1943

In this, the Centennial Edition of the Purple Patcher, we have endeavored to submit to a permanent form the joyous years we knew at Mt. St. James. They are only a small chapter in the story of a hundred years; a story of a ceaseless battle in the cause of truth, a story of a tireless campaign for the production of Catholic leaders, a story of a constant promulgation of Christian ideals, the very ideals for which our country is now waging a valiant struggle. Truth, Christian leadership and Christian ideals—such are the traditions of our Alma Mater. To us, the Class of Nineteen Hundred and Forty-Three, the Spirit of Holy Cross is a priceless heritage.

These pages strive to revive the happy days we have spent in the assimilation of those traditions and ideals that are Holy Cross.

Reverend Father John J. Reed, S. J.

For his sense of justice and devotion to duty; for his kind understanding and true love of Holy Cross, we, the Class of Nineteen Hundred and Forty-Three, in grateful appreciation of his tireless effort in disciplining us to be Catholic men—true men of Holy Cross—respectfully dedicate this, our final undergraduate publication.

*Now is the summer of our laughter gone,
Scattered and shared, with our thousand small fears,
Gone Pakachoag's chilled winters and winds
And with them companionate study and tears.
Now are we thrust in the winter of life,
Death our one rest. Filled with brave fright,
Naked and helpless, stripped but for truth,
We wait the thunder of the raging world's night.
Jettisoned, lonely, our hearts have one dream:
The bells tolling softly, softly tolling the eve,
The awe and the wisdom of high, stately Dinand,
Peace on the Mount, for our hesitant leave.
The clatter of Kimball, its thick-bodied shadows,
Shakespeare in Fenwick, and crowded O'Kane:
Let that dream linger, hold it in trust,
For our long journey back, coming up Linden Lane.*

ADMINISTRATION and Faculty

On June 21, 1843, four days after Daniel Webster's Bunker Hill Oration, the dedication ceremonies of the College of the Holy Cross took place. On the slopes of Mount Pakachoag, rich in legends of King Philip, Fr. Fitton and Bishop Fenwick laid the cornerstone for the first Catholic college in New England. The first president was the Rev. Thomas Mulledy, S.J., of Virginia. Under him and nineteen successors, New England saw the flowering of Holy Cross.

The President's Message

From the academic quiet of your college life you are about to plunge into a world at war. Your outlook is grim; your future unsettled. To clear up that future, to make it secure is no easy task. And that task is yours. No group of college graduates has ever been called upon to give as you will be asked to give, - in quantity and in quality. You have the substance out of which to make your offering; you have hearts to be generous in your giving. God grant you may all be generous in your gifts, faithful to your trusts, successful in your tasks. May you look back, all of you, over the havoc of these fateful years to say with pride: "I have fought the good fight; I have finished the race; I have kept the faith."

*Oh bear thy sons in happy song
Holy Cross, O' Holy Cross.*

*Thy sons are loyal, true and strong,
Holy Cross, O' Holy Cross.*

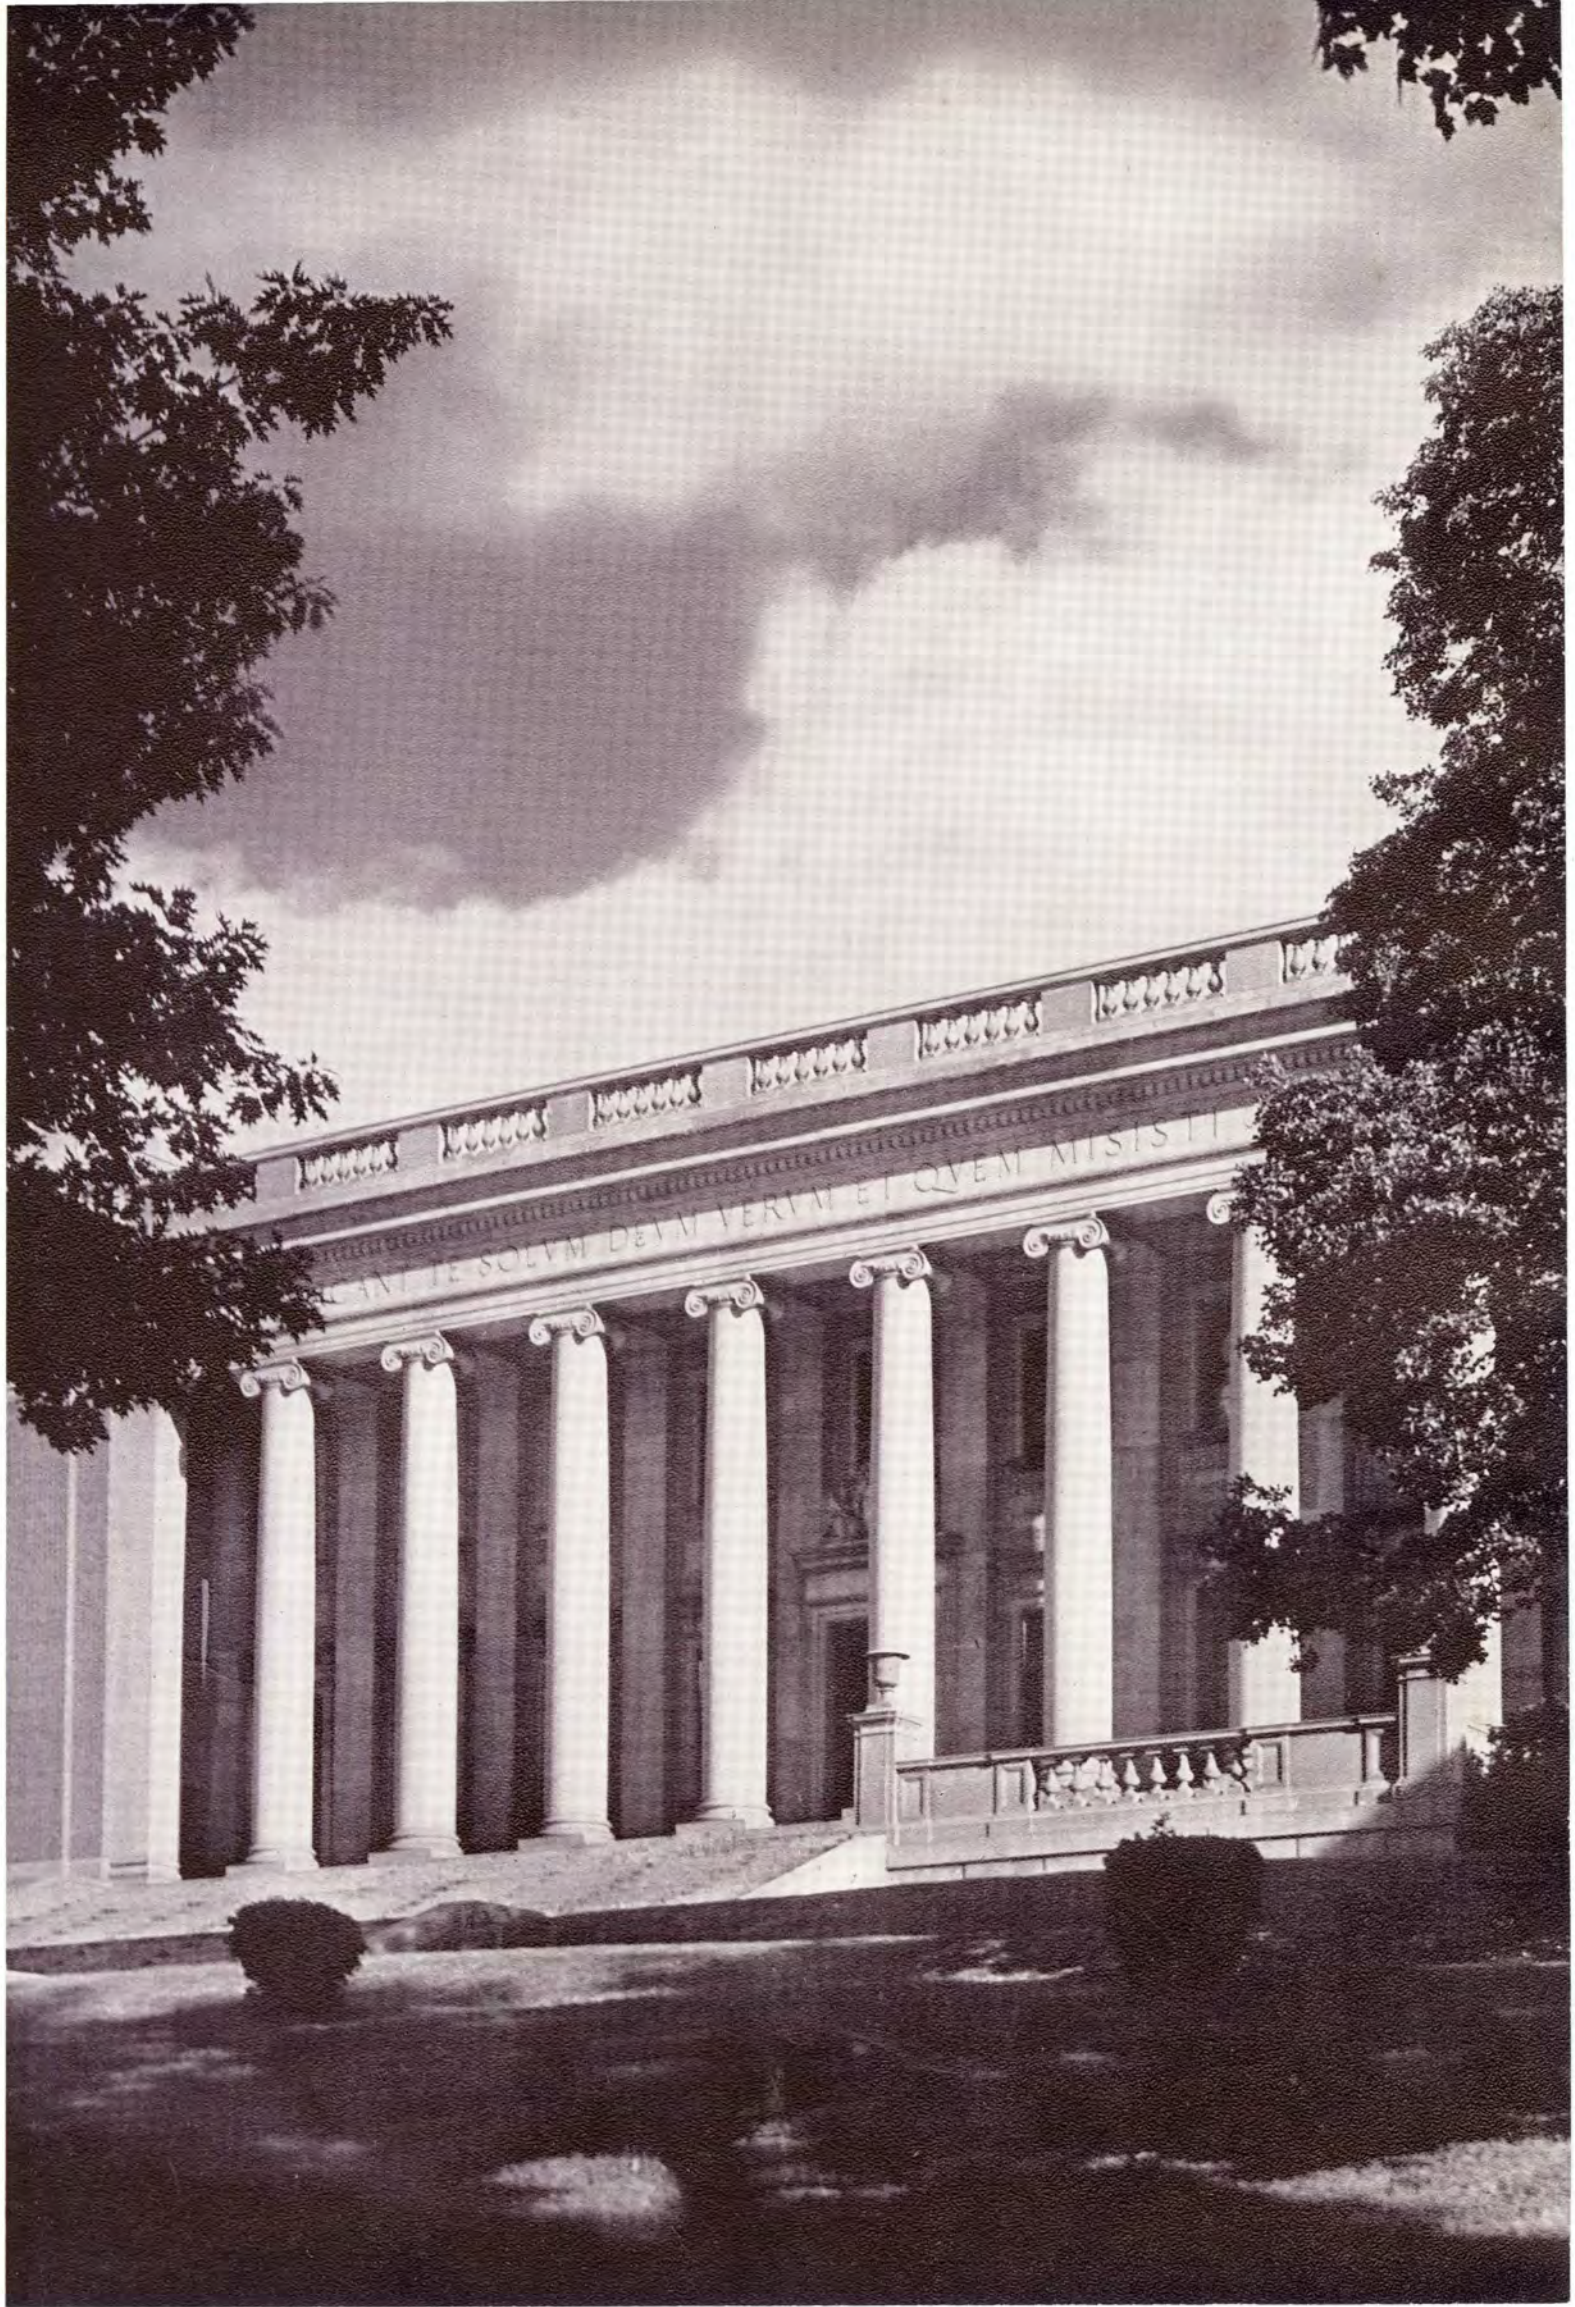

*Thy Purple banner floats on high
While songs of praise swell to the sky,
Thy honored name shall never die,
Holy Cross, O' Holy Cross.*

HOSPES VENIT
CHRISTUS VENIT

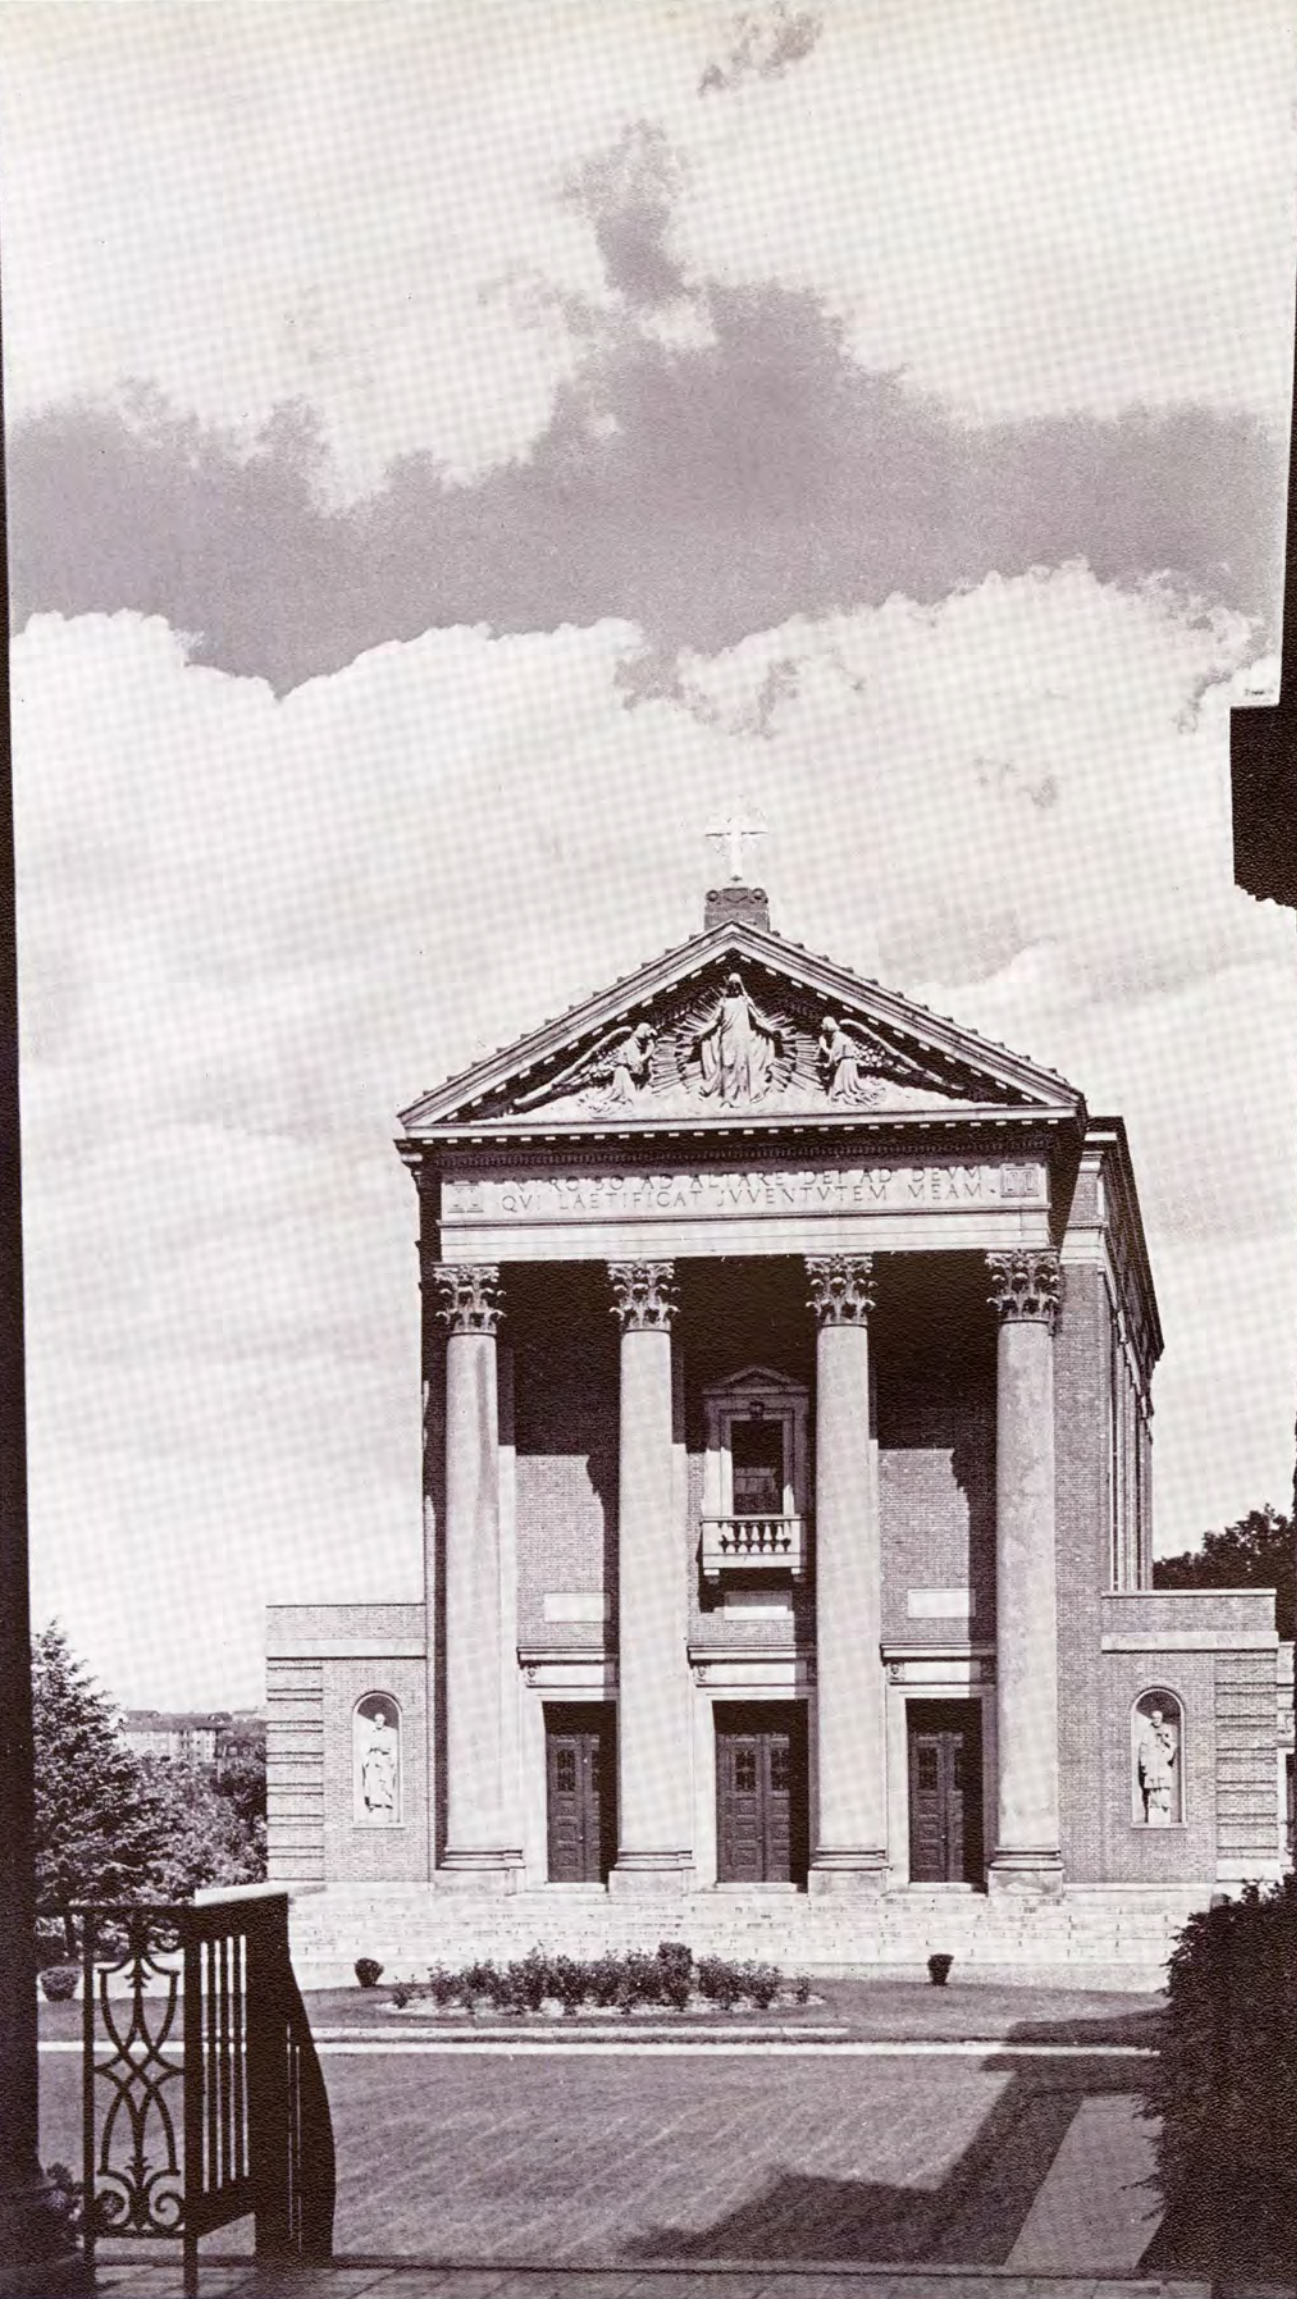

NE NOS ET HAEC TUA DONA

S E N I O R S

Those first years were difficult. The State of Massachusetts refused to grant Holy Cross a charter and in 1852 fire swept the college buildings. But the College sprang quickly from its ashes, and the thunderous voice of Orestes Brownson led a successful campaign for recognition. In 1865 the charter was granted and ten graduates received diplomas. In that same year the Alumni Association was formed, and each spring more loyal sons augmented its august ranks.

Senior History

Let's sprawl comfortably in an easy chair, light up a cigarette, and see if we can remember a few things, a few of the many things that happened to us at Holy Cross in four years. After all, they were four very important years—four years which will have a tremendous influence on us through our lives. Let's try to view them as a whole, and, remembering that the whole is the sum of its parts, try to fix in our minds a small portion of the memorable places and faces which belong to the years from '39 to '43 . . .

We entered Holy Cross on a day drenched with sunshine, and with us entered a new Dean of Studies and a new President. They probably didn't feel quite so green and inexperienced as we did, but there was a feeling of companionship with them, then, which we have never wholly lost. The Purple Key helped us register. Jim O'Brien conducted a careful investigation of the O'Kane fire escapes. Most of us were living three to a room and loving it. We were introduced to Kimball Hall, the chapel, Father Hart and to each other—410 of us. Father Brennan told us that we were only high school Seniors with a summer tan, and Father Martin helped us to remember it. Classes were a treat (how times have changed!). Mr. McCarthy taught astronomy in Latin class, Mr. Hohmann corrected Boston accents in Greek class, and Mr. Izzo just taught—like an angel. Anthologies, radiators, and places on the varsity crew were peddled in Alumni. Jack McNulty, who later left to attend embalming school, smoked big cigars and serenaded his roommate with a banjo every night. Bill Doherty and Jim Nugent argued about Staatsburg at meals. Frank Mullins was appointed our honorary president, and Father Hutchinson gave us our first college retreat. Howie Boyle won a radio in a pencil advertising contest. Andy Carten proved himself a musical find. Tom Hoar roared up and down third Alumni. We went to bed every night at ten, and rose for Mass at 7.15. Bill Power made his mark in tennis, and Art Spellman made his in track. Jim Markham made the *Purple*. The Sophomores told us about the already legendary Bill Osmanski. We played "Oh, Johnny" in the cafeteria until the walls wore out.

The library, strangely enough, was in constant use. Dick Shults, Danny Gilmartin and Joe Kenneally were suspected of sleeping in the main reading room. Bud Hedges got a thousand games ahead at blackjack. Ben Singleton got an extra cup of ice cream at the Freshman Reception.

Football rallies were packed that year, and we decked Alumni and O'Kane with banners before every game. The Freshman football team gave creditable performances. There were dances after the games, too, and Bill Diamond became well-known at some of the better Worcester residences. We voted against a proposition submitted nationally to college students as to whether the United States should enter the European war. Gene Lawless played Hamlet's

mother to the hilt in Fenwick auditorium. Johnny Williams contended that the pen was mightier than the sword. Just before Christmas, Wheeler Hall was opened and Father Rector lectured on Hilaire Belloc to a Cross and Scroll audience. The Christmas holidays arrived and we hurried home to tell the folks all about Holy Cross.

1940 opened for us on an optimistic note, with a million-dollar fund planned to erect three new buildings. Father Hubbard told us about esquimos, and Father Gillis assigned more outside reading. Jim Turner and Ronnie Cahill returned from the East-West game, and we helped cheer them home. John Hartcorn set a new college record in the 50-yard breast stroke. Father O'Mahony took over as Dean of Discipline for a short time and gave us two days off, when the snow piled up in Linden Lane. Dick Johnson and Dick Turner were admitted to the Purple Key. Ralph O'Neil assumed office as Senior Chairman of Freshman debating. In April Vin McSweeney was voted in as President of our class for the first time, a position he has held ever since. Vin La Rosa wrote a song called "Those Little Things You Do" and it was broadcast. Tom McCabe took a feminine role in "L'Aiglon" and was promptly dubbed starlet of the year. Charlie Haskell and Bill McMahon wrote "The Escape of Ethelred" for the *Promhawk*. George Kramer shook pepper on everything in Kimball; Roj Shea wrote plays; Ed Lynch took sunbaths atop O'Kane.

We were moving close to the end of the year now, and Holy Cross fit us like a second self. The college had become a vital pattern in which we moved contentedly like strands in a web. Behind us were months of study and of introduction to learning. Ahead—

Shades of Sophocles! The Greek play, carefully rehearsed, planned to the last detail, gorgeously costumed and egregiously staffed, burst upon a waiting world in the middle of May. Tom Reilly sang loudest of all in the chorus. Jim Garrity attended Creon with a gravity remarkable in Jim. Bill Cull and Jim Canarie executed majestic dancing measures with a grace worthy of a ballerina. Gene Lawless played the wayward Polyneices with convincing eloquence. Steve Barone mournfully told of the death of Oedipus as the Messenger. John R. McCarthy made a beautiful Ismene. "Oedipus at Colonus" was a smash hit, and we had a lot to do with its being one.

Our first final exams came up shortly after the oratorical contest, in which one quivering Freshman had delivered his oratorical all. We took them in stride, cast a last glance at Linden Lane in the sun, packed our bags, and scattered to all parts of the country. The first milestone was past.

The Society of Jesus was celebrating its four-hundredth anniversary as we returned to celebrate our first as Crusaders. Bishop O'Leary sang a solemn

Senior History

Pontifical Mass in Memorial Chapel, we unpacked our slightly worn trunks in Loyola and Alumni, Bill Quinn registered a minute before the deadline, and we were off on the second lap. Andy Natowich starred as the pigskin-pushers trounced Providence 34-6. Warned about cutting classes, we flocked to them—for a week or two. We discovered how it feels to translate on an empty stomach a hundred lines of Latin for Father Dwyer. George Brantl learned about cows. Tom Higgins and John Granfield went to New York for the N. Y. U. weekend and got lost. Margaret Sanger came to Worcester. 253 Holy Cross men registered in the new draft. It was a year which began quickly, and those who didn't take a firm hold at the start found themselves sliding downhill.

Father Gillis' Horticultural Academy was one of the more successful activities. Paul Doran played blackjack at least twenty-five hours a day. Packy Murphy dashed hither and yon. Larry Murphy burned up the fairways. Dave Murphy growled over Herodotus. Joe Murphy told us Chicago was at least as good as Boston, and his namesake gleefully described appendicitis symptoms to Bob McVay. Father Brennan sent down to the discipline office for more corridor slips. Joe Foley drew up a list of big-time operators. Kev McCarty took the Deacon on many a tour of New England. Don Foley tried to talk Tom Meath out of smoking a pipe. Dan Roche's table was jammed at breakfast. We sang "I'll Never Smile Again" until we were believing it.

It was a year of speeches. Roosevelt went in for a third term, carried along on a wave of popular enthu-

siasm. Father Rector talked in Kimball Hall about democracy and education, and how important each is to the other. Father Flanagan lectured in Kimball. Dr. Basch spoke at Worcester Polytech, and Father Quigley addressed the physics seminar. Father Bean spoke to his class rather frequently; and in the dim recesses of the chapel auditorium Father Keating taught Frank Scavullo to sing.

The death of Walter Hughes, '40, was announced in the *Tomahawk* in November. A short month later Vin O'Rourke, beloved and respected "Uncle Vin," passed away, and not even Robert Speight and a Christmas banquet could make us forget the loss completely. But the Christmas vacation . . . a few days of class . . . and an epidemic of the grippe, striking with surprising rapidity and nonchalant disregard of academic seniority, brought us into a new year full of novelties. The grippe brought us a six-day holiday, and for weeks afterward Lewis Cataldo wrote to supply houses trying to buy germs. ASCAP made war on the broadcasting chains, and "Jeannie with the light brown hair" was a nightly visitor on third Loyola. Jim Blakely collected pamphlets from Father Gallagher, and Ed Rafferty had "the strength of ten" in religion period. Father Reed spoke to an expectant chapel audience on Lourdes. Bill Larson kept us informed on world affairs once a week in "Cross Nation." Dick Dubord and Phil Downing made music the food of love. We took a short course in public speaking under Mr. McCann. Uncle Jack branded liquor as ruinous for youth.

It was a year of social affairs. Joe McCann became slightly dizzy trying to take a different girl to every dance. Fran Kelley went to Regis and other places with the History Academy, but he liked Regis best. Jack Loré's station wagon was rarely empty. Marty Conroy talked about Irma, Palma and Alma in the midst of co-authoring a prize-winning one-act play with John R.

Came spring, and Father Dwyer was busier than ever beautifying the grounds. "Richard II" thrilled large audiences, with Eric Reinders and Danny Gilmartin giving their dramatic all. At Worcester State Teachers College, Steve Barone and John Gahagan helped bring home the bacon in "The Valiant." John Weir and Kevin Earls were members of a winning Sophomore debate team. We marched steadily toward final exams . . .

Those exams were rather important because they symbolized something . . . a farewell to the classics, a good-bye to Horace and Sophocles, the end of rhetoric, the end of English literature once a week and Mr. MacGillivray's poetic wisecracks. If we got through those exams we were on our own—we picked our own subjects for the most part next year. So we studied. Carl Fischer drank gallons of black coffee that week. Wally Haley plugged on chemistry, and Section A did speech outlines. Tom FitzGerald was

Senior History

more silent than ever. Matt Beecher, calm amid the storm, joined the *Purple* staff and wrote feverishly. Father Hutchinson called everybody a bad boy. Howie Boyle, who always planned things in advance, began wondering if he could take his junior oral by telephone. Len MacDowell went to bed every night with lights blazing around him. Bob Fullan showed up one day without a crease in his trousers, and we knew that it was an extraordinary week. Charlie Haskell proved himself an expert anthropologist at the History Academy banquet. Stan Rapinchuk became fatalistic about the Greek exam. Joe Carreira alone refused to worry. Said Joe: "Worrying, it gets you nowhere."

Who was Edmund Burke? That question once answered, we were free for the summer. Last-minute packing was conducted with mosquitoes buzzing about and strange things happening in Europe. Already we were moving closer to the war; in Washington men were shouting "Isolationist" and "Interventionist." We whistled "A Handful of Stars," thought about the sunny days ahead, and gave little heed to what Washington had to say. We were half-way through, we had reached the half-way mark, we had a new Dean, we had our youth, our optimism, our College—who could expect us to worry about the future? We left the Hill footing it feathily, heading for the beaches and cities, more proud than sorry that sophomore year was over.

Back we came for the third time, with a foreboding call of far-off drums and bugles in our ears. We brought summer tans and pictures of new girls with us. Braced and relaxed by two years of experience, we registered with scarcely a murmur and settled comfortably into rooms in Beaven and Wheeler. National defense was discussed, and the new N. R. O. T. C. unit was touched on, but the central topic of conversation was the L. S. U. game. Gathered in Kimball Hall auditorium on September 27th, the student body heard a re-creation of the game presented by the Purple Key over the public address system, through the cooperation of the Worcester Telegram and Gazette and a direct wire to Baton Rouge. Holy Cross won, and next Monday afternoon, thirty thousand witnessed a victory parade from Union Station to the campus, with Joe Logue at the head of the line astride a white horse and garbed in armor. Johnny Grigas was served nectar for the next week.

Five philosophy professors undertook the difficult assignment of making us logical. Gene Lawless made his mark in the B. J. F., Frank Mackin joined the select assemblies of the Purple Key, and the annual retreat began under the direction of Rev. Patrick S. Foley, S.J. The Syracuse weekend was very much of a success, even though Paul Doran's car received last rites somewhere in the wilds of upstate New York. We read Vin O'Rourke's "By Right of Seniority" in the *Tomahawk* and counted the number of '43 men

who had gone into the service of their country. First Wheeler held delightful surprises nightly for the chance visitor, as Jack Quinn and Red McNamara gave free sway to an ebullient fancy. Ed Edwards left for greener pastures, and Jim Lynch succeeded him as *Tomahawk* sports editor. Sophomores awoke one morning to discover that they were no longer living in Loyola Hall—the Board of Trustees had renamed it Carlin. Four handball courts were constructed in back of the gym. Jim Stanard promptly proved he was an expert at the game. Frank Cullum lectured to the Labor Academy on the Kearny Shipyard strike and then went off with Jim Dooley to be a second lieutenant in Uncle Sam's Army. Johnnie Williams filled the post of musical oracle. Matt Beecher defended Peglerism. Len Chang always got the comics on Sunday mornings. We settled into the steady routine of classes, and began thinking about the minor logic specimen. But always there was a thunder of far-off guns in our ears, and a faint uneasiness which sprang from events in Washington and London; from chance encounters with service men; from our own semi-realization that our generation had a special niche cut out for itself in the ringing changes of time.

The United States—our country—declared war on December 8th, and immediately our whole way of life was changed completely and perhaps forever. We gathered in the caf, in prefects' rooms, in our own, and talked about the war. Father Rector spoke to the student body in a hushed chapel. Our schedule was accelerated; graduation for the Seniors was advanced to May 5th, and it was announced that all our vaca-

Senior History

tions would be curtailed. We faced as best we could the bloody reality of a world at war.

Father Yeddnapolli, S.J., told a Cross and Scroll audience about India just before Christmas, and then we trooped hurriedly homeward, wondering if we could squeeze in all the dates we had scheduled before the 28th. Over the holiday information came by mail from Father Rector concerning the new Navy V-7 program. Willie Whelan, an authority on the science of the ancient Greeks, brought his chemistry up to date. As soon as we returned the Dramatic Society produced *First Legion*, with Steve Barone playing a monsignor like a prelate. Commander Wheeler became Captain Wheeler. Bill Larson took over the *Tomahawk* at the end of January—the selection had been a foregone conclusion since freshman year. Mike O'Neil was the beau of Beaven. Father Moran dropped books and wastepaper baskets all over the floor. Steve Willis had a chocolate frappe for breakfast every day. Father O'Mahony discovered one day he was teaching mathematics. Marty Conroy and John R. interviewed Maurice Evans in New York and have called him by his first name ever since. Gene Lawless captained the ring committee. John Hartcorn admired the plot construction of our epistemology book. Kevin McCarty started going to bed at night. Marian Welsh drew the largest audience of the year in Kimball. John O'Donnell and Len Chang discovered Worcester. Air raid precautions were taken; there was a short-lived movement afoot to make Dan Roche chief of staff.

Steve Barone placed second in the Fred Allen talent contest, playing two parts so well on the air that

he was accused of using an assistant. Meanwhile defense courses were on the upgrade; Jim Stanard became a meteorologist, and Bob Gilroy learned how to fly a plane. John O'Toole helped whip W. P. I. for the B. J. F., and later in the year he was admitted to Alpha Sigma Nu with Larson, Barone, Chang, John R. McCarthy, Gilmore and Jim Lynch. Father Brennan collected more gum than in previous years, and Jim Coyle more records. Fran Kelley kept burning up the track. Joe Shanaphy talked about the electro-cardiograph to anyone who would listen. Father J. F. X. Murphy lectured on freemasonry and assorted topics.

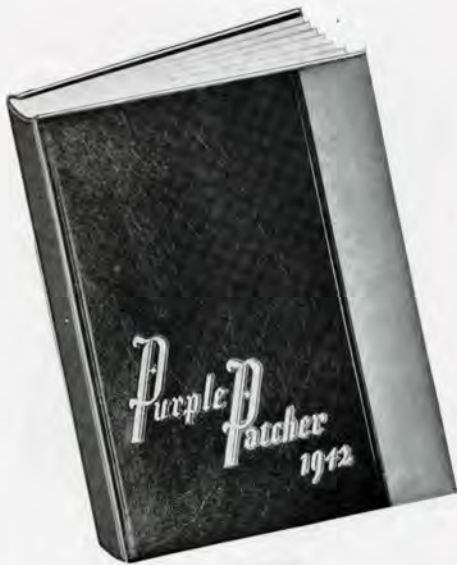

All of a sudden it was April, and junior year was fast drawing to a close. Fathers Gallagher and Doody left to be chaplains. Paul McCusker worked hard for the Hellenic prize, and got it. Philosophy orals came up, and Ed Gilmore tied his wagon to a 96. Pre-med students left for med school: Jack Loré, George Calvelli, Bill McCann, Leon Osachuk, Tom Kilfoyle. Departing Seniors served refreshments. The Baron headed three activities. Father Stockman congratulated the Red Raiders on an active year. Those who had seen the baseball games congratulated Ed Murphy on a successful year. We all congratulated ourselves on a pleasant year, and left for a short vacation, filing our cosmology texts carefully away and wondering how it would be possible to make 8:30 class during the spring term. Another year gone!

Senior year, which began on the 7th of May, brought many new things in its outstretched arms. Classes began at 8:30 now. Gradually we learned how to stay awake during that half-hour before nine o'clock every morning. The weather was warm, Wheeler Id's softball team won four games in a row, by default, and lost all the games they played, John O'Donnell bought a water pistol—and we were off on the last lap.

George Shea and Bill Guiney were among fifteen who gave May talks; John O'Hara and Paul McCusker gloated over the prizes they had won at graduation. Len Chang was elected President of Alpha Sigma Nu, and Jim Stanard guided the Cross and Scroll Club through a lecture series.

The social season reached a climax with our Spring Formal, superintended by Dick Dubord. Shep Fields played and we all danced. Ted McCabe rumbaed like a dervish. Howie Boyle and Mike O'Neil begged for a chance to lead the band. Ed Murphy was congratulated again for having pitched the Purple to a victory over B. C. Kev McCarty led the trek to Boston the next day, and Sunday we returned in a rainstorm with a lot of memories to be stored up against the future.

Pictures were taken for the yearbook soon. Framed copies instantly appeared on the walls of girls' colleges from coast to coast. Jack Ryan bought a 4½-

Senior History

size class ring. Jim Fairclough went looking for a secretary to handle his correspondence. Pete Rogers, newly-elected secretary of the class, refused to cooperate. Bill McBain was appointed photography editor of the *PATCHER*. Fran Kelley declared to friends that he was off grapefruit juice for life.

As the summer vacation approached, we heard more and more about reserve units. We signed up in the Marines, the Army, and nearly every conceivable branch of the Navy. The war was coming closer and closer. It was revealed that 1,000 former Crusaders were in active service. Washington was a Babel of discussion about the manpower problem. We whistled *When the Caissons Go Rolling Along* and tried to forget about our draft boards.

"Summer is icumen in" was quoted frequently during June. On July 3rd a total diaspora took place and was noted on several seismographs in the East. Ed Gilmore and Dave Murphy stayed for a week to work on their theses (!) but the rest of us were holeing in at summer resorts and defense jobs. Bill Quinn got up a year's math at Springfield College in five weeks. George Dooley, who was a camp counsellor, held his charges enthralled by smoking a different pipe every day. It was a lovely summer.

The second week in September found us back again for the last time, wondering how the football team would make out under its new coach. Rocky Schambach chairmanned the first dance of the season and especially urged the 392 new freshmen to attend. The norm of morality became quickly a familiar thing. It was rumored that Johnny Williams was in the market for a taxicab. Ed Gilmore took over as Honorary President of the class of '46 at the annual faculty-student banquet. Dick Poulin presided over French Academy meetings. Ben Singleton became *PATCHER* sports editor. Joe McCann helped the Yacht Club find smooth sailing. Frank Tomasiello cut more hair than ever. Paul Doran tried desperately to find a card game he hadn't played. John O'Toole ran radio programs for the B. J. F. Every Wednesday morning we trooped over to Memorial Chapel for a Service Mass. Tom Meath and Rocky Schambach joined the Purple Key. Andy Carten handed in his thesis, and four Seniors fainted. Paul Gleason and Fran Foley were accused by Charlie McNulty of sneaking off corridor nightly. Ray Ghelardi took pictures like mad for the A. A.

The annual retreat, conducted by Rev. Raymond J. Kennedy, S.J., stressed the means of achieving true happiness. We listened carefully, because for many of us it might have been the last retreat we will ever attend.

October was nearly over when Joe Daly became feature editor of the *PATCHER* and Bub Natowich told Father Brennan that the name of Columbus' wife was Mrs. Columbus. Charlie Haskell was an expert on the Philippines for a day. The Sodality

organized loud opposition to the State Birth Control Referendum, which was soundly defeated, come election day. The football team was having more downs than ups, but we continued to show up in the Fitton grandstands and cheer under the guidance of Bill Burke, Don Foley, and Buster Vocell. Bill McKone was elected secretary of the Aquinas Circle by acclamation. The *Purple* beat the *Tomahawk* in the annual football classic, but the *Tomahawk* bribed the officials to call back all *Purple* touchdowns. Jack Ryan and Dick Dubord had a famous feud in which half the senior class was ultimately engaged. Red Quinn became a football hero overnight and stayed one, applauded lustily at mealtimes.

The football season came to its close with—the B. C. Game! None of us who sat in those stands on the cold Saturday will ever forget Johnny Bezemes' 67-yard run on an interception; or Johnny Grigas' plunges through the middle of the line; or Tom Alberghini's steadiness on the defense; or Capt. Ed Murphy's seven out of eight conversions. The score was shouted forth often that night at the Parker House, where John J. McCarthy was chairmanning the Boston Club dance. That night, too, came the horrible Cocanut Grove disaster, and we heard the next day that Joe Boratyn, '42, had perished there.

Thanksgiving . . . Christmas . . . exams . . . and good-bye. Our time is up, the fulfillment of our years on the Hill is at hand. We leave quickly, but soberly and sadly, to lay down the pen and take up the sword; and we join battle hoping that we will be worthy of our God, our Country, and our College.

George T. Dooley, Jr.

BACHELOR OF ARTS

32 Market Street
Cambridge, Mass.

Our connoisseur of tobaccos and collector of pipes . . . left them in the strangest places . . . As the Cambridge residents of the "golden days," "Cosey" was well-acquainted with contemporary literature . . . liked modern humorists especially . . . kept a volume of the other "Mr. Dooley" . . . but didn't restrict his observations to the Philippine question . . . Spent much time at the theater . . . preferred "Claudia," which he saw more than once . . . Not the noisiest or most conspicuous at a party . . . but always enjoyed himself . . . spent his summers with Kelley in Maine . . . found it "so peaceful in the country" . . .

"Cosey" loved American cheese on pumpernickel, with hot mustard . . . recommended the mustard to friends . . . then offered to eat their sandwiches when they found the taste too strong . . . Supplemented his education at Massachusetts School of Art, where he modeled clay potatoes . . . and at Regis, where he invaded the dining hall . . . with negligible success . . . Handball enthusiast . . . campaigner for "Miller's" . . . soundest sleeper in three states . . . a man with many friends . . . Life sets a fast pace, but George will take it in stride.

Paul J. Doran

BACHELOR OF ARTS

700 8th Avenue
Watervliet, N. Y.

"P. J." . . . the little man with tremendous ideas . . .
impressive voice . . . ear glued to the radio . . .
careful conning of newspapers . . . could out-Eliot
the famed Major . . . with a considerably more pleasant
delivery . . . his wise-cracks had enough truth in
them to make them truly humorous . . . We often
gathered in his room after lights . . . At his smoothest
on the dance floor . . . had an admiring circle at
the B. C. Victory dance in Junior . . . always had
an apt, if not correct, answer in Creative Writing class

. . . where his papers were outstanding . . . can
laugh at himself . . . which proves how talented he
is . . . his laugh is sudden and explosive . . . like
measles, it comes when it is least expected, and is
contagious . . . Paul gets good marks without ex-
cessive effort . . . once he has decided upon a plan
. . . whether of action or passivity . . . he cannot
be deterred . . . His purpose in life: to be success-
ful . . . lots of us will be surprised if he isn't.

4.

Prepared at Brooklyn Preparatory
School
Brooklyn, N. Y.

Raymond Peter Ghelardi

BACHELOR OF SCIENCE

88 Buckingham Road
Brooklyn, N. Y.

The physicist . . . with a flair for the unusual . . .
Physics is for him a study, a hobby and a future life
work . . . his weird experiments sometimes played
havoc with our radios, but Science must progress . . .
Dabbled in many fields—radio, higher mathematics,
photography . . . the latter won him the appointment
as staff photographer of the PATCHER . . . oppressed
by his roommate, Hartcorn . . . One of the *Powers-
that-be* of the Scientific Society . . . sang in the shower
room . . . "Racing With the Moon" . . . Disdained
the comic section . . . Took to softball in senior

year playing with the now famous Wheeler I *scoreless
wonders* . . . Had an *infernal machine* which, he
claimed, would print a newspaper via radio flashes . . .
Got up at 3 A.M. one morning to prove it . . .
Stubbornly wore his topcoat and gray felt until
Memorial Day . . . Sported a pipe junior year . . .
Once said of *ye editor*, Barone, playing softball, "He
has a moment of inertia of 100" . . . Serious . . .
studious, friendly . . . We'll remember Ray for his
devotion to his chosen field.

East Hartford, Conn.

"Hick" . . . "Tabasco" . . . true son of the soil
. . . could talk farming at you for hours on end . . .
Tobacco growing his speciality . . . Developed a Greek
god physique working around the farm during the
summer breathers . . . Had a bout with Scarlet
Fever in his junior year . . . Came back to breed
discontent with tall tales of gorgeous nurses . . .
Drove many a Worcester heart to distraction with his
hard-to-get routine . . . Holding one of the toughest
but least publicized jobs on the "Rag" . . . it was
Tom who major-domoed *Tomabawk* distribution on

Tuesday nights . . . Was often seen with Higgins
and Roj Smith . . . Persistently set the alarm clock
for 5:30 every morning . . . never got up though
. . . looks eagerly forward to a workout with the
Marines . . . Pointing toward law but not until skies
are clearer . . . had the largest collection of law
school catalogues . . . ever seen in Beaven . . . In-
tensely argumentative . . . should make a good de-
fense lawyer . . . a good friend . . . a man's man
. . . honest Tom Hick.

BACHELOR OF ARTS

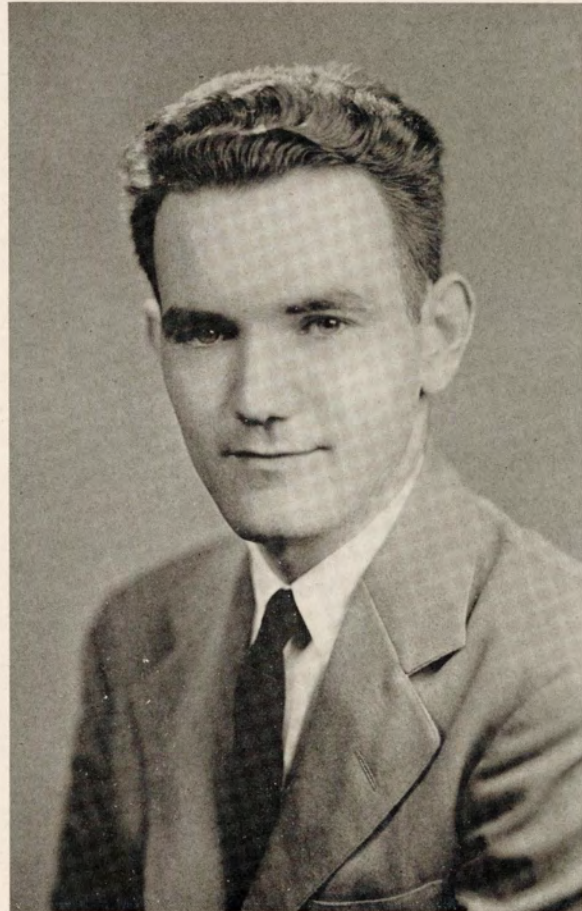

967 Madison Street
Fall River, Mass.

The sturdy one . . . has acquired a weird collection of nicknames . . . will answer to "Sam," "Fe-herb" and "Jumbo," among others . . . Tommy's big moment and one he never gets tired of retelling is the time, when, as an aspiring freshman footballer, he had to tackle Grigas . . . In his own words, "I couldn't get out of the way, so what could I do" . . . amiable Sam . . . everybody accusing him of something he never did . . . Has his philosophic moments, however . . . always has an amazing theory of his own . . . easy going manner and swell disposition hide

a keen analytical mind that will take him far in his medical profession . . . Likes to play golf . . . only when the weather is hot . . . believes in the old axiom, "24 hours sleep never hurt anyone" . . . consequently looks forward to that inevitable sprint to beat the doors at morning Mass . . . often assumes the position of referee in the regular Merritt-Cummings wrestling bouts . . . his correspondence is watched with paternal interest by the "Fraternity" . . . Tom, one to count on when things get tough.

Francis Joseph Kelley, Jr.

BACHELOR OF ARTS

53 Parkway Crescent
Milton, Mass.

Gentleman . . . and scholar . . . Enjoyed the unique distinction of having to choose between a scholarship for athletics or one for studies . . . Father Dwyer called him "that reprobate, Mr. Kelley," probably because of his widely publicized bout with pure grapefruit juice of a New Year's Eve . . . Was undoubtedly Bart Sullivan's most conscientious athlete . . . sinned only by an excess of misplaced generosity . . . witness the B. C. meet of '41 when he was so intent on letting a team-mate win the 880, he almost failed to place . . . Didn't know a finesse from a short-suit

in freshman, but was a polished bridgeeer by sophomore . . . Made a name in dramatics by murdering one year and being murdered the next . . . vice-president of the B. J. F. . . . Bill Larson's associate on the *Tomahawk* . . . Made his home in Milton the mecca of opera-goers . . . Promoted the feud between his sister and Marty Conroy . . . was never completely happy unless he was reading at least three books at a time, all on unconnected subjects . . . "Franny" . . . far from superficial . . . and always anxious to lend a helping hand.

Joseph Timothy Kenneally

BACHELOR OF ARTS

17 Abbott Street
Worcester, Mass.

Poised, efficient, dignified . . . Joe startled his Section A classmates with his dazzling ties and fuzzy hats . . . Leasing a seat in the library freshman year, he maintained his strategic position near the reference desk and consistently produced the fruits of his efforts in class . . . Never missed a musical that came to Boston . . . and had more than a spectator's interest in certain members of certain casts . . . B. J. F. meetings found him clarifying questions and bewildering opponents with his dynamic delivery . . . Joe rarely missed

the Worcester Club social functions . . . Defied the scrap metal drive and science by trips to Boston in his lizzie . . . His magic act featuring a smooth line of patter stole the spotlight annually on Parent's Night . . . and proved that he did reach Boston on those trips . . . handed out many a "Magic in the Modern Manner—by Kenneally" card . . . Squeezed enough activity into twenty-four hours to do anyone else for a week . . . Confident and self-assured, Joe . . . who did magic tricks with time.

Worcester, Mass.

Composite of test tubes, integrals and Irish wit . . .
Imperturbable Bob . . . whose theory was "Don't
worry; it never gets you anywhere" . . . His witty
remarks brightened many a drab lab . . . Dancing his
favorite pastime . . . Took quite a hand in Worcester
Club politics . . . Famed for his four-minute extem-
poraneous speech in rhetoric class during which he
said not a word . . . Respected authority on the quality
of the current band at the Plymouth . . . Wizard in
Math . . . Good-natured . . . bought countless cokes
for boarder friends with insufficient funds . . . Expert

behind the Montrose Dairy counter on week-ends . . .
"Rode" Charlie Polachi with the greatest of delight
. . . Member of the five o'clock Chemists' Club . . .
headquarters, the caf . . . Tried unsuccessfully for four
years to prove to anti-Worcesterites that Worcester was
as good as any place . . . better than most . . . Ran
into hard luck in lab once a year but always came out
smilingly triumphant . . . favorite sport, basketball
. . . proved his proficiency in the Barn during the
winter months . . . Bob . . . with the smile and
the chuckle on his lips.

Joseph Paul Lovering

BACHELOR OF ARTS

11 Lafayette Street
Calais, Me.

Steady, dependable, loyal . . . a real lover of classical education . . . penchant for Homer . . . He coupled education with the Spartan ideal of a sound body . . . another of the Maine boys . . . he possessed the characteristic independence born of a sense of true values . . . Debater and orator, he easily conveyed his point in an argument . . . but his friendly laughter took all sting of defeat from his opponents' breast . . . Chief sports: baseball and basketball . . . Joe has a fine ear for music . . . played violin and piano

. . . Favored classical masterpieces over modern swing . . . Lovering of the ever genial smile could always be counted upon to provide the fun . . . Constant acolyte . . . truly a Gleason standby . . . To know Joe was a matter of progressive study . . . for here was a man of hidden depths . . . Little Calais' first representative at Holy Cross . . . was privileged to have had an audience with the beloved Pope Pius XI, during a tour of pre-war Europe . . . As Maine goes, if Joe is a typical son, so should go every man.

Paul Antoine March

BACHELOR OF ARTS

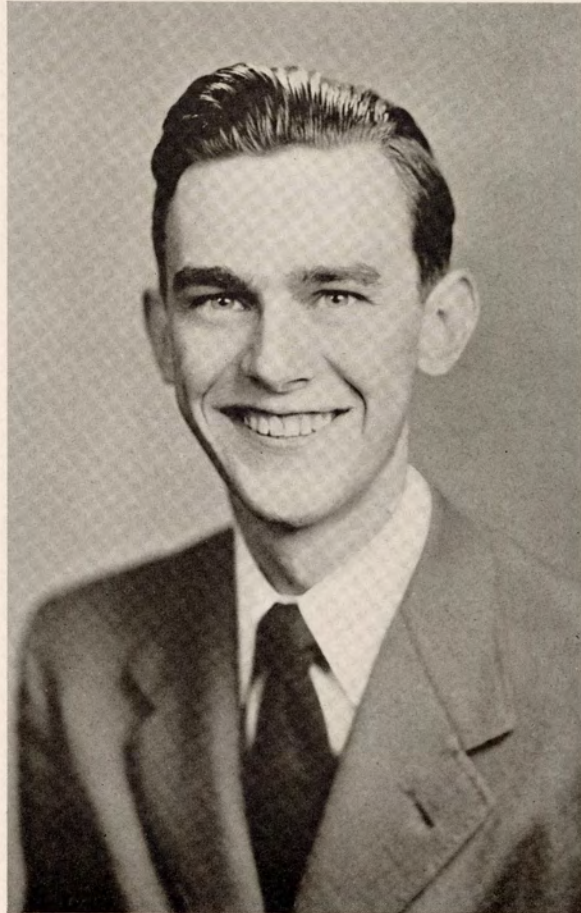

5 South Stowell Street
Worcester, Mass.

The man of many positions . . . Paul would never rest easy until he had won the best of them available . . . his jobs ranged from furniture salesman to assistant accountant in the receiving room . . . Freshman year, Paul was poetically inclined . . . used to pen sonnets with apologies to Keats or to Kipling . . . to the great distress of Mr. MacGillivray, S.J., who was seeking originality . . . A specialist in French . . . was often seen with Doctor O'Hara wrapped in the mysteries of the Gallic tongue . . . Tall and slim,

Paul was graceful on *any* dance floor . . . and showed off his charms on almost *every* dance floor . . . A good bowler and a better tennis player . . . Used a slow drawl to couple witty sayings and a serious countenance . . . An interventionist for the past five years, Paul was always at odds with the gang in the caf . . . almost lynched once when he said that De Valera might have made a mistake . . . Paul's ability to talk with authority won't hurt his law career.

Walter David McCarthy, Jr.

BACHELOR OF ARTS

56 Forest Street
Fitchburg, Mass.

The gentleman from Fitchburg . . . the reserved red-head . . . Mr. Esquire's well-dressed college man . . . calm . . . capable . . . collected . . . Silent passenger of the Fitchburg Flying Fortress . . . Conscientious objector to all debates, public and private . . . A champion of classicism, Dave conquered with ease the poets of Rome . . . had an allusion from the bards for every occasion . . . His most startling characteristic . . . a tendency towards amazing impulses . . . which contradict his usually conservative character . . . Took pleasure in doing his work well . . . Dave was never known to cram for an exam . . . Liked his

music on the heavy side . . . one of our genuine concert fans . . . Liked his movies too . . . always managed to get in one a week . . . He has yet to settle a four-year argument with the faculty over his first name . . . he doesn't like to be called Walter . . . Proudest possessions . . . his statistical memory and his new figure . . . the latter a product of the Muscle Classes . . . A Sociology major, he got his theory in the classroom, his practice analyzing his own amazing impulses . . . Social work gets a capable recruit in conscientious, conservative, classicist Dave.

Boston, Mass.

Kevin John McCarty

BACHELOR OF ARTS

79 Park Street
West Roxbury, Mass.

One-man chamber of commerce for Boston in general and for Boston Latin in particular . . . his oft-repeated slogans "Athens of America" and "universal centre of culture" performed the double duty of enraging New Yorkers and charming Bostonians . . . Played any sport superlatively . . . but baseball was his first love . . . Jack Barry liked his pitching in freshman year . . . Kev liked the prospect of an M.D. more . . . his greatest achievement in intramural pitching was the no-hitter against Wheeler I for the league lead last June

. . . Strong as a couple of oxen . . . wrestled his way through freshman year . . . it's doubtful whether such victims as Bud Hedges will ever recover from those scissors . . . Kev had a phenomenal memory . . . made good use of it in classes and gab-fests alike . . . added to this memory remarkable powers of concentration, and used the combination to keep himself in Section A . . . right at the top for four years . . . No need of wishing him good luck . . . men like Kev make their own luck.

Paul Donald McCusker

BACHELOR OF ARTS

649 Jefferson Avenue
Niagara Falls, N. Y.

Super-salesman of '43, Paul came to the Hill with several spelling-bee prizes in his trunk, including the National Boys' . . . Spent his last two years in the constant company of Gene Lawless . . . they split their time evenly . . . half was spent making plans for diffusing Catholic Action . . . the other half discussing the best ways of earning money . . . quick! . . . Possessed remarkable powers of resilience . . . went from one *affaire du coeur* to another and never profited by sad experience . . . Reportedly the fastest typist in the class, his ability stood him in good stead

. . . Will probably end up as a promoter . . . Paul could make a bullfight in the Porter's Lodge pay dividends . . . Became business mogul of the *Tomahawk* and grew familiar with the manager's office of every Worcester establishment . . . Considered movies and bridge as favorite forms of relaxation . . . was frequently seen enjoying the latter with Roomie Jim Standard and other Wheeler I devotees . . . Carried his energy to the "playing fields of Holy Cross" and did his best at all times . . . Paul, energetic, intelligent, industrious . . . but never too busy for a good time.

Leonard J. MacDowell

BACHELOR OF ARTS

29 Surrenden Street
Portland, Me.

Smiling and effervescent . . . never angry at anyone or anything in four years . . . had a liking for teachers who gave out few assignments . . . at home on the football field, the baseball diamond, basketball court and even the handball court . . . Strong Red Sox rooter . . . ready to visit Fenway Park or Braves Field at a moment's notice . . . regular member of the Saturday afternoon club in Wheeler . . . Rabid fan of the track team . . . more specifically of his successive roomies Bob McGlone and Fran Kelley . . . Developed into a terrific slugger in intramural baseball in senior

year . . . Ted Williams of the league . . . Restless character who was always looking for something to do . . . never obtained sufficient sleep to satisfy himself despite all the afternoon naps . . . Made a foray into the unknown world on return from vacation in sophomore year . . . A remarkably pleasant disposition . . . had a smile for everyone . . . believed in periods of relaxation, especially week-ends . . . Staunch movie fan . . . Master of jest, who took them as well as he gave them out . . . one of our best friends.

Joseph Patrick McGah

BACHELOR OF ARTS

1125 North Linden Avenue
Oak Park, Ill.

Has yet to meet the teacher who can pronounce his name correctly . . . it always takes at least three tries . . . Joe loved to argue about any subject, but favored the Jesuits and Boston College . . . Owner of a high-pitched laugh . . . Did his bit to immortalize the '41 B. C. week-end and thereby garnered the famous "Embraceable Joe" tag . . . disappeared completely for twenty-four hours in Syracuse, and took quite a riding as a result . . . Always seemed to be reading a newspaper . . . which explains his amazing knowledge of current events . . . Joe could and would quote

scores of football games played years ago . . . usually a spectator at intramural events, but specialized as a softball hurler . . . Sported the shortest haircut in history in freshman year . . . but it grew back somehow . . . Famous for his "comments," Joe only gave them upon request . . . they were usually well worth waiting for . . . A consistent student, Joe got an A in his Junior Oral, and was always on or near the Dean's List . . . The legal profession will appreciate Joe . . . who can talk his way through a brick wall.

BACHELOR OF ARTS

5 Pleasant Street
Marlboro, Mass.

Led a double life through four years of college . . . attended most classes at H. C. . . . all social functions at Regis . . . looked as if he were going to night school there . . . Sandy-haired, hard-working pre-med student . . . Bob day-hopped for sophomore and junior . . . then decided he would like the boarder atmosphere again during his senior year . . . occupied exactly the same seat in the caf every morning after breakfast . . . found that a good time to brush up on his philosophy, his knowledge of which edified Father

Moran . . . the caf saw him at lunchtime, too . . . between mouthfuls of the Blue Plate Special, he told the "Framingham Travelers" that a good time was had by all the previous evening . . . Marlboro member of the Worcester Club . . . Biology lab time found Bob vitally interested in studying which way muscles run and how many bones there are in the little toe of a cat . . . he'll make a good doctor in the army medical corps or elsewhere.

Buffalo, N. Y.

Cornelius V. McGillicuddy

BACHELOR OF ARTS

235 Chester Street
Buffalo, N. Y.

The "Buffalo kid" . . . our ambulatory encyclopedia of things athletic whose trade-mark was a transcending smile . . . An ubiquitous Dean's lister and a varsity basketballer for three seasons . . . One May day in senior year he took Tom Alberghini for a ride on an eccentric Beaven elevator . . . just to prove that "bodies, when left unsupported, fall" . . . Rainy Saturdays saw him in Jim Lynch's room waxing poetic over the charms of Buffalo or reeling off stories about ball players of every generation . . . Connie impersonated with almost professional dexterity . . . Equally proficient in

soothing losing pitchers and explaining "the matter" to a less-informed classmate . . . Untemptable with book in hand but invaluable during off-hours . . . it was then that his Irish wit shone . . . e.g. "My May Talk" . . . Took a stab at almost every subject from Demosthenes to trigonometry and truly mastered each . . . Argued philosophically . . . and proved statistically . . . "It's an absolute fact" was his constant reminder to would-be skeptics . . . There are two Connie Mack's, and they're related at that, but for us there's only one.

Francis John McGrath

BACHELOR OF SCIENCE

322 Robbins Street
Waterbury, Conn.

Meet the youngest of the McGrath contingent . . . the one who did all the worrying for the three . . . saw to it that the brotherly trio was always an harmonious unit . . . took his studies seriously . . . everything else in his stride . . . Chose the business field for his future . . . neat and well-poised in appearance . . . shy, pleasing smile . . . light, curly hair . . . One of the "three" most prominent members of the Waterbury combine . . . with Father Dowling as moderator . . . and the far corner of the caf as a meeting place . . . You could find the congenial group gathered

there almost every Saturday evening . . . Capable President of the Labor Academy . . . one of the speedy *garçons* in Kimball . . . looked forward with enthusiasm to vacations at home . . . Waterbury had more of a lure for Frank than did the fair city of seven hills . . . Seen often at the "K. K." where young Connecticut college folk used to dwell . . . his spirit of brotherhood within his own family has made us happy to receive him into the permanent bonds of our big family . . . the class of '43.

BACHELOR OF SCIENCE

322 Robbins Street
Waterbury, Conn.

One-third of that confusing trio . . . A Crosby High grad from Waterbury . . . Will be one of the "Soldiers of the Sea" after graduation . . . solid of structure, he'll be a good Marine . . . Not completely happy without a newspaper . . . sports page enthusiast . . . walking almanac of sports lore of every type . . . Faithful to the last . . . Eleanor Dee's the name . . . Knew how to dress . . . always impeccable . . . Quieter than average . . . but argumentative to the last . . . mostly in the realm of sports . . . Frequent Mass-goer . . . respected for his integrity

. . . His brothers and he were real pals . . . Somehow that's rare . . . In years to come: "Did you know Jim?" . . . "Sure; a good egg" . . . Describes him nicely . . . Much attached to movies . . . never missed the good ones . . . True to his nature, what he had to say was usually worth while hearing . . . because he "put his oar in" only when he had something to say . . . Will be remembered for having been part of the "Trinity" . . . but even more for what he was . . . serious and intelligent.

Michael W. McGrath

BACHELOR OF SCIENCE

16 Church Street,
Windsor Locks, Conn.

We all know him as easy-going Mike . . . never upset about anything . . . just seems to plod along . . . taking things as they come . . . Not related to the McGrath trio . . . but he himself has a brother in sophomore and another entered in the fall . . . Says he worked as a laborer last summer but it's hard to picture him in that capacity . . . Mike's books rarely balance due to his excessive generosity to friends in need . . . Strong booster of all things related to

Connecticut and an authority on tobacco farming . . . knows his movie actors and actresses . . . seldom did a show come to town that he failed to see . . . Likes aviation and haunts the huge army airfield in his town, keeping us informed of the relative merits of the P-39's and P-40's . . . Has been a member of the B.S. Economics group these four years . . . Mike hopes he'll rate a commission in some branch of the service . . . He'll make the ideal officer for privates.

William James McMahon, Jr.

BACHELOR OF ARTS

515 3rd Street
Niagara Falls, N. Y.

Bill came to us from Niagara . . . before he knew it he had more friends than his home town has honeymoons . . . prominent in intramural sports . . . excelled especially in basketball . . . a baseball player of big league caliber . . . In junior year, joined the ranks of the lab-loving pre-meds . . . "Handsome Will" had a nickname for everybody, and nobody ever took offense . . . Reason—he claimed he could never remember names unless he was the bestower thereof . . . Proved himself the perfect host when some of

the boys went touring through New York State during summer vacation sophomore year—witnesses: Jack Mitchell and Dick Martell . . . from all reports, they were treated like kings in their own palaces . . . Willy always enjoyed a good time, and his motto was "the more the merrier" . . . Friendly and carefree in his outlook, he always devoted more time to the books than was required . . . With the advent of the war Bill became a first aider for air-raid emergencies . . . Hail to the "happy Doc."

56 Maynard Street
Pawtucket, R. I.

Consistent, hard-working student . . . knows good clothes and displays fine taste in his dress . . . scholar perfecto; but not to be surpassed in the gayer life of dancing and swing . . . ample repertoire of whimsical sayings . . . One of the original Alumni "dormitorites" . . . did his bit to keep Pepper Martin guessing . . . Acted as private tutor to Bro Kilbane freshman year . . . managed to join the Gillon-Emery league in junior . . . From Pawtucket, R. I., and proud of it . . . Bob and the Duke rode high at the turfs . . . Spent most

of his time in Massachusetts, summering on the shores of old Cape Cod, where he was postmaster . . . Displayed a singular combination of the cultural and the scientific mind . . . manifested his executive ability in the Deutsche Verein, serving as vice-president under the immortal Brantl . . . much occupied with feminine correspondence ranging from Regis to Rosemont . . . H. C.'s contribution to Tufts Med . . . a future doctor from a family of doctors . . . There is no warmer heart in the class of '43.

Thomas Edward Meath, Jr.

BACHELOR OF SCIENCE

168 Ridge Street
Glens Falls, N. Y.

The man responsible for your receiving a copy of the PURPLE PATCHER—our circulation manager . . . tall, easy-going, smiling . . . A fine mind plus arduous application gave him marks that we all envied . . . never too busy to be a friend in need, whether it was an idea or coin of the realm to be borrowed . . . Genial Tom was aroused only when his somewhat precarious hairline was verbally assailed . . . Social element in his life wasn't neglected . . . whether it be Glens Falls, Boston, Worcester, or New York . . . a famous trip to the big town in junior year earned him the not-

very-much-appreciated title of "The Grand Old Man of the Gay White Way" . . . Ever-generous with time and Chesterfields . . . example of Mr. Esquire himself . . . at all times faultlessly dressed . . . possessor of a sport coat which occasioned much debate . . . Connoisseur of note on many subjects, including feminine beauty, food, and the faculty . . . Always threatening to disrupt Albany Club proceedings . . . Life at H. C. held just one grievance for Tom—"Why isn't this place co-ed?"

Thomas Peter Meehan

BACHELOR OF SCIENCE

118 Forest Street
Stamford, Conn.

Came to us in Sophomore year . . . didn't take him long to get acquainted . . . made friends easily . . . knew his "way around" . . . soon discovered the better places downtown . . . often visited Becker . . . Round-faced, red-cheeked, well-proportioned . . . a good-looking fellow . . . Friendly and energetic . . . vitality plus . . . Entered into school activities with vigor . . . golf, tennis and intramural enthusiast . . . steady patron of the recreation hall . . . Never missed a party . . . or a week-end of importance . . . Put

his "cherry" sedan to good use during the N. Y. U. week-end Sophomore year . . . happy host at the G. A. . . . a thrilled spectator at the Syracuse game in Junior . . . New York, Boston or Worcester, Tom enjoyed himself . . . Worked with as much vim as he played . . . Member of the Labor Academy . . . Determined, self-assured, ambitious . . . always a witty something on the tip of his tongue . . . the blushing boy from Stamford has what it takes . . . definitely an asset to '43.

BACHELOR OF SCIENCE

24 Glen Eagles Drive
Larchmont, N. Y.

Tee one up for the broad-shouldered, easy-going Adonis from Larchmont . . . God's gift to the women and the country clubs . . . To Joe, the Discipline office was "out of bounds" . . . and the Dean's office "in the rough," but usually he managed to stay right on the "fairway" . . . Frequently called "Hank" . . . for reasons blurred with age . . . Golf was his specialty, but only few can surpass his snagging of the pigskin . . . Nemesis of champion roommate Bill Burke on the handball courts . . . Joe has also been known to

do a bit of swimming in the Charles in the wee hours of the morning . . . Amiable and talented member of the "Off to Boston" group . . . Connoisseur of latest gentlemen's clothing . . . Originator of "Dear Pop, due to lack of sufficient funds" . . . One of the first in the class to be accepted in V-7, Joe has the stuff that means promotion . . . With a gallant future in Navy, golf and business, the embodiment of *fortiter, fideliter et feliciter*.

Thomas H. Neagle

BACHELOR OF ARTS

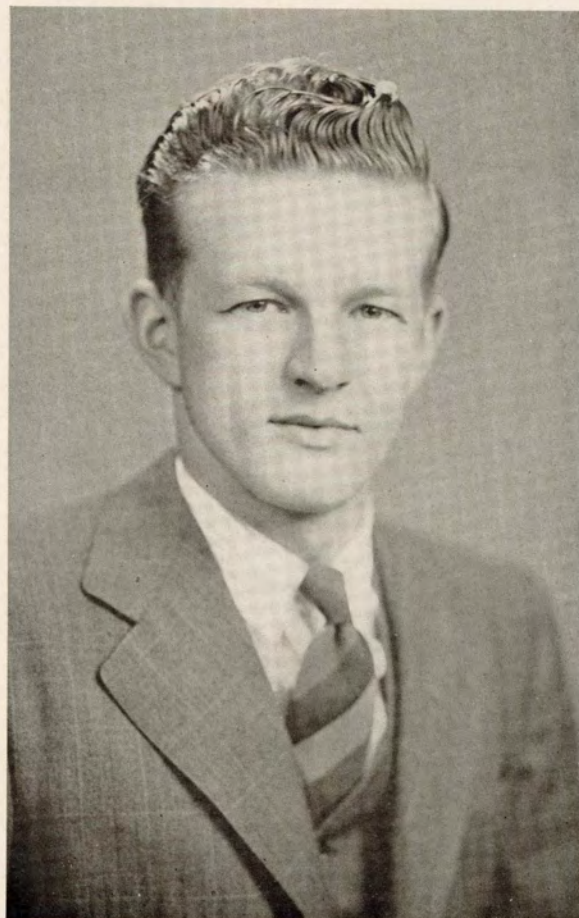

84 Cypress Street
Floral Park, L. I.

Our husky friend from Floral Park, L. I. . . . a clean living fellow . . . finds time for a friendly game of football every now and then . . . Pet peeve: classical study . . . His idea of time well spent: a long conference with one of his prefects . . . Lover of life in general . . . plays a good game of tennis . . . participates in all active sports . . . no more loyal rooter for the Brooklyn Dodgers on Mt. St. James . . . just extol the virtues of the St. Louis Cardinals . . . Tom is off on a rampage . . . Avid reader of the sport page and Dorothy Dix . . . has been

burning up the phones ever since he met a certain young lady from Worcester in sophomore year . . . Definitely on the serious side . . . Really hit his stride in junior year . . . became the general consultant on all matters economical . . . a mathematical and business mentality . . . Gave his time to philosophy also . . . will long be remembered for his excellent lecture to the Aquinas Circle . . . Army Enlisted Reservist . . . sturdy, strong, and willing . . . A good product of the education he has received.

Oak Park, Ill.

Jim was always in pitching . . . whether it was base-
balls, footballs, snowballs, or Father Brennan's English
course . . . intramural luminary in all sports . . .
with one consuming ambition . . . to win a charm
. . . almost made it with the Wheeler I footballers
. . . Had an anthology of tales about friends who
were football greats . . . and a list of injuries that
would stagger a veteran . . . Pitched freshman ball
and later made an intramural record that turned Jack
Barry you know what with envy . . . Wore out six
recordings of *Day In, Day Out* in freshman, when he

referred to it as "our song" . . . sang with the Glee
Club . . . and was seen frequently in Boston, Bridge-
port, New Haven and New York . . . fair enough
for a mid-Westerner . . . Jim thought seriously of
going into the tire and rubber business, but found the
stakes were much too high . . . Almost tried out Fen-
wick's fire ladder one night when he thought he was
trapped by flames . . . a little rubbing alcohol had
done the trick . . . called Speed, Punchy, and Navy
. . . a nice person to know under any name.

Edward Thomas Rafferty

BACHELOR OF ARTS

173 North Common Street
Lynn, Mass.

Our Lochinvar from Lynn . . . the singing pre-med . . . saw the lighter side of life . . . and enjoyed it . . . Mornings roomie Carl was up with the first Cloister bell . . . while Ed slept on . . . making a Dagwood dash for class . . . usually late, but made up for it once there . . . Astounded Father Busam and Mr. Malumphy by inventing new organs for the human body . . . The pre-med schedule wasn't enough for Ed . . . pestered the Dean to let him take extra courses . . . which did not, however, interfere with his social life . . . a fine tenor . . . who thrilled fair

maids on Glee Club tours . . . or so he said . . . Could jitterbug as well as he could walk . . . and liked it much better . . . Impetuous Ed . . . spent an extra night in New York with Johnson to show the big city to Detroit visitors . . . then hitch-hiked home with six cents in his pocket . . . Also took up golf with Johnson . . . Dick plays a good game now . . . Ed just plays . . . Many doctors write autobiographies . . . we'll look forward to Ed's . . . it will be a tale well told . . . signifying success.

Stanley D. Rapinchuk

BACHELOR OF ARTS

90 Endicott Street
Worcester, Mass.

The Borgia acolyte . . . the dashing *élan* of his Russian
ancestors coupled with good old New England industry
. . . Combined his passion for caf society and his
ambition for a medical career by making the caf his
study-hall . . . between cokes he could always force
a hearing for his version of *Reader's Digest* humor
. . . Rumored to possess a rare jewel, the numismatist's
delight, a nickel with two heads . . . he modestly
denies it . . . Pet theme: the superiority of Russian
to Polish weddings (just a quibble) . . . Suspected

of being a Bolshevik or something because of his red
tie and the bombs he used to build in chem lab . . .
Skilled at boring from within and general agitating
. . . But can, when in an eloquent mood, make the
most touching appeals on the campus . . . "Rap"
is really loved, even by those, who have never won
a toss from him . . . generous of spirit and deeply
reverent beneath his gay exterior . . . a good student
. . . it took a hundred years but we produced him.

Walter . . . man of many moods and mysteries . . .
clever . . . talented . . . deep, but not unfathomable
. . . unpredictable at all times . . . Master of the
extemporaneous speech . . . can speak *ad infinitum*
on any given subject . . . Played a most unorthodox
violin for the Philharmonic for two seasons . . . Proud
possessor of the "Trained Memory" . . . can recite
with gestures "Gunga Din" . . . his classic, Hugo
Baskerville . . . Has started many of our wildest and
best rumors on their way . . . A hard-working pre-
med . . . no experiment ever left unfinished . . .
often concocted some "devil's brew" which exploded

. . . a periodic reader of huge medical books . . . for
professional reasons resents the name "Butch" . . .
Spends his leisure time in the Caf . . . notorious
story-teller . . . constantly working out someone's
chem problems . . . Reads all the latest books . . .
has already started a medical library of his own . . .
Loves to play the charging Crusader on his noble
steed, "Tubby" . . . Is often seen touring the hills of
Fitchburg *à cheval* . . . Headed for Tufts medical
after graduation . . . His success there will be as it
was here . . . well-earned and complete.

Our true-blue Brooklynite . . . Roman nose . . .
sunny smile . . . for those who backed "Our Bums"
. . . Sir Echo . . . enthusiasm was his argument for
anything worthwhile . . . Never seen walking to a
meal . . . or running to a class . . . not that he
wasn't apt scholastically . . . one of the few who
could really handle Dr. Peragallo's assignments . . .
Spent hot summers "in town" working at the cool
New Yorker Hotel . . . and windy winters in a suede
jacket . . . reluctantly discarded it on week-ends

. . . then the Polo coat saw service . . . One of the
four "Quiz Kids" . . . along with "Mouse," Roche
and MacDougald . . . the last claimed him as a pro-
tege in the waiting-on department . . . considered a
verbal battle with Tomasiello the most satisfying end
to any day . . . nothing serious . . . although sincere,
still had a streak of humor in him . . . Born an
optimist . . . blessed with the ability to capitalize on
the breaks . . . Vin made many friends in his time
on the Hill . . . he'll continue to do so.

With quiet, unassuming manner, Roger upheld the hard-working tradition of physics students at the Cross . . . his conscientiousness won the admiration of students and professors alike . . . Came to the big city from North Oxford each morning . . . Roj brought a mathematical wizardry with him . . . soon became a feature of the physics department . . . long hours in the lab never seemed to bother him . . . established authority on facts and figures . . . became Dr. Basch's protege . . . or was it vice-versa? . . . Showed the

chem students a thing or two about their major . . . Kiely and Polachi couldn't get over it . . . Regular Sodalist . . . active member of the Scientific Society . . . accomplished musician . . . seen on Fitton every football Saturday . . . doing his bit to supply color for the "great Sport" . . . Quite a baseball player too . . . starred in high school ball . . . cousin and favorite fan of the Braves' Al Javery . . . Proud of his French heritage . . . Roj will make his future work in mathematics look like first grade arithmetic.

Ernest T. Vocell

BACHELOR OF SCIENCE

Boston Road
Billerica, Mass.

His name was "Ernie" . . . throughout four years the intrepid man who dared to call him that was never found . . . No giant, Buster's size belied his strength . . . Working in his father's garage gave him the strongest pair of wrists in the class . . . woe betide the unwary underclassman who shook hands with our Hercules . . . Ran the opposition ragged in all intramural sports . . . there wasn't a hole so small that he couldn't squeeze through . . . Loquacious, but never bragged . . . Knew sports so intimately that

he gave the impression he invented them . . . another authority on batting averages and percentages of all kinds . . . Would bet on anything and everything . . . and seldom lost . . . "canny" was Buster's middle name . . . Rivalled Ray Ghelardi as possessor of the highest-pitched laugh in the class . . . it was heard continuously . . . "Little Buster" . . . a bad man to tangle with, but a valuable friend at all times . . . our self-reliant dynamo . . . excitable and ever invigorating Buster.

Edward Joseph Walsh

BACHELOR OF SCIENCE

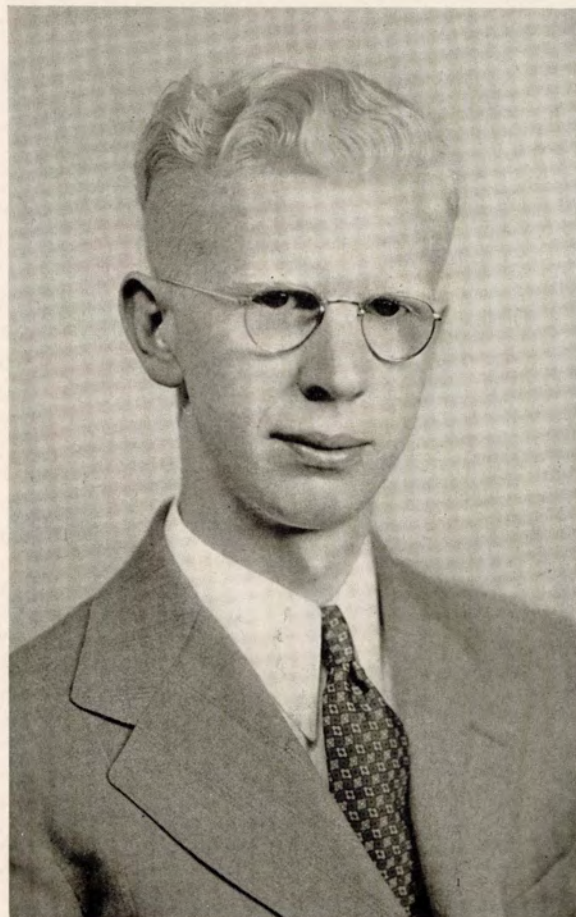

51 Brattle Street
Cambridge, Mass.

Introducing "Big Ed" from Belmont . . . a quiet fellow . . . amazed all by infrequent displays of hidden talent . . . Promoted and produced, with roomie Bob Burns, the highly publicized match between "Demon Dan" and "The Mouse" . . . Showed his great love for flying in junior year . . . staged a hedge-hopping show for the boys in Beaven . . . Once stayed on the Hill for a week-end so that his prefect might distinguish him from his roommate . . . His "Beantown Express" carried many to Boston on Saturdays before the prescription on gas and tires . . . one of those decorated

for bravery in the *Battle of Beaven* . . . probably the No. 1 welder in the class . . . Business major . . . in senior year decided to acquire some practical experience . . . especially among Freshmen . . . executed many important enterprises with Tom Shea . . . initiated Bill Whelan into their circle in November . . . Always interested in Mike McGrath's welfare . . . need we say he did his job well? . . . Au revoir, Ed . . . you were a man worth knowing . . . a friend worth having.

Joseph Patrick Walsh

BACHELOR OF ARTS

126 Lawrence Street
Fitchburg, Mass.

The most scholarly gentleman from Fitchburg . . .
Section A . . . Dean's Lister for four years without
a miss . . . a tireless worker who was well rewarded for
his efforts . . . Flying Fortress . . . Joe ordinarily quiet
. . . but violent in informal "caf" debates . . . Long
recognized as supreme court of appeal in all cafeteria dis-
putes . . . speaks *ex cathedra* on matters philosophic
. . . analytic thinker who found a world of meaning
in every thesis . . . threatened many times to edit his
own text . . . A sharp-witted and talented story teller

. . . Exponent of the Fitton Field Blitz . . . hammered
and pounded his way all over the stands on a Saturday
afternoon . . . a dangerous man to sit with . . .
Veteran Sodalist . . . Minstrel man, harmony singer,
and banjo plucker . . . likes Bing Crosby and Amer-
ican literature . . . fast becoming an authority on the
latter . . . writes short stories and essays himself
. . . handles masterfully a score of themes . . . our
John Kieran—who will return to college as a professor.

UNDERCLASSMEN

The life of an undergraduate has changed since those early years when Worcester was a city of ten thousand. Those were the days when only seniors wore silk bats, when recreation was a ten-mile row on Quinsigamond or a walk to Mt. Wachusett, when astronomy and geology were on the curriculum. But truth does not change: the ideals of those first men of Holy Cross are the same which inspire her centennial sons.

Juniors

CLASS OF 1944

Unlike the Juniors of past years, the men of '44 had the intricacies, the pitfalls, and the labyrinthine dangers of philosophy thrust suddenly upon them. Unlike their predecessors, they did not have a long summer vacation in which to accustom themselves to the idea of being dignified Juniors. On May 7th, one week after completing their sophomore year, their fifth semester burst in upon them. But although they were fully conscious of Holy Cross tradition and custom in all branches of activity, spiritual, cultural and athletic, they were not so chained to the past that they could not adjust themselves to the exigencies of a national emergency; the demands of the armed forces, jumbled semesters, earlier classes, earlier Masses, no gas, rationed coffee, and especially no holidays.

They felt, at the start of that third year, that they were well on their way to becoming educated men. Consequently, they began to specialize so that they would be able, perhaps, to make a living. But they saw that the Seniors were panting under the heavy load of their exceptionally weighty books, so they decided that this year they would have to play a leading role in the extra-curricular activities of the Cross.

Fr. Moran, S.J., Fr. Hutchinson, S.J., Fr. Quane, S.J., and Fr. Glavin, S.J. were the first to tell them

JUNIOR CLASS OFFICERS

WALTER E. HOAR
President

JOHN J. LEARY
Vice-President

about syllogisms and ideas, those little factors that were to cause so much trouble. Every class became even more vital because there were fewer of them.

Baseball was the first sport in which men of '44 participated as Juniors. Ray Milner, Harper Gerry, Buster Mills and Red Sliney were the varsity regulars during that hectic spring. But when it came to intramural baseball, we really were tops; for two Junior teams, Carlin IIIA and Carlin IIIB were champions in their respective leagues.

Then on July 2nd, we started hustling home for our short, blissful summer vacation. Most of our time was spent explaining to people how we had completed two and one quarter years of college in two years, (or had we?). Carlin Hall had been so convenient and had endeared itself so much to us that on our return we decided to bunk once more under its Worcester Georgian roof. We had become too accustomed to peering anxiously at Kimball Hall before meal time and shouting the heroic cry, "They're going in," to move to distant Beaven.

Fall found most of the fellows back with little cards showing that they were in one of the military reserves. However, one out of every ten had left school for active duty with the armed forces. Five entered the Navy Air force and five the Army Air Corps. Some were in the Marines, the Navy, the Coast Guard, the infantry, the motorized units, the paratroops, and almost every other conceivable unit. Among those already on active duty are Tom Burke, Ernest Duhaime, Jim Middleton, Fritz Barzilauskas, John Sullivan, Jack Donnelly, George Alietta, Charlie Carr, Lou Scerra, Jim Sheehan, Ed Carr, John Nolan, John Allen, Tom Cawley, Frank Delaney,

Paul Friel, Joe Monahan, Jim Ryan, Jim O'Brien, Walt Driscoll, Bob Fisher, and John Collins.

The year has also been generous in lives devoted entirely to God. The most prominent of all to begin studies for the priesthood was Ed McGrath, the outstanding president of the class of '44. Others who have entered various community and secular seminaries are Robert Hoey, Bill Masterson, Richard Brackett, Tom Morris, Frank Prout, Don O'Brien, Fred McManus, Frank O'Sullivan, Tom Casey, Jack McNally, Hugh Reilly, Jack Kinkle, Jack Clancy, and John Cummings.

When we became Juniors, we were at long last eligible for the B. J. F., and about twenty-five of us were selected for membership. Later in the year ten of them were elected to the varsity team. They were Jim Fee, Bob Schlitt, "Reb" Hewitt, Don Markham, Ed Browne, Dick Moynihan, Paul Cronin, Joe Keegan, Tom Sullivan, and John Morgan.

The forty-sixth varsity football team took the field when the class of '44 returned from their vacation. Twelve of our number found that they held varsity berths. George Titus was in there at center, as was Chester Yablonski. Walt Hoar played a terrific guard until incapacitated by an injury. Manning the line were Mel Downey, Broni Macy, and Bob Lawson; while the boys who carried that ball for plenty of yardage were Dick Gibson, Danny Weitekamp, Steve Murphy, "Red" Sliney, Chet Wasilewski and Lou Celentano.

When the Purple Netmen take to the boards you can count on Bob Nolan, Steve Murphy, Ray Milner and Bill Pisarra to be right in there, sinking basket after basket for the Crusaders. Joe Mallahan and Paul Hines are the speediest boys in the year and are pounding the boards and the cinders with the track team; while big Chet Lakowski kept himself busy hurling the shot and assorted discs.

The Purple Key drew much of its strength from the junior class with Joe Keegan, Jack Fitzgerald, Marty McCue, Basil Kane and Charlie Trebbe filling

important posts and keeping rallies and various drives humming.

The *Tomahawk* was filled with contributions from the Juniors. Ray Cooney, Bill Cullen, Ken Sullivan, John Morgan, Paul Murray and Joe Garland all having columns and emulating the Peglers and Cunninghams. Others on the staff who wrote valuable and interesting features and news articles were Joe Keegan, Marty McCue, Joe Condron, and Dick Moynihan. Moynihan showed his versatility by also being editor-in-chief of *Le Croisé*.

Every activity on the Hill found Juniors in prominent positions. The Sodality had many devoted members; the Mission Crusade, the Sanctuary Society, the Purple, the History Academy, the Cross and Scroll, the Scientific Society, the Glee Club . . .

This is what the class of '44 has done. When viewed with a cold analytic eye, these may seem to be rather mediocre achievements: it may appear to be just another junior class. But if you consider the background of war against which the year unfolded, the class of '44 may perhaps be considered exceptional. Dread uncertainty stalked every day of it; no one knew what the future held for him; no one knew if he would ever be a Senior. But everyone was always ready and everyone did his share.

Class of Nineteen Forty-four

The present world conflict, the long-awaited clash of one mighty war-machine against another, is, to say the least, epoch-making. Of the countless changes it has wrought in the normal routine of a peaceful existence, perhaps the one most pertinent to our own college life is the drastic increase in the tempo of our curricular activity. Such has been the acceleration here on the Hill that the class of '45, though it will always be just that, '45, will have gained the dubious distinction of being the first class in the history of Holy Cross to bid farewell to Alma Mater a full year ahead of schedule.

Accordingly, in April of 1942, we, the men of '45 rushed through our final exams as Freshmen, stopped only long enough to exchange that awed freshman look for a more smug sophomore sophistication, and then vigorously assailed our second-year duties with the renewed confidence that only experience can bring. Facing us was the task of completing in two months the greater part of a full semester's work. The abbreviated summer vacation would be followed by five weeks' more intensive study, which would complete the first semester's endeavors. The necessity of plying textbooks during the hot summer evenings up to July gained little solace from the prospect of early graduation, especially when we viewed the torn and bleeding condition of the world to which we would fall heirs.

But despite adverse conditions, all was not dark and gloomy in our sophomoreic universe. Two events,

Sophomores

CLASS OF 1945

both sponsored by the R. O. T. C. Unit, highlighted the Spring session from a social standpoint. On June 20, members of the class and their dates danced to the music of Dol Brissette and his orchestra in the ball-room of the Bancroft, which had been the scene, two weeks previous, of the Junior Prom. Dance committee chairman Ed Meyer and his assistants merited the earnest appreciation of their class for the warm spirit of class unity prevailing throughout the affair, which was unanimously voted a huge success, worthy of annual renewal. On the following Saturday, the Naval Unit held its first annual Visitors' Day Inspection and Parade. Prominent guests at the occasion were Admiral Wat Tyler Cluverius and Senator David I. Walsh of Massachusetts. After the parade and inspection of various naval exhibits, Rev. Fr. Maxwell entertained the guests and officers of the Unit at a tea held in Dinand Library.

Less than two weeks later, Mt. St. James was the scene of the annual summer exodus, although this time it occurred more than a month later than usual. Predominant in our minds, of course, was the long-awaited rest from books and classes. But lurking somewhere in the recesses of year-ripened brains as we shouted boisterous farewells to each other was probably more than a normal anxiety for the future months. What developments would it bring about in our own personal circumstances? Who among us would find ourselves in far different, perhaps far more care-laden positions? But meditation upon such profound possibilities was impossible in the glow of vacation fever, and, with many a handshake and resounding backslap, we were off.

The scene that took place just two months later might have been photographed on the same film, if it were to be recorded for posterity, and no appreciable difference would have been discovered. The handshaking, the backslapping, the shouts of greeting

SOPHOMORE CLASS OFFICERS

WILLIAM L. KELLICK
President

THOMAS A. HICKEY
Vice-President

were the same when we returned. It was not until we had exchanged yarns and started swapping adventures that we noticed the absence of so many of those who had been our companions a few short months before. The seminary, the armed services, other schools had all claimed their share of our number, and it was a more serious and duty-conscious group of Sophomores who settled down to the task immediately ahead of us: to be worthy of the privilege bestowed on us, and to extract every possible ounce of good from our college careers.

The fall term found Sophomores assuming many of the responsible offices that had been filled by members of the lately graduated class of '42. First in both industry and student-interest are, of course, the warriors who toil all week on the practice gridiron, to give their Alma Mater a fighting football team in each Saturday's struggle. Among those gridiron giants were such prominent Sophomores as Landrigan, DiGangi, Nolan, Swiacki, Lambert, and Schum in the line, and Ball, Wizbicki, Sullivan, Sherwood, and Galuska in the backfield. The names of O'Leary, Ferrick, Layton, and Mulkern sparkled from the accounts of Purple activity on the track front. Answering the call for baseball candidates were several members of last Spring's sterling freshman nine, numbering among others, Bill and Mike Connelly, Doherty, Davis, Kellick, Hannon, and Hurley. The uncounted hordes of stars on the Intramural gridiron need not be mentioned here; they know who they are.

The claim to fame of '45 comes not only from the field of sports. Extra-curricular activities can thank sophomore diligence for much of its promotion, just as it has looked to sophomore talent for much of its material. Purple Key men, Phelan, Cassidy, Connelly, and Wolff have been as active as their membership in the Key indicates. The success of the Victory Dance after the Colgate game attests to the fruits of their efforts. Sophomores Lambert and Dudenhofer displayed literary talent to burn (in the figurative sense) in their monthly contributions to the *Purple*. The brunt of reporting for the *Tomahawk* was borne by sophomore newshawks, and sports columnist Frank Waickman blossomed into a most capable scribe in keeping abreast of the Intramural

situation. The Naval newspaper "Beacon," with Rev. Fr. Maxwell as Moderator and George McEvoy as Editor, was received with the plaudits of all.

Manager Cassidy, of the Musical Organizations, and assistant-manager Kickham had their hands full as the band marched at every home game, as well as the Brown game in Providence, while the Glee Club and Philharmonic Orchestra prepared for their annual winter season of concerts. Father Foran's assistants and co-workers in the Sodality are too numerous to mention, but are all worthy of high commendation.

Perhaps the high spot of our entire year was the annual Retreat, given this year by Father Raymond Kennedy, S.J., and whole-heartedly acclaimed to be not only instructive and entertaining, but effective as well.

As the midpoint of our college careers rapidly draws into view, we find ourselves in a delicate though not impossible position. So far we have best been able to serve our country and our station in life by remaining in school. As Sophomores, we are neither just starting nor nearly finishing our careers; yet we are determined that we will strive with all that is in us, both to improve our own lives by education, if that is possible, and to preserve the life of our country by serving it, if such we are called upon to do. Whatever our course, we shall always be able to look with gratitude to Alma Mater for guidance and inspiration in our pursuit of happiness.

Class of Nineteen Forty-five

"Three Hundred and Ninety Two Freshmen Register on the Hill for Three Year College Course," proclaimed the first issue of the *Tomahawk*, and we of the Class of 1946 were officially welcomed to Holy Cross. With the dubious distinction of being the Hill's first wartime class, we settled down to an accelerated program of studies, intended to afford us the opportunity of a full college diploma before induction into the armed forces. However, due to the lowering of the draft age, we soon realized that very few, if any of us, would ever finish our course on Mt. St. James. It was with this sobering reflection that we began our life at Holy Cross, resolved to make our stay all the more profitable for its brevity; our devotions to our new Alma Mater all the more intense for the realization that we were to leave her soon.

Perhaps nowhere was the spirit better exemplified than on the gridiron. For the first time Freshmen were allowed to try out for the varsity squad, and as evidence of their spirit and talent, four from our class won letters: Connor, McAfee, Strojny and Campbell. Close behind the lettermen came Kenny, Ruggiero, Kolasinski, Sweeney, Richards and Smith. How good were they? Ask the battered Boston College Eagle for one, who will tell you that it was the spirit and the drive of the Freshmen more than anything else which caused his gaudy plumage to be strewn all over the far reaches of Fenway Park.

As is the yearly custom at Holy Cross, an honorary president is appointed for the Freshman Class from among the Seniors. This year Edward Gilmore was the choice, and a fortunate one it was for the Class of "forty-six." Showing from the outset a deep interest in our affairs, it was President Gilmore who inaugurated the practice of sending *Purples* and *Tomahawks* to the Holy Cross men in the armed forces. Freshmen Noonan and Jackson were chairmen for this drive.

October brought the opening of the various clubs and activities, into which the Freshmen threw themselves wholeheartedly. In the literary field we find

Freshmen

CLASS OF 1946

EDWARD GILMORE, '43

HONORARY PRESIDENT

several Freshmen on the *Tomahawk* Staff, while Don Brown was our sole contributor to the *Purple*. In the work for the Sodality, Bengs, Hayden, Read, Cashman, O'Connell and Murray, to mention but a few, were especially active, while under Rev. Paul Barry, S.J., a successful season was enjoyed by the Freshmen debaters. Although not very high in the final standings, our intramural football teams furnished the upperclassmen with many a busy afternoon. In a spiritual way, we found stimulus in the annual Retreat. The response to the Retreat,—conducted this year by Father Barry,—in point of fervor and sincerity was strictly in keeping with the gravity of the times.

In a class so distinguished for its spirit, it was only proper for the seeds of spiritual and patriotic endeavor to flourish. Three of our members, Frank Caffrey, Ed Gully and Ed Crowe, are already pursuing their studies for the sacred priesthood, while several others are soon to enter the various novitiates. On the military side, the Class of 1946 boasts over one hundred and twenty-five members accepted into the Naval R. O. T. C., with many others enlisted in the Army, Navy and Marine Reserves, still a further commentary on our patriotism and all around spirit.

But now as we, the men of the Class of "forty-six" look ahead, we can foresee at best a few short months more at Holy Cross. Even in that brief space, however, with such spirit as we have already shown, the Class of 1946 should one day rank among the noblest offspring of a noble mother. If spirit and devotion will do it, we cannot fail.

JOHN C. CULLEN, '46.

Class of Nineteen Forty-six

A C T I V I T I E S

Since the distant dawning days of 1846, when the B. J. F. was formed and dramatics flourished under the Smithsonian Ethiopian Minstrel Society, life on Pakachoaog has been rich in tradition. In 1897 the first PURPLE was published. Shakespeare lived on Fenwick's stage and the glory of Grecian drama was recaptured. So her sons sing of "These happy days which we have lately lived and soon must quit, no more to see them save through half-shed tears."

PREFECT

JOHN R. McCARTHY

Vice-Prefect Thomas P. Casey

First Assistant Prefects

James A. Blakely John E. O'Hara

Second Assistant Prefects

John P. Swords Henry F. Kilfoil, '44

Secretaries

John B. Noone, '45 John P. Driscoll, '45
 Robert J. O'Connell, '46

Director Rev. T. Lawrence Foran, S.J.

Assistant Director Mr. James H. Monagle, S.J.

The Sodality of our Lady, boasting a membership which is proportionately the largest in many years, carried on an extensive program of activities during a year which was dedicated to a crusade of prayer for a Christian victory for our country and a Christian peace for the world. The prefects and secretaries succeeded in integrating under the banner of Mary a large number of projects sponsored by Sodality committees.

Dialogue Masses were celebrated frequently, with the Dialogue Mass Committee leading the prayers. The Missal Committee and Sanctuary Committee also served liturgical functions. The Pamphlet Rack Committee kept us reading pamphlets. The Campus Contact, Catholic Literature, and Catholic Truth Committees collected and disseminated magazines. The Poster and Publicity Committees kept the college informed of Sodality activities, along with the Bulletin-board Committee. The Membership Committee compiled necessary records.

May talks were delivered during that month by Sodalists. Radio symposiums were presented on Mary Immaculate, Pope Pius XII and Peace, and the Catholic Culture of South America. Other projects were Mission Book Week, Catholic Book Week, the Help the Poor Crusade, and the crusade against the birth control referendum.

The annual Solemn reception of candidates was held on December 13th and 130 new Sodalists were inducted.

JOHN R. McCARTHY
Prefect

Mission Crusade

Conscientiously, week by week, a corps of resident students knock at the doors of residents on their respective corridors asking for contributions, while a band of day students receive coins from non-resident students. These collectors are the loyal representatives of the Mission Crusade. Upon these men is built an organization that is vital for the support of missionaries in Iraq and Jamaica. The degree of success reached by the Mission Crusade this year is due in great part to these men of genuine Christian zeal.

The purpose of the Mission Crusade is to send absolutely necessary materials to the Jesuit Fathers in Iraq and Jamaica. It is difficult to measure the gratitude that the self-sacrificing missionaries express in their letters of acknowledgment and gratitude to the students.

During war-time, the money is not sent directly to the Mission fathers; instead it is deposited in a bank and credit, to pay for essentials in Jesuit mission life, is extended.

Edward Gilmore kept the students aware of the work of the Crusade by handling the bulletin board. On the board is found grateful letters from missionaries, and general news of the excellent work which is done, in peace-time and war-time alike, by the Jesuit missionaries.

Stephen Barone, who headed the organization during the Spring Term, handed over the reins to Paul Gleason in September.

Day Student Sodality

PREFECT

LEO J. BRESNAHAN

Assistant Prefect John Tyler, '44
Recorder John Boursy, '45
Moderator Rev. Raymond F. X. Cahill, S.J.

LEO J. BRESNAHAN
Prefect

The Day Students' branch of the Sodality of the Blessed Virgin Mary concentrated its efforts this year toward an impression upon its members of the necessity for Catholic Action. It was a year of interesting meetings, excellent orators, and appropriate addresses, which conspired to bring every Sodalist to the vital realization of what he is going to be called upon to face in this harrassed and war-torn world of today.

Fundamental Catholic principles and truths were stressed in successive lectures to the Sodality by the Fathers James L. Brennan, S.J., Francis J. Murphy, S.J., Thomas E. Shortell, S.J., and Patrick J. Higgins, S.J., and Professors William H. McCann and Alfred V. Boursy.

In addition to their weekly meetings, the Sodalists attended Mass in a body on the First Friday of every month in St. Joseph's Memorial Chapel.

A notable manifestation of the Catholic Action of the organization was its sponsorship, with the cooperation of the Worcester Undergraduate Club, of a lecture on Birth Control by Rev. Harold V. Stockman, S.J. The scene of this presentation was Alhambra Hall. This lecture was especially appropriate in view of the fact that it took place just previous to the day of voting on a referendum on Birth Control in the State of Massachusetts.

Sanctuary Society

The Sanctuary Society at Holy Cross celebrates, along with the college, its hundredth anniversary. During the past century this society has enrolled more Holy Cross students in its register than any other society. This is as it should be, for the society's one aim is to serve our Blessed Lord at the altar and to engender in the hearts of its members more love for the Mass.

At no time in the society's history has the world outside seemed so dark, but that fact has caused the members to value the Mass all the more, for all of us realize that in the near future we shall be scattered around the world and only the Mass can keep us united in Christ.

It has been the privilege of Paul Gleason, President, and James Stanard, Master of Ceremonies, under the direction of the Moderator, Rev. Harold C. Kirley, S.J., to guide the society through its centennial year. The tireless hours that the Director, President, and Master of Ceremonies have given to the society has met with the generous response from over two hundred members. With their cooperation it has been possible to supply all the priests on the Hill with servers for their daily Masses. The members also offered their services for the frequent Benediction ceremonies.

The Purple

The Class of 1943 took *The Purple* on its shoulders this year and successfully carried it through our accelerated schedule. John McCarthy, big boss, turned his talents to women writers, salesmen of Shakespeare and the bourgeoisie. His "Too Many Girls" had the campus guffawing for weeks; he made *The Purple* read like the New Yorker without profanity. Martin Conroy, sub-chief, tried his hand at articles, fiction and verse. He told us about "The Boy Who Could Wriggle His Ears" and "Shakespeare's Theatre." Bill Quinn completely uncovered the talent he had been hiding and made us wish we had discovered it sooner. We won't soon forget his simple tale of the kindly nun who hated to see "her" boys and girls go out into the world.

Fran Kelley took time off from track to lend a serious tone to *The Purple*, discoursing wisely and well on Claudel and the corporate state, among others. Ben Singleton, in his theatre column, didn't like quite a few plays, and told us so in very certain terms. Ed Danowitz sang of the fields of friendly strife and of men who go down to the sea in ships, and sang well enough to clean up in poetry awards. And Andy Carten, with clear black lines, highlighted aspects of the campus we had never noticed before. Gene Lawless hustled ads.

A few undergrads like Paul Cronin, Ken Sullivan, Phil Cahill, Dick Lambert, Don Brown and Joe Dudenhofer showed by their talent that *The Purple* is good for several more years of publication.

History Academy

To make recorded events live as they actually and verily happened is the aim and hope of historians. The modern militant rhythm of life was emphasized in the present year's series of lectures and discussions conducted by the History Society. Each Monday the two divisions of the History Society, the Boarders' Chapter, and Worcester Chapter, held illustrated lectures on "The Far East." The Solomon Islands, the Dutch East Indies, the Philippines, Malaya, Japan, India and Russia were studied successively. In addition the History Societies participated in round-table discussions on "The Problems of a Lasting Peace" at Emmanuel College and Providence College.

The above remarks must be construed as describing a war effort, but also a peace effort. To help win the war by affording a series of geographical, ethnological, strategical, and historical lectures dealing with the Far Eastern theater of war in which Americans now fight and die, was one chief aim. To help win the peace was another.

The interest shown, the large attendance at meetings, indicated that the members were not bogged down in pessimism over the war, that they are not of the number of those who feel that it is ill to be born in these times, but, as true historians, they know that mankind in the past has made a new world out of an old one, and can do it again.

Purple Key

The Purple Key is a selective student organization whose purpose is to foster devotion to Holy Cross by sponsoring student activities and furthering the interest of the student body in college affairs.

The first time members of the Key were seen in any official capacity this year was on Freshman registration day, when they acted in their customary role of campus guides and red caps.

Under the leadership of Chairman Dick Johnson, the rally program was set in motion with music, laughter and spirit injected into the student body before the Dartmouth, Duquesne, North Carolina State and Colgate football games. At the Colgate rally, a new fight song, "Hail, Holy Cross" was introduced, and has since met with much favor.

Other major activities of the Key during the year were the Key dance, directed by Gene Lawless, which was held after the Colgate game; the supervision of a collection for the stipend Masses for service men; ushering in the student section at football games; and the presentation of a floral horseshoe to Coach Scanlan before the opening game.

The senior members of the Key are Chairman Dick Johnson, Tom Meath, Jim Fairclough, Joe Mendes, Jack Ryan, Dick Dubord, Rocky Schambach, Vin McSweeney, Dave Jennings, Walt Winchester and Gene Lawless. In making this one of the best years in the history of the Key, due credit should be given to Father Evanson, whose timely suggestions and loyal interest were of great assistance.

<i>Director</i>	Prof. J. Edward Bouvier, M.A.

KENNETH E. SULLIVAN
Executive Manager

Every student on the Hill has become acquainted, in some way or other, with the Musical Clubs. All the students have heard the band as it marches with precision during the football season; all have heard the Glee Club in its annual student concert; all have heard the Philharmonic, Holy Cross' instrument of "high-brow" music; but few students realize the work, the time, the effort which goes into one of the satin-smooth performances of any of the clubs.

The band it is, which leads the students in their rejoicing, when the "home-team" goes over that last white line down on Fitton Field; the band it is, which keeps the rooters rooting when the opposition is knocking loudly on the Purple goal-posts; and it is the band which, with stirring music and precision marching, keeps the paid customers from falling asleep between the halves. A lot of work goes into these performances; throughout the football season the members of the band must practice new numbers every week, must learn intricate steps, steps which will be translated into attractive panoramas at game-time.

The Glee Club is the organization which has

Philharmonic Orchestra

set all of New England whistling "Stout-Hearted Men" during the concert season. Before clubs, before schools, before whole communities the Glee Club has performed, spreading as perhaps no other organization can, the cultural name of Holy Cross. Resplendent in "white tie and tails," the singers have in their repertoire songs ranging in variety from the Marines' Hymn to Gounod's "Ave Maria." It goes without saying that long hours of preparation must precede each one of these concerts. Each member of the Club must be individually trained, and then the Club as a unit must be taught the secrets of collective harmony and individual melody. The Glee Club, even more than the other organizations, must be at its peak for its public concerts, for it carries with it on all its trips the name of Holy Cross.

This year the Glee Club opened its season with a concert for the soldiers at Fort Devens, contributing of their time and talents towards keeping up the morale of the boys in khaki.

The Philharmonic Orchestra has been called the handmaiden of the Glee Club, but perhaps such a title doesn't do this fine organization justice. The Philharmonic does furnish the

background for the stirring melodies of the Glee Club; but to say that the Philharmonic is not an organization capable of drawing crowds in its own right is not quite true. All the Seniors remember the *chef-d'oeuvre* of the Philharmonic, Brown's "American Bolero," played back in their freshman year, and more recently, such works as "Rhapsody in Blue" and Handel's "Hallelujah Chorus" from the "Messiah."

Much of the success which the Clubs have enjoyed this year and in past years, has been due to the untiring efforts of the Rev. Joseph M. Keane; it has been Father Keane who has managed, in days of gas rationing, to get the members from place to place smoothly, and to arrange those details which, when properly arranged, add so much to the pleasure of participants and audience alike.

To Prof. J. Edward Bouvier, too, the clubs give a vote of thanks. For it has been he who has made pleasant meetings out of tiresome rehearsals, who has encouraged, and at the same time, criticized. A master of the art of dealing with men, Prof. Bouvier has been influential in making the clubs extremely popular with the members themselves.

Marshal James W. Byrne
Moderator Rev. David W. Twomey, S.J.

Intercollegiate Debate Moderator
Nicholas J. McNeil, S.J.

MARTIN F. CONROY, JR.
President

In May the B. J. F., under the gavel of Martin Conroy, swung into its 98th year of existence. In January, it was still going strong. A full schedule of house, intercollegiate, lecture and radio debates kept the forty-odd members of the society on the go.

The house debates were held every week, with Juniors for the most part as participants. Before long several Juniors had distinguished themselves sufficiently to warrant promotion to the varsity.

The intercollegiate program was affected only slightly by the war, though more debates were held at the College than in former years. Boston College, Fordham, M. I. T., Salem State Teachers, Clark, Boston University, Worcester Polytech, Worcester State Teachers were some of the colleges that appeared either in Kimball Auditorium or in Leonard Hall. The B. J. F. also sent four men to the Dartmouth Intercollegiate Debate Tournament.

The "Holy Cross Forum of the Air" featured two series, one on the book "Why Should I Be Moral?" and the other on International Law. John O'Toole was radio debate manager, assisted by Stephen Barone and Joseph Lovering.

Worcester high schools, organizations of voters, and women's colleges were the scene of several interesting lecture debates.

Among the Seniors who distinguished themselves were Eugene Lawless, John McCarthy, John Ryan, Paul Gleason, David Murphy, Joseph P. Murphy, John Hourigan, Stephen Barone, Martin Conroy, and John O'Toole.

Dramatic Society

Perhaps of all the activities at Holy Cross, Dramatics was hit most by the war. Despite an ambitious program which had been planned by the president and moderator, the society was suspended for the duration.

It had been the purpose of the society to foster an interest in the theater. This it did by its presentation of student and guest lectures, of original one-act plays and of the annual Freshman play and, especially, by its production of the annual College Play.

The lectures were sponsored by the Playshop, and were presented for the purpose of reviewing the history of the theater and of inspiring embryonic Catholic playwrights with lofty themes. The other function of the Playshop was the annual one-act play competition.

The annual College Production had always been the climax of the year's program. During our three years of activity in the society, we travelled to Austria in Rostand's "L'Aiglon," to England in Shakespeare's "Richard II," and back home to America in Lavery's "First Legion."

The society also offered opportunity for those who so wished to gain experience in the technical side of the theater. There were the technicians, the electricians, the stage designers and the directors.

Among the more prominent Seniors in the organization must be included the names of Eugene Lawless, Martin Conroy, John R. McCarthy, James Devine, Robert Fullan, William McBain and Stephen Barone.

Cross and Scroll

The program of the Cross and Scroll Club this year was highlighted by the presentation of lectures by three noted speakers. Two of these told the members about current affairs and future trends, and the third about Flemish art of yore.

These subjects conformed with the ultimate end of the society which is to instruct the members in affairs with which every Catholic who wishes to call himself truly cultured should be acquainted.

The first lecture was presented by the Baroness Flora von Westen of the Netherlands; the Baroness spoke about the historical background of her native Holland, and of the conditions prevalent in the country at the time of invasion.

Just before the Christmas holidays, Dr. Wilhelm Solzbacher, a refugee from the Gestapo and a former Catholic youth leader in Germany, lectured on "Christianity and Totalitarianism." Dr. Solzbacher has published several books on current politico-religious topics.

Soon after the students' return from the holidays, the Baron Joseph Van Der Elst, a member of the Belgian embassy and a noted art connoisseur and patron, added to the strictly cultural knowledge of the Club by his illustrated lecture on "Flemish Art in the XVth Century."

Thus this year the club included in its scope discussions of the finer things in life and discussions of those less fine, with authoritative instructions on how to foster the former and how to eject the latter from our lives.

Scientific Society

In this, its thirty-fifth year of activity, the Scientific Society went a long way towards accomplishing its end, namely the presentation of scientific facts in an interesting and comprehensible manner. For many years now the Scientific Society has limited itself to a discussion of various topics in Physics. This year, however, the Society broadened its scope to include biological and chemical analyses, and thereby added new interests for those engaged in scientific work. The members were able to see their class lectures translated into practical application.

Raymond Ghelardi, president of the organization, treated the topic: "Photography: Principle and Practice" at the first regular meeting. Ghelardi traced the entire process in brief. Following a discussion of lenses and lens aberrations, the speaker gave a brief exposition of films and their characteristics, supplemented by specially prepared lantern slides.

In his lecture on the "Stroboscope," Robert Masterson brought to light the practical applications concerned, while James Lucid's subject, "Wirephotos," provided a clear explanation of the method of sending pictures by means of radio. Other lectures, including "Blood Pressures and Blood Count" were also delivered during the course of the year. Much credit and thanks is due Father Connolly for his generous and whole-hearted cooperation.

Aquinas Circle

Upholding a tradition of many years' standing, a large group of Seniors with a bent for philosophical discussion formed the 1942-43 edition of the Aquinas Circle, for the purpose of applying fundamental principals of scholastic philosophy to present-day world problems. Under the patronage of the Angelic Doctor and with the guidance of Father Florance M. Gillis, S.J., the initial meeting was held on October 27, 1942, when Eugene T. Lawless delivered an interesting lecture on Evolution as the root of all the modern "isms." Showing the genesis of Evolution from the union in thought of Agnosticism and Science, Mr. Lawless traced the influence of philosophical evolution on the concept of the State as held in Russia and Germany, and on the concept of the nature of man held by the Behaviorists and the Freudians.

The second meeting of the Circle was featured by Thomas H. Neagle's enlightening discussion of economic problems after the war and their solution. His chief point was that governmental control of industry was necessary.

James M. Quinn was the next lecturer, and his topic was "The Essence of Bolshevism and its Futuristic Tendencies." Various other philosophies and their possible future development were dealt with at the biweekly meetings by well-prepared members of the senior class, and the differences of opinion expressed in the open forum at the close of each lecture led to a clarification of the correct and true Thomistic view of many of the problems which soon will be directly affecting the world of tomorrow.

Labor Academy

The Labor Academy, open to students majoring in Economics, was organized in 1935 to encourage the study of Catholic principles applicable to the labor problems in the United States. This academy was organized with a threefold purpose: to stimulate personal research and individual interest in the historical development of, and contemporary relationships among capital, management, labor, and the community in these problems; to obtain and classify scientific and unbiased pamphlets, periodicals, and similar reference materials for use by the Faculty, members of the Debating Societies and Lecture Teams, members of the Academy and other undergraduates interested in these problems; to engender an appreciation of the pronouncements upon the moral relationships between capital and labor contained in Papal Encyclicals.

The weekly meetings of the Academy were featured by many lectures on labor problems. President Frank McGrath was the first speaker of the year, giving a discussion of "The Church and the Social Order."

McGrath was followed by John Stodder, '45, who discussed the problem which is uppermost today in the minds of millions of our countrymen, "Manpower." Paul McCusker then gave a lecture on "The Dangers of and to Labor Unions."

"A Report of the Proceedings of the Conventions of the C. I. O. and the A. F. of L." was delivered by John Hourigan; and Thomas Casey spoke on "Current Labor Issues."

Librarian Edward J. Comiskey, '44
Moderator Francis P. O'Hara, D.U.P.

P. RICHARD POULIN
President

Though the accelerated scholastic program curtailed many planned activities, the French Academy has enjoyed a successful year. Meetings were held weekly. The aim of the organization has been twofold; first to encourage conversation and this has been achieved by dividing the members into small groups; secondly to acquaint the students with the glorious heritage of France, its culture.

Last June the academy held a *séance* in which all the members assembled for a buffet luncheon. Stephen Barone, '43 and William Larson, '43 presented a skit, everyone joined in the singing of popular French songs, and Dr. O'Hara, our moderator, thanked us for our efforts. President Poulin, '43 acted as Master of Ceremonies.

Le Croisé, the bi-monthly college French publication, was likewise very active this year. Walter Moynihan, '44 was Editor-in-Chief. The associate editors were: David Murphy, '43, Anthony Tomasiello, '43, Richard Poulin, '43, F. Hamilton Lane, '44, George Geary, '44, Edward Comiskey, '44, Roy Riel, '45, and Thomas Mierzwinski, '45. The scope of this paper was indeed wide, including French history, literature, art, sculpture, music, philosophy and religion.

The aims of the Academy, however, could not have been realized without the aid of Dr. Francis P. O'Hara, for whose solicitudes we owe a large debt of gratitude.

Choir

From the rich treasure chest of Catholic liturgical music, the Chapel Choir has, during the past year, selected some of the more precious gems to present to the student body. Ever the patroness of the arts, the Church through the ages has fostered and encouraged a combination of its liturgy and the exquisite music which it inspires. The words of the Mass, the prayers of Saints, the devout reflections of unknown poets mingled with celestial notes so sublime and so beautiful, are undoubtedly a form of worship more than pleasing to God.

The untiring efforts of the moderator and the unprecedented zeal of the choir members have resulted in a program that has given a fair cross-section of this bountiful store of music. On the Feast of Christ the King, the choral group presented Carnevali's "Stella Matutina." The Feast of the Immaculate Conception occasioned another Mass equally beautiful. Included in this year's repertoire were "Tantum Ergo," Antiqua, Rovonello, Gregorian (Spanish), Verdussen, S.J.; "Jesum Christum" and "Regem Regum," by Yon; "Ave Maria," Fr. Witt; "Justorum Animae," by Kothe; "Salve Regina," Gregorian; "O Gloriosa Virginum" by de la Tombelle; and an elaborate program of Christmas hymns: "Flos de Radice," "O Bienheureuse Nuit," "Gesu Bambino," "O Holy Night," and the "Adeste Fidelis" of Novello-Reilly.

Senior Spring Formal

(JUNIOR PROMENADE)

CHAIRMAN

RICHARD DUBORD

Committee

Ryan A. Cuneo

Kevin J. McCarty

Richard J. Martell

George A. Coyne

The long-awaited Junior Prom for the Class of '43 never arrived, but in its place came the Spring Formal of the Class of 1943. The prom was caught in the accelerated program and the class had reached its senior year before time could be taken out for the perennial festivities. True to tradition, the dance was held in the main ballroom of the Hotel Bancroft on a Friday night—this one being the fifth of June.

"Shep" Fields, his new band and music, played for the dancing; the great variety of effects offered by the peculiar arrangements of instruments in Shep's orchestra made a big hit with all the guests. In keeping with the season of the year the hall was decorated with delicate blossoms and Summer Formal dress was the order of the evening.

The dance was well patronized by the classes then at the college. The Spring Formal inaugurated a never-to-be-forgotten weekend for the class; the war, with all its shortages, did not cause any shortage of fun, joviality and general good spirit at the Spring Formal of 1943.

A T H L E T I C S

In 1874 the baseball team began meeting major leaguers. Another quarter-century saw stars like Barry, Carrigan and Dugan playing thirty-game schedules. In 1897 the track team beat Yale in the O'Kane gym and set a standard ably upheld by such Olympic runners as Larivee, Tierney, Quinn, and Ring of later days. The first football team took the field in 1896. From O'Donnell to Osmanski the tale of gridiron glory has been a bright one.

ED MURPHY

THOMAS HOAR, *Manager*

COACH JACK BARRY

RED SOX GAME

Coach Jack Barry brings out his 1942 edition of the Crusader baseball team on April 13 . . . Weather allows only four days of outdoor practice before the Red Sox come to town, seeking their first pennant since 1918 . . . Final score, Boston 6. Holy Cross 5.

Game is just as tight as it sounds . . . Pitchers Ernie Ford and Ed Murphy hold the Sox to but eight hits, while the Barrymen get six from Hughson and Hash . . . There are 3500 people on hand, and all of them shivering. They see the Cross jump into an early lead as Johnny Bezemes draws first blood in the opening frame . . . Boston waits until the fourth before they decide to score, and then four runs dribble across . . . Taking the hint, Holy Cross waits until the fifth inning and then with two away Ray Milnar singles with the bases full. Alex Nahigian pounds two more across with a long single to left and Jim Scondras parks another offering in back of second base to knock in the fourth tally. Manager Joe Cronin brings all his stars to Worcester with the exception of Bobby Doerr, who is injured.

MANNY MERULLO

FORDHAM GAME

Holy Cross opens its intercollegiate baseball season . . . It looks like a bright sunny day for all, but at the end of the ninth inning Fordham comes through with three runs to win, 3-1.

Ernie Ford again starts the game, and until the ninth he allows only three scattered hits. Four errors, however, prove to be no help to a pitcher, even though his mates gather eight safeties from the Fordham moundsmen . . . Only Crusader tally comes in

BILL MORGAN

the sixth inning when Merullo, little "Manny," singles sharply to center to score Roy Williams.

It is a pitcher's day . . . Ford hits the peak in the seventh. With men on first and third and no outs, Ford strikes out the next batter, gets the next man to pop up to Joe Pullano behind the plate, and then deflects an infield knock from the third batter over to Merullo at short, who makes the putout.

'Tis still cold in Worcester, but in spite of the weather about 1500 interested fans turned out for the game, the only collegiate contest the Barrymen are to drop this season.

FIRST HARVARD GAME

In their second intercollegiate start of the season the Crusaders coast to an easy 9 to 0 victory over the Crimson of Harvard . . . Capt. Al Nahigian, Ernie Ford, Joe Pullano, Roy Williams, Jack Creamer, and Jack Casey close their intercollegiate careers with a final burst of glory before graduating three days later . . . Eddie Morgan, although receiving his diploma also, is able to commute to the remaining games, as was allowed by intercollegiate rules at the outset of the war, easing Barry's mind about the all-important hot corner . . . Gene O'Connell, junior pitching ace from Bridgeport, also turns in his uniform as he is called up for training in the Navy Air Corps . . . Although idle since April 18th the Crusaders retain their batting eyes, for all told they garner thirteen hits from the offerings of Harvard's Lou Clay . . . The Purple settles the issue in the very first inning piling up a four-run advantage . . . Ed Murphy holds the boys from Cambridge to four well scattered hits allowing only one Crimson player to reach second.

FIRST BOSTON COLLEGE GAME

First of a home and home series with the Maroon and Gold . . . Game played at Chestnut Hill before a large home-coming crowd . . . series cut from three games to two this year because of the national emergency . . . Crusaders draw first blood, walking off with a 12 to 6 victory in a sloppily played contest . . . "Little Ed" Murphy starts on the mound for the Purple and gets off to a shaky start with the Eagles blasting out three runs in the last half of the first . . . The Cross squeezes over one in the second and moves ahead with three in the third . . . The Heightsmen tie it up in the fourth and move ahead 6 to 5 in the fifth . . . Here the Crusaders awake with a vengeance and push over two in the sixth and five in the hectic seventh to complete the day's scoring . . . Kev Mulcahy, "Red" Sliney, and "Buster" Mills make their Varstiy debuts . . . Everyone gets at least one hit, with Mulcahy, Bezemes, Scondras, Morgan, and Sliney rapping out two.

FIRST YALE GAME

Fitton Field's beautiful baseball diamond . . . Yale comes up for the first tilt of a home and home series . . . a pleasant May afternoon, and Yale takes the short end of a 14-4 count.

Kev Mulcahy starts his second game for the Crusaders in the left field spot and Kev immediately tees off on the second pitch for a home run . . . what a wallop! . . . Before the fray is over the Winthrop flash garners five hits out of six appearances at the plate . . . The Purple gets sixteen blasts, all told

. . . "Red" Sliney accounts for three, Bezemes and Mills two apiece.

The Crusaders hit Johnny Neville's offerings almost at will . . . bat around in the big seventh . . . eight runs come across in that frame . . . Scondras gets a big triple. Harper Gerry pitches a tidy seven-hitter in his first varsity start.

Yale is not quite sure what hit them, but they are a wiser if sadder team come supper-time . . . Coach Joe Wood is finishing his last year with old Eli.

DARTMOUTH GAME

So we're up at Hanover now . . . The Crusaders make it four straight in the credit column by taking this one 4-1. Originally scheduled to be a two-game series, the first Dartmouth game was cancelled.

The Crusaders are really hot by this time . . . best evidence is Ed Murphy's two-hit pitching . . . Only a pair of errors in the eighth prevent it from being a shutout. In the meantime the Big Green chalks up six misplays and the bigger Purple manages eight scattered hits . . . The scoring starts in the second inning . . . Eddie Morgan stands upon first by virtue of an error, goes to second on an infield out and romps home on Paul Rosetti's single to left . . . Morgan and Rosetti also lead the Crusaders at the plate . . . two apiece.

The Cross scores one in the fifth, sixth and seventh, while Dartmouth puts over its lone tally in the eighth . . . "Snooks" Hughes hurls for the Indians and with better support he might have made a contest of it . . . but Murphy is insurmountable, walking four and fanning seven . . . Holy Cross has now taken four games in a row from Dartmouth in the last three years.

SECOND HARVARD GAME

The Crusaders take on Harvard for the second time, and they have their hands full . . . 6-3 is the final count, Holy Cross on top, but the fray goes ten innings.

Entering the top of the eighth inning Harvard sports a 3-0 advantage in this game at Cambridge. The Purple make it 3-1 by the time the inning is over. Come the ninth, and enter big Chet Wasilewski. Pinch-hitting for Ed Murphy, Wasilewski slams out a triple to deep left scoring Paul Guiney, who had singled before him. Ray Milnar hoists a long fly and Wasilewski scores the tying run . . . Then Chester takes over on the mound and retires the Crimson in the last half of the ninth.

Tenth inning . . . "Chief" Scondras goes to first on an error . . . Morgan sacrifices him to second . . . Mills walks . . . Sliney singles, Scondras scores . . . Guiney sacrifices to score Mills from third . . . Wasilewski walks, but Mulcahy singles Guiney home . . . what a day.

This is the closest win the Barrymen have had to date . . . They registered thirteen hits from two Harvard hurlers, with Mulcahy getting four of them.

SECOND YALE GAME

The Elis go down to their second defeat before the masterful hurling of our own Harper Gerry . . . this time a brilliant two-hitter . . . Harp faces only twenty-nine batters . . . whiffs twelve . . . walks a grand total of none . . . best pitching performance in years on Yale field . . . Final score 12 to 0.

Kev Mulcahy continues his phenomenal work at bat with his second successive four-hit afternoon . . . one of them tagged for three bases . . . "Chief" Scondras settles the issue in the opening frame with a tremendous two-run homer . . . all told, Purple batsmen clean up on two Blue hurlers to the sweet tune of eighteen safeties . . . Barrymen also have a perfect day afield . . . only Yalermen to reach base are the renowned Ted Harrison in the fourth and Ed Goodspeed in the seventh . . . Neither get further than the first sack . . . Harp just barely misses a perfect game but the day is perfect in every other way.

SECOND BOSTON COLLEGE GAME

The Crusaders finish out the season in sparkling style by dispatching of Boston College, 13-5 . . . An Alumni Day crowd is on hand at Fitton Field to watch Holy Cross beat B. C. for the seventh consecutive time in three years.

Jack Barry is a happy man. The victory is his 399th and ends his 22nd season on the hill . . . The season's record is now seven wins and one loss. Barry's all-time record is 399 victories, 71 defeats and five ties.

Again Ed Murphy does all the pitching . . . and everyone does the hitting. Everyone scores at least once, too . . . The Eagles open with a run in the first . . . The Crusaders counter with three, then go on to score two in the second, two in the third, and five in the fourth . . . Murphy holds the Maroon to eight hits . . . his mates get exactly twice that number.

Bezemes, Morgan, Scondras, Guiney, Mills and Sliney star at the plate . . . A beautiful day to end a most successful season.

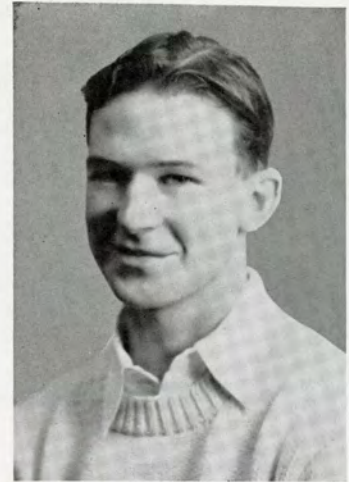

KEV MULCAHY

JIM SCONDRA

COACH BART SULLIVAN

ED SUNEGA, *Manager*

THE SQUAD:

First Row, left to right: P. Whitney, J. O'Leary, C. Gillis, W. McKone, W. Whitney, F. Kelley, (Captain), P. Hines, J. Mallahan, J. Burke, A. Mulkern, W. Layton. Second Row, left to right: J. Grzebien, T. Smith, G. Cashman, J. Brennan, C. Grenier, F. Ferrick, F. Rameaka, N. Keller, D. Schmitz, P. Fox, C. Netter, R. Kerwick, P. Long, R. Dunn, T. Phelan, E. Sunega (Manager).

TRACK

It happened one noon last March in the Post-Office. Two junior trackmen, who had hung up their indoor spikes a few days earlier, were standing near the wall and enjoying the prospect of a few weeks lay-off. Up came Manager John McNally. "Bart wants you fellows out tomorrow. We have a meet with Amherst on the 27th."

And so Coach Bart Sullivan was putting three dozen Crusader trackmen through their paces on the boards behind Carlin the next day. For Bart it was the 31st season as track coach on the Hill. It was in 1912 that he first came to Pakachoag, fresh from his triumphs in New England racing circles as a miler and half-miler. Yes, this was his 32nd season, and it

promised to be an interesting one. After Amherst there was Dartmouth, Brown, Harvard, and B. C.; then the intercollegiate meets. The war had brought some changes: there would be no opportunity to attempt to wrest the New England crown back from Rhode Island, for the New England Intercollegiate had been called off for the duration. But marines and soldiers who hiked endless miles with heavy packs were thankful, some of them, for their college track training. No, track would not be discontinued for the duration. It was more necessary than ever.

Bart recalled the spring of nineteen-forty, when his Freshman team had routed all opposition. That had been one of the strongest Freshman squads ever to wear the Purple. He had looked forward to the day when its members would be Seniors. But many had already gone, most into the armed forces—Hines, Cronin, Gallagher, Calabrese, Handrahan, Leach, Rupelli. Others would follow soon, before their senior year began.

Still, prospects were not gloomy. His Seniors—Capt. Frank Maloney, George Gilson, and Leo Racine—would be around for most of the season. Among the Juniors was the relay team of the winter campaign—Bob McGlone, Ed

CAPTAIN FRAN KELLEY

CHARLEY GILLIS

Marcorelle, Bill McKone, and Charley Gillis. Bob and Ed could run the dashes and broad jump while Charley and Bill continued to run quarters. Ken Fisher would do the high-jumping, and John Campanale would be a threat in the 440 and 880, and Fran Kelley was ready to double in the half and mile. Bill Whitney would run the quarter, while Ed Murphy and Johnny Grigas furnished strength in the weight events.

Among the Sophomores were Joe Mallahan, promising distance man; Chet Lakomski, who had a 47-foot shotput to his credit; Paul Hines, understudy to Gilson in the hurdles; Charley Carr, carrot-topped broad-jumper; John Burke, distance man; and Dan Weitekamp, middle distance runner.

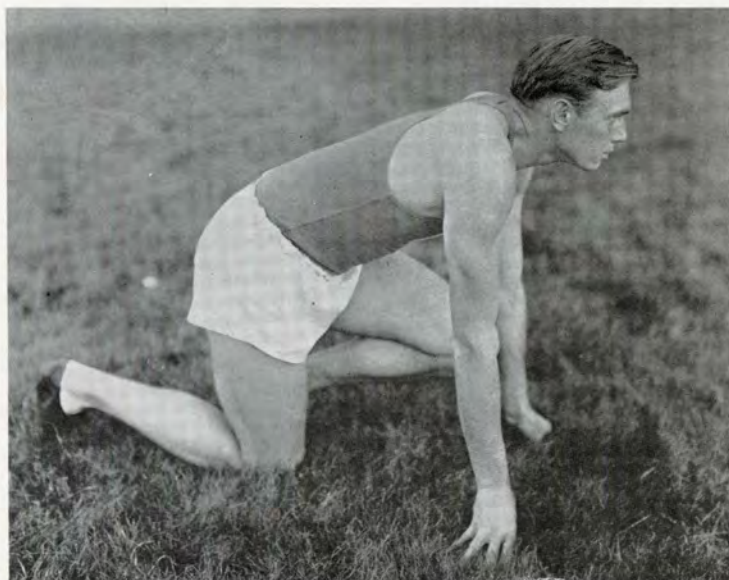

Standouts among the Freshmen were Jim O'Leary, an up-and-coming miler; Frank Ra-

meaka, hammer-thrower; and half-milers Nick Kellar and Frank Ferrick.

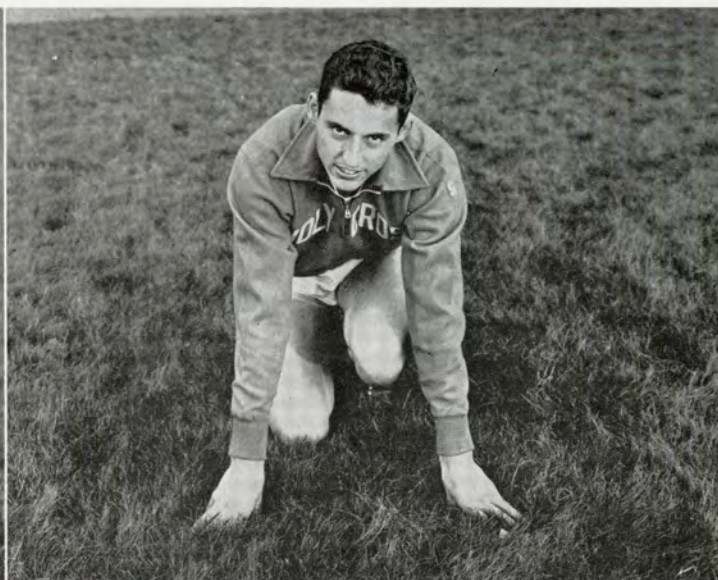

And so the squad which met the Lord Jeffs was by no means a weak one, as it proved by its 57-38 victory.

The next encounter came on April 14 against Dartmouth, whose power in the distance events enabled them to scalp the Crusaders by a margin of 60 to 39. Highlighting the meet were John Grigas and George Gilson, both with double victories, and Charley Gillis, who cracked the Hanover track record for the 440 in winning that event.

The team bounced back into the win column, however, with a smashing 89-45 victory over Brown at Providence. Leading the attack were Gillis, McKone, Marcorelle and McGlone, who accounted for grand slams in the 100 and 220. Kelley topped the milers.

BILL MCKONE

BILL WHITNEY

In the quadrangular meet with Harvard, Northeastern, and Rhode Island the Crusaders finished third behind the Rams and Crimson. The Crusaders showed their usual power in the running events, but were unable to match Harvard and Rhode Island in the field. Bob McGlone and Ed Marcorelle performed well in their last appearances in Holy Cross uniforms before leaving for the armed forces.

On May 9 George Gilson won four events in the B. C. meet as he led his teammates to an 86-49 triumph over the Eagles.

Representing Holy Cross at the I C 4-A meet in New York were Gilson and Kelley, our new captain. George sang his swan song as a Crusader by winning the high hurdles race, while Fran placed sixth in the mile run. Kelley won the New England A. A. U. 880-yard run in Boston the next week-end, then took fourth in

the N. A. A. U. Junior 1500-meter run in New York later in the month.

The summer months sped by quickly, and by the time school was usually opening the cross-country and fall track candidates had a week of practice behind them. The cross-country men were Kelley, O'Leary, Ferrick, Bill Leighton, Dick Kerwick, Carl Grenier and Al Mulkern. The harriers lost to Harvard and Rhode Island in their only dual and triangular meets, and finished tenth in the New England Intercollegiate Championships.

The winter season prospects are uncertain, but Bart Sullivan hopes to be able to send a team against Tufts on January 16, and intends to enter relay teams in the big meets. In addition to seasoned campaigners many promising Freshmen and Sophomores have joined the squad.

JIM ATHY, *Manager*

LARRY MURPHY

JOE MENDES

In the past three years the Holy Cross golf team has regained much of the prestige it had back in the days of the immortal Willie Turnesa who graduated from the Cross with the National Amateur Championship in his pocket. Coached by Charles Donnelly, the roster was filled with golfers of the highest calibre who carried the Purple banner magnificently into battle.

Laughin' Larry Murphy and Joe Mendes, the two graduating members of the team, along with Jim O'Leary, '42, Joe Monahan, '44, now in the service of his country, John Gahan, '44, Ken Boylger, '44, Jim Athy, '44, and Eddie Morone, '45, have done considerable to put Holy Cross among the country's leaders on the intercollegiate fairways.

In 1941, Larry Murphy struck a peak which only Turnesa before him had done in Holy Cross history when he brilliantly annexed the New England Intercollegiate Individual Championship with successive rounds of 74 and 72 at Oakley Country Club in Boston, a title which he still holds. Joe Mendes, the former West-

G O L F

chester Junior Champion, also competed in this event and finished in the first ten.

In the spring of 1942 the team hit its stride defeating Harvard 9-0 in the opener and losing only to Yale 5-4 in the play-offs of the New England Intercollegiate League to complete its finest showing in recent years. The Yale match was not decided until Joe Mendes finally succumbed to Bob Kuntz on the 19th hole. Yale went on to win the Eastern title after this match.

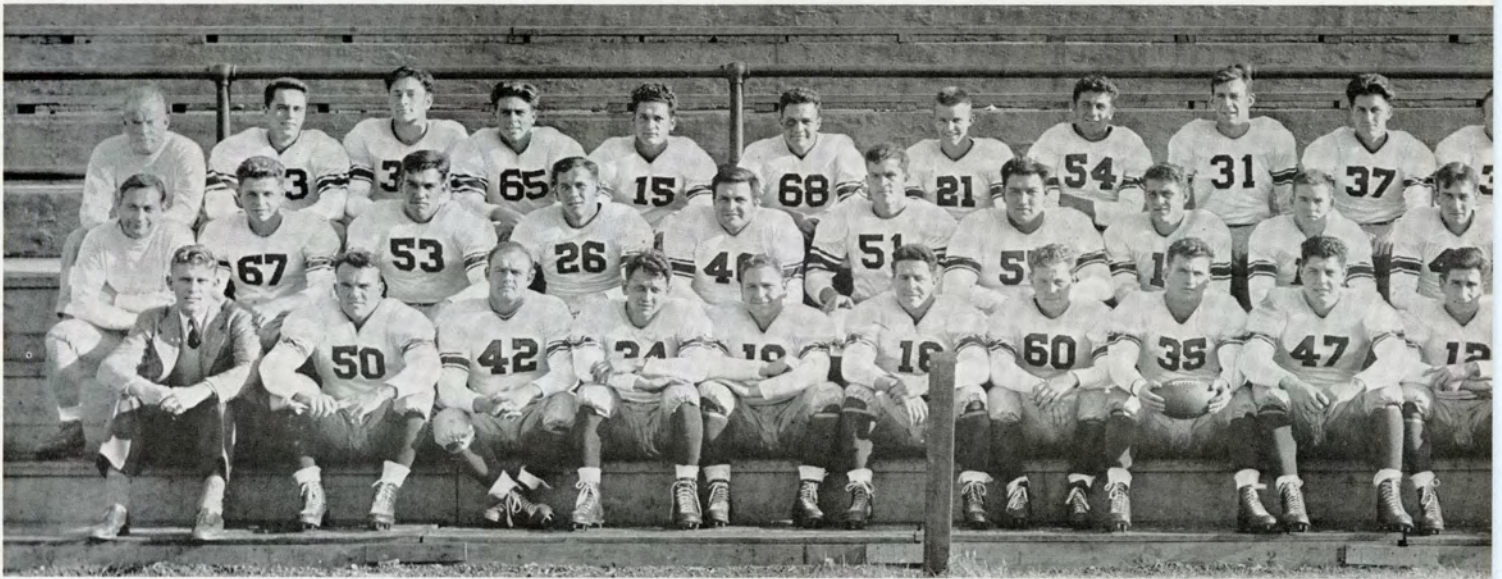

The team climaxed its fine season with a trip to South Bend, Indiana, home of Notre Dame, where it competed in the National Intercollegiate Championships. The team competing consisted of Murphy, Mendes, Monahan and Gahan. The players, experiencing difficulty on the fast middle-West greens, did not score as well as they expected but several individual

rounds were just above par. Joe Monahan led the scoring with rounds of 75-76, but went down to defeat in his first match 4 and 3.

As a preview to the Holy Cross-Dartmouth football encounter, Murphy led the golfers against the Indian golf team in the morning. Playing without the services of Joe Monahan and Joe Mendes, Holy Cross lost another thrilling match 5 to 4. Murphy carded a sparkling 73 to win his match by a 6 and 5 margin. Ed Morone and Jim Athy were also victorious in singles matches but the Crusaders were able to get only one point out of three possible in the four-ball matches.

Whether winning or losing these men have always done their best for Holy Cross and have spread the spirit of sportsmanship and good fellowship in all their travels. They wore the Purple well, these Holy Cross golfers.

"Ank" Scanlan - Coach of Football

Capt. Ed. Murphy
END

Tom Alberghini
GUARD

Holy Cross 6 — Dartmouth 17

The debut of "Ank" Scanlan and his 1942 Crusaders . . . with a Good Luck floral horse-shoe for the new coach and a 17-6 victory for the Big Green . . . A game to be remembered long after the defeat is forgotten . . . The introduction of the Scanlanized single-wing . . . with Jarrin' John Grigas bowing in as a passing halfback . . . Johnny Bezemes triple-threatening at tailback . . . Capt. Ed Murphy and Tom Alberghini up front . . . Across the line of scrimmage a fighting band of Indians eager to wipe out the memory of Bill Osmani's 1936 gallop . . . 25,000 eager fans flood Fitton . . . to watch the Purple battle the Green in the feature tilt in the East . . . and see the Scanlanmen force the first period play . . . until the kicking of Douglas and Frost turns the tide temporarily . . . Moans and groans when Mal Frost circles the Holy Cross left end for a second quarter score . . . Gloom as Capt. Kast adds a seventh point for the Han-

overians . . . but sorrow turns to joy as Bezemes' sparkling kickoff return launches the Crusaders on a post-half drive . . . culminated by Johnny's touchdown pass to Ray Ball . . . Capt. Ed's conversion try is wide . . . but hope runs high as Bezemes scampers 40 yards with a Dartmouth punt . . . until the Big Bad Wolfe huffs and puffs . . . and runs back a Purple kick close to pay dirt . . . A weak-side scamper by the same Wolfe . . . and another T. D. . . . A conversion makes it 14-6 . . . Three more points on a sharply-angled Kast field goal . . . but Murphy and Co. storm back . . . with a closing-minute advance . . . featuring a Sherwood-McAfee aerial to the visitors' two-yard stripe . . . where a stubborn McLaughry line puts up a stonewall defense . . . insuring an invader victory . . . A Purple defeat . . . but a glimpse of latent power soon to be realized and future glory to be reaped.

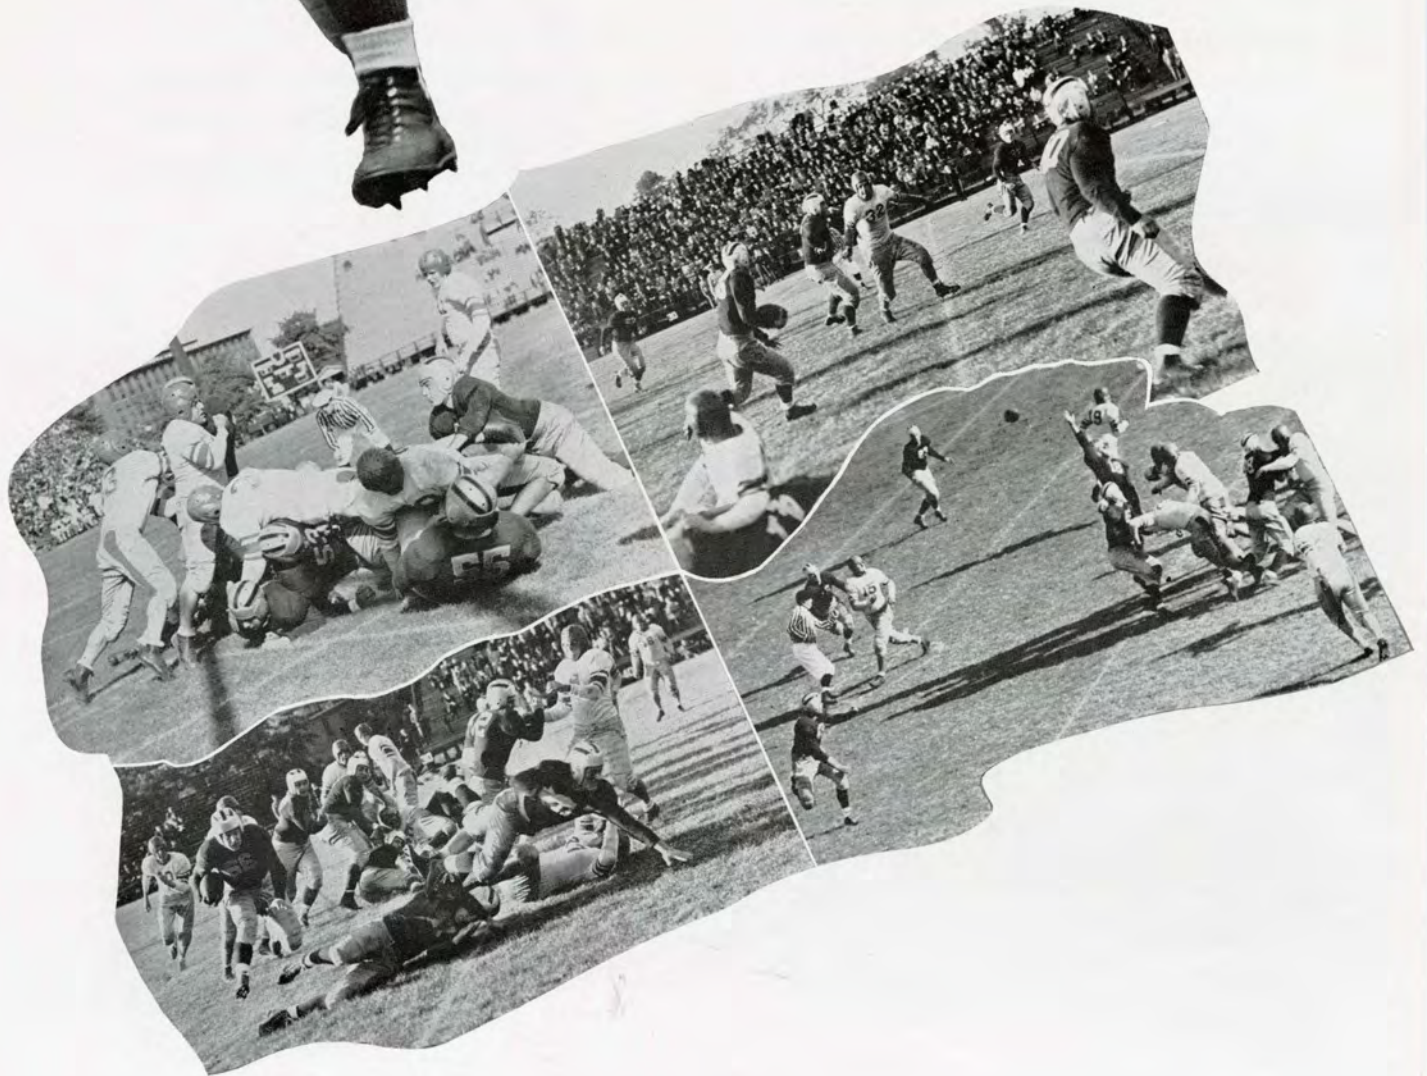

Holy Cross 0 — Duquesne 25

The Iron Dukes stretch their streak to sixteen straight by means of a decisive 25-0 victory over the Crusaders . . . 16,000 watch Coach Al Donelli's charges set their newest record . . . One of the best exhibitions of ball-handling and deception seen on Fitton Field in many a moon . . . Capt. Joe Goode and his mates prove just too good for the still inexperienced Cross eleven . . . George Connor becomes the first freshman in modern times to start a varsity ball game for H. C. . . . and plays a whale of a game at tackle . . . Singlewing still rough around the edges but 100% improved over Dartmouth game . . . Redbirds take command right at the start . . . a baffling now-you-see-it, now-you-don't attack produces a score in three swift plays . . . 6-0 . . . Capt. Ed Murphy and mates begin to solve the visitors' trick attack and set them on their heels for the rest of the half . . . Cross penetrates to Duquesne's 13 on a Grigas-Bezemes pass . . . Nanny nipped by Gottlieb's last-ditch tackle . . . but three of Jarrin' John's tosses fail to connect and the invaders take over . . . The

break of the game goes by the board as Grigas just misses an interception of Setcavage's flat pass with a clear field ahead and seconds to half-time. . . Kielbasa starts the Dukes goalward again after intermission when a Purple fumble is recovered in Cross territory . . . Two passes, three line bucks, and Setcavage goes over . . . 12-0 . . . Grigas makes a dazzling runback of kickoff . . . Jansante's shoe-string tackle stops him from going all the way . . . The Dukes hold and with the ball on their own 20 Kielbasa sweeps all the way to pay-dirt on a hidden-ball naked reverse . . . beautifully executed . . . with ball-carrier almost stopped three times but finally stumbling over . . . Disheartened Crusaders take to the air but Gottlieb intercepts . . . Goode spins for 25 . . . and Setcavage lofts one to Jansante for a 34-yard touchdown . . . 25-0 . . . Purple bounds back as Wizbicki and McAfee spark late-game drive . . . Team more impressive than score shows . . . defense and pass attack greatly improved.

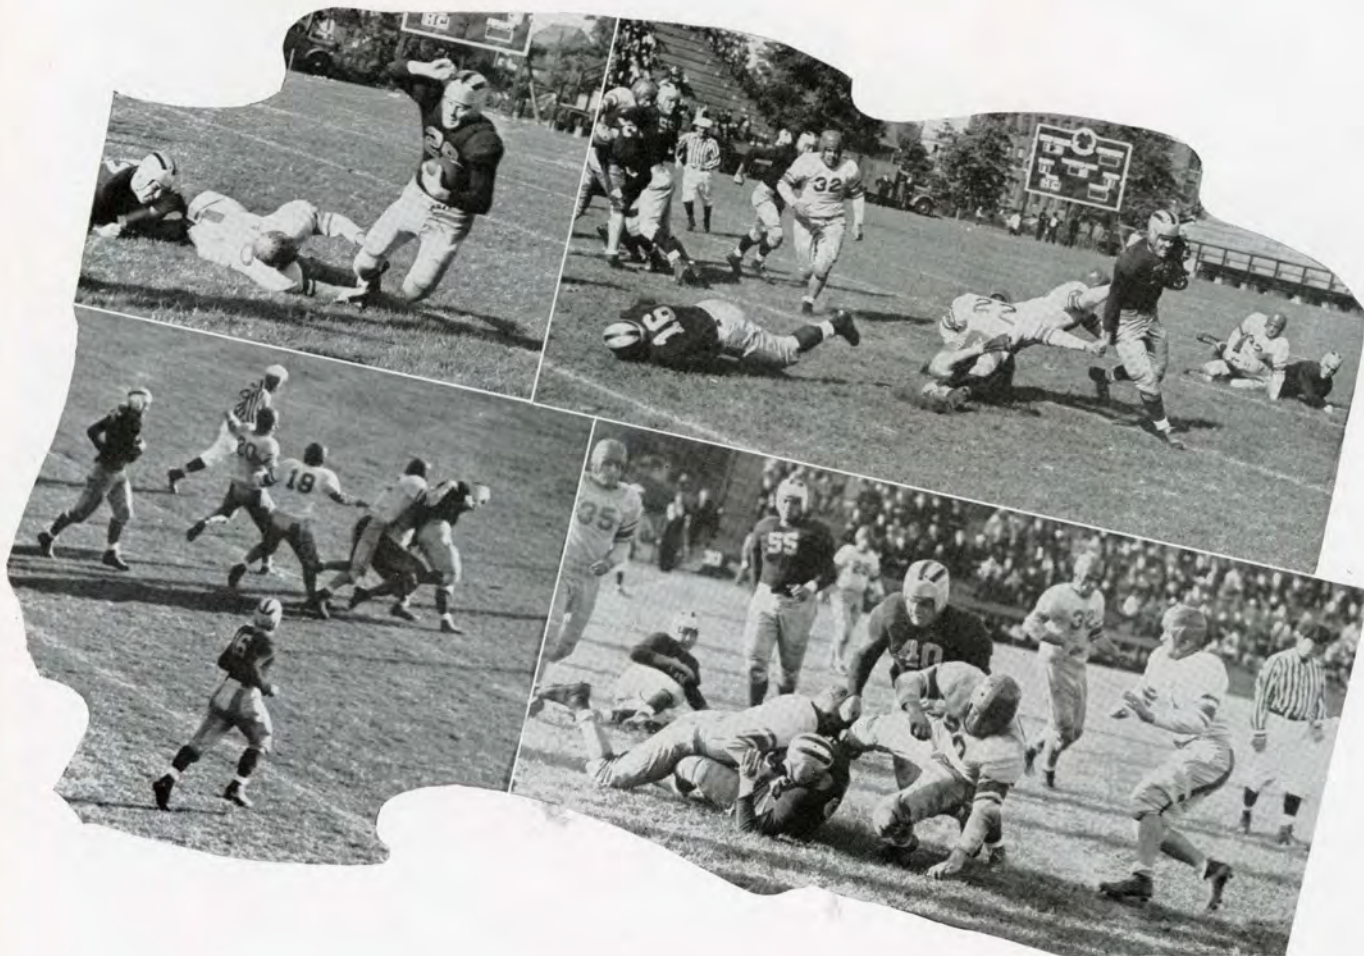

Holy Cross 60—Ft. Totten 0

The first 1942 victory for the Scanlanmen . . . and what a victory . . . 60-0 . . . at the expense of a service eleven from Fort Totten . . . technically speaking, the 701st provisional anti-aircraft regiment . . . Home-coming for three former Holy Cross stars . . . Frank Saba, varsity sparkplug for three seasons . . . Bob Barton, spectacular 1941 freshman end . . . and Jimmy Scavone, a standout Worcester athlete and a triple-threat yearling back in 1940 . . . The Fort Totten eleven, sparked by Saba, starts out like a world-beater . . . Scavone and Saba rip off yardage down the middle . . . but a rare Saba fumble starts H. C. off on the victory trail . . . Bezemes skirts right end on a reverse for 25 yards and a touchdown . . . It's 0-0-only the beginning, folks . . . Andy Natowich polishes off a sustained march with a one-yard scoring plunge . . . Enter Dick Gibson, the Lewiston speed merchant . . . Taking a page from the Duquesne book of tricks, Dick romps over from the Totten 19 behind perfect

blocking . . . Captain Ed Murphy adds another six points on a 30-yard pass from the irrepressible Mr. Gibson . . . Score at the end of the first half, 27-0 . . . Jarrin' John highlights the third period with a long off-tackle gallop in the inimitable Grigas style for touchdown number five . . . Steve Murphy rubs it in with a pay-dirt buck . . . but Gibson clinches offensive honors . . . by scampering into the Totten end zone twice more . . . once on a 53-yard end sweep . . . From the bench comes Danny Weitekamp to amaze with a touchdown jaunt and a weaving return of an Army punt . . . A brilliant exhibition of offensive strength by the Crusaders . . . and dogged, never-say-die resistance by the undermanned soldiers . . . a long hoiah especially for Dick Gibson and Ed Murphy . . . who converted five points after . . . A peek at the reserves . . . who flashed in the third and fourth periods . . . The hope that Holy Cross is on the way at last.

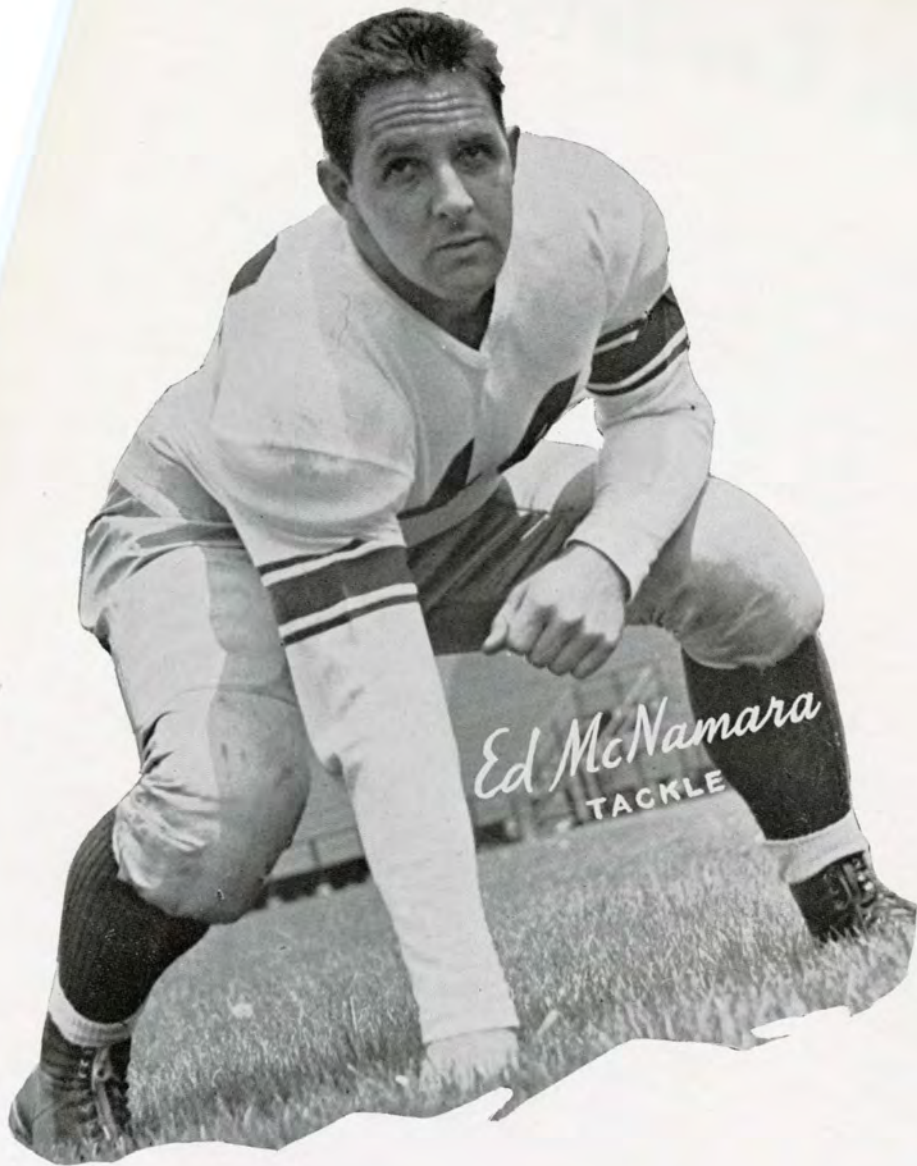

Holy Cross 0—Syracuse 19

The Crusaders outplay the Orangemen in every department but the one on which they pay off . . . The Score: Syracuse 19, H. C. 0 . . . Three routine passes to Paul Berthold, the visitors' rangy end, are the only Syracuse offensive threats of the game . . . and each is responsible for six points . . . Held to a standstill by the ever-improving Purple forward wall . . . and gradually beginning to give ground before a suddenly awakened Crusader . . . the invaders change the entire outlook of the game when they pounce on a loose ball on the H. C. 23 . . . Held on three line smashes . . . Tommy Maines fades back and throws a pass deep on his left to Berthold . . . who takes it on the two and scampers over untouched . . . Set back on their heels by the sudden turn of events . . . the hard-fighting Crusaders come roaring back to pass the visitors dizzy before halftime . . . With Bezemes, Grigas, and Steve Murphy sidelined by injuries, Danny Weitekamp struts his stuff . . . Starting from his own 16, the Purple aerial artist moves Holy Cross all the way to the Syracuse 18 with his rapier-thrust aerials . . . At this point, how-

ever, shoddy blocking, a fumble, and a later interception stymie the scoring threat . . . Crusader hopes die somewhat when Weitekamp is hurt on the second half kickoff . . . but quickly rise when the hitherto dormant Cross running attack begins to click . . . Gibson, Natowich, and Sliney carry for three first downs and narrowly miss a fourth . . . as the Orange take over on their own 23 . . . A Gibson fumble of a "Bunky" Morris quick-kick is recovered by Berthold . . . who repeats his touchdown act with Maines on the first play from scrimmage . . . Syracuse leads, 13-0 . . . The Crusaders take to the air with Bobby Sherwood pitching . . . but Whitesell intercepts one and runs it back to the Purple 30 . . . Enter that scoring play again . . . this time from Whitesell to Berthold to make it 19 for the Orange . . . For Holy Cross the entire forward wall is immense even in defeat . . . and both the aerial and ground attack appear more impressive . . . Defeat can be attributed to weak pass defense . . . but the absence of Grigas, Murphy, and Bezemes accounts for the inexperience in this department.

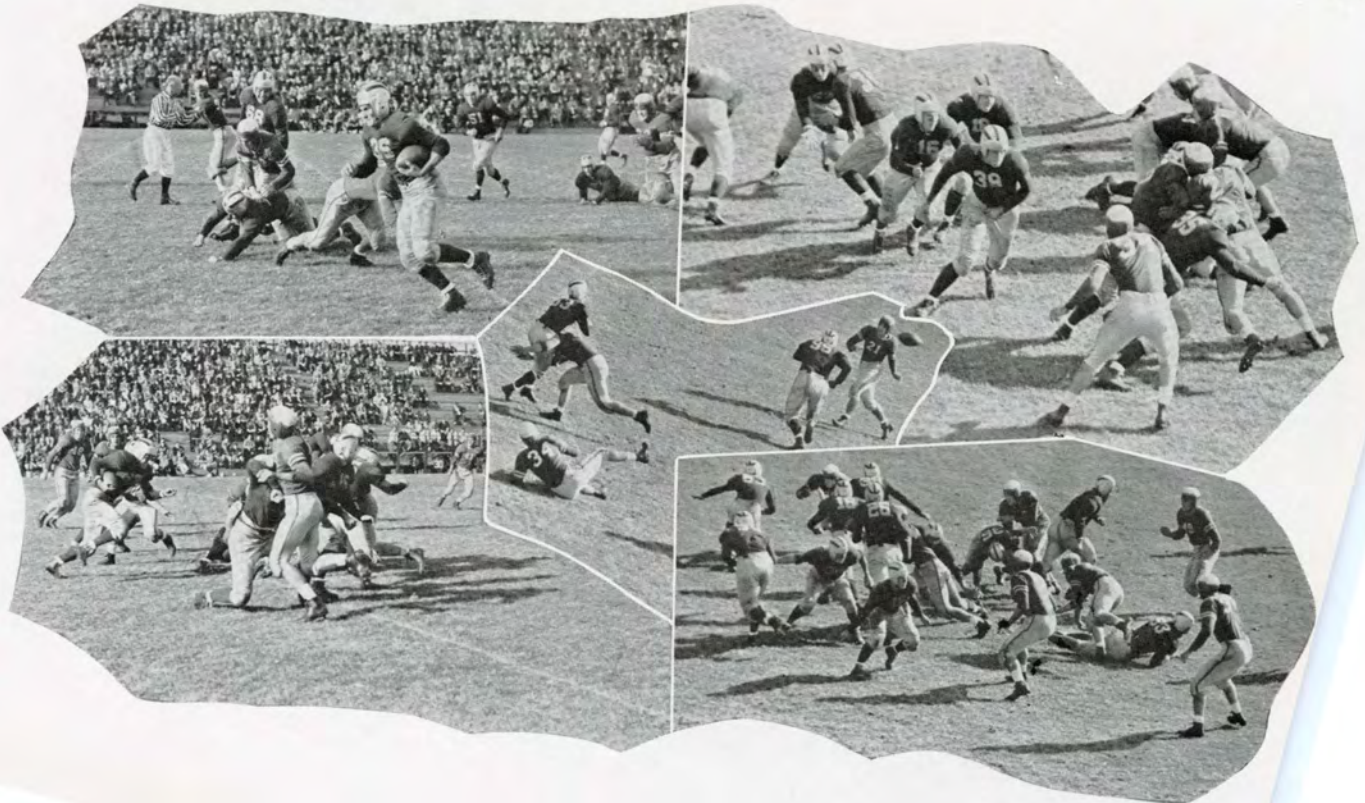

Ed McNamara
TACKLE

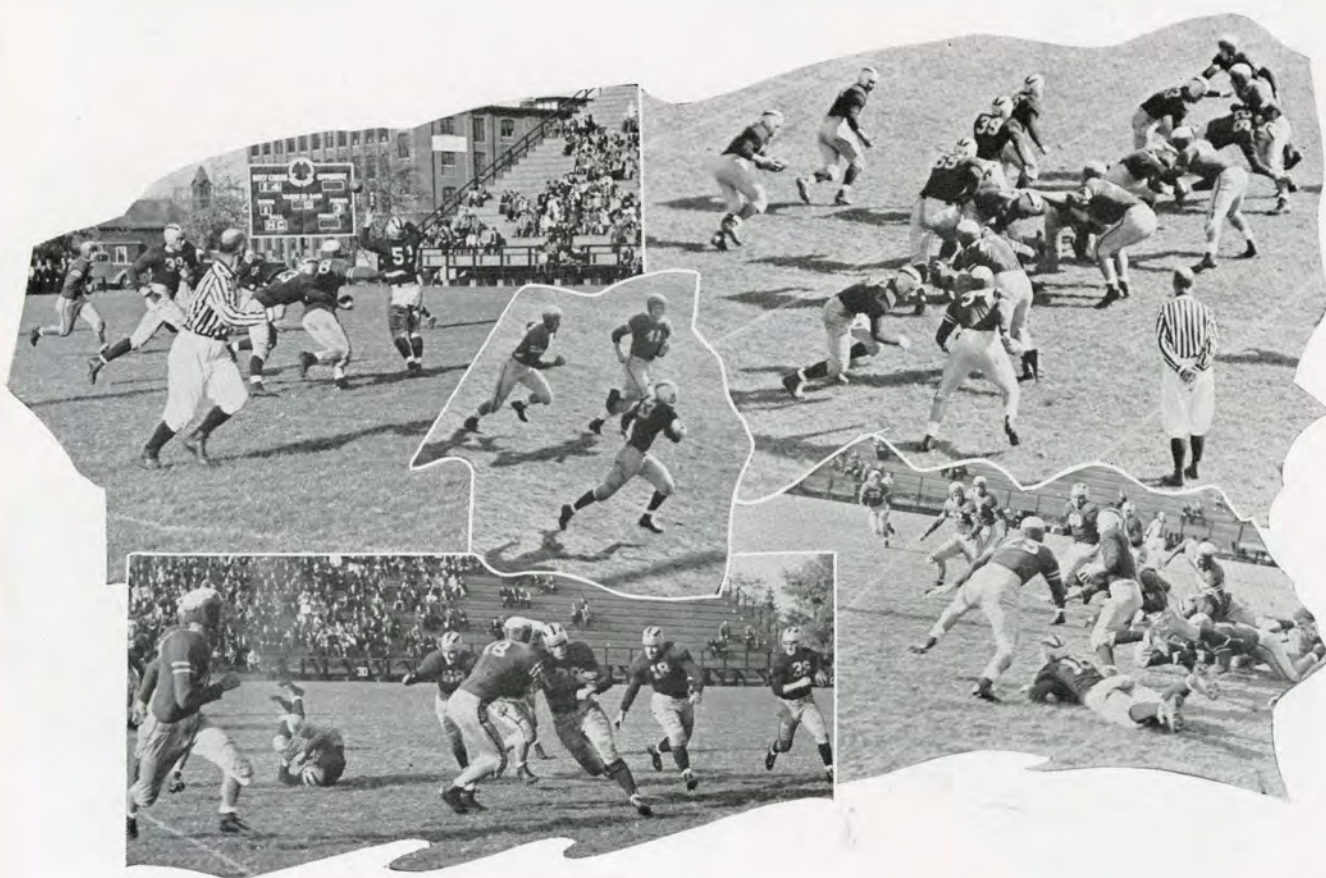

Andy Natowich
HALFBACK

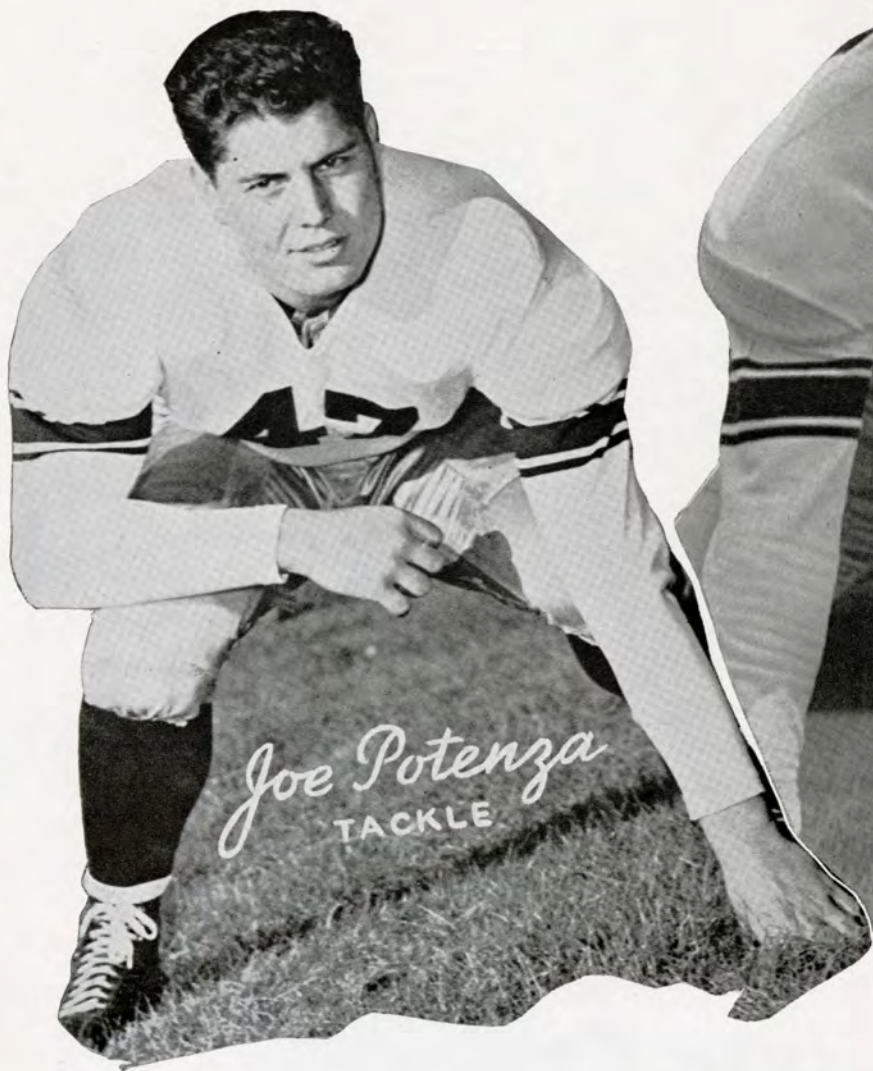

Holy Cross 28 — North Carolina State 0

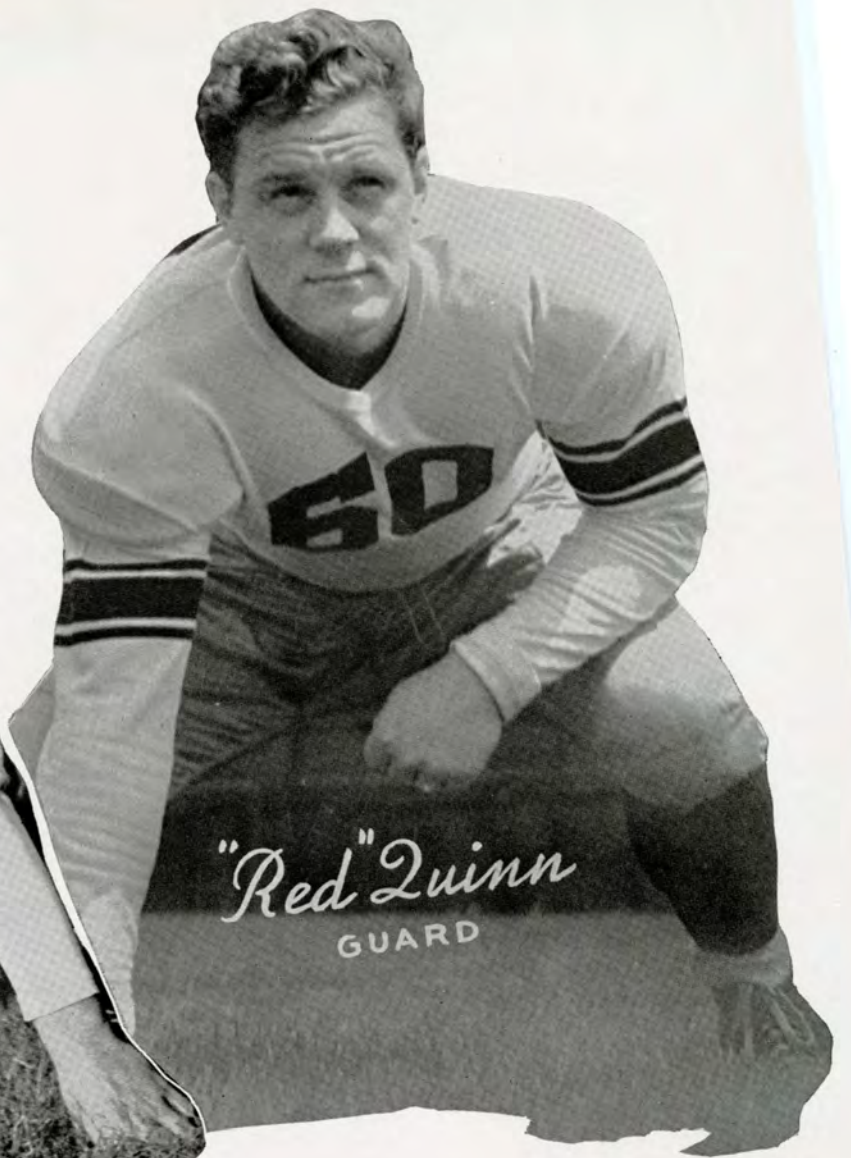

The first major win of the 1942 season . . . a stunning 28-0 victory over favored North Carolina State . . . The Crusaders come to life with a vengeance . . . and show "Ank" Scanlan that they are beginning to master the intricacies of the singleging . . . Johnny Bezemes returns to action and plays his best game to date in a Holy Cross uniform . . . The Purple line continues to impress while shackling the Wolfpack's running attack and bothering the Southern passers . . . When Capt. Ed Murphy drops a Bezemes pass in the clear . . . it appears that the home force is in for another bad afternoon . . . Johnny Grigas enters the game midway in the first period . . . and the team begins to roll . . . as the backs take advantage of crisp blocking . . . to riddle the vaunted State forward wall . . . Bezemes fakes a pass, bolts off tackle, and races 16 yards for the first touchdown . . . Capt. Murphy adds the first of his three conversions . . . In the second period Bezemes takes a North Carolina punt on his own 22 . . . gets perfect blocking . . . and dashes 78 yards down the

sidelines for a score . . . Mr. Jinx rears his ugly head again . . . when both Bezemes and Grigas aggravate old injuries and retire for the afternoon . . . After a scoreless third quarter . . . the Scanlanmen pick up the scoring beam again . . . on a perfect touchdown pass from Dick Gibson to Ed Murphy . . . The reserves take over in the closing minutes . . . Chet Wasilewski, making his first appearance of the season, intercepts a desperation pass . . . with only seconds remaining . . . and thunders 30 yards for the fourth touchdown . . . Bobby Sullivan converts for the 28th point . . . Outstanding for the rejuvenated Crusaders is the line play of Jim Landrigan, Capt. Murphy, and Tom Alberghini . . . the inspired running of the starring Bezemes, Grigas, Steve Murphy, and Joe McAfee . . . and the punting of Andy Natowich and Dick Gibson . . . The Purple miss Walt Hoar, out for the season with a kidney injury . . . but large John DiGangi shows promise as a guard . . . At last Holy Cross seems to have arrived.

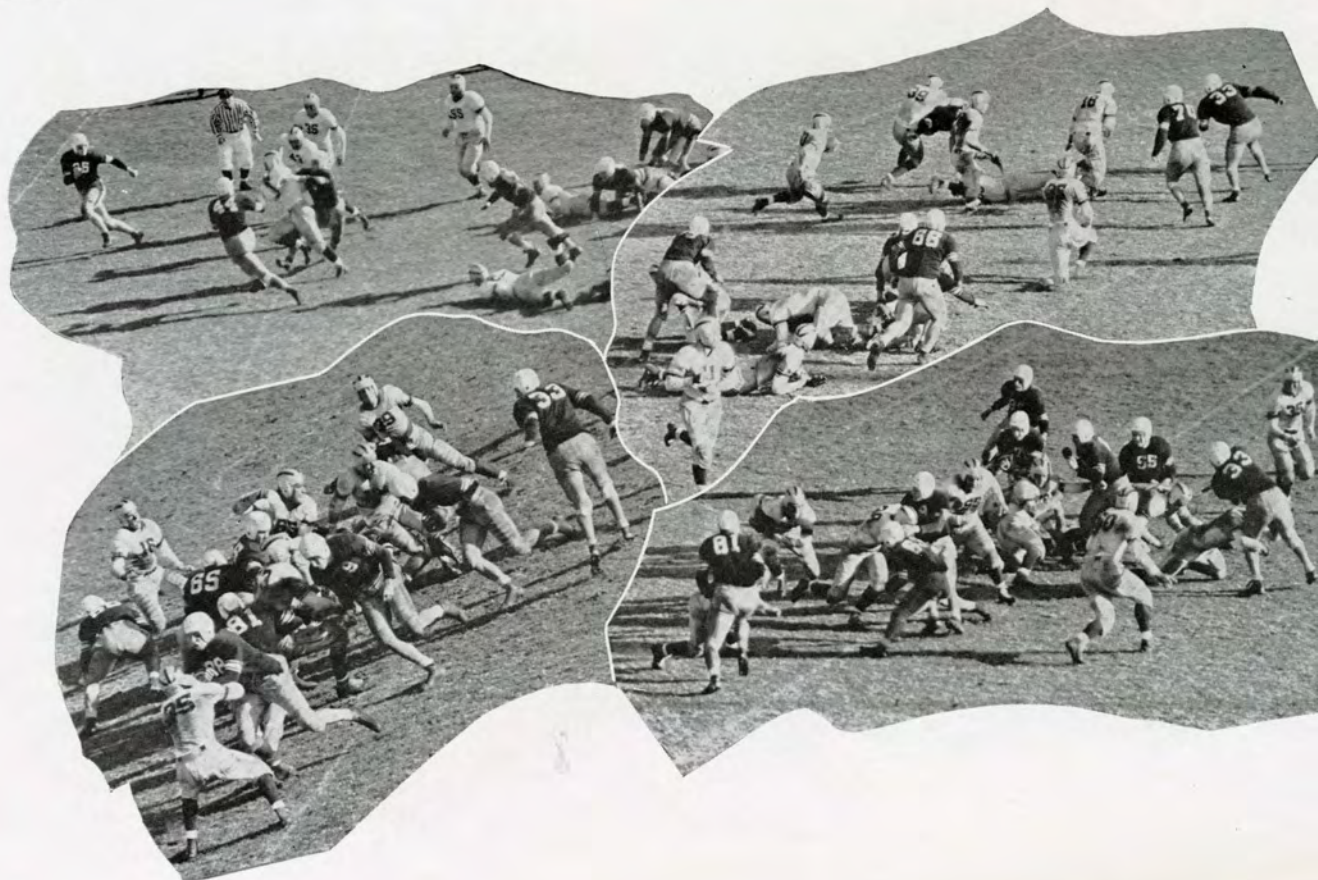

Joe Potenza
TACKLE

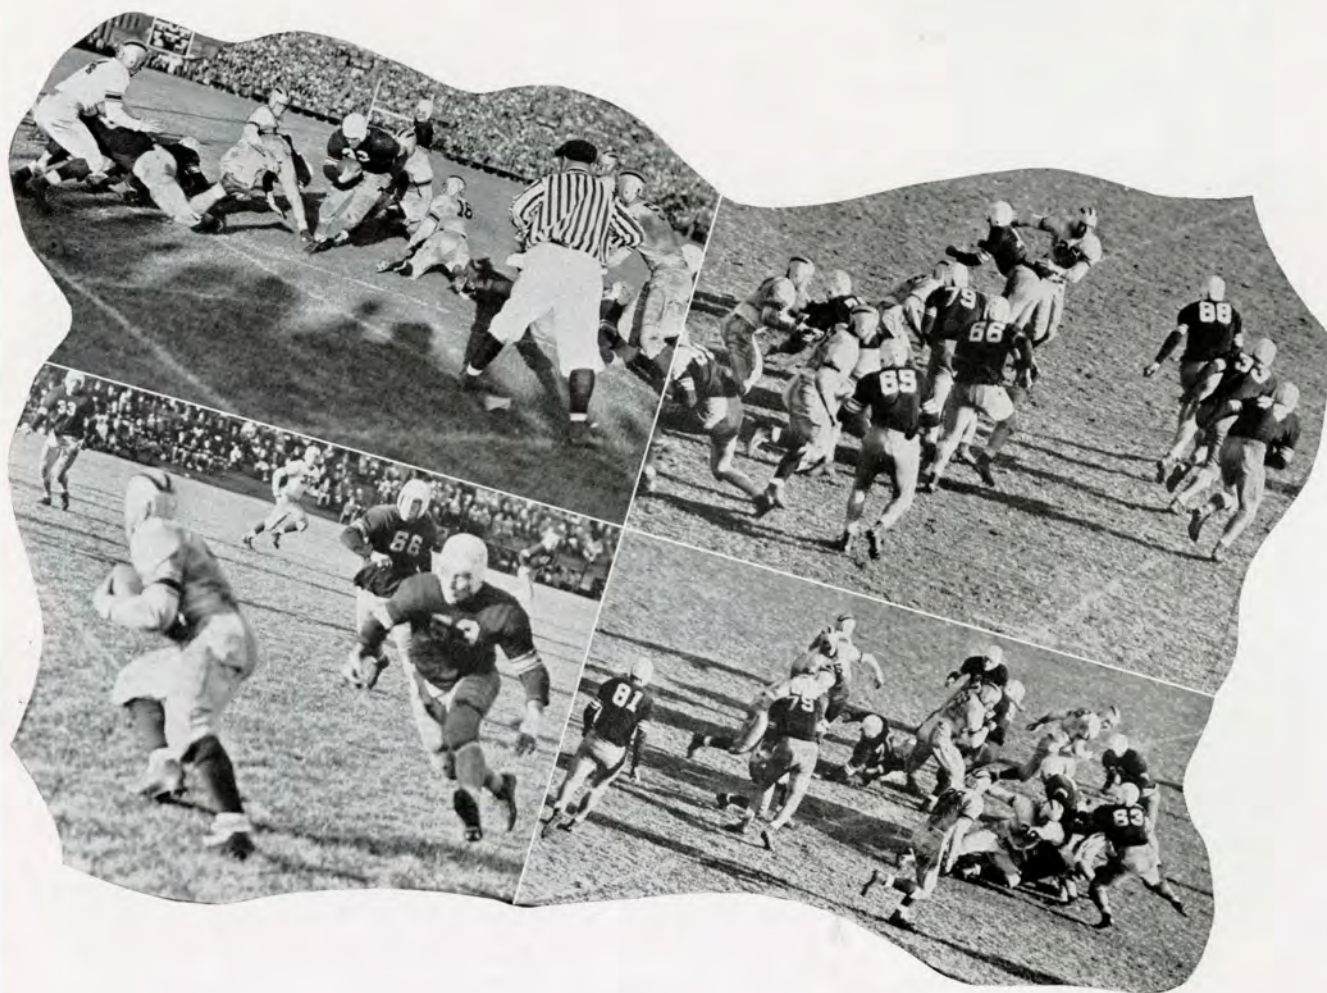

"Red" Quinn
GUARD

Holy Cross 6 — Colgate 6

The Crusaders continue to roll . . . at least in the first half . . . Bobby Sullivan starts off the game in a style reminiscent of his famed brother . . . spins through center for fifteen yards on his first varsity ball-carrying assignment . . . After an exchange of punts Johnny Bezemes takes over where he left off against North Carolina State . . . contributing a dazzling 38-yard off tackle slant for Holy Cross' six points . . . Captain Ed Murphy then misses what proves to be the all-important seventh point . . . The line from end to end proves a stonewall . . . Dick Gibson, still the nation's sixth leading punter, gets off a 70-yarder only to have it land a foot inside the Colgate end zone . . . The second quarter is chiefly a duel of pass interceptions . . . each side stealing three . . . Ball looks like DiMaggio with a leaping one-hander . . . With a minute to go until the half, George Connor intercepts a McQuade pass at midfield . . . Gibson uncorks a long heave to Capt. Ed who is caught from behind on the visitors' eight . . . Time for only one play . . . Has to be a pass . . .

which is intercepted on the Colgate two . . . The third period turns out to be mainly a punting duel with the outstanding Crusader line keeping the visitors penned deep in their own territory . . . After a Purple scoring drive peters out on the Raiders' 19-yard stripe . . . the Redmen's long dormant running attack begins to puncture holes in the fast tiring Cross line . . . With Mike Micka, Jules Yakapovich, and Al Hanover taking turns, Colgate sweeps to an 81-yard touchdown march on sixteen plays . . . the powerful Mr. Micka blating over from the one-yard line . . . Bob Orlando, a standout guard all afternoon and a place kick specialist to boot, gives the Purple supporters heart failure for a minute . . . but Lady Luck smiles at last on the Crusaders as his conversion attempt goes wide . . . H. C. team looks great for three quarters and then loses its fire . . . Bezemes, Sullivan, Connor, and, of course, George Titus turn in some bang-up football . . . Scanlan's eleven still a question mark but replete with possibilities.

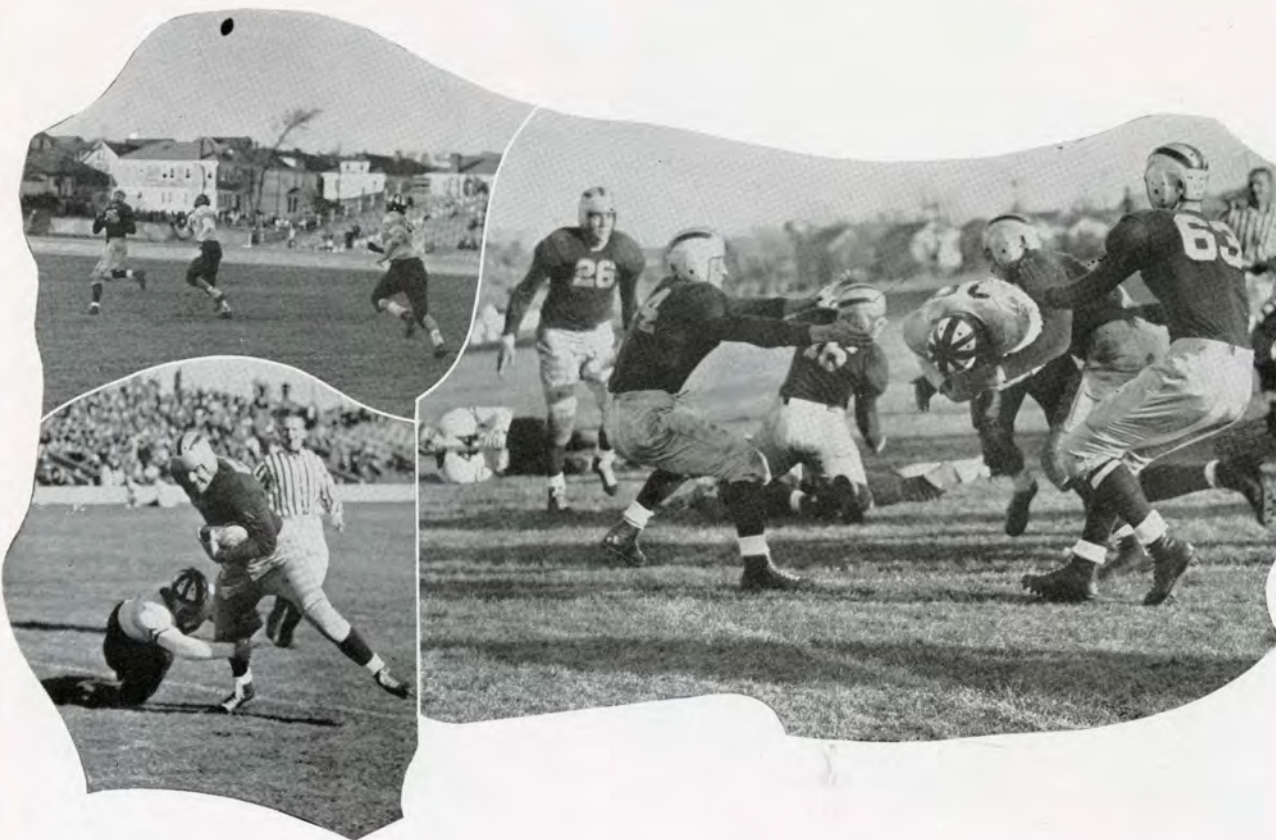

Bill Sartorelli
GUARD

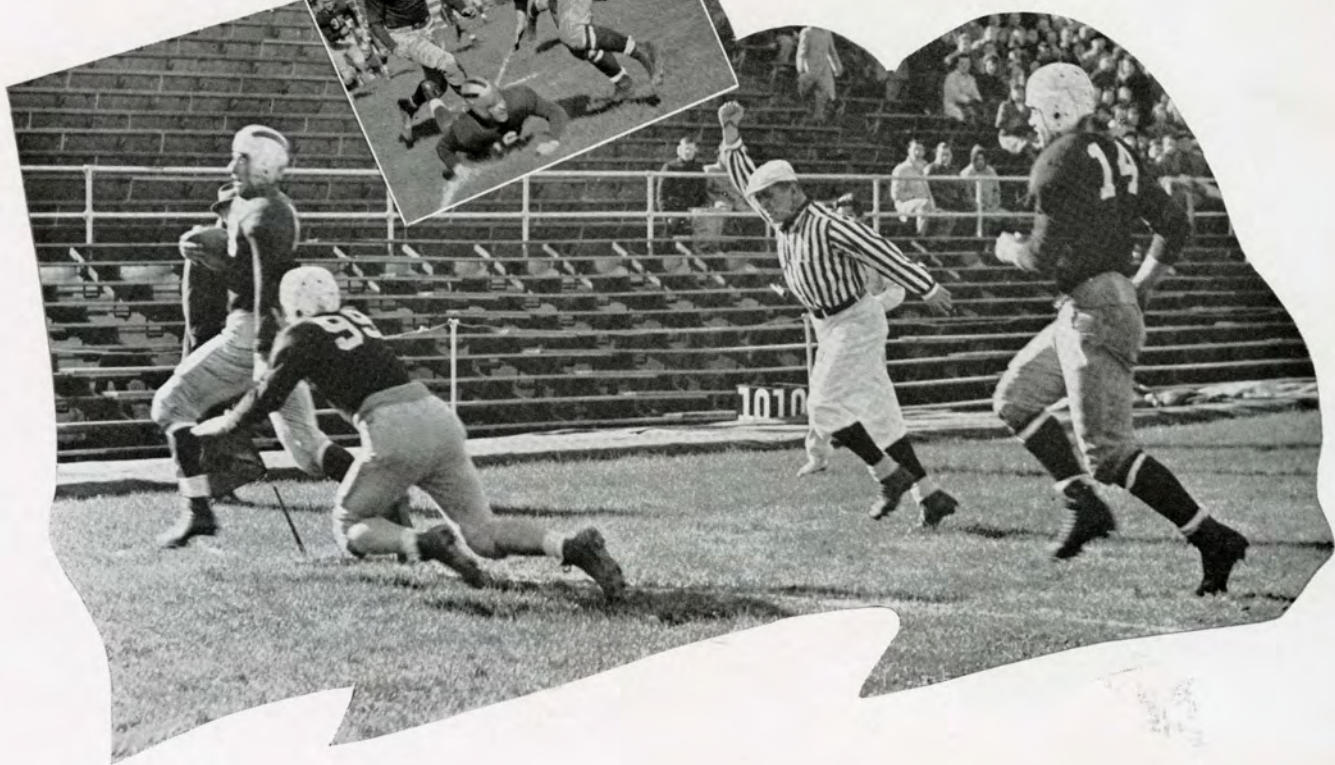

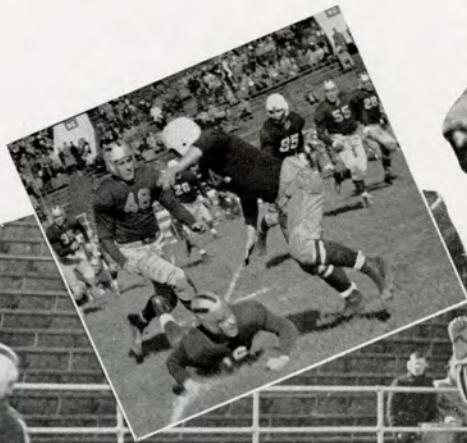

Holy Cross 14—Brown 20

First game of the year away from the friendly confines of Fitton Field . . . The puzzle of the 1942 season . . . how the Crusaders could play superlative ball in the first period and then do a complete about-face . . . as the Bruins hustled from behind to win, 20-14 . . . The Scanlanmen are away fast from the post at the opening kickoff . . . Bobby Sullivan, wearing brother Tom's famous No. 11, spins and churns his way through a startled Brown line . . . until a Bruin interception removes an early scoring threat . . . The Purple is soon on the march again . . . with the inspiring Sullivan bearing the brunt of the attack . . . Johnny Grigas takes a lateral all the way to the six . . . Bobby Sullivan lugs the leather over for the first touchdown . . . Capt. Ed Murphy calmly place-kicks the point after. The big Purple line, meanwhile, shackles the Brown running attack effectively . . . and the Stahley men are forced to kick . . . Sullivan and Grigas pound out yardage overland . . . but a Bezemes to Murphy flat pass puts the clincher on the touchdown drive . . . Capt. Ed, head of the conversion department, promptly attends to business . . . Holy Cross leads 14-0 at the end of the first period . . . Skip Stahley's Bruno-

nians may be down but they are far from out . . . as they show when the brilliant "Doc" Savage romps 54 yards around end and down the sidelines for a Brown touchdown . . . Jay Pattee converts . . . Ank Scanlan's charges miss a glorious opportunity to score late in the second quarter . . . With the ball on the Brown 18, four passes go awry . . . At half-time the visitors from Worcester still hold a convincing 14-7 lead. . . which, unfortunately, is short-lived . . . for the never-say-die Bears pound the tiring Purple line . . . and march for their second score . . . Pattee's conversion attempt fails . . . but Brown forces a Crusader punt and in the fourth period the "S" boys, Savage and Swingler, go to work in earnest . . . Savage fades back and heaves a long pass . . . Swingler picks it off his shoe-tops on the two-yard line and races over . . . Pattee converts again . . . Desperate late-game measures by Holy Cross fail to daunt the stiffened Brown defense. The final: Brown 20, H. C. 14 . . . Best player on the field was "Doc" Savage, bad ankle and all . . . He personally ruined Crusader hopes . . . Bobby Sullivan was outstanding in a losing cause.

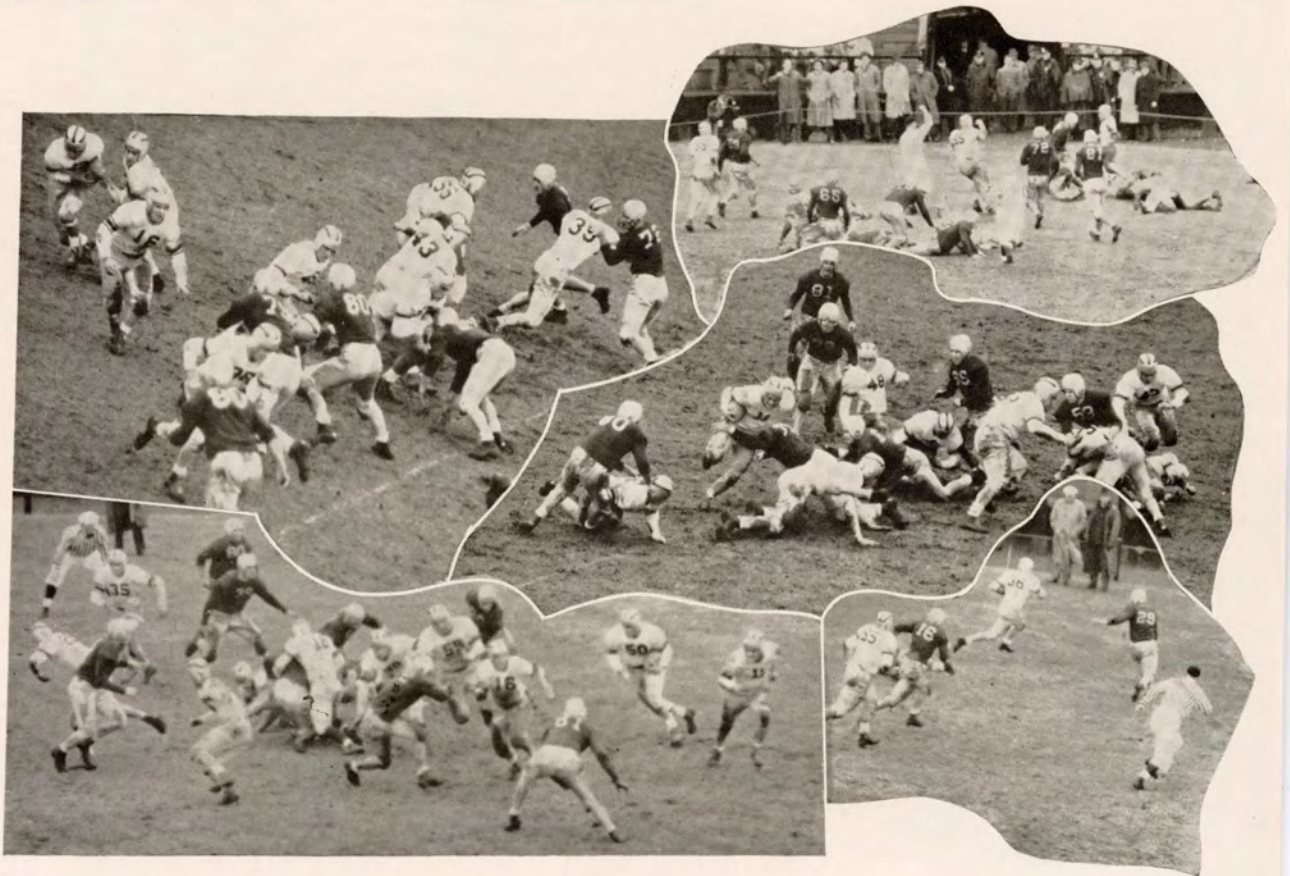

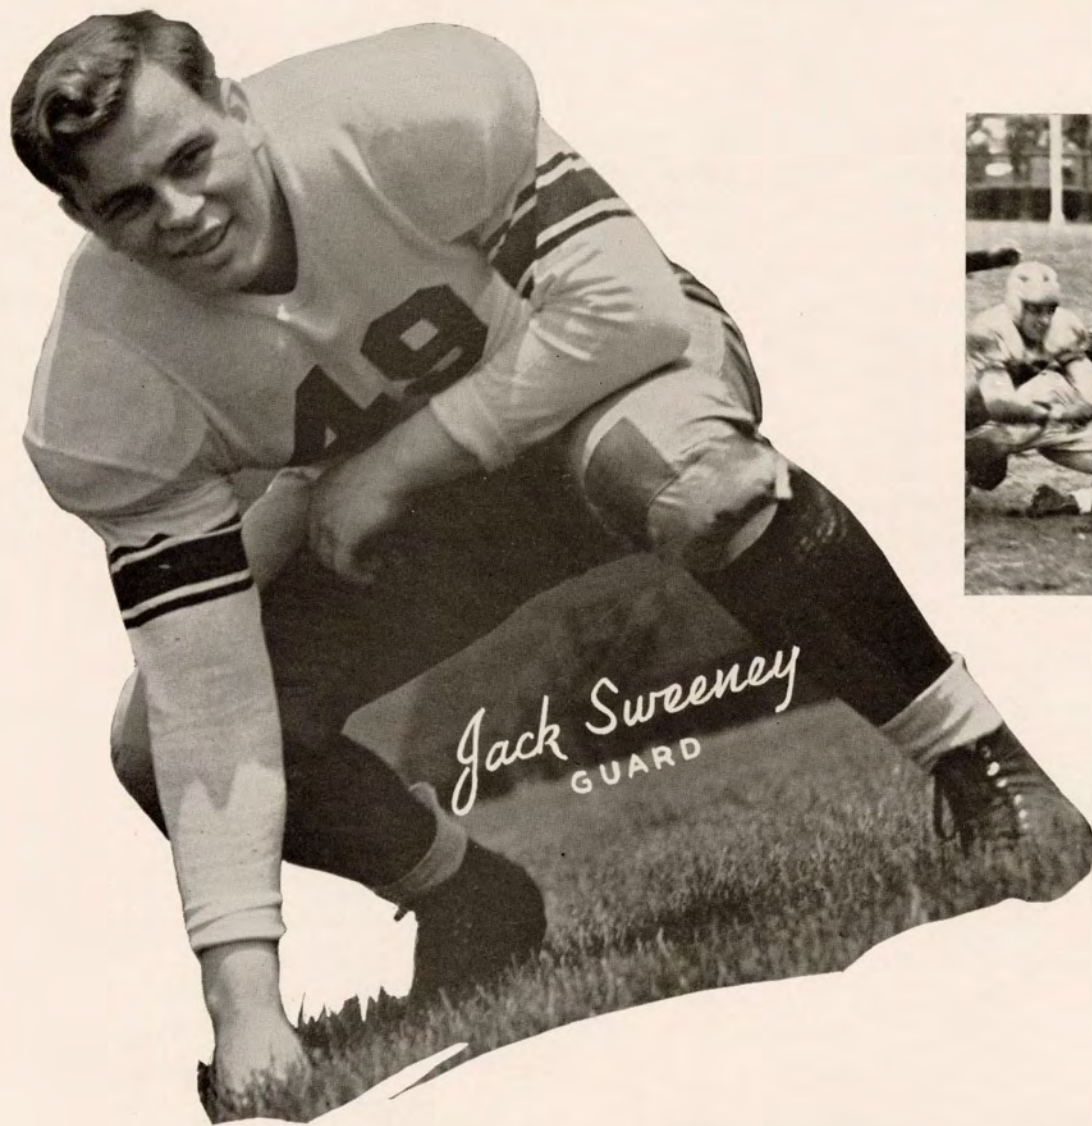

Holy Cross 13—Temple 0

A most fitting home-coming for Coach Ank . . . and the boys from Philly . . . Sparked by Bezemes and Johnny Grigas' long awaited return to form, the Crusaders break a long-standing jinx as they score on the Owls at Temple for the first time . . . and push on to win 13-0 . . . The Scanlanmen take command of the game right from the start . . . driving 16 yards to a touchdown the first time they get their hands on the ball . . . Set up by Joe McAfee's 21-yard jaunt off tackle . . . Johnny Bezemes carries over from the five . . . Capt. Ed converts and the Purple goes ahead 7-0 . . . From then on merely a succession of Crusader marches stopped just short of scoring territory . . . Only the fine defensive play of big George Sutch, Negiman, and Drulis plus a gale-like wind (rendering accurate passing impossible) prevents the Crusaders from rolling up an even more impressive total . . . The heralded Purple forward wall, which had tired so unbelievably at Brown the week before, finds itself again and turns in its most impressive defensive game to date . . . Owls grind out a tremendous 36-yard total overland and surpass that by two yards in completing five out of 13

aerial attempts . . . The Quaker city lads never come close to pay-dirt . . . Their best offensive thrusts occur in the third period . . . when with the wind at their backs they penetrated once to the Purple 35 and then to the 25 . . . but the aroused H. C. forward wall steps in and stops the men of Morrison cold both times . . . Final Crusader touchdown materializes three plays after the Owls had punted to the Cross 46 . . . Sullivan spins up the middle for 10 . . . Grigas reverses outside his own left end for 13 . . . Bezemes, aided by some crisp blocking and deft zig-zagging, goes all the way from the Temple 30 for the game's longest and most spectacular run . . . Final score: 13-0 . . . Capt. Murphy plays the best defensive game of his career with the help of a re-awakened forward wall which squelched every Temple offensive gesture . . . Grigas runs for the first time this year like the old Chelsea Choo-Choo of 1941 . . . Bezemes, Sullivan, Ball, and McAfee do more than impress . . . They're tremendous . . . especially young Mr. McAfee, who scintillates before his home town rooters.

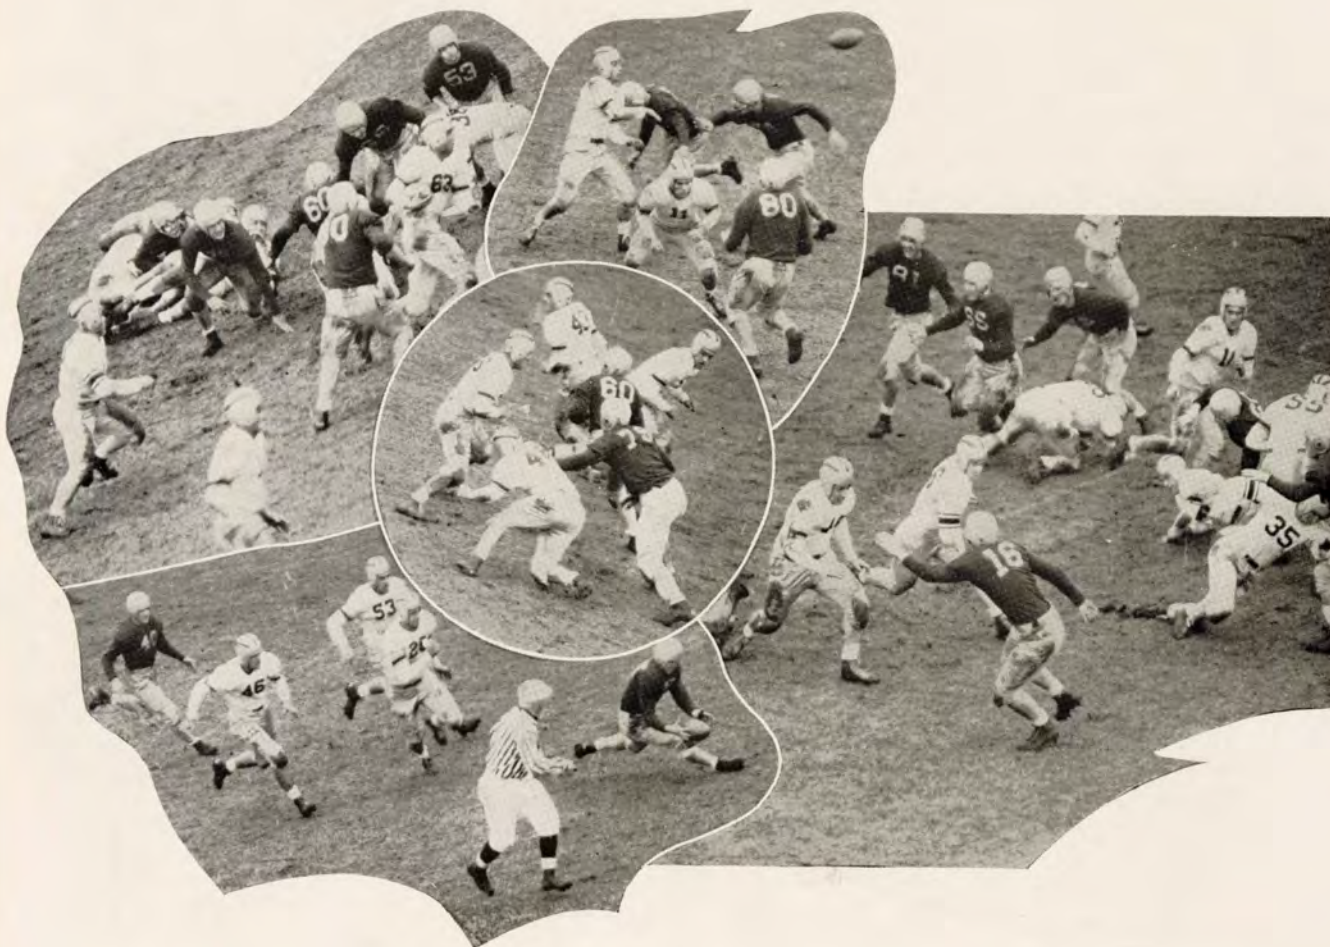

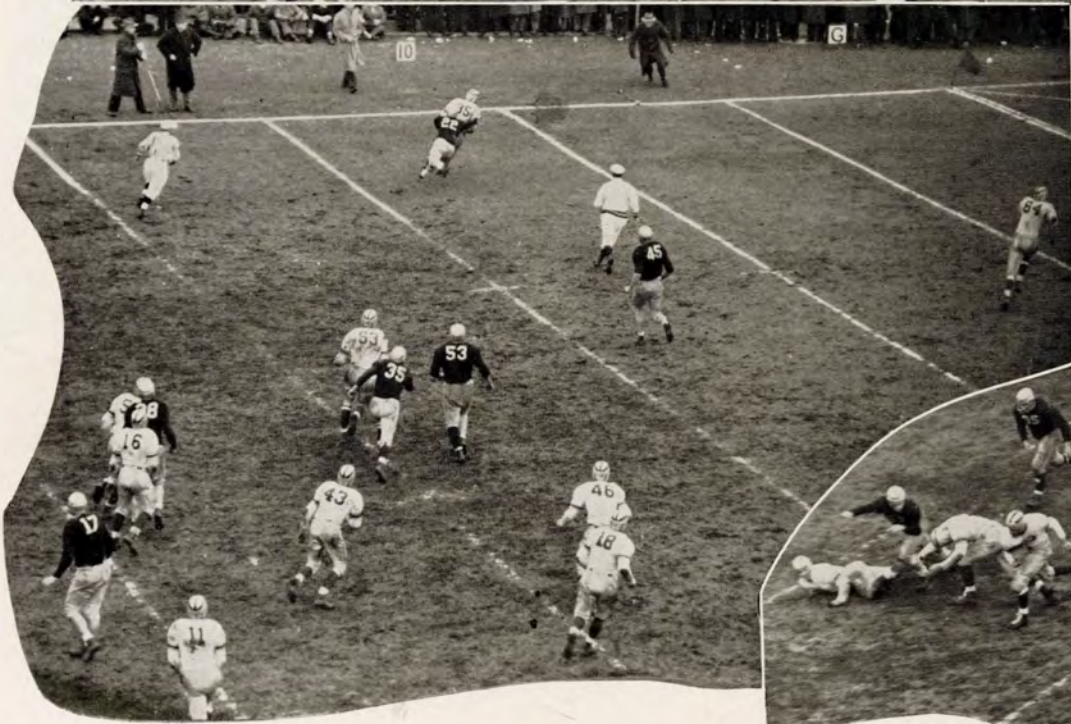

Holy Cross 28—Manhattan 0

"Merrily we roll along" . . . becomes the theme song of the resurgent Crusaders . . . and "We'll beat the Eagles on the 28th" the war cry of the H. C. student body . . . as the ever-dangerous Jaspers of Manhattan fall before the Purple, 28-0 . . . A nice birthday gift for Coach Scanlan . . . More than a mere warm-up for the climactic Boston College game, the clash with the Kelley Green reveals a vastly improved Holy Cross football team . . . that has come a long way since the early Dartmouth and Duquesne losses . . . On the soggy Fitton gridiron two Crusaders stand out in particular . . . Bob Sullivan and George Connor . . . Sophomore Bob driving and slashing for 135 of his team's 270-yard total rushing gain . . . Freshman George, a nonpareil at tackle, showing once again why experts have dubbed him the finest lineman in recent years at H. C. . . . The sloppy going hampers the Scanlanmen in the first period . . . but they adjust their scoring sights in the second quarter . . . to march 87 yards for the first of four touchdowns . . . Johnny Bezemes, Johnny Grigas, and Bob Sullivan divide the ball-carrying burden on this overland trek . . . but to Bezemes goes the

honor of driving over for the first score on a reverse from the Jasper two . . . Capt. Ed Murphy adds the first of his four conversions . . . Five minutes later Bezemes catches the Manhattan pass defenders napping . . . on a 45-yard scoring pass to Capt. Murphy . . . Late in the third period a brilliant Bezemes run-back of an enemy punt sets up the third Purple score . . . On the next play Peabody Johnny fumbles the slippery leather, scoops it up, fakes a run to the right, but instead pitches with lightning-like motion and unerring accuracy to Johnny Grigas, free on the Manhattan 10-yard stripe . . . Needless to say, the Choo-Choo hustles over for his second touchdown of the campaign . . . Bob Sullivan's 21-yard scoring gallop in the final period climaxes a 56-yard advance . . . Ed Murphy's successful placement—his fourth of the matinee—winds up the day's scoring . . . Steve Murphy takes over the offensive burden in the final minutes of the game and impresses with his ball-toting . . . All hands report in excellent physical condition after the game . . . and rarin' to pluck the high-flying Eagle from its lofty perch atop the nation's grid leaders.

Holy Cross 55—Boston College 12

H. C. 55—B. C. 12 . . . Whe-ew! . . . The high spot of the football season . . . and the greatest upset in 1942 . . . The Crusaders roll up the biggest score in the history of the hallowed Jesuit series . . . and against the "invincible" Bowl-bound Eagles, too . . . What an afternoon for Purple rooters! . . . Capt. Ed. Murphy, Johnny Bezemes, Johnny Grigas, Tom Alberghini, and the whole Cross team make history on the Fenway Park gridiron . . . The Scanlanmen roar to a quick touchdown, the first of eight . . . Bob Sullivan, again an inspiring fullback, plunges over from the two for the score . . . Capt. Ed. Murphy's first of seven conversions puts the Crusader out in front 7-0 . . . But the gilded Eagle screams back to score on a Connolly to Currivan aerial bomb . . . Alberghini blocks the attempted conversion, however, to preserve a slim one-point margin . . . The aroused Crusaders really go to work in the second period . . . Grigas tosses a 15-yard bulls-eye to Bezemes for the second score . . . The much-publicized Eagles are distraught as Ank Scanlan's charges begin to ration Sugar (Bowl) . . . The sparkling Bezemes chucks a 23-yard grenade to Ed Murphy for the third T. D. . . . Boston Sports scribes pale visibly as H. C. leads, 20-6, at half-time . . . Ray Ball calls for effective mouse-

trap plays as All-American Johnny Grigas zooms through the crumbling Eagle line for seven- and 15-yard scoring slants . . . Bezemes intercepts a Boyce pass and with the help of timely blocking rambles 67 yards through Maroon and Gold jerseys . . . The Grigas to Bezemes aerial route supplies touchdown No. 7 . . . Andy Natowich concludes the rout of the nation's Number One eleven on a seven-yard off tackle dash . . . Even a second B. C. scoring pass didn't matter at this point . . . 55 points—count 'em—55 points . . . Perhaps the greatest victory in all Holy Cross history . . . A great team victory with every Crusader a full-fledged star . . . Great end play by Capt. Ed Murphy, unheralded freshman Tom Campbell, and Bill Swiacki . . . Superb efforts by Tom Alberghini, the incomparable George Connor, John DiGangi, Ted Strojny, Jim Landrigan, Broni Macy . . . George Titus, as usual . . . Dynamic running and passing by the touchdown twins, Bezemes and Grigas . . . Bob Sullivan, Joe McAfee, and Andy Natowich in top form . . . Flawless quarterbacking by Ray Ball, the unsung hero of the Holy Cross season . . . a real iron-man . . . and most of all, top-notch coaching by Ank Scanlan and his entire staff . . . 55-12. Ah-h-h!!!

Yacht Club

Oct. 25, Holy Cross successfully defended their New England Championship winning by a sizeable margin. The following week they took second out of 16 competing schools, losing first place to M. I. T. by one-half a point.

At the M. I. T. invitation meet on Nov. 1, Holy Cross took second, losing first place to Harvard by two points, but defeating such schools as M. I. T., Brown, Dartmouth, Yale, and Coast Guard Academy.

The following week at Brown University in a Women vs. Men regatta Holy Cross tied for first place with Pembroke and Rhode Island State. The 14th of Nov. the club completed a successful season by taking a sixth out of twelve positions in an invitation regatta at M. I. T.

Much credit must be given to the club in its first year as a minor sport on the Hill, for although faced with grave problems in transportation it got to the races, and rendered a good accounting of itself.

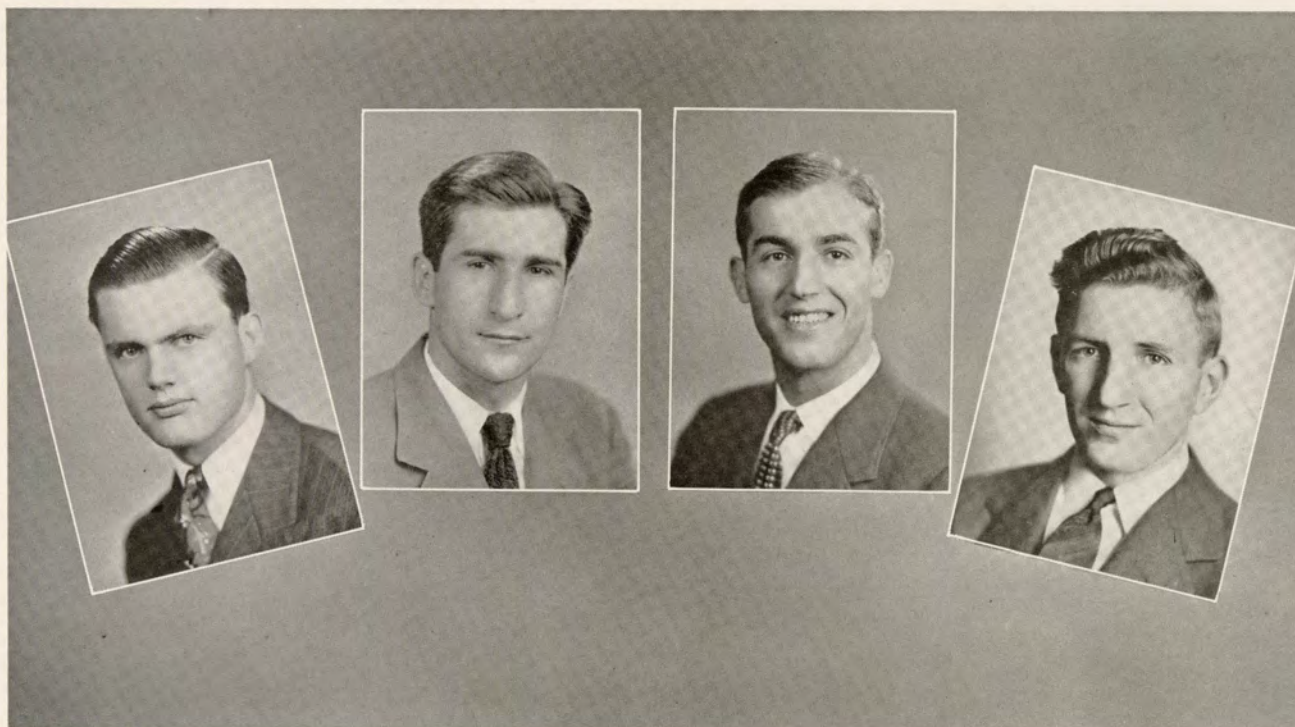

Credit is due chiefly to Arthur Ogden, '44, Tom McDonald, '45, Ed Keating, '45, Joe Deegan, '45, Dick Galway, '46, and to Commodore Joe McCann, '43, who were the ones carrying their pennant to victory for Holy Cross.

COMMODORE JOE McCANN

The Holy Cross Yacht Club opened its 1942 season by winning the New England Association Membership title at M. I. T. on April 19, 1942. On May 13, the club defeated both B. C. and B. U. in a triangular meet on the Charles River. On the following day, the club defeated M. I. T. in the first race, lost to Harvard by one point in the second race, and defeated Northeastern to win the third race of the day. From May 24 until June 23, the club competed in three races, winning two of them in the Charles River League.

B A S K E T B A L L

Vital factors in the building process of Holy Cross basketball have been three men of '43, Jim Scondras, Chet Gustowski and Connie McGillicuddy. Scondras' commendable work had merited his selection as co-captain for the coming campaign, before he was called into active service with the Marines. The other two members of the triumvirate, although not seeing as much service as the "Chief," certainly deserve as much credit for lending all their talents.

Although the outlook for the present season is still uncertain, a tentative all-major schedule has been arranged, and Coach Albert "Hop" Riopel expects to produce a bigger, faster, and smarter club than any of the previous Crusader quintets. Besides Capt. Steve Murphy, Gustowski, and McGillicuddy, there is plenty of experienced material on hand, including Al Mazeika, Johnny Bezemes, and Jim Reilly. Among the newcomers are Bob Hogarty, George Connor, Joe Campbell, Bill Kellick and Dick Nolan.

Whatever success the team may have will be due in a large measure to the spirit, the willingness, and the determination of Coach Riopel, Manager Charley Powers and all the players on the squad.

COACH HOP RIOPEL

Intramural Sports

JOHN P. SWORDS
Manager

Always the favorite activity on the Hill, Intramural Sports have lost none of their popularity during the past year. The Spring Program, under the direction of Father Ott and genial Gus Cervini, took advantage of the long scholastic term to offer many attractions for the athletically-minded . . . In the Fall we learned with regret that Father Ott had been transferred and that Mr. Cervini was leaving to accept a

REV. FRANCIS J. HART, S.J.
Moderator

commission in the Naval Reserve. At the same time, however, we applauded the news that Father Hart would once again direct Intramural activities . . . Jack Swords was Senior Manager and Paul Murray Junior Assistant . . . Baseball and softball, the former an old favorite in Intramural circles and the latter a popular newcomer, sustained interest during the Spring days when classes were in session.

The baseball race was bitterly contested in both Leagues and no decision was reached until the final week of play. Dick Maxwell, '44, pitched his Carlin IIIB team to the top of League B, although the Worcester Seniors, Bob McCarthy, Art LaPlante, Paul Phipps, Ed Staruk, Tom Hobin and Co., were ever dangerous. In League A, Carlin IIIA, Beaven III, and Wheeler I engaged in a three-cornered fight. Carlin IIIA, however, squeezed through to the League title by twice defeating Beaven. In the inter-League Playoff game, Carlin IIIA edged IIIB for the charms. For the winners Ed McGrath, Jack and Jim Fitzgerald, "Ham" Lane, Jack Casey, Bob Lohr, Paul Murray, and Jack McGann were always brilliant. Dick Maxwell deserved plaudits for Carlin IIIB. Kev McCarty, "Buster" Vocell, Bill Naylor, Johnny

Williams, Ed Danowitz, Leo Ouellette, Jim Lynch, Connie McGillicuddy, Joe Bradbury, and Jim Byrne bore the Beaven standards, while Jim O'Brien, Len MacDowell, Joe Murphy, Jack Swords, Pete Saiano, Gene Lawless, Jim Stanard, Ty Keane, Joe Shelley, and Ed Harrington toiled for Wheeler I . . . Carlin IIIA also captured honors in softball, downing Fenwick IV in the Playoff clash.

As usual, the Intramural football season was productive of good football and inspiring

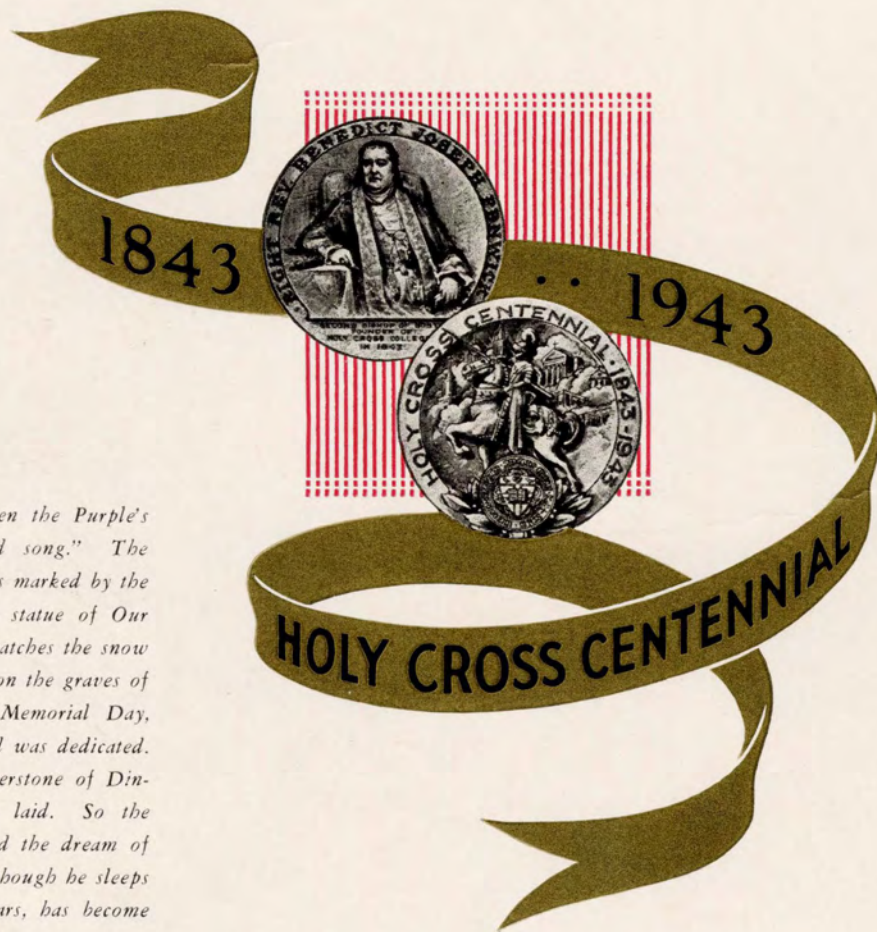

sportsmanship. Wheeler IV, League A champions, continued its high standard of play in the "Money Series," defeating Carlin I, 19-6, in the final after two previous hard-fought battles in the first round. For Wheeler IV Jack Swords, Jim O'Brien, Kev Mulcahy, Ade McNamara, Joe Murphy, Dick Johnson, "Rocky" Schambach, Ray Curry, Gene Lawless, Jim Fairclough, Len MacDowell, Connie McGillicuddy, Bill McKone, Joe Mendes, and Manager Jim Stanard carried the burden successfully. Basil Kaine, Jack Delaney, who was injured in the first round of the Playoffs, Bill Jahant, Ray Milnar, and Lou Gariepy were outstanding for the Carlin I Juniors. The other Senior teams in the Playoffs were Wheeler II, sparked by Bill McMahon, Vin McSweeney, Pete Saiano, Ryan Cuneo, Ray Reher, Art Murphy, Dan Moran, Ty Keane, and Larry Murphy; and Worcester Seniors, with Bill Morgan, Art LaPlante, and Paul Phipps starring.

Wheeler IV captured the Fall Tennis Tournament by defeating Carlin I, 5-0, in the final rounds. Charm winners for the Wheeler champs were Jim Byrne, Jim Lynch, Johnny Williams, and Bill Larson . . . In the annual Intramural Field Day competition Len MacDowell, Art LaPlante, Bill Connolly, '45, Kev

Mulcahy, and Jim Driscoll were awarded Charms . . . As the PATCHER goes to press, the basketball season is in full swing. Several Senior teams figure to be in the thick of the fight when the playoffs begin. Wheeler IV, with Kev Mulcahy, Jack Swords, Joe Lynch, Joe Murphy, Ray Curry, and Len MacDowell tossing baskets, are dangerous; however, Wheeler II, Bill McMahon, Lou Gallulo, and Frank Kleniewski starring, is a pre-season favorite.

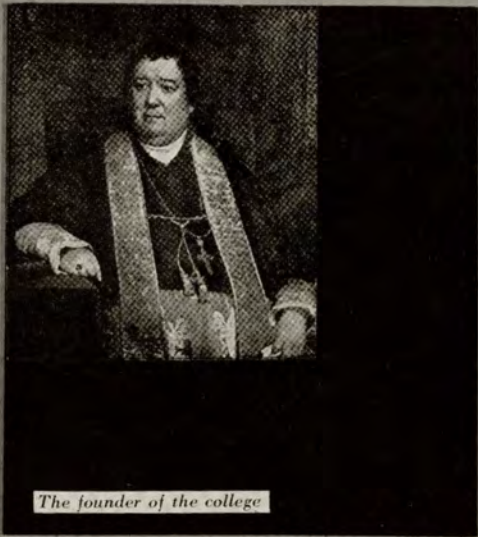

F E A T U R E S

Thus was woven the Purple's "gown of storied song." The golden jubilee was marked by the dedication of the statue of Our Lady, who now watches the snow and sunlight fall on the graves of her sons. On Memorial Day, 1905, Fitton Field was dedicated. In 1927 the cornerstone of Dinand Library was laid. So the College grew; and the dream of Bishop Fenwick, though he sleeps these hundred years, has become a resplendent reality.

Acknowledgments

The editor and staff wish to take this opportunity to express their appreciation to all those without whose assistance a volume of this scope could never have been produced. We offer our gratitude especially:

To Rev. Joseph D. FitzGerald, S.J., Dean of the College, who as Moderator of the Centennial PURPLE PATCHER gave generously of his time and advice. His tireless efforts on behalf of the yearbook proved to be of valuable assistance.

To Rev. Leo A. Shea, S.J., for his willing co-operation in the matter of identifying Underclassmen.

To Mr. Raymond D. Kennedy, Registrar, for the use of his valuable records.

To Rev. Leo A. O'Connor, S.J., for his assistance to the Research Editor in compiling old views for the historic section of this volume.

To Mr. Joseph A. Perrotta, Alumni Executive Secretary, for the Centennial seal and for many of the old photographs.

To Rev. Walter J. Meagher, S.J., whose history of Holy Cross served as a source for our own history, which is carried through the divider pages.

To Rocky Schambach and Joe Daly, for their efficient management of our Patcher Dance, which alleviated our financial burden immensely.

To the Stobbs Press for the excellence of the printing which appears on these pages; to Mr. Russell C. Knight for his co-operative understanding and for the excellence of his artistic contributions; to Mr. William J. O'Connor for his helpful assistance during our most trying days and for his sense of honesty and of good business.

To the Loring Studios for the fine quality of their photography; to Mr. Robert Mercer and Mr. Carl Mattson for their eagerness to render exceptional service.

To the Wiley-Whitney Co. for the excellence of our engravings; to Mr. Wiley and Mr. Whitney for their prompt deliveries.

To the Bachrach Studios for the photograph of Very Rev. Joseph R. N. Maxwell, S.J.

To Messrs. Moses H. Williams, Roy Mumpton, and William C. Chaplis of the Worcester Telegram for most of the action photographs which enhance our football section.

To the Philadelphia Evening Bulletin for the photographs of the Temple football game.

To the Providence Journal for the photographs of the Brown football game.

To the Molloy Cover Co. for their excellent interpretation of our Centennial theme.

To Bill Earls and Miss Carpenter for their helpful secretarial service.

To Ted McCabe and Tom Neligon for their unselfish typing efforts.

To Ray Ghelardi and Charley Chagnon, whose snapshots appear in this volume.

To the entire student body for their cooperation, and especially to the Senior Class for their promptness in appearing for sittings.

To our advertisers, without whose generous assistance the Centennial PURPLE PATCHER would be but a beautiful dream.

START SAVING WISELY

To those of you going into the armed services, we interpret our job here at home as strong advocates of savings, of less spending for unnecessary purchases, and more buying of War Bonds.

Each Savings Bank regularly invests a large part of its own funds and those of its depositors in government bonds which, in turn, aid the war program. Perhaps this effort may help to bring closer the end of the war.

AMERICA'S

web of air protection

Two years ago, England's flying men saved their country from invasion. The R. A. F. was able to maintain superiority in the air because factories on the ground continued their all-out production . . . beneath a protective web of barrage balloons, which kept enemy bombers too high for destructive accuracy.

Our government then took steps to provide similar protection to our industries and our military objectives . . . assigning the task of building barrage balloons to The General Tire & Rubber Company.

Starting from "scratch" . . . in a totally new endeavor . . . General's balloon plant is now working twenty-four hours a day, seven days a week.

General's men, who have spent their lives in rubber, are deep in research, experiment and production also on numerous other war materials.

America has just so much rubber with which to win the war. Half of that rubber is now in use on *civilian* cars and trucks. It is up to *you*—and all of us—to make our irreplaceable tires last through to Victory. Our armed forces *must* get the rubber they

need. Our War Production Program *must* continue all-out. Tire abuse and neglect or excessive speed on the home-front cannot be permitted to waste a *single mile* of our precious rubber.
