Calendar for 1933-1934

FIRST SEMESTER

September 1-7	Personal interview of prospective students with officers of instruction
September 8-9	Registration
September 11	Classes begin
October 7 (Saturday)	Deficiency reports
November 4 (Saturday)	Mid-term reports
November 11 (Saturday)	Armistice Day
November 23, 24, 25	Thanksgiving holidays
December 9 (Saturday)	Deficiency reports
December 22 (Friday)	Christmas vacation begins
January 2 (Tuesday)	Classes begin
January 15-20	Final examinations
January 20 (Saturday)	Close of first semester

SECOND SEMESTER

January 22 (Monday)	Registration for second semester
January 23 (Tuesday)	Classes begin
February 17 (Saturday)	Deficiency reports
February 22 (Thursday)	Washington's birthday
March 2 (Friday)	Texas Independence Day
March 17 (Saturday)	Mid-term reports
April 4 (Saturday)	Deficiency reports
April 21 (Saturday)	San Jacinto Day
May 18-24	Final examinations
May 25 (Friday)	Seventh annual commencement

Faculty

H. L. BERRIDGE, B. S., M. S., State College of Washington
Instructor in Health Training.

FAYE BIBLE, B. S., M. S., College of Industrial Arts; graduate
study, Colorado and Columbia
Instructor in Home Economics

F. T. BINGHAM, B. S., M. S., University of Arizona; graduate study,
Stanford and California
Professor of Citriculture

L. E. CHANDLER, B. A., Louisiana College; M. A., University of
Texas; graduate study, University of Texas
Professor of Student Activities and Social Science

C. A. DAVIS, B. A., North Texas Teachers' College; M. A., Wis-
consin; graduate study, University of Texas and one year
at University of Maryland
Professor of Social Science

C. O. EGNER, B. A., St. Olaf.; M. Ph., Ph. D.; Wisconsin
Associate Professor of Business Administration

E. S. HAYES, B. S., North Texas Teachers' College; Ph.D., Univer-
sity of Texas
Associate Professor of Natural Science

H. A. HODGES, B. A., M. A., University of Texas; graduate study,
University of Texas
Professor of Natural Science

F. E. LOWANCE, B. S., Roanoke; M. A., Ph. D., Duke
Associate Professor of Natural Science

J. G. ROSS, B. A., M. A., Ph. D., Ohio State
Professor of English and Public Speaking

H. C. SEARCY, B. A., M. A., Southern Methodist University
Associate Professor of Mathematics

ENOLA SHEPPERD, B. A., M. A., University of Texas; graduate
study, University of Texas
Associate Professor of Languages

R. P. WARD, B. A., M. A., University of Texas; graduate study
and member of faculty two years, University of Chicago
Director of the College and Superintendent of Schools

CARRIE E. WRIGHT, B. A., Colorado State Teachers' College;
M. A., University of Texas; graduate study, University of
Mexico
Professor of Spanish

Description of Courses and Activities

DIVISION OF STUDENT LIFE

L. E. Chandler, Head of Division

This division is concerned with student employment, assembly, student social life, and student organizations. All students participate; laboratory fee is \$2.00 for each semester.

Student Activities. Organizations and activities that foster physical and social-spiritual development are encouraged. Participation is valuable to the student to the extent that he harmonizes and blends his activities with the other major objectives of college life. These activities have been enjoyed by students: Debate Club, Dramatic Club, Forensic Society, Glee Club, Home Economics Club, and Science Club. Three of these sent representatives to junior college meets in 1932-1933, and one group had the honor of furnishing an all-state winner. Any organization or activity that promotes the ideals of the college may be formed by students and faculty members.

Athletics. The college sponsors all forms of athletics except football.

Associated Student Body and Class Organizations. These are the students' voice in the government and administration of the college. Student requests and suggestions go to class officers who cooperate with faculty officers. In 1933-1934 students will work through class organizations only. Associated student body officers elected in the spring of 1933 will serve as officers ex-officio and without title in the class organizations of which they are members.

Phi Theta Kappa. The Beta Theta chapter of the Phi Theta Kappa Society was organized November 20, 1931. The Society promotes scholarship, character development, and fellowship among students of junior colleges. It has active, alumni, and honorary members. Active members are regular students of good moral character who have made and are making an average of B, but the number of active members may not exceed ten per cent of the number of regular students. Alumni members are men and women who have rendered distinguished service. Elections to membership are held at the end of each semester.

BUSINESS, SOCIAL, AND PERSONAL RELATIONSHIPS

C. A. Davis, Head of Division

This division is concerned with guidance, orientation, coordination with senior high and senior colleges, and contacts with social and economic life.

Business Administration 113, 123. Stenography and Typewriting.

Principles of stenography; practice in transcribing. Laboratory fee of \$1.50 for each semester.

Business Administration 213, 223. Principles of Accounting.

Balance sheet; statement of profit and loss; use of books of original entry; ledger and posting; trial balance; practice set for sole owner and partnership; working sheets and financial exhibits; journals and auxiliary books; adjusting and closing entries; complete practice set for simple corporation accounting; interpretation of financial statements. Three lecture hours and three laboratory hours per week.

Education 113 (i). Introduction to Elementary Education.

A study of the fundamental psychological principles of the learning process.

Education 123 (i). Elementary Methods.

Methods and management of elementary school groups and classes; observation in one of the elementary schools.

Education 113m, 123m... Public School Music.**Education 213 (i). Psychology of Adolescence.**

The adolescent child; the junior high school, its mission, and its provision for individual differences and problems of adolescence.

Education 223 (i). Junior High School Methods.

Junior high technique, methods, arts, and practices; observation work in the Edinburg Schools.

Social Science 113E, 123E. English History.

Survey course; emphasis on constitutional and economic development; various phases of modern European history.

Social Science 113, 123f. Household Food Economics.**Social Science 213g (i). American Government.**

Introductory course in American Government; attention given to Texas constitution and government; meets requirements of Texas law.

Social Science 113s (i). Philosophy.

Personal problems of orientation and ethics; sociological and economic problems.

Social Science 123h (i). Personal Hygiene and Health Training.

Hygiene and health training from personal angles; study of health training and education; health training in public schools; mental hygiene.

Social Science 213a, 223a. Survey of American Civilization.

Social Science 213c, 223c. Household Clothing Economics.

Social Science 213e, 223e. Economics.

Study of social-economic relationships and controls; outline of economic and social order.

DIVISION OF LANGUAGES AND COMMUNICATION

Carrie E. Wright, Head of Division

This division is responsible for library, language, and auditorium facilities, and for personal efficiency of each student in their use.

English 113, 123. Rhetoric and Composition.

Review of English grammar; principles of exposition and argument; analysis of prose masterpieces; essay, description, and narration; weekly themes; parallel reading.

English 113p (i). Principles of Public Speaking.

English 123p (i). Debate.

English 213, 223. Development of English Literature.

English 213w, 223w. Advanced Composition.

French A13, A23. Beginners' French.

French 113, 123. First-year College French.

For the high school graduate with two or three units of French; grammar, vocabulary, idioms, and pronunciation; French spoken as far as possible.

Spanish 113, 123. First-year Spanish.

Complete grammar review; careful study of Spanish idioms; four books read.

Spanish 213, 223. Second-year Spanish.

Survey of nineteenth century literature; three books read each semester; themes and reports in Spanish on books read; Spanish spoken almost exclusively.

SCIENCE, MEASUREMENT, AND PRACTICAL ARTS

H. A. Hodges, Head of Division

This division is responsible for schedules, programs, and records, as well as its own fields of knowledge.

Agriculture 113 (i). Plant Propagation.

Laboratory fee, \$2.50.

Agriculture 123 (i). Economic Entomology.

Laboratory fee, \$2.50.

Agriculture 213 (i). Citriculture.

Laboratory fee, \$2.50.

Agriculture 223 (i). Subtropical Fruits.

Laboratory fee, \$2.50.

Chemistry 113, 123. General Chemistry.

Elementary fundamental principles of pure and applied chemistry; laboratory problem work; qualitative analysis. Three lecture and two three-hour laboratory periods per week; laboratory fee of \$3.00 each semester.

Chemistry 213, 223. Organic Chemistry.

Elementary organic chemistry of aliphatic series; second-year course; emphasis on aromatic compounds second semester; laboratory fee of \$3.00 each semester. Chemistry 113 and 123 are prerequisite.

Each chemistry course counts as four semester hours for admission to class A medical schools.

Drawing 113 (i). Mechanical Drawing.**Drawing 123. Descriptive Geometry.**

Drawing 113 is prerequisite.

Mathematics 113 (i). College Algebra.**Mathematics 123 (i). College Trigonometry.****Mathematics 213 (i). Analytic Geometry.****Mathematics 223 (i). Differential and Integral Calculus.**

Physics 113, 123. General Physics.

Mechanics and heat; magnetism and electricity; sound and light; laboratory fee of \$2.00 each semester.

Zoology 113, 123. General Zoology.

Survey of animal life; counts as eight semester hours for admission to class A medical colleges; laboratory fee of \$3.00 each semester.

**JUNIOR COLLEGE COURSES ACCEPTABLE IN SENIOR COLLEGE, UNIVERSITY, OR PROFESSIONAL SCHOOLS
IN FIELDS INDICATED**

AGRICULTURE

First Year

Agriculture 113, 123

 French 113, 123, or
 Spanish 213, 223
 Health Training
 Home Economics 213c, 223c
 Social Science 113s, 123h

One who plans to enter a senior college or university after graduation from junior college needs the counsel and assistance of instructors in selecting courses for the first two years of college work.

Elementary and non-credit "college" courses (such as typewriting, beginners' language, and solid geometry) offered in nearly all colleges are not offered as colleges courses. Students who need or want such courses will find them in Edinburg Senior High a block from the college campus.

Senior High School

Edinburg Senior High and Edinburg Central Junior are one block from Edinburg College. College students who desire elementary courses such as plane geometry, solid geometry, typewriting, and beginning languages (given in nearly all colleges and universities as non-credit "college" courses) may secure these courses in the senior high by paying senior high tuition rates. Residents of Edinburg Consolidated Independent School District (under twenty-one and not high school graduates) pay no high school tuition.

The Central Junior High is used for observation and practice teaching by students in Education 213 and 223.

SENIOR HIGH SCHOOL COURSES

Sophomore Year	Junior Year
Agriculture (vocational)	Agriculture (vocational)
Art	American History
Biology	Art
Commercial Arithmetic ($\frac{1}{2}$ unit)	Bookkeeping
General Science	Chemistry
Home Economics I or II	Commercial Geography ($\frac{1}{2}$ unit)
English II	English III(American Literature)
Health Training	Health Training
Home Nursing ($\frac{1}{2}$ unit)	Home Economics I, II, or III
Mathematics I or II	Plane Geometry
Mechanical Drawing	Public Speaking ($\frac{1}{2}$ unit)
Modern History	Spanish I, II, or III
Physiology ($\frac{1}{2}$ unit)	Stenography
Spanish I or II	Typewriting ($\frac{1}{2}$ unit)
Woodwork I or II	Woodwork II
Senior Year	
Agriculture (vocational)	Physics
Art	Public Speaking ($\frac{1}{2}$ unit)
Bookkeeping	Spanish II or III
Civics ($\frac{1}{2}$ unit)	Solid Geometry ($\frac{1}{2}$ unit)
Commercial Law ($\frac{1}{2}$ unit)	Stenography
Economics ($\frac{1}{2}$ unit)	Trigonometry ($\frac{1}{2}$ unit)
English IV (English Literature)	Typewriting ($\frac{1}{2}$ unit)
	Health Training

Requirements for Graduation From Senior High

1. Two majors (Three units of continuous work)
 - a. One major in English
 - b. One major in any other field
2. Two minors (Two units of continuous work)
 - a. One minor in social studies, including American history
 - b. One minor in any other field
3. One unit of laboratory science (Not including General Science)
4. One unit in mathematics
(Two units are required for college entrance)
5. Sixteen units and, in addition, credit for health training for each year in Edinburg.

INFORMATION FOR SENIOR HIGH STUDENTS

1. A student should register for courses at his level (Exceptions: Agriculture, Art). To meet graduation requirements, to complete majors, or to adjust schedule, he may go one year above or below his classification. Wider departure must have official approval.

2. Commercial arithmetic must be taken before or with bookkeeping.

3. Students may not count more than four vocational credits towards graduation.

4. Physiology may not be counted by those having credit in general science or biology.

5. The normal load is four courses, health training, and social activity. No student with an average of less than B may try five.

General Information**ADMISSION**

Certificates of Graduation. Graduates of accredited high schools who present a transcript of fifteen affiliated units will be admitted to the freshman class if at least three are in English, two in mathematics, and two in social science.

The applicant for admission should send a transcript by September 1.

Individual Approval. A mature person who has never graduated from high school but who has the equivalent in preparation or experience may enter provisionally. Conditions may be removed by subsequent examinations or by quality of work done in college.

Examinations. Applicants for admission who do not present credentials from accredited high schools may meet the requirements

by examination. All entrance conditions must be removed before matriculation.

Advanced Standing. A transfer from another institution will be admitted with advanced standing by evaluating his college work in terms of Edinburg College standards.

CLASSIFICATION

Regular Students. A student registered for twelve hours is classified as a regular student.

Special Students. A student registered for less than twelve hours is a special student.

Classification of Students. Until they complete thirty semester hours in addition to admission requirements, students are classified as freshmen. Students with twenty-four semester hours may have membership in sophomore class organizations.

MARKING OF COURSES

Semester Hour. The semester hour is the unit of credit. It is one recitation per week, or its equivalent, for one semester of eighteen weeks.

Numbering System. The first figure indicates the year in which the course should be taken; the second figure indicates the semester in which it is ordinarily given; and the last figure indicates the number of semester hours of credit.

Independent Courses. Courses marked (i) are independent semester courses.

ESTIMATES OF STUDENT'S WORK

Symbols and Interpretation

A Superior	E Condition
B Good	F Failure
C Average	W Withdrawn
D Unsatisfactory (Barely passing)	U Unfinished

An E may be changed to a D by examination taken within a year after the condition is received if the examination is passed with a grade of at least C.

An F may be changed by repeating the course. A U may be removed by removing the cause. The change is made in writing by the instructor to the office.

Honor Roll. An honor roll list of all students who have made an average of B or more is published each semester.

REQUIREMENTS FOR GRADUATION

In order to secure a diploma from Edinburg College a student must

1. Satisfy entrance requirements

2. Be credited with a total of sixty semester hours of college work, twelve of which must be in English, three in constitution, and eighteen of sophomore rank
3. Have an average of C
4. Complete at least twelve hours of the second semester of the sophomore year in Edinburg College
5. Complete the course in American Government.

EXPENSES

Regular Fees	For each semester
Matriculation	\$ 5.00
Library	2.50
Tuition for regular student	
Resident	35.00
Non-resident	45.00
Laboratory	
All courses in agriculture.....	2.50
All courses in chemistry.....	3.00
All courses in foods	2.00
All courses in physics.....	2.00
All courses in stenography.....	1.50
All courses in zoology.....	3.00
Tuition for special students	
Resident, per semester hour.....	2.50
Non-resident, per semester hour.....	3.00

A resident student is one whose legal home is in Edinburg Consolidated Independent School District.

Other Fees

Deposits (returnable after charges are deducted)	
Loss and breakage	\$ 2.50
Key and locker (each key).....	.50
Student	2.00

Special Fees

	For each case
Late registration	\$ 1.00
Change in schedule.....	1.00
Diploma	1.50
Cap and gown.....	2.00
Second transcript50

Payment of Fees. Tuition and fees may be paid in one of four ways:

Plan 1. The amounts shown for each semester are for cash payments in advance at the beginning of the semester.

Plan 2. Matriculation (\$5), library (\$2.50), loss and breakage deposit (\$2.50), student fee (\$2), and laboratory fee (varies) must be paid in cash at the beginning of the semester. Tuition may be paid by the resident student in installments of nine dollars and by the non-resident student in installments of eleven dollars and fifty cents on October 1, November 1, December 1, and Janu-

ary 1 for the first semester, and on February 1, March 1, April 1, and May 1 for the second semester. The student who does not arrange for payment of installments by the tenth day of the month is dropped.

Plan 3. Cash payments listed in Plan 2 and two-name promissory note, payable by January 1 for the first semester and by May 1 for the second semester, with adequate and acceptable security.

Plan 4. Cash payments listed in Plan 2 and monthly tuition payments in services or goods that can be used by the college or by Edinburg Consolidated Independent School District.

Refunds. If a student withdraws within three weeks after the first registration day of the semester, one-half of the tuition and fees will be returned. After the third week no refunds are made on regular fees and tuition. Refunds on deposit fees must be secured by the student before August 1 for the preceding school year.

Board and Room for Women. The Faculty Club is open to women. Rooms are \$5.00 a month for each of two persons in a room. Meals are served at the club on a co-operative basis and cost from \$15.00 to \$20.00 a month for each person.

Board and Room for Men. Board and room with private families may be had at current prices. Information concerning available homes may be obtained from the dean of student life.

Books and Equipment. Each student furnishes his books and personal equipment. The cost is about \$25.00 a year.

SCHOLARSHIPS

High School Scholarships. Scholarships issued to high school graduates by the Association of Texas Colleges are accepted by Edinburg College. The holder pays no tuition for one year, provided the student enters Edinburg College not later than the first semester of the second year after graduation from high school.

Sophomore Scholarships. A scholarship is awarded to the student making the highest average in the freshman class of this college. The student receiving this scholarship must have carried fifteen semester hours each semester and must have no grade below B for the year. This scholarship, which is not transferable, exempts the holder from the payment of tuition for the following school year.

Senior College Scholarships. Some senior colleges offer scholarships to the highest ranking student among the men and to the highest ranking student among the women of each graduating class. These awards are based on grades made by regular students of Edinburg College.

STANDING OF EDINBURG COLLEGE

Edinburg College is rated by the State Department of Education and by the Association of Texas Colleges as a first-class junior college. It is a member of the Association of Colleges and Secondary Schools of the Southern States.

SUMMER SCHOOL

Edinburg College is open for work the entire school year. The

long session will close on May 25, and the summer session will begin on May 31. Two courses or their equivalent may be completed in the summer session. Commencement exercises are held at the end of each summer session.

TEACHERS' CERTIFICATES

Four-year elementary. An elementary certificate of the first-class, valid for four years, will be issued by the State Department of Education to the student who completes five courses if one course is in English, and one course is the course in Constitution.

Six-year elementary. An elementary certificate of the first-class, valid for six years, will be issued by the State Department of Education to the student who completes two years of work if they include two courses of professional training and the course in Constitution.

Two-year high school. A high school certificate of the first-class, valid for four years, will be issued by the State Department of Education to the student who satisfactorily completes five courses including one in education, one in English, and the course in Constitution.

Four-year high school. A high school certificate of the first-class, valid for four years, will be issued by the State Department of Education to the student who completes two years of college work if the work includes two courses in education, one of which bears upon training for high school teaching, and the course in Constitution.

Extension of Certificates. Any valid temporary Texas certificate may be extended each year for one year by completing six semester hours of college work in summer school. Work done before or after the summer session of the year in which the certificate expires cannot count.

Officials of the college do not favor the certification of persons on one, two, or three years of college work and professional training. Those who can possibly do so should secure at least four years of college and professional training for entering the profession of teaching.

Buildings and Equipment

The Administration Building has the offices of the director, and officers of instruction and classrooms for liberal arts work.

The Science Building is used for instruction in the sciences, business administration, and home economics. It has laboratories, classrooms, and offices for the instructors in these divisions. The equipment in the laboratories is well adapted to the needs of instruction in accounting, art, biology, chemistry, clothing, engineering drawing, foods, physics, stenography, and zoology.

The Library has a stackroom and workroom and two large reading rooms with reference books and bound magazines. Cur-

rent periodicals and daily newspapers are received regularly. The library contains 4,250 books and about 2000 pamphlets.

In the fall of 1930 there was started a collection of current literature for the use of adults who do not attend college.

In the spring of 1932 Mr. J. A. Le La Cheur of McAllen presented the library of his wife, Mrs. Magdalen Le La Cheur. This gift of 170 volumes and 200 pamphlets includes valuable volumes on education, art, and home economics, and a complete file of *The Journal of Home Economics*.

The Auditorium is elegantly and completely furnished and has a seating capacity of 1192.

The Cafeteria, Gymnasium, Tennis Courts, and Athletic Field are shared by college and high school. The cafeteria on the ground floor of the Administration Building is equipped for serving 350 people. The gymnasium is in the high school building north of the college campus. Three tennis courts are conveniently located near the college buildings. The athletic field has six acres for practice and playing field.

Regulations

Attendance. Regular attendance on all class and laboratory work is a necessary and minimum effort for effective work.

1. Illustrations of acceptable reasons for absence
 - (a) Illness
 - (b) Death in the family
2. Absences are reported daily.
3. A student is required to secure a permit for admittance after the third absence.
4. For each absence in excess of six per cent of the total number of group meetings in each semester one-half credit hour is deducted.

Each A above a C average for any semester offsets twelve absences for the semester, and a B offsets six absences.

Department and Citizenship. College students are expected to regulate their conduct. It is more satisfactory to consult an official if in doubt as to the propriety of any proposed activity than it is to have unpleasantness later.

1. **Respect for Government.** Observance of all local city ordinances, state laws, and national laws is expected.
2. **The Name of the College.** Social functions of any nature held under the name of the college or any of its organizations require approval at least three days prior to the date of the entertainment.
3. **Campus.** Students who remain on the campus are expected to occupy themselves in such a way that work groups may proceed undisturbed.

4. Smoking. It is a college tradition that those who have the habit of smoking leave the campus for such indulgence.

In extreme cases of unworthy student citizenship college privileges will be withdrawn.

Official Clearance. A statement of credits is issued after accounts are settled and clearance has been effected by the student.

Athletics. Edinburg College is a member of the Texas Junior College Athletic Association, and eligibility is governed by its standards. All candidates for teams must be taking at least twelve semester hours of work and passing in at least nine.

Eligibility for Public Representation. In order to compete in any inter-collegiate contest or to hold any student-body office in any college organization, a student must have secured credit in at least twelve semester hours of work during the last semester he attended college and must be passing in at least twelve semester hours of work of the current semester.

The Student's Load. Fifteen hours per week is the usual load. More than fifteen hours, or less than twelve hours, with health training need approval.

Late Registration. Saturday of the second week of the semester is the latest date that a student may register for regular work.

Health Training. Realizing that the value of health training cannot be over-estimated, students are expected to enroll for some form of health training, as senior colleges require two or more years for graduation. Health training includes physical training and study of health and hygiene.

Minimum Size of Class. The right of not offering a course for which a small number of students register is reserved.

Hazing. All forms of hazing are prohibited, and students pledge themselves to observe the regulation.

EDINBURG COLLEGE GRADUATES

1927-28

DeSalzo, Lassie	Edwards, Rosa	Heacock, Mary
