science undertake a program of coursework, or coursework and a minor research project, as approved by the Academic Board on the advice of the Head of School.

Students must complete a total of 96 credit points which may consist of between 60 and 96 credit points of coursework, and up to 36 credit points as a minor research project.

Coursework units will be selected from the specific units available within the Master of Applied Science (PH80) course and may contain units selected from other postgraduate courses or advanced undergraduate courses where the background of the student requires this.

### Course structure - Chemistry Strand

PCN701 Topics in Advanced Chemistry 1

PCN705 Research Methodology

PCN710 Chemical Instrumentation

PCN720 Chemometrics

PCN730 Advanced Physical Methods in Chemistry

PCN740 Laboratory Techniques for Preparative Chemistry

PCN801 Topics In Advanced Chemistry 2

### Course structure - Ecology, Environmental Science & Geoscience Strands

NRN100 Readings in Natural Resource Sciences 1

NRN101 Readings in Natural Resource Sciences 2

NRN102 Seminars in Natural Resource Sciences 1

NRN104 Advanced Topics in Natural Resource Sciences 1

NRN105 Advanced Topics in Natural Resource Sciences 2

And units approved by the Strand Coordinator

### Course structure - Life Science Strand

LSN011 Research Seminars in Life Science 1

LSN013 Readings in Life Science 3

LSN023 Research Seminars in Life Science 3

### Course structure - Mathematics Strand

Units selected from other programs offered by the School of Mathematical Sciences and approved by the Mathematics coordinator.

### Course structure - Physics Strand

PCN715 Advanced Topics in Physics 1

PCN716 Advanced Topics In Physics 2

And/or alternative unit(s) approved by the Physics Coordinator

## ■ Graduate Diploma in Applied Science (Medical Physics) (PH71)

**Award title:** Graduate Diploma in Applied Science (Medical Physics)

**CRICOS code:** 020315D

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Brian J Thomas

**Discipline coordinator:** Dr Greg Michael

### Course Design

This degree consists of two stages. Stage 1 (Graduate Diploma - PH71) comprises assessed coursework such as advanced lectures, seminars, reading courses or independent study. If undertaken full-time, students will need an average of 14 hours a week of formal contact.

In Stage 2 (Master of Applied Science - PH80), students undertake a program of supervised research and investigation that can be completed at QUT, or in a suitable external institution. Students can graduate with a Graduate Diploma in Medical Physics after satisfactory completion of Stage 1.

### Course structure

#### Stage 1 - First Semester

LSB142 Human Anatomy and Physiology

PCN113 Radiation Physics

PCN114 Microprocessors and Instrumentation

PCN211 Physics of Medical Imaging

#### Stage 2 - Second Semester

PCN112 Medical Imaging Science

PCN212 Radiotherapy Physics

PCN214 Health and Occupational Physics

PCN218 Research Methodology and Professional Studies

## ■ Graduate Diploma in Applied Science (Medical Ultrasound) (PH71)

**Award title:** Graduate Diploma in Applied Science (Medical Ultrasound)

**Location:** Gardens Point

**Course duration (part-time):** 2 years\*

**Total credit points:** 96

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Brian J Thomas

**Discipline coordinator:** Dr Lucia Pemble

\*Course available only in part-time mode from 2003 subject to final approval.

### Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

### Course Design

This degree consists of two stages. Stage 1 (Graduate Diploma - PH71) takes four semesters of part-time study to complete. Students must show that they have access to suitable clinical experience for the duration of Stage 1 before beginning the degree. Lectures are conducted in intensive 4-5 week "blocks" in each semester. Students undertake clinical experience throughout the semester.

Stage 2 (Master of Applied Science - PH80) involves completion of a research project and submission of a thesis. Students can undertake this project externally under QUT staff supervision on appointment of a suitable external supervisor. This stage takes two semesters part-time to complete after successful completion of Stage 1.

### Course structure - Part-time

STAGE 1: Students must complete the units listed below (total 96 credit points)

#### Semester 1

PCN159 Ultrasonic Examination 1

PCN162 Principles of Medical Ultrasound

PCN197 Clinical Attachment 1

#### Semester 2

PCN197 Clinical Attachment 1

PCN356 Ultrasonic Examinations 2

#### Semester 3

PCN297 Clinical Attachment 2

PCN355 Vascular Ultrasound

PCN357 Advanced Ultrasound Topics

#### Semester 4

PCN218 Research Methodology and Professional Studies

PCN297 Clinical Attachment 2

**Note:** The PCN197 and PCN297 clinical attachment units are 2 semester units

## ■ Graduate Diploma in Biotechnology (LS70)

**Award title:** Graduate Diploma in Biotechnology

**CRICOS code:** 016957B

**Location:** Gardens Point

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Mark O'Brien

### Professional Recognition

Graduates are eligible to join the Australian Biotechnology Association, the Australian Society for Biochemistry and Molecular Biology, and the Australian Society for Microbiology.

### Course Design

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background and area of interest in biotechnology.

The course consists of two stages: Stage 1 (Graduate Diploma in Biotechnology - LS70) comprises 96 credit points of assessed coursework in medical, plant and/or general biotechnology; in Stage 2 (Master of Applied Science {Life Science} - LS80) students undertake a supervised research project either at QUT or in the workplace.

Students can graduate with a Graduate Diploma in Biotechnology after successfully completing Stage 1.

Students commencing in July enrol in semester two units first.

Credit will not be given for any units already taken within an undergraduate degree, as students are expected to undertake a program of study that extends the coursework studied within an undergraduate degree.

### Course structure - Full-time

#### Year 1, Semester 1

LSP127 Business Aspects of Biotechnology  
Either

LSB509 Medical Biotechnology 1  
Or

LSB577 Plant Biotechnology 1  
In consultation with the course coordinator, choose 24 credit points from the following units:

LSB537 Genetic Engineering

LSB509 Medical Biotechnology 1

LSB577 Plant Biotechnology 1

LSB850 Research Strategies

JSN014 Law, Justice And New Genetic Technologies

HHB270 Gene Technology And Ethics

GSN408 Fundamentals of Marketing Management

GSN418 Marketing Strategy Development

Students who qualify for an exemption from LSB509 or LSB577 on the basis of undergraduate studies are required to undertake an additional unit from the list above.

#### Year 1, Semester 2

MGN428 Managing New Businesses  
Either  
LSB609 Medical Biotechnology 2  
Or

LSB677 Plant Biotechnology 2

In consultation with the course coordinator, choose 24 credit points from the following units:

LSB619 Genomics  
LSB609 Medical Biotechnology 2  
LSB677 Plant Biotechnology 2  
LSB850 Research Strategies  
LSB607 Protein Purification  
BSB311 Research, Development And Commercialisation Strategies  
MGN409 Introduction To Management  
GSN408 Fundamentals of Marketing Management  
GSN418 Marketing Strategy Development

Students who qualify for an exemption from LSB609 or LSB677 on the basis of undergraduate studies are required to undertake an additional unit from the list above.

#### Course structure - Part-time

##### Year 1, Semester 1

LSP127 Business Aspects of Biotechnology  
Either

LSB509 Medical Biotechnology 1  
Or

LSB577 Plant Biotechnology 1

##### Year 1, Semester 2

MGN428 Managing New Businesses  
Either

LSB609 Medical Biotechnology 2  
Or

LSB677 Plant Biotechnology 2

##### Year 2, Semester 1

In consultation with the course coordinator, select 24 credit points under Year 1 Semester 1 in the above full-time course

##### Year 2, Semester 2

In consultation with the course coordinator, select 24 credit points under Year 1 Semester 2 in the above full-time course

## ■ Graduate Diploma in Cardiac Ultrasound (PH75)

**Award title:** Graduate Diploma in Cardiac Ultrasound

**Location:** Gardens Point and External

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Bonita Anderson

#### Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

#### Course Design

This course consists of two stages. Stage 1 (Graduate Diploma in Cardiac Ultrasound - PH75) takes two years of part-time study to complete. Students must be employed in a suitable clinical practice with adequate access to clinical cardiac ultrasound experience for the duration of the course. If students are not based in Brisbane, this structure allows attendance by offering the formal classroom component in an intensive one-week block in each semester.

Stage 2 (Master of Cardiac Ultrasound - PH85) involves the completion of a research project and submission of a thesis. Students can undertake this project internally at QUT, or externally under QUT staff supervision and the guidance of a suitable external supervisor. This stage would normally take one year part-time to complete.

#### Course structure

##### First Semester

LSN259 Cardiac Anatomy, Embryology and Pathology  
PCN162 Principles of Medical Ultrasound  
PCN497 Clinical Attachment 4

##### Second Semester

PCN259 Cardiac Ultrasound 1  
PCN497 Clinical Attachment 4

##### Third Semester

PCN218 Research Methodology and Professional Studies  
PCN359 Cardiac Ultrasound 2  
PCN597 Clinical Attachment 5

##### Fourth Semester

PCN459 Advanced Cardiac Ultrasound  
PCN597 Clinical Attachment 5

**Note:** The PCN497 and PCN597 clinical attachment units are 2 semester units.

## ■ Graduate Diploma in Mathematical Science (MA75)

**Award title:** Graduate Diploma in Mathematical Science

**Location:** Gardens Point

**Course duration (full-time):** 1 year

**Course duration (part-time):** 2 years

**Total credit points:** 96

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Vo Anh

#### Course Design

- At least 24 credit points must be taken from postgraduate mathematics units other than MAN200 Mathematical Foundations and/or MAN201 Mathematics.
- Up to 24 credit points can be taken from units other than mathematics units.
- There is a limit of 36 credit points from project units.

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background and area of interest within the mathematical sciences.

#### Course structure

The units selected may include:

MAN200 Mathematical Foundations  
MAN201 Mathematics

At least 24 credit points must be taken from the following postgraduate mathematics units:

MAN700 Project  
MAN717 Minor Project  
MAN761 Analysis  
MAN762 Field Theory  
MAN764 Applied Mathematical Modelling  
MAN765 Bayesian Data Analysis  
MAN766 Applied Time Series Analysis  
MAN768 Advanced Techniques in Operations Research  
MAN769 Mathematics of Finance  
MAN771 Computational Mathematics 4  
MAN774 Perturbation Methods  
MAN775 Statistical Inference with Financial Applications  
MAN778 Applications of Discrete Mathematics  
MAN787 Project

## ■ Graduate Certificate in Applied Science (Breast Ultrasound) (PH60)

**Award title:** Graduate Certificate Applied Science (Breast Ultrasound)

**CRICOS code:** 034716E

**Location:** Gardens Point

**Course duration (part-time):** 1 year

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Brian J Thomas

**Discipline coordinator:** Dr Lucia Pemble

### Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

### Course Design

Students must be employed in a suitable clinical practice with adequate access to clinical experience for the duration of the course. Formal lectures are conducted in an intensive one-week block of classes at the beginning of each semester. Further academic requirements can be met without requiring on-campus attendance. If students are not based in Brisbane, this structure allows attendance by offering the formal classroom component in an intensive one-week block in each semester.

### Course structure

To complete the Graduate Certificate in Applied Science (Breast Ultrasound) students must complete the units listed below (total 48 credit points)

#### Semester 1

PCN162 Principles of Medical Ultrasound  
PCN187 Specialist Studies  
PCN397 Clinical Attachment 3

#### Semester 2

PCN184 Breast Imaging  
PCN397 Clinical Attachment 3

Note: The PCN397 clinical attachment unit is a 2 semester unit

## ■ Graduate Certificate in Mathematical Science (MA65)

**Award title:** Graduate Certificate in Mathematical Science

**Location:** Gardens Point

**Course duration (full-time):** 1 semester

**Course duration (part-time):** 1 year

**Total credit points:** 48

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Vo Anh

### Course Design

- At least 36 credit points must be taken from mathematics units.
- Up to 12 credit points can be taken from units other than mathematics units.

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background and area of interest within the mathematical sciences.

### Course structure

The units selected may include:

MAN200 Mathematical Foundations  
MAN201 Mathematics

## ■ Bachelor of Applied Science (Honours) (SC60)

**Award title:** Bachelor of Applied Science (Honours) (Study Area A)

**CRICOS code:** 009041G

**Location:** Gardens Point

**Course duration (full-time):** 1 Year

**Course duration (part-time):** 2 Years

**Course coordinator:** Assoc Prof Peter Fredericks

**Discipline coordinator:** Dr John Bartley (Chemistry); Dr Tony Clarke (Ecology); Assoc Prof David Gust (Environmental Science); Dr Gary Huftile (Geology); Dr Terry Walsh (Life Science); Dr Troy Farrell (Mathematics); Assoc Prof Brian J Thomas (Physics)

### Professional Membership

Relevant scientific professional bodies include: Australasian Association of Clinical Biochemists; Australasian Institute of

Mining and Metallurgy; Australian Biotechnology Association; Australian Institute of Geoscientists; Australian Institute of Physics; Australian Mathematical Society; Australian Society for Biochemistry and Molecular Biology; Australian Society for Medical Research; Australian Society for Microbiology; Australian Society of Operations Research; Ecological Society of Australia; Geological Society of Australia; Royal Australian Chemical Institute; Statistical Society of Australia. Eligibility for membership is based on the combination of units undertaken in the degree. Eligibility for membership is based on the major you undertake and the Bachelor of Applied Science course that underpins it.

### Course Design

The Honours year comprises coursework and a major research project supervised by QUT staff, in some cases in conjunction with local industry. Majors are offered in Chemistry, Ecology, Environmental Science, Geology, Life Science, Mathematics and Physics.

### Course structure - Major in Chemistry

#### Year 1, Semester 1

PCB700 Research Project  
PCB700 Research Project  
PCB742 Elective Studies  
PCB780 Advanced Topics in Chemistry 1

#### Year 1, Semester 2

PCB700 Research Project  
PCB700 Research Project  
PCB700 Research Project  
PCB780 Advanced Topics in Chemistry 1

### Course structure - Major in Ecology, Environmental Science, Geology

#### Year 1, Semester 1

NRB720 Project  
NRB730 Research Methods and Strategies  
NRB730 Research Methods and Strategies  
NRB735 Advanced Studies in Resource Sciences

#### Year 1, Semester 2

NRB720 Project  
NRB720 Project  
NRB720 Project  
NRB720 Project

### Course structure - Major in Life Science

#### Year 1, Semester 1

LSB850 Research Strategies  
LSB851 Readings in Life Science 1  
LSB852 Project

#### Year 1, Semester 2

LSB850 Research Strategies  
LSB851 Readings in Life Science 1  
LSB852 Project

### Course structure - Major in Mathematics

#### Year 1, Semester 1

MAB787 Project  
36 credit points of elective units selected from the list below\*

#### Year 1, Semester 2

MAB787 Project  
MAB787 Project  
24 credit points of elective units selected from the list below\*

#### Elective List (Mathematics) - 60 credit points to be selected#

MAN717 Minor Project  
MAN761 Analysis  
MAN762 Field Theory  
MAN764 Applied Mathematical Modelling  
MAN765 Bayesian Data Analysis  
MAN766 Applied Time Series Analysis  
MAN768 Advanced Techniques in Operations Research  
MAN769 Mathematics of Finance  
MAN771 Computational Mathematics 4  
MAN774 Perturbation Methods  
MAN775 Statistical Inference with Financial Applications  
MAN778 Applications of Discrete Mathematics

Up to 12 credit points from the following lists can be included in the 60 credit points of electives:

MAB522	Computational Mathematics 3
MAB524	Statistical Inference
MAB526	Statistical Science 3
MAB613	Partial Differential Equations
MAB672	Advanced Mathematical Modelling

Up to two units from another Faculty or School may be included with the permission of the Mathematics Coordinator. The unit(s) must be of honours level and relevant to the proposed program. Examples of suitable units are:

EFN505	Financial Risk Management
ITN447	Special Studies
ITN556	Advanced Topics In Cryptology
PCB706	Quantum Mechanics

\*The Course Coordinator may approve a student taking 24 credit points of elective units (together with MAN787/1 and MAN787/2) in Semester 1 and 36 credit points of elective units (together with MAN787/3) in Semester 2.

#The list of mathematics units to be offered is subject to final approval.

### Course structure - Major in Physics

#### Year 1, Semester 1

PCB700	Research Project
PCB700	Research Project
	Elective
	Elective

#### Year 1, Semester 2

PCB700	Research Project
PCB700	Research Project
PCB700	Research Project
	Elective

#### Elective List (Physics)

PCB706	Quantum Mechanics
PCB708	Advanced Topics in Physics
PCN112	Medical Imaging Science
PCN113	Radiation Physics
PCN114	Microprocessors and Instrumentation
PCN211	Physics of Medical Imaging
PCN212	Radiotherapy Physics
PCN214	Health and Occupational Physics
PCN716	Advanced Topics In Physics 2

Other units may be chosen in consultation with the Course Coordinator.

## ■ Bachelor of Applied Science + Bachelor of Applied Science (Honours) - Dean's Scholars Accelerated Honours Program (SC01 + SC60)

**CRICOS code:** 003502J

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 384

**Course coordinator:** Dr Al Grenfell

**Discipline coordinator:** A/Prof Rob Harding (Life Sciences - SCB501 only); Dr Alex Anderson (Life Sciences - other units); Dr Graeme Pettet (Mathematics); Dr Kelley Whitaker (Natural Resource Sciences); Dr Dennis Arnold (Physical and Chemical Sciences - Chemistry); Dr Dmitri Gramotnev (Physical and Chemical Sciences - Physics)

### Special Entry Requirements

A successful personal interview is required. (After students apply through QTAC, the Faculty of Science contacts them in about November of that year to arrange an interview time.)

### Professional Recognition

For graduates with approved study: Australasian Association of Clinical Biochemists; Australasian Institute of Mining and Metallurgy; Australian Biotechnology Association; Australian Institute of Geoscientists; Australian Institute of Physics; Australian Mathematical Society; Australian Society for Biochemistry and Molecular Biology; Australian Society for Medical Research; Australian Society for Microbiology; Australian Society of Operations Research; Ecological Society of Australia; Geological Society of Australia; Royal Australian Chemical Institute; Statistical Society of Australia.

### Course Design

The course is designed to allow Dean's Scholars to complete both the Bachelor of Applied Science and Bachelor of Applied Science (Honours) courses in an enriched and accelerated manner.

All of the majors and comajors offered in the SC01 course are available within the Bachelor of Applied Science component of the Dean's Scholars Accelerated Honours Program. The majors available are: Biochemistry; Biotechnology; Chemistry; Ecology; Environmental Science; Geology; Mathematics; Microbiology; and Physics. Comajors include: Applied Geology; Astrophysics; Biodiversity; Biomolecular Sciences; Environmental Studies; Forensic Science; Industrial Chemistry; Medical and Health Physics; Scientific Computation and Visualisation. In addition, all of the majors offered in the Bachelor of Applied Science (Honours) course are available to Dean's Scholars. (Full details of the SC01 BAppSc and SC60 BAppSc(Hons) courses are available under the separate entries for these programs.)

Dedicated Dean's Scholars units that facilitate the acceleration and provide enrichment are indicated below:

SCB301 Science for Dean's Scholars  
 SCB303 Tutorial Program for Dean's Scholars (substituted by a mathematics unit for Mathematics majors)  
 SCB401 Research Methods for Dean's Scholars (substituted by a mathematics unit for Mathematics majors)  
 SCB501 Research Project for Dean's Scholars (optionally substituted by MAB640 Industry Project for Mathematics majors)

### Course Structure

The general course structures for major studies in Chemistry, Physics, Life Sciences, and Mathematics in the Dean's Scholars Accelerated Honours Program are indicated below.

### Course structure - Majors in Chemistry and Physics

#### Year 1, Summer Term (24 cp)

Dean's Scholars Program enrichment unit:

SCB301 Science for Dean's Scholars

#### Year 1, Semester 1 (60 cp)

Dean's Scholars Program enrichment unit:

SCB303 Tutorial Program for Dean's Scholars  
 Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (48 cp)

#### Year 1, Semester 2 (60 cp)

Dean's Scholars Program enrichment unit: Elective (12 cp)  
 Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (48 cp)

#### Year 2, Semester 1 (60 cp)

Dean's Scholars Program enrichment unit:

SCB401 Research Methods for Dean's Scholars  
 (SCB401 Research Methods for Dean's Scholars may be replaced by an approved elective unit in the case of the Physics major)  
 Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (48 cp)

#### Year 2, Semester 2 (60 cp)

Dean's Scholars Program enrichment unit:

SCB501 Research Project for Dean's Scholars  
 Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (36 cp)

#### Year 3, Semester 1 (60 cp) and Semester 2 (60 cp)

Normal BAppSc and BAppSc(Hons) units: BAppSc + BAppSc(Hons) Coursework (12cp + 36 cp respectively)  
 Normal BAppSc and BAppSc(Hons) units: BAppSc(Hons) Research (60 cp)

### Course structure - Majors in Biochemistry, Biotechnology and Microbiology

#### Year 1, Summer Term (24 cp)

Dean's Scholars Program enrichment unit:

SCB301 Science for Dean's Scholars

#### Year 1, Semester 1 (60 cp)

Dean's Scholars Program enrichment unit:

SCB303 Tutorial Program for Dean's Scholars

	Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (48 cp)
<b>Year 1, Semester 2 (60 cp)</b>	Dean's Scholars Program enrichment unit:
SCB401	Research Methods for Dean's Scholars Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (48 cp)
<b>Year 2, Semester 1 (72 cp)</b>	Dean's Scholars Program enrichment unit:
SCB501	Research Project for Dean's Scholars Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (48 cp)
<b>Year 2, Semester 2 (60 cp)</b>	Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (48 cp)
LSB657	Normal BAppSc and BAppSc(Hons) unit: Perspectives in Life Science
<b>Year 3, Semester 1 (60 cp) and Semester 2 (48 cp)</b>	Normal BAppSc and BAppSc(Hons) units: BAppSc + BAppSc(Hons) Coursework (12cp + 36 cp respectively)
	Normal BAppSc and BAppSc(Hons) units: BAppSc(Hons) Research (60 cp)

### Course structure - Major in Mathematics

<b>Year 1, Summer Term (24 cp)</b>	EITHER
	Dean's Scholars Program enrichment unit (MS module + MA module + one of the PH, CH, and LS modules):
SCB301	Science for Dean's Scholars
	OR
MAB101	Statistical Data Analysis 1
	AND
MAB111	Mathematical Sciences 1B
<b>Year 1, Semester 1 (60 cp)</b>	Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (60 cp)
<b>Year 1, Semester 2 (60 cp)</b>	Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (60 cp)
<b>Year 2, Semester 1 (60 cp)</b>	Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (60 cp)
<b>Year 2, Semester 2 (60 cp)</b>	Normal BAppSc and BAppSc(Hons) units: BAppSc Coursework (36 cp)
	Dean's Scholars Program enrichment unit:
SCB501	Research Project for Dean's Scholars
	OR
MAB640	Industry Project
<b>Year 3, Semester 1 (60 cp) and Semester 2 (60 cp)</b>	Normal BAppSc and BAppSc(Hons) units: BAppSc + BAppSc(Hons) Coursework (24 cp + 60 cp respectively)
	Normal BAppSc and BAppSc(Hons) units: BAppSc(Hons) Research (36 cp)

## ■ Bachelor of Applied Science (SC01)

**Award title:** Bachelor of Applied Science (Study Area A)

**CRICOS code:** 003502J

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Course duration (part-time):** 6 Years

**Total credit points:** 288 (minimum)

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Megan Hargreaves

**Discipline coordinator:** Dr Alex Anderson (Biochemistry); Dr Ron Epping (Biotechnology); Dr Dennis Arnold (Chemistry); Dr Ian Williamson (Ecology); Graham Kimber (Environmental Science); Dr Greg Webb (Geoscience); Dr Jack Wrigley (Mathematics); Dr Megan Hargreaves (Microbiology); Dr Bruce Cornish (Physics)

### Professional Recognition

For graduates with approved study: Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, AusBiotech Ltd, Australian Institute of Geoscientists,

Australian Institute of Physics, Australian Mathematical Society, Australian Society for Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Australian Society for Operations Research, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute, Statistical Society of Australia.

### Course Design

The Bachelor of Applied Science course comprises a major and a co-major study area in second and third year, built on the secure foundation of core units studied in the first year. The major and co-major study areas (listed below) show the broad range of the Science program and the flexibility that students have in choosing their degree program. Students can also propose their own co-major studies, and that the choice of major and co-major can be delayed until the completion of at least the students first semester of study.

In first semester, the core units are designed to broaden the students experience of Science and the four units studied will generally include at least three of the following:

- Life Science, an introduction to the study of life processes, with cells and organisms as the central point of reference.
- Statistical Data Analysis, or how to extract valid results from data collected.
- Environmental Science, incorporating the chemical, physical and biological processes that influence the development of the air, the earth and the atmosphere.
- Physical Science, involving the basic concepts of physics and chemistry.

**Science Majors:** Biochemistry; Biotechnology; Chemistry; Ecology; Environmental Science; Geoscience; Mathematics; Microbiology; Physics.

**Science Co-Majors:** Applied Geology; Astrophysics; Biodiversity; Biomedical Sciences; Environmental Management; Environmental Science; Forensic Science; Industrial Chemistry; Medical and Health Physics; Scientific Computation and Visualisation.

**Non-Science Co-Majors:** (for example) Accounting; Aviation; Communication; Humanities; Information Technology; Languages; Marketing; Psychology.

### Course Rules

1. To fulfil the requirements for the award of the Bachelor of Applied Science degree, a student must complete a total of at least 288 credit points, comprising at least 192 credit points in units offered by the Faculty of Science. The units completed for the award of the degree must include:

- at least six faculty core units, including at least three units from List A and at least 3 units from List B in Schedule 1
- a major study
- a comajor study (or group of units constituting 72 credit points at advanced level in any approved area of study in the University).

Major and comajor studies are defined in terms of the discipline area and the academic level at which the units are offered.

A *major* must be completed in one of the following discipline areas: biochemistry; biotechnology; chemistry; ecology; environmental science; geoscience; mathematics; microbiology; physics. A major comprises 96 credit points of units at advanced level, including at least 48 credit points at the third level.

A *comajor* may be completed by selecting appropriate units from another major, or from the following discipline areas: applied geology; astrophysics; biodiversity; biomolecular science; environmental management; environmental science; forensic science; industrial chemistry; medical and health physics; scientific computation and visualisation. A comajor comprises 72 credit points at advanced level. Alternatively, the comajor may be

constituted by an approved group of units comprising 72 credit points at advanced level in any approved area of study in the university. Major and comajor studies may be taken in closely related discipline areas.

- The maximum number of credit points that may be counted from units other than those at advanced level is 120 credit points.
- Elective units may be chosen from (a) SC01 majors/comajors other than those undertaken by a student, (b) other appropriate units offered by the Faculty of Science, and (c) units offered by other faculties.
- Students are normally expected to complete the course in minimum time. A full-time student normally enrolls in an average of 48 credit points per semester for six semesters and a part-time student normally enrolls in 24 credit points per semester for 12 semesters. (A full-time student is one who is enrolled in 36 or more credit points per semester, whereas a part-time student is one who is enrolled in less than 36 credit points per semester.)
- All commencing and certain continuing students are required to attend scheduled academic advising sessions to plan their progression through the course, and to obtain the approval of an academic adviser prior to effecting any change of enrolment.
- A registered student who has successfully completed the equivalent of the first and second year of the standard full-time course, normally with a grade point average (GPA) of not less than 4.5 overall, may, at the discretion of the Industrial Internship Coordinator, apply to undertake the Industrial Internship Program. This program involves 10-12 months of paid full-time employment in an approved industrial/commercial environment during which time the student is enrolled in the unit SCB100 Cooperative Education. On completion of the approved industrial internship placement the student resumes formal studies.

**Notes on the Rules**

- For offerings in the Faculty of Science, the term advanced level refers to units in Schedules 2 and 3. For units offered outside the Faculty of Science, the term advanced level refers to units for which there is at least one prerequisite unit.
- Level 2 and level 3 units are listed in Schedules 2 and 3 respectively according to their unit codes. For each unit, the major(s) and/or comajor(s) in which the unit is offered are shown. It should be noted that not every advanced level unit offered in each major/comajor is mandatory. Where a unit is mandatory for a major or comajor, the abbreviation for the major or comajor is highlighted by an asterisk.
- The major undertaken by a student will qualify the generic award title of BAppSc and will appear in the award title in parentheses. The general form of the award will therefore be: BAppSc(Major).

**Industrial Internship Program**

A registered student who has completed the equivalent of the first and second years of the standard full-time course, normally with a GPA of not less than 4.5 overall, may, at the discretion of the Industrial Internship Program Coordinator, undertake the Industrial Internship option.

This involves 10-12 months of paid full-time employment in an approved industrial/commercial environment during which time the student is enrolled in the unit SCB100 Cooperative Education. On completion of the approved industrial experience the student resumes formal studies.

**General Requirements for Majors**

The units referred to in the general requirements for majors are listed in Schedules 1, 2 and 3.

**Science Unit Information - SC01 Lists A and B, and Levels 1, 2 and 3**

**List A**

- LSB118 Life Science
- MAB101 Statistical Data Analysis 1

- NRB100 Environmental Science
  - PCB101 Physical Science
- List B**
- LSB238 Cell and Molecular Biology 1
  - MAB100 Mathematical Sciences 1A
  - MAB111 Mathematical Sciences 1B
  - MAB112 Mathematical Sciences 1C
  - NRB230 Planet Earth
  - NRB232 Environmental Geology
  - NRB270 Animal and Plant Structure and Function
  - PCB140 Introductory Chemistry
  - PCB142 Chemistry 1
  - PCB242 Chemistry 2
  - PCB250 Physics 1
  - PCB260 Physics 1A

**Notes for Lists A and B**

- (a) Students in a mathematics major may replace units in Lists A and B with the following units:
- MAB210 Statistical Modelling 1
  - MAB220 Computational Mathematics 1  
Any approved computing unit
- (b) Students in a physics major must replace MAB101 with MAB131 OR MAB180, and MAB111 and MAB112 with MAB132 and MAB134

**First Level Units**

- BSB112 Introduction To Electronic Commerce
- ITB410 Software Development 1
- ITB843 Computing Applications
- ITB849 Introduction To Technical Computing
- LSB118 Life Science
- LSB238 Cell and Molecular Biology 1
- LSB258 Human Anatomy and Physiology
- MAB100 Mathematical Sciences 1A
- MAB101 Statistical Data Analysis 1
- MAB105 Preparatory Mathematics
- MAB111 Mathematical Sciences 1B
- MAB112 Mathematical Sciences 1C
- MAB131 Engineering Mathematics 1A
- MAB132 Engineering Mathematics 1B
- MAB180 Engineering Mathematics 1
- MAB210 Statistical Modelling 1
- MAB220 Computational Mathematics 1
- NRB100 Environmental Science
- NRB230 Planet Earth
- NRB232 Environmental Geology
- NRB270 Animal and Plant Structure and Function
- PCB101 Physical Science
- PCB107 Physics and Quantitative Techniques
- PCB140 Introductory Chemistry
- PCB142 Chemistry 1
- PCB200 Chemical Technology 1
- PCB242 Chemistry 2
- PCB250 Physics 1
- PCB260 Physics 1A
- PYB012 Psychology
- SCB222 Exploration of the Universe

**Second Level Units**

- JSB937 Forensic Scientific Evidence
- LSB308 Biochemistry
- LSB309 Introduction to Intellectual Property Law
- LSB328 Microbiology 1
- LSB338 Cell and Molecular Biology 2
- LSB358 Physiology 1
- LSB397 Plant Physiology 1
- LSB408 Metabolism
- LSB428 Microbiology 2
- LSB438 Immunology 1
- LSB458 Physiology 2
- LSB468 Molecular Biology
- LSB497 Plant Molecular Biology
- MAB134 Electrical Engineering Mathematics 3
- MAB311 Advanced Calculus
- MAB312 Linear Algebra
- MAB313 Mathematics of Finance
- MAB314 Statistical Modelling 2
- MAB315 Operations Research 2
- MAB380 Introduction to Supercomputing
- MAB413 Differential Equations
- MAB414 Applied Statistics 2
- MAB420 Computational Mathematics 2

## ■ Bachelor of Applied Science - Medical Radiation Technology (Medical Imaging Technology) (PH38)

**Award title:** Bachelor of Applied Science (Medical Radiation Technology)

**CRICOS code:** 037588F

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Pam Rowntree

### Other Majors

See also the separate entry for the following major in this course: Bachelor of Applied Science - Medical Radiation Technology (Radiotherapy Technology).

### Special Requirements

Students are required to undertake clinical experience in hospital departments and private practices during the course and, as a result, will have direct patient contact during their clinical placement, and may be exposed to blood and body fluids of patients. Students must be vaccinated for Hepatitis B and must provide a post-vaccination pathological report or similar certification showing proof of immunity, prior to undertaking their first clinical placement.

### Professional Recognition

On graduation, students will be eligible for provisional accreditation by the Australian Institute of Radiography. Full membership requires the completion of an additional professional development year of clinical experience.

### Course structure - Medical Imaging Technology

#### Year 1, Semester 1

LSB145 Anatomy 1 and Introductory Pathology

PCB007 Patient Care in Professional Practice

PCB107 Physics and Quantitative Techniques

PCB178 Principles of Medical Radiations

#### Year 1, Semester 2

LSB245 Anatomy 2 and Introductory Pathology

PCB272 Radiation Physics 1  
 PCB276 General Radiography 1  
 PCB277 Radiographic Practice

**Year 2, Semester 1**

LSB321 Systematic Pathology  
 LSB345 Imaging Anatomy 1  
 PCB375/1 Radiographic Equipment  
 PCB377 General Radiography 2  
 PCB379 Clinical Radiography 1

**Year 2, Semester 2**

LSB445 Imaging Anatomy 2  
 PCB375/2 Radiographic Equipment  
 PCB476 Special Procedures  
 PCB477 Complementary Imaging Techniques  
 PCB479 Clinical Radiography 2

**Year 3, Semester 1**

PCB567 Advanced Radiographic Technique 1  
 PCB580/1 Clinical Radiography 3  
 PCB593 Digital Image Processing  
 PCB672 Project  
 PCB681 Computed Tomography Imaging

**Year 3, Semester 2**

PCB580/2 Clinical Radiography 3  
 PCB667 Advanced Radiographic Technique 2  
 PCB672 Project  
 PCB675 Radiation Safety and Quality Assurance  
 PCB682 Magnetic Resonance Imaging

## ■ Bachelor of Applied Science - Medical Radiation Technology (Radiotherapy Technology) (PH38)

**Award title:** Bachelor of Applied Science (Medical Radiation Technology)

**CRICOS code:** 037588F

**Location:** Gardens Point

**Course duration (full-time):** 3 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Pam Rowntree

**Discipline coordinator:** Michelle Oppelaar

**Other Majors**

See also the separate entry for the following major in this course:  
 Bachelor of Applied Science - Medical Radiation Technology (Medical Imaging Technology).

**Special Requirements**

Applicants must satisfactorily complete a radiation therapy questionnaire. Contact the Course Coordinator or the Discipline Coordinator for further information.

**Professional Recognition**

On graduation, students will be eligible for provisional accreditation by the Australian Institute of Radiography. Full membership requires the completion of an additional professional development year of clinical experience.

**Course structure - Major in Radiotherapy Technology****Year 1, Semester 1**

LSB145 Anatomy 1 and Introductory Pathology  
 PCB007 Patient Care in Professional Practice  
 PCB107 Physics and Quantitative Techniques  
 PCB178 Principles of Medical Radiations

**Year 1, Semester 2**

LSB245 Anatomy 2 and Introductory Pathology  
 PCB272 Radiation Physics 1  
 PCB286 Treatment Planning 1  
 PCB287 Megavoltage Therapy 1

**Year 2, Semester 1**

LSB321 Systematic Pathology  
 LSB345 Imaging Anatomy 1  
 PCB389 Clinical Radiotherapy 1  
 PCB396/1 Radiotherapy Planning and Physics  
 PCB397 Megavoltage Therapy 2

**Year 2, Semester 2**

LSB445 Imaging Anatomy 2  
 PCB396/2 Radiotherapy Planning and Physics  
 PCB489 Clinical Radiotherapy 2  
 PCB495 Computer Assisted Treatment Planning 1  
 PCB497 Megavoltage Therapy 3

**Year 3, Semester 1**

PCB587 Specialised Radiotherapy Technique 1  
 PCB590/1 Clinical Radiotherapy 3  
 PCB593 Digital Image Processing  
 PCB595 Computer Assisted Treatment Planning 2  
 PCB672 Project

**Year 3, Semester 2**

PCB590/2 Clinical Radiotherapy 3  
 PCB672 Project  
 PCB675 Radiation Safety and Quality Assurance  
 PCB687 Specialised Radiotherapy Technique 2  
 PCB695 Advanced Treatment Planning Topics

## ■ Bachelor of Applied Science (Environmental Science) (SC01)

**Award title:** Bachelor of Applied Science (Environmental Science)

**CRICOS code:** 003502J

**Location:** Carseldine

**Course duration (full-time):** 3 Years

**Course duration (part-time):** 6 Years

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Megan Hargreaves

**Discipline coordinator:** Mr Graham Kimber

**Professional Recognition**

Graduates fulfil the academic requirements of the Environment Institute of Australia.

**Course Design**

The course structure comprises a core of six introductory science units, the Environmental Science major, a co-major of six units, and four units of complementary material. This degree provides opportunities for students to develop a unique suite of skills that combine expertise in geology, ecology, geographical information systems, environmental monitoring and environmental chemistry.

The foundation units develop a strong basis on which the more advanced studies that constitute the Environmental Science major are based. Studies in environmental systems, environmental monitoring, environmental modelling, ecology, environmental chemistry, geographic information systems and environmental geology are integrated to provide a holistic understanding of environmental science. The course includes laboratory and fieldwork, with an emphasis on problem solving through project work.

Students co-major study may be selected from an approved area of study within the University. Co-majors that are available from other faculties on the Carseldine Campus are Geography and Environmental Studies, and Psychology.

**Course structure - Major in Environmental Science****Year 1, Semester 1**

PYB353	Occupational And Vocational Psyc
PYB356	Counselling Theory And Practice 2
PYB358	Advanced Developmental Psychology
PYB359	Introduction To Family Therapy
PYB360	Interventions For Addictive Behaviours
PYB371	Introduction To Road Safety
PYB372	Traffic Psychology And Behaviour
PYB374	Applying Traffic Psychology

**■ Bachelor of Applied Science (Medical Science) (LS37)****Award title:** Bachelor of Applied Science (Medical Science)**CRICOS code:** 020331D**Location:** Gardens Point**Course duration (full-time):** 3 Years**Course duration (part-time):** 6 Years**Total credit points:** 288**Standard credit points per semester (full-time):** 48**Standard credit points per semester (part-time):** 24**Course coordinator:** Dr Trevor Forster**Special Course Requirements**

Students are required to undertake a four-week work experience program in a practising pathology laboratory. This takes place at

the end of the second year full-time and in a suitable vacation period during the part-time program. This is a requirement for the unit LSB480 Professional Practice.

**Professional Recognition**

Graduates are immediately eligible for graduate membership of the Australian Institute of Medical Scientists and will have completed the academic requirements for admission as Members.

**Course Design**

First year studies that students undertake in chemistry, physics, mathematics, anatomy, physiology, and cell biology in the Bachelor of Applied Science (Medical Science) degree form the basis for the study of clinical areas which follow. Second and third year studies are directed towards these clinical areas, with an emphasis being placed on both theoretical and practical skills in pathological diagnosis. Areas covered include genetics, molecular biology, immunology, diagnostic microbiology, histopathology, haematology clinical biochemistry, and blood transfusion medicine (immunohaematology).

## ■ Bachelor of Applied Science Innovation (SC51)

**Award title:** Bachelor of Applied Science Innovation (Study Area A)

**CRICOS code:** 042262G

**Location:** Gardens Point

**Course duration (full-time):** 3 years

**Course duration (part-time):** For the part-time course structure, please consult the Course Coordinator

**Total credit points:** 288

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Al Grenfell

**Discipline coordinator:** To be advised (Bioinformatics); To be advised (Chemical Technology); Dr Ian Turner (Scientific Computation & Visualisation)

### Professional Recognition

Graduates can expect to be admitted to the professional association related to the major they choose. Relevant associations include the Australian Biotechnology Association, the Australian Society for Biochemistry and Molecular Biology, the Royal Australian Chemical Institute, and the Australian Mathematical Society.

### Course Design

The Bachelor of Applied Science Innovation is a bachelor-level degree of three years' duration. It is designed to give students a full range of practical and theoretical skills in the science major chosen from Bioinformatics, Chemical Technology, or Scientific Computation and Visualisation. It also equips students with sound business and information technology capabilities related to innovation and the commercialisation of scientific discoveries, enabling students to recognise the worth of scientific innovation and employ business and management skills to contribute to developing discoveries into viable ventures.

*Science Major* (96 credit points)

Eight units at advanced level, including at least four units at third level, constituting one of the majors:

- Bioinformatics;
- Chemical Technology; or
- Scientific Computation and Visualisation

*Science Supporting Units* (84 credit points)

- One mandatory science unit (MAB101 Statistical Data Analysis 1); and
- Six science units that support the advanced level units constituting the major

*Business and Information Technology core units* (72 credit points)

Six specific subjects that introducing business, innovation, communication, and information technology:

- BSB126 Marketing
- ITB225 Introduction to Databases
- ITB310 Information Management
- ITB410 Software Development 1\*

- MGB218 Venture skills
- MIB227 Product Innovation and Market Development

*Elective streams (one to be chosen)* (36 credit points)

- Applicable Computing: Three approved units chosen from the Bachelor of Information Technology course and/or the supercomputing program
- Commercialisation: LSB309 Introduction to intellectual property law; and two approved units from the Bachelor of Business course
- Scientific project: Project: Scientific project unit (eg PCB604 Project; MAB640 Industry Project) and supporting units chosen from:

Advanced level science unit relevant to the project

- BSB311 Research, Development and Commercialisation Strategies
- LSB309 Introduction to Intellectual Property Law
- MAB523 Introduction to Quality Management

\* ITB843 Computing Applications is offered as a substitute unit for Bachelor of Applied Science Innovation students who do not wish to undertake the Applicable Computing stream in the Chemical Technology major.

## OVERVIEW

QUT International College (QUTIC) provides a variety of programs primarily for international students who seek to bridge their studies to higher education courses at QUT and other Australian universities.

The International College is an integral part of QUT. It contributes to the internationalisation of the university through the delivery of University Entry Programs and English Language Programs which prepare international students for undergraduate and postgraduate study at QUT.

The College provides a variety of pathways to meet the varying needs of students. These include English Language, Foundation, Bridging, Diploma and Postgraduate Pathway programs. Students receive high quality tuition and support in small classes and, at the same time, enjoy the full use of all university facilities including libraries, student services, recreational and computer facilities.

## SENIOR STAFF

*Director, QUT International College:* Ms Elizabeth McDade, TDipCom *Strathclyde*, TCert *Jordanhill*, BEdSt *Qld*, MAcc *Charles Sturt*

*Director of Studies, University Entry Programs:* Ms A. Poiner, BSc, DipEd, BEd, DipPsych *Qld*

*Administration Coordinator, University Entry Programs:* Mrs B. Hosegood, BA (ACS) *Griff*, ATEM

*Director of Studies, English Language Programs:* Mr Ian McGregor, MEd(TESOL), PostGradDipSocSci, GradDipEd, BA

*Administration Officer, English Language Programs:* Ms M. McGrath, AssDip(Bus) *RMIT*.

## COURSES

### ■ Bridging Program (QC03)

**CRICOS code:** 003518A

**Location:** Kelvin Grove

**Course duration (full-time):** 1 Semester

**Total credit points:** 48

**Course coordinator:** Ann Poiner

#### Entry Requirements - Academic

Students must have met the academic entry requirements for their proposed postgraduate or undergraduate course.

#### Entry Requirements- English Language

IELTS 6.0 (no sub-test less than 5.0) or equivalent (NB Students should also check visa requirements)

#### Description

This program provides two alternative streams. Stream A is designed for students who have not met English and/or prerequisite requirements for their chosen undergraduate or postgraduate course. Most students may undertake one degree unit (for credit) whilst enrolled in a Bridging program. Those with advanced standing may be able to undertake two degree units. Stream B is for students who have met English requirements but not prerequisite requirement or who may wish to improve the standard of their academic English. These students may take one or two degree units (for credit) whilst enrolled in the Bridging Program. Both streams include intensive preparation for academic language, lateral thinking, research and presentation skills required for successful tertiary study. Small classes and dedicated staff ensure an excellent learning environment. Additional support is provided by Language and Welfare Advisers.

### Full-time course structure

*Stream A# (for those with IELTS 6.0)*

QCS211 Academic Communication

QCS212 Tertiary Study Skills

QCS230 Computing

DEGREE SUBJECT

*Stream B (for those with IELTS 6.5)*

QCS211 Academic Communication

QCS212 Tertiary Study Skills

DEGREE SUBJECT One

DEGREE SUBJECT Two

Optional unit below

QCS230 Computing

#If you have advanced standing, you may be able to undertake two degree units during your Bridging Program

### ■ English for Academic Purposes for degree programs (QC10)

**CRICOS code:** 011424G

**Location:** Kelvin Grove

**Course duration (full-time):** 12 Weeks

**Total credit points:** 48

**Course coordinator:** Judith Douse

#### Entry requirements - Academic

To be eligible for entry, applicants must either:

1. Have an offer of a place in a QUT degree program and successfully complete the relevant EAP entry test; or
2. Produce original documentary evidence of an IELTS score of a minimum 5.5 with no sub-score less than 5.0 (or approved equivalent).

#### Entry Requirements - English Language

For EAP followed by direct degree entry, students require successful completion of an EAP entry test OR IELTS 5.5 (with no sub-score less than 5.0). For EAP followed by Foundation or Diploma, students require successful completion of an EAP entry test OR IELTS 5.0 (with Reading & Writing sub-scores of at least 5.0) NB Students should also check visa requirements.

#### Description

The aim of the EAP course is to assist international students to upgrade their English proficiency level to meet university entry requirements. The course is designed to prepare students for independent study and to familiarise them with an Australian academic setting in terms of study techniques and student/lecturer relations and expectations. Successful completion of an EAP course is a pathway into QUT International College Foundation, Diploma, Certificate or Bridging programs; or QUT undergraduate or postgraduate award programs. The course is recognised by all QUT faculties.

#### Course structure

##### Modules

The EAP course consists of the following integrated modules

- Seminars and Presentations
- Academic Reading and Note-making
- Academic Writing
- Listening and Note-taking from Lectures
- Speaking in Academic Settings
- Academic Study Skills
- Computer Word-processing and Internet
- Library Research

### ■ English for Academic Purposes for Foundation and University Diploma Programs (QC10)

**CRICOS code:** 011424G

**Location:** Kelvin Grove

**Course duration (full-time):** 12 weeks

**Total credit points:** 48

**Course coordinator:** Judith Douse

### Entry requirements\*

To be eligible for entry, applicants must either:

1. Have an offer of a place in a QUT Foundation or Diploma program and successfully complete the relevant EAP entry test;
- or
2. Produce original documentary evidence of an IELTS score of a minimum 5.0 with reading and writing sub-score of at least 5.0 (or approved equivalent).

\*You should check English language requirements for a Student Visa from your country of origin.

### Rationale

This course is designed for students intending to gain entry to University Entry programs (Foundation and University Diploma). Its purpose is to improve students' English language and study skills in order to prepare them for independent study and to familiarize them with the Australian academic environment.

### Content

The course consists of the following integrated modules:

- Academic reading and note taking.
- Academic writing.
- Listening and note taking from lectures.
- Speaking in an academic setting, including seminar presentations.
- Study skills.
- Assignment preparation and Internet research skills.
- Library research skills.

## ■ Foundation Program (1 Semester) (QC01)

**CRICOS code:** 003287M

**Location:** Kelvin Grove

**Course duration (full-time):** 1 Semester

**Total credit points:** 60

**Course coordinator:** Ann Poiner

### Entry Requirements- Academic

Successful completion of senior high school with the required grades. Students who have attempted further schooling studies, eg GCE A-levels or equivalent may be considered for entry.

Applications will be reviewed individually and applicants will need to meet subject prerequisites.

### Entry Requirements - English Language

IELTS 6.0 with no sub-test less than 5.5 or TOEFL 550 (paper) or TOEFL 213 (CBT) or equivalent (NB Students should also check visa requirements)

### Description

The Foundation Program, which has intakes in February, June and October, provides pathways to QUT award programs (Diploma or Degree). Graduates enjoy a high placement rate in undergraduate courses at QUT and other Australian universities. Successful completion guarantees a place in the first year of the relevant program in all QUT faculties. Small classes and dedicated staff provide an excellent learning environment while additional support is provided by Language and Welfare Advisers. Some students may need intensive English language preparation at the College's English Language Programs prior to entering a Foundation Program.

### Progression

Conditions of progressing to a guaranteed place in First Year of a QUT degree

1. Pass all units
2. Obtain a GPA in the final semester as indicated in the table of Faculty Requirements below.
3. Obtain a grade of 5 (Credit) in Communication 2

4. Obtain no more than one grade of 3 (Low Pass)

Students who do not meet requirements for a guaranteed place in either a QUT degree or University Diploma Program, may still be considered for entry by the relevant faculty.

### Required Foundation Grade Point Average by Faculty

Creative Industries - Required GPA 4.2  
 Humanities & Human Services - Required GPA 4.2  
 Built Environment - Required GPA 4.6  
 Engineering (except Aerospace Avionics) - Required GPA 4.6  
 Health (except Optometry & Psychology) - Required GPA 4.6  
 Science - Required GPA 4.6  
 Business - Required GPA 4.8  
 Law - Required GPA 4.8  
 Information Technology - Required GPA 4.8  
 Health - Psychology - Required GPA 5.0  
 Engineering - Aerospace Avionics - Required GPA 5.8  
 Health - Optometry - Required GPA 5.8

NB Grades in each unit are awarded on a scale from 1 to 7, with 7 being the highest.

### Full-time course structure

#### Semester One

QCF212 Communication 2  
 QCF211 Tertiary Preparation Studies 2  
 + THREE ELECTIVES from the following list, at least 2 must be Level 2 units (denoted by QCF2xx)

QCF220 Accounting 2  
 QCF211 Tertiary Preparation Studies 2  
 QCF250 Mathematics B  
 QCF251 Mathematics C  
 QCF253 Physical Sciences 2  
 QCF210 Applied Psychology  
 QCF230 Information Processing  
 QCF120 Accounting 1  
 QCF121 Economics 1  
 QCF150 Mathematics  
 QCF153 Physical Sciences 1  
 QCF122 Organisations And Management  
 QCF252 Life Science  
 QCF240 Legal Studies

Approved Faculty unit, Creative Industries students only.  
 Approved Diploma unit, Business, IT and Professional Communication students only.

QCF252 and QCF240 are only offered in ALTERNATE semesters.

## ■ Foundation Program (2 Semesters) (QC02)

**CRICOS code:** 003287M

**Location:** Kelvin Grove

**Course duration (full-time):** 2 Semesters

**Total credit points:** 120

**Course coordinator:** Ann Poiner

### Entry Requirements-Academic

Successful completion of senior high school with the required grades.

### Entry Requirements - English Language

IELTS 5.5 with no sub-test less than 5.0 or TOEFL 525 (paper) or TOEFL 197 (CBT) or equivalent (NB Students should also check visa requirements)

### Description

The Foundation Program, which has intakes in February, June and October, provides pathways to QUT award programs (Diploma or Degree). Graduates enjoy a high placement rate in undergraduate courses at QUT and other Australian universities. Successful completion guarantees a place in the first year of the relevant program in all QUT faculties. Small classes and dedicated staff provide an excellent learning environment while additional support is provided by Language and Welfare Advisers. Some students may need intensive English language

preparation at the College's English Language Programs prior to entering a Foundation Program.

**High achieving students** in the first semester may have the opportunity to study up to two University Diploma units in their final semester for credit towards their degree course.

### Progression

Conditions of progressing to a guaranteed place in First Year of a QUT degree

1. Pass all units
2. Obtain a GPA in the final semester as indicated in the table of Faculty Requirements below.
3. Obtain a grade of 5 (Credit) in Communication 2
4. Obtain no more than one grade of 3 (Low Pass)

Students who do not meet requirements for a guaranteed place in either a QUT degree or University Diploma Program, may still be considered for entry by the relevant faculty.

### Required Foundation Grade Point Average by Faculty

Creative Industries - Required GPA 4.2

Humanities & Human Services - Required GPA 4.2

Built Environment - Required GPA 4.6

Engineering (except Aerospace Avionics) - Required GPA 4.6

Health (except Optometry & Psychology) - Required GPA 4.6

Science - Required GPA 4.6

Business - Required GPA 4.8

Law - Required GPA 4.8

Information Technology - Required GPA 4.8

Health - Psychology - Required GPA 5.0

Engineering - Aerospace Avionics - Required GPA 5.8

Health - Optometry - Required GPA 5.8

NB Grades in each unit are awarded on a scale from 1 to 7, with 7 being the highest.

### Full-time course structure

#### Semester One

QCF112 Communication 1

QCF111 Tertiary Preparation Studies 1  
+ THREE ELECTIVES from the following list

QCF120 Accounting 1

QCF121 Economics 1

QCF150 Mathematics

QCF153 Physical Sciences 1

QCF122 Organisations And Management

QCF252 Life Science

QCF240 Legal Studies

QCF252 and QCF240 are only offered in ALTERNATE semesters

QCF150 Mathematics

QCF153 Physical Sciences 1

QCF122 Organisations And Management

QCF252 Life Science

QCF240 Legal Studies

APPROVED FACULTY UNIT (Creative Industries students only)

Approved Diploma unit (Business, IT and Prof. Com. students only)

QCF252 and QCF240 are only offered in ALTERNATE semesters

## ■ General English (QC20)

**CRICOS code:** 011426E

**Location:** Kelvin Grove

**Course duration (full-time):** 5 Weeks

**Total credit points:** 16

**Course coordinator:** Ian Davies

### Entry Requirements - English Language

Students should check visa requirements in relation to English entry levels.

### Description

This course offers English language and study skills for students preparing for entry to EAP, Foundation, Certificate and Diploma programs and QUT undergraduate and postgraduate award programs.

There are also non-academic English language courses at all levels from beginners to advanced. These courses include excursions and activities.

All English language courses include 25 hours per week and students may enter every five weeks.

### Objectives

On completion of this course students should have attained a level of proficiency (at the relevant exit level) as indicated in the proficiency statement below:

#### ADVANCED

**Speaking** - Handles a wide range of speaking tasks confidently and competently, and only occasionally lacks accuracy, fluency or flexibility.

**Listening** - Handles a wide range of listening tasks competently, with only minor loss of detail or subtlety.

**Reading** - Reads a wide range of texts competently. Understands most of the content with only minor loss of detail or subtlety.

**Writing** - Writes a wide range of texts competently, with only occasional lapses of appropriateness and accuracy.

#### UPPER-INTERMEDIATE

**Speaking** - Speaks competently in most situations, but may have difficulty with some complex tasks. Some inaccuracies and lapses in fluency may occur. Accent does not affect communication.

**Listening** - Listens competently in most situations. Understands main ideas in a message but may have some difficulty with complex tasks.

**Reading** - Reads most texts competently, but with some loss of detail and subtlety.

**Writing** - Writes most texts competently, but with limited stylistic range. Conveys basic ideas clearly, with some lapses in flow, organisation and cohesion.

#### INTERMEDIATE

**Speaking** - Competent in conveying main ideas in everyday situations, but with some errors and hesitations. Pronunciation may hinder communication.

**Listening** - Listens competently in everyday situations. Usually understands main message but may require repetition.

**Reading** - Reads everyday texts, but with significant loss of detail and subtlety. Reading speed and flexibility limited by frequent need to re-read or refer to a dictionary.

**Writing** - Writes simple descriptive and narrative texts. Organisation inconsistent and stylistic variation limited. Punctuation and spelling often inaccurate.

#### PRE-INTERMEDIATE

**Speaking** - Competent only in simple speech situations. Irrelevancies and errors in structure, vocabulary and pronunciation may be frequent.

Listening - Comprehends in simple situations. Dependent on repetition and clear, slow speech.

Reading - Reads simple texts slowly and understands only isolated ideas.

Writing - Writes simple texts, but with limited organisation or cohesion. Punctuation and spelling often inaccurate.

#### ELEMENTARY

Speaking - Speaks only in the simplest structured situations. Speech often difficult to understand. Little or no proficiency in dialogue.

Listening - Understands only the simplest messages delivered slowly and clearly.

Reading - Reads only the simplest texts slowly.

Writing - Writes only the simplest texts, using limited vocabulary and sentence structure.

### ■ University Diploma in Business (BS40)

**Award title:** University Diploma in Business

**CRICOS code:** 025282A

**Location:** Kelvin Grove

**Course duration (full-time):** 2 Semesters

**Total credit points:** 96

**Course coordinator:** Elizabeth McDade

#### Entry Requirements - Academic

Successful completion of senior high school with the required grades.

#### Entry Requirements - English Language

Queensland Senior English (4) LA or IELTS 5.5 with no sub-test less than 5.0 or TOEFL 525 (paper) or TOEFL 197 (CBT) or equivalent (NB Students should also check visa requirements). Students who have an IELTS score of 5.5 are required to undertake a parallel English program of 2 hours per week. This support unit carries no credit points.

#### Description

The University Diploma in Business, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Business. In this program, students study six first year faculty core units as well as two units of Communication which have been designed to support their other core units. Students who successfully complete these units earn full academic credit for eight units towards their degree. Graduates articulate to the second year of the Bachelor of Business. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

#### Progression

Requirements for progression to the second year of QUT Bachelor of Business:

- minimum grade of 4 (Pass) in at least 7 units
- minimum grade of 3 in no more than one unit
- a Grade Point Average of 4

#### Full-time course structure

##### Semester One

BSD110	Accounting
BSD119	International And Electronic Business
BSD126	Marketing
QCD110	Communication For Business 1
QCD105	Computing And Study Skills

##### Semester Two

BSD113	Economics
BSD114	Government, Business And Society
BSD115	Management, People And Organisations
QCD210	Communication For Business 2

### ■ University Diploma in Information Technology (IT10)

**Award title:** University Diploma in Information Technology

**CRICOS code:** 025283M

**Location:** Kelvin Grove

**Course duration (full-time):** 2 Semesters

**Total credit points:** 96

**Course coordinator:** Elizabeth McDade

### ■ University Diploma in Professional Communication (IF06)

**Award title:** University Diploma in Professional Communication

**CRICOS code:** 039083D

**Location:** Kelvin Grove

**Course duration (full-time):** 2 Semesters

**Total credit points:** 96

**Course coordinator:** Elizabeth McDade

#### Entry Requirements - Academic

Successful completion of senior high school with the required grades.

#### Entry Requirements - English language

Queensland Senior English (4) LA or IELTS 5.5 with no sub-test less than 5.0 or TOEFL 525 (paper) or TOEFL 197 (CBT) or equivalent (NB Students should also check visa requirements). Students who have an IELTS score of 5.5 are required to

undertake a parallel English program of 2 hours per week. This support unit carries no credit points.

**Description**

The University Diploma in Professional Communication, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Mass Communication. In this program, students study six first year faculty core units as well as two units of Communication which have been designed to support their other core units. Students who successfully complete these units earn full academic credit for eight units towards their degree. Graduates articulate to the second year of the Bachelor of Mass Communication. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

**Progression**

To meet requirements for a guaranteed place in second year of the following QUT Bachelors degrees students must obtain:

1. a minimum grade of 4 (Pass) in at least seven units
2. a minimum grade of 3 (Low Pass) in no more than one unit; and
3. Grade point average  
*Grade Point average of at least 4 for:*  
Bachelor of Mass Communication  
Bachelor of Creative Industries (Interdisciplinary Studies)  
*Grade Point Average of at least 4.5 for:*  
Bachelor of Creative Industries (Media Communication)  
Bachelor of Creative Industries (Creative Writing)  
Bachelor of Journalism  
*Grade Point Average of at least 5.0 for:*  
Bachelor of Creative Industries (Communication Design)

## ■ Doctor of Philosophy Regulations (IF49)

Please contact individual faculties for details on individual PhD programs.

### Introduction

The main purpose of graduate study is to encourage independence and originality of thought in the quest for knowledge. The Doctor of Philosophy degree is awarded in recognition of a student's erudition in a broad field of learning and for notable accomplishment in that field through an original and substantial contribution to knowledge. The candidate's research must reveal high critical ability and powers of imagination and synthesis, and may be in the form of new knowledge, or of significant and original adaptation, application and interpretation of existing knowledge.

### 1. General Conditions

1.1 The Council of the Queensland University of Technology was established in 1989 under the Queensland University of Technology Act.

1.2 This document sets out the Regulations governing the award of the degree of Doctor of Philosophy (PhD) at the Queensland University of Technology (QUT).

1.3 The Council's power to approve arrangements for the registration and examination of candidates for the degree of PhD at QUT is exercised through a Research Degrees Committee, which shall be a subcommittee of the University Research Committee. In exercising this power, the Research Degrees Committee shall be advised by faculty academic boards, deans of faculties and heads of schools as appropriate.

1.4 The PhD will be awarded subject to the Research Degrees Committee receiving:

- a certificate of satisfactory completion of the candidate's approved course of study signed by the Principal Supervisor, Head of School and endorsed by the faculty;
- a declaration signed by the candidate that she/he has not been a candidate for another tertiary award during the tenure of her/his PhD candidature without the permission of the Research Degrees Committee;
- a declaration signed by the candidate stating original authorship of the thesis;
- an application for the conferral of the degree, signed by the Principal Supervisor, Director of Centre/Res Con, Head of School, stating that the candidate has satisfactorily completed the examination process including completing any revisions or re-examination required by the external examiners; and
- at least one final copy of the thesis in the prescribed format.

### 2. Definitions

2.1 Candidate means any person admitted to the planned program of research leading to the degree of PhD.

2.2 Candidature means the period of study towards the degree of PhD being the period from the date of commencement as advised by the Office of Research until the thesis is submitted for examination or until the candidature is terminated, after which time the candidate holds the status of 'Under Examination'.

2.3 Confirmed candidature means the period of study towards the degree of PhD from the date of successful completion of Confirmation of Candidature as approved by Research Degrees Committee to the approval of the award of the degree of PhD by the University Academic Board.

2.4 Collaborative research group means the group of researchers which is directly involved with the candidate's research project or a larger research project of which the candidate's study forms a part. This does not include other researchers from any collaborating organisation who do not have input into the specific research project.

2.5 The degree of Doctor of Philosophy or (PhD) at QUT signifies that the holder has undertaken a substantial piece of original research which has been conducted and reported under proper academic supervision and in a research environment for a prescribed period. The PhD's contribution to knowledge rests on the originality of the approach and/or interpretation of findings and, in some cases, the discovery of new knowledge. The award of a PhD demonstrates that the candidate has the ability to communicate research findings effectively in the professional arena and in an international context.

2.6 Examination means the formal testing of the candidate's thesis to critically evaluate whether the conditions for the award of the degree of PhD have been met.

2.7 Examination Committee means the committee of external examiners appointed to undertake examination of the candidate's thesis.

2.8 External candidate means a candidate who will undertake his or her study overseas, interstate, remote from Brisbane or at a place of professional employment or another research institution in Brisbane (for example Queensland Institute of Medical Research).

2.9 Faculty means the relevant faculty of QUT.

2.10 Faculty Committee means the duly constituted committee responsible for the management and oversight of postgraduate candidates within the faculty.

2.11 A Final Seminar means the public seminar called by the faculty to determine whether the thesis is acceptable for examination by the Examination Committee.

2.12 Internal candidate means a candidate who will complete his or her study whilst physically attending a campus of QUT.

2.13 Masters by coursework means a master's degree, which has a research component comprising less than 66% of the total course of study.

2.14 Masters by research means a master's degree, which has a research component comprising 66% or more of the total course of study.

2.15 Prescribed Form means the relevant form found via the Research Students Section of the QUT Office of Research Home Page.

2.16 Professional Doctorate (Research) means a doctoral degree at QUT, which has a significant formal coursework component, which is no more than 33% of the total course of study.

2.17 Recognised institution means any tertiary education institution accepted by the Research Degrees Committee for the purposes of these Regulations.

2.18 Research centre/research concentration means the relevant research centre/research concentration of QUT.

2.19 Review Period means a period of up to three months after completion of a progress report, eg the Confirmation of Candidature, Annual report or interim faculty report during which the candidate is required to do more work until the faculty advises the Research Degrees Committee that the candidature should be continued or terminated.

2.20 School means the relevant school of QUT.

2.21 Thesis means the collection of materials submitted by the candidate to the Examination Committee for examination.

### 3. Admission to Candidature

3.1 To gain admission into a planned research program leading to the award of PhD a candidate normally shall hold a relevant first class or second class division A honours degree or equivalent, an appropriate masters degree (by research or coursework), or a professional doctorate, from a recognised institution.

3.2 Masters degrees by coursework and professional doctorates must contain a significant research component, which would

normally be no less than 33% of the total degree in order to qualify an applicant for admission to the PhD program. Normally, applicants holding a masters by coursework or a coursework professional doctorate must have a GPA of at least 5.0 on a 7 point scale or equivalent standing as certified by the faculty in which the candidate wishes to enrol before they may be admitted to PhD candidature.

3.3 Coursework masters and professional doctorates which do not contain the research component defined in Regulation 3.2 are not considered adequate to allow admission to the PhD program unless (a) the applicant can demonstrate a grade point average of at least 5.0 on a 7 point scale in such a course; and (b) an additional level of research experience and potential which is deemed acceptable to the faculty and approved by the Research Degrees Committee. For example, by the publication of articles in refereed research journals.

3.4 Applicants must demonstrate sufficient command of English to complete the proposed course of study in English, that is, the Confirmation Seminar, the Final Seminar, and the written thesis. (Exceptions may apply, see Section 13.2).

#### 4. Application Procedure and Commencement

4.1 Candidature shall have commenced on the date of admission or at some later date as determined by the Research Degrees Committee.

4.2 An application for admission shall be made on the prescribed form and shall involve a two-stage process.

4.3 Stage 1 of the application process must include:

- Doctor of Philosophy Stage 1 Application Form (if the applicant holds citizenship or permanent residency in Australia or New Zealand);
- Application for Admission to QUT as an International Candidate Form F (if the applicant is an international candidate);
- personal data;
- details of relevant professional research experience;
- the proposed field of study;
- brief (200-300 words) outline of the project to be undertaken;
- the centre/research concentration in which the research is to be undertaken; and
- a certified copy of the candidate's academic record.

The application must be approved by the duly constituted faculty committee which will determine whether the applicant meets the criteria for admission (Section 3) or, if deficiencies exist, what they are and how they can be remedied.

4.4 The Stage 2 application must be completed and submitted to the Research Degrees Committee within three months of conditional admission (up to six months for part-time candidates and international candidates) and must include:

- a completed Doctor of Philosophy Stage 2 Application form;
- the proposed title of the thesis;
- the objectives of the program of research and investigation;
- an outline of the proposed research;
- the research methods and plan;
- the relation of the study to previous work in the same field by the candidate and others;
- a preliminary literature review;
- a substantial bibliography;
- a timeline for completion of the proposed research;
- a statement of individual contribution if the proposed plan of study is part of a group project;
- the coursework to be completed;
- a Research Ethics Review Checklist;
- the proposed supervisors and their credentials; and
- an Intellectual Property Agreement if required (ref. Regulation 6.7).

Stage 2 of the application must be approved by the faculty committee and then recommended to the Research Degrees Committee for final approval.

4.5 If the Stage 2 application is not submitted to the Research Degrees Committee within the time specified, the Research Degrees Committee may, on advice from the faculty committee and Principal Supervisor, terminate the candidature. In exceptional cases an extension of approximately three months may be granted in order to meet the conditions of the Stage 2 application.

4.6 To complete Stage 2 of the application process, the faculty shall confirm to the Research Degrees Committee:

- that the applicant's proposed topic of research is consistent with the aims and objectives of the centre/research concentration; and
- that the centre/research concentration is willing and able to provide appropriate accommodation, facilities and physical, human and financial resources for the proposed study for the duration of the candidature.

4.7 Following receipt of the faculty's advice on the Stage 2 application, the Research Degrees Committee shall determine that:

- the applicant be admitted to PhD candidature in which case it shall confirm the appointment of supervisors; or
- the applicant be required to submit further information which shall be considered at a subsequent meeting of Research Degrees Committee; or
- the applicant be admitted to masters by research candidature with the option of later applying to upgrade to PhD candidature (ref. Section 7), or
- the applicant not be admitted;

and may set conditions regarding the offer of admission. An applicant who is not admitted to candidature may re-apply for admission at a later date after addressing issues raised.

#### 5. Enrolment

5.1 Once admitted to PhD candidature, a candidate may enrol either as a full-time or a part-time internal candidate or a full-time or part-time external candidate though restrictions apply to some Scholarship holders.

5.2 To be enrolled as a full-time candidate, a candidate must be able to commit to the course 30 hours per week averaged over each year of candidature. Paid work, including preparation, teaching, marking and research assistant duties, may be undertaken but must not interfere with a candidate's study program. A candidate in receipt of a scholarship is subject to additional restrictions on the amount of paid work allowable as described in the relevant scholarship guidelines.

5.3 A candidate who is unable to devote to the course the proportion of time specified in Regulation 5.2 may enrol as a part-time candidate. A part-time candidate will be expected to progress at half the rate of a full-time candidate: an average of 15 hours per week.

5.4 It is the candidate's responsibility to remain enrolled from the date of commencement until the thesis is submitted for external examination to the Research Students' Section, Office of Research (ref. Section 9).

5.5 The Research Degrees Committee may cancel a candidate's enrolment, having taken account of all relevant documented circumstances and having given the candidate opportunity to show cause why enrolment should not be cancelled if:

- it is of the opinion that the candidate either has effectively discontinued his/her studies or has no reasonable expectation of completing the course of study within the maximum time allowed (ref. Section 8); or
- the quality and progress of research gives no reasonable expectation of successful completion of the degree based on

written/formal communications between the candidate and relevant staff members including supervisor and Centre Director as recorded in progress reports; or

- the candidate's grade point average in coursework undertaken is below 5.00 on a scale of seven or other measure agreed to between candidate and supervisor.

5.6 A candidate whose enrolment has lapsed or has been cancelled and who wishes subsequently to re-enter the course of study to pursue an investigation, which is substantially the same as her/his previous investigation, must apply in writing to the faculty. If the faculty supports the readmission of the candidate, the application will be forwarded to the Office of Research for consideration by the Research Degrees Committee, which may set conditions for readmission to the course.

5.7 Normally, PhD candidates must be affiliated with a centre/or research concentration, which is appropriate to the planned research program. Sole supervisors may be approved by University Research Committee under the terms included in MOPP Appendix 35 [1].

5.8 It is the faculty's responsibility to ensure that candidates are affiliated with the appropriate centre/research concentration. Once the candidate is enrolled, he/she cannot transfer to another centre/research concentration without faculty endorsement, which must incorporate advice from the relevant Centre Directors, and Research Degrees Committee approval. Reasons for transfer include:

- the centre/research concentration ceases to exist;
- the centre/research concentration cannot continue to provide the necessary supervision and/or support;
- the Principal Supervisor transfers to another centre/research concentration, faculty or institution; and
- the candidate asks to be transferred with supportable justification.

Any request for transfer must be made on the prescribed form.

## 6. Planned Research Program

6.1 A candidate for the degree of PhD is required to complete successfully a planned research program that will result in the candidate making a significant individual contribution to the body of knowledge. This contribution may be in the form of new knowledge or of significant and original adaptation, application and interpretation of existing knowledge.

6.2 The planned research program will normally include:

- a program of assessed coursework including the Advanced Information Retrieval Skills unit;
- participation in university scholarly activities such as research seminars, teaching and publication;
- regular interaction with supervisors;
- a program of supervised research and investigation;

and must be such as to enable the candidate to acquire competence in relevant methods of research and scholarship related to the subject of the proposed investigation and to demonstrate sustained independent research effort.

6.3 Coursework in the PhD program demands a capacity for critical analysis and a specialisation of research interests not normally appropriate for an undergraduate program. Such coursework may be conducted in a number of ways:

- as advanced lecture courses;
- as seminars in which faculty and candidates present critical studies of selected problems within the subject field;
- as independent study or reading courses under faculty supervision;
- as research projects conducted under faculty supervision.

In all cases, coursework will be based upon a written plan briefly setting out the educational outcomes expected from the course, a list of topics to be covered, the prescribed reading material and the method of assessment of progress through and at the end of

the course. This coursework will be planned by the candidate and the Principal Supervisor to contribute to, and or, provide structure to the overall program of research.

6.4 Assessed coursework as described in 6.3 will comprise not more than one third of candidature and will normally be completed within the first half of the candidature.

6.5 A candidate is normally expected to pursue the approved program of research and investigation throughout the period of candidature. Where circumstances make significant modification of the program desirable, approval for the proposed change must be sought in writing from the Research Degrees Committee through the faculty committee. Permission to continue the candidature may be given by the Research Degrees Committee in such circumstances provided that the planned research program remains in the same field.

6.6 Where an approved program of research and investigation forms part of the work of a research team or a larger research project, the application must indicate clearly the individual contribution expected to be made by the candidate, her/his individual research activities and responsibilities and the extent to which the work is to be carried out in collaboration with others.

6.7 Where an approved program of research and investigation is carried out jointly in QUT and in an industrial, commercial, professional or research establishment, an outline of the interrelationship of the work to be undertaken at each of the sites in relation to the whole project must be provided as part of the Stage 2 application. An intellectual property agreement must also be completed on the prescribed form.

## 7. Transfer of Candidature from other Research Degrees

### 7.1 Internal Applicants From Within QUT

7.1.1 A person who has completed 12 months full-time equivalent of candidature in a QUT masters by research program or a QUT professional doctorate (research) may apply to the Research Degrees Committee for entry into the PhD if the following conditions have been met:

- (a) meets the requirements outlined in Section 3;
- (b) has demonstrated the capacity to undertake research at the PhD level;
- (c) has a research project that is clearly capable of being extended and converted to PhD level; and
- (d) has completed the Confirmation of Candidature process including the Confirmation Seminar.

A request for transfer must be made on the prescribed form (the Confirmation of Candidature form) and returned to the Office of Research, through the faculty committee, for consideration by the Research Degrees Committee.

7.1.2 A candidate enrolled in a masters by research will only be approved for transfer to PhD candidature when the candidate is able to satisfy all the requirements outlined in Regulation 7.1.1. Where course work has been undertaken as part of the masters by research degree or professional doctorate (research), a transfer normally will be approved only if the candidate has attained a grade point average of at least five on a seven point scale or equivalent standing as certified by the faculty in which the candidate wishes to enrol. Normally a maximum of twelve months' credit from the masters program or professional doctorate (research) may be carried forward to the PhD program.

7.1.3 Applications to transfer into the PhD shall be made on the prescribed form and submitted via the faculty committee, to the Research Degrees Committee for consideration. Such application shall consist of:

- required administrative details;
- reasons for transfer;
- substantial details of progress to date;
- full course of study;

- a time-line for completion of the project;
- a certified copy of the candidate's academic record (if transferring from another recognised institution);
- a formal request for the amount of credit to be granted for previous candidature;
- a Research Ethics Checklist or a copy of QUT Ethics Committee Clearance;
- proposed supervisors and their credentials; and
- an Intellectual Property Agreement if required (ref. Regulation 6.7).

## 7.2 External Applicants From Another Institution

### 7.2.1 PhD, masters or professional doctorate (research)

candidates transferring enrolment to a QUT PhD program from another institution will normally be required to undergo the full QUT Confirmation of Candidature process including presentation of a seminar if transferring after twelve months or more of full-time candidature or part-time equivalent at their former institution unless they have successfully completed an equivalent procedure at their previous institution. Candidates seeking transfer to QUT in under twelve months/full-time or twenty-four months/part time will normally be required to submit a Stage 2 application.

7.2.2 External Transfer application to the PhD shall be made on the prescribed form.

7.2.3 The faculty shall first review the candidate's progress and planned research program and append to the Application for Transfer, a statement which sets out:

- the nature, duration and quality of the work already done, its relevance to the proposed PhD thesis and the recommended amount of credit;
- an appraisal of the candidate's progress and suitability for transfer of candidature and confirmation of PhD candidature;
- an agreement that the proposed research is within the aims and objectives and physical and human resources of the centre/research concentration; and
- an agreement that the centre/research concentration is willing and able to provide the accommodation, facilities and physical and human resources for the duration of the study.

7.2.4 In considering the application for Transfer of Candidature, the Research Degrees Committee shall:

- approve the transfer of candidature, normally confirming PhD candidature, and determine the amount of credit to be allowed, the date of admission and minimum and maximum candidature dates; or
- request changes to the planned research program which must be addressed by the candidate and resubmitted to the Research Degrees Committee; or
- not approve the transfer.

## 8. Place and Conditions of Work

8.1 Internal candidates (part-time and full-time) are expected to carry out their research program in a suitable environment at a QUT Campus.

8.2 The Research Degrees Committee must be satisfied that appropriate arrangements as set out in these Regulations regarding coursework, participation in scholarly activities, supervision, facilities in training and research methods can be made for each candidate including part-time candidates. The Head of School must ensure that accommodation, equipment and access to library and computing facilities meet the needs of the approved planned research program for the duration of the candidature.

8.3 The Research Degrees Committee may permit a PhD candidate to conduct his/her research as an external candidate either elsewhere in Australia or overseas or to approve a change of enrolment from internal to external status or vice versa.

8.4 The candidate and the Principal Supervisor, at Stage 1 of the application process or prior to the requested transfer to external

status, must provide written evidence to the Research Degrees Committee that:

- the arrangement for the research at the external location (normally a recognised research establishment or place of professional employment) meets the normal requirements of the PhD program;
- the candidate has opportunity to participate in scholarly activities;
- academic standards in the conduct of the PhD research can be assured;
- a suitable program of contacts between the candidate and the Principal Supervisor can be maintained and the methods by which this will be achieved are explained;
- a suitable Associate Supervisor will be responsible for regular supervision is available at the external establishment or an explanation as to why this is unnecessary is given;
- a letter of support from the external establishment stating that the resources required for the study are available and accessible to the candidate and will continue to be available for the duration of candidature is provided; and

In exceptional circumstances the candidate, Principal Supervisor and Centre Director may present a case for exemption from the above requirements.

8.5 External candidates must normally spend a minimum of three months at QUT during the course of their candidature and must normally be present for the Confirmation of Candidature and for the Final Seminar presentation (ref. Regulation 16.9) of the thesis.

8.6 In exceptional circumstances, the candidate may be permitted to complete the Final Seminar by video-conference. At least three months notice must be given of this intention to allow the school to make adequate arrangements.

## 9. Period of Time for Completion of Planned Research Program

9.1 The minimum period of candidature is:

- full-time candidates: twenty-four months from the date of commencement
- part-time candidates: forty-eight months from the date of commencement

In special cases, the Research Degrees Committee may approve a shorter period.

9.2 The maximum period of candidature is:

- full-time candidates: forty-eight months from the date of commencement
- part-time candidates: ninety-six months from the date of commencement

9.3 Where a candidate wishes to change from full-time to part-time candidature or vice versa, application must be made on the prescribed form and returned to the Office of Research, through the faculty committee, for consideration by the Research Degrees Committee.

9.4 A candidate must submit his/her thesis to the Research Students' Section, Office of Research, for external examination no later than the maximum candidature date.

9.5 A candidate who does not expect to submit her/his thesis by the maximum candidature date must apply for an extension on the prescribed form and returned to the Office of Research, through the faculty committee, for consideration by the Research Degrees Committee prior to the expiry of her/his maximum candidature date. The application must include the reasons for the delay, the written endorsement of the Principal Supervisor and a revised time-line for completion. Applications for extensions will not normally be considered by the Research Degrees Committee unless the reasons for the delays have been documented in previous annual reports (ref. Section 11).

9.6 The maximum period of extension for which a candidate may be given approval is 12 months past the original maximum candidature date for full-time candidates and 24 months for part-time candidates. In exceptional circumstances, which must be documented, the Research Degrees Committee may approve a further extension. Minor breakdown of computer equipment or absence of the Principal Supervisor are not usually considered exceptional.

9.7 A candidate who wishes to take leave of absence for a specified period from his/her PhD program must apply in advance on the prescribed form and return it to the Office of Research, through the faculty committee, for consideration by the Research Degrees Committee. The application must include the reasons for the leave of absence, the written endorsement of the Principal Supervisor and the start and end dates of the period of leave. If the Research Degrees Committee approves the period of leave of absence, the duration of the specified period will be added to the minimum and maximum submission dates of the candidature.

9.8 The maximum period of leave of absence for which a candidate may be given approval is 12 months for a full-time candidate and 24 months for a part-time candidate during the term of his/her candidature. A candidate who wishes to take leave of absence for a longer period must withdraw from candidature and apply for re-entry at a later date, on the prescribed form.

9.9 A candidate who remains not currently enrolled for a period greater than twelve months will be deemed to have ceased his/her program of study and his/her candidature will be terminated. If a candidate is unable to complete the approved course of study the candidate may apply for transfer to an appropriate master degree.

9.10 Candidates are entitled to receive up to twelve months parental (maternity/paternity/ adoption) leave. The Research Degrees Committee must be notified on the prescribed form and supplied with a medical certificate (and in the case of paternity leave a marriage certificate or statutory declaration showing the candidate's relationship to the mother), and the written endorsement of the Principal Supervisor. Periods of parental leave shall not be included as part of the 12 or 24 month leave of absence maximum.

## 10. Supervision

10.1 Supervision of PhD candidates shall be conducted according to the QUT Code of Good Practice for Postgraduate Research Studies and Supervision (see MOPP Appendix 66)

10.2 A Principal Supervisor and at least one Associate Supervisor from QUT shall be appointed.

10.3 The Principal Supervisor has responsibility for supervising the candidate on a frequent basis and must be a current member of QUT staff or an Emeritus Professor of QUT still active in research. The Principal Supervisor shall have undertaken successful supervision of research degree candidates, shall normally have a PhD and shall have an established research record in the area of the proposed project.

10.4 One Associate Supervisor must be a member of QUT staff. Where appropriate, more than one Associate Supervisor may be appointed and additional Associate Supervisors may be from either QUT or another appropriate industrial, professional, commercial or research establishment. Associate Supervisors should possess appropriate expertise in the research field and normally have undertaken successful supervision of research degree candidates and must indicate their agreement to supervise on the prescribed form. An Associate Supervisor must be appointed from an establishment formally collaborating on a research project.

10.5 For a candidate studying externally, an Associate Supervisor from the external institution linked to the project will normally be appointed. In such cases there will be no requirement for a QUT

based Associate Supervisor as Centre Director would be considered as ex-officio associate.

10.6 A person who is currently a candidate for a PhD (at QUT or elsewhere) may not act as a Principal Supervisor for a PhD candidate at QUT, and should not normally act as an Associate Supervisor unless approved by Research Degrees Committee.

10.7 Where the Principal Supervisor will be absent from QUT for a period of three consecutive months or longer during the period of candidature, the QUT Associate Supervisor will become acting Principal Supervisor for this period.

10.8 If the Principal Supervisor leaves the staff of QUT, the QUT Associate Supervisor will normally fill the role of acting Principal Supervisor immediately and until a new Principal Supervisor is appointed by the faculty, with the agreement of the candidate. A formal appointment of a new Principal Supervisor must be made within three months of the original Principal Supervisor's departure.

## 11. Reporting Procedures

11.1 The Principal Supervisor and candidate are required to report annually on the prescribed form to the Research Degrees Committee on the candidate's progress and research plans. Reporting dates shall be tied to the candidate's commencement date. Reports shall be signed by both the candidate and by the Principal Supervisor and submitted through the faculty committee, Head of School and director of the centre/research concentration to the Office of Research for consideration by the Research Degrees Committee.

11.2 Faculties should develop additional internal policies and procedures for review of candidates' progress between annual reports that ensure unsatisfactory progress is dealt with expeditiously.

11.3 Where the candidate's progress is deemed satisfactory, the Research Degrees Committee shall approve continuation of candidature.

11.4 Where progress is deemed unsatisfactory, in the Confirmation of Candidature, Annual Report or other interim faculty report, the Research Degrees Committee, on advice from the Faculty Research Committee, will normally place the candidate under review for a period of up to three months from the date that the candidate is advised in writing of the decision. The Research Degrees Committee will inform the candidate of the required remedial action to be followed taking account of the advice provided by the Principal Supervisor and the faculty.

11.5 After the Review Period the Faculty Research Committee must forward to the Research Degrees Committee a report on the candidate's progress which will include written documentation of the steps that have been taken to resolve the specified deficiencies in the candidate's program and an assessment of progress during the Review Period. The Research Degrees Committee will then approve continuation of candidature if the progress is deemed satisfactory.

11.6 If progress is still unsatisfactory after the Review Period, the Research Degrees Committee, on advice from the faculty committee, shall ask the candidate to show cause why the enrolment of the candidate should not be terminated (ref. Regulation 12.8).

11.7 A candidate who has been placed under review after an unsatisfactory annual report or interim report established by the faculty may not take leave of absence until the continuation of the candidature has been approved by the Research Degrees Committee.

11.8 When a candidate's progress has been reported to the Research Degrees Committee as unsatisfactory in any two consecutive reports during the candidature, the Research Degrees Committee shall ask the candidate to show cause why the enrolment of the candidate should not be terminated.

11.9 If a candidate fails to submit an annual report through their Principal Supervisor to Research Degrees Committee by the due date without applying, in writing, for an extension on the prescribed form two weeks prior to the due date, the Research Degrees Committee may ask the candidate to show cause why the enrolment of the candidate should not be terminated.

11.10 Applications for extensions of candidature or scholarships or leave of absence due to delays or problems with the planned research program will not normally be considered by the Research Degrees Committee unless the delays or problems have been documented in previous reports.

11.11 If the candidate does not show cause (refer Regulations 11.6, 11.8) why the enrolment should not be terminated, the Research Degrees Committee may terminate the candidate's enrolment or with the agreement of the faculty offer admission to candidature for the degree of master (research).

## 12. Confirmation of Candidature

12.1 Within twelve months of admission for full-time candidates and twenty-four months for part-time candidates, eighteen months for International Candidates, the candidate shall present (in consultation with her/his supervisors) a plan of the research program for the remainder of the candidature and a report on the work done to this point. This confirmation report shall incorporate a substantial literature review and shall provide evidence of the research capacity of the candidate including the rate of progress to this point. The plan shall include:

- the area of study in which the candidate's course is located;
- any remaining coursework to be completed including an assessment plan;
- the nature of participation in scholarly activities of the centre/research concentration, school, or faculty in which the study is being undertaken;
- the objectives of the program of research and investigation and its relationship to published research in the same field;
- the research methods to be followed;
- the title of the thesis; and
- a time-line for completion of the research program.

12.2 The candidate shall present this confirmation report and planned research program at a Confirmation Seminar open to faculty members and the public.

12.3 A candidate who is not able to complete Confirmation of Candidature within the timeframe listed in Regulation 12.1 must apply for an extension at least one month in advance of that deadline through the faculty to the Research Degrees Committee. Normally, a maximum of three months extension may be granted.

12.4 The faculty shall review the candidate's progress and planned research program and shall submit their recommendations on the prescribed form to the Research Degrees Committee. This shall include:

- an appraisal of the candidate's progress and suitability for continuation in the PhD program;
- the documents prepared by the candidate pursuant to Regulation 12.1;
- a statement that the research program is of the standard required for a PhD program;
- statements of whether the studies continue to be within the aims and objectives and physical and human resources of the centre/research concentration; and
- a report on the candidate's seminar.

12.5 Candidates who are undertaking confirmation in order to transfer from a masters by research or a professional doctorate (research) at QUT must complete the confirmation process and should refer to Regulation 7.1.

12.6 In considering the application for Confirmation of Candidature, the Research Degrees Committee will, if the conditions are met:

- confirm the candidature and notify the candidate; or
- may require changes to the planned research program; or
- if the recommendation of the faculty is not to confirm the candidature immediately, place the candidate under review for up to three months).

At the end of the Review Period, the faculty must advise the Research Degrees Committee whether the conditions of the review have been met.

12.7 Where a candidate is placed under review following the Confirmation Seminar, the Principal Supervisor must advise the candidate within seven days of the seminar of the conditions to be met in the form of clear, written guidelines on the work to be completed and due dates for the submission of materials and whether a further Confirmation Seminar is required. The conditions must be endorsed by the candidate, supervisor(s), director of centre/research concentration, the Head of School, chair of the appropriate faculty committee or dean as appropriate and be forwarded within fourteen days to the Office of Research for noting by the Director, Postgraduate Research Studies.

12.8 Where a candidate's progress remains unsatisfactory after the Review Period the Research Degrees Committee, on advice from the faculty, shall either grant a further extension of the Review Period of up to three months or, after giving the candidate the opportunity to show why one of the following courses of action should not be taken:

- terminate the candidature with an offer of admission to the degree of master, or
- terminate the candidature with no such offer.

## 13. Thesis Guidelines

13.1 The thesis must be presented in accordance with the requirements of the Council, including any accompanying declarations and in accordance with Appendix 51 of the Manual of Policies and Procedures - Requirements for Presenting Theses (see MOPP Appendix 51) and the main body of the text must not exceed 100,000 words.

13.2 Except with the specific permission of the Research Degrees Committee the thesis must be presented in the English language. Such permission must be sought at Stage 1 of the application for admission to the PhD program and will not be granted solely on the grounds that the candidate's ability to satisfy the External Examination Committee will be affected adversely by the requirement to present the thesis in English.

13.3 Where a candidate's research program forms part of the work of a research team or larger research project, the thesis must indicate clearly the candidate's individual contribution and the extent to which co-workers contributed to the candidate's program.

13.4 Subject to QUT's intellectual property policy (see MOPP Appendix 22 - 3.1) the copyright of the thesis is vested in the candidate.

13.5 Where a candidate or the sponsoring establishment wishes the thesis to remain confidential for a period of time after the completion of the work, written application for approval stating the reasons must be made to the Research Degrees Committee when the thesis is submitted for external examination. The period normally shall not exceed two years from the date on which the Head of School or nominee recommends acceptance of the thesis to the Research Degrees Committee.

13.6 A candidate may not present in the thesis any work for which another degree or diploma has been awarded by QUT or any other academic institution, but such a candidate shall not be precluded from incorporating extracts from such work in the thesis provided that the sum of any such extracts does not constitute more than 10% of the thesis and provided also that the source of each such extract is stated explicitly.

13.7 Prior approval must be obtained from the Research Degrees Committee for any course of PhD study leading to the presentation of a thesis other than in writing. Full details of the alternative course of study should be provided formally at Stage 2 together with a proposal regarding the form the final thesis and its examination is expected to take.

13.8 A candidate may submit with the thesis other kinds of relevant material (such as films, audio tape recordings, video tape recordings, CD-ROMS, models, software programs, evidence of exhibitions, or other materials for the purposes of illustration) which shall be accompanied by evidence of the extent to which the candidate has been responsible for their preparation.

13.9 A PhD may be awarded on the basis of the submission of published papers as per the Section 14.

13.10 A PhD may be awarded on the basis of the submission of a creative work as per the Regulations set out in Section 15.

13.11 A candidate's name will not be placed on the list for graduation until the final copy of the thesis is received in the Research Students' Section, Office of Research.

13.12 A candidate who passes but is required to make revisions to the thesis after external examination must lodge the final copy of the thesis with the Research Students' Section, Office of Research, no later than 12 months after the date of receipt of examiners' reports or the candidate shall be deemed to have failed unless an extension has been approved by the Research Degrees Committee.

13.13 When the final copy of the thesis has been lodged with the Research Students' Section, Office of Research, the names of the examiners will be released to the candidate on request, providing that the examiner has not indicated otherwise.

#### **14. Presentation of PhD Theses by Published Papers**

##### 14.1 Introduction

14.1.1 The Queensland University of Technology permits the presentation of theses for the degree of Doctor of Philosophy in the format of published and/or submitted papers. Where such papers have been published, accepted or submitted during the period of candidature.

14.1.2 Papers submitted as a PhD thesis must be closely related in terms of subject matter and form a cohesive research narrative.

##### 14.2 Format

14.2.1 The thesis may be comprised of published papers, manuscripts accepted for publication, manuscripts submitted for publication or under review.

14.2.2 The minimum number of papers and/or manuscripts is normally three. At least one paper must have been published, accepted, or be undergoing revision following refereeing.

14.2.3 Where the papers have multiple authorship, the candidate must be principal author on at least two of the three papers and have written permission of the co-authors.

14.2.4 Normally, the thesis shall include the following:

- title page;
- abstract and key words;
- list of publications and/or manuscripts;
- contents;
- statement of original authorship;
- acknowledgments;
- introduction;
- literature review; published papers and submitted manuscripts; and
- general discussion.

14.2.5 The abstract summarises the main findings presented in each published paper or submitted manuscript and should indicate how the included works, when considered together, demonstrate a significant contribution to knowledge in the discipline.

14.2.6 The introduction should contain succinct statements under the following headings:

- description of research problem investigated;
- overall objectives of the study;
- specific aims of the study; and
- account of research progress linking the research papers.

The account of research progress must link together the various papers submitted as part of the thesis. The intention of this Section is to provide continuity for the entire thesis so that the reader can move from one chapter to the next understanding the logic behind the progression of the research program.

14.2.7 The literature review will, of necessity, replicate literature cited in subsequent chapters but must contain a clear statement on the significance of the project aims, a critical review of relevant literature, identification of knowledge gaps, and the relationship of the literature to the experimental program.

14.2.8 Published papers/papers submitted in the following categories may be included but each must be presented as an individual chapter in the thesis:

- published papers;
- manuscripts accepted for publication;
- manuscripts submitted and under review by referees; and
- manuscripts under revision following referees' reports.

14.2.9 Only papers which have been published by or submitted to journals approved by the faculty committee are allowable under these Regulations. Whilst Short Communications and Letters are acceptable, their number should be less than that of full length papers.

14.2.10 Manuscripts which have been rejected by a journal must not be included unless they have been substantially rewritten to address referees' comments as certified in the Final Seminar documentation.

14.2.11 Each chapter comprised of a published paper or submitted manuscript must begin with a clear statement of the contribution made by each author of any jointly authored paper. The description must be sufficiently detailed to describe accurately the contribution of each author.

14.2.12 The thesis must contain an overarching discussion of the main features linking the publications and include a statement of the significance of the findings, problems encountered and the future directions of the work.

##### 14.3 Presentation

14.3.1 The thesis must be presented in accordance with the requirements of the Council, including any accompanying declarations and in accordance with MOPP Appendix 51.

#### **15. Presentation of PhD Theses by Creative Works**

##### 15.1 Introduction

15.1.1 In the case of a thesis submitted in the area of artistic practice, presentation may be in one of two forms: a theoretical thesis or artwork and exegesis. The artwork may be in the form of exhibition, performance, literary work, film, CD Rom or other approved format. The artwork and exegesis will be examined as an integrated whole. The artwork should provide a coherent demonstration that the candidate has reached an appropriate standard in the research and has made a significant and original contribution to knowledge in the area. The exegesis should describe the research process and elaborate, elucidate and place in context the artistic practice undertaken. In the case of visual or performing arts, the examiners will attend the exhibition/performance, at which time they will be given a copy of the exegesis in temporary binding. A final copy of the exegesis will be provided to the examiners within three months of their viewing the artwork.

15.2 Examination of a Creative Work Other Than a Printed Thesis

15.2.1 Where other materials are to be examined, such as in the areas of visual, performing, literary or media arts, the candidate must seek approval from Research Degrees Committee for the form and presentation of the thesis at the time of the Stage 2 application for entry to the PhD program.

15.2.2 Artistic practice may be examined by a theoretical thesis or by artwork and exegesis. The artwork and the exegesis will not be examined separately but as an integrated whole constituting the original and substantial contribution to knowledge required from doctoral candidates.

15.2.3 A theoretical thesis is a written document which would conform in all respects to the remainder of this policy.

15.2.4 Studio-based inquiry may result in a thesis presented by artwork and exegesis. The artwork should be the research outcome, while the exegesis should describe the research process and elaborate, elucidate and place in context the artistic practice undertaken.

15.2.5 The exegesis would normally not exceed 50,000 words and would conform in all respects to the remainder of this policy. It should also contain a description of the form and presentation of the artistic practice which constitutes the remainder of the thesis.

### 15.3 Presentation

15.3.1 The thesis must be presented in accordance with the requirements of the Council, including any accompanying declarations and in accordance with MOPP Appendix 51.

## 16. Examinations

16.1 Any fees payable in relation to the examination of a candidate shall be determined by the Council.

16.2 At least three months prior to the maximum candidature date (or anticipated completion date) the Principal Supervisor having obtained the agreement of the faculty committee, shall recommend to the Research Degrees Committee, on the prescribed form, the composition of a proposed Examination Committee and the title of the candidate's thesis.

16.3 The Examination Committee shall comprise two external examiners who will examine the thesis plus an additional external examiner to be called upon only if the first two examiners are in disagreement. (ref. Section 18)

16.4 In exceptional circumstances, the Research Degrees Committee may act directly to facilitate the examination process of a thesis including the appointment of examiners.

16.5 Any person who has acted as the candidate's Principal or Associate Supervisor; or participated in the candidate's research group or in any capacity where a conflict of interest is seen to exist may not be nominated by the faculty as an examiner. (refer to MOPP Appendix 9 - QUT Code of Conduct - Integrity - section (e))

16.6 Examiners must have demonstrable and substantial publications and research experience in the area under investigation, preferably have a PhD and be widely recognised in the relevant field. At least one of the nominated examiners should be from an internationally recognised university or equivalent research institution. However all of the examiners may be from Australian institutions provided that they are widely recognised as experts with demonstrable and substantial publications and research experience in the relevant field of research. At least one examiner must also have had substantial experience of examining research degree candidates at the doctoral level. Agreement will be sought from examiners to examine the thesis within 8 weeks of receipt of the thesis.

16.7 If more than six months has elapsed between the nomination of examiners and the submission of the thesis, the faculty must notify the Research Degrees Committee that the nominated examiners are still willing and able to examine the thesis within two months of its receipt. If any previously nominated examiner

is unable to examine the thesis, a replacement examiner must be nominated by the Principal Supervisor with the agreement of the faculty for approval by the Research Degrees Committee.

16.8 In order to determine whether the thesis is acceptable for examination by the Examination Committee, the candidate shall be required to present a Final Seminar based on the work described in the thesis to the faculty to which he/she is attached.

- This final seminar shall normally take place no more than six months prior to the anticipated submission date.
- The faculty shall constitute a panel of three including the Principal Supervisor to attend the seminar and to report on the readiness of the thesis for external examination. The panel shall be chaired by the Principal Supervisor, and shall question the candidate on the content of the thesis at the conclusion of the seminar. Each member of the panel must receive a copy of the draft thesis 14 days prior to the final seminar.
- The panel may require changes to the thesis or ask that further work be done prior to submission of the thesis. The thesis is accepted by the University for external examination only when the panel signifies its belief that the degree requirements have been met. The faculty panel shall use the prescribed form when advising Research Degrees Committee that the thesis is ready for external examination.
- The final seminar shall be open to the public and shall be widely advertised by the faculty so as to ensure attendance by researchers and research students within the faculty.
- In all other matters the form and timing of the final seminar is determined by the faculty.

16.9 The thesis must be accompanied by a certificate endorsed by the Principal Supervisor, Head of School or nominee, and the faculty committee stating that all reasonable efforts have been made by the faculty to ensure that:

- the thesis makes an original and significant contribution to the field of research;
- the methodology applied in the candidate's research is effective and appropriate for the thesis topic and the PhD;
- the thesis reflects competence in the survey of literature and documentation of statements;
- the thesis is of the required standard for external examination;
- the thesis is within the prescribed word limit;
- the candidate has presented a Final Seminar;
- that an external candidate has spent at least three months minimum at QUT during the course of his/her enrolment; and
- original correspondence from editors has been sighted and that editorial advice has been followed in the manuscripts submitted for examination (if applicable) and
- acknowledgment is given regarding the inclusion of all published and other sources of information, together with any substantial financial assistance received for the project.

16.10 In exceptional circumstances, the Research Degrees Committee may allow a candidate to submit his or her thesis for external examination without the requirement for certification (ref. Regulation 16.9). The candidate must apply in writing to the Research Degrees Committee for such permission, outlining the reasons why the required certification is not included.

16.11 Three copies of the thesis, in the prescribed format must be submitted to the Research Students' Section, Office of Research, no later than the maximum candidature date.

16.12 The Office of Research, on the advice of the Research Degrees Committee, shall provide the examiners with a copy of the thesis and of the Council's Regulations for the Award of the Degree of Doctor of Philosophy, and any other relevant information.

16.13 Each examiner will be asked to provide a written report to the Office of Research on the candidate's thesis and to recommend one of the following courses of action:

Recommendation 1: The candidate should be awarded the degree without the requirement for revision, further examination or modification (minor corrections and typographical errors only); or

Recommendation 2: The candidate should be awarded the degree subject to minor nominated revisions being completed to the satisfaction of the Head of School and Principal Supervisor; or

Recommendation 3: The candidate should be awarded the degree following the completion of major nominated revisions to the satisfaction of the Head of School and Principal Supervisor; or

Recommendation 4: The candidate should be permitted to substantially revise and submit the thesis for re-examination within twelve months after a specified amount of further work, which may alter the substantive conclusions of the thesis, has been completed under approved supervision and the thesis appropriately amended to reflect the additional research; or

Recommendation 5: The candidate should be awarded the degree at Master's level: without the requirement for further revision or further examination; subject to nominated revisions being completed to the satisfaction of the Head of School and Principal Supervisor; subject to revision and submission for re-examination after completion of further work; or

Recommendation 6: The thesis should be rejected, the degree should not be awarded and the candidate should not be permitted to submit the thesis for re-examination for the degree.

16.14 After both examiners' reports are received the Office of Research will forward them to the Head of School or nominee, the Principal Supervisor and the candidate with an appropriate covering letter. (Until such time as the examination process is complete the identity of the examiners will be withheld from the candidate.)

### 17. Examiners in Agreement

17.1 Where both examiners recommend that the candidate should be awarded the degree (recommendation 1, 2 or 3) the Head of School, or nominee will consult with the Principal Supervisor, Centre Director and Postgraduate Studies coordinator to discuss any corrections or revisions that the candidate may be required to make and where revisions are required.

17.2 When all corrections or revisions have been made to the satisfaction of the Head of School or nominee and the Principal Supervisor, the Head of School or nominee and the Principal Supervisor must certify to the Research Degrees Committee that they recommend acceptance of the thesis in fulfilment of the conditions for the award of the PhD degree.

17.3 Where both examiners recommend that the thesis be revised and resubmitted for examination (Examiners Report Recommendation 4), after consultation with the Principal Supervisor and the Centre Director, the Head of School or nominee will make written recommendation to the Research Degrees Committee within 7 days of the receipt of the Examiners Reports listing any revisions required. Once these are approved by the Research Degrees Committee, the Research Degrees Committee will inform the candidate of the revisions and/or any action required

17.4 Where both examiners recommend that the candidate should be awarded the degree at master's level, (Recommendation 5), the Head of School or nominee will consult with the Principal Supervisor to discuss any revisions that the candidate may be required to make and forward a recommendation to the Research Degrees Committee. Once approved the Head of School will meet with the Centre Director and Principal Supervisor to discuss outcome with the Principal Supervisor responsible for informing the candidate of the decision.

### 18. Examiners Not In Agreement

18.1 Where the recommendations of the external examiners are not in agreement as to whether the thesis should be accepted for

the award of PhD or as to whether the thesis may be revised and resubmitted the thesis will be sent to the third nominated examiner.

18.2 Upon receipt of the third examiner's report, a majority decision shall be adopted.

18.3 Where the majority decision is that the thesis be accepted for the award or the thesis be accepted for the award of a masters degree or the thesis be rejected and the candidate not be permitted to resubmit, the procedures in Section 17 shall apply.

18.4 Where the majority decision is that the candidate be required to submit for re-examination or the thesis fail, the procedures in Section 17 shall apply.

18.5 Where the recommendations of the three examiners clearly differ and no clear majority exists, the Head of School or nominee shall liaise with the Director, Postgraduate Research Studies, and the Principal Supervisor to determine the further course of action which may involve any of the outcomes listed in Regulation 16.13.

### 19. Re-examination

19.1 A candidate who is required to submit for re-examination may be re-examined only once except in the case of an upheld appeal.

19.2 Re-examination shall take place within twelve months from the date on which the candidate is advised in writing by the Head of School or nominee of such re-examination. The Research Degrees Committee may, on written application by the candidate and supported by the Principal Supervisor and Centre Director with suitable justification, approve an extension to this period which, under normal circumstances, may be a maximum of a further twelve months.

19.3 A candidate who is required to submit his/her thesis for re-examination must re-enrol in the PhD program.

19.4 The thesis shall be re-examined by the same two examiners unless:

- any of the examiners is unable to re-examine the thesis in which case the Head of School or nominee with the agreement of the Principal Supervisor and the faculty shall nominate a replacement examiner(s) who must be approved by the Research Degrees Committee; or the Research Degrees Committee replaces one or more of the examiners on advice from the RDC Chair and with suitable justification.

19.5 Examiners re-examining a thesis will be asked to provide a written report on the candidate's thesis and to recommend one of the following courses of action:

- (a) the candidate should be awarded the degree with or without minor nominated revisions; or
- (b) the candidate should be awarded the degree at masters level with or without minor nominated revisions; or
- (c) the thesis should be rejected and the degree should not be awarded.

19.6 Regulations applicable to PhD examination shall apply to the re-examination.

### 20. Appeals

20.1 A candidate whose thesis has been failed or whose thesis has been recommended for the award of the degree of master may lodge an appeal against the outcome of the examination process.

20.2 The grounds for appeal may be on matters of process only, ie procedural irregularities in the conduct of the examination or documented evidence of examiner bias as evidenced by comments in the examiners reports.

20.3 An appeal must be lodged within sixty (60) days of the date of written advice from the Office of Research on the outcome of the examination. This appeal must include the specific grounds on which the appeal is based.

20.4 Appeals as described in Section 20 must be submitted, in writing, to the Office of the Pro-Vice-Chancellor (Research and Advancement). The Director, Postgraduate Research Studies, will determine whether a potential conflict of interest exists in relation to her/his consideration of the appeal.

20.5 In cases where a conflict of interest exists, the Director, Postgraduate Research Studies, will appoint a member of academic staff, with expertise in research candidate supervision, to consider the appeal.

20.6 The Director, Postgraduate Research Studies, or appointee will decide whether a case exists and may seek the advice of the faculty, school or centre/research concentration as appropriate.

20.7 The appeal may be allowed or dismissed. If an appeal is allowed, the Director, Postgraduate Research Studies, or appointee cannot recommend that the degree be awarded but shall recommend that: the thesis be re-examined. This re-examination shall be carried out in accordance with the Section 19 taking account of the issues raised in the successful appeal.

20.8 The Director, Postgraduate Research Studies, or appointee will make a determination on the appeal as soon as practicable and will advise appellants, in writing, of the result of the appeal.

## ■ Master of Business Administration/Master of Information Technology (IF18/IF13)

**Award title:** Master of Business Administration/Master of Information Technology

**CRICOS code:** 037551G

**Location:** Gardens Point

**Course duration (full-time):** 5 semesters

**Course duration (part-time):** 10 semesters

**Total credit points:** 240

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Ann Hatcher for BGSB, Faculty of Business; Dr Alison Anderson, Faculty of Information Technology.

### Entry requirements

A minimum of an undergraduate degree from a recognised tertiary institution, two years' managerial experience and a GMAT test score of 550 or higher (or equivalent). Individual entry requirements will vary depending on the amount of managerial and related work experience, level of tertiary qualifications and/or GMAT score.

For entry into IF14 applicants must have:

- A bachelors degree in a discipline other than Information Technology with grade point average of at least 4.5 (7 point scale); and
- Have successfully completed, at undergraduate level, an introductory programming unit in a block structured language, for example: c, Java, Modula 2 or Pascal; or
- Provide other evidence of such qualifications and level of performance, as will satisfy the Dean of the Faculty of Information Technology that the applicant possesses the capacity to pursue the course of study.

To be considered for the MBA program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- IELTS score of greater than or equal to 6.5, or
- IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

### Course Design

This double degree combines the core course structure of the Master of Business Administration (MBA) (GS20) with the standard course structure of the Master of Information

Technology for non-IT graduates (IT45). 240 credit points in total.

Note that BGSB units are 6 credit points and 7 weeks in duration, some being held during the first half of semester, and others being held during the second half of semester. The Faculty of Information Technology units are 12 credit points and 13 weeks in duration, being held for the entire duration of semester.

Students may exit with a Master of Business Administration (MBA)/Graduate Diploma in Information Technology if 192 credit points have been completed and the requirements for that course have been satisfied.

### Course structure - Non-IT Graduates

#### Semester 1, First Half

GSN408 Fundamentals of Marketing Management  
GSN401 Managing In The Global Business Environment  
GSN407 Business Communication  
GSN410 Entrepreneurship

#### Semester 1, Second Half

GSN402 Strategic Use Of Information Technology  
GSN403 Understanding Data  
GSN404 Financial Statements Analysis 1  
GSN409 Organisational Behaviour 1

#### Semester 2, First Half

GSN405 Strategic Management  
GSN411 Economics Of Strategy 1

\*International students may choose to undertake IBN440 Business in Australia, IBN435 Business In Australia 1 and IBN441 Business in Australia 2 in their first semester of study instead of GSN410 and GSN409, and defer these two core units to a later teaching period. International students gain credit for IBN435 as an IT Management elective unit.

### List A: IT Management Units

ITN212 Information Modelling For Databases  
Three of the following IT Management electives:  
ITN220 Major Issues In Information Technology  
ITN252 Process Engineering  
ITN255 Knowledge Management  
ITN266 Principles Of Information Management  
ITN267 Data Warehousing For Decision Support  
ITN330 Information Issues

## ■ Master of Business Administration/Master of Information Technology (IT Graduates) (IF19/IF15)

**Award title:** Master of Business Administration/Master of Information Technology

**CRICOS code:** 037551G

**Location:** Gardens Point

**Course duration (full-time):** Full-time students may complete the course in a minimum of 5 semesters

**Course duration (part-time):** 10 semesters

**Total credit points:** 240

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Dr Caroline Ann Hatcher for BGSB, Faculty of Business; Mr Robert Smyth, Faculty of Information Technology.

### Entry Requirements

A minimum of an undergraduate degree from a recognised tertiary institution, two years' managerial experience and a GMAT test score of 550 or higher (or equivalent). Individual entry requirements will vary depending on the amount of managerial and related work experience, level of tertiary qualifications and/or GMAT score.

For entry into IF17 applicants must have:

- A bachelors degree in Information Technology with grade point average of at least 4.5 (7 point scale); or
- Provide other evidence of such qualifications and level of performance, as will satisfy the Dean of the Faculty of Information Technology that the applicant possesses the capacity to pursue the course of study.

To be considered for the MBA program an applicant must be proficient in the English language, demonstrated by:

- English as their first language or language of instruction at undergraduate level, or
- IELTS score of greater than or equal to 6.5, or
- IELTS score between 6.0 and 6.49 and the successful completion of two Business English units through QUT International College.

### Course Design

This double degree combines the core course structure of the Master of Business Administration (MBA) (GS20) with the standard course structure of the Master of Information Technology for IT graduates (IT40). 240 credit points in total.

Note that BGSB units are 6 credit points and 7 weeks in duration, some being held during the first half of semester, and others being held during the second half of semester. The Faculty of Information Technology units are 12 credit points and 13 weeks in duration, being held for the entire duration of semester.

Students may exit with a Master of Business Administration (MBA)/Graduate Diploma in Information Technology if 192 credit points have been completed and the requirements for that course have been satisfied.

 \*International students are normally required to undertake IBN435 Business in Australia in their first semester of study instead of GSN410 and GSN409, and should defer these two core units to a later teaching period. This requirement would be waived for students undertaking the double degree program if sufficient evidence can be provided that they have undertaken similar studies in a prior degree, or have worked or studied previously in Australia. International students gain credit for IBN435 as an IT Management elective unit.

### List A: IT Management Units

Four of the following IT Management electives:

ITN215	Management Support Systems
ITN220	Major Issues In Information Technology
ITN252	Process Engineering
ITN255	Knowledge Management
ITN330	Information Issues
ITN341	Information Policy And Planning
ITN343	Principles Of Information Management
ITN355	Information Resources For Business And Industry

## ■ Master of Creative Industries (Arts Management & Creative Enterprise) (IF04)

**Award title:** Master of Creative Industries

**CRICOS code:** 040290J

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 3 semesters full-time

**Course duration (part-time):** 6 semesters part-time

**Total credit points:** 144

**Standard credit points per semester (full-time):** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Creative Industries: Dr Terry Flew, B Block; Business: Dr Jennifer Radbourne

### Entry Requirements

A bachelor degree with a GPA of 5.0 or higher OR professional experience in the creative industries approved by the Course Coordinator.

### Full-time Course Structure - Arts Management

## ■ Graduate Certificate in Creative Industries (IF01)

**Award title:** Graduate Certificate in Creative Industries

**Location:** Gardens Point

**Course duration (part-time):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24 Credit Points Part-time

**Course coordinator:** Creative Industries: Dr Terry Flew, B Block; Business: Dr Jennifer Radbourne

**Entry Requirements**

A bachelor degree with a GPA of 5 or higher OR professional experience in the creative industries approved by the course coordinator.

**Part-time Course structure****Semester 1**

KCP018	Creative Industries
GSN401	Managing In The Global Business Environment
GSN408	Marketing Management

**Semester 2**

GSN225	Business Development In Creative Industries
KCP336	New Media Technologies
	OR
	Creative Industries Elective

## ■ Graduate Certificate in Risk Management (IF88)

**Award title:** Graduate Certificate in Risk Management

**Location:** Kelvin Grove and External

**Course duration (part-time):** 2 semesters

**Course duration (external):** 2 semesters

**Total credit points:** 48

**Standard credit points per semester (part-time):** 24

**Course coordinator:** Assoc Prof Sandra Capra

**Part-time Course structure****Year 1, Semester 1 (July - November)**

PUN001	Contemporary Risk Management
PUN008	Risk Management: Identification And Assessment Procedures

**Year 1, Semester 2 (February - June)**

PUN009	Risk Treatment
EFN418	Introduction To Financial Risk Management

## ■ Honours Degrees

**1. General**

1.1 These regulations apply to Honours degrees consisting of an additional year of full-time study (or equivalent) following completion of an undergraduate pass degree. The policy does not apply to pass degrees which may be awarded with Honours.

1.2 Faculties are required to make a submission to University Academic Board for an Honours program in the form of a new course proposal. Such a proposal should seek approval for a single Honours program covering the full range of majors within an undergraduate award, whether or not all majors are to be offered at Honours level.

1.3 Faculties are expected to produce statements of procedures to be read with, or which may incorporate, this policy statement.

1.4 Each Honours program will be assigned a separate quota.

## 2. Admission to an Honours Degree

2.1 Students who wish to undertake an Honours program should normally apply for admission to it at the end of the final year of their pass degree, or within 18 months of completing that degree.

2.2 In order to be considered eligible for admission, students should have attained a grade point average of at least 5.0 or an average grade of credit over the entire basic course, including grades of at least credit in all units directly relevant to, or specified as prerequisite for, the proposed Honours program.

2.3 However, students who have demonstrated outstanding performance in only the final year of a degree, or whose application is based on other factors including work experience or involvement in research, may be admitted at the discretion of the Dean.

## 3. Duration

3.1 Except in special circumstances as approved by the Dean, the requirements for an Honours degree must be completed within two successive years following first enrolment.

## 4. Program Requirements

4.1 Honours programs must comprise one year of full-time study or equivalent with at least 25 per cent of the credit points associated with the course to be allocated to a project or dissertation.

4.2 Faculties are responsible for providing candidates with program outlines which specify the distribution of credit point load between project/dissertation and coursework, the procedure for project or dissertation approval and a concise statement of Faculty requirements, supervision arrangements, and procedures for examining project reports and dissertations.

## 5. Unsatisfactory Progress

5.1 Failure to make satisfactory progress with either the course work component of an Honours program or with the project/dissertation, or both, may lead to exclusion from the program.

5.2 Unsatisfactory progress consists of:

- receiving a grade of less than 4 (or Satisfactory, where applicable) in one unit of the course work component.
- failure to make sufficient progress with the project or dissertation component, in the opinion of the Dean.

5.3 A student who is excluded from or otherwise fails to complete an Honours program will not normally be readmitted to that program.

## 6. Assessment

6.1 The minimum grade which may be credited towards an Honours degree is 4 (or Satisfactory, where applicable).

6.2 A minimum of three copies of a dissertation should be presented to the supervisor for examination. Dissertations should be temporarily bound in order to facilitate the making of any revisions and editorial changes required by the examiners before final printing and binding.

6.3 Project reports and dissertations will be examined by an examining committee appointed by the Dean and consisting of at least two examiners, one of whom may be external to the University. The supervisor of the candidates work may be a member of the committee but may not chair the committee or act as the primary examiner.

## 7. Determination of Level of Honours Awards

7.1 The Faculty Academic Board, on advice from the school, will determine the level of Honours to be awarded.

7.2 Honours degrees will be awarded at the following levels after account is taken of the candidates performance in all units and appropriate weight applied to the project or dissertation:

Honours 1 - First Class Honours

Honours 2A - Second Class Honours, Division A

Honours 2B - Second Class Honours, Division B

Honours 3 - Third Class Honours

7.3 The level of Honours award is to be determined by guidelines, as follows:

Honours 1 - Grade point average of 6.50-7.00, or equivalent

Honours 2A - Grade point average of 5.50-6.49, or equivalent

Honours 2B - Grade point average of 4.50-5.49, or equivalent

Honours 3 - Grade point average of 4.00-4.49, or equivalent

7.4 A candidate who does not reach the standard required for Honours 3 remains with a pass degree.

## ■ Bachelor of Applied Science (Environmental Science)/Bachelor of Health Science (Environmental Health) (IF87)

**Award title:** Bachelor of Applied Science (Environmental Science)/Bachelor of Health Science (Environmental Health)

**CRICOS code:** 003505F

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384 (Note: The minimum course load per semester required for full-time enrolment may be more than 36 credit points)

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Megan Hargreaves (Science)

**Discipline coordinator:** Mr Terry Farr (Environmental Health)

### Course Design

Graduates from this double degree will have a science degree with the same core support and the choice of major study area of Environmental Science as the Bachelor of Applied Science program. Health studies will comprise the co-major component.

The four-year course is designed so that the first three years of study are basically in the science areas, while the fourth year is essentially a professional, environmental health program. However, students may exit at the end of the third year having completed the Bachelor of Applied Science course.

### Full-time Course Structure

#### Year 1, Semester 1

NRB100 Environmental Science

LSB118 Life Science  
Either

MAB101 Statistical Data Analysis 1  
Or

MAB105 Preparatory Mathematics  
Either

PCB101 Physical Science  
Or

PCB150 Physics 1H  
Students with a Sound Achievement in Chemistry at secondary level (or equivalent) are recommended to enrol in PCB150. Students without Chemistry background will take PCB101.

#### Year 1, Semester 2

PCB142 Chemistry 1

NRB232 Environmental Geology

LSB258 Human Anatomy and Physiology  
Either

PCB263 Physics 2E  
Or

MAB101 Statistical Data Analysis 1

#### Year 2, Semester 1

NRB300 Environmental Monitoring

NRB311 Population Ecology

PUB107 Sustainable Environments For Health

PUB251 Contemporary Public Health

#### Year 2, Semester 2

NRB400 Environmental Systems

NRB440 Environmental Chemistry

PUB400 Environmental Protection

PUB407 Environmental Pollution

**Year 3, Semester 1**

NRB500	Environmental Modelling
NRB501	Mapping and Modelling of Natural Resource Data
PUB308	Environmental Health Fundamentals
PUB326	Epidemiology

**Year 3, Semester 2**

LSB415	Microbiology
NRB600	Issues in Environmental Science
NRB633	Hydrogeology
PUB409	Communicable Disease: Prevention And Control

**Year 4, Semester 1**

PUB510	Legal Framework for Environmental Health Practice
PUB515	Environmental Toxicology
PUB517	Food Hygiene Studies
PUB474	Food Studies

OR

PUB511	Health Policy, Planning And Evaluation
--------	--

**Year 4, Semester 2**

PUB316	Research Methods
PUB604	Policy And Management Principles For Environmental Health
PUB611	Risk Management
PUB630	Environmental Health Practice

## ■ Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Education (Secondary) (IX04)

**Award title:** Bachelor of Applied Science (in Human Movement Studies)/ Bachelor of Education

**Location:** Gardens Point, Kelvin Grove and Carseldine

**Course duration (full-time):** 4 years

**Total credit points:** 432

**Course coordinator:** Education Coordinator: Dr Gordon Tait, Human Movement Studies Coordinator: Dr Tom Cuddihy

**Course Structure**

Students are required to complete 240 credit points in approved Human Movement Studies (and other areas) and 192 credit points from the Faculty of Education.

Teaching areas for students completing this award are Physical Education (first teaching area) with Health, Mathematics, Biology or English as their second teaching area.

**Full-time Course structure**
**Year 1, Semester 1**

LSB131	Anatomy
HMB313	Socio-Cultural Foundations Of Physical Activity
HMB171	Fitness Health And Wellness Second Teaching Area Unit

**Year 1, Semester 2**

LSB231	Physiology
HMB172	Nutrition And Physical Activity
HMB272	Biomechanics
HMB315	Performance Skills 2 Second Teaching Area Unit

**Year 2, Semester 1**

HMB271	Foundations Of Motor Control, Learning And Development
HMB273	Bioenergetics And Muscle Physiology In Exercise
HMB274	Functional Anatomy
HMB314	Performance Skills 1 Second Teaching Area Unit

**Year 2, Semester 2**

HMB276	Research In Human Movement
HMB382	Principles Of Exercise Prescription
HMB275	Exercise And Sport Psychology
HMB316	Performance Skills 3 Second Teaching Area Unit

**Year 3, Semester 1**

HMB379	Disorders Of Human Movement
EDB002	Teaching and Learning Studies II: Development and Learning
EDB031	Secondary Field Studies I: Development and Learning in the Field
HMB231	Physical Education Curriculum Studies 1 Curriculum Studies 1Y

**Year 3, Semester 2**

EDB003	Teaching and Learning Studies III: Practising Education
EDB032	Secondary Field Studies II: Practising Education in the Field
HMB331	Physical Education Curriculum Studies 2 Curriculum Studies 2Y

**Year 4, Semester 1**

EDB004	Teaching and Learning Studies IV: Inclusive Education
EDB033	Secondary Field Studies III: Immersion in Inclusive Educational Practices
HMB431	Physical Education Curriculum Studies 3 Curriculum Studies 3Y

**Year 4, Semester 2**

EDB005	Teaching and Learning Studies V: Professional Work of Teachers
EDB034	Secondary Field Studies IV: Professional Work of Teachers: Induction into the Field
EDB035	Internship (Secondary) Education Elective

**Health Discipline Studies Y**

PUB127	Health Issues In Australia
PUB203	Primary Health Care
PUB329	Foundations Of Health Studies And Health Behaviour
PYB086	Interpersonal And Group Processes

**Maths Discipline Studies Y**

MAB101	Statistical Data Analysis 1
MAB100	Mathematical Sciences 1A
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C

**English Discipline Studies Y**

CLB320	Studies In Language
CLB321	Writing Workshop
CLB323	Teaching Adolescent Literature
KWB710	Ozlit

**Biology Discipline Studies Y**

LSB118	Life Science
NRB270	Animal and Plant Structure and Function
LSB238	Cell and Molecular Biology 1
NRB100	Environmental Science
PYB012	Psychology
LSB258	Human Anatomy and Physiology

**Second Teaching Area Curriculum Studies 1, 2 and 3**
**Curriculum Studies 1**

MDB009	Biology Curriculum Studies 1
CLB018	English Curriculum Studies 1
HMB292	Health Education Curriculum Studies 1
MDB021	Mathematics Curriculum Studies 1

**Curriculum Studies 2**

MDB010	Biology Curriculum Studies 2
CLB019	English Curriculum Studies 2
HMB396	Health Education Curriculum Studies 2
MDB022	Mathematics Curriculum Studies 2

**Curriculum Studies 3**

MDB011	Biology Curriculum Studies 3
CLB020	English Curriculum Studies 3
HMB496	Health Education Curriculum Studies 3
MDB023	Mathematics Curriculum Studies 3

## ■ Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Business (Accountancy, Banking and Finance, Economics or Marketing) (IF62)

**Award title:** Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Business (Study Area A)

**CRICOS code:** 020328K

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 432

**Standard credit points per semester (full-time):** 54 (average)

**Course coordinator:** Dr Graham Costin (Human Movement Studies); Mr Andrew Paltridge (Business)

**Discipline coordinator:** Dr John Sweeting (Accountancy); Mr John Polichronis (Banking and Finance); Mr Eugene McCann (Economics); Dr Marilyn Healy (Marketing)

**Other Majors**

See also the separate entry for the following majors in this course: Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Business (Advertising, Human Resource Management, International Business, Management, or Public Relations).

**Professional Membership**

Graduates may be eligible for membership of the Australian Association for Exercise and Sports Science, and depending on the choice of major and minor units, of CPA Australia, the Institute of Chartered Accountants in Australia, Australasian Institute of Banking and Finance, Economic Society of Australia (Queensland Division), Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, American Marketing Association and Australasian Institute of Export.

**Course Design**

Students are required to complete 432 credit points comprised of 216 credit points from the Bachelor of Applied Science (in Human Movement Studies) program and 216 credit points from the Bachelor of Business program. Students supplement the human movement studies component of this program with the 96 credit point faculty core units in the Bachelor of Business program together with a 72 point credit point major, and a further 48 credit point minor. Business majors available are: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing and Public Relations.

BSB111	Business Law And Ethics
BSB114	Government, Business And Society Business Minor Unit

**Course structure - Business Minors**
**Accounting (Students without an Accountancy Major)**

AYB121	Financial Accounting
AYB220	Company Accounting
AYB221	Computerised Accounting Systems
AYB225	Management Accounting

**Advertising (Students with an Advertising Major)**

AMB230	Internet Promotion
AMB231	Marketing Communications Regulations And Ethics
AMB330	Advertising Strategy And Planning
AMB331	Direct Marketing

**Advertising (Students without an Advertising Major)**

AMB200	Consumer Behaviour
AMB220	Advertising Theory And Practice
AMB221	Advertising Copywriting
AMB222	Media Planning

**Banking & Finance (Students without a Banking & Finance Major)**

Students must complete four of the following:

EFB101	Data Analysis For Business
EFB102	Economics 2
EFB210	Finance 1
EFB307	Finance 2
EFB201	Financial Markets
EFB312	International Finance And Economics

**Economics (Students without an Economics Major)**

Students must complete four of the following:

EFB101	Data Analysis For Business
EFB102	Economics 2
EFB202	Business Cycles And Economic Growth
EFB211	Firms, Markets And Resources
EFB314	International Trade And Economic Competitiveness
EFB323	Financial And Monetary Economics

**Electronic Commerce Minor**

Students must complete four of the following:

BSB212	Electronic Business Applications
BSB213	Legal Issues In Electronic Business
BSB313	Business Strategy And Technology
ITB825	Electronic Business Information Systems
MGB334	Managing In A Changing Environment

**Human Resource Management (Students with a Human Resource Management Major)**

Any four of the units from the list below apart from those that are part of the HRM Major:

**Human Resource Management (Students without a Human Resource Management Major)**

MGB207	Human Resource Issues And Strategy
MGB222	Managing Organisations

PLUS two units from the list below:

**Human Resource Management (Students with a Management Major)**

MGB207	Human Resource Issues And Strategy
MGB221	Performance And Reward

PLUS two units from the list below:

**List of Human Resource Management Units:**

MGB201	The Legal Context Of Employment Relations
MGB202	Equity And Diversity Management
MGB209	Occupational Health And Safety Management
MGB221	Performance And Reward
MGB224	Australian Industrial Relations

 AMB261 Media Relations And Publicity  
 AMB262 Public Relations Writing  
 PLUS one of the following:  
 AMB360 Corporate Communication Management  
 AMB361 Public Relations Campaigns

**Course structure - Human Movement Studies Units**

For Human Movement Studies units listed as "Human Movement Studies Major Unit" or "Human Movement Studies Minor Unit" or equivalent units may be chosen from the following list. All units are based at Kelvin Grove.

- HMB277 Exercise And Sport Nutrition  
 HMB361 Functional Anatomy 2  
 HMB362 Biomechanics 2  
 HMB363 Independent Study  
 HMB364 Seminars In Human Movement  
 HMB371 Motor Control And Learning 2  
 HMB374 Psychology Of Rehabilitation  
 HMB375 Adapted Physical Activity  
 HMB376 Motor Development In Children  
 HMB377 Children In Sport  
 HMB381 Cardiovascular And Pulmonary Physiology In Exercise  
 HMB383 Workplace Health  
 HMB384 Injury Prevention And Rehabilitation  
 HMB470 Practicum 1  
 HMB480 Advanced Exercise Prescription  
 Note: individual units may not be available every semester.

**■ Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Education (Secondary) (IF73)**

**Award title:** Bachelor of Applied Science/Bachelor of Education  
**CRICOS code:** 020323D

**Location:** Gardens Point, Kelvin Grove and Carseldine

**Course duration (full-time):** 4 Years

**Total credit points:** 432

**Course coordinator:** Education Coordinator: Dr Gordon Tait,  
 Human Movement Studies Coordinator: Dr Tom Cuddihy

**Course Structure**

Students are required to complete 240 credit points in approved Human Movement Studies (and other areas) and 192 credit points from the Faculty of Education.

Teaching areas for students completing this award are Physical Education (first teaching area) with Health, Mathematics, Biology or English as their second teaching area.

Students must also complete EDB001 Teaching and Learning Studies I: Teaching in New Times, SPB001 Human Development and Learning, SPB002 Psychology of Learning and Teaching and CLB341 Language Technology & Education in the first five semesters.

In the final semester, students may undertake the Middle Years of Schooling Pathway developing the knowledge, skills and understanding required to participate fully in the middle schooling reform movement.

**Full-time Course structure**

**Generic Structure**

The following is a generic structure only and not to be followed as a specific second teaching area.

**Year 1, Semester 1**

- LSB131 Anatomy  
 HMB313 Socio-Cultural Foundations Of Physical Activity  
 HMB171 Fitness Health And Wellness  
 SPB001 Human Development And Education

**Year 1, Semester 2**

- LSB231 Physiology  
 HMB172 Nutrition And Physical Activity  
 HMB272 Biomechanics  
 Discipline Studies Y

EDB001 Teaching and Learning Studies 1: Teaching in New Times

**Year 2, Semester 1**

- HMB271 Foundations Of Motor Control, Learning And Development  
 HMB273 Bioenergetics And Muscle Physiology In Exercise  
 HMB274 Functional Anatomy  
 CLB341 Language, Technology And Education  
 Discipline Studies Y

**Year 2, Semester 2**

- HMB276 Research In Human Movement  
 HMB382 Principles Of Exercise Prescription  
 PYB086 Interpersonal And Group Processes  
 HMB275 Exercise And Sport Psychology  
 Discipline Studies X

**Year 3, Semester 1**

- HMB379 Disorders Of Human Movement  
 SPB002 Psychology Of Learning And Teaching  
 PUB329 Foundations Of Health Studies And Health Behaviour  
 Discipline Studies X  
 Discipline Studies Y

**Course Structure**

**Year 1, Semester 1**

- 3 x 12 cp Discipline (3 x 'X')  
 1 x 12 cp Education

**Year 1, Semester 2**

- 4 x 12 cp Discipline (3 x 'X' + 1 x 'Y')  
 1 x 12 cp Education

Total 108 cp

**Year 2, Semester 1**

- 4 x 12 cp Discipline (3 x 'X' + 1 x 'Y')  
 1 x 12 cp Education

**Year 2, Semester 2**

5 x 12 cp Discipline (4 x 'X' + 1 x 'Y')

Total 120 cp

**Year 3, Semester 1**

4 x 12 cp Discipline (3 x 'X' + 1 x 'Y')

1 x 12 cp Education

**Key**

**Discipline** Refers to 240 credit points (Human Movement Studies + 48 credit points (allocated from Bachelor of Education)) which make up the required 288 credit points (3 year degree) in Human Movement Studies.

**Education** Refers to 192 credit points required for a Bachelor of Education.

**Health Discipline Studies Y**

PUB127 Health Issues In Australia

## ■ Bachelor of Applied Science (Mathematics)/Bachelor of Business (Accountancy, Banking and Finance or Economics) (IF60)

**Award title:** Bachelor of Applied Science

(Mathematics)/Bachelor of Business (Study Area A)

**CRICOS code:** 027274G

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 432

**Standard credit points per semester (full-time):** 54 (Average)

**Course coordinator:** Dr Jack Wrigley (Mathematics); Mr Andrew Paltridge (Business)

**Discipline coordinator:** Dr John Sweeting (Accountancy); Mr John Polichronis (Banking and Finance); Mr Eugene McCann (Economics)

**Career Outcomes**

Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and

government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Graduates of the Accountancy major can expect to find employment in auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services.

Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.

Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas to provide strategic analysis and policy advice.

### Professional Recognition

Graduates will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia and, depending on unit selection, the Australian Society of Operations Research. Depending on the choice of major, extended major or specialisation graduates may be eligible for membership of the: Economic Society of Australia (Queensland Division), Australian Institute of Management, Australasian Institute of Banking and Finance (AIBF), Chartered Secretaries Australia, CPA Australia and the Institute of Chartered Accountants in Australia (ICAA).

### Course Design

Students are required to complete 432 credit points comprised of 204 credit points from the Bachelor of Applied Science (Mathematics) program and 228 credit points from the Bachelor of Business program. Students supplement the mathematics component of this program with the 96 credit point faculty core units from the Bachelor of Business program together with a 60 point credit point major in Accountancy, Banking & Finance or Economics, and a further 72 credit points in which the student must complete one of the following: double major, extended major or specialisation. Business double major available are: Accountancy, Advertising, Banking and Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing and Public Relations.

Recommended combinations are:

- Accountancy: Extended major in Professional Accounting
- Banking & Finance: Extended major in Banking, Financial Economics or Funds Management; or double major in Economics
- Economics: Extended major in Financial Economics or double major in Banking & Finance

Note: Students with majors of Accountancy, Banking and Finance and Economics are not required to undertake EFB101 Data Analysis for Business as the content will be covered in the mathematics component of the program.

### Course structure - Accountancy Major (For students with SA in Senior Math B & C)

#### Year 1, Semester 1

BSB110 Accounting  
 BSB113 Economics  
 MAB101 Statistical Data Analysis 1  
 MAB111 Mathematical Sciences 1B

#### Year 1, Semester 2

AYB121 Financial Accounting  
 BSB119 International And Electronic Business  
 BSB122 Business Information Analysis And Communication  
 MAB112 Mathematical Sciences 1C  
 MAB210 Statistical Modelling 1

#### Year 2, Semester 1

AYB220 Company Accounting  
 BSB111 Business Law And Ethics  
 MAB311 Advanced Calculus

MAB313 Mathematics of Finance

#### Year 2, Semester 2

AYB221 Computerised Accounting Systems  
 BSB126 Marketing  
 MAB220 Computational Mathematics 1  
 Mathematics Elective (Level 2 or 3)  
 Business Double Major/Extended Major/Specialisation

 MAB210 Statistical Modelling 1

#### Year 2, Semester 1

AYB220 Company Accounting  
 BSB111 Business Law And Ethics  
 MAB311 Advanced Calculus  
 MAB313 Mathematics of Finance

#### Year 2, Semester 2

AYB221 Computerised Accounting Systems  
 BSB126 Marketing  
 MAB220 Computational Mathematics 1  
 Mathematics Elective (Level 2 or 3)  
 Business Double Major/Extended Major/Specialisation

#### Year 3, Semester 1

AYB225 Management Accounting  
 BSB115 Management, People And Organisations  
 Mathematics Elective (Level 2 or 3)  
 Mathematics Elective (Level 2 or 3)  
 Business Double Major/Extended Major/Specialisation

#### Year 3, Semester 2

BSB114 Government, Business And Society  
 Mathematics Elective (Level 2 or 3)  
 Mathematics Elective (Level 2 or 3)  
 Business Double Major/Extended Major/Specialisation

#### Year 4, Semester 1

AYB301 Auditing  
 Mathematics Elective (Level 2 or 3)  
 Mathematics Elective (Level 2 or 3)  
 Mathematics Elective (Level 2 or 3)  
 Business Double Major/Extended Major/Specialisation

#### Year 4, Semester 2

Mathematics Elective (Level 2 or 3)  
 Mathematics Elective (Level 2 or 3)  
 Business Double Major/Extended Major/Specialisation  
 Business Double Major/Extended Major/Specialisation

Students must select BSB119 International & Electronic Business to replace one of the Mathematics Electives.

### Extended Major in Professional Accounting

AYB223	Law Of Business Associations
AYB325	Taxation Law
EFB102	Economics 2
EFB210	Finance 1
AYB311	Financial Accounting Issues
AYB321	Strategic Management Accounting

### Course structure - Banking and Finance Major (for students with SA in Senior Maths B & C)

#### Year 1, Semester 1

BSB110	Accounting
BSB113	Economics
MAB101	Statistical Data Analysis 1
MAB111	Mathematical Sciences 1B

#### Year 1, Semester 2

BSB119	International And Electronic Business
BSB122	Business Information Analysis And Communication
EFB102	Economics 2
MAB112	Mathematical Sciences 1C
MAB210	Statistical Modelling 1

#### Year 2, Semester 1

BSB126	Marketing
EFB210	Finance 1
MAB311	Advanced Calculus
MAB313	Mathematics of Finance

#### Year 2, Semester 2

BSB111	Business Law And Ethics
BSB114	Government, Business And Society
EFB307	Finance 2
MAB220	Computational Mathematics 1 Mathematics Elective (Level 2 or 3)

#### Year 3, Semester 1

BSB115	Management, People And Organisations
EFB201	Financial Markets Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation

#### Year 3, Semester 2

EFB312	International Finance And Economics Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation Business Double Major/Extended Major/Specialisation
--------	--

#### Year 4, Semester 1

	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Business Double Major/Extended Major/Specialisation
	Business Double Major/Extended Major/Specialisation

#### Year 4, Semester 2

	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Business Double Major/Extended Major/Specialisation

### Course structure - Banking and Finance Major (for students with SA in Senior Maths B only)

#### Year 1, Semester 1

BSB110	Accounting
BSB113	Economics
MAB100	Mathematical Sciences 1A
MAB101	Statistical Data Analysis 1

#### Year 1, Semester 2

BSB122	Business Information Analysis And Communication
EFB102	Economics 2
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C
MAB210	Statistical Modelling 1

#### Year 2, Semester 1

BSB126	Marketing
EFB210	Finance 1
MAB311	Advanced Calculus
MAB313	Mathematics of Finance

#### Year 2, Semester 2

BSB111	Business Law And Ethics
--------	-------------------------

BSB114	Government, Business And Society
EFB307	Finance 2
MAB220	Computational Mathematics 1 Mathematics Elective (Level 2 or 3)

#### Year 3, Semester 1

BSB115	Management, People And Organisations
EFB201	Financial Markets Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation

#### Year 3, Semester 2

EFB312	International Finance And Economics Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation Business Double Major/Extended Major/Specialisation
--------	--

#### Year 4, Semester 1

	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Business Double Major/Extended Major/Specialisation
	Business Double Major/Extended Major/Specialisation

#### Year 4, Semester 2

	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Mathematics Elective (Level 2 or 3)
	Business Double Major/Extended Major/Specialisation
	Business Double Major/Extended Major/Specialisation
	Students must select BSB119 International & Electronic Business to replace one of the Mathematics Electives

### Extended Major in Banking

AYB225	Management Accounting
EFB311	Financial Institutions - Lending
EFB310	Financial Institutions - Control
AYB312	Financial Institutions Law Plus on unit from the Banking Extended Major Options listed below

#### Banking Extended Major

EFB200	Applied Regression Analysis
EFB308	Finance 3
EFB309	Financial Derivatives
EFB318	Portfolio And Security Analysis
EFB326	Applied Portfolio Management

### Extended Major in Financial Economics (for Banking & Finance Major)

EFB202	Business Cycles And Economic Growth
EFB211	Firms, Markets And Resources
EFB324	Macroeconomics Of Global Financial Markets
EFB325	Financial Microeconomics
EFB326	Applied Portfolio Management Plus one unit from the Financial Economics Extended Major Options list below
EFB200	Applied Regression Analysis
EFB309	Financial Derivatives
EFB308	Finance 3
EFB318	Portfolio And Security Analysis

### Extended Major in Funds Management

AYB225	Management Accounting
EFB308	Finance 3
EFB309	Financial Derivatives
EFB318	Portfolio And Security Analysis Plus one unit from the Funds Management Extended Major Options list below
AYB312	Financial Institutions Law
EFB200	Applied Regression Analysis
EFB310	Financial Institutions - Control
EFB311	Financial Institutions - Lending
EFB326	Applied Portfolio Management

### Course structure - Economics Major (for students with SA in Senior Math B & C)

#### Year 1, Semester 1

BSB110	Accounting
BSB113	Economics
MAB101	Statistical Data Analysis 1
MAB111	Mathematical Sciences 1B

#### Year 1, Semester 2

BSB119	International And Electronic Business
--------	---------------------------------------

BSB122	Business Information Analysis And Communication
EFB102	Economics 2
MAB112	Mathematical Sciences 1C
MAB210	Statistical Modelling 1

**Year 2, Semester 1**

EFB202	Business Cycles And Economic Growth
EFB211	Firms, Markets And Resources
MAB311	Advanced Calculus
MAB313	Mathematics of Finance

**Year 2, Semester 2**

BSB114	Government, Business And Society
BSB126	Marketing
EFB323	Financial And Monetary Economics
MAB220	Computational Mathematics 1 Mathematics Elective (Level 2 or 3)

**Year 3, Semester 1**

BSB115	Management, People And Organisations Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation Business Double Major/Extended Major/Specialisation
--------	--

**Year 3, Semester 2**

EFB314	International Trade And Economic Competitiveness Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation Business Double Major/Extended Major/Specialisation
--------	---

**Year 4, Semester 1**

BSB111	Business Law And Ethics Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation
--------	---

**Year 4, Semester 2**

	Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation
--	--

**Course structure - Economics Major (for students with SA in Senior Math B only)**
**Year 1, Semester 1**

BSB110	Accounting
BSB113	Economics
MAB100	Mathematical Sciences 1A
MAB101	Statistical Data Analysis 1

**Year 1, Semester 2**

BSB122	Business Information Analysis And Communication
EFB102	Economics 2
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C
MAB210	Statistical Modelling 1

**Year 2, Semester 1**

EFB202	Business Cycles And Economic Growth
EFB211	Firms, Markets And Resources
MAB311	Advanced Calculus
MAB313	Mathematics of Finance

**Year 2, Semester 2**

BSB114	Government, Business And Society
BSB126	Marketing
EFB323	Financial And Monetary Economics
MAB220	Computational Mathematics 1 Mathematics Elective (Level 2 or 3)

**Year 3, Semester 1**

BSB115	Management, People And Organisations Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation Business Double Major/Extended Major/Specialisation
--------	--

**Year 3, Semester 2**

EFB314	International Trade And Economic Competitiveness Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation Business Double Major/Extended Major/Specialisation
--------	---

**Year 4, Semester 1**

BSB111	Business Law And Ethics Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation
--------	---

**Year 4, Semester 2**

	Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Mathematics Elective (Level 2 or 3) Business Double Major/Extended Major/Specialisation Students must select BSB119 International & Electronic Business to replace one of the Mathematics Electives
--	---

**Extended Major in Financial Economics (for Economics Major)**

EFB210	Finance 1
EFB324	Macroeconomics Of Global Financial Markets
EFB325	Financial Microeconomics
EFB326	Applied Portfolio Management Plus two units from the Financial Economics Extended Major Options list below
EFB200	Applied Regression Analysis
EFB201	Financial Markets
EFB327	Econometrics Of Financial Markets
EFB328	Public Economics And Finance

**Course structure - Mathematics Electives**
**Level 2 units**

MAB312	Linear Algebra
MAB314	Statistical Modelling 2
MAB315	Operations Research 2
MAB413	Differential Equations
MAB414	Applied Statistics 2
MAB420	Computational Mathematics 2
MAB422	Mathematical Modelling

**Level 3 units**

MAB521	Applied Mathematics 3
MAB522	Computational Mathematics 3
MAB523	Introduction to Quality Management
MAB524	Statistical Inference
MAB525	Operations Research 3A
MAB526	Statistical Science 3
MAB613	Partial Differential Equations
MAB621	Discrete Mathematics
MAB623	Financial Mathematics
MAB624	Applied Statistics 3
MAB625	Operations Research 3B
MAB640	Industry Project
MAB672	Advanced Mathematical Modelling

## ■ Bachelor of Applied Science (Mathematics)/Bachelor of Information Technology (IF58)

**Award title:** Bachelor of Applied Science (Mathematics)/Bachelor of Information Technology

**CRICOS code:** 020327M

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 420 (Note: The minimum course load per semester required for full-time enrolment may be more than 36 credit points)

**Course coordinator:** Assoc Prof Helen MacGillivray (Science); Assoc Prof Colin Boyd (IT)

**Career Outcomes**

A graduate may find employment as a programmer, software engineer, systems programmer, technical support specialist, systems manager, systems designer, computer scientist, systems analyst, data communications specialist, mathematician, statistician.

**Professional Recognition**

On graduation, students will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia Inc and, depending on unit selection, the Australian Society for Operations Research. Graduates of the Bachelor of Information Technology meet the knowledge requirement for admission to the Australian Computer Society.

**Course structure - Students commencing Semester 1 2003**

For students with four semesters of Senior Mathematics B and Senior Mathematics C (or equivalent) with an exit assessment of at least Sound Achievement in both

**Year 1, Semester 1**

ITB111	Software Development 1
ITB115	Introduction to Databases
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C

**Year 1, Semester 2**

ITB112	Software Development 2
ITB114	Introduction to Network Technologies
ITB118	Systems Life Cycle
MAB210	Statistical Modelling 1
MAB220	Computational Mathematics 1

**Year 2, Semester 1**

ITB113	Introduction to Computer Architecture and System Software
ITB421	Software Development 3
ITB524	Internetworking
MAB101	Statistical Data Analysis 1 Level 2 or 3 Maths unit

**Year 2, Semester 2**

ITB527	Network Technologies
ITB529	Network Services Level 2 or 3 Maths unit Level 2 or 3 Maths unit

**Year 3, Semester 1**

ITB420	Computer Architecture IT Specialisation Unit selected from List 1 Level 2 or 3 Maths unit Level 2 or 3 Maths unit
--------	--

**Year 3, Semester 2**

ITB424	Software Engineering Principles
ITB448	Object Technology Level 2 or 3 Maths unit Level 2 or 3 Maths unit Elective *

**Year 4, Semester 1**

ITB432	Advanced Programming Laboratory IT Specialisation Unit from List 1 Level 2 or 3 Maths unit Level 2 or 3 Maths unit
--------	---

**Year 4, Semester 2**

IT Specialisation unit from List 1  
IT Specialisation unit from List 1  
Level 2 or 3 Maths unit  
Level 2 or 3 Maths unit  
\* This elective unit may be taken from any faculty in QUT,  
subject to the approval of the Head of School

For students with four semesters of Senior Mathematics B (or equivalent) only, with an exit assessment of at least Sound Achievement

**Year 1, Semester 1**

ITB111	Software Development 1
ITB115	Introduction to Databases
MAB100	Mathematical Sciences 1A
MAB101	Statistical Data Analysis 1

**Year 1, Semester 2**

ITB112	Software Development 2
ITB114	Introduction to Network Technologies
ITB118	Systems Life Cycle
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C

**Year 2, Semester 1**

ITB113	Introduction to Computer Architecture and System Software
ITB421	Software Development 3
ITB524	Internetworking Level 2 or 3 Maths unit Level 2 or 3 Maths unit

**Year 2, Semester 2**

ITB527	Network Technologies
ITB529	Network Services
MAB210	Statistical Modelling 1
MAB220	Computational Mathematics 1

**Year 3, Semester 1**

ITB420	Computer Architecture IT Specialisation unit selected from List 1
--------	--

Level 2 or 3 Maths unit  
Level 2 or 3 Maths unit

**Year 3, Semester 2**

ITB424	Software Engineering Principles
ITB448	Object Technology Level 2 or 3 Maths unit Level 2 or 3 Maths unit Level 2 or 3 Maths unit

**Year 4, Semester 1**

ITB432	Advanced Programming Laboratory IT Specialisation unit from List 1 Level 2 or 3 Maths unit Level 2 or 3 Maths unit
--------	---

**Year 4, Semester 2**

IT Specialisation unit from List 1  
IT Specialisation unit from List 1  
Level 2 or 3 Maths unit  
Level 2 or 3 Maths unit

**List 1: Information Technology Specialisation Units**

Select five units from the following list of units:

**COMPUTING SCIENCE:**

ITB420	Computer Architecture
ITB427	Concurrent And Distributed Systems
ITB433	Programming Languages
ITB434	Parallel Computing
ITB441	Graphics
ITB442	Foundations Of Artificial Intelligence
ITB447	Project
ITB456	Graphic User Interfaces
ITB458	Java And Extensible Programming
ITB461	Foundations Of Neurocomputing
ITB463	Pattern Recognition
ITB464	Modern Compiler Construction
ITB466	Component Technology
ITB468	Software Engineering Project
ITB469	Unix Systems Programming And Administration
ITB470	Windows 2000 System Programming And Administration

**DATA COMMUNICATIONS:**

ITB523	Data Security
ITB525	Network Administration
ITB533	Comparative Network Systems
ITB549	Error Control And Data Compression
ITB551	Network Planning
ITB564	Application Services
ITB565	Network Management
ITB566	Introduction To Cryptology
ITB568	Wireless Networks
ITB569	Network Security For E-Commerce
ITB576	Data Communications Project 1

\* Information on unit availability is subject to change

Note: All Information Technology units have 3 contact hours per week

**Mathematics Units**

Students must complete at least 48 credit points from Level 3

Mathematics units:

**LEVEL 2 UNITS:**

MAB311	Advanced Calculus
MAB312	Linear Algebra
MAB313	Mathematics of Finance
MAB314	Statistical Modelling 2
MAB315	Operations Research 2
MAB380	Introduction to Supercomputing
MAB413	Differential Equations
MAB414	Applied Statistics 2
MAB420	Computational Mathematics 2
MAB422	Mathematical Modelling
MAB481	Visualisation and Data Analysis

**LEVEL 3 UNITS:**

MAB521	Applied Mathematics 3
MAB522	Computational Mathematics 3
MAB523	Introduction to Quality Management
MAB524	Statistical Inference
MAB525	Operations Research 3A
MAB526	Statistical Science 3
MAB580	Scientific Computation
MAB613	Partial Differential Equations
MAB621	Discrete Mathematics
MAB623	Financial Mathematics
MAB624	Applied Statistics 3
MAB625	Operations Research 3B

MAB640 Industry Project  
 MAB672 Advanced Mathematical Modelling  
 MAB681 Advanced Visualisation and Data Analysis  
 Note: All Mathematics units have 4 contact hours per week

### Course structure - Students commencing Semester 1 2001 or Semester 1 2002

For students with four semesters of Senior Mathematics B and Senior Mathematics C (or equivalent) with an exit assessment of at least Sound Achievement in both

#### Year 1, Semester 1

ITB225 Introduction To Databases  
 ITB410 Software Development 1  
 MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C

#### Year 1, Semester 2

ITB107 Programming Laboratory  
 ITB411 Software Development 2  
 ITB510 Data Communications  
 MAB210 Statistical Modelling 1  
 MAB220 Computational Mathematics 1

#### Year 2, Semester 1

ITB412 Technology Of Information Systems  
 ITB421 Software Development 3  
 ITB524 Internetworking  
 MAB101 Statistical Data Analysis 1  
 Level 2 or 3 Maths unit

 Level 2 or 3 Maths unit  
 Level 2 or 3 Maths unit

#### Year 4, Semester 2

IT Specialisation Unit selected from List 1  
 IT Specialisation Unit selected from List 1  
 Level 2 or 3 Maths unit

Level 2 or 3 Maths unit

**List 1: Information Technology Specialisation Units**

Select four units from the following list of units:

**COMPUTING SCIENCE:**

ITB420	Computer Architecture
ITB427	Concurrent And Distributed Systems
ITB433	Programming Languages
ITB434	Parallel Computing
ITB441	Graphics
ITB442	Foundations Of Artificial Intelligence
ITB447	Project
ITB456	Graphic User Interfaces
ITB458	Java And Extensible Programming
ITB461	Foundations Of Neurocomputing
ITB463	Pattern Recognition
ITB464	Modern Compiler Construction
ITB466	Component Technology
ITB468	Software Engineering Project
ITB469	Unix Systems Programming And Administration
ITB470	Windows 2000 System Programming And Administration

**DATA COMMUNICATIONS:**

ITB523	Data Security
ITB525	Network Administration
ITB533	Comparative Network Systems
ITB549	Error Control And Data Compression
ITB551	Network Planning
ITB564	Application Services
ITB565	Network Management
ITB566	Introduction To Cryptology
ITB568	Wireless Networks
ITB569	Network Security For E-Commerce
ITB576	Data Communications Project 1

**Mathematics Units**

See 2003 Course Structure in this course for details.

**Course structure - Students who commenced Semester 1 1999 or previous years**

Students who need to complete units from year 1 to 3 should contact the Associate Course Coordinator for enrolment advice

**INFORMATION TECHNOLOGY MAJORS**

Information Technology majors are available in the following areas:

- A: Data Communications (DAT)
- B: Information Management (IFM)
- C: Information Systems (ISS)
- D: Software Engineering (SOF)

**A: Data Communications Major (DAT)**

**Year 4, Semester 1**

- Specialisation Unit selected from List 2
- Specialisation Unit selected from List 2
- Level 2 or 3 Maths Unit
- Level 2 or 3 Maths Unit

**Year 4, Semester 2**

- Specialisation Unit selected from List 2
- Specialisation Unit selected from List 2
- Level 2 or 3 Maths Unit
- Level 2 or 3 Maths Unit
- The following maths units must be undertaken by students in the Data Communications Major: MAB315 Operations Research 2 and MAB312 Linear Algebra
- LIST 2: SPECIALISATION UNITS
- In addition to the mandatory units, students undertaking the Data Communications Major are required to successfully complete the following:

Any five units to be selected - Any 3 units included in List 2A, and any other 2 units listed in either List 2A or 2B

List 2A:

ITB523	Data Security
ITB529	Network Services
ITB533	Comparative Network Systems
ITB549	Error Control And Data Compression
ITB551	Network Planning
ITB564	Application Services
ITB565	Network Management
ITB566	Introduction To Cryptology
ITB576	Data Communications Project 1
ITN556	Advanced Topics In Cryptology

Data Communications major students who complete the Industrial Internship Program will substitute ITB906 Industrial Training Experience for ITB576

List 2B:

ITB222	Business Systems Analysis
ITB241	Information Technology Management
ITB257	Multimedia Systems
ITB258	ABAP Programming
ITB260	E-Commerce Site Development
ITB427	Concurrent And Distributed Systems
ITB448	Object Technology
ITB458	Java And Extensible Programming
ITB469	Unix Systems Programming And Administration

**B: Information Management Major (IFM)**

**Year 4, Semester 1**

- ITB226 Information Theory
- Specialisation Unit selected from List 3
- Level 2 or 3 Maths Unit
- Level 2 or 3 Maths Unit

**Year 4, Semester 2**

- ITB330 Information Issues
- Specialisation Unit selected from List 3
- Level 2 or 3 Maths Unit
- Level 2 or 3 Maths Unit
- LIST 3: SPECIALISATION UNIT
- Three units to be selected from one of the following specialisations:

Business:

BSB114	Government, Business And Society
BSB116	Marketing And International Business
ITB240	Project (Information Systems)
ITB341	Strategic Information And Knowledge Management
PYB057	Applied Cognitive Psychology

Library Studies:

ITB335	Digital Libraries
ITB337	Information Organisation 1
ITB338	Information Resource Provision
ITB339	Professional Practice

Science of Information:

ITB229	Information Systems Specification
ITB240	Project (Information Systems)
ITB335	Digital Libraries
MAB101	Statistical Data Analysis 1

Information Systems:

ITB240	Project (Information Systems)
ITB241	Information Technology Management
ITB260	E-Commerce Site Development

Information Systems Elective

Information Management major students who complete the Industrial Internship Program will substitute ITB906 for ITB240 Group Project

**C: Information Systems Major (ISS)**

**Year 4, Semester 1**

ITB223	4GL Systems
ITB241	Information Technology Management
	Level 2 or 3 Maths Unit
	Level 2 or 3 Maths Unit

**Year 4, Semester 2**

ITB236	Object-Oriented Analysis And Design
ITB240	Project (Information Systems)
	Level 2 or 3 Maths Unit
	Level 2 or 3 Maths Unit
	Information Systems major students who complete the Industrial Internship Program will substitute ITB906 Industrial Training Experience for ITB240

**D: Software Engineering Major (SOF)**

**Year 4, Semester 1**

ITB432	Advanced Programming Laboratory
ITB433	Programming Languages
	Level 2 or 3 Maths Unit
	Level 2 or 3 Maths Unit
	Computing Science major students who complete the Industrial Internship Education program will substitute ITB906 Industrial Training Experience for ITB432

**Year 4, Semester 2**

- IT Elective Unit \*
- Specialisation Unit selected from List 4
- Level 2 or 3 Maths Unit
- Level 2 or 3 Maths Unit
- \* To be selected from units available in the Bachelor of Information Technology, subject to the approval of the major coordinator

**LIST 4: SPECIALISATION UNITS**

Two units to be selected from one of the following specialisations:

Computing Systems:

ITB464	Modern Compiler Construction
ITB469	Unix Systems Programming And Administration
ITB470	Windows 2000 System Programming And Administration
	Neurocomputing/Artificial Intelligence:
ITB442	Foundations Of Artificial Intelligence
ITB461	Foundations Of Neurocomputing
	Software Engineering:
ITB454	Software Quality Assurance
ITB466	Component Technology

**MATHEMATICS UNITS**

See 2003 Course Structure in this course for details.

## ■ Bachelor of Applied Science/Bachelor of Business (IF61)

**Award title:** Bachelor of Applied Science (Study Area

A)/Bachelor of Business (Study Area A)

**Location:** Gardens Point

**Course duration (full-time):** 4 years

**Total credit points:** 432

**Standard credit points per semester (full-time):** 54 (average)

**Course coordinator:** Dr Megan Hargreaves (Science); Mr Andrew Paltridge (Business)

**Discipline coordinator:** Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Mr John Polichronis (Banking and Finance); Mr Eugene McCann (Economics); Ms Sherrena Buckby (Electronic Business); Dr Kate Hutchings (Human Resource Management); Mr Simon Ridings (International Business); Dr Glenda Maconachie (Management); Ms Cathy Neal (Marketing); Ms Robina Xavier (Public Relations)

### Professional Recognition

For graduates with approved study relevant professional bodies include: Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, Australian Biotechnology Association, Australian Institute of Geoscientists, Australian Institute of Physics, Australian Society for Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute.

Students completing the Bachelor of Business degree may, subject to choice of major, extended major and elective units, satisfy the academic requirements for membership of Certified Practising Accountants (CPA) Australia, Institute of Chartered Accountants in Australia (ICAA), Australasian Institute of Banking and Finance, Economic Society of Australia (Queensland Division), Australasian Institute of Export, Advertising Institute of Australia, Society of Business Communicators, Public Relations Institute of Australia, Australian Human Resources Institute, Australian Institute of Management, Australian Institute of Training and Development, Australian Marketing Institute, Marketing Research Society of Australia, American Marketing Association.

### Course Structure

Students are required to complete 432 credit points comprised of 192 credit points from the Bachelor of Applied Science program and 240 credit points from the Bachelor of Business program. Students supplement the applied science component of this program with the 96 credit point faculty core units in the Bachelor of Business program together with a 72 point credit point major, and a further 72 credit points in which the student must complete one of the following: double major, extended major or specialisation. Business majors available are: Accountancy, Advertising, Banking and Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing and Public Relations.

The Applied Science component includes the science core units, one major and one minor area of study. Applied Science majors: Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Geoscience, Microbiology and Physics.

The full-time course structure indicated below is generalised because of the flexibility of the double degree program, which allows students to combine one of nine business majors (plus an associated double major, extended major, or specialisation) with one of eight science majors.

### Course Requirements

Students with a major of Accounting, Banking and Finance or Economics, replace EFB101 Data Analysis for Business with MAB101 Statistical Data Analysis 1, and select an Applied Science elective related to their science major to satisfy the Science component.

### Course Structure - Accountancy

#### Year 1, Semester 1

BSB110	Accounting
BSB113	Economics
	Applied Science Core - List A
	Applied Science Core - List A

#### Year 1, Semester 2

BSB111	Business Law And Ethics
BSB122	Business Information Analysis And Communication
AYB121	Financial Accounting
	Applied Science Core - List A
	Applied Science Core - List B

#### Year 2, Semester 1

BSB115	Management, People And Organisations
MAB101	Statistical Data Analysis 1
AYB220	Company Accounting
	Applied Science Core - List B
	Applied Science Core - List B

#### Year 2, Semester 2

BSB114	Government, Business And Society
BSB126	Marketing
	Applied Science Major - Level 1 or Level 2
	Applied Science Major - Level 1 or Level 2

#### Year 3, Semester 1

AYB225	Management Accounting
BSB119	International And Electronic Business
	Applied Science Major - Level 2
	Applied Science Major - Level 2

#### Year 3, Semester 2

AYB221	Computerised Accounting Systems
	Business Double Major/Extended Major/Specialisation Unit
	Business Double Major/Extended Major/Specialisation Unit
	Applied Science Major - Level 2
	Applied Science Major - Level 2

#### Year 4, Semester 1

AYB301	Auditing
	Business Double Major/Extended Major/Specialisation Unit
	Business Double Major/Extended Major/Specialisation Unit
	Applied Science Major - Level 3
	Applied Science Major - Level 3

#### Year 4, Semester 2

	Business Double Major/Extended Major/Specialisation Unit
	Business Double Major/Extended Major/Specialisation Unit
	Applied Science Major - Level 3
	Applied Science Major - Level 3

### Course Structure - Advertising

#### Year 1, Semester 1

BSB122	Business Information Analysis And Communication
BSB126	Marketing
	Applied Science Core - List A
	Applied Science Core - List A

#### Year 1, Semester 2

BSB114	Government, Business And Society
AMB200	Consumer Behaviour
AMB220	Advertising Theory And Practice
	Applied Science Core - List A
	Applied Science Core - List B

**Year 2, Semester 1**

BSB115 Management, People And Organisations  
 BSB119 International And Electronic Business  
 AMB222 Media Planning  
 Applied Science Core - List B  
 Applied Science Core - List B

**Year 2, Semester 2**

AMB221 Advertising Copywriting  
 Business Double Major/Extended Major/ Specialisation Unit  
 Applied Science Major - Level 1 or Level 2  
 Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

BSB113 Economics  
 Business Double Major/Extended Major/ Specialisation Unit  
 Applied Science Major - Level 1  
 Applied Science Major - Level 1

**Year 3, Semester 2**

BSB110 Accounting  
 BSB111 Business Law And Ethics  
 Business Double Major/Extended Major/ Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 4, Semester 1**

AMB320 Advertising Management  
 Business Double Major/Extended Major/ Specialisation Unit  
 Business Double Major/Extended Major/ Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Year 4, Semester 2**

AMB321 Advertising Campaigns  
 Business Double Major/Extended Major/ Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Course Structure - Banking & Finance**
**Year 1, Semester 1**

BSB110 Accounting  
 BSB113 Economics  
 Applied Science Core - List A  
 Applied Science Core - List A

**Year 1, Semester 2**

BSB122 Business Information Analysis And Communication  
 EFB102 Economics 2  
 MAB101 Statistical Data Analysis 1  
 Applied Science Core - List A  
 Applied Science Core - List B

**Year 2, Semester 1**

BSB119 International And Electronic Business  
 BSB126 Marketing  
 EFB210 Finance 1  
 Applied Science Core - List B  
 Applied Science Core - List B

**Year 2, Semester 2**

BSB114 Government, Business And Society  
 EFB307 Finance 2  
 Applied Science Major - Level 1 or Level 2  
 Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

BSB111 Business Law And Ethics  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 3, Semester 2**

BSB115 Management, People And Organisations  
 EFB312 International Finance And Economics  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 4, Semester 1**

EFB201 Financial Markets  
 Business Double Major/Extended Major/Specialisation Unit  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Year 4, Semester 2**

Business Double Major/Extended Major/Specialisation Unit  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Course Structure - Economics**
**Year 1, Semester 1**

BSB113 Economics  
 BSB122 Business Information Analysis And Communication  
 Applied Science Core - List A  
 Applied Science Core - List A

**Year 1, Semester 2**

BSB119 International And Electronic Business  
 EFB102 Economics 2  
 MAB101 Statistical Data Analysis 1  
 Applied Science Core - List A  
 Applied Science Core - List B

**Year 2, Semester 1**

BSB110 Accounting  
 BSB126 Marketing  
 EFB202 Business Cycles And Economic Growth  
 Applied Science Core - List B  
 Applied Science Core - List B

**Year 2, Semester 2**

BSB114 Government, Business And Society  
 EFB323 Financial And Monetary Economics  
 Applied Science Major - Level 1 or Level 2  
 Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

EFB211 Firms, Markets And Resources  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 3, Semester 2**

BSB115 Management, People And Organisations  
 EFB314 International Trade And Economic Competitiveness  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 4, Semester 1**

BSB111 Business Law And Ethics  
 Business Double Major/Extended Major/Specialisation Unit  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 4, Semester 2**

Business Double Major/Extended Major/Specialisation Unit  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Course Structure - Electronic Business**

NOTE: The EB Major can only be undertaken in conjunction with another Business Major

**Year 1, Semester 1**

BSB119 International And Electronic Business  
 BSB122 Business Information Analysis And Communication  
 Applied Science Core - List A  
 Applied Science Core - List A

**Year 1, Semester 2**

BSB110 Accounting  
 BSB115 Management, People And Organisations  
 ITB825 Electronic Business Information Systems  
 Applied Science Core - List A  
 Applied Science Core - List B

**Year 2, Semester 1**

BSB111 Business Law And Ethics  
 BSB126 Marketing  
 BSB212 Electronic Business Applications  
 Applied Science Core - List B  
 Applied Science Core - List B

**Year 2, Semester 2**

BSB113 Economics  
 BSB114 Government, Business And Society  
 Applied Science Major - Level 1 or Level 2  
 Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

MGB334 Managing In A Changing Environment  
 Electronic Business Elective (see list below)  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 3, Semester 2**

BSB213 Legal Issues In Electronic Business  
 BSB313 Business Strategy And Technology

Business Double Major Unit  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 4, Semester 1**

Business Double Major Unit  
Business Double Major Unit  
Business Double Major Unit  
Applied Science Major - Level 3  
Applied Science Major - Level 3

**Year 4, Semester 2**

Business Double Major Unit  
Business Double Major Unit  
Applied Science Major - Level 3  
Applied Science Major - Level 3

**Electronic Business Elective List:**

AMB230 Internet Promotion  
AMB241 E-Marketing Strategies  
AYB221 Computerised Accounting Systems  
IBB223 Emerging Technologies And International Business  
ITB233 Enterprise Systems Applications  
ITB823 Web Sites For Electronic Commerce  
ITB114 Introduction to Network Technologies  
MGB216 Managing Technology, Innovation And Knowledge

**Course Structure - Human Resource Management**

**Year 1, Semester 1**

BSB115 Management, People And Organisations  
BSB122 Business Information Analysis And Communication  
Applied Science Core - List A  
Applied Science Core - List A

**Year 1, Semester 2**

BSB113 Economics  
BSB114 Government, Business And Society  
MGB222 Managing Organisations  
Applied Science Core - List A  
Applied Science Core - List B

**Year 2, Semester 1**

BSB119 International And Electronic Business  
BSB126 Marketing  
MGB220 Management Research Methods  
Applied Science Core - List B  
Applied Science Core - List B

**Year 2, Semester 2**

BSB110 Accounting  
BSB111 Business Law And Ethics  
Applied Science Major - Level 1 or Level 2  
Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

MGB207 Human Resource Issues And Strategy  
MGB211 Organisational Behaviour  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 3, Semester 2**

Double Major/Extended Major/Specialisation  
Double Major/Extended Major/Specialisation  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 4, Semester 1**

MGB314 Organisational Consulting And Change  
Double Major/Extended Major/Specialisation  
Double Major/Extended Major/Specialisation  
Applied Science Major - Level 3  
Applied Science Major - Level 3

**Year 4, Semester 2**

MGB309 Strategic Management  
Double Major/Extended Major/Specialisation  
Double Major/Extended Major/Specialisation  
Applied Science Major - Level 3  
Applied Science Major - Level 3

**Course Structure - International Business**

**Year 1, Semester 1**

BSB113 Economics  
BSB119 International And Electronic Business  
Applied Science Core - List A  
Applied Science Core - List A

**Year 1, Semester 2**

BSB114 Government, Business And Society  
BSB126 Marketing

IBB202 Business And The World Economy  
Applied Science Core - List A  
Applied Science Core - List B

**Year 2, Semester 1**

BSB115 Management, People And Organisations  
BSB122 Business Information Analysis And Communication  
IBB211 Globalisation And Business  
Applied Science Core - List B  
Applied Science Core - List B

**Year 2, Semester 2**

BSB110 Accounting  
BSB111 Business Law And Ethics  
Applied Science Major - Level 1 or Level 2  
Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

IBB210 Export Management  
Area Study 1  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 3, Semester 2**

Area Study 2  
Business Double Major/Extended Major/Specialisation Unit  
Business Double Major/Extended Major/Specialisation Unit  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 4, Semester 1**

IBB300 International Business Strategy  
Business Double Major/Extended Major/Specialisation Unit  
Business Double Major/Extended Major/Specialisation Unit  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 4, Semester 2**

Business Double Major/Extended Major/Specialisation Unit  
Business Double Major/Extended Major/Specialisation Unit  
Applied Science Major - Level 3  
Applied Science Major - Level 3

**Area Study Options:**

Students must select one of the following pairs of area study units:

IBB217 Asian Business Development  
IBB317 Contemporary Business In Asia  
OR  
IBB208 European Business Development  
IBB308 Contemporary Business In Europe

**Course Structure - Management**

**Year 1, Semester 1**

BSB115 Management, People And Organisations  
BSB122 Business Information Analysis And Communication  
Applied Science Core - List A  
Applied Science Core - List A

**Year 1, Semester 2**

BSB113 Economics  
BSB114 Government, Business And Society  
MGB222 Managing Organisations  
Applied Science Core - List A  
Applied Science Core - List B

**Year 2, Semester 1**

BSB119 International And Electronic Business  
BSB126 Marketing  
MGB220 Management Research Methods  
Applied Science Core - List B  
Applied Science Core - List B

**Year 2, Semester 2**

BSB110 Accounting  
BSB111 Business Law And Ethics  
Applied Science Major - Level 1 or Level 2  
Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

MGB210 Production And Service Management  
MGB211 Organisational Behaviour  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 3, Semester 2**

MGB334 Managing In A Changing Environment  
Double Major /Extended Major/Specialisation Unit  
Applied Science Major - Level 2  
Applied Science Major - Level 2

**Year 4, Semester 1**

Double Major /Extended Major/Specialisation Unit  
 Double Major /Extended Major/Specialisation Unit  
 Double Major /Extended Major/Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Year 4, Semester 2**

MGB309 Strategic Management  
 Double Major /Extended Major/Specialisation Unit  
 Double Major /Extended Major/Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Course Structure - Marketing Major**
**Year 1, Semester 1**

BSB122 Business Information Analysis And Communication  
 BSB126 Marketing  
 Applied Science - List A  
 Applied Science - List A

**Year 1, Semester 2**

BSB114 Government, Business And Society  
 AMB200 Consumer Behaviour  
 AMB240 Marketing Planning And Management  
 Applied Science Core - List A  
 Applied Science Core - List B

**Year 2, Semester 1**

BSB115 Management, People And Organisations  
 BSB119 International And Electronic Business  
 AMB201 Market And Audience Research  
 Applied Science Core - List B  
 Applied Science Core - List B

**Year 2, Semester 2**

AMB241 E-Marketing Strategies  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 1 or Level 2  
 Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

BSB113 Economics  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 3, Semester 2**

BSB110 Accounting  
 BSB111 Business Law And Ethics  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 4, Semester 1**

AMB340 Services Marketing  
 Business Double Major/Extended Major/Specialisation Unit  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Year 4, Semester 2**

AMB341 Strategic Marketing  
 Business Double Major/Extended Major/Specialisation Unit  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Course Structure - Public Relations**
**Year 1, Semester 1**

BSB122 Business Information Analysis And Communication  
 BSB126 Marketing  
 Applied Science Core - List A  
 Applied Science Core - List A

**Year 1, Semester 2**

BSB114 Government, Business And Society  
 BSB119 International And Electronic Business  
 AMB260 Public Relations Theory And Practice  
 Applied Science Core - List A  
 Applied Science Core - List B

**Year 2, Semester 1**

BSB115 Management, People And Organisations  
 AMB201 Market And Audience Research  
 AMB261 Media Relations And Publicity  
 Applied Science Core - List B  
 Applied Science Core - List B

**Year 2, Semester 2**

AMB262 Public Relations Writing

Business Double Major/Extended Major/Specialisation  
 Applied Science Major - Level 1 or Level 2  
 Applied Science Major - Level 1 or Level 2

**Year 3, Semester 1**

BSB113 Economics  
 Business Double Major/Extended Major/Specialisation  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 3, Semester 2**

BSB110 Accounting  
 BSB111 Business Law And Ethics  
 Business Double Major/Extended Major/Specialisation  
 Applied Science Major - Level 2  
 Applied Science Major - Level 2

**Year 4, Semester 1**

AMB360 Corporate Communication Management  
 Business Double Major/Extended Major/Specialisation  
 Business Double Major/Extended Major/Specialisation  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Year 4, Semester 2**

AMB361 Public Relations Campaigns  
 Business Double Major/Extended Major/Specialisation  
 Applied Science Major - Level 3  
 Applied Science Major - Level 3

**Applied Science Faculty Core Units**
**List A**

LSB118 Life Science  
 MAB101 Statistical Data Analysis 1  
 NRB100 Environmental Science  
 PCB101 Physical Science

**List B**

LSB238 Cell and Molecular Biology 1  
 MAB100 Mathematical Sciences 1A  
 MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C  
 NRB200 Environment Of South East Queensland  
 NRB230 Planet Earth  
 NRB270 Animal and Plant Structure and Function  
 PCB142 Chemistry 1  
 PCB242 Chemistry 2  
 PCB250 Physics 1  
 PCB260 Physics 1A

Note: Students in a Physics major must replace MAB101 with MAB131 or MAB180; and MAB112 with MAB132

**Level 1 Units**

BSB112 Introduction To Electronic Commerce  
 ITB410 Software Development 1  
 ITB843 Computing Applications  
 ITB849 Introduction To Technical Computing  
 LSB118 Life Science  
 LSB238 Cell and Molecular Biology 1  
 LSB258 Human Anatomy and Physiology  
 MAB100 Mathematical Sciences 1A  
 MAB101 Statistical Data Analysis 1  
 MAB105 Preparatory Mathematics  
 MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C  
 MAB131 Engineering Mathematics 1A  
 MAB132 Engineering Mathematics 1B  
 MAB180 Engineering Mathematics 1  
 MAB210 Statistical Modelling 1  
 MAB220 Computational Mathematics 1  
 NRB100 Environmental Science  
 NRB230 Planet Earth  
 NRB232 Environmental Geology  
 NRB270 Animal and Plant Structure and Function  
 PCB101 Physical Science  
 PCB107 Physics and Quantitative Techniques  
 PCB140 Introductory Chemistry  
 PCB142 Chemistry 1  
 PCB200 Chemical Technology 1  
 PCB242 Chemistry 2  
 PCB250 Physics 1  
 PCB260 Physics 1A  
 PYB012 Psychology  
 SCB222 Exploration of the Universe

## Level 2 Units

JSB937	Forensic Scientific Evidence
LSB308	Biochemistry
LSB309	Introduction to Intellectual Property Law
LSB328	Microbiology 1
LSB338	Cell and Molecular Biology 2
LSB358	Physiology 1
LSB397	Plant Physiology 1
LSB408	Metabolism
LSB428	Microbiology 2
LSB438	Immunology 1
LSB458	Physiology 2
LSB468	Molecular Biology
LSB497	Plant Molecular Biology
MAB134	Electrical Engineering Mathematics 3
MAB311	Advanced Calculus
MAB312	Linear Algebra
MAB313	Mathematics of Finance
MAB314	Statistical Modelling 2
MAB315	Operations Research 2
MAB380	Introduction to Supercomputing
MAB413	Differential Equations
MAB414	Applied Statistics 2
MAB420	Computational Mathematics 2
MAB422	Mathematical Modelling
MAB481	Visualisation and Data Analysis
NRB300	Environmental Monitoring
NRB311	Population Ecology
NRB312	Experimental Design
NRB331	Sedimentary Geology
NRB333	Mineralogy
NRB334	Mineral Deposits And Mine Geology
NRB370	Invertebrate Biology
NRB371	Plant Biology
NRB400	Environmental Systems
NRB410	Genetics and Evolution
NRB411	Ecological Methods
NRB434	Structural Geology and Field Methods
NRB435	Ore Genesis
NRB436	Introduction to Igneous and Metamorphic Petrology
NRB440	Environmental Chemistry
NRB470	Vertebrate Biology
PCB305	Principles of Physical Chemistry
PCB314	Concepts in Analytical Chemistry
PCB354	Structure and Mechanism in Organic Chemistry
PCB361	AC Theory and Electronics
PCB362	Physics 2
PCB404	Scientific Principles of Safety
PCB414	Industrial and Environmental Analytical Chemistry
PCB434	Inorganic Chemistry
PCB444	Spectroscopy
PCB460	Instrumentation and Computational Methods
PCB462	Thermodynamics and Solid State Physics
SCB100	Cooperative Education
SCB301	Science for Dean's Scholars
SCB302	Tutorial Program For Dean's Scholars
SCB401	Research Methods for Dean's Scholars
SCB402	Earth Resources Management

## Level 3 Units

LSB508	Advanced Metabolism
LSB509	Medical Biotechnology 1
LSB527	Biomedical Research Technologies
LSB528	Environmental Microbiology
LSB537	Genetic Engineering
LSB547	Bacterial Pathogenesis and Disease Diagnosis
LSB558	Advanced Physiology
LSB567	Immunology 2

## ■ Bachelor of Applied Science/Bachelor of Education (Early Childhood) (IF83)

**Award title:** Bachelor of Applied Science (Study Area A)/Bachelor of Education

**CRICOS code:** 020324C

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384 (192 in BAppSc and 192 in BEd)

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Megan Hargreaves (Science); Dr Gordon Tait (Education)

### Note

There will be no further intake into this course from 2003.

### Course Design

Graduates from this double degree will have a science degree with the same core support and choice of major study areas as

graduates from the Bachelor of Applied Science program. Education studies will comprise the co-major component.

In each of the first five semesters, students will take three (and in one semester, four) science units and one from education. The science units will be chosen from the core and advanced level units in the Bachelor of Applied Science program. In the first semester, the core units are designed to broaden students experiences of Science and the four units studied will generally include at least three of the following:

- Life Science, an introduction to the study of life processes, with cells and organisms as the central point of reference.
- Statistical Data Analysis, or how to extract valid results from data collected.
- Environmental Science, incorporating the chemical, physical and biological processes that influence the development of the air, the earth and the atmosphere.
- Physical Science, involving the basic concepts of physics and chemistry.

### Science Component:

The requirements of the IF83 course include the completion of 192 credit points of units offered by the Faculty of Science meeting all the requirements for the core and a major as specified for the SC01 program.

As indicated in the SC01 course rules, a major must be completed in one of the following subject areas: Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Geoscience, Mathematics, Microbiology, Physics. The majors that are most relevant to students intending to follow a career in Early Childhood education are Chemistry, Ecology, Geoscience, Mathematics or Physics.

Completion of a major consists of passing units totalling at least 96 credit points from the second and third schedules including a minimum of 48 credit points from the third schedule. Enrolment details are outlined in the SC01 Enrolment Book.

### Course structure

Students complete 192 credit points from units in the Bachelor of Applied Science degree (meeting all of the requirements of the core program and a major study), and 192 credit points from the Bachelor of Education (Early Childhood) program. The science units and the units EDB001, EAB442, EAB347 and EDB422 are undertaken during the first five semesters of the double degree program.

**■ Bachelor of Applied Science/Bachelor of Education (Primary) (IF84)**

**Award title:** Bachelor of Applied Science (Study Area A)/Bachelor of Education

**CRICOS code:** 037540M

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Megan Hargreaves (Science); Dr Gordon Tait (Education)

**Note**

Restricted intake in 2003.

The Bachelor of Applied Science/Bachelor of Education (Primary) IF84 course has been replaced by a newly coded Bachelor of Applied Science/Bachelor of Education (Primary) IX14 course with effect from 2003. There will be no new intake into this course in 2003 with the exception of students commencing their studies with significant advanced standing from previous tertiary level study.

### Course Design

Graduates from this double degree will have a science degree with the same core support and choice of major study areas as the graduates from the Bachelor of Applied Science program. Education studies will comprise the co-major component.

In each of the first five semesters, students will take three (and in one semester, four) science units and one from education. The science units will be chosen from the core and advanced level units in the Bachelor of Applied Science program. In the first semester, the core units are designed to broaden students experience of Science and the four units studied will generally include at least three of the following:

- Life Science, an introduction to the study of life processes, with cells and organisms as the central point of reference.
- Statistical Data Analysis, or how to extract valid results from data collected.
- Environmental Science, incorporating the chemical, physical and biological processes that influence the development of the air, the earth and the atmosphere.
- Physical Science, involving the basic concepts of physics and chemistry.

### Science Component:

The requirements of the IF84 course include the completion of 192 credit points of units offered by the Faculty of Science meeting all the requirements for the core and a major as specified for the SC01 program.

As indicated in the SC01 course rules, a major must be completed in one of the following subject areas: Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Geoscience, Mathematics, Microbiology, Physics. The majors that are most relevant to students intending to follow a career in primary education are Chemistry, Ecology, Geoscience, Mathematics or Physics.

Completion of a major consists of passing units totalling at least 96 credit points from the second and third schedules including a minimum of 48 credit points from the third schedule of the SC01 program.

### Professional Recognition

The Bachelor of Education (Primary) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland. Applicants for registration as a teacher in Queensland are subject to national criminal history checks.

For graduates with approved study: Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, Australian Biotechnology Association, Australian Institute of Geoscientists, Australian Institute of Physics, Australian Mathematical Society, Australian Society of Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Australian Society of Operations Research, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute, and the Statistical Society of Australia.

### Course Structure for Commencing Students in 2002

Students complete 192 credit points from units in the Bachelor of Applied Science degree (meeting all of the requirements of the core program and a major study), and 192 credit points from the Bachelor of Education (Primary) program. The science units and the units EDB001, MDB383, CLB376 and EDB430 are undertaken during the first five semesters of the double degree program.

 MDB450 Primary Mathematics Curriculum

**Year 4, Semester 2**

CLB306 Understanding Educational Practices  
 EDB433 Primary Professional Practice 4: Beginning Teaching  
 KKB914 Visual And Performing Arts Curriculum 1  
 SPB002 Psychology Of Learning And Teaching  
 In 2002 EDB432 will be available in semester 2 to students who do not successfully complete the requirements of the unit in semester 1. This offering will be in external mode only.

**NOTES**

Students with an approved LOTE background in their undergraduate degree who wish to undertake CLB334 Primary LOTE Curriculum Studies in place of CLB413 should contact the Student Affairs office on 3864 3847. CLB334 is offered internally in semester 2.

**Course structure - Major in Mathematics (WITH Maths C)**

**Year 1, Semester 1**

EDB001 Teaching and Learning Studies 1: Teaching in New Times  
 MAB101 Statistical Data Analysis 1

MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C

**Year 1, Semester 2**

MAB210 Statistical Modelling 1  
 MAB220 Computational Mathematics 1  
 MDB383 Using Technology In The Curriculum  
 PCB101 Physical Science

**Year 2, Semester 1**

CLB376 Studies Of Society And Environment Curriculum  
 One Science Elective  
 Two Level 2 Mathematics units # - available units are:

MAB311 Advanced Calculus  
 MAB312 Linear Algebra  
 MAB313 Mathematics of Finance  
 MAB314 Statistical Modelling 2

**Year 2, Semester 2**

EDB430 Primary Professional Practice 1: Classroom Management  
 Two Level 2 Mathematics units- available units are:

MAB315 Operations Research 2  
 MAB413 Differential Equations  
 MAB414 Applied Statistics 2  
 MAB420 Computational Mathematics 2  
 MAB422 Mathematical Modelling

One Level 3 Mathematics units - available units are:

MAB621 Discrete Mathematics  
 MAB623 Financial Mathematics

Note: Students must complete at least one of MAB311, MAB312, MAB413

**Year 3, Semester 1**

One Science Elective  
 Three Level 3 Mathematics units - available units are:

MAB521 Applied Mathematics 3  
 MAB522 Computational Mathematics 3  
 MAB523 Introduction to Quality Management  
 MAB524 Statistical Inference  
 MAB525 Operations Research 3A  
 MAB672 Advanced Mathematical Modelling

**Year 3, Semester 2**

CLB454 Language And Literacy Curriculum  
 EDB431 Primary Professional Practice 2: Curriculum Decision Making  
 MDB384 Science Education  
 SPB001 Human Development And Education

**Year 4, Semester 1**

CLB413 Programming And Assessment In Language And Mathematics  
 EDB432 Primary Professional Practice 3: The Inclusive Curriculum  
 HMB307 Health And Physical Education Curriculum (Primary)  
 MDB450 Primary Mathematics Curriculum

**Year 4, Semester 2**

CLB306 Understanding Educational Practices  
 EDB433 Primary Professional Practice 4: Beginning Teaching  
 KKB914 Visual And Performing Arts Curriculum 1  
 SPB002 Psychology Of Learning And Teaching

**NOTES**

Students with an approved LOTE background in their undergraduate degree who wish to undertake CLB334 Primary LOTE Curriculum Studies in place of CLB413 should contact the Student Affairs office on 3864 3847. CLB334 is offered internally in semester 2.

**Course structure - Major in Mathematics (WITHOUT Maths C)**

**Year 1, Semester 1**

EDB001 Teaching and Learning Studies 1: Teaching in New Times  
 MAB100 Mathematical Sciences 1A  
 MAB101 Statistical Data Analysis 1  
 PCB101 Physical Science

Note: In 2002 EDB432 will be available in Semester 2 to students who do not successfully complete the requirements of the unit in Semester 1. This offering will be in external mode only.

**NOTES**

Students with an approved LOTE background in their undergraduate degree who wish to undertake CLB334 Primary LOTE Curriculum Studies in place of CLB413 should contact the Student Affairs office on 3864 3847. CLB334 is offered internally in semester 2.

## ■ Bachelor of Applied Science/Bachelor of Education (Primary) (IX14)

**Award title:** Bachelor of Applied Science (Study Area A)/Bachelor of Education

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 4 years

**Total credit points:** 384

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr Megan Hargreaves (Science); Dr Gordon Tait (Education)

### Note

IX14 replaces IF84 for commencing students in 2003, and is subject to final approval.

Applicants to the IF84 course who have six units of credit of more should contact the faculty of education.

### Career Outcomes

The Bachelor of Applied Science allows multidisciplinary programs of study that not only help students position themselves within the broad range of science disciplines but also qualifies students as competent professionals in their chosen field.

Students are equipped to undertake research after graduation if they desire. The Bachelor of Education (Primary) prepares students to teach at all levels of the primary school. Students may also complete a discipline/content studies major in one of the key learning areas of the Queensland school curriculum.

### Professional Recognition

The Bachelor of Education (Primary) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland.

Applicants for registration as a teacher in Queensland are subject to national criminal history checks.

For graduates with approved study: Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, Australian Biotechnology Association, Australian Institute of Geoscientists, Australian Institute of Physics, Australian Mathematical Society, Australian Society of Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Australian Society of Operations Research, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute, and the Statistical Society of Australia.

### Course structure - Major in Biochemistry

#### Year 1, Semester 1

LSB118 Life Science  
PCB101 Physical Science

 CLB006 Primary Curriculum and Pedagogies: Language and Literacies 1

**Year 2, Semester 2**

NRB434 Structural Geology and Field Methods  
 NRB436 Introduction to Igneous and Metamorphic Petrology  
 NRB633 Hydrogeology  
 SCB222 Exploration of the Universe  
 MDB002 Primary Curriculum and Pedagogies: Mathematics 1

**Year 3, Semester 1**

NRB533 Advanced Geological Mapping  
 NRB534 Geophysics  
 NRB536 Petrology and Geochemistry  
 One Science Elective

Note: The major component in assessment and teaching of NRB533 is conducted as a field program during July.

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education  
 EDB022 Primary Field Studies II: Practising Education in the Field  
 EDB008 Primary Curriculum and Pedagogies: Interdisciplinary Primary Curriculum Studies I

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB023 Primary Field Studies III: Immersion in Inclusive Educational Practices  
 EDB009 Primary Curriculum and Pedagogies: Interdisciplinary Primary Curriculum Studies II

**Year 4, Semester 2**

EDB005 Teaching and Learning Studies V: Professional Work of Teachers  
 EDB024 Primary Field Studies IV: Professional Work of Teachers: Induction into the Field  
 EDB025 Internship (Primary)  
 SPB035 Primary Curriculum and Pedagogies: Integrated Primary and Middle Years Curriculum Project

**Course structure - Major in Mathematics (WITH Maths C)**

**Year 1, Semester 1**

MAB101 Statistical Data Analysis 1  
 MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

MAB210 Statistical Modelling 1  
 MAB220 Computational Mathematics 1  
 PCB101 Physical Science  
 EDB021 Primary Field Studies I: Development and Learning in the Field

**Year 2, Semester 1**

One Science Elective  
 Two Level 2 Mathematics units - available units are:  
 MAB311 Advanced Calculus  
 MAB312 Linear Algebra  
 MAB313 Mathematics of Finance  
 MAB314 Statistical Modelling 2  
 CLB006 Primary Curriculum and Pedagogies: Language and Literacies 1

**Year 2, Semester 2**

MDB002 Primary Curriculum and Pedagogies: Mathematics 1  
 Two Level 2 Mathematics units - available units are:  
 MAB315 Operations Research 2  
 MAB413 Differential Equations  
 MAB414 Applied Statistics 2  
 MAB420 Computational Mathematics 2  
 MAB422 Mathematical Modelling  
 One Level 3 Mathematics units - available units are:

MAB621 Discrete Mathematics  
 MAB623 Financial Mathematics  
 Note: Students must complete at least one of MAB311, MAB312, MAB413

**Year 3, Semester 1**

One Science Elective  
 Three Level 3 Mathematics units - available units are:

MAB521 Applied Mathematics 3  
 MAB522 Computational Mathematics 3  
 MAB523 Introduction to Quality Management  
 MAB524 Statistical Inference  
 MAB525 Operations Research 3A  
 MAB672 Advanced Mathematical Modelling

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education  
 EDB022 Primary Field Studies II: Practising Education in the Field  
 EDB008 Primary Curriculum and Pedagogies: Interdisciplinary Primary Curriculum Studies I

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB023 Primary Field Studies III: Immersion in Inclusive Educational Practices  
 EDB009 Primary Curriculum and Pedagogies: Interdisciplinary Primary Curriculum Studies II

**Year 4, Semester 2**

EDB005 Teaching and Learning Studies V: Professional Work of Teachers  
 EDB024 Primary Field Studies IV: Professional Work of Teachers: Induction into the Field  
 EDB025 Internship (Primary)  
 SPB035 Primary Curriculum and Pedagogies: Integrated Primary and Middle Years Curriculum Project

**Course structure - Major in Mathematics (WITHOUT Maths C)**

**Year 1, Semester 1**

MAB100 Mathematical Sciences 1A  
 MAB101 Statistical Data Analysis 1  
 PCB101 Physical Science  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C  
 MAB210 Statistical Modelling 1  
 EDB021 Primary Field Studies I: Development and Learning in the Field

**Year 2, Semester 1**

CLB006 Primary Curriculum and Pedagogies: Language and Literacies 1  
 MAB220 Computational Mathematics 1  
 Three Level 2 Mathematics units - available units are:

MAB311 Advanced Calculus  
 MAB312 Linear Algebra  
 MAB313 Mathematics of Finance  
 MAB314 Statistical Modelling 2

**Year 2, Semester 2**

MDB002 Primary Curriculum and Pedagogies: Mathematics 1  
 Two Level 2 Mathematics units - available units are:  
 MAB315 Operations Research 2  
 MAB413 Differential Equations  
 MAB414 Applied Statistics 2  
 MAB420 Computational Mathematics 2  
 MAB422 Mathematical Modelling  
 One Level 3 Mathematics units - available units are:

MAB621 Discrete Mathematics  
 MAB623 Financial Mathematics  
 Note: Students must complete at least one of MAB311, MAB312, MAB413

**Year 3, Semester 1**

One Science Elective  
 Three Level 3 Mathematics units - available units are:

MAB521 Applied Mathematics 3  
 MAB522 Computational Mathematics 3  
 MAB523 Introduction to Quality Management  
 MAB524 Statistical Inference  
 MAB525 Operations Research 3A  
 MAB672 Advanced Mathematical Modelling

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education

EDB022 Primary Field Studies II: Practising Education in the Field  
 EDB008 Primary Curriculum and Pedagogies: Interdisciplinary  
 Primary Curriculum Studies I

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB023 Primary Field Studies III: Immersion in Inclusive Educational  
 Practices  
 EDB009 Primary Curriculum and Pedagogies: Interdisciplinary  
 Primary Curriculum Studies II

**Year 4, Semester 2**

EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB024 Primary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB025 Internship (Primary)  
 SPB035 Primary Curriculum and Pedagogies: Integrated Primary and  
 Middle Years Curriculum Project

**Course structure - Major in Microbiology**

**Year 1, Semester 1**

LSB118 Life Science  
 PCB101 Physical Science  
 PCB142 Chemistry 1  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

LSB238 Cell and Molecular Biology 1  
 NRB270 Animal and Plant Structure and Function  
 PCB242 Chemistry 2  
 EDB021 Primary Field Studies I: Development and Learning in the  
 Field

**Year 2, Semester 1**

LSB308 Biochemistry  
 LSB338 Cell and Molecular Biology 2  
 Either  
 MAB101 Statistical Data Analysis 1  
 Or  
 NRB100 Environmental Science  
 CLB006 Primary Curriculum and Pedagogies: Language and Literacies  
 1

**Year 2, Semester 2**

LSB408 Metabolism  
 LSB428 Microbiology 2  
 LSB657 Perspectives in Life Science  
 MDB002 Primary Curriculum and Pedagogies: Mathematics 1

**Year 3, Semester 1**

LSB528 Environmental Microbiology  
 LSB547 Bacterial Pathogenesis and Disease Diagnosis  
 LSB578 Virology  
 One Science Elective

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education  
 EDB022 Primary Field Studies II: Practising Education in the Field  
 EDB008 Primary Curriculum and Pedagogies: Interdisciplinary  
 Primary Curriculum Studies I

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB023 Primary Field Studies III: Immersion in Inclusive Educational  
 Practices  
 EDB009 Primary Curriculum and Pedagogies: Interdisciplinary  
 Primary Curriculum Studies II  
 EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB024 Primary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB025 Internship (Primary)  
 SPB035 Primary Curriculum and Pedagogies: Integrated Primary and  
 Middle Years Curriculum Project

**Course structure - Major in Physics**

**Year 1, Semester 1**

EDB002 Teaching and Learning Studies II: Development and Learning  
 PCB101 Physical Science  
 PCB107 Physics and Quantitative Techniques  
 Either  
 LSB118 Life Science  
 Or  
 NRB100 Environmental Science  
 Either  
 MAB180 Engineering Mathematics 1

Or

MAB131 Engineering Mathematics 1A

**Year 1, Semester 2**

MAB132 Engineering Mathematics 1B  
 PCB250 Physics 1  
 PCB260 Physics 1A  
 EDB021 Primary Field Studies I: Development and Learning in the  
 Field

**Year 2, Semester 1**

MAB134 Electrical Engineering Mathematics 3  
 PCB361 AC Theory and Electronics  
 PCB362 Physics 2  
 CLB006 Primary Curriculum and Pedagogies: Language and Literacies  
 1

**Year 2, Semester 2**

PCB404 Scientific Principles of Safety  
 PCB460 Instrumentation and Computational Methods  
 PCB462 Thermodynamics and Solid State Physics  
 MDB002 Primary Curriculum and Pedagogies: Mathematics 1

**Year 3, Semester 1**

One Science Elective unit  
 PCB561 Quantum and Condensed Matter Physics  
 PCB562 Physical Methods of Analysis  
 PCB661 Experimental Physics

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education  
 EDB022 Primary Field Studies II: Practising Education in the Field  
 EDB008 Primary Curriculum and Pedagogies: Interdisciplinary  
 Primary Curriculum Studies I

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB023 Primary Field Studies III: Immersion in Inclusive Educational  
 Practices  
 EDB009 Primary Curriculum and Pedagogies: Interdisciplinary  
 Primary Curriculum Studies II

**Year 4, Semester 2**

EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB024 Primary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB025 Internship (Primary)  
 SPB035 Primary Curriculum and Pedagogies: Integrated Primary and  
 Middle Years Curriculum Project

**■ Bachelor of Applied Science/Bachelor of Education (Secondary) (IF71)**

**Award title:** Bachelor of Applied Science (Study Area  
 A)/Bachelor of Education

**CRICOS code:** 020322E

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 4 Years

**Total credit points:** 432

**Standard credit points per semester (full-time):** 48 (semesters  
 1, 6-8), 60 (semesters 2-5)

**Course coordinator:** Dr Megan Hargreaves (Science); Dr  
 Gordon Tait (Education)

**Professional Recognition**

The Bachelor of Education (Secondary) is recognised by the  
 Queensland Board of Teacher Registration as meeting the  
 requirements for registration as a teacher in Queensland.  
 Applicants for registration as a teacher in Queensland are subject  
 to national criminal history checks.

For graduates with approved study: Australasian Association of  
 Clinical Biochemists, Australasian Institute of Mining and  
 Metallurgy, Australian Biotechnology Association, Australian  
 Institute of Geoscientists, Australian Institute of Physics,  
 Australian Mathematical Society, Australian Society of  
 Biochemistry and Molecular Biology, Australian Society for  
 Medical Research, Australian Society for Microbiology,  
 Australian Society for Operations Research, Ecological Society  
 of Australia, Geological Society of Australia, Royal Australian  
 Chemical Institute, and the Statistical Society of Australia.

**Science Component**

The requirements of the IF71 course include the completion of 240 credit points of units offered by the Faculty of Science, meeting all of the requirements for the core and a major as specified for the SC01 program (details in the SC01 Enrolment Information and Guide) plus approved range of units suitable for Science Studies (or Mathematics Studies). As indicated in the SC01 course rules, a major must be completed in one of the following subject areas: Biochemistry, Biotechnology; Chemistry; Ecology; Environmental Science; Geoscience; Mathematics; Microbiology; Physics. Completion of a major consists of passing units totalling at least 96 credit points from the second and third levels including a minimum of 48 credit points from the third level. In view of the sciences offered in Secondary Schools, the majors that are most relevant to students intending to follow career in Secondary School teaching are Chemistry, Ecology, Geoscience, Mathematics or Physics.

**Course structure - Major in Biochemistry****Year 1, Semester 1**

LSB118	Life Science
MAB101	Statistical Data Analysis 1
PCB101	Physical Science
PCB142	Chemistry 1

**Year 1, Semester 2**

EDB001	Teaching and Learning Studies 1: Teaching in New Times
LSB238	Cell and Molecular Biology 1
NRB270	Animal and Plant Structure and Function
PCB242	Chemistry 2
SCB222	Exploration of the Universe

**Year 2, Semester 1**

**Alternative Year 4, Semester 2: Middle Years Pathway**

EDB443	Professional Internship Of Associate Teaching
SPB008	The Middle Years Of Schooling
SPB022	The Middle Years Curriculum
EDB453	Secondary Professional Practice 4: The Beginning Teacher

**Course structure - Major in Mathematics (WITHOUT Maths C)**
**Year 1, Semester 1**

LSB118	Life Science
MAB100	Mathematical Sciences 1A
MAB101	Statistical Data Analysis 1
PCB101	Physical Science

**Year 1, Semester 2**

EDB001	Teaching and Learning Studies 1: Teaching in New Times
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C
MAB210	Statistical Modelling 1
MDB454	Science, Technology and Society

**Year 2, Semester 1**

SPB001	Human Development And Education
PCB142	Chemistry 1
MAB220	Computational Mathematics 1 Two Level 2 Mathematics units - available units are:

MAB311	Advanced Calculus
MAB312	Linear Algebra
MAB313	Mathematics of Finance
MAB314	Statistical Modelling 2

**Year 2, Semester 2**

SPB002	Psychology Of Learning And Teaching Two Level 2 Mathematics units - available units are:
MAB315	Operations Research 2
MAB413	Differential Equations
MAB414	Applied Statistics 2
MAB420	Computational Mathematics 2
MAB422	Mathematical Modelling Two Level 3 Mathematics units - available units are:

MAB621	Discrete Mathematics
MAB623	Financial Mathematics
Note:	Students must complete at least one of MAB311, MAB312, MAB413

MAB621	Discrete Mathematics
MAB623	Financial Mathematics
Note:	Students must complete at least one of MAB311, MAB312, MAB413

**Year 3, Semester 1**

CLB341	Language, Technology And Education
NRB100	Environmental Science
PCB107	Physics and Quantitative Techniques Two Level 3 Mathematics units - available units are:

MAB521	Applied Mathematics 3
MAB522	Computational Mathematics 3
MAB523	Introduction to Quality Management
MAB524	Statistical Inference
MAB525	Operations Research 3A
MAB672	Advanced Mathematical Modelling

**Year 3, Semester 2**

EDB450	Secondary Professional Practice 1: Classroom Management
EDB451	Secondary Professional Practice 2: Curriculum Decision Making Curriculum Studies 1 (First Teaching Area) Curriculum Studies 1 (Second Teaching Area)

**Year 4, Semester 1**

CLB306	Understanding Educational Practices
EDB452	Secondary Professional Practice 3: The Inclusive Curriculum

Curriculum Studies 2 (First Teaching Area)  
Curriculum Studies 2 (Second Teaching Area)

**Year 4, Semester 2**

EDB453 Secondary Professional Practice 4: The Beginning Teacher  
Education Studies Elective (See List 3)  
Education Studies Elective (See List 3)  
Curriculum Studies Elective (See List 4)

EDB443 Professional Internship Of Associate Teaching  
SPB008 The Middle Years Of Schooling  
SPB022 The Middle Years Curriculum  
EDB453 Secondary Professional Practice 4: The Beginning Teacher

**Course structure - Major in Microbiology**

**Year 1, Semester 1**

LSB118 Life Science  
MAB101 Statistical Data Analysis 1  
PCB101 Physical Science  
PCB142 Chemistry 1

**Year 1, Semester 2**

EDB001 Teaching and Learning Studies 1: Teaching in New Times  
LSB238 Cell and Molecular Biology 1  
NRB270 Animal and Plant Structure and Function  
PCB242 Chemistry 2  
SCB222 Exploration of the Universe

**Year 2, Semester 1**

LSB308 Biochemistry  
LSB328 Microbiology 1  
LSB338 Cell and Molecular Biology 2  
NRB100 Environmental Science  
SPB001 Human Development And Education

**Year 2, Semester 2**

LSB408 Metabolism  
LSB428 Microbiology 2  
NRB230 Planet Earth  
MDB454 Science, Technology and Society  
SPB002 Psychology Of Learning And Teaching

**Year 3, Semester 1**

CLB341 Language, Technology And Education  
LSB528 Environmental Microbiology  
LSB547 Bacterial Pathogenesis and Disease Diagnosis  
LSB568 Electron Microscopy  
LSB578 Virology

**Year 3, Semester 2**

EDB450 Secondary Professional Practice 1: Classroom Management  
EDB451 Secondary Professional Practice 2: Curriculum Decision Making  
Curriculum Studies 1 (First Teaching Area)  
Curriculum Studies 1 (Second Teaching Area)

**Year 4, Semester 1**

CLB306 Understanding Educational Practices  
EDB452 Secondary Professional Practice 3: The Inclusive Curriculum  
Curriculum Studies 2 (First Teaching Area)  
Curriculum Studies 2 (Second Teaching Area)

**Year 4, Semester 2**

EDB453 Secondary Professional Practice 4: The Beginning Teacher  
Education Studies Elective (See List 3)  
Education Studies Elective (See List 3)  
Curriculum Studies Elective (See List 4)

**Alternative Year 4, Semester 2: Middle Years Pathway**

EDB443 Professional Internship Of Associate Teaching  
SPB008 The Middle Years Of Schooling  
SPB022 The Middle Years Curriculum  
EDB453 Secondary Professional Practice 4: The Beginning Teacher

**Course structure - Major in Physics**

**Year 1, Semester 1**

PCB101 Physical Science  
PCB107 Physics and Quantitative Techniques  
NRB100 Environmental Science  
Either

MAB180 Engineering Mathematics 1  
Or

MAB131 Engineering Mathematics 1A

**Year 1, Semester 2**

EDB001 Teaching and Learning Studies 1: Teaching in New Times  
MAB132 Engineering Mathematics 1B  
PCB250 Physics 1  
PCB260 Physics 1A

SCB222 Exploration of the Universe

**Year 2, Semester 1**

MAB134 Electrical Engineering Mathematics 3  
PCB142 Chemistry 1  
PCB361 AC Theory and Electronics  
PCB362 Physics 2  
SPB001 Human Development And Education

**Year 2, Semester 2**

PCB404 Scientific Principles of Safety  
PCB460 Instrumentation and Computational Methods  
PCB462 Thermodynamics and Solid State Physics  
MDB454 Science, Technology and Society  
SPB002 Psychology Of Learning And Teaching

**Year 3, Semester 1**

CLB341 Language, Technology And Education  
LSB118 Life Science  
PCB561 Quantum and Condensed Matter Physics  
PCB562 Physical Methods of Analysis  
PCB661 Experimental Physics

**Year 3, Semester 2**

EDB450 Secondary Professional Practice 1: Classroom Management  
EDB451 Secondary Professional Practice 2: Curriculum Decision Making  
Curriculum Studies 1 (First Teaching Area)  
Curriculum Studies 1 (Second Teaching Area)

**Year 4, Semester 1**

CLB306 Understanding Educational Practices  
EDB452 Secondary Professional Practice 3: The Inclusive Curriculum  
Curriculum Studies 2 (First Teaching Area)  
Curriculum Studies 2 (Second Teaching Area)

**Year 4, Semester 2**

EDB453 Secondary Professional Practice 4: The Beginning Teacher  
Education Studies Elective (See List 3)  
Education Studies Elective (See List 3)  
Curriculum Studies Elective (See List 4)

**Alternative Year 4, Semester 2: Middle Years Pathway**

EDB443 Professional Internship Of Associate Teaching  
SPB008 The Middle Years Of Schooling  
SPB022 The Middle Years Curriculum  
EDB453 Secondary Professional Practice 4: The Beginning Teacher

**EDUCATION COMPONENT**

**Course Structure**

EDB001, SPB001, SPB002 and CLB341 must be completed in the first five semesters of the course.

**Year 3, Semester 2**

EDB450 Secondary Professional Practice 1: Classroom Management  
EDB451 Secondary Professional Practice 2: Curriculum Decision Making  
Curriculum Studies 1 (First Teaching Area)  
Curriculum Studies 1 (Second Teaching Area)

**Year 4, Semester 1**

CLB306 Understanding Educational Practices  
EDB452 Secondary Professional Practice 3: The Inclusive Curriculum  
Curriculum Studies 2 (First Teaching Area)  
Curriculum Studies 2 (Second Teaching Area)

**Year 4, Semester 2**

EDB453 Secondary Professional Practice 4: The Beginning Teacher  
Education Studies Elective (See List 3)  
Education Studies Elective (See List 3)  
Curriculum Studies Elective (See List 4)

**Alternative Year 4, Semester 2: Middle Years Pathway**

EDB443 Professional Internship Of Associate Teaching  
SPB008 The Middle Years Of Schooling  
SPB022 The Middle Years Curriculum  
EDB453 Secondary Professional Practice 4: The Beginning Teacher

**Curriculum Studies 1 – List 1**

MDB325 Biology Curriculum Studies 1  
MDB327 Chemistry Curriculum Studies 1  
MDB331 Earth Science Curriculum Studies 1  
MDB333 Mathematics Curriculum Studies 1  
MDB335 Physics Curriculum Studies 1  
MDB337 Science Curriculum Studies 1

**Curriculum Studies 2 – List 2**

MDB326 Biology Curriculum Studies 2  
MDB328 Chemistry Curriculum Studies 2  
MDB332 Earth Science Curriculum Studies 2

MDB334	Mathematics Curriculum Studies 2: Senior Mathematics
MDB452	Mathematics Curriculum Studies 2: Junior & Vocational Mathematics
MDB336	Physics Curriculum Studies 2
MDB338	Science Curriculum Studies 2
Education Studies Elective Units	

### List 3

CLB301	Powerful Teachers, Powerful Students
CLB302	Identifying And Responding To Student Difference
CLB346	Case Studies In Adult And Family Literacy
CLB347	Teaching Students From Non-English Speaking Backgrounds
CLB401	Cultural Diversity And Education
CLB402	Issues In Indigenous Education
CLB403	Gender And Sexuality Issues For Teachers
EAB423	Museums: Places Of Learning
EDB440	Independent Study
EDB443	Professional Internship Of Associate Teaching
MDB300	Teaching In The Information Age
MDB381	Science And Technology In The Community And Workplace
SPB003	Teaching Children With Low Incidence Disabilities And Health Problems
SPB004	Teaching Exceptional Students
SPB006	Educational Counselling
SPB007	Human Sexuality And Learning
SPB008	The Middle Years Of Schooling
SPB009	Research Methods In Education
SPB010	Education Law And The Beginning Teacher
SPB011	Learning/teaching Environments
SPB012	Classroom And Behaviour Management
SPB017	Classroom Management: Models And Practice
SPB018	Teaching Strategies
SPB019	Introduction To Educational Administration
SPB020	Classroom Assessment Practices

### Curriculum Studies Electives – List 4

CLB334	Primary LOTE Curriculum Studies
CLB374	Studies Of Society And Environment
CLB377	Business Education Studies
CLB411	Introduction to Production Practice in Film and Media Curriculum
CLB412	Advanced Studies In English, ESL Curriculum
CLB443	Trends In The Teaching Of Reading
CLB453	New Literacies And Technologies Across The Curriculum
EDB440	Independent Study
MDB395	Marine Studies Curriculum
MDB414	Learning Environments Using Information Technology
MDP529	Diagnostic Assessment And Remedial Intervention In Mathematics
SPB013	Progressive Strategies For General And Vocational Education
SPB014	Advanced Skills Of Effective Learning And Teaching
SPB016	Teachers And The Curriculum
SPB022	The Middle Years Curriculum
HMB342	The Development Of Teaching Skills In Primary Physical Education
MDB453	Mathematics for Schools

### Science Component

Major in Physics (with Mathematics Studies)

Replace one science unit (not Physics units) with MAB101 Statistical Data Analysis 1

Optional - replace up to two other science units (not Physics units) with mathematics units from MAB210, MAB220 or Level 2 or Level 3 units.

Mathematics Studies for Majors other than Mathematics or Physics  
The following four mathematics units should be included:

MAB100	Mathematical Sciences 1A
MAB101	Statistical Data Analysis 1
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C

Up to two other mathematical units may also be selected.

## ■ Bachelor of Applied Science/Bachelor of Education (Secondary) (IX02)

**Award title:** Bachelor of Applied Science (Study Area A)/Bachelor of Education

**Location:** Gardens Point and Kelvin Grove

**Course duration (full-time):** 4 years

**Total credit points:** 432

**Standard credit points per semester (full-time):** 48 (semesters 1, 6-8), 60 (semesters 2-5)

**Course coordinator:** Dr Megan Hargreaves (Science); Dr Gordon Tait (Education)

### Note

IX02 replaces IF71 for commencing students in 2003, and is subject to final approval.

Applicants to the if71 course who have six units of credit or more should contact the faculty of education.

### Professional Recognition

The Bachelor of Education (Secondary) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland. Applicants for registration as a teacher in Queensland are subject to national criminal history checks.

For graduates with approved study: Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, Australian Biotechnology Association, Australian Institute of Geoscientists, Australian Institute of Physics, Australian Mathematical Society, Australian Society of Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Australian Society for Operations Research, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute, and the Statistical Society of Australia.

### Special Entry Requirements

As required by Queensland's Child Protection Act, students must undergo national criminal history checks (which must be renewed every two years) prior to undertaking field experience.

### Course structure - Major in Biochemistry

#### Year 1, Semester 1

LSB118	Life Science
PCB101	Physical Science
PCB142	Chemistry 1
EDB002	Teaching and Learning Studies II: Development and Learning

#### Year 1, Semester 2

EDB031	Secondary Field Studies I: Development and Learning in the Field
LSB238	Cell and Molecular Biology 1
NRB270	Animal and Plant Structure and Function
PCB242	Chemistry 2
SCB222	Exploration of the Universe

#### Year 2, Semester 1

LSB308	Biochemistry
LSB328	Microbiology 1
LSB338	Cell and Molecular Biology 2
NRB100	Environmental Science Curriculum Studies 1X

#### Year 2, Semester 2

MDB454	Science, Technology and Society
LSB408	Metabolism EITHER
LSB497	Plant Molecular Biology OR
LSB468	Molecular Biology
LSB608	Protein Science
MAB101	Statistical Data Analysis 1

#### Year 3, Semester 1

	Curriculum Studies 1Y
LSB508	Advanced Metabolism
LSB527	Biomedical Research Technologies EITHER
LSB568	Electron Microscopy

OR  
 LSB537 Genetic Engineering  
 PCB150 Physics 1H  
**Year 3, Semester 2**  
 EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**  
 EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**  
 EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

### Course structure - Major in Biotechnology

**Year 1, Semester 1**  
 LSB118 Life Science  
 PCB101 Physical Science  
 PCB142 Chemistry 1  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**  
 EDB031 Secondary Field Studies I: Development and Learning in the  
 Field  
 LSB238 Cell and Molecular Biology 1  
 NRB270 Animal and Plant Structure and Function  
 PCB242 Chemistry 2  
 SCB222 Exploration of the Universe

 LSB308 Biochemistry  
 LSB328 Microbiology 1  
 LSB338 Cell and Molecular Biology 2  
 NRB100 Environmental Science  
 Curriculum Studies 1X

**Year 2, Semester 2**  
 LSB408 Metabolism  
 LSB468 Molecular Biology  
 NRB230 Planet Earth  
 MAB101 Statistical Data Analysis 1  
 MDB454 Science, Technology and Society

**Year 3, Semester 1**  
 LSB527 Biomedical Research Technologies  
 LSB537 Genetic Engineering  
 LSB568 Electron Microscopy  
 EITHER  
 LSB509 Medical Biotechnology 1  
 OR  
 LSB577 Plant Biotechnology 1  
 Curriculum Studies 1Y

**Year 3, Semester 2**  
 EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**  
 EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**  
 EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

### Course structure - Major in Chemistry

**Year 1, Semester 1**  
 MAB101 Statistical Data Analysis 1  
 PCB101 Physical Science

PCB142 Chemistry 1  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**  
 EDB031 Secondary Field Studies I: Development and Learning in the  
 Field  
 MAB100 Mathematical Sciences 1A  
 PCB242 Chemistry 2  
 PCB260 Physics 1A  
 PCB434 Inorganic Chemistry

**Year 2, Semester 1**  
 NRB100 Environmental Science  
 PCB305 Principles of Physical Chemistry  
 PCB354 Structure and Mechanism in Organic Chemistry  
 PCB414 Industrial and Environmental Analytical Chemistry  
 Curriculum Studies IX

**Year 2, Semester 2**  
 MDB454 Science, Technology and Society  
 NRB230 Planet Earth  
 PCB444 Spectroscopy  
 PCB634 Organometallic and Coordination Chemistry  
 SCB222 Exploration of the Universe

**Year 3, Semester 1**  
 LSB118 Life Science  
 PCB505 Advanced Physical Chemistry  
 PCB554 Synthesis and Reactivity in Organic Chemistry  
 One of  
 PCB514 Instrumental Analysis  
 PCB584 Forensic Examination of Physical Evidence  
 PCB604 Project  
 Curriculum Studies 1Y

**Year 3, Semester 2**  
 EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**  
 EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**  
 EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

### Course structure - Major in Ecology

**Year 1, Semester 1**  
 LSB118 Life Science  
 NRB100 Environmental Science  
 PCB101 Physical Science  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**  
 EDB031 Secondary Field Studies I: Development and Learning in the  
 Field  
 MAB101 Statistical Data Analysis 1  
 NRB232 Environmental Geology  
 NRB270 Animal and Plant Structure and Function  
 NRB410 Genetics and Evolution

**Year 2, Semester 1**  
 NRB311 Population Ecology  
 NRB312 Experimental Design  
 NRB370 Invertebrate Biology  
 Curriculum Studies 1X

**Year 2, Semester 2**  
 MDB454 Science, Technology and Society  
 NRB411 Ecological Methods  
 NRB470 Vertebrate Biology  
 NRB611 Conservation Biology  
 SCB222 Exploration of the Universe

**Year 3, Semester 1**  
 NRB510 Population Genetics  
 NRB511 Population Management  
 NRB572 Terrestrial Ecosystems  
 Science elective  
 Curriculum Studies 1Y

**Year 3, Semester 2**

- EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**

- EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**

- EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

**Course structure - Major in Environmental Science**
**Year 1, Semester 1**

- LSB118 Life Science  
 NRB100 Environmental Science  
 PCB101 Physical Science  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

- EDB031 Secondary Field Studies I: Development and Learning in the  
 Field  
 MAB101 Statistical Data Analysis 1  
 MDB454 Science, Technology and Society  
 NRB232 Environmental Geology  
 PCB142 Chemistry 1

**Year 2, Semester 1**

- NRB300 Environmental Monitoring  
 NRB311 Population Ecology  
 Two elective Science units - recommended units are:  
 MAB100 Mathematical Sciences 1A  
 NRB370 Invertebrate Biology  
 NRB371 Plant Biology  
 ITB843 Computing Applications  
 Curriculum Studies 1X

**Year 2, Semester 2**

- NRB400 Environmental Systems  
 NRB440 Environmental Chemistry  
 NRB600 Issues in Environmental Science  
 NRB633 Hydrogeology  
 SCB222 Exploration of the Universe

**Year 3, Semester 1**

- NRB500 Environmental Modelling  
 NRB501 Mapping and Modelling of Natural Resource Data  
 One Science elective unit, taken from the group in year 2  
 semester 1 (above), plus  
 NRB572 Terrestrial Ecosystems  
 Curriculum Studies 1Y

**Year 3, Semester 2**

- EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**

- EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**

- EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

**Course structure - Major in Geology**
**Year 1, Semester 1**

- MAB101 Statistical Data Analysis 1  
 NRB100 Environmental Science  
 PCB101 Physical Science  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

- EDB031 Secondary Field Studies I: Development and Learning in the  
 Field  
 MAB100 Mathematical Sciences 1A  
 MDB454 Science, Technology and Society  
 NRB230 Planet Earth  
 PCB142 Chemistry 1

**Year 2, Semester 1**

- NRB300 Environmental Monitoring  
 NRB331 Sedimentary Geology  
 NRB333 Mineralogy  
 NRB334 Mineral Deposits And Mine Geology  
 Curriculum Studies 1X

**Year 2, Semester 2**

- NRB434 Structural Geology and Field Methods  
 NRB436 Introduction to Igneous and Metamorphic Petrology  
 NRB633 Hydrogeology  
 SCB222 Exploration of the Universe  
 One unit from  
 NRB435 Ore Genesis  
 NRB440 Environmental Chemistry

**Year 3, Semester 1**

- LSB118 Life Science  
 NRB533 Advanced Geological Mapping  
 NRB534 Geophysics  
 NRB536 Petrology and Geochemistry  
 The major component in assessment and teaching of NRB533  
 is conducted as a field program during July.  
 Curriculum Studies 1Y

**Year 3, Semester 2**

- EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**

- EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**

- EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

**Course structure - Major in Mathematics (WITH Maths C)**
**Year 1, Semester 1**

- MAB101 Statistical Data Analysis 1  
 MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

- EDB031 Secondary Field Studies I: Development and Learning in the  
 Field  
 MAB210 Statistical Modelling 1  
 MAB220 Computational Mathematics 1  
 MDB454 Science, Technology and Society  
 SCB222 Exploration of the Universe

**Year 2, Semester 1**

- PCB142 Chemistry 1  
 Three Level 2 Mathematics units \* - available units are:  
 MAB311 Advanced Calculus  
 MAB312 Linear Algebra  
 MAB313 Mathematics of Finance  
 MAB314 Statistical Modelling 2  
 Curriculum Studies 1X

**Year 2, Semester 2**

- PCB101 Physical Science  
 Two Level 2 Mathematics units \* - available units are:  
 MAB315 Operations Research 2  
 MAB413 Differential Equations  
 MAB414 Applied Statistics 2  
 MAB420 Computational Mathematics 2  
 MAB422 Mathematical Modelling  
 Two Level 3 Mathematics units - available units are:

MAB621 Discrete Mathematics  
 MAB623 Financial Mathematics  
 \* Students must complete at least one of MAB311, MAB312, MAB413

**Year 3, Semester 1**

LSB118 Life Science  
 PCB107 Physics and Quantitative Techniques  
 Two Level 3 Mathematics units - available units are:

MAB521 Applied Mathematics 3  
 MAB522 Computational Mathematics 3  
 MAB523 Introduction to Quality Management  
 MAB524 Statistical Inference  
 MAB525 Operations Research 3A  
 MAB672 Advanced Mathematical Modelling  
 Curriculum Studies 1Y

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**

EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

**Course structure - Major in Mathematics (WITHOUT Maths C)**

**Year 1, Semester 1**

MAB100 Mathematical Sciences 1A  
 MAB101 Statistical Data Analysis 1  
 PCB101 Physical Science  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

EDB031 Secondary Field Studies I: Development and Learning in the  
 Field

MAB111 Mathematical Sciences 1B  
 MAB112 Mathematical Sciences 1C  
 MAB210 Statistical Modelling 1  
 MDB454 Science, Technology and Society

**Year 2, Semester 1**

PCB142 Chemistry 1  
 MAB220 Computational Mathematics 1  
 Two Level 2 Mathematics units\*\* - available units are:

MAB311 Advanced Calculus  
 MAB312 Linear Algebra  
 MAB313 Mathematics of Finance  
 MAB314 Statistical Modelling 2  
 Curriculum Studies 1X

**Year 2, Semester 2**

LSB118 Life Science  
 Two Level 2 Mathematics Units\*\* - available units are:

MAB315 Operations Research 2  
 MAB413 Differential Equations  
 MAB414 Applied Statistics 2  
 MAB420 Computational Mathematics 2  
 MAB422 Mathematical Modelling  
 Two Level 3 Mathematics units - available units are:

MAB621 Discrete Mathematics  
 MAB623 Financial Mathematics  
 \*\* Students must complete at least one of MAB311, MAB312, MAB413

**Year 3, Semester 1**

NRB100 Environmental Science  
 PCB107 Physics and Quantitative Techniques  
 Two Level 3 Mathematics units - available units are:

MAB521 Applied Mathematics 3  
 MAB522 Computational Mathematics 3  
 MAB523 Introduction to Quality Management  
 MAB524 Statistical Inference  
 MAB525 Operations Research 3A

MAB672 Advanced Mathematical Modelling  
 Curriculum Studies 1Y

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**

EDB005 Teaching and Learning Studies V: Professional Work of  
 Teachers  
 EDB034 Secondary Field Studies IV: Professional Work of Teachers:  
 Induction into the Field  
 EDB035 Internship (Secondary)  
 Education Elective

**Course structure - Major in Microbiology**

**Year 1, Semester 1**

LSB118 Life Science  
 PCB101 Physical Science  
 PCB142 Chemistry 1  
 EDB002 Teaching and Learning Studies II: Development and Learning

**Year 1, Semester 2**

EDB031 Secondary Field Studies I: Development and Learning in the  
 Field

LSB238 Cell and Molecular Biology 1  
 NRB270 Animal and Plant Structure and Function  
 PCB242 Chemistry 2  
 SCB222 Exploration of the Universe

**Year 2, Semester 1**

LSB308 Biochemistry  
 LSB328 Microbiology 1  
 LSB338 Cell and Molecular Biology 2  
 NRB100 Environmental Science  
 Curriculum Studies 1X

**Year 2, Semester 2**

MDB454 Science, Technology and Society

LSB428 Microbiology 2

Either  
 LSB408 Metabolism  
 Or

LSB468 Molecular Biology  
 MAB101 Statistical Data Analysis 1  
 NRB230 Planet Earth

**Year 3, Semester 1**

LSB528 Environmental Microbiology  
 LSB547 Bacterial Pathogenesis and Disease Diagnosis  
 LSB568 Electron Microscopy  
 LSB578 Virology  
 Curriculum Studies 1Y

**Year 3, Semester 2**

EDB003 Teaching and Learning Studies III: Practising Education  
 EDB032 Secondary Field Studies II: Practising Education in the Field  
 Curriculum Studies 2X  
 Curriculum Studies 2Y

**Year 4, Semester 1**

EDB004 Teaching and Learning Studies IV: Inclusive Education  
 EDB033 Secondary Field Studies III: Immersion in Inclusive  
 Educational Practices  
 Curriculum Studies 3X  
 Curriculum Studies 3Y

**Year 4, Semester 2**

EDB034	Secondary Field Studies IV: Professional Work of Teachers: Induction into the Field
EDB035	Internship (Secondary) Education Elective

### Course structure - Major in Physics (with Mathematics Studies)

Replace one science unit (not Physics units) with MAB101 Statistical Data Analysis 1. Optional - replace up to two other science units (not Physics units) with mathematics units from MAB210, MAB220 or Level 2 or Level 3 units.

### Mathematics Studies for Majors other than Mathematics or Physics

The following four mathematics units should be included:

MAB100	Mathematical Sciences 1A
MAB101	Statistical Data Analysis 1
MAB111	Mathematical Sciences 1B
MAB112	Mathematical Sciences 1C

Up to two other mathematical units may also be selected.

### Curriculum Studies 1

MDB009	Biology Curriculum Studies 1
MDB012	Chemistry Curriculum Studies 1
MDB018	Earth Science Curriculum Studies 1
MDB021	Mathematics Curriculum Studies 1
MDB024	Physics Curriculum Studies 1
MDB027	Science Curriculum Studies 1

### Curriculum Studies 2

MDB010	Biology Curriculum Studies 2
MDB013	Chemistry Curriculum Studies 2
MDB019	Earth Science Curriculum Studies 2
MDB022	Mathematics Curriculum Studies 2
MDB025	Physics Curriculum Studies 2
MDB028	Science Curriculum Studies 2

### Curriculum Studies 3

MDB011	Biology Curriculum Studies 3
MDB014	Chemistry Curriculum Studies 3
MDB020	Earth Science Curriculum Studies 3
MDB023	Mathematics Curriculum Studies 3
MDB026	Physics Curriculum Studies 3
MDB029	Science Curriculum Studies 3

## ■ Bachelor of Applied Science/Bachelor of Information Technology (IF29)

**Award title:** Bachelor of Applied Science (Study Area A)/Bachelor of Information Technology

**CRICOS code:** 020327M

**Location:** Gardens Point

**Course duration (full-time):** 4 Years

**Total credit points:** 408 (Note: The minimum course load per semester required for full-time enrolment may be more than 36 credit points)

**Course coordinator:** Dr Megan Hargreaves (Science); Dr Colin Boyd (InfTech)

### Professional Recognition

Graduates are eligible for membership of the Australian Computer Society (ACS). For graduates with approved study relevant professional bodies for the Bachelor of Applied Science degree are Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, Australian Biotechnology Association, Australian Institute of Geoscientists, Australian Institute of Physics, Australian Mathematical Society, Australian Society for Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Australian Society for Operations Research, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute, Statistical Society of Australia.

### Course Structure

Students must complete 192 credit points of units offered within the Faculty of Science and meet all the requirements of the core and a major as specified for the SC01 Bachelor of Applied Science program.

### Course structure - Major in Biochemistry

#### Year 1, Semester 1

ITB111	Software Development 1
ITB115	Introduction to Databases
LSB118	Life Science
PCB101	Physical Science

#### Year 1, Semester 2

ITB112	Software Development 2
ITB114	Introduction to Network Technologies
ITB118	Systems Life Cycle
LSB238	Cell and Molecular Biology 1
NRB270	Animal and Plant Structure and Function

#### Year 2, Semester 1

ITB113	Introduction to Computer Architecture and System Software
ITB421	Software Development 3
ITB524	Internetworking
LSB142	Human Anatomy and Physiology
PCB142	Chemistry 1

#### Year 2, Semester 2

ITB527	Network Technologies
ITB529	Network Services
MAB101	Statistical Data Analysis 1
PCB242	Chemistry 2

#### Year 3, Semester 1

ITB420	Computer Architecture
LSB308	Biochemistry
LSB338	Cell and Molecular Biology 2 IT Specialisation Unit selected from List 1

#### Year 3, Semester 2

ITB424	Software Engineering Principles
ITB448	Object Technology
LSB408	Metabolism
LSB468	Molecular Biology

**Year 4, Semester 1**

ITB432	Advanced Programming Laboratory
LSB508	Advanced Metabolism
LSB527	Biomedical Research Technologies
	IT Specialisation Unit selected from List 1

**Year 4, Semester 2**

LSB607	Protein Purification
LSB608	Protein Science
	IT Specialisation Unit selected from List 1
	IT Specialisation Unit selected from List 1

**Course structure - Major in Biotechnology (Medical Strand)****Year 1, Semester 1**

ITB111	Software Development 1
ITB115	Introduction to Databases
LSB118	Life Science
PCB101	Physical Science

**Year 1, Semester 2**

ITB112	Software Development 2
ITB114	Introduction to Network Technologies
ITB118	Systems Life Cycle
LSB238	Cell and Molecular Biology 1
NRB270	Animal and Plant Structure and Function

**Year 2, Semester 1**

ITB113	Introduction to Computer Architecture and System Software
ITB421	Software Development 3
ITB524	Internetworking
LSB142	Human Anatomy and Physiology
PCB142	Chemistry 1

**Year 2, Semester 2**

ITB527	Network Technologies
ITB529	Network Services
MAB101	Statistical Data Analysis 1
PCB242	Chemistry 2

**Year 3, Semester 1**

ITB420	Computer Architecture
LSB308	Biochemistry
LSB338	Cell and Molecular Biology 2
	IT Specialisation Unit selected from List 1

**Year 3, Semester 2**

ITB424	Software Engineering Principles
ITB448	Object Technology
LSB408	Metabolism
LSB468	Molecular Biology

**Year 4, Semester 1**

ITB432	Advanced Programming Laboratory
LSB537	Genetic Engineering
LSB509	Medical Biotechnology 1
	IT Specialisation Unit selected from List 1

**Year 4, Semester 2**

LSB609	Medical Biotechnology 2
LSB619	Genomics
	IT Specialisation Unit selected from List 1
	IT Specialisation Unit selected from List 1

**Course structure - Major in Chemistry****Year 1, Semester 1**

ITB111	Software Development 1
ITB115	Introduction to Databases
MAB100	Mathematical Sciences 1A
PCB101	Physical Science

**Year 1, Semester 2**

ITB112	Software Development 2
ITB114	Introduction to Network Technologies
ITB118	Systems Life Cycle
LSB118	Life Science
MAB101	Statistical Data Analysis 1

**Year 2, Semester 1**

**IF29 - List 1: Information Technology Specialisation Units**

Select four units from the following list of units:

**Computing Science**

- ITB427 Concurrent And Distributed Systems
- ITB433 Programming Languages
- ITB441 Graphics
- ITB442 Foundations Of Artificial Intelligence
- ITB447 Project
- ITB434 Parallel Computing
- ITB454 Software Quality Assurance
- ITB456 Graphic User Interfaces
- ITB457 Windows Programming
- ITB458 Java And Extensible Programming
- ITB463 Pattern Recognition
- ITB464 Modern Compiler Construction
- ITB466 Component Technology
- ITB468 Software Engineering Project
- ITB469 Unix Systems Programming And Administration
- ITB470 Windows 2000 System Programming And Administration
- ITB471 Software Development For The Web

**Data Communications**

- ITB523 Data Security
  - ITB525 Network Administration
  - ITB533 Comparative Network Systems
  - ITB549 Error Control And Data Compression
  - ITB551 Network Planning
  - ITB564 Application Services
  - ITB565 Network Management
  - ITB566 Introduction To Cryptology
  - ITB568 Wireless Networks
  - ITB569 Network Security For E-Commerce
  - ITB576 Data Communications Project 1
- Note: All Information Technology units have 3 contact hours per week

**IF29 - Science Elective Units**

**Level 3 Geoscience Units**

- NRB501 Mapping and Modelling of Natural Resource Data
- NRB533 Advanced Geological Mapping
- NRB534 Geophysics
- NRB535 Geology of Fossil Fuels
- NRB536 Petrology and Geochemistry
- NRB633 Hydrogeology
- NRB635 Plate Tectonics and Advanced Structural Geology
- NRB636 Stratigraphy and Basin Analysis

**Level 2 LSB Units**

- LSB308 Biochemistry
- LSB309 Introduction to Intellectual Property Law
- LSB328 Microbiology 1
- LSB338 Cell and Molecular Biology 2
- LSB358 Physiology 1
- LSB397 Plant Physiology 1
- LSB408 Metabolism
- LSB428 Microbiology 2
- LSB438 Immunology 1
- LSB458 Physiology 2
- LSB468 Molecular Biology
- LSB497 Plant Molecular Biology

**■ Bachelor of Applied Science/Bachelor of Laws (IF39)**

**Award title:** Bachelor of Applied Science (Study Area A)/Bachelor of Laws

**CRICOS code:** 012661G

**Location:** Gardens Point

**Course duration (full-time):** 5 Years

**Total credit points:** 528

**Standard credit points per semester (full-time):** 60 (years 1 and 4), 48 (years 2, 3 and 5)

**Course coordinator:** Dr Megan Hargreaves (Science); Director, Undergraduate Programs (Law)

**Professional Recognition**

The Bachelor of Laws component covers the areas of law required for admission as a solicitor and/or barrister in all Australian states and territories. For graduates with approved study relevant professional bodies for the Bachelor of Applied Science degree are Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, Australian Biotechnology Association, Australian Institute of Geoscientists, Australian Institute of Physics, Australian Mathematical Society, Australian Society for Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Australian Society for Operations Research, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute, Statistical Society of Australia.

**Course Design**

The course is designed to cover all major areas of the law as well as allowing students to choose any one of the science majors that are offered in the Bachelor of Applied Science course (SC01). The science units are taken in conjunction with law units in the first three years, with the fourth and fifth years of the course normally consisting entirely of law units.

**Course structure - Major in Biochemistry**

**Year 1, Semester 1**

- Introduction to Legal Research #
  - LSB118 Life Science
  - LWB141 Legal Institutions And Method
  - LWB142 Law, Society And Justice
  - MAB101 Statistical Data Analysis 1
  - PCB101 Physical Science
- Note: Students who have an SA or better in Senior Chemistry may replace PCB101 with PCB142 and in Semester 2, replace PCB142 with PCB242.

**Year 1, Semester 2**

- LSB238 Cell and Molecular Biology 1
- LWB143 Legal Research And Writing
- LWB144 Laws And Global Perspectives
- NRB270 Animal and Plant Structure and Function
- PCB142 Chemistry 1

**Year 2, Semester 1**

- LSB308 Biochemistry
  - LSB338 Cell and Molecular Biology 2
  - LWB136 Contracts A
  - PCB242 Chemistry 2
- Note: Students who have previously completed PCB242 may replace this with a Science elective

**Year 2, Semester 2**

- LSB258 Human Anatomy and Physiology
- LSB408 Metabolism
- LSB468 Molecular Biology
- LWB137 Contracts B

**Year 3, Semester 1**

- LSB508 Advanced Metabolism
- LSB527 Biomedical Research Technologies
- LWB138 Fundamentals Of Torts
- LWB238 Fundamentals Of Criminal Law

**Year 3, Semester 2**

- LSB607 Protein Purification
- LSB608 Protein Science
- LWB139 Select Issues In Torts

LWB239 Criminal Responsibility  
**Year 4, Semester 1**  
 LWB231 Introduction To Public Law  
 LWB236 Real Property A  
 LWB240 Principles Of Equity  
 LWB332 Commercial And Personal Property Law  
 LWB333 Theories Of Law

**Year 4, Semester 2**  
 LWB235 Australian Federal Constitutional Law  
 LWB237 Real Property B  
 LWB241 Trusts  
 LWB331 Administrative Law  
 LWB334 Corporate Law

**Year 5, Semester 1**  
 LWB431 Civil Procedure  
 LWB432 Evidence  
 LWB434 Advanced Research And Legal Reasoning  
 Elective Units \*

**Year 5, Semester 2**  
 LWB433 Professional Responsibility  
 Elective Units \*

### Course structure - Major in Biotechnology [Medical Strand]

**Year 1, Semester 1**  
 Introduction to Legal Research #  
 LSB118 Life Science

LWB141 Legal Institutions And Method  
 LWB142 Law, Society And Justice  
 MAB101 Statistical Data Analysis 1  
 PCB101 Physical Science

Note: Students who have an SA or better in Senior Chemistry may replace PCB101 with PCB142 and in Semester 2, may replace PCB142 with PCB242.

**Year 1, Semester 2**  
 LSB238 Cell and Molecular Biology 1  
 LWB143 Legal Research And Writing  
 LWB144 Laws And Global Perspectives  
 NRB270 Animal and Plant Structure and Function  
 PCB142 Chemistry 1

**Year 2, Semester 1**  
 LSB308 Biochemistry  
 LSB338 Cell and Molecular Biology 2  
 LWB136 Contracts A  
 PCB242 Chemistry 2  
 Note: Students who have previously completed PCB242 may replace this with a Science elective

**Year 2, Semester 2**  
 One Science elective, for example:  
 LSB258 Human Anatomy and Physiology  
 LSB408 Metabolism  
 LSB468 Molecular Biology  
 LWB137 Contracts B

**Year 3, Semester 1**  
 LSB509 Medical Biotechnology 1  
 LSB537 Genetic Engineering  
 LWB138 Fundamentals Of Torts  
 LWB238 Fundamentals Of Criminal Law

**Year 3, Semester 2**  
 LSB609 Medical Biotechnology 2  
 LSB619 Genomics  
 LWB139 Select Issues In Torts  
 LWB239 Criminal Responsibility

**Year 4, Semester 1**  
 LWB231 Introduction To Public Law  
 LWB236 Real Property A  
 LWB240 Principles Of Equity  
 LWB332 Commercial And Personal Property Law  
 LWB333 Theories Of Law

**Year 4, Semester 2**  
 LWB235 Australian Federal Constitutional Law  
 LWB237 Real Property B  
 LWB241 Trusts  
 LWB331 Administrative Law  
 LWB334 Corporate Law

**Year 5, Semester 1**  
 LWB431 Civil Procedure  
 LWB432 Evidence  
 LWB434 Advanced Research And Legal Reasoning

Elective Units \*

**Year 5, Semester 2**  
 LWB433 Professional Responsibility  
 Elective Units \*

### Course structure - Major in Biotechnology [Plant Biotechnology Strand]

**Year 1, Semester 1**  
 Introduction to Legal Research #  
 LSB118 Life Science

LWB141 Legal Institutions And Method  
 LWB142 Law, Society And Justice  
 MAB101 Statistical Data Analysis 1  
 PCB101 Physical Science

Note: Students who have an SA or better in Senior Chemistry may replace PCB101 with PCB142 and in Semester 2, may replace PCB142 with PCB242.

**Year 1, Semester 2**  
 LSB238 Cell and Molecular Biology 1  
 LWB143 Legal Research And Writing  
 LWB144 Laws And Global Perspectives  
 NRB270 Animal and Plant Structure and Function  
 PCB142 Chemistry 1

**Year 2, Semester 1**  
 LSB308 Biochemistry  
 LSB338 Cell and Molecular Biology 2  
 LWB136 Contracts A  
 PCB242 Chemistry 2  
 Note: Students who have previously completed PCB242 may replace this with a Science elective

**Year 2, Semester 2**  
 LSB468 Molecular Biology  
 LSB497 Plant Molecular Biology  
 One Science elective, for example:  
 LSB397 Plant Physiology 1  
 LWB137 Contracts B

**Year 3, Semester 1**  
 LSB537 Genetic Engineering  
 LSB577 Plant Biotechnology 1  
 LWB138 Fundamentals Of Torts  
 LWB238 Fundamentals Of Criminal Law

**Year 3, Semester 2**  
 LSB677 Plant Biotechnology 2  
 One level 3 Science unit, for example:  
 LSB619 Genomics  
 LWB139 Select Issues In Torts  
 LWB239 Criminal Responsibility

**Year 4, Semester 1**  
 LWB231 Introduction To Public Law  
 LWB236 Real Property A  
 LWB240 Principles Of Equity  
 LWB332 Commercial And Personal Property Law  
 LWB333 Theories Of Law

**Year 4, Semester 2**  
 LWB235 Australian Federal Constitutional Law  
 LWB237 Real Property B  
 LWB241 Trusts  
 LWB331 Administrative Law  
 LWB334 Corporate Law

**Year 5, Semester 1**  
 LWB431 Civil Procedure  
 LWB432 Evidence  
 LWB434 Advanced Research And Legal Reasoning  
 Elective Units \*

**Year 5, Semester 2**  
 LWB433 Professional Responsibility  
 Elective Units \*

### Course structure - Major in Chemistry

**Year 1, Semester 1**  
 Introduction to Legal Research #  
 LWB141 Legal Institutions And Method

LWB142 Law, Society And Justice  
 MAB100 Mathematical Sciences 1A  
 NRB100 Environmental Science  
 PCB101 Physical Science

Note: Students who have an SA or better in Senior Chemistry may replace PCB101 with LSB118.

**Year 1, Semester 2**

LWB143 Legal Research And Writing  
 LWB144 Laws And Global Perspectives  
 PCB142 Chemistry 1  
 PCB242 Chemistry 2  
 PCB260 Physics 1A

**Year 2, Semester 1**

LWB136 Contracts A  
 MAB101 Statistical Data Analysis 1  
 PCB305 Principles of Physical Chemistry  
 PCB354 Structure and Mechanism in Organic Chemistry

**Year 2, Semester 2**

LWB137 Contracts B  
 PCB414 Industrial and Environmental Analytical Chemistry  
 PCB434 Inorganic Chemistry  
 PCB444 Spectroscopy

**Year 3, Semester 1**

LWB138 Fundamentals Of Torts  
 LWB238 Fundamentals Of Criminal Law  
 PCB505 Advanced Physical Chemistry  
 PCB554 Synthesis and Reactivity in Organic Chemistry

**Year 3, Semester 2**

LWB139 Select Issues In Torts  
 LWB239 Criminal Responsibility  
 PCB634 Organometallic and Coordination Chemistry  
 PCB644 Frontiers In Chemistry

**Year 4, Semester 1**

LWB231 Introduction To Public Law  
 LWB236 Real Property A  
 LWB240 Principles Of Equity  
 LWB332 Commercial And Personal Property Law  
 LWB333 Theories Of Law

**Year 4, Semester 2**

LWB235 Australian Federal Constitutional Law  
 LWB237 Real Property B  
 LWB241 Trusts  
 LWB331 Administrative Law  
 LWB334 Corporate Law

**Year 5, Semester 1**

LWB431 Civil Procedure  
 LWB432 Evidence  
 LWB434 Advanced Research And Legal Reasoning

 LWB237 Real Property B  
 LWB241 Trusts  
 LWB331 Administrative Law  
 LWB334 Corporate Law

**Year 5, Semester 1**  
 LWB431 Civil Procedure  
 LWB432 Evidence  
 LWB434 Advanced Research And Legal Reasoning  
 Elective Units \*

**Year 5, Semester 2**  
 LWB433 Professional Responsibility  
 Elective Units \*

### Course structure - Major in Microbiology

**Year 1, Semester 1**  
 Introduction to Legal Research #  
 LSB118 Life Science  
 LWB141 Legal Institutions And Method  
 LWB142 Law, Society And Justice  
 MAB101 Statistical Data Analysis 1  
 PCB101 Physical Science  
 Note: Students who have an SA or better in Senior Chemistry may replace PCB101 with PCB142 and in semester 2, replace PCB142 with PCB242.

**Year 1, Semester 2**  
 LSB238 Cell and Molecular Biology 1  
 LWB143 Legal Research And Writing  
 LWB144 Laws And Global Perspectives  
 NRB270 Animal and Plant Structure and Function  
 PCB142 Chemistry 1

**Year 2, Semester 1**  
 LSB308 Biochemistry  
 LSB328 Microbiology 1  
 LWB136 Contracts A  
 PCB242 Chemistry 2  
 Note: Students who have previously completed PCB242 may replace this unit with an elective

**Year 2, Semester 2**

LSB258 Human Anatomy and Physiology  
 LSB428 Microbiology 2  
 LWB137 Contracts B  
 Any LSB unit from Level 2  
**Year 3, Semester 1**  
 LWB138 Fundamentals Of Torts  
 LWB238 Fundamentals Of Criminal Law  
 Two Level 3 units from the following:  
 LSB528 Environmental Microbiology  
 LSB547 Bacterial Pathogenesis and Disease Diagnosis  
 LSB568 Electron Microscopy  
 LSB578 Virology

**Year 3, Semester 2**  
 LWB139 Select Issues In Torts  
 LWB239 Criminal Responsibility  
 Two Level 3 units from the following:  
 LSB628 Food Microbiology  
 LSB647 Clinical Mycology and Parasitology  
 LSB648 Molecular Microbiology

**Year 4, Semester 1**  
 LWB231 Introduction To Public Law  
 LWB236 Real Property A  
 LWB240 Principles Of Equity  
 LWB332 Commercial And Personal Property Law  
 LWB333 Theories Of Law

**Year 4, Semester 2**  
 LWB235 Australian Federal Constitutional Law  
 LWB237 Real Property B  
 LWB241 Trusts  
 LWB331 Administrative Law  
 LWB334 Corporate Law

**Year 5, Semester 1**  
 LWB431 Civil Procedure  
 LWB432 Evidence  
 LWB434 Advanced Research And Legal Reasoning  
 Elective Units \*

**Year 5, Semester 2**  
 LWB433 Professional Responsibility  
 Elective Units \*

### Course structure - Major in Physics

**Year 1, Semester 1**  
 Introduction to Legal Research #  
 LWB141 Legal Institutions And Method  
 LWB142 Law, Society And Justice  
 PCB101 Physical Science  
 PCB107 Physics and Quantitative Techniques  
 Either  
 MAB180 Engineering Mathematics 1  
 Or

MAB131 Engineering Mathematics 1A  
**Year 1, Semester 2**  
 LWB143 Legal Research And Writing  
 LWB144 Laws And Global Perspectives  
 MAB132 Engineering Mathematics 1B  
 PCB250 Physics 1  
 PCB260 Physics 1A

**Year 2, Semester 1**  
 LWB136 Contracts A  
 MAB134 Electrical Engineering Mathematics 3  
 PCB361 AC Theory and Electronics  
 PCB362 Physics 2

**Year 2, Semester 2**  
 LWB137 Contracts B  
 PCB460 Instrumentation and Computational Methods  
 PCB462 Thermodynamics and Solid State Physics  
 Science elective

**Year 3, Semester 1**  
 LWB138 Fundamentals Of Torts  
 LWB238 Fundamentals Of Criminal Law  
 PCB561 Quantum and Condensed Matter Physics  
 PCB562 Physical Methods of Analysis

**Year 3, Semester 2**  
 LWB139 Select Issues In Torts  
 LWB239 Criminal Responsibility  
 PCB661 Experimental Physics  
 PCB665 Physics 3

**Year 4, Semester 1**  
 LWB231 Introduction To Public Law

LWB236 Real Property A  
 LWB240 Principles Of Equity  
 LWB332 Commercial And Personal Property Law  
 LWB333 Theories Of Law

#### **Year 4, Semester 2**

LWB235 Australian Federal Constitutional Law  
 LWB237 Real Property B  
 LWB241 Trusts  
 LWB331 Administrative Law  
 LWB334 Corporate Law

#### **Year 5, Semester 1**

LWB431 Civil Procedure  
 LWB432 Evidence  
 LWB434 Advanced Research And Legal Reasoning  
 Elective Units \*

LWB433 Professional Responsibility  
 Elective Units \*

#### **Footnotes for Law Units**

# Introduction to Legal Research is a two (2) hour lecture conducted in the first week only of Semester 1, 2003. It is designed to introduce students to the basics of legal research and provide an orientation to use of the Law Library. Students will be expected to undertake a library exercise in LWB141 Legal Institutions and Method using the skills and information outlined in this lecture.

\* Elective Units - In order to satisfy the requirements for the Bachelor of Laws component of the double degree, a student is required to complete a total of 48 credit points of elective units.

### **■ Bachelor of Arts/Bachelor of Applied Science (IF86)**

**Award title:** Bachelor of Arts/Bachelor of Applied Science (Study Area A)

**CRICOS code:** 031581F

**Location:** Gardens Point and Carseldine

**Course duration (full-time):** 4 Years

**Total credit points:** 384 (192 cp in Arts {Humanities} and 192 cp in Applied Science)

**Course coordinator:** Dr John Synott (Humanities); Dr Megan Hargreaves (Science)

#### **Professional Recognition**

As this double degree meets requirements for the award of the component degrees, the award is recognised by professional bodies in both Arts and Science. For graduates with approved study relevant professional bodies for the Bachelor of Applied Science degree are Australasian Association of Clinical Biochemists, Australasian Institute of Mining and Metallurgy, Australian Biotechnology Association, Australian Institute of Geoscientists, Australian Institute of Physics, Australian Mathematical Society, Australian Society for Biochemistry and Molecular Biology, Australian Society for Medical Research, Australian Society for Microbiology, Australian Society for Operations Research, Ecological Society of Australia, Geological Society of Australia, Royal Australian Chemical Institute, Statistical Society of Australia.

#### **Course Design**

A feature of the course design is the flexibility and choice it offers. Students can tailor their double degree to their career interests by combining any one of 10 majors that are available in the Bachelor of Applied Science degree with a specialisation chosen from a wide range of offerings in the humanities. Students can also integrate their program to study both science and humanities units in each semester, or choose to study only science subjects or only humanities subjects in a particular semester.

#### **BA Course Requirements - Commencing Students**

Students are required to complete:

- One Interdisciplinary Professional Major (1 core unit + 6 units in the major)

It is suggested that students complete the Core Units Program consisting of the following:

- Two core units in first semester (from a selection of core introductory and core skills units)  
(Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major)
- Year Two: research methods unit. Students are advised to take at least two of these units.

In making these decisions, students should consider the structure of the Discipline Studies Sequences and/or Minors they may be planning to undertake. (see below)

#### **Course requirements - Continuing Students**

##### **Course Requirements for Bachelor of Arts**

YEARS 1 and 2

- Students are required to complete 8 units including:
- HHB116 Applied Skills and Scholarship
- Two Foundation Units (if students have not already completed two Faculty Foundation Units as part of the BA component of the student course)
- Two to three Course Foundation Units
- Two to three Elective Units

NB A minimum of 4 of these 8 units must be chosen from units in the BA component of the double degree ie HHB coded units).

YEARS 3 and 4

Students are required to do a further 8 units to complete:

- One Major Study Sequence from those offered in the BA component, and
- One Minor Study Sequence chosen from those offered in the BA component (ie HHB coded units) or from other Minor Study Sequences offered elsewhere within QUT.

NOTE: A minimum of 12 of the 16 units must be chosen from units in the BA.

#### **BA Course Requirements - Commencing Students (cont.)**

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points)

Students may wish to

- develop a Minor (48 credit points) in one of the interdisciplinary professional areas
- develop a Minor (48 credit points) in a disciplinary study sequence or in another QUT course
- take a series of elective units

Students wishing to complete a full discipline studies sequence (6 units) will need to amend their core units program.

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units ie HHB coded units.

#### **Interdisciplinary Professional Majors**

For details, refer to the Bachelor of Arts (HH01) entry in the Humanities and Human Services section.

#### **Discipline Sequences**

For details, refer to the Bachelor of Arts (HH01) entry in the Humanities and Human Services section.

#### **Minor Study Sequences**

For details, refer to the Co-Majors list in the Bachelor of Arts (HH01) entry in the Humanities and Human Services section as these co-majors are able to be taken as Minors.

**Second Year Core: Research Methods**

HHB224 Qualitative Research Methods  
HHB232 Survey Methods  
HHB121 Interpreting The Past  
HHB312 Geographical Research Design

**Science Unit Information - SC01 Lists A and B, and Levels 1, 2 and 3**

See Bachelor of Applied Science/Bachelor of Business (IF61) for details.

**■ Bachelor of Arts/Bachelor of Business (Accountancy, Banking and Finance, Economics or Marketing) (IF30)**

**Award title:** Bachelor of Arts/Bachelor of Business (Study Area A)

**CRICOS code:** 027275F

**Location:** Gardens Point and Carseldine

**Course duration (full-time):** 4.5 Years (9 semesters) full-time

**Total credit points:** 432 (192 cp in Arts and 240 cp in Business)

**Standard credit points per semester (full-time):** 48

**Course coordinator:** Dr John Synott (Humanities and Human Services); Mr Andrew Paltridge (Business)

**Other Majors**

See also the separate entry for the following majors in this course: Bachelor of Arts/Bachelor of Business (Advertising, Electronic Business, Human Resource Management, International Business, Management, or Public Relations).

**Professional Membership**

Depending on the choice of major, extended major or elective units, graduates may be eligible for membership of:

- Accountancy: CPA Australia, Institute of Chartered Accountants in Australia (ICAA).
- Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
- Economics: Economic Society of Australia (Queensland Division).
- Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australasian Institute of Export, American Marketing Association.

**Course Design**

Students are required to complete 432 credit points comprised of 192 credit points from the Bachelor of Arts (Humanities) program and 240 credit points from the Bachelor of Business program. Students supplement the Arts component of this program with the 96 credit point faculty core units in the Bachelor of Business program together with a 72 point credit point major, and a further 72 credit points in which the student must complete one of the following: double major, extended major or specialisation. Business majors available are: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing and Public Relations.

**BA Course Requirements - Continuing Students****YEARS 1 AND 2**

Students are required to complete 8 units including:

- HUB000 (now HHB116)
- Two Foundation Units (if you have not already completed two Faculty Foundation Units as part of the BA component of your course see List A)
- Two to three Course Foundation Units (see List B)
- Two to three Elective Units (see List C)

NB A minimum of 4 of these 8 units must be chosen from units in the BA component of the double degree ie HHB coded units.

**YEARS 3 AND 4**

Students are required to do a further 8 units to complete:

- One Major Study Sequence from those offered in the BA component and
- One Minor Study Sequence chosen from those offered in the BA component (ie HHB coded units) or from other Minor Study Sequences offered elsewhere within QUT.

NOTES: A minimum of 12 of the 16 units must be chosen from units in the BA.

**BA Course Requirements - Commencing Students****BA Course Requirements (Years 1-4)**

Students are required to complete:

- One Interdisciplinary Professional Major (1 core unit + 6 units in the major)

It is suggested that they complete the Core Units Program consisting of the following:

- Two core units in first semester (from a selection of core introductory and core skills units)

(Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major.

- Year 2: research methods unit. Students are advised to take at least two of these units.

- Year 3: Workplace Internship (24 credit points)

In making these decisions, students should consider the structure of the Discipline Studies Sequences and/or Minors they may be planning to undertake.

### BA Course Requirements - Commencing Students (cont.)

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may wish to:

- develop a Minor (48 credit points) in one of the interdisciplinary professional areas
- develop a Minor (48 credit points) in a disciplinary study sequence or in another QUT course
- take a series of elective units.

Students wishing to complete a full discipline studies sequence (6 units) will need to amend their core units program.

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

Students wishing to complete the Workplace Internship will need to discuss their program with the relevant Course Coordinator in order to ensure that the Internship can be located in their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units ie HHB coded units.

### Interdisciplinary Professional Majors

For details, refer to the Bachelor of Arts (HH01).

### Discipline Sequences

For details, refer to the Bachelor of Arts (HH01).

### Minor Sequences

For details, refer to the Co-Majors entry in the Bachelor of Arts (HH01) entry as any of these are available to be taken as Minors.

### Key Terms - BA

Professional Major - one of four interdisciplinary study sequences in the BA degree (International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies), consisting of one core unit plus six further units from the appropriate list (making a total of 84 credit points). Students must complete at least one of these to fulfil the requirements of the degree. NB - a unit may not be counted in more than one professional major, discipline sequence or minor.

Discipline Sequence - a set of six units (72 credit points) in a given discipline (Geography, History, Languages, Social Science). In Languages, this consists of six sequenced units in one Language. In other disciplines the six units must include one introductory unit to the discipline.

Minor Study Sequence - a study sequence of any four units (48 credit points) in a given subject area. NB - a unit may not be counted in more than one minor.

Elective Units - units selected by students to fit into their study program.
