Table of Contents: Fourth International Congress of CiiEM: Health, Well-Being and Ageing in the 21st Century

Editorial	vii
II Key-notes	
Aging the death: the importance of having better methods for age at death estimation of old individuals	S1
DNA Use in Forensic Human Identification	S1
Interactive Technologies in Stroke Recovery: Uncovering Challenges and Opportunities through Physiotherapist's Perspective	S2
Might synthetic cannabinoids influence neural differentiation?	S2
Modulation of the initial stages of systemic inflammation by intervention in the NFkB signalling pathway	S3
Molecular Biomarkers Associated with Respiratory Insufficiency in Amyotrophic Lateral Sclerosis	S4
Nursing communication handover in emergency department	S5
Pathologic expansion in the C9orf72 gene is associated with accelerated decline of respiratory function and decreased survival in amyotrophic lateral sclerosis	S6
Risk indicators in families with abused children and young people: scoping review	S6
Role of fibrinogen-erythrocyte and erythrocyte-erythrocyte adhesion on cardiovascular pathologies	S9
Satisfaction with nursing care: influence of sociodemographic factors on a sample of hospitalised children	S10
Sexual Well-Being in Old Age: Are Older Adults Well Sexually?	S11
The oral – systemic link: oral infection/inflammation and the relation to general health	S12
III Free Communications	
Biochemistry and Biology	
Biochemistry	
Effect of saccharomycin, a natural <i>Saccharomyces cerevisiae</i> biocide, on <i>Hanseniaspora guilliermondii</i> cells surface	S12
Interaction between gold nanoparticles and blood proteins	S13
Survey of biogenic amines (histamine and spermidine) in commercial seafood by Enzyme Linked Immunosorbent Assay (ELISA)	S14
Biology	
Interleukin gene cloning and expression in <i>E. coli</i>	S15
The genetic susceptibility linking preterm birth and periodontal disease – A review	S16
Biomedical Sciences	
A review on Tumour Treating Fields, a novel modality in cancer treatment	S17
Automedication in utentes of municipality of Almada	S18
Chemically crosslinked PVA hydrogels for cartilage substitution	S19

Discrimination by X-ray fluorescence analysis of elemental concentrations in healthy and diseased rat tissues	S19
Hydrogels based on poly(vinyl alcohol) for cartilage substitution	S20
Influence of the liquid phase content and presence of hydroxypropyl methyl cellulose on the properties of a calcium phosphate bone cement	S21
Layer-by-Layer coated silicone-based soft contact lens hydrogel for diclofenac sustained release	S22
Nanoencapsulation as a novel delivery approach for therapeutic applications of gla-rich protein (GRP)	S23
Neuromodulation of Lower Limb Motor Pathways with Trans-spinal Direct Current Stimulation: an overview of current findings	S24
Physically crosslinked polyvinyl alcohol hydrogels as synthetic cartilage materials	S25
Profiles of elemental concentrations in human: contribution of X-ray fluorescence to discrimination between healthy and diseased tissues and prediction of alterations in tongue carcinoma	S26
PVA/chitosan hydrogels loaded with octenidine and 2-phenoxyethanol for wound dressings	S27

Chemistry

Direct Esterification of Sucrose: Novel Lead-Compounds Against Cancer	S28
Gold(III) bisdithiolate complexes: molecular conductors that also exhibit anticancer and antimicrobial activities	S29
Inhibition-based biosensor for cyanide detection – a preliminary study	S30
Modification of ZnO nanoparticles with silanes enables their application as anticancer agents	S31

Dental Medicine and Dental Prosthesis

Dental Medicine

Antibiotic prophylaxis for dental procedures: Do dental students know enough?	S32
Assessment of the relationship between oral health-related quality of life (OHRQoL) and dental malocclusion in a Portuguese sample	S33
Bacteriophage isolation from human saliva: a pilot study with high school students	S34
Bitemarks analysis of orthodontically treated suspects - an identification approach	S35
Determination of the Vertical Dimension Occlusion - Case Report	S36
Differential Diagnosis of Developmental Defects of Enamel: a review	S37
Effect of an antioxidant on the microtensile bond strength (μ TBS) of restored teeth after dental bleaching	S38
Effect of pH of H ₂ O ₂ solutions on the morphology and wear resistance of human dental enamel: an AFM study	S39
Effect of the saliva biomolecules on the interface zirconia/Ti6Al4V triboactivity	S39
Evaluation of an experimental setup to analyse the intermaxillary relation in surfers	S41
Evaluation of periodontally diseased molars based on the Miller McEntire Periodontal Prognostic Index	S41
Evaluation of Postoperative Pain in Patients Submitted to Periodontal Surgeries	S42
Evaluation of Self-perception of Awake Bruxism in Dentistry Students – Clinical Case Series	S43
Evaluation of the quality of life before and after rehabilitation with dental implants: a pilot study	S44
Evaluation of the relationship between oral health-related quality of life (OHRQoL) and skeletal malocclusion - a pilot study	S45
How often are medication prescribed in the emergency appointment at Egas Moniz Dental University Clinic? – A pilot Study	S45
<i>In vitro</i> erosive dental wear measured with a 3 D intraoral scanner - a pilot study	S46
Inflammatory Dentigerous Cyst – A Clinical Case	S47
Influence of acid etching on internal bleaching with 16% carbamide peroxide	S48
Influence of different antioxidant agents on the microtensile bond strength of restored teeth after bleaching	S49
Influence of Silane Type and Application Time on the Bond Strength to Leucite Reinforced Ceramics	S50

Low-Level Laser Therapy in neurosensory recovery - Case series approach in dental and maxillofacial rehabilitation	S51
Marginal Microleakage of Flowable Resin Composites Used to Adhere Semi-Direct Restorations	S52
Multidisciplinary Team in Temporomandibular Disorders	S53
My Tooth is Ill: About the Mental Representation of the concept of caries in children (Phase I)	S54
Oral Health goes to school	S55
Patologia Degenerativa da ATM: Do conservador ao minimamente invasivo - caso clínico	S56
Prevalence of imperfect amelogenesis cases in a paediatric population of the paediatric dentistry clinic of IUEM	S57
Restorative Materials Without Bis-Gma – Myth or Reality?	S58
Sleep Bruxism: the complexity of a definitive diagnosis – Case Report	S59
Teeth discolouration and prescribed slimming magistral formula: a case report	S60
The child's self-perception about Dental Decay in the change of Deciduous Teeth	S61
The Egas Moniz Histology Digital Platform – a dream that came true	S61
The prevalence of patients with rheumatic diseases and its periodontal condition: data from a population-based study in the Lisbon Metropolitan Area	S62
Translucency evaluation of an ultra-translucent monolithic zirconia and a super translucent multilayer zirconia: a pilot study on the thickness effect	S63
Translucency of HT lithium disilicate specimens with different thicknesses - Preliminary study	S64
Treatment of infra-bony periodontal defects using a collagen membrane and a bone substitute of equine origin – a pilot study	S65
Vascular Risks in External Sinus Lifts: an Anatomical Approach	S66
Vital pulp therapy in a 9-years-old patient: a clinical case	S67
What Is the Best Etching Timing in a Resin Infiltrant used on Enamel Surface After Remineralization With CPP-ACP?	S68
Temporomandibular disorders in scuba divers: A Systematic Review	S69

Dental Prothesis

3D-Printing of zirconia dental prosthesis	S69
Association between mouth-breathing and atypical swallowing in young orthodontic patients at Egas Moniz Dental Clinic	S71

Environmental Sciences

Study of Quantum Dots (CdS, ZnS) toxicity in Danio rerio: preliminary results	S72
Study of the effects of nanoplastics ingestion in a freshwater fish (Danio rerio)	S73

Forensic Sciences

2-Phenoxyethanol derivatization in Ink dating determination	S74
Assessing the Content of a Package of SGT-151 Sold Online	S75
Genetic predisposition for aggressive behaviour related with dopamine and serotonin pathways – An overview	S77
Improving methodology to determine Vitamin D3 in food supplements	S78
Information System for Tablets Identification (ISTI)	S79
Saccharomyces cerevisiae as a model to study synthetic cannabinoids: the impact of using different carbon sources	S80
Toxicity of Synthetic Cannabinoids is Increasing Along with the Regulatory Measures Taken for their Control	S81
Vehicle identification from automotive paints transferred in road accidents	S82

Health Sciences

Effects of respiratory disease and age in quadriceps muscle mass: a pilot study with ultrasonography	S83
Proximity-aware Interactive Displays for Rehabilitation Centres	S84
Reliability and validity of the QASCI questionnaire to assess caregiving burden in COPD	S85

Medicine

Anatomical Factors in Medication-Related Osteonecrosis of the Jaws	S86
Clinical Outcomes in TMD patients after Arthrocentesis with Lysis, Lavage and Viscosupplementation	S87
Collateral circulation in the obstruction of the Superior Vena Cava flow	S88
Identification of Potentially Inappropriate Medications with risk of Major Adverse Cardio- and Cerebrovascular Events among elderly patients	S89
Infrasound exposure promotes development of atrial fibrosis in rats	S90
The Reticular Hypodermic Venous System, the true integrator of the Superficial Venous System	S90

Microbiology

Comparison of in-office and at-home tooth-whitening products cytotoxicity	S91
Effect of Vif in doxorubicin treated breast cancer cells	S92
Evaluation of antifungal susceptibility in clinical isolates of the <i>Candida glabrata</i> complex	S93
HIV Vif protein in docetaxel treatment of breast cancer cells	S94
Microbiological evaluation in oral health units: detection of antibiotic resistant bacteria	S95

Nursing

A Teaching Tool for Nursing Procedure with Oxygen therapy	S96
Can prior hospitalisation experiences influence satisfaction with nursing care? Results in a school-aged children sample	S97
Motivation factors of nurses in a group of primary health centres in the city of Lisbon: Qualitative Study	S98
Nursing Interventions to the Person with Cardiac Disease submitted to ECMO – Integrative Literature Review	S99
Quality of Life in Paediatric Oncological Disease: Integrative Literature Review	S100
Literature Review on shift work and nurses' burnout	S100
Strategies used by nurses and tracheostomized users in communication: Systematic Review	S101
Work environment and quality of nursing care in primary health care: a scoping review	S102

Nutrition

“Massa de Malagueta”: tradition with a twist	S103
Anthropometric and body composition characterisation of competition Portuguese Crossfit athletes	S104
Can urban gardens improve food security, health, well-being and financial sustainability of households?	S104
Effect of different cooking methods on the content of total vitamin C, ascorbic acid and dehydroascorbic acid of the galega kale	S105
Food intake assessment and anthropometric characterisation of teenage gymnasts	S106
Influence of temperature and light on total phenolic compounds during natural orange juice storage	S107
Milk related excipients in medications: concerns with cow's milk protein allergy	S108
Sexual and reproductive health: The science behind supplementation in aging	S109

Pharmacy

Assessment of the stability of co-amorphous olanzapine in tablets	S110
---	------

Characterisation and stability of co-amorphous systems containing olanzapine and sulphonic acids	S111
Co-formability, solubility enhancement and stability of olanzapine co-amorphous systems produced with different co-formers	S112
Comparison of the amorphization ability of two polymorphic forms of olanzapine	S113
Cytotoxicity of temperature-responsive cationic diblock copolymers in human cancer and non-cancer cells lines	S114
Dosing oral-liquid azithromycin suspensions: do users follow instructions?	S115
Evaluation of antibiotic prophylaxis use in a University Dental clinic in the Lisbon Area	S116
<i>In vivo</i> study on the performance of therapeutic intraocular lens loaded with an antibiotic and an anti-inflammatory	S117
Magistral slimming: what are the risks?	S118
Polyhexanide and chlorhexidine loaded chitosan wound dressings	S119
Resistance Associated Mutations to Protease Inhibitors on HIV-2 infected patients in Portugal	S120
Vitamin D in Liquid Food Supplements: are labels in line with RDA?	S120

Psychology: Clinical and Forensic

Clinical Psychology

Are the self-esteem and the adult attachment affected by previous experiences of youth victimisation?	S121
Do difficulties in emotion regulation impact self-esteem and adult attachment?- The role of trauma	S122
Polyvictimization among a juvenile Portuguese sample	S123
Predictors of peer victimisation in the context of secondary school	S124
The impact of childhood abuse on adult self-esteem and emotional regulation	S125

Forensic Psychology

Elder Abuse: The Hidden Face of Domestic Violence	S126
Inmates' empathy: Relationship with childhood victimisation	S127
Interpersonal Reactivity: The Impact of Infant-Juvenile Positive Experiences	S128
Intimate partner homicide: victims and the dynamics of victim - perpetrator relationship	S129
Preliminary Validation of Bumby Rape and Molest Scales: Exploratory Factorial Analysis	S130
The reflex of the past – The role of youth victimisation trauma on the interpersonal reactivity	S131
Traumatic experiences in a lifetime: Impact on the connection with others and the role of emotions	S132
Violence Risk Assessment in Forensic Psychology Office: From Childhood to Elderly	S132
Vulnerable Victims in Court: From Childhood to Senescence	S133

Physiotherapy

Adolescent neck pain: association with the use of mobile telephone	S134
Ageing and ethical challenges in physiotherapy: Application of the RIPS model in ethical decision-making	S135
Analysis of factors related to shoulder instability in young handball players	S137
Ankle stiffness assessment in individuals with Chronic Ankle Instability in dual-task single leg stance, on an unstable surface	S137
Benefits of a Virtual Environment Program at the level of Functional Physical Fitness in Non-Institutionalized Elderly	S138
Benefits of Condylar Distraction in Patients with Temporomandibular Dysfunction	S139
Central Synthesis of Temporomandibular Dysfunction	S140
Effect of a single dry needling session in Temporomandibular Disorders	S141
Effect of auditory neurosensorial stimulation in gait pattern after acute stroke	S142
Elderly: Health services and human resources requirements in Portugal	S143
Estimating Anatomically Plausible Segment Orientations using a Kinect One Sensor	S143
Functional capacity and health status in patient chronic obstructive pulmonary disease	S144
Infant massage programs for newborn babies: Systematic Review	S145

Modulation of ankle antagonist co-activation during the transition from upright standing to gait and to sit in post-stroke subjects	S146
On the Potential of Virtual Reality for Locomotion Rehabilitation	S147
Predictors of physical fitness and Health-Related Quality of Life based on anthropometrics characteristics and exercise stress test performance in cardiac rehabilitation	S148
Professional Competences of the Physiotherapists in the field of Mental Health in Portugal: a questionnaire based survey	S149
Psychosocial aspects in Temporomandibular Disorder: a case report	S150
Relationship between handedness and the incidence of spinal changes in the frontal plane: evaluation using Idiag® Spinal Mouse®	S151
Relationships between respiratory parameters and quadriceps strength in subjects with chronic obstructive pulmonary disease	S152
The Skin temperature under multilayer bandages during exercise	S153
Sports Injuries Patterns in Children and Adolescents According to Their Level of Sports Participation, Age and Maturation	S154
Sports Practice and Foot Pressure in Children and Teenagers from 10 to 18 Years Old: Evaluation performed using Namrol® Podoprint®	S155
Strategies to manage anterior disc displacement without reduction of temporomandibular joint: a case report	S156
The effect of progressive aerobic, resistance and stretching exercise combined with education on body weight among breast cancer survivors	S157
Translation of Professionalism in Physical Therapy questionnaire for Portuguese of Portugal: Core values	S158

Public Health

Assessing the potential impact of education about cancer screening programs: a pilot before and after study	S159
Management of clinical relevant drug-drug interactions with antipsychotics in nursing homes	S159
Oral Anticoagulation on patients with atrial fibrillation: are we doing a good job?	S160

Sociology and Social Sciences

Medications in workplace – a literature review	S161
--	------
