Photocopying

Single photocopies of single articles may be made for personal use as allowed by national copyright laws. Permission of the Publisher and payment of a fee is required for all other photocopying, including multiple or systematic copying, copying for advertising or promotional purposes, resale, and all forms of document delivery. Special rates are available for educational institutions that wish to make photocopies for non-profit educational classroom use.

For information on how to seek permission visit www.elsevier.com/permissions or call: (+44) 1865 843830 (UK) / (+1) 215 239 3804 (USA).

Derivative Works

Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions. Permission of the Publisher is required for resale or distribution outside the institution. Permission of the Publisher is required for all other derivative works, including compilations and translations (please consult www.elsevier.com/permissions).

Electronic Storage or Usage

Permission of the Publisher is required to store or use electronically any material contained in this journal, including any article or part of an article (please consult www.elsevier.com/permissions).

Except as outlined above, no part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the Publisher.

Notice

No responsibility is assumed by the Publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein. Because of rapid advances in the medical sciences, in particular, independent verification of diagnoses and drug dosages should be made.

Although all advertising material is expected to conform to ethical (medical) standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

Publication information

Palaeogeography, Palaeoclimatology, Palaeoecology (ISSN 0031-0182). For 2012, volumes 313–368 are scheduled for publication. Subscription prices are available upon request from the Publisher or from the Elsevier Customer Service Department nearest you or from this journal's website (<http://www.elsevier.com/locate/palaeo>). Further information is available on this journal and other Elsevier products through Elsevier's website (<http://www.elsevier.com>). Subscriptions are accepted on a prepaid basis only and are entered on a calendar year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Claims for missing issues should be made within six months of the date of dispatch.

Orders, claims, and journal enquiries: please contact the Elsevier Customer Service Department nearest you:

St. Louis: Elsevier Customer Service Department, 3251 Riverport Lane, Maryland Heights, MO 63043, USA; phone: (877) 8397126 [toll free within the USA]; (+1) (314) 4478878 [outside the USA]; fax: (+1) (314) 4478077; e-mail: JournalCustomerService-usa@elsevier.com

Oxford: Elsevier Customer Service Department, The Boulevard, Langford Lane, Kidlington, Oxford OX5 1GB, UK; phone: (+44) (1865) 843434; fax: (+44) (1865) 843970; e-mail: JournalsCustomerServiceEMEA@elsevier.com

Tokyo: Elsevier Customer Service Department, 4F Higashi-Azabu, 1-Chome Bldg, 1-9-15 Higashi-Azabu, Minato-ku, Tokyo 106-0044, Japan; phone: (+81) (3) 5561 5037; fax: (+81) (3) 5561 5047; e-mail: JournalsCustomerServiceJapan@elsevier.com

Special Issue

Time-Specific Facies: the color and texture of biotic events

Edited by

Annalisa Ferretti, Kathleen Histon, Patrick I. McLaughlin, Carlton E. Brett

This Volume is dedicated to the memory of Otto H. Walliser.

“The end is where we start from” (T.S. Eliot, *Little Gidding*, 1942).

CONTENTS

Time-specific facies: The color and texture of biotic events	
A. Ferretti, K. Histon, P.I. McLaughlin and C.E. Brett	1
“Time-specific facies”—a great concept introduced by a great man: Otto H. Walliser	
E. Schindler	3
Time-specific aspects of facies: State of the art, examples, and possible causes	
C.E. Brett, P.I. McLaughlin, K. Histon, E. Schindler and A. Ferretti	6
Part A – Time-Specific Facies and texture of events	
“Time-Specific Facies” and biological crises – The Kellwasser Event interval near the Frasnian/Famennian boundary (Late Devonian)	
M. Gereke and E. Schindler	19
Diagenetically-enhanced trilobite obrution deposits in concretionary limestones: The paradox of “rhythmic events beds”	
C.E. Brett, J.J. Zambito IV, E. Schindler and R.T. Becker	30
Tempestites in a teapot? Condensation-generated shell beds in the Upper Ordovician, Cincinnati Arch, USA	
B.F. Dattilo, C.E. Brett and T.J. Schramm	44
Biotic characteristics of Ordovician deep-water cherts from Eastern Australia	
I.G. Percival	63
Late Ordovician massive-bedded <i>Thalassinoides</i> ichnofacies along the palaeoequator of Laurentia	
J. Jin, D.A.T. Harper, J.A. Rasmussen and P.M. Sheehan	73
Biotic dynamics and carbonate microfacies of the conspicuous Darriwilian (Middle Ordovician) ‘Täljsten’ interval, south-central Sweden	
M.E. Eriksson, A. Lindskog, M. Calner, J.I.S. Mellgren, S.M. Bergström, F. Terfelt and B. Schmitz	89
Palaeoecology of transported brachiopod assemblages embedded in black shale, Cape Phillips Formation (Silurian), Arctic Canada	
P. Chen, J. Jin and A.C. Lenz	104
Genesis of unusual lithologies associated with the Late Middle Devonian Taghanic biocrisis in the type Taghanic succession of New York State and Pennsylvania	
G.C. Baird, J.J. Zambito IV and C.E. Brett	121
Systematic occurrences of malformed (teratological) acritarchs in the run-up of Early Palaeozoic $\delta^{13}\text{C}$ isotope excursions	
A. Munnecke, A. Delabroye, T. Servais, T.R.A. Vandenbroucke and M. Vecoli	137
Part B – Time-Specific Facies and color of events	
Judging by color in the early history of geology and paleontology	
E. Vaccari	147
Beyond black shales: The sedimentary and stable isotope records of oceanic anoxic events in a dominantly oxic basin (Silurian; Appalachian Basin, USA)	
P.I. McLaughlin, P. Emsbo and C.E. Brett	153
From black-and-white to colour in the Silurian	
A. Ferretti, B. Cavalazzi, R. Barbieri, F. Westall, F. Foucher and R. Todesco	178

Paleoenvironmental and temporal significance of variably colored Paleozoic orthoconic nautiloid cephalopod accumulations K. Histon	193
Colour banding in a latest Neoproterozoic–Cambrian microbially variegated sabkha of the Taoudeni Basin, Adrar of Mauritania J.J. Álvaro	209
Color/facies changes and Global Events, a hoax? A case study from the Lochkovian (Lower Devonian) in the Spanish Central Pyrenees J.I. Valenzuela-Ríos and J.-C. Liao	219
The Silurian nautiloid-bearing strata of the Cellon Section (Carnic Alps, Austria): Color variation related to events K. Histon	231
Time-specific black mudstones and global hyperwarming on the Cambrian–Ordovician slope and shelf of the Laurentia palaeocontinent E. Landing	256
