## ADMISSION PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to May 7, 1971. Anyone failing to do so cannot be assured of being considered for admission.

### New Applicants

Application blanks and detailed instructions concerning admission procedures and regulations may be obtained from the offices outlined below:

Undergraduate Students - Office of the Dean of Admissions & Records,  
Room 218, Administration Building

Graduate Students - Office of the Dean of The Graduate School, Room  
332A, Administration Building.

Adult Special Students - Office of the Director of The Division of Continuing  
Studies, Room 134, Administration Building.

### Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the Spring semester. Undergraduate or graduate former students desiring to be readmitted may obtain application for readmission and other information from the Records Office, Room 116, Ad. Building, or from the Office of Continuing Studies.

## REGISTRATION PROCEDURES

Registration dates for the four summer terms of the Summer Session 1971 are found in the calendar of events. Specific details of these registrations are as follows:

*Pre-Summer Term* Registration for this term will be between 8 a.m. and 12 Noon and 6 p.m. to 7:30 p.m. on May 10. Registration will take place in the Field House. Registration materials will be mailed prior to the Pre-Summer Term registration and may be used for this term or any subsequent one. Although the "Registration Appointment Card" should be processed during registration, the time on this card should be ignored. This is an appointment time for First Term registration only. Additional registration materials will be mailed to those who register for Pre-Summer term courses so that subsequent registration may be possible.

*First Six-Week Term* Students should register on May 31 and June 1 for classes that are offered during the First, Second, and Nine-Week Terms. The time found on the "Registration Appointment Card" must be used for this registration. The specific dates for adding and dropping courses are found in the calendar on page II. These dates must be observed in making course changes.

*Nine-Week Term* Students who did not enroll for Nine-Week Term or Second Term courses during the First Term registration may do so on June 14. Those students

who have previously registered may add or drop courses on this date. A special "Add-Drop Appointment Card" will be sent to all students who have previously registered for courses. This time card will be sent to students prior to the Nine-Week Term registration. Registration will be in the University Center Ballroom.

*Second Six-Week Term* Students who have not previously enrolled for Second Term courses may do so on July 12. Students are also permitted on this date to add and drop Second Term courses for which they have previously enrolled. A special "Add-Drop Appointment Card" will be sent to all students who have previously registered for courses. This time card will be sent to students prior to the Second Term registration.

- Important**
1. The usual \$3.00 add-drop charge will not be made on course changes processed on June 14 or July 12. The charge will apply on add-drops processed at any other time during the scheduled add-drop period.
  2. Students who do not register on May 31 or June 1 must report for any subsequent registration at the times indicated on the card accompanying the registration materials. These times are assigned by classification and must be followed.
  3. Remember, registration on May 31 or June 1 will insure space in courses taught during the Nine Week and Second Six-Weeks Terms.
  4. Carefully read all instructions found in the registration materials.

At Memphis State University, the registration process is composed of the basic steps outlined below. After the outline, each step is explained in detail.

- (1) Consulting with faculty adviser
- (2) Obtaining registration materials
- (3) Securing class cards and paying fees
- (4) Changing enrollment status
  - (a) Change-of-course procedures
  - (b) Withdrawal procedures
  - (c) Change of college, major, or adviser
  - (d) Change of name or address

#### (1) Consulting with Faculty Adviser

To begin the registration process, all students must see their faculty advisers to obtain the "Student Schedule" form and secure the adviser's approval of their intended schedule. Students should make arrangements to consult with their advisers at the earliest possible time and not wait to do so during the actual days of registration. More specific instructions are as follows:

##### *Current Students*

Current students may obtain "Student Schedule" forms and consult with their advisers anytime during the Spring Semester unless specific periods are established by the dean of the college. *University College students*

*must see their adviser prior to registration week.* The student should assume the responsibility of making arrangements to consult with his adviser at the earliest possible time.

#### *New Students (Undergraduate)*

Freshmen and permanent transfer students seeking degrees at MSU must attend an orientation session in which information concerning assignment to advisers and the registration process will be given. Students who have accumulated less than 60 semester hours will be assigned an adviser in the University College. Those students with 60 hours or more will be assigned an adviser in the college in which they plan to major. See the Semester Calendar for dates and times.

#### *New Students (Graduate)*

New students in the Graduate School will be directed to a faculty adviser following their conference with the Dean of the Graduate School.

#### *New Students (Evening Division)*

New students enrolling in the Evening Division must attend the orientation session to be held in the University Center Ballroom. See Semester Calendar for date and time.

#### *Readmitted Students*

Students readmitted to the University for the Summer Session and having less than 60 semester hours will report to the University College, Jones Hall, Room 109, to be assigned an adviser. Those students with 60 hours or more should report to the college in which they plan to major.

## **(2) Obtaining Registration Materials**

The second major step in the registration process is obtaining registration materials. Registration materials consist of four basic elements: (1) a personal data form entitled "Student Information Form," (2) a card entitled "Registration Appointment Card," (3) a card entitled "Student Fee Card," and (4) a permanent ID card. Registration materials may be obtained as follows:

#### *Current Students*

Registration materials will be mailed to the permanent address of all students currently enrolled – with the exception of those students having outstanding financial obligations at the time registration materials are prepared and those suspended for academic reasons or those who are on academic probation.

#### *New and Readmitted Students*

New and readmitted students who have cleared all their admission requirements at the time registration materials are prepared will receive their materials by mail. Students not clearing in time to receive their materials by mail will be given a chance to obtain materials before the

actual day of registration and will receive instructions on how to accomplish this.

## ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, AND SPECIAL STUDENTS.

New students will be given information on ID cards in their orientation sessions. Current students who have lost their card may obtain a replacement by paying the replacement fee of \$10.00.

### (3) Securing Class Cards and Paying Fees

Students having their "Student Schedule" form approved, their permanent ID card made, and their registration materials are then prepared to enter the Registration Center to obtain class reservation cards and to pay fees. There are three important points to remember about this step in the registration process:

- (1) Registration appointment times - For the May 31 and June 1 registration, enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority at Memphis State University is based on cumulative hours earned. For a complete statement of policy on registration priority, see Page XI.
- (2) Single registration for the First, Second, and Nine-Week Terms - There will be a single registration for the First, Second, and Nine-Week Terms of summer 1971. During the registration of May 31 and June 1, students will register for all courses which they plan to take during either of the two summer terms. Change-of-course centers will be set up to process Nine-Week Term adds and drops on Monday, June 14, and Second Six-Week Term adds and drops on Monday, July 12. These times are reserved for students needing to make a change in his original schedule.

NOTE: It is recognized that some students planning to attend the Nine-Week and Second Terms will not be able to register until June 14 and July 12 respectfully. While provisions will be made to see that the student does get registered, he is encouraged to register on May 31 or June 1 in order to insure space in classes.

- (3) Schedule conflict - Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course number, section, and credit agree with what they requested.

- (4) Maximum load - An *undergraduate* student may enroll for a maximum of 7 semester hours in each of the two Six-Weeks Terms and 9 semester hours in the Nine-Week Term. If the student enrolls in either of the Six-Week Terms and the Nine-Week Term at one time, the maximum course load is 9 semester hours. The maximum course load for undergraduate students for the entire summer session may not exceed 14 semester hours, excluding credit earned in special courses which do not overlap one of the three formal terms.

The maximum number of semester hours for which a *graduate* student may enroll during the summer session is 12. The maximum load allowed during the Nine-Week Term is 9 hours. The maximum number of hours that may be taken if a student is enrolled concurrently in the First Six-Weeks Term and the Nine-Week Term is 9 hours. The maximum number of hours that may be taken if a student is enrolled concurrently in the Second Six-Weeks Term and the Nine-Week Term is 6 hours.

All students may enroll for only one course during the Pre-Summer Term. This course may be taken in addition to the maximum hour load as specified in the above comments.

(5) Special Courses

Credit-No-Credit Courses – In order to register, the student must: (1) Obtain permit form from faculty adviser, complete information on the form and secure adviser's signature, (2) go to department chairman's office in which course is taught and secure his approval, (3) obtain "Class Card Request" form from department chairman, (4) take completed permit form and "Class Card Request" form to the Registration Center at your appointed registration time.

Audit Courses – In order to register, the student must: (1) Obtain faculty adviser's approval, (2) go to department in which course is taught and pick up "Class Card Request" form, (3) take "Class Card Request" form to the Registration Center at your appointed registration time.

- (6) Payment of fees – Registration is not completed until fees are paid. Since there will be no deferment of fee payment, students should not enter the Registration Center unless they are prepared to pay fees. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this time should stop at the "Scholarship and Student Aid" table in the fee assessment line.

Fees for the Summer Session Are: (See 1970-71 University Bulletin for further explanation.)

Undergraduate	Resident	Non-Resident
Full Session	\$132.50	\$372.50
Semester Hour	13.00	35.00

Graduate	Resident	Non-Resident
*Full Session	\$147.50	\$387.50
Per Semester Hour	15.00	37.00

\*Graduate fees outlined in the 1970-71 Graduate Bulletin are in error.

#### (4) Changing Enrollment Status

Once the student has completed his initial enrollment, he may find it necessary to change his enrollment status. Comments below outline those procedures to be followed in changing status.

##### *Change of course*

After a student's registration is complete, he may – within specified time limits – change his class schedule through the process of adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE FACULTY ADVISER. Time limits for add/drop are outlined in the Summer Semester Calendar on Page II. A fee of \$3.00 will be assessed for each course which is added or dropped, except on June 14 and July 12. NO CHANGE OF COURSE IS PROCESSED UNTIL THE FEE HAS BEEN PAID.

##### *Withdrawal Procedures*

Students may withdraw from the University by notifying the appropriate University official in person or in writing:

- (1) Undergraduate Students – Notify Dr. John D. Jones, Vice President for Student Affairs, Room 214, Scates Hall
- (2) Evening Division Students – Notify Dr. William A. Brotherton, Director of the Division of Continuing Studies, Room 134, Administration Building
- (3) Graduate Students – Notify Dr. John Richardson, Dean of the Graduate School, Room 332, Administration Building

Students who are enrolled for one course only must withdraw, not drop the course. Time limits for withdrawals are stated in the Semester Calendar on Page II.

**IMPORTANT:** A student who enrolls for any of the terms of the Summer Session and who later decides not to attend, must withdraw from each term. Withdrawal is not automatic and failure to withdraw under these circumstances will result in grades of "F" being awarded.

##### *Change of College, Major, or Adviser*

Undergraduate students in the Colleges of Arts & Sciences, Business, Education, and Engineering may change college, major, or adviser by making application to the College in which they are currently enrolled. This change may be processed prior to registration or after the drop period has ended. Once a student has registered in a particular college, he may not change colleges until the drop period has ended.

### *Change of Name, Address, or Social Security Number*

It is imperative that the student keep his name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration materials. However, in order to change social security number or name, the student must come to the Records Office in the Administration Building. Change of name may be processed only upon presentation of official court document showing the basis for the change. **THE DOCUMENT IS NOT RETAINED BY THE RECORDS OFFICE.** Students who change their address should leave a forwarding address with the post office so that all University mail will reach them at the new address.

**IMPORTANT:** All changes should be made early during the term to insure their processing before the next semester.

### **Final Examinations**

During the Summer Session, final examinations are given on the day indicated in the calendar at the regularly scheduled meeting of the class. Each examination is ninety minutes in length and attendance is compulsory. Absence from a final examination without permission of the instructor incurs a grade of "F."

## **GRADE REPORTS**

Reports of grades for the Pre-Summer Term will be mailed at the end of that term. Grades received for the First, Second, and Nine-Week Terms will not be mailed until the end of the summer.

**THE RECORDS OFFICE WILL NOT RELEASE ANY GRADES EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY PHONE.**

## **COURSE NUMBER SYSTEM**

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
6000-9000	Courses open <b>ONLY</b> to those students fully admitted to the Graduate School

**IMPORTANT:** The course section numbers for the Summer Sessions carry special meaning. These numbers not only distinguish among different sections of the same course, but they also indicate which terms of the summer the sections are to be taught. All course sections beginning with a "0" are offered during the Pre-Summer Term; 100 section courses are taught the First Six-Weeks Term; those sections numbered 200 are taught the Second Six-Weeks Term; and 300 sections are taught the Nine-Week Term.

## ACADEMIC STATUS AND RETENTION

At Memphis State University the academic status of a student is denoted by one of four conditions as follows:

GOOD STANDING  
ACADEMIC DEFICIENCY  
ACADEMIC PROBATION  
ACADEMIC SUSPENSION

Policies and procedures related to the award of these conditions are outlined in the following comments.

### GOOD STANDING

A student is in GOOD STANDING so long as the number of grade points earned is equal to twice the number of cumulative hours attempted. This is equivalent to a 2.00 average.

### ACADEMIC DEFICIENCY

The status of ACADEMIC DEFICIENCY signals that the student has a cumulative grade point average of less than 2.00 but that his grade point deficiency is not sufficiently large enough to warrant his being placed on academic probation as defined in this policy statement.

### ACADEMIC PROBATION

A student will be placed on ACADEMIC PROBATION at the completion of any regular semester or summer session when twice the total cumulative hours attempted exceeds the total quality points earned by more than 18. There is one exception to this policy. A student will not be evaluated for academic probation until he has attempted at least 12 semester hours. A student may clear his academic probation by reducing his grade point deficiency to 18 or less on residence work taken at Memphis State University.

### ACADEMIC SUSPENSION

A student on academic probation who during his next term of enrollment fails to reduce his grade point deficiency to 18 or less will be placed on ACADEMIC SUSPENSION for not less than one regular semester or summer session. There is one exception to this policy. A student on academic probation will not be placed on academic suspension at the end of any semester or summer session during which he earns twice as many grade points as hours attempted for that term. This is equivalent to a term average of 2.00.

A student placed on academic suspension for the first time must remain out of Memphis State University during the semester or summer session immediately following his first suspension. He may be readmitted to the University following this required suspension of one semester or summer session.

Following his second academic suspension, a student is indefinitely suspended and will be readmitted only on special approval by the Readmissions Committee on the basis of adequate evidence of ability, maturity, and motivation. A student must be out of Memphis State University one calendar year before his application for readmission will be considered by the Readmissions Committee.

## NOTIFICATION OF ACADEMIC STATUS

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. The academic status will be stated at the end of the report of grades according to one of the four conditions given previously.

## REGISTRATION PRIORITY

Since it is impossible to register all students of the University at the same time, it is obviously necessary to establish some priority in the assignment of registration times. At Memphis State University, registration priority, and the registration appointment times appearing on registration materials, is based on the number of cumulative hours earned. This policy is based on the rationale that those students closest to the degree have the most critical need for choice of courses. The policy also has a pragmatic base since no other criterion of assignment seems to be as equitable and as easily administered.

It is recognized that a large number of students work. In fact, the majority of University students hold jobs either on or off campus. However, registration priority, and associated registration appointment times, cannot be based on the need to work precisely because such a large number of students do work. No practical or equitable way exists, therefore, to administer a priority system based on the criterion of a student having to work.

In the fall and spring, registration materials must be prepared before the end of these terms. Therefore, appointment times for the spring and summer terms must be based on cumulative hours earned at the beginning of the fall and spring terms rather than at the end.

Although the University is desirous of assisting summer transient students in obtaining the best possible program, a first obligation is recognized to native students continuing their program in the summer. Summer transient students will, therefore, be awarded registration appointments on the same basis as a beginning student.

## ADDENDA TO 1970-71 CATALOG

The following courses were approved for inclusion in the offerings of the University after the 1970-71 Catalog issue of the University Bulletin had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University curriculum effective with the Fall semester, 1970-71.

**NURSING 2103. Maternal-Infant Nursing. (5)**

The normal physiological process is emphasized in the study of the mother and the newborn, progressing to the abnormalities which may occur. Problem solving techniques are utilized in planning and initiating nursing care in the clinical laboratory.

**PREREQUISITES:** Nursing 1001, 1002. Three lecture, six laboratory hours per week.

**TECHNOLOGY 6460. Motion and Time Analysis. (3)**

This course has been changed from TECHNOLOGY 6490 to TECHNOLOGY 6460. See page 189 of the 1970-71 University Catalog for course description.

**TECHNOLOGY 6466. Plant Layout. (3)**

This course has been changed from TECHNOLOGY 6480 to TECHNOLOGY 6466. See page 189 of the 1970-71 University Catalog for course description.

**TECHNOLOGY 6464. Production Control (3)**

This course has been changed from TECHNOLOGY 6470 to TECHNOLOGY 6464. See page 189 of the 1970-71 University Catalog for course description.

**SPECIAL EDUCATION 7000. Psycho-Education Problems of Exceptional Children and Adults. (3)**

This course has been changed from SPED 6000 to SPED 7000. See page 177 of the University Catalog for course description.

**SPECIAL EDUCATION 7001. Tests and Measurements for Exceptional Children and Adults. (3)**

This course has been changed from SPED 7000 to SPED 7001. See page 178 of the 1970-71 University Catalog for course description.

**SPECIAL EDUCATION 7201. Psycho-Social and Education Aspects of Emotional Disturbance. (3)**

This course has been changed from SPED 6201 to SPED 7201. See page 177 of the 1970-71 University Catalog for course description.

**SPECIAL EDUCATION 7501. Psycho-Social and Educational Aspects of Mental Retardation. (3)**

This course has been changed from SPED 6501 to SPED 7501. See page 178 of the 1970-71 University Catalog for course description.

**SPECIAL EDUCATION 7002. Independent Study in Special Education (1-4)**

This course has been changed from SPED 7001 to SPED 7002. See page 179 of the 1970-71 University Catalog for course description.

**SPECIAL EDUCATION 7003. Workshop in Special Education. (3-6)**

This course has been changed from SPED 7002 to SPED 7003. See page 179 of the 1970-71 University Catalog for course description.

**PHYSICAL SCIENCE 1041. A laboratory oriented inquiry approach to the study of extensive and intensive properties of matter, concepts related to chemical and physical changes of matter, and the structure of matter. (5)**

**PREREQUISITE:** Enlistment in the pre-service program for the preparation of high school physical science teachers under the direction of the Chairman of the Department of Chemistry.

Selected readings exemplifying some of the developmental features and humanistic themes in early and recent drama and poetry, these masterworks to be drawn from world literature.
- CIVIL ENGINEERING 6146. Environmental Engineering Analysis (3)**  
Quantitative measurements and bench scale pilot plant studies in the fields of water, sewage, industrial waste and stream pollution. Interpretation and application of test data.  
**PREREQUISITE:** Civil 4145 or permission of instructor. One lecture and six laboratory hours per week.
- \*EDUC 1010. Career Opportunities Workshop (2)**  
The purpose of this course is to provide participants with experiences that relate closely with actual problems of the public and private schools and the communities that they serve.  
**PREREQUISITE:** Career Opportunities Program participants only.
- \*EDUC 1011. Career Opportunities Workshop (2)**  
The purpose of this course is to provide participants with experiences that relate closely with actual problems of the public and private schools and the communities that they serve.
- \*EDUC 1020. Career Opportunities Program Practicum (2)**  
A practicum in the academic area of the participant's preparation and work experience.  
**PREREQUISITE:** Career Opportunities Program participants only.
- \*EDUC 1021. Career Opportunities Program Practicum (2)**  
A practicum in the academic area of the participant's preparation and work experience.  
**PREREQUISITE:** Career Opportunities Program participants only.
- POLITICAL SCIENCE 7610. Internship Seminar in Public Administration (3-6)**  
Supervised internship working with cooperating government agencies and with the Bureau of Public Administration on current problems of public administration. Seminar sessions are held to discuss and analyze the problems with which the interns are working.
- HISTORY 7121. Studies in Tudor England (3)**  
Readings and reports to survey the important literature on the period.
- POLITICAL SCIENCE 6302. The Politics of Developing Nations. (3)**  
A comparative study of the patterns and problems of political development in the emerging nations.
- POLITICAL SCIENCE 6503. Inter-American Relations. (3)**  
Study of diplomatic relations among the nations of Latin America and with the United States. Regional organizations and relations with Cuba are given special attention.
- SPEECH 4810. Broadcast Regulation and Program Policy. (3)**  
The role of these agencies controlling broadcasting and the development of regulation and policies concerning operations and programming.
- SPEECH 6810. Broadcast Regulation and Program Policy. (3)**  
The role of these agencies controlling broadcasting and the development of regulation and policies concerning operations and programming.
- AEROSPACE STUDIES 3211. Four-Week Field Training. (4)**  
A twenty-eight day course conducted during the summer at an active United States Air Force installation, consisting of 172 hours of instruction on leadership, management, administration, career orientation, and base functions and organization with emphasis placed on self initiated leadership activities. Available only to those students who have completed AS 1111, AS 1112, AS 2211, and AS 2212, or equivalent, and qualified for

\*These Education courses will not be applied toward a college degree requirement.

- SPECIAL EDUCATION 7301. Psycho-Social and Education Aspects of Deafness. (3)**  
 Historical and current societal perceptions of the deaf; an analysis of the various patterns and effects of auditory impairment on children and adults; intelligence, personal and social adjustment, the psychological processes and how they affect the acquisition of language, speech and speech reading.
- SPECIAL EDUCATION 7401. Psycho-Social and Educational Aspects of Learning Disabilities. (3)**  
 This course deals with the psychological, social and educational characteristics of individual with learning disabilities. Theories and philosophies regarding the treatment of learning disabilities will be reviewed. Specific aspects of characteristics to be covered will include etiology, diagnosis, and management considerations.  
**PREREQUISITE:** Consent of instructor.
- CIVIL ENGINEERING 6142. Unit Operations and Processes in Environmental Engineering. (3)**  
 Operations and processes in water and waste treatment; including sedimentation, coagulation, neutralization, filtration, adsorption, biological treatments, softening and other techniques.
- TECHNOLOGY 7103. Theory of Construction Technology. (3)**  
 Survey of contemporary concepts involved in planning, production, fabrication and erection. The inter-relationship of construction materials and economic factors are also of consideration.
- TECHNOLOGY 7600. Advanced Mechanical Design. (3)**  
 Advanced environmental architecture correlated with the practical design of utility plants and structures will be studied in relation to isolated self-contained industrial plants.
- ELECTRICAL ENGINEERING 3221. Electrical Engineering Analysis. (3)**  
 Application of Matrix theory to the solution of circuit problems. Introduction of vector concepts in the solution of basic electromagnetic problems.
- ELECTRICAL ENGINEERING 4261. Introduction to Network Synthesis. (3)**  
 Synthesis of canonical LC, RL, RC, and RLC driving point impedances. Introduction to the synthesis and realization of lossy one and two port networks.
- ELEMENTARY EDUCATION 4702. Workshop for Teachers of the Disadvantaged. (1-3)**  
 This is a workshop for teachers who wish to improve their teaching skills. Various curriculum areas will be included for study. The students will explore many alternate solutions to problems of teaching.

Major content areas will include psychological aspects of disabling conditions and the types of medical, psychiatric and psychological problems frequently encountered in rehabilitation work.

entry into the Professional Officer Course according to the criteria established by the Professor of Aerospace Studies.

**AEROSPACE STUDIES 3212. Six-Week Field Training (6)**

A forty-two day course conducted during the summer at an active United States Air Force installation, consisting of 250 hours of instruction on the Role of Military Forces, Defense Department, National Security Forces, Political Science, Air Base Functions, leadership, career planning and Base Environment. Available only to those students qualified for entry into the Professional Officer Course according to the criteria established by the Professor of Aerospace Studies.

**AUDIOLOGY AND SPEECH PATHOLOGY 7010. Neurological Bases of Communication. (3)**

Study of the central nervous system and its role in the receptive and expressive aspects of normal speech and language. Consideration of CNS dysfunction resulting from brain injury.  
**PREREQUISITE:** Permission

**AUDIOLOGY AND SPEECH PATHOLOGY 7114. Hearing Therapy. (3)**

Introduction and analysis of principles and techniques used with children and adults in developing listening and visual skills and the utilization of residual hearing.  
**PREREQUISITE:** Permission

**HISTORY 7405. Studies in Nineteenth Century Europe. (3)**

Readings and reports to survey the important literature on the period.

**MUSIC 7242. Projects in Elementary Music Curriculum Development, Implementation and Supervision. (3)**

An in-depth course employing the processes of lecture, seminar, and practicum. Basic curriculum principles; program planning and development; preparation and presentation of courses in selected classrooms; evaluation.

**MUSIC 7832. Opera Repertory II. (3)**

A study of operatic repertory beginning with Verdi and continuing to present time. Emphasis will be given to roles suitable for the voice category of the individual students.

**MUSIC 7834. Vocal Pedagogy II. (3)**

A study of different approaches to the teaching of voice including the observation of faculty members instructing students. Assignment of students to each member of the class for supervised teaching.  
**PREREQUISITE:** Music 7833

**ELEMENTARY EDUCATION 6211. Comparative Study in Early Childhood Education. (3-6)**

The study of programs for young children in the United States and other countries focusing on the relationship between the program and the values the society holds. Comparisons of programs will be made with emphasis on how aspects of a program could be modified to meet the needs of children from a different culture.
